PROXY STATEMENT

The enclosed proxy is solicited on behalf of the Board of Directors of Stonepath Group, Inc. (the Company) to be voted at the Annual Meeting of Stockholders (the Meeting) of the Company to be held at the Bell Harbor International Conference Center, Pier 66, 2211 Alaskan Way, Seattle, Washington 98121, on Friday, May 26, 2006 at 10:00 a.m. local time, and at any adjournment(s) or postponement(s) thereof for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. The proxy solicitation materials were mailed on or about April 14, 2006 to all stockholders entitled to vote at the Meeting.

Record Date and Stock Ownership

Stockholders of record at the close of business on April 7, 2006 (the Record Date) are entitled to notice of and to vote at the Meeting, and at any adjournment(s) or postponement(s) thereof. At the Record Date, 43,749,693 shares of the Company's Common Stock, \$0.001 par value per share (the Common Stock) were issued, outstanding and entitled to notice of and to vote on all matters at the Meeting and at any adjournment(s) or postponement(s) thereof.

Quorum and Voting Requirements

The Company's Bylaws provide that the stockholders holding a majority of the shares issued, outstanding and entitled to vote on the Record Date must be present in person or by proxy at the Meeting to constitute a quorum for the transaction of business at the Meeting.

All shares of Common Stock represented by valid proxies received by the Secretary of the Company prior to the Meeting will be voted as specified in the proxy. If no specification is made, the shares will be voted FOR the election of each of the Board's nominees to the Board of Directors and FOR each of the other matters submitted by the Board of Directors for vote by the stockholders. Unless otherwise indicated by the stockholder, the proxy card also confers discretionary authority on the Board-appointed proxies to vote the shares represented by the proxy on any matter that is properly presented for action at the Meeting. Abstentions and broker non-votes (which arise from proxies delivered by brokers and others, where the record holder has not received direction on voting and does not have discretionary authority to vote on one or more matters) are each included in the determination of the number of shares present for purposes of determining a quorum. At the Meeting, directors will be elected by a plurality vote and all other matters will be decided by the affirmative vote of a majority of the shares of Common Stock present at the meeting, in person or by proxy, and entitled to vote. Abstentions are counted as shares present at the meeting for purposes of determining the votes cast on any matter and have the effect of a vote against any matter as to which abstention is specified. Broker non-votes are not considered shares present for purposes of the vote on any matter as to which the broker non-vote is specified and will not affect the outcome of the vote.

The execution of a proxy will not affect a stockholder's right to attend the Meeting and vote in person. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is used at the Meeting by filing with the Secretary of the Company either: (i) a written notice of revocation; (ii) a proxy bearing a later date than the most recently submitted proxy; or (iii) by attendance at the Meeting and voting in person. Attendance at the Meeting will not, by itself, revoke a proxy.

Registered stockholders (those who hold shares directly rather than through a bank or broker) can simplify their voting by voting via the internet at www.votestock.com. Internet voting information is provided on the Proxy Card. Use of a Control Number is designed to verify stockholders' identities and allow stockholders to vote their shares and confirm that their voting instructions have been properly recorded. The Control Number is identified and located on the Proxy Card. If a stockholder holds shares through a bank or broker, the stockholder will receive separate instructions on the form received from the bank or broker.

Table of Contents

Although most banks and brokers now offer Internet voting, availability and specific processes will depend on their voting arrangements.

Annual Report

A copy of the Company's Annual Report on Form 10-K (Annual Report) for the year ended December 31, 2005 accompanies this Proxy Statement. No material contained in the Annual Report is to be considered a part of our proxy solicitation material.

The mailing address of the Company's executive offices is 2200 Alaskan Way, Suite 200, Seattle, WA 98121.

Solicitation

The cost of this proxy solicitation will be borne by the Company. The Company will reimburse brokers and other persons holding stock in their names or in the names of nominees for their expenses incurred in sending proxy materials to principals and obtaining their proxies.

Stockholder Proposals

Proposals of stockholders that are intended to be included within the proxy material for our 2007 Annual Meeting of Stockholders must comply with the requirements of SEC Rule 14a-8 and must be received no later than December 15, 2006 in order to be included in the Proxy Statement and proxy relating to that Annual Meeting.

In addition, the Company's advance notice bylaw provisions require that any shareholder proposal to be presented from the floor of the 2007 Annual Meeting of Stockholders must be submitted in writing to the Company's Corporate Secretary at 2200 Alaskan Way, Suite 200, Seattle, WA 98121 not less than 60 days nor more than 90 days prior to the date of that meeting, unless less than 70 days notice or prior public disclosure of such date has been made to stockholders, in which case notice of the proposal must be received by the Company no later than the close of business on the tenth day following such notice or public disclosure by the Company. Any such notice of a shareholder proposal must include (a) a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting, and, in the event that such business includes a proposal to amend any document, the language of the proposed amendment, (b) the name and address of the stockholder, (c) the class and number of shares beneficially owned by the stockholder, and (d) any material interest of the stockholder in such business.

