PROXY STATEMENT

This proxy statement is furnished to stockholders of Community Central Bank Corporation in connection with the solicitation of proxies by its Board of Directors for use at the Corporation's annual meeting of stockholders and at any and all adjournments or postponements of the meeting. The annual meeting of stockholders is being held on Tuesday, April 17, 2007, at 9:00 a.m., at the Best Western Concorde Inn, 44315 Gratiot Avenue, Clinton Township, Michigan. These proxy materials are first being mailed to our stockholders on or about March 23, 2007. Community Central Bank Corporation is referred to as the "Corporation" throughout this document. Certain of the information provided herein relates to Community Central Bank, a wholly owned subsidiary of the Corporation, which is referred to in this proxy statement as the "Bank."

The Board of Directors, in accordance with the bylaws of the Corporation, has fixed the close of business on February 26, 2007, as the record date for determining the stockholders entitled to notice of and to vote at the annual meeting and at any and all adjournments and postponements of the meeting. At the close of business on the record date, the Corporation had 3,829,758 shares of common stock outstanding, with each outstanding share entitled to one vote. A majority of the outstanding shares will constitute a quorum at the meeting.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its exercise. Unless the proxy is revoked, the shares represented by it will be voted at the annual meeting or any adjournment of the meeting. You may revoke your proxy before it is voted at the annual meeting by (i) submitting a new proxy with a later date; (ii) notifying the Corporation's Secretary at the above address that you revoke your previously submitted proxy; or (iii) voting in person at the annual meeting.

The entire cost of soliciting proxies will be borne by the Corporation. Proxies may be solicited by mail or by directors, officers, or regular employees of the Corporation or its subsidiary, in person, by telephone or by other forms of communication. The Corporation will reimburse brokerage houses and other custodians, nominees and fiduciaries for their out-of-pocket expenses for forwarding soliciting material to the beneficial owners of common stock of the Corporation.

Shares held in "street name" by a broker, bank or other nominee, as the record holder of the shares, are required to be voted in accordance with instructions from the beneficial owner of the shares. If no instructions are provided to the nominee, the nominee will be entitled to vote the shares with respect to "discretionary" items but will not be permitted to vote the shares with respect to "non-discretionary" items. In the case of non-discretionary items, the shares will be treated as "broker non-votes." The election of directors is considered a "discretionary" item and, therefore, the broker, bank or other nominee may vote shares without instructions from the beneficial owner.

THE CORPORATION'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF MANAGEMENT'S DIRECTOR NOMINEES.

ELECTION OF DIRECTORS

GENERAL

The Corporation's articles of incorporation provide that the number of directors, as determined from time to time by the Board of Directors, shall be no less than six and no more than 15. The articles of incorporation further provide that the directors shall be divided into three classes, with each class serving a staggered three-year term and with the number of directors in each class being as nearly equal as possible.

Our Board of Directors currently consists of ten members, with approximately one-third of the directors being elected annually. The Board of Directors has adopted a resolution effective April 17, 2007, reducing the size of the Board to nine members, eliminating the vacancies created by the departure of Directors Bonior and Hill. On February 5, 2007, David Bonior resigned from our Board of Directors in order to head a national 2008 Presidential Campaign. Effective as of the date of the annual meeting, Bobby Hill will retire from the Board of Directors. The Board of Directors appreciates the dedicated service of Messrs. Bonior and Mr. Hill over the years.

Edgar Filing: COMMUNITY CENTRAL BANK CORP - Form DEF 14A

The Board of Directors, based on the recommendation of the nominating committee, has nominated Salvatore Cottone, Dean Petitpren and Ronald Reed, each for a three-year term expiring at the Corporation's 2010 annual meeting of stockholders, and upon election and qualification of their successors. Each of the nominees is presently a director of the Corporation whose term expires at the April 17, 2007 annual meeting of stockholders. The affirmative vote of a plurality of the votes cast is required for the nominees to be elected. This means that the nominees with the most affirmative votes are elected to fill the available seats. Accordingly, votes withheld have no effect on the election of directors. THE CORPORATION'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF MANAGEMENT'S DIRECTOR NOMINEES.

The other members of the Board will continue in office in accordance with their previous elections until the expiration of their terms at the Corporation's 2008 or 2009 annual meetings of stockholders, respectively. See "Information About Directors and Nominees as Directors" below.

It is the intention of the persons named in the enclosed proxy to vote the proxy for the election of the three nominees. The proposed nominees for election as directors are willing to be elected and serve; however, in the event that any nominee at the time of election is unable to serve or is otherwise unavailable for election, the Board of Directors may select a substitute nominee, and in that event the persons named in the enclosed proxy intend to vote the proxy for the person so selected. If a substitute nominee is not selected, the proxy will be voted for the election of the remaining nominees.

