PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of Raymond James Financial, Inc. (the "Company") for the Annual Meeting of Shareholders to be held on February 16, 2006 at 4:30 p.m., or any adjournment thereof. These proxy materials were mailed out on or about January 17, 2006, to all shareholders entitled to vote at the meeting.

If the accompanying proxy form is completed, signed and returned, the shares represented thereby will be voted at the meeting. Delivery of the proxy does not affect your right to attend the meeting. However, if your shares are held in the name of a bank, broker or other holder of record, you must obtain a proxy from the holder of record, executed in your favor, to be able to vote at the meeting. Otherwise, your shares will be voted in the manner in which you instructed the record holder of your shares.

If you are a shareholder of record, you may revoke your proxy at any time prior to the close of the polls at the Annual Meeting by submitting a later dated proxy to the Secretary of the Company, or delivering a written notice of revocation to the Secretary, at Raymond James Financial, Inc. 880 Carillon Parkway, St. Petersburg, Florida, 33716. If you hold shares through a bank, broker or other holder of record, you must contact that entity to revoke any prior voting instructions.

Each share of the Company's common stock outstanding on the record date will be entitled to one vote on each matter. The ten nominees for election as directors who receive the most votes "for" election will be elected. Ratification of the appointment of the Company's independent registered public accounting firm and approval of any proposal or other business that may properly come before the meeting will each require that the votes cast favoring the action exceed the votes cast opposing the action.

For election of directors, withheld votes, abstentions and broker non-votes do not affect whether a nominee has received sufficient votes to be elected. For the purpose of determining whether the shareholders have approved matters other than the election of directors, withheld votes, abstentions and broker non-votes do not have the same effect as a negative vote. Shares represented at the Annual Meeting in person or by proxy are counted for quorum purposes, even if they are not voted on any matter. Please note that banks and brokers that have not received voting instructions from their customers may vote their customers' shares on the election of directors and the ratification of KPMG LLP as the Company's independent registered public accounting firm.

A copy of the Company's Annual Report is being furnished to each shareholder together with this proxy statement. The cost of all proxy solicitation will be paid by the Company.

SHAREHOLDERS SHARING THE SAME LAST NAME AND ADDRESS

In accordance with notices that certain banks and brokerage firms sent to certain shareholders, shareholders who share the same last name and address are receiving only one copy of the Company's annual report and proxy statement, unless they have notified the Company that they want to continue receiving multiple copies. This practice, known as "householding," is designed to reduce duplicate mailings and save significant printing and postage costs as well as natural resources.

If you received a household mailing this year and you would like to have additional copies of the Company's annual report and/or proxy statement mailed to you, or you would like to opt out of this practice for future mailings, please contact the Corporate Secretary at (727) 567-1000 or write to him care of Raymond James Financial, Inc., 880 Carillon Parkway, St. Petersburg, FL 33716. We will promptly send additional copies of the annual report and/or proxy statement upon receipt of such request.

Householding for bank and brokerage accounts is limited to accounts within the same bank or brokerage firm. For example, if you and your spouse share the same last name and address, and you and your spouse each have accounts containing Raymond James Financial stock at two different brokerage firms, your household will receive two copies of the Company's annual meeting materials—one from each brokerage firm. To reduce the number of duplicate sets of annual meeting materials your household receives, you may want to take advantage of the Company's electronic access

program. See “Electronic Access to Proxy Materials and Annual Report; Internet Voting.”

This notice of Annual Meeting and Proxy Statement and the 2005 Annual Report are available on the Company's internet site. If you are a shareholder of record and would like to view future proxy statements and annual reports over the Internet instead of receiving copies in the mail, follow the instructions provided when you vote over the Internet. If you hold your shares through a bank, broker, or other holder, check the information provided by that entity for instructions on how to elect to view future proxy statements and annual reports electronically in lieu of receiving copies and how to vote your shares over the Internet. Opting to access your proxy materials online saves the Company the cost of producing and mailing these materials to your home or office and gives you an automatic link to the proxy voting site.

