PROPOSAL ONE

APPROVAL OF AN AMENDMENT TO THE COMPANY'S AMENDED AND RESTATED ARTICLES OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT

General

The Board has approved, and is hereby soliciting shareholder approval of, an amendment to the Company's Amended and Restated Articles of Incorporation, substantially in the form attached hereto as Exhibit I, to effect a reverse stock split of the Company's issued and outstanding common shares at a ratio of not less than one-for-two and not more than one-for-twelve ("Amendment One"). The par value of each share will remain unchanged at one United States cent (\$0.01) per share. A vote FOR Proposal One will constitute approval of Amendment One, providing for the combination, except as explained below with respect to fractional shares, of any number of the Company's issued and outstanding common shares between and including two and twelve into one common share and will grant the Board, or any duly constituted committee thereof, the authority to determine whether to implement the reverse stock split and, if so, to select which of the approved exchange ratios within that range will be implemented. If the Shareholders approve Proposal One, the Board, or any duly constituted committee thereof, will have the authority, but not the obligation, in its sole discretion, and without further action on the part of the Shareholders, to select one of the approved reverse stock split ratios and effect the approved reverse stock split by filing Amendment One with the Registrar of Corporations of the Republic of the Marshall Islands at any time after the approval of Proposal One. If implemented, the reverse stock split will become effective as of the beginning of the business day after the filing of Amendment One with the Registrar of Corporations of the Republic of the Marshall Islands.

The Board believes that shareholder approval of an exchange ratio range (rather than an exact exchange ratio) provides the Board with maximum flexibility to achieve the purposes of the reverse stock split. If the Shareholders approve Proposal One, the reverse stock split will be effected, if at all, only upon a determination by the Board that the reverse stock split is in the Company's and the Shareholders' best interests at that time. In connection with any determination to effect the reverse stock split, the Board, or any duly constituted committee thereof, will set the time for such a split and select a specific exchange ratio within the range. These determinations will be made by the Board with the intention to create the greatest marketability of the Company's common shares based upon prevailing market conditions at that time.

The Board reserves its right to elect not to proceed, and abandon, the reverse stock split contemplated in this Proposal One if it determines, in its sole discretion, that implementing the reverse stock split is not in the best interests of the Company and its Shareholders. If the Board elects not to proceed and abandons the reverse stock split, it will also abandon the reduction in authorized share capital contemplated in Proposal Two.

Purpose and Background of Reverse Stock Split

The purpose for seeking approval to effect the reverse stock split is to increase the market price of the Company's common shares. The Board intends to effect the proposed reverse stock split only if it believes that a decrease in the number of common shares outstanding is likely to improve the market price for the Company's common shares, and only if the implementation of a reverse stock split is determined by the Board to be in the best interests of the Company and its Shareholders.

The Company believes that the increased market price for its common shares that is expected as a result of implementing the reverse stock split will improve the marketability and liquidity of the Company's common shares and will encourage interest and trading in the Company's common shares. In addition, the Company believes that a number of institutional investors and investment funds are reluctant to invest, and in some cases may be prohibited from investing, in lower-priced stocks and that brokerage firms are reluctant to recommend lower-priced stocks to their clients. By effecting a reverse stock split, the Company believes it may be able to raise the market price of its common shares to a level where its common shares could be viewed more favorably by potential investors. Other investors may also be dissuaded from purchasing lower-priced stocks because brokerage commissions, as a percentage of the total transaction, tend to be higher for lower-priced stocks. A higher share price after a reverse stock split could alleviate this concern.

There can be no assurance that the reverse stock split, if implemented, will achieve any of the desired results. There also can be no assurance that the price per common share immediately after the reverse stock split, if implemented, will increase proportionately with the reverse stock split ratio, or that any increase will be sustained for any period of time.

Procedures for Exchange of Shares

As soon as practicable after the effective date of the reverse stock split, the Shareholders will be notified that the reverse stock split has been effected. The Company expects that its transfer agent will act as exchange agent for purposes of implementing the exchange of shares.