Each person who is appointed or elected to the Board of Directors will hold that position until the close of the next annual meeting of stockholders, until he or she ceases to be a director by operation of law or until he or she resigns.

Unless otherwise specified, each properly executed proxy received will be voted for the election of the nominees named below to serve as directors until the end of their respective terms or until his successor is elected and qualified. The Company is not aware of any reason that any nominee will be unable to serve or will decline to serve as a director. Lawn, IV, Chairman, as well as David R. Jones and John H. Springer. Board Nominating Procedures

Given the relatively small size of the Board of Directors and the existence of other committees of the Board requiring substantial attention and effort, the Board has determined that it is appropriate not to establish a separate nominating committee. The Board has also determined that a nominating committee is not necessary in light of the written nominating procedures it has adopted and the fact that nominations are determined by the vote of a majority of the directors who are independent.

The Board will consider candidates for membership suggested by its members, as well as by the Company's management and stockholders. The Board may also from time to time retain a third-party executive search firm to identify candidates.

A stockholder who wishes to recommend a prospective nominee for the Board of Directors should notify the Company's Corporate Secretary in writing with whatever supporting material the stockholder considers appropriate.

Table of Contents

Once the Board has identified a prospective nominee, it will make an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination will be based on the need for additional Board members to fill vacancies or to expand the size of the Board. If it is determined that there is a need for additional Board members, the Board will then evaluate the prospective nominee considering the following factors:

the candidate's ability to represent the interests of the Company's stockholders;

the candidate's skill, integrity, and independence of thought and judgment;

the candidate's experience with businesses and other organizations of comparable size and stage of development;

the relationship of the candidate's experience to the experience of other members of the Board and whether the candidate adds to the range of talent, skill and expertise possessed by the existing members of the Board; and

the candidate's ability to dedicate sufficient time, energy and attention to the diligent performance of a director's duties, including the candidate's service on other boards of directors.

The Board will also consider such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for audit committee expertise and the evaluations of other prospective nominees.

As part of the evaluation, the Board will have the prospective nominee interviewed by one or more of its members, and others as appropriate, either in person or by telephone. After completing this evaluation and interview, the Board will then determine, by a vote of a majority of directors who are independent, whether to elect the prospective nominee to the Board in the case where stockholder approval is not required, or to nominate the candidate for election by the Company's stockholders.

Stockholder Communications to Directors

The Board of Directors has adopted a written process for stockholders to send communications to the Board of Directors. All correspondence which a stockholder desires to send to the members of the Board of Directors should be forwarded to the Corporate Secretary of the Company. The Corporate Secretary will review all correspondence to determine whether it deals with the functions of the Board of Directors or its committees and, if so, shall forward the correspondence to all directors. Concerns relating to accounting, internal controls or auditing matters shall be immediately brought to the attention of the Audit Committee.

PROPOSAL 2
ISSUANCE OF MORE THAN 8,698,832 SHARES OF COMMON STOCK UNDER A
CONVERTIBLE NOTE AND WARRANT ISSUED TO LAURUS MASTER FUND, LTD.
(LAURUS) AND CERTAIN ADDITIONAL CONVERTIBLE NOTES WHICH MAY BE
ISSUED TO LAURUS IN THE FUTURE

Background

On August 31, 2005, Stonepath Group, Inc. and certain of its domestic subsidiaries entered into several agreements with Laurus providing for a new \$25 million domestic revolving credit facility. The agreements included, among others, a Security Agreement, a Secured Convertible Minimum Borrowing Note (the Note) and a Common Stock Purchase Warrant (the Warrant). The principal amount of the Note is convertible into 9,382,624 shares of the Company s Common Stock and the Warrant is exercisable for 2,500,000 shares of the Company s Common Stock, in each case subject to anti-dilution adjustments. In addition, the holder of the Note may from time to time convert accrued interest and fees under the Note into shares of the Company s Common Stock.

The Note and Warrant have anti-dilution adjustments which may result in the issuance of more than the 11,882,624 shares of Common Stock than are now issuable under the terms of those instruments. In addition, once the original Note or any subsequent Secured Convertible Minimum Borrowing Note has been converted in full, a new Secured Minimum Borrowing Note (each, a Subsequent Note) may be issued which will also be convertible into additional shares of Common Stock. These features of the Note, Warrant, and Subsequent Notes are more fully described below.

Under the terms of the Security Agreement, the Company has an obligation to list the shares of Common Stock issuable upon conversion of the Note and exercise of the Warrant on the American Stock Exchange (Amex). In response to a listing application filed by the Company, the staff of Amex indicated that it would list only 8,698,832 shares of Common Stock with respect to the Laurus transaction and that the issuance of additional shares would require stockholder approval under Amex s rules. As a result, the Company filed an amended application seeking the listing of only 8,698,832 shares of Common Stock issuable upon conversion of the Note. Amex approved that amended application.

