Dear Shareholder:

We cordially invite you to attend a joint Special Meeting of Shareholders of the Funds on September 25, 2009. The shareholders of each Fund will consider a proposal to approve an amendment to its fundamental investment policies to permit the Fund to invest in all types of commodity investments to the extent permitted by law. This amendment is intended to allow the Funds' portfolio managers the flexibility to gain exposure to commodities as appropriate to a Fund's overall investment strategy. Because each Fund's commodities investment policy is considered fundamental under federal securities laws, revising the policy requires shareholder approval.

We realize that most shareholders will not be able to attend the meeting and vote their shares in person. However, the Funds do need your vote. You can vote by *mail*, *telephone*, or over the *Internet*, as explained in the enclosed material. If you later decide to attend the meeting, you may revoke your proxy and vote your shares in person. By voting promptly, you can help the Funds avoid the expense of additional mailings.

If you would like additional information concerning this proposal, please call one of our service representatives at 1-800-262-1122 Monday through Friday between 8:00 a.m. - 6:00 p.m. (Eastern Time). Your participation in this vote is extremely important.

Sincerely,

/s/ Maureen A. Gemma

PROXY STATEMENT

A proxy is enclosed with the foregoing Notice of a joint Special Meeting of the Funds to be held on September 25, 2009 at 4:00 P.M. (Eastern Time) at Two International Place, Boston, MA 02110 for the benefit of shareholders who wish to vote, but do not expect to be present at the meeting. Shareholders may also vote by telephone or over the Internet. The proxy is solicited on behalf of the Boards of Trustees of the Funds. A written proxy is revocable by the person giving it prior to exercise by a signed writing filed with the Funds proxy tabulator, The Altman Group, Inc., 60 East 42nd Street, Suite 405, New York, NY 10165, or by executing and delivering a later dated proxy, or by attending the meeting and voting the shares in person. If you attend the meeting in person, please be prepared to present photo identification. Proxies voted by telephone or over the Internet may be revoked at any time in the same manner that proxies voted by mail may be revoked. Each proxy will be voted in accordance with its instructions; if no instruction is given, an executed proxy will authorize the persons named as proxies, or any of them, to vote in favor of each matter. This proxy and accompanying material is initially being mailed to shareholders on or about July 31, 2009. Supplementary solicitations may be made by mail, telephone, facsimile or electronic means.

The Trustees have fixed the close of business on July 24, 2009 as the record date for the determination of the shareholders entitled to notice of and to vote at the meeting and any adjournments or postponements thereof. Shareholders at the close of business on the record date will be entitled to one vote for each share held. The number of shares outstanding on July 24, 2009 were as follows:

Eaton Vance Diversified Income Fund	_____ (Class A, B and C Shares)
Eaton Vance Emerging Markets Local Income Fund	_____ (Class A Shares)
Eaton Vance Global Macro Absolute Return Fund	_____ (Class A and I Shares)
Eaton Vance International Income Fund	_____ (Class A Shares)
Eaton Vance Strategic Income Fund	_____ (Class A, B, C, I and R Shares)
Eaton Vance Short Duration Diversified Income Fund	_____ (Common Shares of beneficial interest, \$0.01 par value per share)

The persons who held of record more than 5% of the outstanding shares of any class of shares of each Fund as of July 24, 2009 are set forth in Exhibit A. To the knowledge of the Funds, no other person owns (of record or beneficially) 5% or more of the outstanding shares of any class of shares of the Funds. Other than Mark Venezia, Vice President and portfolio manager of Eaton Vance Global Macro Absolute Return Fund who owns ___% of such Fund, the Trustees and executive officers of the Funds individually and as a group own beneficially less than 1% of the outstanding shares of each Fund as of July 24, 2009. Shareholders of all classes of shares of each Fund will vote together as a single class; however, each Fund's shareholders will vote separately for that Fund.

PRELIMINARY COPIES

The Trustees know of no business other than the business mentioned in Proposal 1 of the Notice of Meeting that will be presented for consideration. If any other matters are properly presented, it is the intention of the persons named as attorneys in the enclosed proxy to vote the proxies in accordance with their judgment on such matters.

As described below, Eaton Vance Emerging Markets Local Income Fund, Eaton Vance Global Macro Absolute Return Fund and Eaton Vance International Income Fund seek to meet their objectives by investing their investable assets in an open-end management investment company with substantially the same investment objective, policies and restrictions as the Fund (the Portfolios). PROPOSAL 1. Revising the Funds' Policies Regarding Commodity Investments

An investment company is required to designate certain policies and may elect to designate other policies as policies that may be changed only by a shareholder vote. These policies are often referred to as fundamental policies. The Funds currently have fundamental policies which prohibit them from purchasing or selling physical commodities or entering contracts for the purchase or sale of physical commodities, provided that most Funds may enter into futures and forward contracts on currency, securities, economic and other indices and may purchase and sell options on such futures contracts. Please see the attached Exhibit B for a statement of each Fund's current policy regarding commodity investments compared to the proposed amended policy.

