**SFL – Change in Board of Directors**

**Press release from Ship Finance International Limited, September 4, 2007**

Ship Finance International Limited (NYSE:SFL) (“Ship Finance” or the “Company”), today announces the appointment of Mr. Craig H. Stevenson Jr. to the Board of Directors.

Following the Annual General Meeting of the Company, scheduled to September 28, 2007, Mr. Stevenson will be recommended to take over as Chairman of the Board from Mr. Tor Olav Trøim. Mr. Trøim has been Chairman of the Board since October 2003, and will continue as a non-executive board member.

Mr. Stevenson (53) has a long career as senior executive in several companies, including Chairman of the Board and Chief Executive Officer of OMI Corporation (“OMI”), a NYSE listed shipping company, from 1998 until 2007. In this period, the market capitalization of OMI increased more than ten times and the company was transformed from a relatively small shipping company with an old fleet to become a company with one of the largest and most modern fleets within the Suezmax and Product tanker segments. Mr. Stevenson left OMI this summer following the sale of OMI to Teekay Shipping Corporation and A/S Dampskibsselskabet Torm.

Our non-executive board member Mr. Svein Aaser, has decided to resign, as he will focus more of his attention on certain companies where he serves as Chairman of the Board, such as Marine Harvest ASA, Aktiv Kapital ASA and Deep Sea Supply Plc. Mr. Aaser is an executive director of Seatankers, an affiliate of our largest shareholder Hemen Holdings Ltd., and was thus not defined as an independent director of Ship Finance. The appointment of Mr. Stevenson will therefore also increase the number of independent directors in the Company.

Tor Olav Trøim, Chairman in Ship Finance, said in a comment: “We are very pleased that Mr. Stevenson has accepted a directorship and also accepted to be nominated as the new Chairman of the Board in Ship Finance. His broad international background, prior experience as CEO and Chairman in a large NYSE listed shipping company and his outstanding track record in the capital markets secures our Company a very competent and professional director. We have always respected Mr Stevenson as the Chairman in one of the best performing shipping companies, and we are delighted that he has decided to join the Board of Ship Finance. The transfer of the Chairmanship to Mr. Stevenson follows naturally in the process of making Ship Finance a strong independent company.”

Craig H. Stevenson Jr. said in a comment: “I am excited to take on my new role as director and future Chairman. Ship Finance is growing and diversifying its asset base, and has announced more than \$1.6 billion of new acquisitions over the last 18 months. The Company has recruited a very competent management team, and with a market capitalization of \$2.1 billion and a charter backlog of \$5.5 billion we have an excellent platform for growth. The combination of predictable long-term cash flows and our strong balance sheet creates opportunities also in times of turbulence in the financial markets, when the attractiveness of our financial products increases and there may be more corporate opportunities.”

**Cautionary Statement Regarding Forward Looking Statements**

This press release may contain forward looking statements. These statements are based upon various assumptions, many of which are based, in turn, upon further assumptions, including Ship Finance management's examination of historical operating trends. Although Ship Finance believes that these assumptions were reasonable when made, because assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond its control, Ship Finance cannot give assurance that it will achieve or accomplish these expectations, beliefs or intentions.

Important factors that, in the Company's view, could cause actual results to differ materially from those discussed in this presentation include the strength of world economies and currencies, general market conditions including fluctuations in charter hire rates and vessel values, changes in demand in the tanker market as a result of changes in OPEC's petroleum production levels and world wide oil consumption and storage, changes in the Company's operating expenses including bunker prices, dry-docking and insurance costs, changes in governmental rules and regulations or actions taken by regulatory authorities, potential liability from pending or future litigation, general domestic and international political conditions, potential disruption of shipping routes due to accidents or political events, and other important factors described from time to time in the reports filed by the Company with the United States Securities and Exchange Commission.

**SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorised.
