CASH OFFER
BY
ECHO PHARMA ACQUISITION LIMITED
FOR
ELAN CORPORATION, PLC

Summary

Royalty Pharma announces firm Offer for Elan.

Offer Price of up to US\$12.00 per Elan Share and Elan ADS, depending on the outcome of the Dutch Auction.

Offer Price of US\$12.00 per Elan Share will be payable if the Dutch Auction Strike Price is US\$11.75 or US\$12.00.

Offer is fully financed, cash confirmed and not conditional on due diligence.

A US\$12.00 Offer Price represents a 23% increase over the enterprise value of Royalty Pharma's initial Proposal

Offer provides what Royalty Pharma believes is full and fair value to Elan Stockholders for all of their Elan Stock today.

Royalty Pharma is disciplined in its approach to evaluating and acquiring Elan.

Offer consideration will consist entirely of cash provided Elan makes certain confirmations as to the level of its net cash; otherwise, the cash consideration will be up to US\$11.00 per Elan Share and Elan ADS plus one Net Cash Right² worth up to US\$1.00 per Elan Share and Elan ADS.

In order to obtain cash for the full amount of the Offer in the shortest time frame, Elan Stockholders should encourage their Board to immediately engage with Royalty Pharma with a view to achieving a recommended offer.

A presentation summarising the compelling value proposition of the Offer is available at www.royaltypharma.com.

¹ Enterprise value of US\$3,561 million set out in Royalty Pharma's Rule 2.4 announcement of 6 March 2013.

² Each Net Cash Right shall have a value of between zero and US\$1.00, determined with reference to Elan Net Cash, in the manner set out in section 6 of this announcement.

The Board of Echo Pharma Acquisition Limited (**Royalty Pharma**) today announces the terms of an offer (the **Offer**) for the entire issued and to be issued share capital of Elan Corporation, plc (**Elan**).

The Offer Price is:

US\$12.00* per Elan Share (including each Elan Share represented by an Elan ADS) if the Dutch Auction Strike Price is US\$11.75 or US\$12.00;

US\$11.50* per Elan Share (including each Elan Share represented by an Elan ADS) if the Dutch Auction Strike Price is US\$11.50;

US\$11.25* per Elan Share (including each Elan Share represented by an Elan ADS) if the Dutch Auction Strike Price is US\$11.25;

US\$11.00* per Elan Share (including each Elan Share represented by an Elan ADS) if: (i) the Dutch Auction Strike Price is greater than US\$12.00 and less than or equal to US\$13.00; (ii) the closing date of the Dutch Auction is extended from that set out in the Dutch Auction Circular; or (iii) the Dutch Auction is cancelled; and

set by reference to the Offer Price Adjustment Formula in Appendix VIII if Permitted Amendments to the terms of the Dutch Auction are made.

** The consideration paid pursuant to the Offer will be cash, unless Elan fails to satisfy the Elan Balance Sheet Confirmation Requirement, in which case the initial cash component will be US\$1.00 less and one Net Cash Right³ worth up to US\$1.00 will be issued for each Elan Share (including each Elan Share represented by an Elan ADS).*

There is currently no certainty as to the outcome of the Dutch Auction, including on:

the Dutch Auction Strike Price; and

whether a sufficient amount of Elan Stock will be tendered to enable Elan to spend US\$1 billion on the repurchase of Elan Stock.

In addition, Royalty Pharma has not been provided with due diligence material to enable it to verify the Elan Net Cash.

Given these uncertainties, Royalty Pharma has structured its Offer such that the Offer Price is dependent upon the outcome of the Dutch Auction and the form of consideration is dependent on satisfaction of the Elan Balance Sheet Confirmation Requirement.

It is a fundamental condition of the Offer that, save for Permitted Amendments, the terms of the Dutch Auction are not varied or amended from those set out in the Dutch Auction Circular (and, in particular, that the date on which completion of the Dutch Auction is to occur is not extended to a date which is later than 25 days following the posting of the Offer Document).

Royalty Pharma believes that the Dutch Auction Strike Price range was set artificially high by Elan as a defensive tactic that, were Royalty Pharma's Offer not to succeed, would transfer value away

³ Each Net Cash Right shall have a value of between zero and US\$1.00, determined with reference to Elan Net Cash, in the manner set out in section 6 of this announcement.

from Elan Stockholders who do not participate in the Dutch Auction. Royalty Pharma urges Elan Stockholders to send a message to the Elan Board by tendering all of their Elan Stock in the Dutch Auction at US\$11.75 or US\$12.00, which would result in a US\$12.00 Offer Price from Royalty Pharma, and by demanding that the Elan Board immediately engages with Royalty Pharma with a view to the recommendation of this Offer.

Given the amount of cash on Elan's balance sheet relative to the rest of Elan's assets, Elan Net Cash is very material to the Offer. Therefore, Royalty Pharma is asking Elan to confirm the Elan Net Cash position through the Elan Balance Sheet Confirmation Requirement (described in section 5 of this announcement). Elan management is best placed to respond on behalf of Elan Stockholders to what Royalty Pharma believes is a straightforward request.

If the Elan Balance Sheet Confirmation Requirement is satisfied, the Offer consideration will be satisfied wholly in cash.

If Elan does not satisfy the Elan Balance Sheet Confirmation Requirement, then:

the cash component of the Offer consideration will be the Offer Price less US\$1.00; and

Elan Stockholders will also receive a Net Cash Right entitling them to receive a further payment of up to US\$1.00 per Elan Share (including each Elan Share represented by an Elan ADS), dependent on the actual Elan Net Cash. Further details of the Net Cash Rights are as set out in section 6 of this announcement.

In the event that the Net Cash Rights are issued, each Net Cash Right will have a minimum value of zero and a maximum value of US\$1.00. Royalty Pharma expresses no opinion on the likely value of the Net Cash Rights.

Royalty Pharma believes Elan Stockholders will welcome the Offer, as an alternative to the high risk strategy outlined by Elan's management.