The Company is now seeking stockholder approval for the issuance of more than 8,698,832 shares of Common Stock pursuant to the Note, for the issuance of shares of Common Stock under any and all Subsequent Notes, and for the issuance of shares of Common Stock upon exercise of the Warrant.

Terms of Note, Subsequent Notes and Warrant

Note and Subsequent Note

The Note has a principal amount of \$10 million and has a three year maturity. It bears an annual interest rate of prime plus 1%, subject to a floor of 5.5%. Amounts due under the Note are convertible into the Company s Common Stock at a conversion price of \$1.0658 per share, subject to certain anti-dilution adjustments.

The anti-dilution adjustments provide for an adjustment in the number of shares issuable upon conversion of the Note in the event of a reclassification of Common Stock, a stock split, a stock combination, or a dividend paid in shares of Common Stock. The number of shares issuable upon conversion of the Note is also subject to adjustment in the event that the Company issues any shares of Common Stock or, subject to certain exceptions, securities convertible into Common Stock or exercisable or exchangeable for, Common Stock for a price less than the conversion price then in effect under the Note. In that case, the conversion price will be adjusted downward pursuant to a weighted average formula.

The obligations under the Note are secured by a global security interest in the assets of the Company s domestic subsidiaries, excluding any stock held in a foreign subsidiary.

Table of Contents

The Note may be prepaid, subject to a prepayment premium of 23% in the first year, 22% in the second year, and 21% in the third year of the Note. Following the occurrence and during the continuance of an event of default under the Note, the holder of the Note may require the repayment of 120% of the outstanding principal amount, in addition to interest and other amounts due under the Note.

In the event that the Note or any Subsequent Note has been converted in full into the Company's Common Stock and there is at least \$11 million outstanding under the Laurus revolving credit facility, a new Subsequent Note will be issued by the Company. The terms of each such Subsequent Note will be the same as the Note or Subsequent Note it replaces, except for the conversion price, which will be 115% of the average closing price of the Company's Common Stock for the ten trading days immediately prior to the date such Subsequent Note is issued, but in no event greater than 120% of the closing price of the Common Stock on such date.

Warrant

The Warrant entitles the holder to purchase 2,500,000 shares of the Company's Common Stock for a period of five years, at an exercise price which varies with the number of shares purchased under the Warrant. The exercise price is \$1.13 for the first 900,000 shares purchased, \$1.41 for the next 700,000 shares purchased, \$4.70 for the next 450,000 shares purchased, and \$7.52 for the last 450,000 shares purchased under the Warrant.

The exercise price of the Warrant and the number of shares issuable upon exercise of the Warrant are subject to adjustment in the event that the Company issues additional shares of Common Stock as a dividend or subdivides or combines its outstanding shares of Common Stock. Upon the occurrence of any of those events, the exercise price will be adjusted by multiplying the then current exercise price by a fraction, the numerator of which is the number of shares of Common Stock outstanding immediately prior to such event and the denominator of which is the number of shares of Common Stock outstanding immediately after such event. In addition, the number of shares of Common Stock issuable upon exercise of the Warrant will be adjusted by multiplying the number of shares otherwise issuable by a fraction, the numerator of which is the exercise price in effect prior to the adjustment and the denominator of which is the exercise price in effect on the date of the exercise of the Warrant.

Stockholder Approval Required by the American Stock Exchange

The Company is subject to the Amex rules applicable to companies whose securities are listed on that exchange. Section 713 of the Amex Company Guide requires each company that is listed on Amex to obtain stockholder approval in connection with (a) a transaction involving: (1) the sale, issuance, or potential issuance of Common Stock (or securities convertible into Common Stock) at a price less than the greater of book or market value which, together with sales by officers, directors or principal stockholders, equals 20% or more of its outstanding Common Stock; or (2) the sale, issuance or potential issuance of Common Stock (or securities convertible into Common Stock) equal to 20% or more of its outstanding Common Stock for less than the greater of book or market value; or (b) a transaction which would involve the application of Amex's original listing standards set forth in Section 341 of the Amex Company Guide.

On August 31, 2005, the date of the transaction with Laurus, the closing price of the Company's Common Stock on Amex was \$0.91. As a result, the conversion price of the Note (\$1.0658) and the exercise price of the Warrant (a minimum of \$1.13) are well in excess of the market price of the Common Stock on that date. However, in its review of the Company's listing application, the staff of Amex expressed the view that the anti-dilution adjustment provision of the Note could result in a conversion price of less than the \$0.91 market value and that Section 713 required shareholder approval before the Company could issue more than 19.9% of the outstanding Common Stock of the Company as of August 31, 2005 with respect to the Laurus transaction.

