TABLE OF CONTENTS

Item

1. Press release dated April 20, 2006, regarding impact of IFRS on Fiscal 2005 Financial Statements.

2

PRESS RELEASE...**Impact of IFRS on Fiscal 2005 Financial Statements**

Paris, April 20, 2006 SODEXHO ALLIANCE (Euronext Paris FR0000121220 - SW / NYSE:SDX), the world's leading Food and Management Services company, is applying IFRS effective September 1, 2005 and today is presenting the effects of these principles on its fiscal 2005 financial statements:

- The Group has elected to present its income statement by function in compliance with the option permitted by IAS 1
- As the concept of exceptional items does not exist in IFRS, certain transactions have been reclassified to operating profit or net financial expense
- Charges related to stock option plans are recorded in operating profit, in accordance with IFRS 2
- Goodwill is no longer amortized.

The principal accounting options relating to the initial application of IFRS and the principal stated impacts conform with the information communicated in the Reference Document for fiscal 2005.

Below is a summary of principal impacts:

Fiscal 2005 millions €	French GAAP	IFRS
Revenues	11,672	11,693
EBITA / Operating profit	530	443
EBITA / Operating profit before US litigation	531	505
Group Net Income	159	215
Shareholders' equity	2,136	2,063

Revenues

Application of IFRS had a minimal impact on revenues.

Operating profit

Operating profit of 443 million euro in IFRS includes French GAAP EBITA, goodwill impairment charges, and the majority of exceptional income and expense items.

Edgar Filing: SODEXHO ALLIANCE SA - Form 6-K

Excluding the impact of the provision recorded in connection with the US litigation, operating profit was 505 million euro as compared to 530 million euro in French GAAP.

Excluding this provision, the IFRS operating margin was 4.3%.

PRESS RELEASE...

Net income

Net income was 215 million euro compared to 159 million euro in French GAAP. The difference mainly results from the reversal of goodwill amortization (IAS 36).

Cash and cash equivalents

Cash and cash equivalents totaled 928 million euro (net of bank overdrafts) in IFRS as of August 31, 2005 as compared to 1,366 million euro in French GAAP. A more restrictive definition of cash and cash equivalents in IFRS resulted in the following changes:

- The accounts described below, principally pertaining to the Service Vouchers and Cards activity, are presented as current financial assets:
 - investments with maturities greater than three months of 120 million euro, and
 - restricted cash of 206 million.
- In addition, in accordance with IAS 32, treasury shares of 99 million euro are now presented as a reduction to shareholders' equity.

Borrowings

As of August 31, 2005, bank overdrafts are reclassified as cash equivalents and borrowings increased by 19 million euro. This arises principally from the recognition of capital leases related to financing by arrangements guaranteed by French municipalities which were previously accounted for as operating leases.

Shareholders' equity

As of August 31, 2005, shareholders' equity totaled 2,063 million euro as compared to 2,136 million euro in French GAAP.

The Group has elected to apply the provisions of the amended IAS 21, under which goodwill is treated as an asset of the acquired company and consequently is accounted for in the subsidiary's functional currency. This adjustment had a negative impact of 32 million euro as of August 31, 2005 and 99 million euro as of September 1, 2004.

Group shareholders' equity was also reduced as a result of the reclassification of treasury shares as part of the stock options plan.

In addition, as permitted under IFRS 1, the Group has decided to recognize all accumulated actuarial gains and losses arising on retirement and other employee benefit plans as of September 1, 2004. Similar treatment was also adopted in the preparation of the consolidated French GAAP financial statements for fiscal 2005.

A detailed presentation of the impact of the transition to IFRS for fiscal 2005 will be included in the notes to the consolidated financial statements for the first half of fiscal 2006.

◆ **About SODEXHO ALLIANCE**

SODEXHO ALLIANCE, founded in 1966 by Pierre Bellon, is the leading global provider of Food and Management services, with more than 324,000 employees on 26,700 sites in 76 countries. For fiscal 2005, which closed August 31, 2005, SODEXHO ALLIANCE had sales of 11.7 billion euros. Listed on Euronext Paris and on the New York Stock Exchange, the Group's current market capitalization is 6.2 billion euro.

This press release contains 'forward-looking statements' within the meaning of the United States Private Securities Litigation Reform Act of 1995. These include, but are not limited to, statements regarding anticipated future events and financial performance with respect to our operations. Forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. They

Edgar Filing: SODEXHO ALLIANCE SA - Form 6-K

often include words like 'believe,' 'expect,' 'anticipate,' 'estimated' , 'project ' , 'plan' 'pro forma,' and 'intend' or future or conditional verbs such as 'will,' 'would,' or 'may.' Factors that could cause actual results to differ materially from expected results include, but are not limited to, those set forth in our Registration Statement on Form 20-F, as filed with the Securities and Exchange Commission (SEC), the competitive environment in which we operate, changes in general economic conditions and changes in the French, American and/or global financial and/or capital markets. Forward-looking statements represent management's views as of the date they are made, and we assume no obligation to update any forward-looking statements for actual events occurring after that date. You are cautioned not to place undue reliance on our forward-looking statements.
