Item 11. Executive Compensation

Directors' Compensation

Directors who are full-time salaried employees of the Company are not compensated for their service on the Board or on any Board Committee. Non-employee directors receive an annual retainer of \$26,000 for their services, except that the Vice-Chairman receives an annual retainer of \$31,000. In addition, each non-employee director receives a fee of \$1,000 for each Board or Committee meeting attended. All directors are reimbursed for their travel and other expenses incurred in attending Board and Committee meetings.

Under the Company's Non-Employee Directors Stock Option Plan, each director who is not an employee of the Company received a one-time grant of options to purchase 10,000 shares of common stock, and the Vice-Chairman received a one-time grant of options to purchase 25,000 shares of common stock. Such grants became effective upon the consummation of the Company's initial public offering at an exercise price equal to the initial public offering price, except in the cases of Messrs. Fontaine, Schreiber, Strothotte and O'Brien, whose grants became effective upon their election as directors at an exercise price equal to the market price of the Company's common stock at such times. The options vested one-third on the grant date, with an additional one-third vesting on each of the first and second anniversaries of the grant date. In addition, the Non-Employee Directors Stock Option Plan provides for automatic annual grants to each non-employee director continuing in office after the annual meeting of stockholders in each year of options to purchase 2,000 shares of Company common stock at an exercise price equal to the market price of such shares on the date of the grant.

Long-Term Incentive Plan Awards Table

The following table sets forth information with respect to performance shares awarded to Messrs. Craig A. Davis, Gerald A. Meyers, Gerald J. Kitchen, David W. Beckley and E. Jack Gates under the Company's 1996 Stock Incentive Plan (the "Plan"). In accordance with guidelines adopted under the Plan, performance shares were awarded for 1998, the two-year period from 1998 through 1999, and thereafter, for rolling three-year periods beginning with 1998 through 2000. Because the earnings before taxes targets established for the two-year period ending in 1999 and the three-year periods ending in 2000 and 2001 were not met, all of the performance shares for those periods were forfeited. In 2001, the Board of Directors approved an amendment to the guidelines under the Plan that expanded the scope of the Company's performance targets to include, in addition to earnings before taxes targets, achievement of specific operating targets and long-term strategic targets (collectively, the "Award Targets"). The new performance guidelines were implemented beginning with the three-year period 2001 through 2003.

- (1) Performance shares represent shares of Company common stock that, upon vesting, are issued to the award recipient. Except as described herein, performance shares are forfeited if the award recipient is not employed full-time by the Company at the end of the award cycle period. In the event of death, disability or retirement, the award recipient will receive a pro rata award based upon the number of weeks employed during the award cycle period. Dividend equivalents accrue on performance shares and are paid upon vesting.
- (2) In connection with their participation in the Enhanced Supplemental Retirement Plan (see the description under the heading "Enhanced Supplemental Retirement Plan" below), Messrs. Davis, Meyers, Kitchen and Beckley relinquished their entitlement to performance shares under the Plan for the three-year period 2000 through 2002.
- (3) For Mr. Gates only, the threshold payouts represent the minimum number of shares that will vest during the three-year period from 2000 through 2002 if the Company meets a minimum percentage of a target level of earnings before taxes for the period or exceeds industry return on invested capital criteria. If the Company does not meet either of these performance criteria, no shares will vest.

(Footnotes continued on following page)

(Footnotes continued from previous page)

- (4) Target payouts represent the target number of shares that will vest if the Company achieves its Award Targets in their entirety for the period. The Compensation Committee of the Board of Directors has retained full discretion to modify awards under the guidelines. If Award Targets are not

Edgar Filing: CENTURY ALUMINUM CO - Form 10-K/A

achieved in their entirety, awards may be adjusted downward or eliminated in their entirety. In addition, regardless of performance against Award Targets, the Committee's discretion includes the right to determine that, should circumstances warrant, no award would be payable. For Mr. Gates only, the target payouts for the three-year period from 2000 through 2002 represent the target number of shares that will vest if the Company meets 100% of the target level of earnings before taxes for the period.

- (5) Maximum payouts represent the maximum number of shares that the Compensation Committee is authorized to award if the Company exceeds all of its Award Targets. For Mr. Gates only, the maximum payouts for the three-year period from 2000 through 2002 represent the maximum number of shares that will vest if the Company reaches 125% of the target level of earnings before taxes for the period. In cases where the target is exceeded, the number of shares vested in excess of the target number of shares is calculated by converting the excess award into cash and reconverting the excess award into shares at the greater of the share price calculated at the time of the award or the average share price for the month preceding the month in which the shares vest.