BOARD MEETINGS, BOARD COMMITTEES
AND CORPORATE GOVERNANCE MATTERS

Attendance at Board, Committee and Annual Stockholders' Meetings. The Corporation's Board of Directors conducted ten meetings during fiscal 2006. The Board of Directors of the Bank, the Corporation's principal operating subsidiary, conducted ten meetings during fiscal 2006. Each director attended at least 75% of the (i) Corporation's Board meetings and any committees on which he or she served and (ii) Bank's Board meetings and any committees on which he or she served. In addition, all of our Board members are expected to attend the Corporation's annual meeting of stockholders, although the Corporation does not have any written policy as to Board members' attendance at the annual meeting of stockholders. Last year's annual meeting of stockholders was attended by the entire Board of Directors.

"Independent" Directors. The Board of Directors has determined that directors Gebran S. Anton, David E. Bonior, Joseph E. Catenacci, Salvatore Cottone, Celestina Giles, Bobby L. Hill, Joseph F. Jeannette and John W. Stroh, III qualify as "independent" directors in accordance with the NASDAQ Marketplace Rules. Mr. Bonior resigned from the Board of Directors on February 5, 2007 and Mr. Hill will retire from the Board of Directors on April 17, 2007, the date of the annual meeting of stockholders. This will result in seven of the Corporation's nine directors qualifying as independent directors. The NASDAQ independence definition includes a series of objective tests, such as that the director is not an employee of the corporation and has not engaged in various types of business dealings with the corporation. As further required by the NASDAQ Marketplace Rules, the Board has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of his or her independent judgment in carrying out the responsibilities of a director. In making these determinations, the directors reviewed and discussed information provided by the directors and the Corporation with regard to each director's business and personal activities as they may relate to the Corporation and its management.

Board Committees and Charter. The Board of Directors of the Corporation has standing Executive, Audit, Compensation and Nominating Committees. The Board of Directors has adopted a written charter for the compensation, audit and

Edgar Filing: COMMUNITY CENTRAL BANK CORP - Form DEF 14A

nominating committees, as well as a written code of business conduct and ethics that applies to all of our directors, officers and employees. These documents are posted on our web site at www.communitycentralbank.com under the "Shareholder" link. You may also obtain a copy of these documents free of charge by writing to our Corporate Secretary at Community Central Bank Corporation, 120 North Main Street, Mount Clemens, Michigan 48043, or by calling (586) 783-4500.

The Audit, Compensation and Nominating Committee members consist of solely independent directors as defined in the NASDAQ Marketplace Rules. In addition, the members of the Audit Committee each qualify as "independent" under standards established by the U.S. Securities and Exchange Commission (the "SEC") for members of audit committees. The Audit Committee also includes at least one independent member who the Board has determined meets the qualifications of an "audit committee financial expert" in accordance with SEC rules. Mr. Cottone is the independent director who has been determined to be an audit committee financial expert.

Executive Committee. The Executive Committee is comprised of Directors Cottone, Petitpren, Reed and Widlak (Chairman). The Executive Committee did not meet during 2006. The Executive Committee shall have and may exercise the full powers and authority of the Board of Directors in the management of the business affairs and property of the corporation during the intervals between meetings of the Board of Directors. The Executive Committee shall also have the power and authority to declare distributions and dividends and to authorize the issuance of stock to the extent permitted by Michigan law.

5

Audit Committee. During 2006, the Audit Committee was comprised of Directors Cottone (Chairman), Bonior, Jeannette and Stroh, III. The Audit Committee met four times during fiscal 2006. The Audit Committee's responsibilities include hiring, terminating or reappointing the Corporation's independent auditors, reviewing the scope of proposed audits and the procedures to be used, and the results of the audits, reviewing the adequacy and effectiveness of accounting and financial controls, and reviewing the entire internal and independent auditing function and the financial statements of the Corporation. The Audit Committee also approves non-audit and audit services to be performed by the independent auditors, reviews and approves all related party transactions for potential conflict of interest situations, and reviews and assesses the adequacy of the Audit Committee charter on an annual basis. The full responsibilities of the audit committee are set forth in its charter, a copy of which is posted on our web site at www.communitycentralbank.com.

