INDEPENDENT AUDITORS' REPORT

Administrative Committee of the
Savings and Profit Sharing Plan for Employees of
First Interstate BancSystem, Inc.:

We have audited the accompanying statements of net assets available for benefits of the Savings and Profit Sharing Plan for Employees of First Interstate BancSystem, Inc. as of December 31, 2000 and 1999, and the related statement of changes in net assets available for benefits for the year ended December 31, 2000. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Savings and Profit Sharing Plan for Employees of First Interstate BancSystem, Inc. as of December 31, 2000 and 1999, and the changes in net assets available for benefits for the year ended December 31, 2000 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of Assets Held for Investment Purposes and Reportable Transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

(2) SUMMARY OF ACCOUNTING POLICIES

(A) BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the accrual method of accounting.

(B) USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(C) INVESTMENTS

Investment assets, with the exception of the Company Stock, are valued at their quoted market prices. Company Stock is valued based on an independent appraisal prepared by Alex Sheshunoff & Co. Investment Banking. The appraised fair market value of a share of Company stock was \$38 and \$40 at September 30, 2000 and September 30, 1999, respectively.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

(D) PAYMENT OF BENEFITS

Benefits are recorded when paid.

(E) NEW ACCOUNTING PRONOUNCEMENTS

In June 1998, the Financial Accounting Standards Board issued SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS No. 133"). SFAS No. 133 requires that an entity recognize all derivatives and measure those instruments at fair value.

Edgar Filing: FIRST INTERSTATE BANCSYSTEM INC - Form 11-K

SFAS No. 133 is effective for fiscal years beginning after June 15, 2000. Pursuant to SFAS No. 137, the Plan is required to adopt SFAS No. 133 effective January 1, 2001. Management has not yet determined the impact of SFAS No. 133 on the Plan financial statements.

(4) PARTICIPANT LOANS

Participant loans are limited to lesser of (a) 50% of the participant's vested account balance or (b) \$50,000, reduced by the excess, if any, of (i) the participant's highest outstanding loan balance during the previous year, over (ii) the participant's outstanding loan balance on the date the loan is made. Loan terms shall not exceed the earlier of (a) 15 years if the loan is for the purchase of a principal residence of the borrower, (b) 5 years for all other loans, or (c) upon termination of employment of the borrower. The loans are secured by the balance in the participant's account and bear a rate of interest which is commensurate with the interest rates being charged at the time such loan is made under similar circumstances by financial institutions in the community in which the Company's principal office is then located. Interest rates on the participant loans outstanding at December 31, 2000 ranged from 7% to 10.5%. Principal and interest is paid ratably through monthly payroll deductions.

(5) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(6) TAX STATUS

The Internal Revenue Service has determined and informed the Company by

Edgar Filing: FIRST INTERSTATE BANCSYSTEM INC - Form 11-K

letter dated January 9, 1998 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(7) ADMINISTRATIVE EXPENSES

Through December 19, 2000, the Trust Financial Services Division of First Interstate Bank in Montana held the Plan's assets in trust and performed the recordkeeping for the Plan. Effective December 19, 2000, Fidelity Management Trust Company holds the Plan's assets in trust and Rocky Mountain Employee Benefits, Inc. performs the recordkeeping for the Plan, exclusive of First Interstate BancSystem, Inc. stock and the Loan Fund. The administrative fees related to these services performed for the Plan are paid by the Company.

(8) FAIR VALUE OF FINANCIAL INSTRUMENTS

The following methods and assumptions were used to estimate the fair value of each class of the Plan's financial instruments:

Investments. See Note 2(c) regarding investment valuation.

Participant Loans. The carrying amounts approximate fair value because of the short maturity of those instruments and the rates of interest associated with payments under the agreements approximate the current borrowing rates available to participants for agreements with similar characteristics.