Pension Plan Table

The Company maintains a non-contributory defined benefit pension plan for salaried employees of the Company who meet certain eligibility requirements. The following table shows estimated annual benefits payable upon retirement in specified compensation and years of service classifications. The figures shown include supplemental benefits payable to Messrs. Davis, Meyers, Kitchen and Beckley, exclusive of benefits payable under the enhanced supplemental retirement plan described below.

The plan provides lifetime annual benefits starting at age 62 equal to the greater of 12 multiplied by (i) 1.5% of final average monthly compensation multiplied by years of credited service (up to 40 years), or (ii) \$22.25 multiplied by years of credited service (up to 40 years), less the total monthly vested benefit payable as a life annuity at age 62 under plans of a predecessor. Final average monthly compensation means the highest monthly average for 36 consecutive months in the 120-month period ending on the last day of the calendar month completed at or prior to a termination of service. Participants' pension rights vest after a five-year period of service. An early retirement

Edgar Filing: CENTURY ALUMINUM CO - Form 10-K/A

benefit (actuarially reduced beginning at age 55) and a disability benefit are also available.

The compensation covered by the plan includes all compensation, subject to certain exclusions, before any reduction for 401(k) contributions, subject to the maximum limits under the Internal Revenue Code of 1986, as amended (the "Code"). The years of credited service for Messrs. Davis, Meyers, Kitchen, Beckley and Gates at December 31, 2001 were approximately 9, 9, 6, 6 and 1, respectively.

Enhanced Supplemental Retirement Plan

The Company adopted an enhanced supplemental retirement benefit plan (the "Enhanced SRP") in 2001 in order to permit selected senior executives to achieve estimated levels of retirement income when, due to the executive's age and potential years of service at normal retirement age, benefits under the Company's existing qualified and nonqualified defined benefit pension plans are projected to be less than a specified percentage of the executive's estimated final average annual pay. Messrs. Davis, Meyers, Kitchen and Beckley were selected to participate in this plan at fifty percent (50%) of their estimated final average compensation during each executive's final five years of service. The Company believes this level of retirement benefits is commensurate with retirement benefits paid to senior executives of comparable companies. Under the Enhanced SRP, these senior executives will be entitled to receive an annual supplemental retirement benefit in the following amounts if they remain employed by the Company from January 1, 2001, for a period of four years in the case of Mr. Davis and five years in the cases of Messrs. Meyers, Kitchen and Beckley: Craig A. Davis, \$425,000; Gerald A. Meyers, \$200,000; Gerald J. Kitchen, \$145,000; and David. W. Beckley, \$145,000.

If an executive's employment is terminated prior to the end of the requisite period, the annual supplemental retirement benefit will be reduced pro rata for each year of employment less than the required four or five years. However, an executive will receive the full benefit in the event of disability, change in control or termination of employment without cause. The Company intends to invest funds to meet the Enhanced SRP obligations through the purchase of key-man life insurance policies on the lives of the participating executives. The policies will be owned by the Company and will be placed in Rabbi Trusts to secure the Company's payment obligations.

Employment Agreements

The Company entered into employment agreements with each of Messrs. Craig A. Davis, Gerald A. Meyers, Gerald J. Kitchen and David W. Beckley, effective January 1, 2002, providing for terms of employment of three years. Under the agreements, the base salaries of Messrs. Meyers, Kitchen and Beckley may not be reduced below \$340,000, \$258,000 and \$255,250, respectively. Mr. Davis will cease to be Chief Executive Officer effective January 1, 2003, but he will remain Chairman of the Board of Directors through 2004. Mr. Davis' employment agreement provides for a base salary of \$718,500 for 2002 and \$500,000 for 2003 and 2004. The agreements provide that the base salaries may be subject to increases established from time to time by the Board of Directors. In addition, the executives are eligible for bonuses in accordance with the Company's annual incentive plan and stock option grants and performance share awards under the Company's 1996 Stock Incentive Plan. The agreements also provide that the executives will receive, in addition to the Enhanced SRP described above, unfunded supplemental executive retirement benefits in addition to any benefits received under the Company's qualified retirement plans. The supplemental

Edgar Filing: CENTURY ALUMINUM CO - Form 10-K/A

benefit for each executive will be equal to the amount that would normally be paid under the Company's qualified retirement plans if there were no limitations under Sections 415 and 401(a) (17) of the Code and as if the executives were fully vested in the qualified retirement plan benefits. In the event of termination of employment "without cause," the terminated executive will be entitled to receive termination payments equal to 100% of his base salary and bonus (based on the highest annual bonus payment within the prior three years) for the remainder of the term of the agreement (with a minimum of one year's salary plus bonus). Any termination payments under the employment agreements may not be duplicated under the severance compensation agreements described below.