Compensation Committee. During 2006, the Compensation Committee was comprised of Directors Bonior, Catenacci, Jeannette and Petitpren (Chairman). The Compensation Committee met one time during fiscal 2006. The Compensation Committee reviews overall compensation policies and objectives for the Corporation and the Bank. The Compensation Committee's responsibilities include determining compensation and benefits for officers of the Corporation, based on recommendations of Chief Executive Officer, David A. Widlak, who is not present during voting or deliberations concerning his compensation. The Compensation Committee recommends to the full Board the appropriate level of compensation and the appropriate mix of cash compensation and equity compensation for Board and Board committee service. The Compensation Committee is also responsible for administering the option plans and benefit plans of the Corporation. Under the Corporation 2002 Incentive Plan, the Compensation Committee may delegate to the Chairman of the Board, the President or to other senior officers of the Corporation any of its duties under the plan, except for its authority to grant awards, or to take other actions with respect to participants who are subject to

Edgar Filing: COMMUNITY CENTRAL BANK CORP - Form DEF 14A

Section 16 of the Exchange Act or are "covered employees" as defined in Section 162(m) of the Internal Revenue code of 1986, as amended. The full responsibilities of the compensation committee are set forth in its charter, a copy of which is posted on our web site at www.communitycentralbank.com.

Nominating Committee. During 2006, the Nominating Committee was comprised of Directors Anton (Chairman), Bonior, Giles, Jeannette, Petitpren and Stroh. The Nominating Committee met two times during fiscal 2006. The Nominating Committee is responsible for reviewing and making recommendations to the Board of Directors as to its size and composition and recommending to the Board of Directors candidates for election as directors at the annual meetings, and filling any vacancies that may occur between annual meetings. The Nominating Committee will consider as potential nominees persons recommended by stockholders. Recommendations should be submitted to the Nominating Committee in care of Lisa M. Medlock, Secretary of the Corporation. Each recommendation should include a personal biography of the suggested nominee, an indication of the background or experience that qualifies such person for consideration, and a statement that such person has agreed to serve if nominated and elected. Stockholders who themselves wish to nominate a person for election to the Board of Directors, as contrasted with recommending a potential nominee to the Board for its consideration, are required to comply with the advance notice and other requirements detailed in the Corporation's articles of incorporation. The Nominating Committee has the following responsibilities:

- (i) recommend to the Board the appropriate size of the Board and assist in identifying, interviewing and recruiting candidates for the Board;
- (ii) recommend candidates (including incumbents) for election and appointment to the Board of Directors, subject to the provisions set forth in the Corporation's articles of incorporation and bylaws relating to the nomination or appointment of directors, based on the following criteria: business experience, education, integrity and reputation,

6

independence, conflicts of interest, diversity, age, number of other directorships and commitments (including charitable obligations), tenure on the Board, attendance at Board and committee meetings, stock ownership, specialized knowledge (such as an understanding of banking, accounting, marketing, finance, regulation and public policy) and a commitment to the Corporation's communities and shared values, as well as overall experience in the context of the needs of the Board as a whole;

- (iii) review nominations submitted by stockholders, which have been addressed to the Corporation's Secretary, and which comply with the requirements of the Corporation's articles of incorporation and bylaws. Nominations from stockholders will be considered and evaluated using the same criteria as all other nominations;
- (iv) annually recommend to the Board committee assignments and committee chairs on all committees of the Board, and recommend committee members to fill vacancies on committees as necessary; and
- (v) perform any other duties or responsibilities expressly delegated to the Committee by the Board.

The full responsibilities of the nomination committee are set forth in its

Edgar Filing: COMMUNITY CENTRAL BANK CORP - Form DEF 14A

charter, a copy of which is posted on our web site at www.communitycentralbank.com.

Communications with the Board of Directors. Stockholders may communicate directly with the Board of Directors, or any individual Board member, by sending written communications to the Corporation, addressed to the Chairman of the Board or such individual Board member.

COMPENSATION DISCUSSION AND ANALYSIS

OVERVIEW

This Compensation Discussion and Analysis contains an overview and analysis of our compensation program, policies and practices with respect to our Chief Executive Officer, Chief Financial Officer and the other named executive officers included in the Summary Compensation Table on page 11, referred to collectively as the "named executive officers." The discussion below is intended to assist you in understanding the detailed information provided in those tables in the context within our overall compensation program.

ROLE OF THE COMPENSATION COMMITTEE

The Corporation's Compensation Committee currently consists of four directors, all of whom are deemed independent as defined under the NASDAQ Marketplace Rules. The Compensation Committee operates under a formal written charter, a copy of which is posted on our web site at www.communitycentralbank.com. The Compensation Committee is responsible for reviewing and approving compensation for the Corporation's directors and executive officers. The Compensation Committee is also responsible for reviewing, and either approving or submitting to the entire Board for approval, the Corporation's compensation policies, programs goals and objectives.