Strategies and Risks

Members of the Funds' portfolio management teams analyze commodities markets as part of their investment research process, because commodities play such a large role in the global economy and have a significant impact on many of the emerging market countries in which the Funds invest. Under current investment restrictions, however, the Funds are unable to gain direct exposure to commodities or commodities markets. These investments could benefit a Fund by allowing the portfolio managers the flexibility to gain exposure to commodities as appropriate to a Fund's overall investment strategy. Some emerging market economies and global economic trends move with certain commodity prices. As a result, commodities investments could be used to hedge a position in a commodity producing country or, similar to positions in foreign exchange forwards in certain currencies, to more effectively position a Fund to benefit from certain global economic trends. Such investments could also be used for non-hedging purposes to gain exposure to a particular type of commodity or commodity market. Exposure to commodities and commodities markets may subject a Fund to greater volatility than investments in traditional securities. The value of commodities investments will generally be affected by overall market movements and factors specific to a particular industry or commodity, which may include weather, health, political and regulatory developments.

If shareholders approve Proposal 1, the investment advisers expect to engage in the following types of commodities investments, as well as any other commodities investments permitted by law and disclosed in the prospectus:

- Commodity futures or options thereon (investments in contracts for the future purchase or sale of commodities);
- Commodity exchange-traded funds (exchange-traded funds (ETFs) that track the price of a single commodity, such as gold or oil, or a basket of commodities);
- Total return swaps based on a commodity index (permitting one party to receive/pay the total return on a commodity index against payment/receipt of an agreed upon spread/interest rate);
- Commodity-linked notes (providing a return based on a formula referenced to a commodity index);
- Commodity exchange-traded notes (non-interest paying debt instruments whose price fluctuates (by contractual commitment) with an underlying commodities index); and
- Sovereign issued oil warrants (a sovereign obligation the coupon on which is contingent on the price of oil).

The Trustees have considered the factors described above and believe that the amendment to remove the restriction on investing in commodities investments will provide the portfolio managers with additional flexibility in managing the Funds and enhance their ability to achieve the Funds' investment goals without altering materially their risk profiles. Although the revised policy will permit the Funds to purchase or sell commodities investments as permitted by law, a Fund may choose not to utilize all or any of the types of investments described herein.

PRELIMINARY COPIES

Tax Considerations

To qualify as a regulated investment company under Subchapter M of the Internal Revenue Code, 90% of a Fund's income must be from certain qualified sources. Direct investment in many commodities investments generates income that is not from a qualified source for purposes of meeting this 90% test. If Proposal 1 is approved by shareholders, the Funds will seek a private letter ruling from the Internal Revenue Service (IRS), similar to rulings obtained by other investment companies, that income (i) from commodity-linked notes or (ii) earned by a Fund from the ownership of one or more offshore subsidiaries (to be created for the purpose of facilitating investments in commodities investments) that hold commodities or commodities-related investments is income from a qualified source for purposes of the 90% test. All income paid to a Fund from such a subsidiary would then be treated as ordinary income to the Fund. The subsidiary would be advised by Eaton Vance Management (Eaton Vance), or an affiliate thereof, and would have the same investment objective, strategies and fundamental and non-fundamental investment restrictions as the investing Fund. If approved by shareholders, the Funds' ability to implement the changes described herein is contingent upon a favorable private letter ruling from the IRS.

Required Vote for Proposal 1

This amendment to each Fund's fundamental investment policy requires the approval of a majority of the outstanding voting securities of that Fund, which term as used in this Proxy Statement means the vote of the lesser of (a) 67% of the shares of the Fund present at the meeting if holders of more than 50% of the outstanding shares of the Fund are present or represented by proxy at the meeting; or (b) more than 50% the outstanding shares of the Fund.

The shareholders of each Fund will vote separately to approve or disapprove the change in the fundamental investment restriction described in Exhibit B. Approval of the change by shareholders of any other Fund is not required for a Fund to make the change to its fundamental investment restriction, and if one or more of the Funds does not receive shareholder approval for the change, the change will nonetheless be effective for those of the Funds that do receive shareholder approval. If shareholders of a Fund do not approve Proposal 1, its current fundamental investment restriction described in Exhibit B will remain the same and the Trustees may consider other options.

The Boards of Trustees recommend that the shareholders of each Fund vote FOR the revised fundamental investment restriction described in Exhibit B and the commodity investments described in this Proposal.

NOTICE TO BANKS AND BROKER/DEALERS

The Funds have previously solicited all Nominee and Broker/Dealer accounts as to the number of additional proxy statements required to supply owners of shares. Should additional proxy material be required for beneficial owners, please forward such requests to Eaton Vance Management, Two International Place, Boston, MA 02110, Attn: Proxy Coordinator, Mutual Fund Operations.