Stockholder approval is not required under the Delaware law for the issuance of Common Stock under the Notes, the Subsequent Notes, or the Warrant. However, stockholder approval would be required under the Delaware law to amend the Company's Certificate of Incorporation in the event that the anti-dilution

Table of Contents

provisions of the Note and Warrant or the issuance of Subsequent Notes required the issuance of more shares of Common Stock than remain available for issuance under the Company's Certificate of Incorporation.

Dilutive Impact and Effect on Stock Price

The issuance of shares of our Common Stock upon conversion of the Notes, the Subsequent Notes, and the Warrant would dilute the ownership interests and proportionate voting power of our existing stockholders. As of April 7, 2006, 43,749,693 shares of our Common Stock were outstanding. A total of 11,882,624 shares of Common Stock are now issuable under the terms of the Note and the Warrant.

The resale of shares of Common Stock issued upon conversion of the Note, Subsequent Notes, and Warrant may reduce the market price of our stock. Under the terms of the Note and Warrant, they are not exercisable to the extent that the number of shares beneficially owned by the holder after giving effect to such issuance would result in beneficial ownership of more than 4.99% of our outstanding shares of Common Stock. We have agreed to register the shares issuable under the Note, Subsequent Notes, and Warrant for resale under the federal securities laws. Accordingly, upon conversion of the Note or any Subsequent Note and upon exercise of the Warrant, the holder will have an incentive to sell most or all of the shares in the market. The sale by the holder of a substantial number of shares in the market from time-to-time could cause the trading price of our Common Stock to decline.

Effect if Proposal Not Approved

If this proposal does not receive stockholder approval, the Company may be required to issue more than 8,698,832 shares of our Common Stock under the terms of the Note, Subsequent Notes, and Warrant. Amex has indicated that such issuance without stockholder approval would violate Section 713 of the Amex Company Guide. As a result, without stockholder approval, the issuance of more than 8,698,832 shares of Common Stock under the Note, Subsequent Notes, and Warrant could result in the delisting of the Company's shares from Amex.

Under Delaware law, the Company's Board of Directors has the authority, without stockholder approval, to issue the Note, the Subsequent Notes, and the Warrant and to issue shares of Common Stock pursuant to the terms thereof. Stockholders are not entitled to dissenters' rights or appraisal rights in connection with the issuance of the Note, the Subsequent Notes, the Warrant, or the Common Stock issuable pursuant to the terms thereof. In addition, stockholders have no preemptive rights in connection with the issuance of the Note, the Subsequent Note, the Warrant, or the Common Stock issuable pursuant thereto.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ISSUANCE OF MORE THAN 8,698,832 SHARES OF COMMON STOCK PURSUANT TO THE CONVERTIBLE NOTE AND WARRANT ISSUED TO LAURUS AND CERTAIN ADDITIONAL CONVERTIBLE NOTES WHICH MAY BE ISSUED TO LAURUS IN THE FUTURE

PROPOSAL 3
RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON LLP
AS THE COMPANY S INDEPENDENT AUDITORS
FOR THE YEAR ENDING DECEMBER 31, 2006

Grant Thornton LLP has been selected by the Audit Committee and the Board of Directors to serve as the independent auditors for the Company for the fiscal year ending December 31, 2006. Representatives of Grant Thornton LLP are expected to be present at the Meeting to make a statement if they so desire and will be available to respond to appropriate questions.

The Audit Committee and the Board of Directors will consider the selection of another accounting firm to serve as the Company s independent auditors in the event that the stockholders do not approve the selection of Grant Thornton LLP as the Company s independent auditors.

On June 17, 2004, the Company dismissed KPMG LLP (KPMG) as the Company s independent accountants. On June 24, 2004, the Company engaged Grant Thornton LLP as its new independent accountants.

KPMG s audit reports on our consolidated financial statements for the fiscal years ended December 31, 2003 and 2002 did not contain an adverse opinion or a disclaimer of an opinion, nor were such reports qualified or modified as to uncertainty, audit scope or accounting principles.

The decision to change accountants was made by our Audit Committee.

During the fiscal years ended December 31, 2003 and 2002, and the subsequent interim period through the Company s change in independent accountants, there were no disagreements with KPMG on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to KPMG s satisfaction, would have caused KPMG to make reference to the subject matter of the disagreements in connection with its report.

For the years ended December 31, 2004 and December 31, 2005, professional services were provided to the Company by Grant Thornton LLP, our current independent auditors. The following table presents fees for professional services rendered by Grant Thornton LLP for the audit of the Company s annual financial statements for each of the years ended December 31, 2004 and 2005.