Royalty Pharma believes that the Offer is compelling given that:

a US\$12.00 Offer Price represents a premium of 39% to the Undisturbed Elan Enterprise Value;

Royalty Pharma believes that a US\$12.00 Offer Price puts a US\$4.4 billion value on the Tysabri Royalty, which represents a US\$0.8 billion or 23% increase from the Proposal Enterprise Value;

Royalty Pharma believes that a US\$12.00 Offer Price attributes a value to the Tysabri Royalty at a premium of approximately 35% to the valuation implied by the terms of the Tysabri Transaction;

the Offer Price represents what Royalty Pharma believes are highly compelling P/E and EV/EBITDA multiples;

the Offer provides the opportunity for 100% liquidity allowing Elan Stockholders to receive a full and fair value for all of their Elan Stock in cash (assuming that the Elan Balance Sheet Confirmation Requirement, described in section 5 of this announcement, is satisfied); and

the Offer is fully financed, cash confirmed and is not conditional on due diligence.

In contrast to the certainty available to Elan Stockholders through the Offer, Royalty Pharma believes that Elan management's standalone strategy is high risk. Royalty Pharma believes Elan's management team is potentially returning an average of less than US\$1.70⁴ per Elan Share and per Elan ADS through the Dutch Auction, while asking for free rein to spend a potential US\$4.4 billion⁵ war chest on an unknown mix of companies and products despite Royalty Pharma's belief that:

Elan has no operating assets that would enable it to derive synergies through acquisitions;

Elan's current senior management team lacks a successful track record in making acquisitions or in-licensing late stage products at Elan;

it will be very difficult for Elan to acquire companies/products at valuations that support a share price in excess of US\$12.00; and

following the completion of the Tysabri Transaction, Elan has little or no strategic value and the field of likely acquirers of Elan has narrowed sharply.

Royalty Pharma believes that the risks to the Elan Stock Price would be significant in the event that Royalty Pharma's Offer is unsuccessful or lapses. Based on the Undisturbed Elan Stock Price of US\$10.35, the value transferred away from remaining Elan Stockholders in the Dutch Auction would imply an Elan Stock Price of between US\$9.73 and US\$9.95⁶.

The Offer will be financed through a combination of existing resources available to RPIFT and new credit facilities arranged by Merrill Lynch, Pierce, Fenner & Smith Incorporated and J.P. Morgan Securities. J.P. Morgan Cazenove and BofA Merrill Lynch, as financial advisors to Royalty Pharma, are satisfied that sufficient resources are available to Royalty Pharma to satisfy full acceptance of the Offer.

The Offer is conditional upon, among other things, (1) Royalty Pharma receiving valid acceptances in respect of such number of Elan Shares (including Elan Shares represented by Elan ADSs) representing not less than 90% of the entire issued and to be issued shares in Elan (determined on a fully diluted basis), (2) there being no disposal of any interest in, or the creation of any encumbrance over, the Tysabri Royalty, (3) there being no breach or termination, or threat to terminate, the Tysabri Transaction Agreement, (4) save for Permitted Amendments, there being no variation or amendment to the terms of the Dutch Auction, (5) Elan's deferred tax assets continuing to be available to offset in full any taxable income arising in connection with the receipt of the Tysabri Consideration, (6) all Regulatory Approvals remaining in place, (7) there being no share buyback (other than the Dutch Auction), redemption or reduction of share capital, (8) there being no distributions or dividends after the date of this announcement, (9) there being no acquisitions or disposals, joint ventures or similar transactions, (10) Elan taking no frustrating action (within the meaning of Rule 21 of the Irish Takeover Rules) and (11) no resolution being

⁴ US\$1 billion spent pursuant to the Dutch Auction divided by total voting rights of Elan of 599 million shares as at 12 April 2013

⁵ The amount of funds that Elan has not said will be returned to Elan Stockholders, calculated as 80% of the Undisturbed Elan Enterprise Value (with 20% of the Undisturbed Elan Enterprise Value assumed to reflect the current Tysabri-related dividend structure, based on the assumption that the Undisturbed Elan Enterprise Value represents the value of the Tysabri Royalty) plus Elan net cash of US\$1.9 billion (assuming the Dutch Auction is subscribed in full).

⁶ Assumes that the Elan equity value, based on the Undisturbed Elan Stock Price, is decreased by expenditure of US\$1,125 million on the Dutch Auction inclusive of related transaction fees and the costs associated with redeeming the 2019 Notes; divided by the number of shares outstanding in Elan following the Dutch Auction (assuming that it is fully subscribed, that the Dutch Auction Strike Price is \$11.25 to \$13.00, and that therefore between 76.9 and 88.9 million shares are repurchased).

passed at a shareholder meeting of Elan to approve any transaction for the purposes of Rule 21 of the Irish Takeover Rules (excluding for these purposes the Dutch Auction).

Commenting on the Offer, Pablo Legorreta, Chief Executive Officer of RP Management said:

This announcement demonstrates our commitment to providing a full and fair offer to Elan's shareholders today. We believe that Elan's shareholders will welcome this fully financed cash Offer.

Elan today consists of cash and a royalty on Tysabri. Royalty Pharma has over 15 years of experience valuing royalties on pharmaceutical products. Based on our analysis of Elan's Tysabri royalty and the implied valuation of Elan's economics in Tysabri reflected in Elan's recent transaction with Biogen, we believe that our Offer represents a full and fair value for Elan. We remain hopeful that the Board of Elan will consider our Offer and recommend it to its shareholders. In order to obtain the full amount of our Offer in cash in the shortest time frame, Elan's shareholders should encourage Elan's board to engage immediately with Royalty Pharma.

CASH OFFER
BY
ECHO PHARMA ACQUISITION LIMITED
FOR
ELAN CORPORATION, PLC

1. Introduction

On 18 February 2013, RP Management contacted the Chairman of the Board of Elan, and a meeting took place on 20 February 2013 between representatives of RP Management and Elan, at which RP Management presented a proposal to Elan to acquire the entire issued and to be issued share capital of Elan.

On 25 February 2013, RP Management issued an announcement that it had made an indicative offer to acquire the entire issued and to be issued share capital of Elan at a price of US\$11.00 per Elan Share (including Elan Shares represented by Elan ADSs). The Proposal was subject to a number of pre-conditions, which have not been satisfied.

