Item 7.01. Regulation FD Disclosure.

On February 23, 2010, FIS made available presentation materials (the "Presentation Materials") to be used by FIS at an investor and analyst conference. A copy of the Presentation Materials is included as Exhibit 99.1. A preliminary 2010 and 2010 first quarter financial outlook is included on page 15 of the Presentation Materials.

The information in this report, including the Presentation Materials, is being furnished pursuant to General Instruction F to Current Report on Form 8-K, and shall not be deemed filed for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that Section. The information in this report, including the Presentation Materials, shall not be incorporated by reference into any registration statement or other documents pursuant to the Securities Act of 1933, as amended, or into any filing or other document pursuant to the Exchange Act except as otherwise expressly stated in any such filing.

Forward-Looking Statements

The Presentation Materials contains statements related to FIS future plans and expectations and, as such, constitutes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Statements that are not historical facts, including statements about our beliefs and expectations, are forward-looking statements. Forward-looking statements are based on management's beliefs, as well as assumptions made by, and information currently available to, management. Because such statements are based on expectations as to future economic performance and are not statements of fact, actual results may differ materially from those projected. The risks and uncertainties that forward-looking statements are subject to, include, without limitation: changes in general economic, business and political conditions, including changes in the financial markets; the effect of governmental regulations; the effects of our substantial leverage, which may limit the funds available to make acquisitions and invest in our business; the risk of reduction in revenue from the elimination of existing and potential customers due to consolidation in the banking, retail and financial services industries or due to financial failures suffered by firms in those industries; failures to adapt our services to changes in technology or in the marketplace; the failure to achieve some or all of the benefits that we expect from the acquisition of Metavante, including the possibility that our acquisition of Metavante may not be accretive to our earnings due to undisclosed liabilities, management or integration issues, loss of customers, the inability to achieve targeted cost savings, or other factors; our potential inability to find suitable acquisition candidates or difficulties in integrating acquisitions; competitive pressures on product pricing and services; and other risks detailed in the Statement Regarding Forward-Looking Information, Risk Factors and other sections of the Company's Form 10-K and other filings with the Securities and Exchange Commission. All forward-looking statements included in this document are based on information available at the time of the document. FIS assumes no obligation to update any forward-looking statement.
