Current Situation Analysis

(How are we doing?)

Background

BB&T is a fast growing, highly profitable, regional financial holding company. The core of our business was created by the merger-of-equals between BB&T and Southern National in 1995 and the acquisition of UCB in 1997. All 3 institutions 'grew up' as eastern North Carolina farm banks. This fundamental and sound heritage is reflected in our culture. BB&T was organized in 1872 and is the oldest bank in the Carolinas.

BB&T has consummated 60 acquisitions of community banks and thrifts, 53 insurance agencies, and 16 non-bank acquisitions over the last fifteen years. The employees, clients, shareholders, and board members of these institutions have considerably strengthened our organization.

BB&T Vision

***To Create The Best Financial
Institution Possible***

"The Best of The Best"

BB&T MISSION

Purpose

**Our ultimate purpose is to create
superior, long-term economic rewards
to our owners (shareholders).**

Purpose

However, we can only accomplish this purpose with excellent client relations as our clients are our source of revenues.

To have excellent client relations we must have outstanding employees to serve our clients. To attract and retain outstanding employees, we must reward them financially and create an environment where they can learn and grow.

Our economic results are significantly impacted by the success of our communities. The community's "quality of life" impacts its ability to attract industry for growth.

BB&T Values

Values are practical habits that enable us as individuals to live, be successful, and achieve happiness.

For BB&T, our Values enable us to achieve our mission and corporate purpose.

Values must be consistent (non-contradictory).

Values are important!!

BB&T Values

(1) Reality (Fact-Based):

- What is, is.

- In order to be better, we must begin by understanding what the facts are.

- Wishing something is so, does not make it so.

BB&T Values

(2) Reason (Objectivity):

- Mankind has a specific means of survival which is his ability to reason logically from the facts of reality, i.e. his capacity to think.

- Sound premises, induction, deduction, and integration are the tools of clear reasoning.

- Our concept is to make logical decisions based on the facts.

BB&T Values

(3) Independent Thinking:

- All employees are challenged to use their individual minds to their optimum to make rational decisions.

- In this context, each of us is responsible for what we do and who we are.

- Creativity is strongly encouraged and only possible with independent thought.

BB&T Values

(4) Productivity:

- We are committed to be producers of wealth and well-being by taking the actions necessary to accomplish our mission.

- The tangible evidence of our productivity is that we have allocated capital rationally through our lending and investment process and that we have provided needed services to our clients in an efficient manner resulting in superior profitability.

- At the individual level, productivity is the commitment to act.

BB&T Values

(5) Honesty:

- Being honest is simply being consistent with reality. To be dishonest is to be in conflict with reality and is therefore, self-defeating.

- We must say what we mean and mean what we say.

- We must keep our agreements.

BB&T Values

(6) Integrity:

- Because we have developed our principles logically based on reality, we will always act consistent with our principles.

- Regardless of the short-term benefits, acting inconsistent with our principles is to our long-term detriment.

- We will not compromise our principles.

BB&T Values

(7) Justice (Fairness):

- Individuals should be evaluated and rewarded objectively (for better or worse) based on their contribution to accomplishing our mission and their adherence to our values.

- Those that contribute the most should receive the most.

BB&T Values

(8) Pride:

- Pride is the psychological reward we earn from living our values, i.e. from being just, honest, having integrity, being an independent thinker, etc.

- We must perform our work in such a manner as to be able to be justly proud of what we have accomplished.

BB&T Values

(9) Self-Esteem (Self-Motivation):

- We expect our employees to earn positive self-esteem from doing their work well. We expect and want our employees to act in their rational, long-term self interest. We want employees who have strong personal goals and who expect to be able to accomplish their goals within the context of our mission.

- A necessary attribute for self-esteem is self-motivation. We have a strong work ethic. We believe that you receive from your work in proportion to how much you contribute. If you do not want to work hard, work somewhere else.