Most shareholders of record have a choice of voting over the internet, by telephone, or by using a traditional proxy card. Please check your proxy card or the information forwarded by your bank, broker or other holder of record to see which options are available to you.

*Determined to be independent directors under New York Stock Exchange standards; see "Information Regarding Board and Committee Structure" below.

Information Regarding Board and Committee Structure

The Board of Directors held four regular meetings and one telephone meeting during fiscal 2005. All directors attended at least 75% of the meetings held during the year.

The current standing Committees of the Board of Directors are the Audit Committee, and the Corporate Governance, Nominating and Compensation Committee. The Corporate Governance, Nominating and Compensation Committee met four times and held one telephone meeting during the fiscal year. Each member of this Committee participated in all of the meetings held during the fiscal year. The Audit Committee met four times and held seven telephone meetings during the fiscal year. All Committee members attended at least 75% of the meetings held during the year. The activities of the Committees are set out in their reports below.

The Nominating Committee, comprised of three independent Directors as determined under New York Stock Exchange rules, also serves as the Corporate Governance and Compensation Committee. This Committee identifies potential nominees to the Board of Directors, including candidates recommended by management, and reviews their qualifications and experience. Candidates for board membership are expected to demonstrate high standards of integrity and character and offer important perspectives on some aspect of the Company's business based on their own business experience. The Company has not paid any third party a fee to assist in the process of identifying and evaluating candidates.

This Committee has not adopted any specific process or policy for considering nominees put forward by shareholders and has never been requested to consider such a nominee.

The Nominating Committee has determined that the Directors identified as Independent Directors have no material relationship with the Company that would impair their independence. In that connection, the Committee considered that

the Company purchases its electric power needs from Progress Energy Florida, of which William Habermeyer, Jr. is President and CEO, and determined that the nature of this business relationship did not constitute any impairment of independence.

The Committee also considered that it paid Korn Ferry International, of which Paul C. Reilly is Chairman and CEO, recruiting fees of \$218,000 during fiscal 2005 and determined that these fees did not result in any impairment of his independence.

Shareholders may communicate with directors of the Company by writing to them at the Company's headquarters, or by contact through the Company's website. Communications addressed to the Board of Directors will be reviewed by the Secretary of the Company and directed to them for their consideration if appropriate.

It is the Company's policy that directors attend the Annual Meeting of Shareholders; at the Annual Meeting of Shareholders on February 17, 2005, all of the Company's Directors at that date were present.

Independent Directors receive an \$18,000 annual retainer, a \$2,500 attendance fee for each regular meeting, \$250 for each telephone meeting and a \$500 attendance fee for Committee service. The Lead Director and the Audit Committee Chair each receive a \$22,000 annual retainer, and the Chairman of the Corporate Governance, Nominating and Compensation Committee receives a \$20,000 annual retainer. Management Directors do not receive any additional compensation for service as Directors.

Jonathan Bulkley, who is retiring from the Board of Directors in accordance with the term and age limitations of the Company's Corporate Governance Principles, has served as Lead Director for the Independent Directors. A new Lead Director will be selected at the meeting of the Board of Directors following the Annual Meeting of Shareholders.

Outside Director Stock Options

There is a non-qualified stock option plan for the Company's outside Directors covering 569,532 shares of the Company's common stock. These options, 28,312 of which were outstanding at September 30, 2005, are exercisable at prices ranging from \$16.53 to \$30.50 at various times through February 2008. Outside directors are generally granted 1,500 options each per year.