Members of management may attend Compensation Committee meeting to provide information about personnel policies and programs. Management's participation plays an important part in the development and continuation of benefit plans, and in determining appropriate compensation levels. Mr. Widlak, the Corporation's Chief Executive Officer, and other executive officers from time to time, assist

7

the Compensation Committee in evaluating employee performance, establishing business performance targets and objectives, and in recommending salary levels and option awards. Input on the performance of the named executive officers is provided by the recommendations of Chief Executive Officer, David A. Widlak, who is not present during the voting or deliberations concerning his compensation or the compensation of the other named executive officers. The Committee delegates the development of compensation policies and benefit programs affecting employees, other than the named executive officers, to executive management, providing these policies and benefit programs are in direct alignment with the Corporation's objectives and philosophy as established by the Compensation Committee.

COMPENSATION OBJECTIVES

The Corporation's compensation program is designed to attract, retain and motivate quality, talented individuals who are critical to the Corporation's success. The Corporation's compensation program is also designed to align the interests of management with those of its stockholders. It is the Compensation

Edgar Filing: COMMUNITY CENTRAL BANK CORP - Form DEF 14A

Committee's goal to set salaries and benefit levels which are competitive with levels at other companies within its industry that are comparable in size and type, and in the Corporation's geographic market area.

ELEMENTS OF EXECUTIVE COMPENSATION

The Corporation's executive compensation program consists of the following:

- Base salary;
- Cash bonus/incentive compensation;
- Equity-based compensation, primarily through stock option awards;
- Supplemental Executive Retirement Plan;
- Benefits offered to all employees such as an Employee Stock Ownership Plan, 401(k) match, life, health and disability insurance; and
- Perquisite compensation including automobile allowance, use of company owned vehicles, and country and health club memberships.

The Compensation Committee considers market pay practices and practices of peer companies in determining the amounts to be paid. Compensation opportunities for our executive officers, including our named executive officers, are designed to be competitive with peer companies. We believe our executive compensation packages are reasonable when considering our business strategy, our compensation philosophy and the competitive market pay data.

The Compensation Committee uses several sources to collect and analyze competitive market data. Data sources have included several published compensation surveys and a private compensation database maintained by SNL Financial LC. We compare compensation paid to our named executive officers with compensation paid to executive officers in comparable positions at similar companies ("Comparison Group"). The Comparison Group includes companies from the banking and financial services industry in which we compete, particularly financial institutions and financial institution holding companies of similar size to the Corporation. This information is used to determine our competitive position among similar companies in the marketplace, and to assist us in setting our targeted pay at the desired range relative to our peers. The Compensation Committee hired Al Pappa of the Cambridge Companies to assist in setting initial CEO pay in 2004. Since that time, the Committee has done its own research using SNL Financial LC and general market information.

Base Salary. Base salaries are determined by an executive's scope of responsibility and future potential, experience level, and past performance and further goals and objectives, and are intended to be competitive salaries within the industry and markets we serve. An executive's base salary is intended to

provide a steady income to the executive. Since 2004 the only base change to CEO has been cost of living and CFO raised to reflect market.

Cash Bonus. In addition to base salaries, the Corporation provides the opportunity for the named executive officers and other executives to earn an annual cash incentive award. This element of our compensation program allows us to attract and retain an appropriate caliber of talent for each position and to motivate executives to achieve our annual business goals. Awards are subject to

Edgar Filing: COMMUNITY CENTRAL BANK CORP - Form DEF 14A

the Compensation Committee's discretion and may take into account the achievement of goals set forth in our annual strategic plan, individual performance and for those other than the CEO, the recommendation of the CEO. Actual bonuses may be above or below target bonus levels at the discretion of the Committee.

Annual cash bonuses are awarded to executive officers for individual performance during the course of the year with respect to that individual's goals, and the performance of the Corporation as a whole. Annual cash bonus awards for executive officers are initially conditioned upon attaining a Corporation-wide net earnings threshold. Assuming the Corporation achieves this threshold, awards are based upon a combination of division performance and individual performance and responsibility. The foregoing performance criteria are subjectively evaluated and applied and are not based upon a mathematical formula.

The bonus allocation is based on the performance of the Corporation in achieving net income. As a general guideline, the Compensation Committee establishes a total bonus pool equal to approximately ten percent of a minimum-targeted net income base, which is set by the Compensation Committee at the beginning of the fiscal year. The actual amount of money in the total bonus pool may be increased or decreased at the end of the year at the discretion of the Compensation Committee. The CEO receives 25% of the pool allocation. In 2006, bonuses provided to the named executive officers were significantly lower than in 2005, due in part to the reduced level of profitability.

Stock Options. The Compensation Committee believes that stock options provide an appropriate incentive to encourage management, particularly senior management, to maximize stockholder returns since the value of an option bears a direct correlation to appreciation in the Corporation's stock price. Grants under the Corporation's equity-based incentive plans have the effect of more closely aligning the interests of management with the interests of stockholders, while at the same time providing a valuable tool for attracting, rewarding and retaining key employees. The Corporation has not repriced or otherwise modified options previously issued except to make adjustments as provided in the Plan for stock splits.

