In connection with this appointment, Catalyst entered into a letter agreement (the Agreement ) with Mr. Eichler on August 7, 2007, which sets forth terms and provisions governing Mr. Eichler s employment as Chief Financial Officer and Vice President of Finance and Administration of Catalyst.

The Agreement is attached as Exhibit 10.92 to this Current Report on Form 8-K and is incorporated herein by reference and the descriptions thereof contained in this Form 8-K are qualified in all respects by the terms and provisions of the Agreement.

2. Fiscal 2008 Bonus Plan

On August 9, 2007, the Compensation Committee of Catalyst, adopted the Fiscal 2008 Bonus Plan (the Plan) that provides for the payment of quarterly cash bonuses to participating employees. The Plan is designed to provide compensation incentives for participating employees, including executive officers, based on individual and company performance.

The Plan provides for three separate bonus pools: a discretionary pool, a profit sharing pool that provides for payments to non-executive employees and an executive pool that provides for payments to executive officers. The discretionary pool provides for aggregate payments of up to \$100,000 per fiscal quarter plus a variable amount that is based upon Catalyst's return on equity ( ROE ) for that quarter. Bonuses from the discretionary pool may be paid to non-executive employees quarterly at the discretion of the chief executive officer. The profit sharing pool provides for maximum annual payments of up to 10% of each non-executive employee's annual base salary as determined based upon ROE. Bonuses from the profit sharing pool are paid to non-executive employees at a rate of \$500 per employee at the end of each of the first three fiscal quarters of fiscal 2008, with the remainder (up to a 10% maximum) that would be paid at the end of the fiscal year.

The executive pool provides for quarterly payments to executive officers based upon ROE and individual performance. As identified in the table below, the aggregate bonus payments to each executive officer for all four fiscal quarters are based upon a targeted percentage of the executive officer's annual base salary. The actual bonus payments, if any, are calculated based upon a formula that weights scores for ROE and the executive officer's achievement of individual performance goals determined by the Compensation Committee. The individual performance goals vary by executive and are based on specified management initiatives and/or execution against Catalyst's strategic plan. Underachievement or overachievement of targeted ROE and individual performance goals can result in lower or higher scores for those milestones, and, as a result, lower or higher bonus payments than the targeted percentage of base salary. In addition, the maximum quarterly payment varies by fiscal quarter based upon the following percentages of the total targeted annual payment: 12% for the fiscal first quarter, 15% for the fiscal second quarter, 23% for the fiscal third quarter and 50% for the fiscal fourth quarter. The Plan also limits the aggregate quarterly bonuses that may be paid to each executive officer at a maximum percentage of the executive officer's annual base salary.

Following each fiscal quarter, the Compensation Committee reviews the ROE and the individual performance goals, determines the scores applicable to each executive officer, reviews and confirms the bonus payments, if any, for each executive officer, and may adjust the individual performance goals of one or more executive officers.
