JOINT NEWS RELEASE

OMI TO BE ACQUIRED BY TEEKAY AND TORM

April 17, 2007, Teekay Shipping Corporation (*Teekay*) (NYSE: TK), A/S Dampskibsselskabet TORM (*TORM*) (DSE: TORM and NASDAQ: TRMD), and OMI Corporation (*OMI*) (NYSE: OMM) today announced that Teekay and TORM have entered into a definitive agreement to acquire OMI. The agreement was unanimously approved by OMI's Board of Directors.

Under the agreement, OMI shareholders will receive \$29.25 in cash for each share of OMI common stock they hold. Teekay and TORM will equally split the total cost of the transaction of approximately \$2.2 billion, including assumed net debt and other transaction costs. Under the terms of the agreement, OMI will be permitted to pay a dividend at a rate of \$0.15 per share per quarter, pro rated from April 1 to the closing of the tender offer, up to a maximum of \$0.15 per share in the aggregate.

Under the agreement, Teekay and TORM are required to commence a tender offer to the OMI shareholders on or before April 27, 2007. The tender offer will be subject to acceptance from OMI shareholders representing over 50 percent of OMI's outstanding shares as well as receipt of standard regulatory approvals. If the tender is successful, the transaction is expected to close during the second quarter of 2007. OMI will promptly file a copy of the definitive agreement with the Securities and Exchange Commission.

Upon closing, Teekay and TORM have agreed to divide the assets of OMI equally between the companies. Teekay will acquire OMI's Suezmax operations and eight product tankers, and TORM will acquire the remaining product tankers, 26 in total.

We are delighted with the outcome of this process, which we believe has greatly benefited our stockholders and is a testament to the outstanding job our people have done in a highly competitive market environment, said Craig H. Stevenson, Jr., Chairman and Chief Executive Officer of OMI.

Due to the pending transaction, the OMI Board of Directors has postponed OMI's 2007 Annual Meeting of Stockholders to June 28, 2007 from May 9, 2007.

TEEKAY SHIPPING CORPORATION
Bayside House, Bayside Executive Park, West Bay Street & Blake Road
P.O. Box AP-59212, Nassau, Bahamas

NEWS RELEASE
TEEKAY ANNOUNCES JOINT ACQUISITION
OF OMI CORPORATION

Nassau, The Bahamas, April 17, 2007 Teekay Shipping Corporation (*Teekay or the Company*) (NYSE: TK) today announced that Teekay and A/S Dampskibsselskabet TORM (*TORM*) (CSE: TORM and NASDAQ: TRMD) have entered into a definitive agreement to acquire OMI Corporation (*OMI*) (NYSE: OMM), a major international owner and operator of Suezmax and product tankers.

Under the agreement, Teekay and TORM will offer \$29.25 per share for the outstanding common shares of OMI, representing a total transaction cost of approximately \$2.2 billion, including assumed net debt and transaction costs. Teekay will pay approximately \$1.1 billion for its 50 percent share of OMI's assets and expects the acquisition to provide cash flow from vessel operations of approximately \$145 million⁽¹⁾ in 2008. Teekay will fund the acquisition with a combination of cash on hand, existing revolving credit facilities and a new \$700 million credit facility. Teekay estimates that the acquisition will be immediately accretive to earnings in 2007, and increase its 2008 earnings per share by approximately 10 percent⁽²⁾.

Teekay will acquire seven Suezmax tankers, four Medium Range product tankers and four Handysize product tankers (including one newbuilding scheduled to deliver in 2009), and will also assume the in-charters of a further six Suezmaxes. The vessels will provide Teekay with stable cash flow as 18 of the 21 ships to be acquired are currently serving under fixed-rate time-charters that have an average remaining term of 2.5 years. The OMI fleet is entirely double-hull and has an average age of approximately four years. In addition, Teekay will take over OMI's third party asset management business including the vessels trading in the Gemini Pool.

The combined Teekay/OMI Suezmax fleet will consist of 33 existing tankers and 10 newbuildings, and it is expected that the combination will create revenue synergies through greater scale and higher fleet utilization in Teekay's existing Suezmax business.

The acquisition of eight Medium-Range and Handysize product tankers to be acquired from OMI doubles Teekay's fleet of medium-sized product tankers, and complements the Company's growing presence in both Large Range II and Intermediate product tankers.

The OMI assets are a great strategic fit, both in terms of allowing us to offer our customers a broader, more flexible service and the opportunity to generate significant revenue synergies across our conventional tanker fleet, said Bjorn Moller, Teekay's President and Chief Executive Officer. This transaction represents another step in the consolidation of the tanker industry and it positions Teekay as the clear leader in the medium-sized crude oil tanker segment while also strengthening our growing product tanker business. Mr. Moller continued, In addition to acquiring one of the world's most modern tanker fleets we will also be adding to Teekay's asset management business through OMI's chartering pools and alliances.

Under the agreement, Teekay and TORM are required to commence a tender offer to the OMI shareholders on or before April 27, 2007. The tender offer will be subject to acceptance from OMI shareholders representing over 50 percent of OMI's outstanding shares as well as receipt of standard regulatory approvals. If the tender is successful, the transaction is expected to close during the second quarter of 2007. OMI will promptly file a copy of the definitive agreement with the Securities and Exchange Commission.

⁽¹⁾ Assuming average spot Suezmax TCE rate of \$45,000 per day in 2008. Please see the associated presentation to this release at the Company's Web site at www.teekay.com for a reconciliation of this non-GAAP measure to the most directly comparable GAAP financial measure.

⁽²⁾ Assuming Teekay's earnings per share (excluding OMI) of \$4.50 in 2008