The CEO and CFO prepare a recommendation for the total number of options to be issued. This recommendation includes options to be issued as a group to the named executive officers, other officers and personnel. The Compensation Committee determines to grant stock options based upon this recommendation and the subjective analysis of a number of factors, including the overall mix of equity-based compensation to cash compensation, the number and frequency of prior option grants and the potential for an individual's contribution and performance to positively impact the Corporation's performance. Based upon the foregoing factors, the Compensation Committee in December 2006 granted options to purchase a total of 46,000 shares of the Corporation's common stock (of which 31,500 shares were granted to executive officers) at an exercise price per share of \$11.30. All options were issued at an exercise price equal to the average of the highest reported asked price and the lowest reported bid price on the NASDAQ Global Market on the day of issuance.

401(k) Plan. The Corporation maintains a qualified retirement 401(k) Plan with a salary deferral feature designed to qualify under Section 401 of the Internal Revenue Code of 1986. During 2006 and prior years, the 401(k) Plan permitted most employees of the Corporation to defer a portion of their

Edgar Filing: COMMUNITY CENTRAL BANK CORP - Form DEF 14A

eligible compensation on a pre-tax basis subject to certain maximum amounts. The Corporation matched contributions in 2006 up to one-half of the first 6% of compensation deferred by the participant under the 401(k) Plan, subject to certain limitations, with a maximum annual contribution of 3% of total gross compensation per participant. These matching contributions are made in cash and may be adjusted from time to time by the Corporation. The 401(k) Plan does not include Corporation common stock as one of its investment alternatives.

Employee Stock Ownership Plan ("ESOP"). The Corporation maintains an ESOP, consisting of entirely Corporation common stock, covering substantially all of the employees of the Corporation and its subsidiaries. The purpose of the plan is to offer participants a systematic program for the accumulation of retirement and savings income, as well as a means by which to obtain beneficial interest of ownership in company stock. The ESOP also further aligns the interests of the officers and employees of the Corporation with those of its stockholders.

Supplemental Executive Retirement Plan/Death Benefit Plan. The Corporation offers a supplemental executive retirement plan and death benefit plan (collectively, the "SERP") to its named executive officers as an incentive to recruit, reward and retain key employees. The SERP provides for additional income to the named executive officer and/or his beneficiary at retirement, death or termination of employment. The SERP is described in detail beginning on page 15 of this proxy statement. To recover the costs of projected employee benefit liabilities, the Corporation purchased Bank Owned Life Insurance ("BOLI") on the lives of certain employees. The policy earnings, including death benefits, will be used to offset and recover a portion of the costs of the SERP.

Other Benefits. The named executive officers and other personnel receive life, health, dental and long-term disability insurance coverage in amounts the Corporation believes to be competitive with comparable financial institutions. The named executive officers receive certain excess life insurance benefits for which the Corporation pays the excess premiums. The executive officers may also receive country club and health club memberships, automobile allowances, use of a company vehicle or other benefits.

(1) Reflects the number of shares of freely-tradable, unrestricted Corporation common stock granted to Messrs. Widlak and Reed as compensation, in part, for service as a director. The fair market value of the 300 shares of common stock was \$3,483 on the date of grant, based on the \$11.30 closing price of the Corporation's common stock as of that date.

(2) The options reported in this table vest equally over a 5 year period, with the first installment vesting on January 1, 2008 and each additional installment vesting annually thereafter. Under the 2002 Incentive Plan, the exercise price of an option is equal to the mean between the highest and lowest sales price per share of the Corporation's common stock as reported on the NASDAQ Stock Market on the date of grant or, if there were no sales reported on the grant date, on the last preceding date on which a sale was reported. The closing market price of the underlying common stock as reported on the NASDAQ Stock Market on the date of the grant was \$11.30.

We have no employment, severance or change in control agreements with our named executive officers. All components of the named executive officers' compensation are determined by the Compensation Committee, as more fully described under the Compensation Discussion and Analysis section above. The stock options reported in the table above were granted by the Compensation Committee pursuant to the terms of the 2002 Incentive Plan. All options awarded pursuant to this plan are at an exercise price equal to the fair market value of the Corporation's common stock on the date of grant. Fair market value is defined under the plan as the mean between the highest and lowest sales price per share of the Corporation's common stock as reported on the NASDAQ Stock Market on the date of grant or, if there were no sales reported on the grant date, on the last preceding date on which a sale was reported. In the event an optionee is terminated following a change in control of the Corporation, the vesting period of the options, if any, is accelerated. The options are not transferable except by will or the laws of descent and distribution.