Shareholders holding common shares in certificated form will be sent a letter of transmittal from the exchange agent, on behalf of the Company, with instructions on how such Shareholders should surrender to the exchange agent certificates representing pre-split common shares in exchange for post-split common shares in book-entry form. No new shares will be issued to a Shareholder until such Shareholder has surrendered such Shareholder's outstanding share certificate(s) together with the properly completed and executed letter of transmittal to the exchange agent. Any pre-split common shares submitted for transfer, whether pursuant to a sale or other disposition, or otherwise, will automatically be exchanged for post-split common shares. **SHAREHOLDERS SHOULD NOT DESTROY ANY SHARE CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY CERTIFICATE(S) UNTIL REQUESTED TO DO SO.**

Shareholders holding common shares in book-entry form with the transfer agent need not take any action to receive post-split shares or cash payment in lieu of any fractional share interest, if applicable. If a Shareholder is entitled to post-split shares, a transaction statement will automatically be sent to the Shareholder's address of record indicating the number of common shares held following the reverse stock split.

Upon the reverse stock split, the Company intends to treat shares held by Shareholders in "street name" through a bank, broker or other nominee in the same manner as registered Shareholders whose shares are registered in their names. Banks, brokers or other nominees will be instructed to effect the reverse stock split for their beneficial holders holding shares in "street name." However, these banks, brokers or other nominees may have different procedures from those that apply to registered Shareholders for processing the reverse stock split and making payment for fractional shares. If a Shareholder holds shares with a bank, broker or other nominee and has any questions in this regard, Shareholders are encouraged to contact their bank, broker or other nominee.

Fractional Shares

No fractional shares will be created or issued in connection with the reverse stock split. Shareholders of record who otherwise would be entitled to receive fractional shares because they hold a number of pre-split shares not evenly divisible by the number of pre-split shares for which each post-split share is to be exchanged, will be entitled to a cash payment in lieu thereof at a price equal to the fraction to which Shareholders would otherwise be entitled multiplied by the closing price of the common shares on the last trading day prior to the effective date of the split as adjusted for the reverse stock split as appropriate or, if such price is not available, a price determined by the Board. The ownership of a fractional interest will not give the holder thereof any voting, dividend or other rights except to receive payment thereof as described herein.

Required Vote

Adoption of Proposal One requires the affirmative vote of the holders of a majority of all outstanding shares of the Company's common stock eligible to attend and vote at the Special Meeting.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF AN AMENDMENT TO THE COMPANY'S AMENDED AND RESTATED ARTICLES OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT. UNLESS REVOKED AS PROVIDED ABOVE, PROXIES RECEIVED BY MANAGEMENT WILL BE VOTED IN FAVOR OF SUCH APPROVAL UNLESS A CONTRARY VOTE IS SPECIFIED.

PROPOSAL TWO

APPROVAL OF AN AMENDMENT TO THE COMPANY'S AMENDED AND RESTATED ARTICLES OF INCORPORATION TO REDUCE THE COMPANY'S TOTAL AUTHORIZED SHARE CAPITAL, SUBJECT TO SHAREHOLDERS' APPROVAL OF PROPOSAL ONE AND THE BOARD'S IMPLEMENTATION OF THE REVERSE STOCK SPLIT

The Board has approved, and is hereby soliciting shareholder approval of, an amendment to the Company's Amended and Restated Articles of Incorporation, substantially in the form attached hereto as Exhibit II, subject to the Shareholders' approval of Proposal One and the Board's implementation of the reverse stock split, to reduce the Company's total authorized share capital, in an exact amount to be determined by the Board, or any duly constituted committee thereof, such that the aggregate number of authorized common shares available for issuance immediately following the reverse stock split shall be reduced to a number equal to 1.5 times the Company's current number of authorized common shares, as adjusted by the applicable reverse stock split ratio implemented by the Board ("Amendment Two"). The number of authorized preferred shares will remain unchanged at fifty million (50,000,000). If both Proposal One and Proposal Two are approved by the Shareholders, and the Board determines to implement the reverse stock split, the aggregate authorized share capital of the Company will be reduced from five hundred million (500,000,000) shares, consisting of four hundred fifty million (450,000,000) common shares and fifty million (50,000,000) preferred shares, to a whole number between and including (A) one hundred six million two hundred fifty thousand (106,250,000) shares, consisting of fifty-six million two hundred fifty thousand (56,250,000) common shares and fifty million (50,000,000) preferred shares, if the reverse stock split is effected at a ratio of one for twelve, and (B) three hundred eighty-seven million five hundred thousand (387,500,000) shares, consisting of three hundred thirty-seven million five hundred thousand (337,500,000) common shares and fifty million (50,000,000) preferred shares, if the reverse stock split is effected at a ratio of one for two. If both Proposal One and Proposal Two are approved by the Shareholders, and the Board determines to implement the reverse stock split, the reduction in the number of authorized share capital will become effective upon the filing and effectiveness of Amendment Two with the Registrar of Corporations of the Republic of the Marshall Islands.