Royalty Pharma has offered on several occasions to have constructive dialogue with Elan on the Proposal. Elan has refused to respond to those offers. Royalty Pharma is disappointed that the Board of Elan has not engaged with it or allowed it to conduct a limited and customary due diligence review. As a result, Royalty Pharma has been forced to make its Offer solely on the basis of publicly available information. Given no access to due diligence and the uncertainties introduced by the Dutch Auction, Royalty Pharma has structured its Offer such that the Offer Price is dependent upon the outcome of the Dutch Auction and the form of consideration is dependent on the Elan Balance Sheet Confirmation Requirement.

2. The Offer

The Board of Echo Pharma Acquisition Limited (**Royalty Pharma**) today announces the terms of an offer (the **Offer**) for the entire issued and to be issued share capital of Elan Corporation, plc (**Elan**).

The Offer Price is:

US\$12.00* per Elan Share (including each Elan Share represented by an Elan ADS) if the Dutch Auction Strike Price is US\$11.75 or US\$12.00;

US\$11.50* per Elan Share (including each Elan Share represented by an Elan ADS) if the Dutch Auction Strike Price is US\$11.50;

US\$11.25* per Elan Share (including each Elan Share represented by an Elan ADS) if the Dutch Auction Strike Price is US\$11.25;

US\$11.00* per Elan Share (including each Elan Share represented by an Elan ADS) if: (i) the Dutch Auction Strike Price is greater than US\$12.00 and less than or equal to US\$13.00; (ii) the closing date of the Dutch Auction is extended from that set out in the Dutch Auction Circular; or (iii) the Dutch Auction is cancelled; and

set by reference to the Offer Price Adjustment Formula in Appendix VIII if Permitted Amendments to the terms of the Dutch Auction are made.

** The consideration paid pursuant to the Offer will be cash, unless Elan fails to satisfy the Elan Balance Sheet Confirmation Requirement, in which case the initial cash component will be US\$1.00 less and one Net Cash Right⁷ worth up to US\$1.00 will be issued for each Elan Share (including each Elan Share represented by an Elan ADS).*

There is currently no certainty as to the outcome of the Dutch Auction, including on:

the Dutch Auction Strike Price; and

whether a sufficient amount of Elan Stock will be tendered to enable Elan to spend US\$1 billion on the repurchase of Elan Stock.

Given the amount of cash on Elan's balance sheet relative to the rest of Elan's assets, Royalty Pharma requires certainty as to the amount of Elan Net Cash. Therefore, Royalty Pharma is asking Elan to confirm the Elan Net Cash position through the Elan Balance Sheet Confirmation Requirement (described in section 5 of this announcement). Elan management is best placed to respond on behalf of Elan Stockholders to this straightforward request.

If Elan does not satisfy the Elan Balance Sheet Confirmation Requirement, then:

the cash component of the Offer consideration will be the Offer Price less US\$1.00; and

Elan Stockholders will also receive Net Cash Rights entitling them to receive a further payment of up to US\$1.00 per Elan Share (including each Elan Share represented by an Elan ADS), dependent on the actual amount of Elan Net Cash. Further details of the Net Cash Rights are set out in section 6 of this announcement.

The Offer allows Elan Stockholders to receive what Royalty Pharma believes is a full and fair value for all of their Elan Stock in cash today.

The Offer will be made at the Offer Price subject to the conditions and certain further terms set out in Appendix I, and to be set out in the Offer Document. The Offer will also be subject to the further terms to be set out in the Offer Document and the Acceptance Documents.

The Elan Shares (including Elan Shares represented by Elan ADSs) are to be acquired pursuant to the Offer fully paid and free from all Encumbrances and together with all rights now or hereafter attaching thereto including without limitation voting rights and the right to receive and retain in full all dividends and other distributions (if any) declared, made or paid, or any other return of capital

⁷ Each Net Cash Right shall have a value of between zero and US\$1.00, determined with reference to Elan Net Cash, in the manner set out in section 6 of this announcement.

(whether by reduction of share capital or share premium account or otherwise) made on or after the date of this announcement. Accordingly Royalty Pharma reserves the right to reduce (subject to the consent of the Irish Takeover Panel, if required) the Offer consideration, through an appropriate mechanism, in the event that any such dividends or distributions are declared.

The Offer will not extend to any Elan Shares (including Elan Shares represented by Elan ADSs) which are acquired by Elan pursuant to the Dutch Auction, which are cancelled after the date the Offer is made or which are held, or become held as treasury shares.

3. Royalty Pharma's perspectives on the Dutch Auction

Royalty Pharma believes that Elan management set the Dutch Auction Strike Price range artificially high as a defensive tactic to frustrate Royalty Pharma's intentions. Royalty Pharma believes that this artificially high price range transfers value away from remaining Elan Stockholders absent the Royalty Pharma Offer.

To create value, companies normally repurchase shares at, or near to, the undisturbed share price. In precedent Dutch auctions undertaken in the past two years, the range has been from a 2.4% discount to a 9.6% premium⁸.

Elan's Dutch Auction Strike Price range of US\$11.25 to US\$13.00 represents a premium of 9% to 26% to the Undisturbed Elan Stock Price and a premium of 22% to 41% when significant expenses are factored into the calculation (US\$120 million related to the redemption of the 2019 Notes and US\$5 million of transaction fees related to the Dutch Auction). These significant expenses add 13% to the cost of the Dutch Auction and cost Elan Stockholders US\$0.24 per share⁹.

Royalty Pharma believes that the Dutch Auction and takeover speculation have temporarily increased the Elan Stock Price, but have no impact on the fundamental value of Elan's assets, which consist primarily of cash and the Tysabri Royalty.

Even in the event that the Dutch Auction is subscribed in full, it will only result in the repurchase by Elan of 13% to 15% of Elan Stock. In contrast, Royalty Pharma's Offer provides liquidity for all Elan Stock.

Impact of Offer structure on Dutch Auction

If successful, Royalty Pharma's Offer enables Elan Stockholders to achieve full liquidity post the Dutch Auction.