Messrs. Widlak and Reed serve as directors on the Corporation's Board of Directors. Under the Corporation's 2002 Incentive Plan, as amended, each director is awarded 300 shares of common stock of the Corporation annually. The awards are made each year, on the first business day of the month following the annual meeting of stockholders, from 2002 through 2010, during the period that the director serves on the Board.

difference between the market value of the shares acquired at the time of exercise and the exercise price.

- (2) The stock awards were granted to the named executive officers as director compensation and are disclosed in the Summary Compensation Table and Grants of Plan Based Awards tables above.

PENSION BENEFIT

The Corporation, through the Community Central Bank Corporation Supplemental Executive Retirement Plan, and the Bank, through the Community Central Bank Supplemental Executive Retirement Plan, provides supplemental retirement benefits to the named executive officers (collectively, the "SERP"). The SERP is designed to provide monthly benefits over a 15-year period to each participant upon his retirement. The Pension Benefits table below provides information regarding the number of years of credited service, the present value of accumulated benefits, and any payments made during the last fiscal year with respect to the SERP. The SERP is an unfunded plan. The Bank has obtained life insurance policies on the lives of the participants in the SERP as a means of offsetting the costs of providing the benefits under the SERP.

15

The assumptions used in determining the present value of accumulated service in the table below are referenced in Note 13 of the Corporation's Consolidated Financial Statements contained in the Annual Report to Stockholders accompanying this proxy statement.

NAME	PLAN NAME	NUMBER OF YEARS CREDITED SERVICE (#) (1)	PRESENT VALUE OF ACCUMULATED SERVICE (\$)	PAYMENTS DURING LAST FISCAL YEAR (\$)
David A. Widlak	Supplemental Retirement Plan	5	459,171	--
Ronald R. Reed	Supplemental Retirement Plan	6	462,222	--
Ray T. Colonius	Supplemental Retirement Plan	7	173,901	--
Charles U. Shreve	Supplemental Retirement Plan	5	109,858	--
Sam A. Locricchio	Supplemental Retirement Plan	4	115,334	--

The annual benefit under the SERP upon retirement is the product of the participant's final average compensation, benefit percentage, and vested percentage. The participant's vested percentage is based on his years of credited service. Each participant's benefit percentage, vesting formula, and years of credited service are set out in the participant's SERP agreement. The SERP agreement may provide for a minimum or maximum SERP benefit amount. If a change in control occurs while the participant is actively employed by the Corporation, then the participant will fully vest in his SERP benefit regardless of his years of credited service.

Final average compensation is the average of the participant's three highest years of compensation, whether or not such years are consecutive. "Compensation" is defined as the annual cash compensation relating to services performed by a participant for the Bank or the Corporation during any calendar year, whether or not paid in such calendar year or included on the Federal

Edgar Filing: COMMUNITY CENTRAL BANK CORP - Form DEF 14A

Income Tax Form W-2 for such calendar year, excluding fringe benefits, stock options, other stock based compensation, relocation expenses, non-monetary awards, and automobile and other allowances paid to a participant for employment services rendered (whether or not such allowances are included in the participant's gross income). Compensation is calculated before reduction for compensation voluntarily deferred or contributed by the participant pursuant to all qualified or non-qualified plans of the Bank and shall be calculated to include amounts not otherwise included in the participant's gross income under Code Sections 125, 402(e)(3), 402(h), or 403(b) pursuant to plans established by the Bank; provided, however, that all such amounts will be included in compensation only to the extent that, had there been no such plan, the amount would have been payable in cash to the participant.

The minimum benefit for Mr. Widlak, Mr. Reed and Mr. Colonius is \$75,000 per year paid monthly over a 15 year period upon retirement. The maximum benefit for the same participants is 50% of the average compensation of the three highest years of compensation as previously defined, on an annual basis to be paid monthly over a 15 year period upon retirement. The minimum and maximum benefit for Mr. Locricchio and Mr. Shreve is set at \$50,000 per year, paid monthly upon retirement. The current number of years of credited service as of December 31, 2006 is detailed in the table above for each plan participant. Participants vest at a rate of 10% for each year of credited service.

16

A participant's vested SERP benefit commences upon the later of the date the participant attains age 65, or terminates employment with the Corporation (the "Normal Retirement Date"). The SERP pays monthly payments equal to one-twelfth of the participant's vested annual benefit as determined above. Monthly payments commence on the first day of the month after the participant's Normal Retirement Date, and continue for a specified number of months, typically one hundred and eighty (180). If the participant is a "specified employee" (generally an officer earning over \$145,000), his monthly payments may be delayed until 185 days after his termination of employment.