Section 16(a) Beneficial Ownership Reporting Compliance

Jonathan H. Bulkley, a Director of the Company, filed a late Form 4 on November 18, 2005 reflecting the sale of 3,000 shares of the Company's common stock on November 14, 2005. Jeffrey E. Trocin, an officer of the Company, filed a late Form 5 on November 22, 2005, reflecting the purchase of 213 shares and 189 shares of the Company's common stock acquired through the Employee Stock Purchase Plan on June 2, 2005 and September 2, 2005, respectively.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Board of Directors consists of Angela Biever (Chairperson), Jonathan A. Bulkley and H. William Habermeyer. This Committee conducts its activities pursuant to a written charter approved by the Board of Directors, which is reviewed annually and was last revised by the Board of Directors on November 29, 2004. The Committee serves as the principal agent of the Board of Directors in fulfilling the Board's oversight responsibilities with respect to the Company's financial reporting, the qualifications and independence of the independent registered public accounting firm, the Company's systems of internal controls and the Company's procedures for establishing compliance with legal and regulatory requirements.

The Charter of the Audit Committee provides that the Audit Committee is responsible for the appointment, compensation and oversight of the work of the independent registered public accounting firm and must approve in advance any work to be performed by the independent registered public accounting firm. The Audit Committee has not established any general pre-approval procedures, but instead reviews each proposed engagement to determine whether the provision of services is compatible with maintaining the independence of the independent registered public accounting firm. During fiscal 2005, the Committee approved a total of approximately \$16,000 for services performed by

the Company's independent registered public accounting firm, KPMG LLP, under the "de minimis" exception to Section 202 of the Sarbanes Oxley Act, representing 1% of the total fees paid to them.

In addition to four regularly scheduled meetings during the course of the year, members of the Audit Committee held seven telephone meetings, generally to review with management and representatives of KPMG LLP the Company's quarterly financial results prior to release to the public.

Members of the Committee have reviewed and discussed with management and with representatives of KPMG LLP the integrated audit of the consolidated financial statements and internal control over financial reporting for fiscal 2005. The consolidated financial statements for fiscal 2005 are contained in the Company's Annual Report on Form 10-K. In addition, the Committee reviewed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended. The Committee also received the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1 and discussed with KPMG LLP their independence from the Company and its management, and considered their independence in connection with any non-audit services provided. The Audit Committee also reviewed with KPMG LLP the critical accounting policies and practices followed by the Company and certain written communications between KPMG LLP and the management of the Company.

Based on the reviews and discussions referred to above, and in reliance on the representations of management and the independent registered public accounting firm's report with respect to the financial statements, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal 2005 for filing with the Securities and Exchange Commission. The Board of Directors approved the recommendation.

Management is responsible for the Company's financial statements and the financial reporting process, including the Company's system of internal controls. The Company's independent registered public accounting firm is responsible for the integrated audit of the consolidated financial statements and internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board and issuing reports on the Company's consolidated financial statements and the effectiveness of internal control over financial reporting.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The Audit Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management and the independent registered public accounting firm on the basis of the information it receives, discussions with management and the independent registered public accounting firm, and the experience of the Audit Committee's members in business, financial and accounting matters. In its oversight role, the Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent registered public accounting firm, who, in their report, express an opinion on the conformity of the Company's annual financial statements with accounting principles generally accepted in the United States of America.

Jonathan A. Bulkley, who is retiring from the Board of Directors, has served as the Audit Committee Financial Expert. A new Audit Committee Financial Expert will be designated at the meeting of the Board of Directors following the Annual Meeting of the Shareholders.

**CORPORATE GOVERNANCE, NOMINATING AND COMPENSATION COMMITTEE
REPORT ON EXECUTIVE COMPENSATION**

Overview and Philosophy

The Corporate Governance, Nominating and Compensation Committee reviews corporate compensation and benefit plan policies, as well as the structure and amount of all compensation for executive officers of the Company. This Committee consists of Dr. Paul W. Marshall (Chairman), Hardwick Simmons and Adelaide Sink.

The Committee's goal is to establish and maintain compensation policies that will enable the Company to attract, motivate and retain high-quality executives and to ensure that their individual interests are aligned with the long-term interests of the Company and its shareholders. In doing so, individual performance, the compensation of executives of similar firms and the Company's financial results are considered.

