## Report of Independent Registered Public Accounting Firm

The Trustees  
Forgent Networks 401(k)

We have audited the accompanying statements of net assets available for benefits of the Forgent Networks 401(k) Plan (formerly the VTEL Corporation 401(k) Plan) as of December 31, 2003 and 2002 and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2003 and 2002 and the changes in its net assets available for benefits for the year ended December 31, 2003, in conformity with generally accepted United States accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2003, and schedule of delinquent participant contributions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Edgar Filing: FORGENT NETWORKS INC - Form 11-K

These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

The VTEL Corporation 401(k) Plan became effective January 1, 1990.

The following brief description of the Plan is provided for general purposes only. Participants should refer to the Plan agreement for more complete information.

General

On January 15, 2002, the name of VTEL Corporation was changed to Forgent Networks, Inc. Effective October 1, 2003, the Plan was amended to change the name to Forgent Networks 401(k) Plan (the Plan).

The Plan is a defined contribution profit sharing plan covering substantially all employees of Forgent Networks, Inc. (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible employees may contribute to the Plan an elected portion of their eligible compensation, as defined in the Plan, up to the statutory annual deferral limit.

The Company may make matching contributions up to specified amounts at its discretion. The Company matched 25% of employee deferrals up to a maximum of 6% of employee earnings.

All contributions are invested at the direction of the participants.

### Vesting

Participants are immediately vested in their contributions and earnings thereon. Company matching contributions vest based on years of service completed by participants. Vesting is determined in accordance with the following schedule:

Years of Service	Percentage
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

### Payment of Benefits

Participants are entitled to receive benefit payments at the normal retirement age of 65, in the event of the participant's death or disability, or in the event of termination under certain circumstances other than those listed or if the participant reaches age 70-1/2 while still employed. Benefits may be paid in a lump-sum distribution or by an annuity.

### Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it reserves the right to do so at any time, as subject to the provisions of ERISA. Upon such termination, each participant becomes fully vested and all benefits shall be distributed to the participants or their beneficiaries.

### Participant Accounts

Discretionary employer matching contributions, if any, are allocated annually to participant accounts based upon the percentage determined and authorized by the Company's Board of Directors.

## Forgent Networks 401(k) Plan

### Notes to Financial Statements (continued)

#### 1. Description of Plan (continued)

Investment earnings or losses are allocated among the participants' accounts based upon the percentage of the balance of each such account to the total balance of all such accounts within each investment option.

#### Participant Loans

Upon written application of a participant, the Plan may make a loan to a participant. Participants are allowed to borrow no less than \$1,000 and no greater than the lesser of 50% of the participant's vested account balance or \$50,000. Loans are amortized over a maximum of 60 months unless it is used to purchase participant's principal residence and repayment is made through payroll deductions. The amount of the loan is deducted from the participant's investment accounts and bears interest at a rate commensurate with local rates for similar plans.

#### Forfeitures

## Edgar Filing: FORGENT NETWORKS INC - Form 11-K

Forfeitures, if any, under the Plan are first applied to payment of administrative expenses of the Plan and then to the Company's matching contribution to the Plan for the Plan year in which the forfeitures occur.

### Administration

The Plan is administered by trustees consisting of officers and employees of the Company. Certain administrative expenses of the Plan are paid by the Company.

## 2. Summary of Significant Accounting Policies

### Valuation of Investments

Effective January 1, 1998, the Plan entered into a group annuity contract with Connecticut General Life Insurance Company (a CIGNA company) ("CGLIC"). The contract includes the CIGNA Guaranteed Income Fund and Guaranteed Governmental Securities Fund, which are invested in CGLIC's general portfolio and are recorded at contract value, which approximates fair value. The Guaranteed Income Fund does not have a maturity date or penalties for early withdrawals. Participant directed transfers among investment options and distributions will normally be made immediately; however, CIGNA may exercise their contractual right to defer a transfer or distribution from the Guaranteed Income Fund. It has seldom been necessary for CIGNA to invoke this deferral provision. The rate of credited interest for any period of time will be determined by CGLIC and is guaranteed for six month periods (January 1 through June 30 and July 1 through December 31). The average yield for the Guaranteed Income Fund was approximately 2.70% and 4.05% and for the Guaranteed Governmental Securities Fund was approximately .71% and 1.13% for the year ended December 31, 2003 and 2002, respectively. The crediting interest rate (i.e., the rate at which interest was accrued to the contract balance) for the Guaranteed Income Fund was 3.70% and 3.80% and for the Guaranteed Governmental Securities Fund was .60% and 0.00% as of December 31, 2003 and 2002, respectively.

The contract also includes pooled separate accounts. CGLIC determines the fair value of the pooled separate accounts based on the quoted market values of the underlying assets in the separate accounts. Participant loans are stated at cost, which approximates fair value.

### Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and the accompanying notes and schedules. Actual results could differ from those estimates.
