Director Independence

The Board of Directors has determined each of the following directors to be an "independent director" as defined in Rule 4200(a)(15) of the listing standards of the National Association of Securities Dealers ("the NASD listing standards"): E. Bruce Fredrikson, Charles Zabatta, Abraham Biderman, Phillip Ort and Shaya Sofer.

Controlled Company Exemption

The Company is a Controlled Company as defined in NASDAQ's Stock Market Rule 4350(c)(5) as the Company is owned more than 50% by one individual. Accordingly, a majority of independent directors is not required to serve on the Company's Board of Directors.

6

Meetings of the Board of Directors

The Board of Directors held four meetings during the year ended December 31, 2003. During 2003, each director attended in excess of 75% of both (i) the total number of board meetings held during the period for which he was a director and (ii) the total number of meetings of each committee of the board on which the director served during the period for which he was on the committee. The Company does not have a policy requiring incumbent directors and director nominees to attend the Company's annual meeting of stockholders. Six incumbent directors attended last year's annual meeting.

Audit Committee

The Company has a separately designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. Serving on the Committee are Dr. E. Bruce Fredrikson, Abraham Biderman and Charles Zabatta. The Board of Directors has determined that it has an audit committee financial expert serving on the audit committee, Abraham Biderman. Mr. Biderman is an independent director as defined in Item 7(d)(3)(iv) of

Schedule 14A. The function of the Audit Committee is to make recommendations concerning the selection each year of independent auditors of the Company, to review the effectiveness of the Company's internal accounting methods and procedures, to consider whether the principal accountant's provision of non-audit services is compatible with maintaining the principal accountant's independence and to determine through discussions with the independent auditors whether any instructions or limitations have been placed upon them in connection with the scope of their audit or its implementation. The Audit Committee met four times during 2003. The Board of Directors has determined that the members of the Audit Committee are "independent" as defined in NASDAQ Stock Market's Marketplace Rule 4200. A copy of the amended and restated charter of the Audit Committee adopted by the Audit Committee on June 4, 2004 is attached hereto as Exhibit A.

The Board of Directors does not have a Compensation Committee. In accordance with NASDAQ Stock Market's Marketplace Rule 4200, a majority of "independent" directors is required to recommend and approve the compensation of executive officers.

The Company does not have a standing Nominating Committee. Due to the size of the Company and the resulting efficiency of a Board of Directors that is also limited in size, as well as the lack of turnover in the Company's Board of Directors, the Board of Directors has determined that it is not necessary or appropriate at this time to establish a separate Nominating Committee. Potential candidates are discussed by the entire Board of Directors, and director nominees are selected by Board of Director resolution subject to the recommendation of a majority of the independent directors. All of the nominees recommended for election to the Board of Directors at the Annual Meeting are directors standing for re-election. Although the Board of Directors has not established any minimum qualifications for director candidates, when considering potential director candidates, the Board considers the candidate's character, judgment, diversity, skills, including financial literacy, and experience in the context of the needs of the Company and the Board of Directors. In 2003 the Company did not pay any fees to any third party to assist in identifying or evaluating potential nominees.

The Board of Directors will consider director candidates recommended by the Company's stockholders in a similar manner as those recommended by members of management or other directors, provided the stockholder submitting such nomination has provided such recommendation on a timely basis as described in "Proposals of Stockholders" below. To date, the Company has not received any recommended nominees from any non-management stockholder or group of stockholders that beneficially owns five percent of its voting stock.

Report of the Audit Committee

The following report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

The responsibilities of the Audit Committee, which are set forth in the Audit Committee Charter, include providing oversight to the Company's financial reporting process through periodic meetings with the Company's independent accountants and management to review accounting, auditing, internal controls and financial reporting matters. The Audit Committee is also responsible for the appointment, compensation and oversight of the Company's independent auditors. The management of the Company is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The Audit Committee, in carrying out its role, relies on the Company's senior management, including senior financial management, and its independent accountants.

The Audit Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the Audit Committee's charter. To carry out its responsibilities, the Audit Committee met four times during fiscal 2003.

The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities relating to the quality and integrity of the Company's financial reports and financial reporting processes and systems of internal controls. Management of the Company has primary responsibility for the Company's financial statements and the overall reporting process, including maintenance of the Company's system of internal controls. The Company retains independent auditors who are responsible for conducting an independent audit of the Company's financial statements, in accordance with generally accepted auditing standards, and issuing a report thereon.

8

In performing its duties, the Audit Committee has reviewed and discussed the audited financial statements with management and the Company's independent auditors. The Audit Committee has also discussed with the Company's independent auditors, the matters required to be discussed by Statement of Auditing Standards ("SAS") No. 61, "Communications with Audit Committee." SAS No. 61 requires the independent auditors to provide the Audit Committee with additional information regarding the scope and results of their audit of the Company's financial statements, including with respect to (i) their responsibility under auditing standards generally accepted in the United States of America, (ii) significant accounting policies, (iii) management judgments and estimates, (iv) any significant audit adjustments, (v) any disagreements with management, and (vi) any difficulties encountered in performing the audit. In addition, the Audit Committee received written disclosures and the letter from the independent auditors required by Independence Standards Board Statement No. 1, "Independence Discussions with Audit Committees." The independent auditors have discussed its independence with the Audit Committee, and has confirmed to us that, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws.

On the basis of the foregoing reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003, for filing with the Securities and Exchange Commission. The Audit Committee has also recommended, subject to shareholder approval, the selection of the Company's independent auditors.