Boston Management and Research (BMR), a subsidiary of Eaton Vance, serves as investment adviser to each Portfolio. Eaton Vance Distributors, Inc. (EVD) acts as the principal underwriter for the Funds (other than Eaton Vance Short Duration Diversified Income Fund) and as placement agent for the Portfolios. The business address of BMR, Eaton Vance and EVD is Two International Place, Boston, Massachusetts 02110.

Proxy Solicitation and Tabulation

The expense of preparing, printing and mailing this Proxy Statement and enclosures and the costs of soliciting proxies on behalf of the Trustees will be borne by the Funds, collectively, on a *pro rata* basis.

PRELIMINARY COPIES

Proxies will be solicited by mail and may be solicited in person or by telephone, facsimile or other electronic means by officers of the Trusts, by personnel of Eaton Vance, by each Fund's transfer agent, PNC Global Investment Servicing (PNC) (except for Eaton Vance Short Duration Diversified Income Fund, for which American Stock Transfer & Trust Company (AST) is the transfer agent), by broker-dealer firms or by a professional solicitation organization. The Funds have retained The Altman Group to assist in the solicitation of proxies, for which the Funds will pay an estimated fee of approximately \$250,000 (including tabulation) plus out-of-pocket expenses to be allocated to the Funds *pro rata*. The expenses connected with the solicitation of these proxies and with any further proxies which may be solicited by the Trusts' officers, by Eaton Vance personnel, by the transfer agents, PNC or AST, by broker-dealer firms or by The Altman Group, in person, or by telephone, by facsimile or other electronic means, will be borne by the Funds. A written proxy may be delivered to the Funds prior to the meeting by facsimile machine, graphic communication equipment or other electronic transmission. The Funds will reimburse banks, broker-dealer firms, and other entities or persons holding shares registered in their names or in the names of their nominees, for their expenses incurred in sending proxy material to and obtaining proxies from the beneficial owners of such shares. Total proxy costs are estimated to be \$300,000.

Shareholders may also choose to give their proxy votes through the Internet or by telephone using automated telephonic voting rather than return their proxy cards. Please see the proxy card for details. The Funds may arrange for Eaton Vance, its affiliates or agents to contact shareholders who have not returned their proxy cards and offer to have votes recorded by telephone. If the Funds record votes over the Internet or by telephone, it will use procedures designed to authenticate shareholders' identities, to allow shareholders to authorize the voting of their shares in accordance with their instructions, and to confirm that their instructions have been properly recorded. If the enclosed proxy card is executed and returned, or an Internet or telephonic vote is delivered, that vote may nevertheless be revoked at any time prior to its use by written notification received by a Fund, by the execution of a later-dated proxy card, by a Fund's receipt of a subsequent valid Internet or telephonic vote, or by attending the meeting and voting in person.

All proxy cards solicited by the Boards of Trustees that are properly executed and telephone and Internet votes that are properly delivered and received by the Secretary prior to the meeting, and which are not revoked, will be voted at the meeting. Shares represented by such proxies will be voted in accordance with the instructions thereon. If no specification is made on the proxy card with respect to Proposal 1, it will be voted FOR the matters specified on the proxy card. With respect to Fund shares held in Eaton Vance individual retirement accounts, undirected shares will be voted by Eaton Vance or an affiliate in the same proportion as shares of the Fund for which instructions were received. For purposes of determining the presence or absence of a quorum and for determining whether sufficient votes have been received for approval of any matter to be acted upon at the meeting, abstentions and broker non-votes (*i.e.*, proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other person entitled to vote shares on a particular matter with respect to which the brokers or nominees do not have discretionary power) will be treated as shares that are present at the meeting, but which have not been voted. Accordingly, abstentions and broker non-votes will assist a Fund in obtaining a quorum, but may have the effect of a no vote on the Proposal.

Under the By-Laws of each Trust, a quorum to transact business at the joint Special Meeting of Shareholders requires the presence, in person or by proxy, of the holders of a majority of the then issued and outstanding shares of each Fund. In the event that a quorum is not present at the meeting, or if a quorum is present at the meeting but sufficient votes by the shareholders of a Fund in favor of Proposal 1 set forth in the Notice of this meeting are not received by the meeting date, the persons named as proxies in the enclosed proxy may propose one or more adjournments of the meeting to permit further solicitation of proxies. Any such adjournment will require the affirmative vote of the holders of a majority of the shares of the affected Fund present in person or by proxy at the session of the meeting to be adjourned. The persons named as proxies in the enclosed proxy will vote in favor of such adjournment those proxies that they are entitled to vote in favor of the Proposal for which further solicitation of proxies is to be made. They will vote against any such adjournment those proxies required to be voted against such Proposal. The costs of any such additional solicitation and of any adjourned session will be borne by the affected Fund(s) as described above.