Since the Company is not reducing the total authorized number of common shares under its Amended and Restated Articles of Incorporation by the same ratio as the reverse stock split, the Company will have the ability to issue a greater percentage of its common shares in relation to its outstanding common shares after the reverse stock split than it currently has. The Company believes that this reduction strikes the appropriate balance between having an unnecessarily large number of common shares available for issuance as a result of the reverse stock split and having too few common shares available for issuance, thereby limiting the Company's flexibility to, among other purposes, issue common shares to obtain additional funding.

If the Board elects not to proceed and abandons the reverse stock split contemplated in Proposal One, it will also abandon the reduction in authorized share capital contemplated in this Proposal Two.

Required Vote

Adoption of Proposal Two requires the affirmative vote of the holders of a majority of all outstanding shares of the Company's common stock eligible to attend and vote at the Special Meeting.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF AN AMENDMENT TO THE COMPANY'S AMENDED AND RESTATED ARTICLES OF INCORPORATION TO EFFECT THE REDUCTION IN THE COMPANY'S AUTHORIZED SHARE CAPITAL, IF AND WHEN THE REVERSE STOCK SPLIT IS EFFECTED. UNLESS REVOKED AS PROVIDED ABOVE, PROXIES RECEIVED BY MANAGEMENT WILL BE VOTED IN FAVOR OF SUCH APPROVAL UNLESS A CONTRARY VOTE IS SPECIFIED.

SOLICITATION

The cost of preparing and soliciting proxies will be borne by the Company. Solicitation will be made primarily by mail, but Shareholders may be solicited by telephone, e-mail, or personal contact. The Board has retained Okapi Partners LLC ("Okapi Partners") as proxy solicitor in connection with the Meeting. If you have any questions or need assistance in voting your proxy, please contact Okapi Partners at the phone number or email address listed below:

EFFECT OF ABSTENTIONS

An "abstention" occurs when a Shareholder sends in a proxy with explicit instructions to decline to vote regarding a particular matter. Abstentions are counted as present for purposes of determining a quorum. Abstentions will have the effect of voting AGAINST the Proposals.

OTHER MATTERS

No other matters are expected to be presented for action at the Special Meeting. Should any additional matter come before the Special Meeting, it is intended that proxies in the accompanying form will be voted in accordance with the judgment of the person or persons named in the proxy.

EXHIBIT I

If Proposal One is adopted by the affirmative vote of a majority of all shares entitled to vote at the Special Meeting, the Company's Amended and Restated Articles of Incorporation may be amended to include the following language in order to give effect to the reverse split of the Company's common shares.

"Effective with the commencement of business on [_____], 2015 [the first business day after filing or such other date as the Registrar of Corporations of the Republic of the Marshall Islands shall determine], the Corporation has effected a [whole number between two and twelve to be determined at the discretion of the Board of Directors] to 1 reverse stock split as to its issued and outstanding common stock, pursuant to which the number of issued and outstanding shares of common stock shall decrease from [_____] to [_____] as adjusted for the cancellation of fractional shares. The reverse stock split shall not change the par value of the common stock. The stated capital of the Corporation is hereby reduced from \$[_____] to \$[_____] as adjusted for the cancellation of the fractional shares and the amount of \$[_____] as adjusted for the cancellation of fractional shares is allocated to surplus."

EXHIBIT II

If Proposal Two is adopted by the affirmative vote of a majority of all shares entitled to vote at the Special Meeting and the Company effects the reverse stock split contemplated in Proposal One, Section "D" of the Company's Amended and Restated Articles of Incorporation may be amended and restated to effect the decrease in authorized share capital, as follows:

D. The aggregate number of shares of stock that the Corporation is authorized to issue is [_____] million ([_____] registered shares, of which [_____] ([_____] shall be designated common shares with a par value of one United States cent (U.S. \$0.01) per share, and Fifty Million (50,000,000) shall be designated preferred shares with a par value of one United States cent (U.S. \$0.01) per share. The Board of Directors shall have the authority to authorize the issuance from time to time of one or more classes of preferred shares with one or more series within any class thereof, with such voting powers, full or limited, or without voting powers and with such designations, preferences and relative, participating, optional or special rights and qualifications, limitations or restrictions thereon as shall be set forth in the resolution or resolutions adopted by the Board of Directors providing for the issuance of such preferred shares.