Royalty Pharma believes that its Offer provides Elan Stockholders with a strong incentive to tender all their Elan Stock at US\$11.75 or US\$12.00 in the Dutch Auction as this should maximise overall value received as they will receive:

US\$11.75 or US\$12.00 per share repurchased by Elan under the Dutch Auction (assuming that the Dutch Auction Strike Price is in that range); and

⁸ Range of premia/discounts based on the precedent Dutch auctions that have taken place since 1 April 2011 in the United States.

⁹ Based on the number of Elan Shares (including Elan Shares represented by Elan ADSs) that would be in issue following the Dutch Auction, assuming that the Dutch Auction is subscribed in full and the Dutch Auction Strike Price is US\$12.00.

US\$12.00 per share in respect of which they accept Royalty Pharma's Offer thereafter (in the event that the Offer completes and the Elan Balance Sheet Confirmation Requirement is satisfied).

4. Compelling Reasons for Acceptance

Royalty Pharma believes that the Offer is compelling given that:

A US\$12.00 Offer Price represents a premium of 39% to the Undisturbed Elan Enterprise Value;

Royalty Pharma believes that a US\$12.00 Offer Price ascribes a US\$4.4 billion value to the Tysabri Royalty, which represents a US\$0.8 billion or 23% increase from the Proposal Enterprise Value;

Royalty Pharma believes that a US\$12.00 Offer Price attributes a value to the Tysabri Royalty at a premium of approximately 35% to the valuation implied by the terms of the Tysabri Transaction;

the Offer Price represents what Royalty Pharma believes are highly compelling P/E and EV/EBITDA multiples;

the Offer provides the opportunity for 100% liquidity allowing Elan Stockholders to receive a full and fair value for all of their Elan Stock in cash today; and

the Offer is fully financed, cash confirmed and is not conditional on due diligence.

Royalty Pharma believes that, absent the Royalty Pharma Offer, the Elan Stock Price is likely to trade below the Undisturbed Elan Stock Price following the Dutch Auction.

Royalty Pharma believes that Elan Stockholders are starting to vote with their feet. Six of the ten largest Elan Stockholders have been net sellers of Elan Stock since the start of the Offer Period at below US\$12.00 per share, with three of these stockholders having sold between 14% and 23% of their holdings. Several investors, who Royalty Pharma believes to be event driven, have also started to take positions.

Royalty Pharma's Proposal delivers a full and fair value for all Elan Stock today

Royalty Pharma believes that the Offer provides Elan Stockholders with a compelling opportunity to realise full value for their Elan Stock in cash today. In the event that the Offer completes, the uncertainty for Elan Stockholders associated with Elan's acquisition strategy and a senior management team without a successful track record of making acquisitions or in-licensing late stage products at Elan, would be eliminated.

In the event that the Offer lapses or is unsuccessful, Elan Stockholders will have very little certainty around capital returns other than:

through the Dutch Auction which, even if subscribed in full, will only result in the repurchase by Elan of 13% to 15% of Elan Stock; and

through Elan's announced dividend policy which will only return a modest value over the long term of 20% of the annual cash flows accruing from the Tysabri Royalty to Elan Stockholders, and which the Elan Board may elect to discontinue at any time.

Higher value apportioned to the Tysabri Royalty than that implied by the Tysabri Transaction

Royalty Pharma believes that it is offering Elan Stockholders a value for the Tysabri Royalty that is substantially higher than the value implied by the Tysabri Transaction, which completed recently. At a \$12.00 Offer Price, the Offer ascribes a US\$4.4 billion value to the Tysabri Royalty (assuming minimal net value ascribed to Elan's assets and liabilities other than the Tysabri Royalty and its net cash position).

Royalty Pharma believes that Elan sold approximately 50% of its interest in Tysabri to Biogen in the Tysabri Transaction. This would imply a residual value of US\$3.25 billion for the retained Tysabri Royalty¹⁰.

Royalty Pharma therefore believes that its Offer Enterprise Value is at a premium of approximately 35% to the valuation implied by the terms of the Tysabri Transaction.

This is despite the fact that after the first anniversary of the agreement with Biogen, the tiered Tysabri Royalty structure allocates more value to Biogen on the lower risk cash flows accruing from Tysabri (the first US\$2 billion of annual sales from the drug) and makes the value accruing to Elan more dependent on the higher risk cash flows (the incremental annual sales from the drug above US\$2 billion).

Royalty Pharma believes that the Tysabri Transaction broke the Elan investment thesis for some investors.

Offer is at a compelling valuation

A US\$12.00 Royalty Pharma Offer Price represents:

a premium of 39% to the Undisturbed Elan Enterprise Value;

16x 2015E Broker Projected EBITDA;

31x¹¹ 2015E Broker Projected Earnings Per Share; and

The Offer Price range of US\$11.00 to US\$12.00 represents a premium of 4% to 13% to the closing price of US\$10.60 for Elan ADSs on the New York Stock Exchange on 22 February 2013, being the last trading day prior to commencement of the Offer Period.

Elan management's high risk strategy

In contrast to the certainty available to Elan Stockholders through the Offer, Royalty Pharma believes that Elan's standalone strategy is high risk given that:

the Dutch Auction shall result in Elan Stockholders potentially receiving an average of less than US\$1.70 per Elan Share and per Elan ADS in cash¹²;

¹⁰ Details of calculation methodology set out in Royalty Pharma's Rule 2.4 announcement of 6 March 2013.

¹¹ Multiple adjusted to reflect impact of fully subscribed Dutch Auction at US\$12.00 Dutch Auction Strike Price on number of shares outstanding.

¹² US\$1 billion spent pursuant to the Dutch Auction divided by total voting rights of Elan of 599 million shares as at 12 April 2013.

Elan's management team is asking for free rein to spend a potential US\$4.4¹³ billion war chest on an unknown mix of companies and products;

Elan has no operating assets that would enable Elan to derive synergies through transactions;

Elan's current senior management team lacks a successful track record in making acquisitions or in-licensing late stage products at Elan; and

Royalty Pharma believes that Elan will face significant difficulty in acquiring companies/products at valuations that support an Elan Stock Price in excess of US\$12.00.

Elan unlikely to be of strategic interest to potential acquirers following the Tysabri Transaction

Following the completion of the Tysabri Transaction, Royalty Pharma believes that the field of likely acquirers of Elan will narrow sharply and it is likely that the only investors that will be interested in acquiring Elan would be financial buyers, such as Royalty Pharma. Royalty Pharma believes that there are a limited number of such buyers, with an interest and expertise in acquiring drug royalties and the ability to finance a transaction of this size.

