Item 2.05 Costs Associated with Exit or Disposal Activities

On April 4, 2013, the Finance Committee of the Board of Directors of Avon Products, Inc. (the “Company”) approved actions relating to its previously disclosed \$400 million cost savings initiative, including global headcount reductions, and the restructuring or closure of certain smaller, under-performing markets, primarily in its Europe, Middle East & Africa segment, including the exit of the Republic of Ireland market. These actions are expected to be largely completed before the end of 2013.

The Company expects to record total charges related to these actions of approximately \$35 to \$40 million before taxes. Approximately \$20 million of these charges are expected to be recorded in the first quarter of 2013, with the remainder expected to be recorded primarily before the end of 2013.

These charges are expected to be comprised primarily of approximately \$15 to \$20 million of employee-related costs and approximately \$15 to \$20 million in other associated exit costs (including contract terminations), in connection with these actions. Approximately \$30 to \$35 million of the total charges are expected to result in future cash expenditures.