In-service distributions are not permitted under the SERP, unless the participant is subject to current taxation with respect to some or all of his SERP benefit, in which case some or all of his vested SERP benefit may be distributed. If the participant dies or is terminated for cause, no benefits are payable under this Plan. In the event of death, however, the participant's beneficiaries may receive a benefit under the Bank's Death Benefit Plan relating to his SERP benefit or the unpaid portion thereof.

If the SERP is terminated, the participant's SERP benefit will be paid to him in a lump sum amount in cash as soon as practicable after the termination. The lump sum amount will be the equivalent actuarial value of the Participant's SERP benefit at the time the Plan is terminated. The interest rate used to determine equivalent actuarial value is the then-current effective yield on the U.S. Treasury 10-year note, plus 100 basis points, but not to exceed 7 percent per annum.

If a participant dies before receiving any retirement benefits under the SERP, then pursuant to the Bank's Death Benefit Plan, his designated beneficiary will be entitled to receive a single lump sum amount equal to the equivalent actuarial value (determined in the same manner as described above) of the participant's SERP benefit plus a tax gross-up amount. If a participant dies after he has begun to receive retirement benefits under the SERP, then pursuant to the Bank's Death Benefit Plan, his designated beneficiary will be entitled to receive a single lump sum amount equal to the equivalent actuarial value of the

Edgar Filing: COMMUNITY CENTRAL BANK CORP - Form DEF 14A

participant's remaining SERP benefit plus a tax gross-up amount. The tax gross-up amount, which is intended to compensate a participant's beneficiary for federal, state and local income and employment taxes attributable to the participant's death benefit, is equal to 45 percent of the participant's death benefit payment.

POST-TERMINATION PAYMENTS AND BENEFITS

The following tables summarize the value of termination payments and benefits that our named executive officers would receive if they had terminated employment with the Corporation on December 31, 2006 under the circumstances shown. The tables exclude (i) amounts accrued through December 31, 2006 that would be paid in the normal course of continued employment, such as accrued but unpaid salary and earned annual bonus for 2006, and (ii) contracts, agreements, plans and arrangements that do not discriminate in scope, terms or operation, in favor of our executive officers, and that are available generally to all of our salaried employees, such as vested account balances under our 401(k) plan and health and welfare benefits. We have no employment, severance or change in control agreements with our named executive officers.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors of the Corporation oversees the compensation programs of the Corporation on behalf of the Board. In fulfilling its oversight responsibilities, the Committee reviewed and discussed with management of the Corporation the Compensation Discussion and Analysis included in this proxy statement.

Non-employee directors of the Corporation and the Bank also received compensation for their services as committee members. Non-employee directors of the Executive, Audit, Compensation and Nominating Committees of the Corporation and the Bank each received \$500 per meeting attended, except for the Chairman of the Audit Committee who received \$2,000 per month, the Chairman of the Compensation Committee who received \$500 per month and the Chairman of the Nominating Committee who received \$1,000 per meeting attended during 2006.

Director Cottone received \$1,000 a month for serving as Chairman of the Board of Community Central Mortgage Company, LLC, the Corporation's mortgage company subsidiary and directors Jeannette, Reed and Widlak each received \$500 a month for serving as advisory board members to the mortgage company. Under the Corporation's 2002 Incentive Plan, as amended, each director is awarded 300 shares of common stock of the Corporation annually. The awards are made each year, on the first business day of the month following the annual meeting of stockholders, from 2002 through 2010, during the period that the director serves on the Board.

All director related fees earned by Mr. Widlak and Mr. Reed during 2006 are reported in the salary column of the Summary Compensation Table under "Executive Compensation."

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Bank has had, and expects to have in the future, loans and other banking related transactions in the ordinary course of business with the Corporation's directors, executive officers, and principal stockholders and their associates. All such transactions (i) are made in the ordinary course of business, (ii) are made on substantially the same terms, including interest rates and collateral on loans, as those prevailing at the time for comparable transactions with other persons, and (iii) in the opinion of management, do not involve more than the normal risk of collectibility, or present other

unfavorable features. All loans made by the Bank to its directors and officers are subject to federal banking regulations restricting loan and other transactions with affiliated persons of the Bank. As of December 31, 2006, the Bank had outstanding 45 loans to the directors and executive officers of the Corporation, totaling approximately \$7.7 million in the aggregate, with an additional \$3.4 million under commitments. All outstanding loans to directors and executive officers were performing in accordance with their terms at December 31, 2006.

