Retirement Savings 003 Plan**

Notes to Financial Statements

1. Description of the Plan

The following description of the Roper Industries, Inc. Employees Retirement Savings 003 Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- a. *General* The Plan is a defined contribution plan covering all employees of certain subsidiaries of Roper Industries, Inc. (the Company), who are age eighteen or older and have completed six months of service, as defined in the Plan. Certain participants who become employees of the Company as a result from mergers or acquisitions are given credit for their prior service for purposes of determining eligibility and vesting. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Effective January 2002, the Plan was amended to incorporate certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA).

- b. *Contributions* Each year, participants may contribute up to 40 percent of their eligible compensation in the form of (i) before-tax contributions (30% maximum), (ii) after-tax contributions or (iii) a combination of before-tax and after-tax contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers two common collective trusts, thirteen mutual funds, and Roper Industries, Inc. common stock as investment options for participants. The Company contributes 100 percent of the first 3 percent of base compensation that a participant contributes to the Plan, and 50 percent of the next 3 percent of base compensation that a participant contributes to the Plan. In no case does the total Company matching contribution exceed 6 percent of a participant's compensation. In addition, the Company also makes profit-sharing contributions equal to 3 percent of each participant's compensation. Contributions are subject to certain limitations.
- c. *Participant Accounts* Each participant's account is credited with the participant's contributions, an allocation of the Company's matching and profit sharing contributions, Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on the participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d. *Vesting* Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest over a five year period beginning with 20 percent after one year of service and 20 percent thereafter, and are 100 percent vested after five years.
- e. *Participant Loans* - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25 percent to 10.50 percent, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.
- f. *Payment of Benefits* On termination of service due to death, disability, retirement or separation from service, subsequent to July 1, 2002, a participant will generally receive their benefits as a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants can elect to receive shares of the Company's common stock if their total balance exceeds \$5,000. For distributions prior to July 1, 2002, participants 55 or older could have elected to receive their benefits in installments. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.
- g. *Forfeitures* Forfeitures by non-vested participants are used to reduce future Company contributions. Forfeitures used amounted to approximately \$97,700 and \$115,000 for the years ended December 31, 2002, and 2001, respectively.
- h. *Administrative Expenses* - The majority of the administrative expenses of the Plan are paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Management Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair market value based upon quoted market prices. Shares of mutual funds and common collective trusts are valued at the net asset value of shares held by the Plan at year end. Participant loans are valued at cost, which approximates fair value.

Edgar Filing: ROPER INDUSTRIES INC /DE/ - Form 11-K

The plan's investment in the Scudder Stable Value Fund is stated at contract value in accordance with Statement of Position 94-4, Reporting for Investment Contracts Held by Health and Welfare Benefit Plans and Defined Contribution Pension Plans.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain 2001 amounts have been reclassified in order to conform to the 2002 presentation.

3. Investments

The fair market value of individual investments that represent at least 5 percent or more of the Plan's net assets available are as follows:

	2002	2001
Scudder Stable Value Fund	\$ 17,955,780	\$ 16,229,000
Scudder Large Company Growth Fund	7,621,571	11,492,000

PIMCO Total Return Fund	3,983,151	*
MFS Total Return Fund	5,274,510	*

4. Related Party Transactions

Certain Plan investments are shares of mutual funds or common collective trusts managed by Scudder Trust Company. Scudder Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest.

The Plan offers Roper Industries, Inc. common stock as an investment option for participants. Roper Industries, Inc. is the Plan sponsor as defined by the Plan, and therefore, these transactions qualify as party-in-interest.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

6. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 19, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

7. Nonexempt Transactions

For the year ended December 31, 2001, the company on three occasions remitted employee contributions to the Plan outside of the time limit required by the Department of Labor by short periods of time, representing a nonexempt loan of funds to the Company from the Plan. The respective late contributions were contributed to the Plan in 2001 and were allocated to the participant's accounts.