The Company's objectives are met through a compensation package which includes four major components - base salary, annual bonus (including restricted stock), stock option awards and retirement plan contributions.

For senior management of the Company, the cash and restricted stock compensation components (base salary and annual bonus) are heavily weighted toward annual bonus. The emphasis on profit-based compensation serves two functions: it encourages executives to be conscious of the "bottom line" and it keeps the Company's base salary structure at a modest level, which is advantageous to the firm given the cyclical nature of the securities industry. In prior years, these bonuses were generally based on formulas related solely to the profits of the specific subsidiary/department managed by an executive. For fiscal 2006, the Committee has determined to give greater emphasis to the Company's overall performance in determining bonus payments for senior management. Accordingly, the Committee has reduced by approximately 25% the percentage of bonus to be awarded based on specific subsidiary/department performance and has established a bonus pool equal to .75% of the Company's total pre-tax profit (the "Company Performance Bonus Pool"). Bonus awards will be allocated from that pool to members of senior management based on the Committee's assessment of each person's contribution to overall firm profits. The Committee does not believe that this change will result in any net increase in the total bonus awards compared to the awards as computed under the prior formula. A portion of any bonus can be withheld based on subjective performance evaluation by the Committee. The bonus formulas for fiscal 2006 approved by the Compensation Committee follow this report.

The Company issues restricted shares of Company stock in lieu of cash for up to 20% of bonus amounts in excess of \$250,000. The number of restricted shares issued for fiscal 2004 bonuses was determined using a 20% discount from market value at the date of grant. For fiscal year 2005 bonuses, the number of restricted shares issued to members of the Company's Operating Committee was determined based upon the market value at the date of grant and the number of restricted shares issued to other employees was determined using a 10% discount from the market value at the date of grant. The shares are restricted from sale during a three year vesting period.

The third component of the compensation package, incentive and non-qualified stock option awards, is designed, along with the restricted stock, to provide a direct link between the long-term interests of executives and shareholders. Options are granted every two years to key management employees. From time to time special awards may be granted when a special situation exists, as inducements when employees are hired, or if job performance or a change in job duties warrants. It is the Company's policy to maintain the number of outstanding options at less than ten percent of the Company's outstanding shares. During the past five years the number of outstanding options has represented between 5% and 8% of the Company's outstanding shares.

The fourth component of the compensation package is Company contributions to various retirement plans, which are based on compensation levels and years of service. The Company maintains three qualified retirement plans: a profit sharing plan, an employee stock ownership plan and a 401(k) plan. Contributions to the profit sharing and employee stock

ownership plans, if any, are dependent upon the overall profits of the Company. Since inception of the 401(k) plan in 1987, the Company has matched a portion of the first \$1,000 contributed annually by employees to their 401(k) accounts. The plan currently provides for the Company to match 100% of the first \$500 and 50% of the next \$500 of compensation deferred by each participant annually. These three plans are offered to employees who meet the length of service and minimum hours worked requirements specified in the plans. The Company also maintains a non-qualified long term incentive plan for executive officers. Eligibility of executive officers is restricted to those who meet certain compensation levels set annually by the Committee and approved by the Board of Directors. The vesting schedule of this plan is designed to encourage long-term employment with the firm. Contributions to this plan on behalf of executive officers are also dependent upon the Company's earnings.

In addition, the Company has an employee stock purchase plan which allows employees to purchase shares of the Company's common stock on four specified dates throughout the year at a 15% discount from the market value, subject to certain limitations, including a one-year holding period.

Compensation of the Chief Executive Officer

In keeping with the general compensation philosophy outlined above, Mr. James' base salary for calendar 2006 will be \$300,000, a 5.3% increase over his 2005 compensation of \$285,000. Mr. James' salary is subject to an annual review, as is true of all employees. It was last adjusted in November 2004, effective January 1, 2005.

In determining the bonus offered to Mr. James for fiscal 2005 the Committee considered many factors, including the following:

- * Given the business environment:
 - The Company's performance relative to its peer group;
 - The Company's performance relative to its budget; and
 - The Company's performance relative to its long-term objectives.