David Widlak, the Corporation's President and Chief Executive Officer and a Director of the Corporation and the Bank, serves, without compensation, as Of Counsel to the law firm of O'Reilly Rancilio PC, Sterling Heights, Michigan, which serves as local counsel to the Bank. Except for the foregoing, there were no "related party" transactions during 2006. A related party transaction is a transaction required to be disclosed pursuant to SEC Regulation S-K, Item 404. Under its charter, the audit committee of the board of directors is responsible for reviewing and approving any proposed related party transaction. While there are no written policies or procedures regarding the audit committee's review of related party transactions, the committee must review the material facts of any related party transaction and approve the transaction. If advance approval is not practicable, then the committee must ratify the related party transaction at its next scheduled meeting or the transaction must be rescinded. In making its determination to approve or ratify the transaction, the committee will consider such factors as (i) the extent of the related party's interest in the related party transaction; (ii) if applicable, the availability of other sources of comparable products or services; (iii) whether the terms of the related party transaction are no less favorable than terms generally available in unaffiliated transactions under like circumstances; (iv) the benefit to the Corporation; and (v) the aggregate value of the related party transaction.

SELECTION OF AND RELATIONSHIP WITH INDEPENDENT AUDITOR

The Audit Committee of the Board of Directors has appointed Plante & Moran, PLLC as the Corporation's principal independent auditor for the year ending December 31, 2007. In making its determination to appoint Plante & Moran, PLLC as the Corporation's independent auditors for the 2007 fiscal year, the Audit Committee considered the non-audit services that the independent auditors provided during the 2006 fiscal year and determined that the provision of these services is compatible with and does not impair the auditors' independence. Representatives of Plante & Moran, PLLC plan to attend the annual meeting of stockholders, will have the opportunity to make a statement if they desire to do so, and will respond to appropriate questions by stockholders. The Audit Committee, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year, if it determines that such a change would be in the best interest of the Corporation and its stockholders.

INDEPENDENT AUDITING FIRM FEES

Plante & Moran, PLLC was the Corporation's principal auditor for fiscal 2006 and 2005. The aggregate fees billed to the Corporation by Plante & Moran, PLLC and its affiliates for the fiscal years ended December 31, 2006 and 2005 were as follows:

PRE-APPROVAL OF AUDIT AND NON-AUDIT SERVICES

In compliance with Sarbanes, our Audit Committee pre-approves all audit and permissible non-audit services provided by our independent auditors. These services may include audit services, audit-related services, tax services and other services. Prior to engaging our independent auditors to render an audit or permissible non-audit service, the Audit Committee specifically approves the engagement to render that service. Accordingly, we do not engage our independent auditors to render audit or permissible non-audit services pursuant to pre-approval policies or procedures or otherwise, unless the engagement to provide such services has been approved by the Audit Committee in advance. The engagement of Plante & Moran, PLLC to render 100 percent of the services described in the categories above was approved by the Audit Committee in advance of the rendering of those services.

REPORT OF THE AUDIT COMMITTEE

The following Audit Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Corporation filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Corporation specifically incorporates this report by reference.

Management has the primary responsibility for the financial statements and the reporting process, including the Corporation's systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements for the year ended December 31, 2006 with management, including a discussion of the quality and the acceptability of the Corporation's financial reporting and controls.

The Audit Committee has also discussed with the Corporation's independent auditors, Plante & Moran, PLLC, which firm is responsible for expressing an opinion on the conformity of those audited financial statements with generally

Edgar Filing: COMMUNITY CENTRAL BANK CORP - Form DEF 14A

accepted accounting principles, their judgments as to the quality and the acceptability of the Corporation's financial reporting and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards, including the matters required to be discussed pursuant to Statement on Auditing Standards No. 61 Communications with Audit Committees, as amended by Statement of Auditing Standards No. 90, Audit Committee Communications. The Audit Committee also received written disclosures and the letter from Plante & Moran, PLLC required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, disclosing the matters that, in the auditor's judgment, may reasonably be thought to bear on the auditors' independence from the Corporation, and has discussed with Plante & Moran, PLLC their independence from the Corporation. The Audit Committee has also considered the compatibility of the providing of non-audit services with maintaining the auditors' independence.

In fulfilling its oversight responsibility of reviewing the services performed by the Corporation's independent auditors, the Audit Committee carefully reviews the policies and procedures for the engagement of independent auditors and the fees paid by the Corporation for such services. The Audit Committee also discussed with the Corporation's internal and independent auditors the overall scope and plans for their respective audits and the fees paid by the Corporation for such services. The Audit Committee meets periodically with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Corporation's internal controls, and the overall quality of the Corporation's financial reporting.

The Corporation's Chief Executive Officer and Chief Financial Officer also reviewed with the Audit Committee the certifications that each such officer will file with the SEC pursuant to the requirements of Sections 302 and 906 of the Sarbanes-Oxley Act of 2002 ("Sarbanes"). Management also reviewed with the Audit Committee the policies and procedures it has adopted to ensure the accuracy of such certifications.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2006 for filing with the Securities and Exchange Commission.