BB&T Values

(10) Teamwork/Mutual Supportiveness:

- While independent thought and strong personal goals are critically important, our work is accomplished within teams. Each of us must consistently act to achieve the agreed upon

objectives of the team with respect for our fellow employees, while acting in a mutually supportive manner.

The Role of Emotions

Emotions are important

We should train our emotions to help us achieve success and happiness

Emotions are not a means of knowledge

Concepts that Describe BB&T

(1) Client-Driven

- Our clients are our partners**
- We try to create win/win relationships**

(2) Quality-Oriented

- **Quality must be built into the process**

(3) Efficient

- **"Waste not, want not"**
 - **Design efficiency into the system**

**Financial Services
Industry**

**Incredible Rate of Change
Grow or Die**

**Financial Services Industry
5 Year Outlook**

Primary forces impacting the industry:

(1) Consolidation

- Rationalization of cost structure

- **Revenue growth via expanded products**
 - **Risk diversification**
 - **Rising economies of scale by product line**
 - **Bank/non-bank mergers/partnerships**
 - **Survival of fittest**
-

(2) Technology/Innovation

- **Changing nature of distribution system**
 - **Changing economies of scale**
 - **"Expert" systems**
 - **"Profound" client information**
 - **Internet**
-

(3) Non-Bank Competition

- Linear, efficient, technology-driven, national distributors
- Low-cost providers

(4) Regulation

- Nationwide banking (yes)
- Product diversification (yes)
- Financial services integration
- Regulatory cost disadvantage

(5) Credit, Interest Rate, and Operational Risk

- We are in the risk management business

**FINANCIAL SERVICES IS A WORLD-WIDE,
INTEGRATED, GROWTH INDUSTRY**

Outcome of Financial Industry Trends

Over the next 5 years the consolidation of the financial service industry will continue. Some of the larger aggressive acquirers

will primarily be focused on redirecting their business, while more successful acquirers will continue the acquisition process.

During this 5 year period a substantial percentage of mid sized banks (\$500 million to \$15 billion) will be acquired. There will still be many small banks, but their market share and financial performance will have declined. Small and mid-size institutions will have difficulty in affording to invest in technology, developing products, and attracting high performance employees.

Outcome of Financial Industry Trends

Some of the Financial Services giants will have refined their operating structures and will become more effective competitors. In 10 years there will be 25 or so Financial Services firms which will dominate the industry.

The winners will be those companies with rational strategies, superior processes and exceptional executional abilities. Due to these attributes, these winners will have superior revenue and earnings per share (EPS) growth and outstanding return on equity (ROE.)

BB&T Will Be A Winner!

BB&T's Long-Term Strategy

Our Goal

Create a high-performance financial services organization that can survive and prosper in a rapidly changing, highly competitive, globally integrated environment

CREATE THE BEST FINANCIAL INSTITUTION POSSIBLE

Achieving Our Goal

The key to maximizing our probability of being both independent and prosperous over the long term is to create a superior Cash Basis Earnings Per Share Growth Rate without sacrificing the fundamental quality and long-term competitiveness of our business, nor taking unreasonable risk.

Achieving Our Goal

While being fundamentally efficient is critical, the 'easy' way to rapid CB EPS growth is to artificially cut cost; however, not investing for the future is long-term suicide, as it destroys our capability to compete.

The intelligent process to achieve superior CB EPS growth is to grow revenues by providing (and selling) superior-quality service while systematically enhancing our margins, improving our efficiency, expanding our profitable product offerings, and creating more effective distribution channels.