As the world's largest investor in pharmaceutical royalties, Royalty Pharma believes that it may be the only potential buyer capable of acquiring the whole of Elan.

5. The Elan Balance Sheet Confirmation Requirement

Given the amount of cash on Elan's balance sheet relative to the rest of Elan's assets, Royalty Pharma requires certainty as to the level of the Elan Net Cash. Given Royalty Pharma has not been provided with due diligence material to enable it to verify the Elan Net Cash position, Royalty Pharma is asking Elan to confirm the Elan Net Cash position through the Elan Balance Sheet Confirmation Requirement (described below).

Elan management is best placed to respond on behalf of Elan Stockholders to what Royalty Pharma believes is a straightforward request. If this requirement is satisfied, the Offer consideration will be satisfied wholly in cash.

Background

As a result of the Board of Elan's continuing refusal to provide Royalty Pharma with access to due diligence, Royalty Pharma has been forced to make the Offer solely on the basis of publicly available information. Consequently, Royalty Pharma has not been able to confirm the actual level of Elan Net Cash and the nature of certain liabilities of Elan that may result in a material reduction in the level of Elan Net Cash.

Following the completion of the Tysabri Transaction, Elan announced on 2 April 2013 that it had received US\$3.25 billion in cash from Biogen (constituting 52% of the Undisturbed Elan Equity Value). The Elan Net Cash position is therefore of material significance in the context of Elan, and Royalty Pharma requires a reasonable level of certainty around the Elan Net Cash position. Without this certainty, a portion of the consideration under the Offer will be satisfied in Net Cash Rights as described in section 6 of this announcement.

¹³ The amount of funds that Elan has not said will be returned to Elan Stockholders, calculated as 80% of the Undisturbed Elan Enterprise Value (with 20% of the Undisturbed Elan Enterprise Value assumed to reflect the current Tysabri-related dividend structure, based on the assumption that the Undisturbed Elan Enterprise Value represents the value of the Tysabri Royalty) plus Elan net cash of US\$1.9 billion (assuming the Dutch Auction is subscribed in full).

The Elan Balance Sheet Confirmation Requirement

The Offer provides that Elan Stockholders will receive the entire Offer Price in cash if the Elan Balance Sheet Confirmation Requirement is satisfied. The Elan Balance Sheet Confirmation Requirement shall be considered to have been satisfied if, on a Relevant Date, **both**:

Elan makes a Public Balance Sheet Confirmation Announcement or issues a Private Balance Sheet Confirmation Letter stating the amount of Elan Net Cash as at the Cash Testing Date and confirming that the Board of Elan has no reason to believe that there has been any material reduction in the Elan Net Cash since the Cash Testing Date and that it has no reason to believe that there will be any material reduction in the Elan Net Cash in the 20 Business Days following the Relevant Date; and

the Elan Net Cash as so announced or confirmed is greater than or equal to the Elan Net Cash Threshold.

A form of the Public Balance Sheet Confirmation Announcement and a form of the Private Balance Sheet Confirmation Letter will be set forth in the Offer Document.

Royalty Pharma anticipates on the basis of information made public by Elan that Elan Net Cash should, at the Cash Testing Date, be in excess of the Elan Net Cash Threshold and therefore believes that Elan management will be able to satisfy the Elan Balance Sheet Confirmation Requirement, should they choose to do so. If the Elan Balance Sheet Confirmation Requirement is satisfied, the Offer consideration will be satisfied wholly in cash.

6. Net Cash Rights

In the event that the Elan Balance Sheet Confirmation Requirement is not satisfied by the Relevant Date, Elan Stockholders will receive a combination of cash consideration together with Net Cash Rights on the following basis:

the cash component of the Offer consideration will be the Offer Price less US\$1.00; and

Elan Stockholders will also receive a Net Cash Right entitling them to receive a further payment of up to US\$1.00 per Elan Share (including each Elan Share represented by an Elan ADS), dependent on the actual Elan Net Cash.

The amount payable in respect of each Net Cash Right will be US\$1.00 less the Elan Net Cash Per Share Adjustment. The Elan Net Cash Per Share Adjustment will be calculated as follows:

in the event that Elan Net Cash is equal to or exceeds the Elan Net Cash Threshold, as Royalty Pharma expects, the Elan Net Cash Per Share Adjustment will be zero (i.e. the value of each Net Cash Right will be US\$1.00); or

in the event that Elan Net Cash is less than the Elan Net Cash Threshold, the Elan Net Cash Per Share Adjustment will be the lesser of (1) US\$1.00 and (2) the difference between the Elan Net Cash Threshold and Elan Net Cash, divided by the Fully Diluted Elan Stock Number.

In the event that the Net Cash Rights are issued, each Net Cash Right will have a minimum value of zero and a maximum value of US\$1.00.

Edgar Filing: ELAN CORP PLC - Form SC TO-C

The Net Cash Rights will be issued only in the event that the Elan Balance Sheet Confirmation Requirement is not satisfied and will be subject to the conditions and terms which will be set out in the Offer Document.

The Elan Net Cash as of the Relevant Date will be determined by an independent accounting firm not associated with either Elan or Royalty Pharma (in accordance with the terms to be set out in the Offer Document). Absent manifest error or fraud, the determination of Elan Net Cash by such independent accounting firm will be binding.

All amounts due to Elan Stockholders who accept the Offer in respect of the Net Cash Rights will be paid no later than 60 days following the Unconditional Date.

All amounts paid to Elan Stockholders in respect of the Net Cash Rights will be paid in US Dollars.

The Net Cash Rights will not bear any interest and will not be transferable and will not be convertible into other securities of Royalty Pharma. No application will be made for the Net Cash Rights to be listed on, or dealt on, any stock exchange or other trading facility. Holders of Net Cash Rights will not have any redemption rights, although all amounts due to Elan Stockholders who accept the Offer in respect of the Net Cash Rights will be paid no later than 60 days following the Unconditional Date.