	2004	2005
Audit fees	\$ 630,862	\$ 688,898
Audit related fees		
Tax fees		38,291
All other fees		
Total	\$ 630,862	\$ 727,189

Our Audit Committee approves the engagement of our independent auditors to render audit and non-audit services before they are engaged. All of the services for which fees are listed above were pre-approved by our Audit Committee.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers to file reports of ownership and changes in ownership of their equity securities of the Company with the SEC and to furnish the Company with copies of such reports. To the best of the Company's knowledge, all of the filings by the Company's directors and executive officers were made on a timely basis during the 2005 fiscal year. However, a timely Form 3 for the Company's principal accounting officer, Robert Christensen, was not filed. Mr. Christensen was appointed in May 2005. At such date and through the date of this proxy statement, Mr. Christensen has held no shares of the Company's Common Stock. Mr. Christensen's Form 3 was subsequently filed in February 2006, reflecting a grant of options related to his appointment as principal accounting officer.

**REPORT OF THE COMPENSATION COMMITTEE
ON EXECUTIVE COMPENSATION**

The Compensation Committee of the Board of Directors (the "Compensation Committee") consists of three (3) directors who are not employees of the Company and who are considered "independent" under the rules of the American Stock Exchange.

Role of the Committee

The Compensation Committee establishes, oversees and directs the Company's executive compensation programs and policies and administers the Company's stock option and other long-term incentive plans. The Compensation Committee seeks to align executive compensation with Company objectives and strategies, business financial performance and enhanced stockholder value.

The Compensation Committee regularly reviews and approves generally all compensation and fringe benefit programs of the Company and also reviews and determines the actual compensation of the Company's executive officers, as well as all stock option grants and cash incentive awards to all key employees. The Compensation Committee reviews and administers the Company's Amended and Restated 2000 Stock Incentive Plan and the Company's 2003 Employee Stock Purchase Plan.

The Compensation Committee's objectives include (i) attracting and retaining exceptional individuals as executive officers, and (ii) providing key executives with motivation to perform to the full extent of their abilities, to maximize Company and deliver enhanced value to the Company's stockholders. The Compensation Committee believes it is important to place a greater percentage of executive officers' total compensation, principally in the form of equity, at risk through the grant of stock options whose value is derived from the performance of the business and value of the Common Stock. Executive compensation consists primarily of an annual salary, annual bonuses linked to the performance of the Company and long-term equity-based compensation.

Compensation

Salary payments in 2005 were made to compensate the ongoing performance of the Company's executive officers. Bonuses paid and stock options awarded in 2005 were made to recognize contributions to the Company's business strategy during 2005. The Committee's specific decisions concerning 2005 compensation for each executive officer were made in light of each officer's level of responsibility and the Committee's judgment with respect to whether that executive officer's compensation provides appropriate recognition for performance and an incentive for future performance.

The Compensation Committee took a variety of actions during 2005 to address the need to retain executives with relevant industry experience.

The actions taken by the Compensation Committee during 2005 were designed to reward the Company's senior management group for their efforts in implementing the Company's strategic objectives and to provide additional incentives to continue their efforts to continue to accomplish those objectives. The Compensation

Table of Contents

Committee also recognized specifically senior management's contributions and progress in the Company's restructuring initiatives, corporate finance objectives and efforts to return to profitability.

In determining the compensation to be provided to the Company's senior management group during 2005, the Compensation Committee took into account the following matters:

Overall responsibilities and the importance of these responsibilities to accomplishing the Company's strategic objectives;

Experience and ability; and

Past short-term and long-term job performance.

The Compensation Committee believes that the foregoing compensation actions have helped develop a senior management group dedicated to improving the short-term and long-term financial performance of the Company.

Employment Agreements

On March 11, 2004, effective as of January 1, 2004, we entered into an amended employment agreement with our Chairman, Dennis L. Pelino. This agreement amended our prior agreements with Mr. Pelino dated February 22, 2002 and June 21, 2001. Pursuant to this amendment, we agreed to extend the term of employment of Mr. Pelino through June 2009. The amendment also increased the annual compensation payable to Mr. Pelino by granting him, in addition to his current base salary of \$360,000, options to purchase 359,000 shares of our Common Stock which vest in equal installments over the term of his employment. This grant of options was intended to provide Mr. Pelino with incremental compensation of \$700,000 over the term of his employment. In addition to his base salary, Mr. Pelino is entitled to bonus compensation based upon the achievement of certain target objectives, as well as discretionary merit bonuses that can be awarded at the discretion of our Board of Directors. Mr. Pelino is also entitled to certain severance benefits upon his death, disability or termination of employment. Pursuant to the employment agreement, Mr. Pelino is also entitled to fringe benefits including participation in pension, profit sharing and bonus plans, as applicable, and life insurance, hospitalization, major medical, paid vacation and expense reimbursement.

In connection with our acquisition of SLIS we entered into an employment agreement with Jason F. Totah, then the President and Chief Executive Officer of that subsidiary and the current Chief Executive Officer of the Company. On April 1, 2004, we amended Mr. Totah's employment agreement to extend the term of his employment until April 1, 2009. Mr. Totah's employment agreement provides him with the right to a base annual salary of no less than \$250,000, subject to minimum annual cost-of-living increases of five percent, subject to the approval of the Board of Directors. Mr. Totah is entitled to an annual performance bonus at the discretion of the Board of Directors. Mr. Totah is also entitled to certain severance benefits upon his death, disability or termination of employment. Pursuant to the

employment agreement, Mr. Totah is also entitled to fringe benefits including participation in pension, profit sharing and bonus plans, as applicable, and life insurance, hospitalization major medical, paid vacation and expense reimbursement.