BB&T Long-Term Strategy

Superior-Balanced Performance

- (1) Client-driven - Have a passion for consistently providing the client with better value through rational innovation and productivity improvement**
 - (2) Rational risk taking and exceptional risk management**
 - (3) Superior earnings growth**
 - (4) Targeted and consistent investments for the future**
-

BB&T Long-Term Strategy

(1) Client-driven

- Reliable**
- Responsive**
- Empathetic**

- **Competent**
 - **Right products to meet needs**
 - **Convenience of location and time (correct distribution channels)**
 - **"Profound" knowledge of the client**
-

BB&T Long-Term Strategy

(1) Client-driven (continued)

- **Communicate to the client that:**

We want your business

**We are committed to make it easy to do business with
BB&T**

- **Consistently meet or exceed the client's reasonable expectations**

TREAT THE CLIENT AS AN INDIVIDUAL!

BB&T Long-Term Strategy

Client-Driven

"Community Bank" concept is the foundation for local decision-making and the basis for responsive, reliable, and empathetic client service.

BB&T Long-Term Strategy

(2) Rational risk taking and exceptional risk management

- Conservative risk taking philosophy**
- Sophisticated risk management systems**
- Diversification of risk**

- Objectivity in risk assessment

BB&T Long-Term Strategy

Results of Risk Management Strategy

Less than peer net loan losses and non-performing assets

Solid core funding

Excellent liquidity

Balanced interest rate risk position

Controlled operating risk

Strong capital position

- Leverage Capital ratio 7.0% to 8.0%

BB&T Long-Term Strategy

(3) Superior earnings growth

- Achieve superior revenue growth

Grow net interest income at 8% to 12% rate

- Grow loans (8% to 12%)**
 - Grow "core" deposits (5% to 8%)**
 - Grow noninterest income at 25%+ (including purchase acquisitions)**
 - Increase services owned per client**
 - 40% of clients with 5 or more services within 5 years**
 - Target profitable products at profitable clients**
-

BB&T Long-Term Strategy

- Create strong margins**
 - Sell quality not price ("our products at our prices")**
 - Focus on most profitable product lines**
 - Develop most profitable client relationships**
 - Exercise pricing discipline**
-

BB&T Long-Term Strategy

- **Outstanding efficiency**
 - Manage "daily" costs aggressively**
 - Consistently re-examine systems and processes for improvement**
 - Control loan losses**
 - Operate with lean but well trained and highly motivated staff**

Results

Cash Basis Efficiency ratio 45%

BB&T Long-Term Strategy

Long-Term Financial Goals

Cash Basis earnings per share growth rate	12%+
Cash Basis return on equity	22%+
Cash Basis return on assets	1.65%+
Book value per share growth rate	10%+
Dividend per share growth rate	10%+

While all goals are significant and interrelated, these objectives are listed in order of importance. The ultimate objective is to optimize long-term total return to shareholders.

BB&T Long-Term Strategy

(4) Targeted and consistent investments for the future

- Invest in employee education to create a "knowledge-based learning organization" founded on the premise that knowledge properly applied is the source of competitive advantage

Systematized learning based on Aristotle's concept "Excellence is an art won by training and habituation"

BB&T Long-Term Strategy

- Have a fundamental commitment to innovation: Technological investment is a part of innovation, but process enhancements are often more significant

- Create new products/product lines and distribution

channels to meet additional needs of existing clients and to develop new client relationships

BB&T Long-Term Strategy

- **Develop information systems to:**
 - Identify revenue enhancement opportunities**
 - Improve service quality**
 - Reduce cost**
 - Manage risk**
 - Make managerial decisions**
 - **Open new markets through traditional or non-traditional distribution systems where growth rates are superior and risks are manageable**
-

BB&T Long-Term Strategy

- Make acquisitions to achieve business purposes

During the next 2 to 3 years we will focus on Bank and Thrift acquisitions to enhance our market share in our existing footprint (NC, SC, GA, VA, MD, DC, TN, KY and WV) and the contiguous states of OH and FL

BB&T Long-Term Strategy

- Non-bank acquisitions to grow existing product lines and expand into related financial businesses:

Insurance

Mortgage

Asset

Management

Leasing

Consumer Finance

Commercial Finance

Investment Banking

Processing/Technology*

*Grow Internally

BB&T Long-Term Strategy