The Net Cash Rights will not be registered under the US Securities Act, or the US Exchange Act, nor will they be issued under an indenture qualified under the US Trust Indenture Act of 1939, as amended.

Confirmations as to the number of Net Cash Rights held by Elan Stockholders who accept the Offer will be issued as soon as practicable following the Unconditional Date but will not constitute documents of title.

Full details of the Net Cash Rights will be contained in the Offer Document.

8. Information on Elan

Elan is an Irish registered public limited company which is quoted on the Irish Stock Exchange and the NYSE, headquartered in Dublin, Ireland.

On 20 December 2012, Elan announced that it had completed the separation of a substantial portion of its drug discovery business platform (the Prothena Business) into a new, publicly traded company named Prothena Corporation, plc.

On 6 February 2013, Elan announced that it had entered into an asset purchase agreement with Biogen International, pursuant to which Elan agreed to transfer to Biogen International all of its interest in the intellectual property and other assets related to the development, manufacturing and commercialisation of Tysabri and other products licensed under Elan's existing collaboration agreement with Biogen Idec and its affiliates (the **Tysabri Transaction**). On 2 April 2013, Elan announced the closing of the Tysabri Transaction and receipt of US\$3.25 billion in cash and that Elan's existing collaboration agreement with Biogen had terminated. As a result, Biogen International and its affiliates have sole authority over, and exclusive worldwide rights to, the development, manufacturing and commercialisation of Tysabri. According to an announcement on 6 February 2013, Elan will receive, during the first 12 months following the closing, a royalty of 12% on all global net sales of Tysabri and thereafter a royalty of 18% on annual global net sales up to and including US\$2.0 billion and a royalty of 25% on annual global net sales above US\$2 billion.

9. Financing the Offer

The Offer will be financed by a combination of existing resources available to RPIFT and new credit facilities arranged by Merrill Lynch, Pierce, Fenner & Smith Incorporated and J.P. Morgan Securities. Further information on the corporate structure of Royalty Pharma and the financing of the consideration payable under the Offer will be set out in the Offer Document.

J.P. Morgan Cazenove and BofA Merrill Lynch, as financial advisors to Royalty Pharma, are satisfied that sufficient resources are available to Royalty Pharma to satisfy full acceptance of the Offer.

10. Convertible Securities and Option Rights

The Offer will be extended to any Elan Shares which are issued or unconditionally allotted and fully paid (or credited as fully paid) while the Offer remains open for acceptance (or, subject to the Irish Takeover Rules, by such earlier date as Royalty Pharma may decide), including, without limitation, any Elan Shares issued pursuant to the exercise of options granted under the Employee Share Plans.

Royalty Pharma will make appropriate proposals to Elan Optionholders subject to the Offer becoming or being declared unconditional in all respects.

11. Disclosure of Interests and Short Positions in Elan

As at 11 April 2013, being the last practicable date prior to this announcement, J.P. Morgan and persons controlling, controlled by or under the same control as J.P. Morgan (except in any such case, in the capacity of an exempt market maker, and excluding any exempt fund manager) were interested in 65 Elan ADSs.

As at 11 April 2013, being the last practicable date prior to this announcement, BofA Merrill Lynch and persons controlling, controlled by or under the same control as BofA Merrill Lynch (except in any such case, in the capacity of an exempt market marker, and excluding any exempt fund manager) were interested in 449,791 Elan ADSs.

As at 11 April 2013, being the last practicable date prior to this announcement, BofA Merrill Lynch and persons controlling, controlled by or under the same control as BofA Merrill Lynch (except in any such case, in the capacity of an exempt market marker, and excluding any exempt fund manager) held short positions in 759,312 Elan ADSs.

Save as disclosed above, as at 11 April 2013, being the last practicable date prior to this announcement, none of Royalty Pharma, RP Management or any person acting in concert with Royalty Pharma or RP Management had any interest, or held any short position, in any relevant securities of Elan and none of Royalty Pharma, RP Management or any associate of Royalty Pharma or RP Management had any arrangement to which Rule 2.7 applies relating to relevant securities of Elan. For these purposes, associate and arrangement to which Rule 2.7 applies have the meanings given to those terms in the Irish Takeover Rules. An arrangement to which Rule 2.7 applies includes any indemnity or option arrangement, and any agreement or understanding, formal or informal, of whatever nature, between two or more persons relating to relevant securities which is, or may be, an inducement to one or more of such persons to deal or refrain from dealing in such securities.

12. De-listing and Re-registration

If the Offer becomes or is declared unconditional in all respects and sufficient acceptances have been received, Royalty Pharma intends to apply the provisions of Regulation 23 of the Irish Takeover Regulations to acquire compulsorily any outstanding Elan Shares (including those represented by Elan ADSs) not acquired or agreed to be acquired pursuant to the Offer or otherwise.

As soon as it is appropriate and possible to do so, and subject to the Offer becoming or being declared unconditional in all respects, Royalty Pharma intends to apply for the cancellation of the listing and trading of Elan Shares on the Irish Stock Exchange and of Elan ADSs on NYSE. Such cancellation of the listing and trading of Elan Stock is likely to reduce significantly the liquidity and marketability of any Elan Stock with respect to which the Offer has not been accepted. Royalty Pharma intends to take, or cause to be taken, all actions, and do or cause to be done all things, reasonably necessary, proper or advisable on its part under applicable law to cause the deregistration of the Elan ADSs under the US Exchange Act as soon as practicable after such delisting.

Edgar Filing: ELAN CORP PLC - Form SC TO-C

Following cancellation of the listing and trading of Elan Shares on the Irish Stock Exchange and of Elan ADSs on NYSE, Royalty Pharma intends to procure that Elan is re-registered as a private company under the relevant provisions of the Companies (Amendment) Act 1983 of Ireland.

initial Offer period means the period from the date of the Offer Document to and including the Initial Closing Date;

parent undertaking, **subsidiary undertaking**, **associated undertaking** and **undertaking** have the meanings given by the European Communities (Companies: Group Accounts) Regulations 1992 of Ireland;

subsidiary and **holding company** have the meaning given by Section 155 of the Companies Act 1963 of Ireland; and

Wider Elan Group means Elan, any member of the Elan Group and associated companies (including any joint venture, partnership, firm or company or undertaking in which any member of the Elan Group (aggregating their interests) is interested) or any company in which any such member has a substantial interest and any member of the Biogen Group.