On February 3, 2005, we entered into an employment agreement with our President, Robert Arovas, providing for an employment term of five years ending on October 14, 2009. It provides Mr. Arovas with the

Table of Contents

right to an annual salary of \$250,000 (which may be increased or decreased by our Board of Directors, but not to an amount less than \$250,000), annual bonuses at our discretion, and options to purchase 200,000 shares of our Common Stock. Mr. Arovas is also entitled to certain severance benefits upon his death, disability or termination of employment. Pursuant to the employment agreement, Mr. Arovas is also entitled to fringe benefits including participation in pension, profit sharing and bonus plans, as applicable, and life insurance, hospitalization, major medical, paid vacation and expense reimbursement.

On December 1, 2004, we entered into an employment agreement with our Senior Vice President, International Operations, Sarah B. Dorscht, providing for a term of employment of three years ending on December 1, 2007. Under the agreement, Ms. Dorscht has the right to an annual salary of no less than \$125,000 and annual bonuses at our discretion. Ms. Dorscht is also entitled to certain severance benefits upon her death, disability or termination of employment. Pursuant to the agreement, Ms. Dorscht is also entitled to fringe benefits including participation in pension, profit sharing and bonus plans, as applicable, and life insurance, hospitalization, major medical, paid vacation and expense reimbursement.

On December 1, 2004, we entered into an employment agreement with our Senior Vice President, Domestic Operations, Richard F. Manner Jr., providing for a term of employment of three years ending on December 1, 2007. Under the agreement, Mr. Manner has the right to an annual salary of no less than \$150,000 and annual bonuses at our discretion. Mr. Manner is also entitled to certain severance benefits upon his death, disability or termination of employment. Pursuant to the agreement, Mr. Manner is also entitled to fringe benefits including participation in pension, profit sharing and bonus plans, as applicable, and life insurance, hospitalization, major medical, paid vacation and expense reimbursement.

Change in Control Arrangements

Our Chairman and our President are each employed under agreements that contain change in control arrangements. If employment of any of these officers is terminated following a change in control (other than for cause), then we must pay such terminated employee a termination payment equal to 2.99 times his salary and bonus, based upon the average annual bonus paid to him prior to termination of his employment. In addition, all of their unvested stock options shall immediately vest as of the termination date of their employment due to a change in control. In each of their agreements, a change in control is generally defined as the occurrence of any one of the following:

any Person (as the term Person is used in Section 13(d) and Section 14(d) of the Exchange Act), except for the affected employee, becoming the beneficial owner, directly or indirectly, of our securities representing 50% or more of the combined voting power of our then outstanding securities;

a contested proxy solicitation of our stockholders that results in the contesting party obtaining the ability to vote securities representing 50% or more of the combined voting power of our then outstanding securities;

a sale, exchange, transfer or other disposition of 50% or more in value of our assets to another Person or entity, except to an entity controlled directly or indirectly by us;

a merger, consolidation or other reorganization involving us in which we are not the surviving entity and in which our stockholders prior to the transaction continue to own less than 50% of the outstanding securities of the acquirer immediately following the transaction, or if a plan involving our liquidation or dissolution other than pursuant to bankruptcy or insolvency laws is adopted; or

during any period of twelve consecutive months, individuals who at the beginning of such period constituted the Board of Directors cease for any reason to constitute at least a majority of the Board of Directors unless the election, or the nomination for election by our stockholders, of each new director was approved by a vote of at least a majority of the directors then still in office who were directors at the beginning of the period.

Under Mr. Arovas' employment agreement, a change of control would also occur if Dennis L. Pelino is no longer the Chairman of the Company and his direct superior.

Table of Contents

Notwithstanding the foregoing, a change of control is not deemed to have occurred (i) in the event of a sale, exchange, transfer or other disposition of substantially all of our assets to, or a merger, consolidation or other reorganization involving, any entity in which the affected employee has, directly or indirectly, at least a 25% equity or ownership interest; or (ii) in a transaction otherwise commonly referred to as a management leveraged buy-out.

In addition, the existing stock options granted to these executive officers fully vest upon a change in control, as defined within our Amended and Restated 2000 Stock Incentive Plan.