Severance Compensation Arrangements

The Company has entered into severance compensation agreements with each of Messrs. Craig A. Davis, Gerald A. Meyers, Gerald J. Kitchen and David W. Beckley. The agreements provide that if within 36 months following a change in control of the Company, the executive's employment is terminated either: (i) by the Company for other than cause or disability, or (ii) by such executive for good reason, then such executive will receive a lump sum payment equal to three times the aggregate of the highest base salary and the highest bonus received by such executive in any of the most recent five years. Also, in the event of a change in control, the exercisability of stock options and the vesting of performance shares held by such executives will be accelerated.

The Code imposes certain excise taxes on, and limits the deductibility of, certain compensatory payments made by a corporation to or for the benefit of certain individuals if such payments are contingent upon certain changes in the ownership or effective control of the corporation or the ownership of a substantial portion of the assets of the corporation, provided that such payments to the individual have an aggregate present value in excess of three times the individual's annualized includible compensation for the base period, as defined in the Code. The agreements

8

provide for additional payments to the executives in order to fully offset any excise taxes payable by an executive as a result of the payments and benefits provided in the agreements.

Item 13. Certain Relationships and Related Transactions

In 2001, the Company purchased primary aluminum and alumina from Glencore International AG and its subsidiaries (collectively, "Glencore"). Such purchases, which were made at market prices, aggregated \$20.0 million in 2001. During 2001, the Company purchased approximately 46% of its alumina requirements for its interest in the Mt. Holly facility from Glencore under a supply contract which runs through January 31, 2008. In April 2001, the Company entered into two five-year contracts with Glencore pursuant to which Glencore agreed to supply the remaining 54% of the Company's alumina requirements at the Mt. Holly facility and all of the Company's alumina requirements at its Ravenswood facility beginning January 1, 2002. The Company's alumina purchases from Glencore in 2001 were arms'-length transactions made at market prices.

The Company also sold primary aluminum to Glencore in 2001. Century is party to a contract to sell to Glencore approximately 110 million pounds of the Company's share of the primary aluminum produced at the Mt. Holly facility each year through December 31, 2009. For the year ended December 31, 2001, the Company sold Glencore \$89.7 million of its share of the primary aluminum production at the Mt. Holly facility. Such sales constituted approximately 53% of the Company's total revenue from its interest in the Mt. Holly facility. In addition, the Company had forward delivery commitments to sell 25.5 million pounds of primary aluminum to Glencore at December 31, 2001. Including sales of the Mt. Holly facility production described above, sales to Glencore aggregated \$111.5 million in 2001 or approximately 17% of the Company's total revenues. The

Edgar Filing: CENTURY ALUMINUM CO - Form 10-K/A

Company's primary aluminum sales to Glencore in 2001 were arms'-length transactions made at market prices.

As of December 31, 2001, the Company had outstanding forward financial sales contracts with Glencore for 232.5 million pounds of primary aluminum to hedge production in 2002 through 2003. Current accounting

10

standards provide for cash flow hedge accounting treatment and the effective portion of the hedges are recorded on the balance sheet in accumulated other comprehensive income. As of December 31, 2001, the Company had recorded \$8.3 million in other comprehensive income related to such contracts. The Company intends to continue to enter into hedging arrangements with Glencore in the future.

On April 2, 2001, Century completed the acquisition of NSA, Ltd. ("NSA") and its 237,000 metric ton per year aluminum reduction facility in Hawesville, Kentucky (the "Hawesville facility") from Southwire Company ("Southwire"), a privately-held wire and cable manufacturing company based in Carrollton, Georgia (the "Acquisition"). The cash purchase price for the Acquisition was \$466.8 million, plus the assumption of approximately \$7.8 million in industrial revenue bonds (the "IRBs") related to the Hawesville Facility and is subject to adjustments for contingent considerations. In addition, Century may be required to pay to Southwire up to an aggregate maximum of \$7.0 million if the price of primary aluminum on the London Metals Exchange exceeds specified levels during the seven years following the closing date. The purchase price for the Acquisition was determined through arms' length negotiations between Century and Southwire.