Additional terms defined in Appendix III shall have the same meaning where used in this Appendix I.

The Offer will lapse unless all of the conditions set out above in this Appendix I have been fulfilled or (if capable of waiver) waived or, where appropriate, have been determined by Royalty Pharma to be or to remain satisfied by 1:00pm (Irish time) / 8:00am (New York City time) on the Initial Closing Date (or such later time(s) and/or date(s) as Royalty Pharma may: (i) with the consent of the Irish Takeover Panel (to the extent required) or in accordance with the Irish Takeover Rules; and (ii) subject to the US tender offer rules, determine).

Unless Royalty Pharma otherwise determines, condition (a) shall be capable of being satisfied, or being treated as satisfied, only at the time when all of the other conditions (b) to (w) inclusive, shall have been satisfied, fulfilled or, to the extent permitted, waived. Royalty Pharma reserves the right to waive in whole or in part all or any of conditions (b) to (w) (excluding conditions (l) to (n) to the extent applicable to the Offer or its implementation). Royalty Pharma shall not be obliged to waive (if capable of waiver) or treat as satisfied any condition by a date earlier than the latest time and date for the fulfilment of all conditions referred to in the previous paragraph, notwithstanding that any other condition of the Offer may at such earlier date have been waived or fulfilled or that there are at such earlier dates no circumstances indicating that the relevant condition may not be capable of fulfilment.

To the extent that the Offer or its implementation would give rise to a concentration with a Community dimension within the scope of the Regulation or would otherwise give rise to a concentration that is subject to the Regulation, the Offer shall lapse if the European Commission notifies Royalty Pharma of

its decision to initiate proceedings in respect of that concentration under Article 6(1)(c) of the Regulation or to refer that concentration to a competent authority of an EEA member state under Article 9(1) of the Regulation before the first closing date of the Offer or the date when the Offer becomes or is declared unconditional as to acceptances, whichever is the later.

In the event that the Offer lapses in any circumstances, the Offer will cease to be capable of further acceptance and Royalty Pharma and accepting Elan Stockholders will thereupon cease to be bound by prior acceptances.

If Royalty Pharma is required to make an offer for Elan Shares under the provisions of Rule 9 of the Irish Takeover Rules, Royalty Pharma may make such alterations to any of the above conditions as are necessary to comply with the provisions of that rule.

Royalty Pharma reserves the right, with the consent of the Irish Takeover Panel, to elect to implement the acquisition of the Elan Shares (including Elan Shares represented by Elan ADSs) by way of a scheme of arrangement under Section 201 of the Companies Act 1963, as amended. In such event, the scheme of arrangement will be implemented on the same terms (subject to appropriate amendments), so far as applicable, as those which would apply to the Offer. In particular, the condition at (a) will not apply and the scheme of arrangement will become effective and binding on the following:

- (i) approval at a court meeting or any separate class meeting, if applicable, which may be required by the court, (or any adjournment thereof) by a majority in number of the holders of Elan Shares present and voting, either in person or by proxy, representing 75% or more in value of the Elan Shares held by such holders;
- (ii) the resolutions required to approve and implement the scheme of arrangement and any related reduction of capital and amendments to Elan's memorandum and articles of association, to be set out in a notice of extraordinary general meeting of the holders of the Elan Shares, being passed by the requisite majority at such extraordinary general meeting;
- (iii) the sanction of the scheme of arrangement and confirmation of any reduction of capital involved therein by the court (in both cases with or without modifications, on terms reasonably acceptable to Royalty Pharma); and
- (iv) office copies of the orders of the court sanctioning the scheme of arrangement and confirming the reduction of capital involved therein and the minute required by Section 75 of the Companies Act 1963 of Ireland, as amended in respect of the reduction of capital being delivered for registration to the Registrar of Companies in Ireland and the orders and minute confirming the reduction of capital involved in the scheme of arrangement being registered by the Registrar of Companies in Ireland.

APPENDIX V**Calculation of the Fully Diluted Elan Stock Number**

The Fully Diluted Elan Stock Number shall be calculated as follows:

598.8 million shares, being the total voting rights of Elan outstanding as at 12 April 2013²⁴;

plus the dilutive impact of outstanding options and restricted stock units, calculated using the treasury share method and based on the numbers set out below and disclosed in Elan's 20-F for the 2012 financial year; and

less the number of Elan Stock repurchased by Elan pursuant to the Dutch Auction.

The table below sets out the options and restricted stock units considered for the calculation of the dilutive impact at a given Elan Stock price. For the purposes of the application of the treasury method, the weighted average exercise prices (WAEP's) set out below are used.

Options and restricted stock units considered for calculation of dilutive impact²⁵

	Number outstanding (million)
Options issued on 7 February 2013 (WAEP: US\$9.84)	1.1
Options at US\$2.70-US\$10.00 (WAEP: US\$6.89)	8.7
Options at US\$10.01-US\$24.98 (WAEP: US\$13.98)	9.2
Options at US\$24.99-US\$34.68 (WAEP: US\$25.72)	0.3
Restricted stock units (no exercise price)	3.7
Total	23.0

²⁴ Sourced from Elan's Total Voting Rights announcement filed on 12 April 2013.

²⁵ Includes options and restricted stock units issued on 7 February 2013 and adjusted for RSUs vested and options exercised by Elan Directors and the Elan Secretary as disclosed in the 2012 Annual Report

APPENDIX VI

Consideration payable to accepting Elan Stockholders in various scenarios

In this Appendix, we illustrate the consideration that will be paid to Elan Stockholders accepting the Offer in several possible scenarios, assuming the completion of the Offer. In each example, it is assumed that Elan spends US\$1,000 million on the repurchase of Elan Stock pursuant to the Dutch Auction and spends US\$5 million on transaction fees related to the Dutch Auction.

Example 1) The Dutch Auction Strike Price is US\$11.75 or US\$12.00 and the Elan Balance Sheet Confirmation Requirement is met

In this instance, the Offer Price will be US\$12.00 per Elan Share (including each Elan Share represented by an Elan ADS) and shall be satisfied fully in cash.

