Notes to Schedule of Investments

† The value of investments in securities by Neuberger Berman California Intermediate Municipal Fund Inc. (“California”), Neuberger Berman Intermediate Municipal Fund Inc. (“Intermediate”), and Neuberger Berman New York Intermediate Municipal Fund Inc. (“New York”) (individually a “Fund”, and collectively, the “Funds”) is determined by Neuberger Berman Management LLC (“Management”) primarily by obtaining valuations from independent pricing services based on readily available bid quotations, or if quotations are not available, by methods which include considerations such as: yields or prices of securities of comparable quality, coupon, maturity and type; indications as to values from dealers; and general market conditions. Management has developed a process to periodically review information provided by independent pricing services. If a valuation is not available from an independent pricing service or if Management has reason to believe that the valuation does not represent the amount a Fund might reasonably expect to receive on a current sale in an orderly transaction, the Fund seeks to obtain quotations from principal market makers. If such quotations are not readily available, the security is valued using methods the Fund’s Board of Directors (each Fund’s Board of Directors, a “Board”) has approved on the belief that they reflect fair value. Numerous factors may be considered when determining the fair value of a security, including available analyst, media or other reports, trading in futures or ADRs and whether the issuer of the security being fair valued has other securities outstanding. Fair value prices are necessarily estimates, and there is no assurance that such a price will be at or close to the price at which the security is next quoted or next trades. Short-term debt securities with less than 60 days until maturity may be valued at cost which, when combined with interest earned, is expected to approximate market value.

In accordance with Accounting Standards Codification (“ASC”) 820 “Fair Value Measurements and Disclosures” (“ASC 820”), all investments held by a fund are carried at “fair value” as defined by ASC 820. Under ASC 820 fair value is defined as the price that a fund would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market for the investment under current market conditions. Various inputs, including the volume and level of activity for the asset or liability in the market, are considered in determining the value of the Funds’ investments, some of which are discussed above. Significant management judgement may be necessary to estimate fair value in accordance with ASC 820.

In addition to defining fair value, ASC 820 established a three-tier hierarchy of inputs to establish a classification of fair value measurements for disclosure purposes. The three-tier hierarchy of inputs is summarized in the three broad Levels listed below.

Level 1 – quoted prices in active markets for identical investments

Level 2 – other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, amortized cost, etc.)

Level 3 – significant unobservable inputs (including the Funds’ own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing an investment are not necessarily an indication of the risk associated with investing in those securities.

The following is a summary, by category of Level, of inputs used to value the Funds' investments as of July 31, 2010:

@ At time of investment, municipal securities purchased by the Funds are within the four highest rating categories (with respect to at least 80% of total assets) assigned by a nationally recognized statistical rating organization ("NRSRO") such as Moody's Investors Service, Inc., Standard & Poor's, or Fitch, Inc. or, where not rated, are determined by Management to be of comparable quality. Approximately 72%, 61%, and 64% of the municipal securities held by California, Intermediate, and New York, respectively, have credit enhancement features backing them, on which a Fund may rely, such as letters of credit, insurance, or guarantees. Without these credit enhancement features the securities may or may not meet the quality standards of the Funds. Pre-refunded bonds are supported by securities in escrow issued or guaranteed by the U.S. Government, its agencies, or instrumentalities. The amount escrowed is sufficient to pay the periodic interest due and the principal of these bonds. Puttable bonds give a Fund the right to sell back the issue on the date specified.

β Security is guaranteed by the corporate or non-profit obligor.

μ Floating rate securities are securities whose yields vary with a designated market index or market rate. These securities are shown at their current rates as of July 31, 2010 and their final maturities.

a Security is subject to a guarantee provided by Bayerische Landesbank, backing 100% of the total principal.

Item 2. Controls and Procedures.

- (a) Based on an evaluation of the disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (“1940 Act”)), as of a date within 90 days of the filing date of this document, the Chief Executive Officer and Treasurer and Principal Financial and Accounting Officer of the Registrant have concluded that such disclosure controls and procedures are effectively designed to ensure that information required to be disclosed by the Registrant on Form N-CSR and Form N-Q is accumulated and communicated to the Registrant’s management to allow timely decisions regarding required disclosure.
- (b) There were no significant changes in the Registrant’s internal controls over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act) that occurred during the Registrant’s last fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Registrant’s internal control over financial reporting.

Item 3. Exhibits

The certifications required by Rule 30a-2(a) of the 1940 Act are filed herewith.