Directors Compensation

Non-employee directors are paid \$3,750 per quarter, provided that each member attends 75% of all meetings. In addition, a quarterly fee of \$5,750 is paid to the chairman of the Audit and Compensation Committees, and a quarterly fee of \$1,000 is paid to each other committee member. Upon joining our Board of Directors, each of our non-employee directors received an option to purchase 50,000 shares of our Common Stock with an exercise price equal to the closing price of our Common Stock on the trading day prior to the date of grant. One-half of these options vested on the first anniversary of the director's membership on the Board, and the balance vest on the second anniversary of Board membership. In addition, on October 7, 2005, the chairmen of each of our Audit Committee and Compensation Committee received immediately exercisable options to purchase 30,000 shares of our Common Stock at an exercise price of \$0.91 per share. On the same date, other members of the Audit and Compensation Committees received immediately exercisable options to purchase 20,000 shares of our Common Stock at an exercise price of \$0.91 per share, and our Chairman received options to purchase 300,000 shares of our Common Stock at an exercise price of \$0.91 per share (of which 150,000 shares vested on October 7, 2005, and 50,000 shares vest on each of October 8, 2006, 2007 and 2008).

Outstanding Stock Options

The Amended and Restated Stonepath Group, Inc. 2000 Stock Incentive Plan, (the Stock Incentive Plan) covers 15,000,000 shares of Common Stock. Under its terms, employees, officers and directors of the Company and its subsidiaries are currently eligible to receive non-qualified stock options, restricted stock awards and incentive stock options within the meaning of Section 422 of the Code. In addition, advisors and consultants who perform services for the Company or its subsidiaries are eligible to receive non-qualified stock options under the Stock Incentive Plan. The Stock Incentive Plan is administered by the Board of Directors or a committee designated by the Board of Directors.

All stock options granted under the Stock Incentive Plan are exercisable for a period of up to ten years from the date of grant. The Company may not grant incentive stock options pursuant to the Stock Incentive Plan at exercise prices which are less than the fair market value of the Common Stock on the date of grant. The term of an incentive stock option granted under the Stock Incentive Plan to a stockholder owning more than 10% of the issued and outstanding Common Stock may not exceed five years and the exercise price of an incentive stock option granted to such stockholder may not be less than 110% of the fair market value of the Common Stock on the date of grant. The Stock Incentive Plan contains certain limitations on the maximum number of shares of the Common Stock that may be awarded in any calendar year to any one individual for the purposes of Section 162(m) of the Code.

Generally, most of the options under the Stock Incentive Plan are granted subject to periodic vesting over a period of between three and four years, contingent upon continued employment with the Company. In addition to the stock options covered by the Stock Incentive Plan, the Company has outstanding options to purchase 552,000 shares of Common Stock. The following schedule identifies the vesting schedule associated with all of the Company's outstanding options as of December 31, 2005.

	Plan	Non-Plan	Total
Vested as of 12/31/05	10,677,895	552,000	11,229,895
To vest in 2006	615,292		615,292
To vest in 2007	522,780		522,780
To vest in 2008	365,817		365,817
	12,181,784	552,000	12,733,784

Table of Contents

At December 31, 2005, these options were outstanding at the following exercise prices:

Number of Options			Range of Exercise Prices
Plan	Non-Plan	Total	
5,203,334	422,000	5,625,334	\$0.50 to \$1.00
3,987,950		3,987,950	\$1.01 to \$2.00
2,935,500	120,000	3,055,500	\$2.01 to \$4.00
	10,000	10,000	\$6.38
12,126,784	552,000	12,678,784	

On April 28, 2005, the Compensation Committee (the Committee) of the Board of Directors approved the acceleration of the vesting of unvested stock options having an exercise price of more than \$0.92 per share granted under the Company's Amended and Restated 2000 Stock Incentive Plan that are held by the Company's employees, including executive officers. As a result of this action, options to purchase 1,931,244 shares of the Company's Common Stock became immediately exercisable, representing approximately 17.2% of the Company's total outstanding options. Because the accelerated options had exercise prices in excess of the current market value of the Company's Common Stock, they were not fully achieving their original objectives of incentive compensation and employee retention. The Company accelerated the vesting of these options to create a positive effect on employee morale, retention and perception of value. The acceleration was also intended to eliminate future compensation expense the Company would otherwise have to recognize in its statement of operations, aggregating approximately \$0.5 million for the years ending December 31, 2006 through 2009, with respect to the accelerated options.

Outstanding Warrants

As of December 31, 2005, warrants to purchase 3,476,778 shares of Common Stock were outstanding. Most of these warrants were granted in connection with investment-related transactions and have the following exercise prices:

Number of Shares	Exercise Price
1,177,778	\$1.13
700,000	1.41
99,000	1.49
450,000	4.70
600,000	5.00
450,000	7.52

**REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS OF
STONEPATH GROUP, INC.**

The following is the report of the Audit Committee for the year ended December 31, 2005. The Audit Committee is composed of three (3) directors, each of whom meets the American Stock Exchange's independence standards. The Audit Committee had historically operated under a written charter adopted by the Board of Directors in 2000. At a meeting held on March 25, 2003, the Board of Directors adopted a new written charter for the Audit Committee, which was amended by the Board of Directors on January 28, 2004. The Audit Committee, which is composed of independent directors, as a whole meets regularly with the Company's management and independent auditors to discuss the adequacy of the Company's internal control environment and financial reporting, accounting matters, audit results, and compliance with its corporate responsibility program.