Example 2) The Dutch Auction Strike Price is US\$12.00 and the Elan Balance Sheet Confirmation Requirement is not met

As the Elan Balance Sheet Confirmation Requirement is not met, Elan Stockholders receive in consideration for each Elan Share (including each Elan Share represented by an Elan ADS):

US\$11.00 in cash; and

a Net Cash Right with a maximum value of US\$1.00 and a minimum value of zero.

The Dutch Auction shall have resulted in Elan repurchasing 83.3 million shares (US\$1,000 million divided by the US\$12.00 Strike Price). The Fully Diluted Elan Stock Number, calculated in the manner set out in Appendix V, shall therefore be 523.0 million.

In this example, the Elan Net Cash Threshold shall be an amount of US\$2,095 million (US\$3,100 million less the US\$1,005 million expenditure utilised by Elan in acquiring Elan Stock pursuant to the Dutch Auction).

If Elan Net Cash is calculated as US\$2,100 million following the completion of the Offer (which is greater than the Elan Net Cash Threshold), then the Elan Net Cash Per Share Adjustment shall be zero (by definition).

The Net Cash Right entitlement shall therefore be US\$1.00 (being the maximum value of the Net Cash Right as set out above) in cash.

Example 3) The Dutch Auction Strike Price is between US\$12.25 and US\$13.00 and the Elan Balance Sheet Confirmation Requirement is met

In this instance, the Offer Price will be US\$11.00 per Elan Share (including each Elan Share represented by an Elan ADS) and shall be satisfied fully in cash.

Example 4) The Dutch Auction Strike Price is US\$13.00 and the Elan Balance Sheet Confirmation Requirement is not met

As the Elan Balance Sheet Confirmation Requirement is not met, Elan Stockholders receive in consideration for each Elan Share (including each Elan Share represented by an Elan ADS):

US\$10.00 in cash; and

a Net Cash Right with a maximum value of US\$1.00 and a minimum value of zero.

The Dutch Auction shall have resulted in Elan repurchasing 76.9 million shares (US\$1,000 million divided by the US\$13.00 Strike Price). The Fully Diluted Elan Stock Number, calculated in the manner set out in Appendix V, shall therefore be 528.9 million.

In this example, the Elan Net Cash Threshold shall be an amount of US\$2,095 million (US\$3,100 million less the US\$1,005 million expenditure utilised by Elan in acquiring Elan Stock pursuant to the Dutch Auction).

If Elan Net Cash is calculated as US\$2,050 million following the completion of the Offer (which is less than the Elan Net Cash Threshold), then the Elan Net Cash Per Share Adjustment shall be US\$0.09 (the difference between the Elan Net Cash Threshold and Elan Net Cash, with this amount then divided by the Fully Diluted Elan Stock Number).

The Net Cash Right entitlement shall therefore be US\$0.91 (being the maximum value of the Net Cash Right as set out above) in cash.

Example 5) The Dutch Auction Strike Price is US\$11.25 and the Elan Balance Sheet Confirmation Requirement is met

In this instance, the Offer Price will be US\$11.25 per Elan Share (including each Elan Share represented by an Elan ADS) and shall be satisfied fully in cash.

Example 6) The Dutch Auction Strike Price is US\$11.25 and the Elan Balance Sheet Confirmation Requirement is not met

As the Elan Balance Sheet Confirmation Requirement is not met, Elan Stockholders receive in consideration for each Elan Share (including each Elan Share represented by an Elan ADS):

US\$10.25 in cash; and

a Net Cash Right with a maximum value of US\$1.00 and a minimum value of zero.

The Dutch Auction shall have resulted in Elan repurchasing 88.9 million shares (US\$1,000 million divided by the US\$11.25 Strike Price). The Fully Diluted Elan Stock Number, calculated in the manner set out in Appendix V, shall therefore be 517.1 million.

In this example, the Elan Net Cash Threshold shall be an amount of US\$2,095 million (US\$3,100 million less the US\$1,005 million expenditure utilised by Elan in acquiring Elan Stock pursuant to the Dutch Auction).

If Elan Net Cash is calculated as US\$1,300 million following the completion of the Offer (which is less than the Elan Net Cash Threshold), then the Elan Net Cash Per Share Adjustment shall be US\$1.00 (as the difference between the Elan Net Cash Threshold and Elan Net Cash, divided by the Fully Diluted Elan Stock Number, is US\$1.54, which exceeds US\$1.00).

The Net Cash Right entitlement shall therefore be zero.

APPENDIX VII

Definition of Deductions and Elan Cash Assets

Deductions

Deductions shall be calculated as the sum of:

the amount of any unpaid liabilities at the Cash Testing Date associated with the Prothena transaction, comprising the Restructuring Accrual, accrued Prothena transaction costs and Cambridge Collaboration termination accrual, each as laid out in note 26 to the Elan 2012 Annual Report;

the estimated maximum amount of costs payable by the Elan Group which are associated with the Offer, calculated on the presumption that the Offer is successful;

the aggregate maximum consideration (actual or contingent and whether in cash or otherwise) in excess of US\$10,000,000 which is payable to a person not a member of the Elan Group any time after the Cash Testing Date in respect of (i) any acquisitions, mergers, demergers, amalgamations, consolidations or disposals of any shares (except insofar as such shares are shares or investments in mutual or money market funds as outlined in the definition of Elan Cash Assets), operations, business, assets, undertakings, body corporates and (ii) any joint ventures, in-licences, collaborations or partnerships ((i) and (ii) together M&A Transactions) where the relevant contracts, undertakings, agreements or other binding commitments in respect of such M&A Transactions were executed, announced or entered into in the period from 1 January 2013 to the Cash Testing Date;

the aggregate of all capital expenditure in excess of US\$10,000,000 incurred by the Elan Group, or to which the Elan Group becomes bound, in the period 1 January 2013 to the Cash Testing Date, but which is payable after the Cash Testing Date. For these purposes capital expenditure shall be items qualifying or which would on payment qualify for inclusion as property, plant or equipment under the accounting policies adopted by the Company in preparation of the most recent Form 20-F issued by the Company;