Because the shares of restricted stock are valued at full market value in this table, rather than the 80% of market value when awarded during 2003 and 2004, the total of cash bonus and restricted stock may exceed the bonus award computed under the formula.

TRANSACTIONS WITH MANAGEMENT AND DIRECTORS

In 1998, as a retention vehicle, the Company extended non-recourse loan commitments to approximately 84 employees for investments in the Raymond James Employee Investment Fund I, L.P., including the following executive officers: Richard G. Averitt, Jeffrey P. Julien, Richard K. Riess, Van C. Sayler, Jeffrey E. Trocin and Dennis W. Zank. Committed loan amounts to these individuals range from \$40,000 to \$160,000 plus interest per person, with outstanding balances ranging from \$24,976 to \$99,905 at September 30, 2005.

Similarly in 2001, the Company extended non-recourse loan commitments to approximately 75 employees for investments in Raymond James Employee Investment Fund II, L.P.; including Barry Augenbraun, Richard G. Averitt, Tim Eitel, Chet B. Helck, Thomas A. James, Jeffrey P. Julien, Paul L. Matecki, Van C. Sayler, Jeffrey E. Trocin, and Dennis W. Zank. Committed loan amounts to these individuals range from \$66,667 to \$200,000 plus interest per person, with outstanding balances of \$26,931 to \$80,794 at September 30, 2005.

All of the foregoing loan commitments were entered into prior to the passage of the Sarbanes-Oxley Act (the "Act") in 2002. Under the Act, the Company is permitted to complete the funding of those commitments.

The Company, in the ordinary course of its business, makes bank loans to, and holds bank deposits for certain of its officers and directors and also extends margin credit in connection with the purchase of securities to certain of its officers and directors who are affiliated with one of the Company's broker-dealers, as permitted under the Act. These transactions have been made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with non-affiliated persons, and do not involve more than normal risk of collectibility or present other unfavorable features. The Company also, from time to time and in the ordinary course of its business, enters into transactions involving the purchase or sale of securities as principal from, or to, directors, officers and employees and accounts in which they have an interest. These purchases and sales of securities on a principal basis are effected on substantially the same terms as similar transactions with unaffiliated third parties.

Thomas A. James permits the Company to display over 1,500 pieces from his nationally known art collection throughout the Raymond James home office complex, without charge to the Company. The art collection is a marketing attraction for businesses and other organizations, and the Company provides regular tours for clients and local schools, business groups and nonprofit organizations. In return, the Company bears the cost of insurance and the salaries of three staff persons who serve as curators for the collection and conduct business tours. The total cost to the Company for these services during fiscal 2005 was approximately \$190,000.

In connection with his proposed service as a Director of the Company, Paul Reilly has entered into an indemnification agreement with the Company in the form executed by other Directors in fiscal 2004. In fiscal 2005, the Company paid \$218,000 in recruiting/placement fees to Korn Ferry International, of which Paul C. Reilly is Chairman and CEO.

Courtland James, a son of Thomas James, is the Company's Director of Human Resources. Huntington James, a son of Thomas James, is employed in a non-executive position by the Company, as is the son-in-law of Francis S. Godbold.

EQUITY COMPENSATION PLAN INFORMATION

The following table includes stock options and restricted stock that can be issued pursuant to one of the Company's stock-based compensation plans. The table below does not include equity compensation plans that meet the qualification requirements of Section 401(a) of the Internal Revenue Code, namely the Profit Sharing Plan and Employee Stock Ownership Plan.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans
Equity compensation plans approved by shareholders (1)	2,933,470	\$22.47	7,297,664
Equity compensation plans not approved by shareholders (2)	1,766,644	\$22.40	2,919,448
Total	4,700,114	\$22.45	10,217,112

(1) The Company has four plans that were approved by shareholders: the 1992 and 2002 Incentive Stock Option Plans, the 2003 Employee Stock Purchase Plan and the 2005 Restricted Stock Plan.