In carrying out its responsibilities and fulfilling obligations under its charter, the Audit Committee, among other things:

reviewed with the independent auditors their audit plan, audit scope, and identified audit risks;

discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees, as modified or supplemented, including, among other items, matters related to the conduct of the audit of the Company's consolidated financial statements;

obtained from the independent auditors a written statement describing all relationships between the independent auditors and the Company that might bear on the auditors' independence, consistent with Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees ;

discussed with the independent auditors any relationships that may impact their objectivity and independence, and generally satisfied itself that the auditors are independent;

reviewed and discussed the Company's audited consolidated financial statements for the year ended December 31, 2005 with management and the independent auditors;

obtained from management the representation that the Company's consolidated financial statements were prepared in conformity with accounting principles generally accepted in the United States of America; and

discussed with management and the independent auditors the quality and adequacy of the Company's internal controls.

Based on its review, analysis and discussions with management and the independent auditors, the Audit Committee recommended to the Company's Board of Directors (and the Board approved) that the Company's audited consolidated financial statements for the three years ended December 31, 2005 be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005. The Audit Committee and the Board, in recognition and consideration of the recommendation of management, have also appointed Grant Thornton LLP as the Company's independent auditors for 2006.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Amendment of Stock Purchase Agreement

Jason F. Totah, our Chief Executive Officer, is one of the former shareholders of SLIS (formerly known as Global Transportation Services, Inc.). We purchased all of the outstanding capital stock of SLIS from Mr. Totah and the other shareholders on April 4, 2002 pursuant to the terms of a Stock Purchase Agreement dated March 5, 2002 (the Purchase Agreement).

Under the terms of the Purchase Agreement, we paid the former shareholders \$5.0 million at the closing and agreed to pay an additional \$7.0 million in earn-out payments over a five-year earn-out period based upon the future financial performance of SLIS. The earn-out payments included a total of \$5.0 million in base earn-out payments, payable in installments of \$0.8 million in 2003, \$1.0 million in 2004 through 2007, and \$0.2 million in 2008, with each installment payable in full if SLIS achieves pre-tax income of \$2.0 million in each of the years preceding the year of payment (or the pro rata portion thereof in 2002 and 2007). We also provided the former SLIS shareholders with an incentive to generate earnings in excess of the base \$2.0 million annual earnings target (the SLIS tier-two earn-out). Under the SLIS tier-two earn-out, the former shareholders are entitled to receive 40% of the cumulative pre-tax earnings in excess of \$10.0 million generated during the five-year earn-out period, subject to a maximum additional earn-out opportunity of \$2.0 million. SLIS would need to generate cumulative earnings of \$15.0 million over the five-year earn-out period to receive the full \$7.0 million in contingent earn-out payments. Based upon 2005 performance, the former shareholders are entitled to receive a base earn-out payment of \$1.0 million in April 2006. On a cumulative basis, SLIS has generated approximately \$17.0 million in adjusted earnings, providing its former shareholders with a total of \$3.8 million in cash, and accrued earn-out payments through the end of 2005 and excess earnings of \$9.5 million to carry forward and apply to future earnings targets. SLIS's actual cumulative pre-tax earnings through the end of 2005 has exceeded the maximum earning necessary for the former shareholders to receive the maximum additional tier-two earn-out payment of \$2.0 million.

On March 30, 2006, we entered into an agreement with the representative of the former SLIS shareholders (the Amendment), subject to the approval of our Board of Directors. The Amendment, if approved, would, among other things, amend the Purchase Agreement by (i) extending the date for the payment of the base earn-out payment payable to the former shareholders for 2005 performance from April 2006 until June 2006, (ii) requiring the base earn-out payment for the pro rata portion of 2007 to be made on April 30, 2007 instead of in 2008, (iii) accelerating the date for the determination of 50% of the payment of the SLIS tier-two earn-out payment from December 31, 2006 to December 31, 2005, (iv) requiring that payment to be made in 2006 instead of 2007, and (v) requiring the final payment of the SLIS tier-two earn-out to be made in 2007 instead of 2008. As the former owner of 39.288% percent of the SLIS capital stock, Mr. Totah will receive the benefits and burdens of the Amendment if it is approved by our Board of Directors.

Loans to Executive Officers

In connection with our acquisition of SLIS on April 4, 2002, we advanced the sum of \$350,000 to Jason Totah. Mr. Totah was a former shareholder of SLIS and is now the Chief Executive Officer of the Company. The advance to Mr. Totah is to be repaid through 2006 by offset against the earn-out amounts that are

otherwise due to Mr. Totah under the Stock Purchase Agreement. As of December 31, 2005, the entire sum of the advance has been offset against Mr. Totah's earn-out payments.