Century financed a portion of the cash purchase price for the Acquisition with \$25 million in proceeds from the sale to Glencore of 500,000 shares of the Company's Convertible Preferred Stock. The Convertible Preferred Stock was sold to Glencore pursuant to the terms of a Convertible Preferred Stock Purchase Agreement, dated as of March 30, 2001, between Century and Glencore. Each share of the Convertible Preferred Stock has a liquidation preference of \$50 and is convertible at any time into Century common stock at a price of \$17.92 per share. The price and terms of the Convertible Preferred Stock were determined through arms'-length negotiations between Century and Glencore.

Concurrently with the closing of the Acquisition, Century effectively sold a 20% ownership interest in the Hawesville Facility and related rights to Glencore pursuant to the terms of an Asset Purchase Agreement, dated April 2, 2001, between Century and Glencore (the "Glencore Agreement"). Under the terms of the Glencore Agreement, Glencore's 20% ownership interest in the Hawesville Facility consists of (i) title to the recently added fifth potline at the Hawesville Facility, (ii) a 20% undivided interest in all other assets of and rights relating to the Hawesville Facility, other than its four original potlines, and (iii) a 20% ownership interest in Century Aluminum of Kentucky LLC ("CAK"), a Delaware limited liability company which holds certain intangible assets relating to the operation of the Hawesville Facility (including the alumina and power supply contracts). Century retained an 80% interest in the Hawesville Facility which consists of (i) title to the original four potlines at the Hawesville Facility, (ii) an 80% undivided interest in all other assets of and rights relating to the Hawesville Facility, other than the fifth potline, and (iii) an 80% interest in CAK.

The cash purchase price paid by Glencore to Century was \$99.0 million. Glencore also assumed direct responsibility for a pro rata portion of the IRBs and a pro rata portion of any post-closing payments Century may be obligated to

make to Southwire pursuant to the Company's agreement with Southwire. In addition, Glencore assumed responsibility for a pro rata portion of any liabilities and obligations with respect to the Hawesville Facility after closing and will share the benefit of the indemnities provided by Southwire pursuant to the Company's agreement with Southwire. The purchase price and terms were determined through arms'-length negotiations between the parties.

Century and Glencore entered into an Owners Agreement concurrently with the closing of the sale to Glencore which, notwithstanding their separate ownership of specific assets at the Hawesville Facility, provides that each party is entitled to a pro rata portion of the aggregate production of the Hawesville Facility and is obligated to pay its pro rata portion of the expenses of the facility. In addition, the Owners Agreement provides that Glencore will pay to Century a management fee equal to 0.75% of the value of the primary aluminum produced for Glencore at the Hawesville facility as compensation for Century's services as operator of the facility.

Mr. Craig A. Davis, Chairman and Chief Executive Officer of the Company, is a director of Glencore International AG and was an executive of Glencore International AG and Glencore AG from September 1990 until June 1996.

Mr. Willy R. Strothotte, a director of the Company, is Chairman and Chief Executive Officer of Glencore International AG.

Mr. Roman A. Bninski, a director of the Company, is a partner of Curtis, Mallet-Prevost, Colt & Mosle LLP, which furnishes legal services to the Company.

Indebtedness of Management

The Company sponsors a program whereby it offers full-recourse loans to its executives to pay their tax liability upon the award of stock grants or the vesting of performance shares (the "Tax Loans"). Each Tax Loan is secured by the vested or awarded shares which gave rise to the tax liability and must be repaid on the earlier of: (i) January 2, 2017 (the "Due Date"), (ii) on a pro rata basis, upon the sale of any shares securing the Tax Loan prior to the Due Date, or (iii) one hundred and twenty (120) days following the termination of the executive's employment. The Company pays the interest on the Tax Loan for each executive, which is equal to the applicable short-term federal funds rate, compounded semi-annually. During 2001, the following executives participated in the Company's Tax Loan program:

Edgar Filing: CENTURY ALUMINUM CO - Form 10-K/A

In addition, as part of the Company's relocation assistance program, the Company offers eligible employees full-recourse loans for the purpose of paying applicable relocation expenses, including expenses related to the purchase of a home. In 2001, Steve Schneider, a Vice President of the Company, obtained \$345,000 in loans from the Company in connection with the commencement of his employment with the Company in July 2001. Of that total, \$145,000 was in the form of a demand note which bore interest at six percent (6%) per annum, and which was repaid by Mr. Schneider in April 2002. The remaining \$200,000 was in the form of a promissory note secured by a deed of trust on Mr. Schneider's home. The promissory note bears interest at a rate of six percent (6%) per annum until July 15, 2003, and thereafter at a rate of eight percent (8%) per annum. All unpaid principal and accrued interest due under the promissory note will be immediately due and payable upon the earlier of: (i) July 15, 2006, or (ii) the termination of Mr. Schneider's employment with the Company.