(2) The Company has four active plans that were not required to be approved by shareholders: three non-qualified option plans and one restricted stock plan.

The material features of the Company's equity compensation plans which have not been approved by shareholders are, as required by the SEC rules, described below. These descriptions do not purport to be complete and are qualified in their entirety by reference to the plan documents which are included as exhibits to the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2005.

Under one of the Company's non-qualified stock option plans, the Company may grant options for up to 3,417,188 shares of common stock to independent contractor Financial Advisors. Options are exercisable five years after grant date provided that the Financial Advisors are still associated with the Company. Under the Company's second non-qualified stock option plan, the Company may grant options for up to 569,532 shares of common stock to the Company's outside directors. Options vest over a three-year period from grant date provided that the Director is still serving on the Board of the Company. Under the Company's third non-qualified stock option plan, the Company may grant options for up to 1,687,500 shares of common stock to key management personnel. Option terms are specified in individual agreements and expire on a date no later than the tenth anniversary of the grant date. Under all plans, the exercise price of each option equals the market price of the Company's stock on the date of grant and an option's maximum term is 10 years.

Two of the Company's restricted stock plans were not approved by shareholders. Under the 2003 Restricted Stock Plan the Company is authorized to issue up to 1,500,000 restricted shares of common stock to employees and independent contractors. Awards under this plan may be granted in connection with initial employment or under various retention plans for individuals who are responsible for a contribution to the management, growth and/or profitability of the Company. These shares are forfeitable in the event of voluntary termination. The compensation cost is recognized over the vesting period of the shares and is calculated as the market value of the shares on the date of grant.

The Company's 1999 Stock Bonus Plan authorized the Company to issue up to 1,500,000 restricted shares to officers and certain other employees in lieu of cash for 10% to 20% of annual bonus amounts in excess of \$250,000.

The shares are generally restricted for a three year period, during which time the shares are forfeitable in the event of voluntary termination. The compensation cost is recognized over the three year vesting period based on the market value of the shares on the date of grant. This plan has been replaced by the 2005 Stock Bonus Plan which has substantially the same terms and was approved by shareholders in February 2005.

PROPOSAL TO RATIFY THE APPOINTMENT BY THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2006, and the Board of Directors has directed that management submit the appointment of the independent registered public accounting firm for ratification by the shareholders at the Annual Meeting. KPMG LLP has served as the Company's independent registered public accounting firm since 2001. Representatives of KPMG LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement at the Annual Meeting and will be available to respond to appropriate questions.

Neither the Company's By-Laws nor other governing documents or law require shareholder ratification of appointment of KPMG LLP as the Company's independent registered public accounting firm. However, the Audit Committee of the Board of Directors recommended, and the Board of Directors is, submitting the appointment of KPMG LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of the Company and its shareholders.

Ratification of the appointment of KPMG LLP will require that the votes cast favoring the appointment exceed the votes cast opposing it.

FEES PAID TO INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The following table shows information about fees paid by Raymond James Financial, Inc. to KPMG LLP related to the fiscal years indicated. All fees were approved by the Audit Committee (see discussion in Report of the Audit Committee).

	2005	2004
Audit fees ^(a)	\$1,655,605	\$947,757
Audit - related fees ^(b)	28,140	87,877
Tax fees ^(c)	141,906	157,756
All other fees	-	4,663

- (a) The significant increase in audit fees in 2005 were largely attributable to KPMG LLP's initial report on internal controls related to Section 404 of the Sarbanes-Oxley Act.
- (b) Audit related fees in 2004 included services related to the review of the Company's documentation of internal controls pursuant to Section 404 of the Sarbanes-Oxley Act and attest services related to specific items. Audit related fees in 2005 included various minor matters.
- (c) Tax fees include fees related to the preparation of Canadian tax returns, consultation on various tax matters and support during income tax audit or inquiries.
