MAY 22, 2007

Annual Meeting:

Date: Tuesday, May 22, 2007

Time: 9:00 a.m. (CT)

Place: 1300 West Sam Houston Parkway South, Suite 300, Houston, Texas 77042

Agenda:

Election of ten director nominees.

Ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for 2007.

Who Can Vote:

All holders of record of our common stock at the close of business on April 10, 2007 are entitled to vote at the Annual Meeting. Holders of our common stock are entitled to one vote per share.

Proxies Solicited By:

Your vote and proxy are being solicited by our Board of Directors for use at the Annual Meeting. This Proxy Statement and the enclosed proxy card are being mailed on behalf of our Board of Directors on or about April 17, 2007 to all of our stockholders (any reference to shareholders and or stockholders shall denote and be referred to as stockholders) of record as of the close of business on April 10, 2007.

Your presence at the Annual Meeting will not automatically revoke your proxy. You may, however, revoke your proxy at any time prior to its exercise by delivering to us another proxy bearing a later date, by attending the Annual Meeting and voting in person, or by filing a written notice of revocation with Janna King, our Corporate Secretary, at our principal executive offices, 1300 West Sam Houston Parkway South, Suite 300, Houston, Texas 77042. If you receive multiple proxy cards, this indicates that your shares are held in more than one account, such as two brokerage accounts, and are registered in different names. You should vote each of the proxy cards to ensure that all of your

shares are voted.

Proxies:

Properly executed but unmarked proxies will be voted FOR the election of our ten director nominees and FOR the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm. If you withhold your vote for any of the nominees, this will be counted as a vote **AGAINST** that nominee. If any other matters are properly brought before the Annual Meeting, the persons named in the proxy will vote your shares as directed by a majority of the Board of Directors.

Quorum:

Only shares of our common stock can be voted, with each share entitling its owner to one vote on all matters. The close of business on April 10, 2007 was fixed by the Board of Directors as the record date for determination of stockholders entitled to vote at the meeting. The number of shares of our common stock outstanding on the record date was 11,535,112. The presence, in person or by proxy, of at least a majority of the shares is necessary to constitute a quorum at our Annual Meeting. Abstentions will be treated as present for determining a quorum at the Annual Meeting. If a broker holding your shares in street name indicates to

us on a proxy card that the broker lacks discretionary authority to vote your shares, we will not consider your shares as present or entitled to vote for any purpose. There is no cumulative voting in the election of directors and, as required by Nevada law, the directors will be elected by a plurality of the votes cast at the Annual Meeting.

Cost of Proxy Solicitation:

We will bear the cost of soliciting proxies. Some of our directors, officers and regular employees may solicit proxies personally or by telephone. Proxy materials will also be furnished without cost to brokers and other nominees to forward to the beneficial owners of shares held in their names.

CORPORATE GOVERNANCE AND BOARD MATTERS

Independent Directors

After the upcoming Annual Meeting, the Board will consist of ten directors, six of whom the Board has affirmatively determined have no relationship with the Company or its subsidiaries which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and are independent, as defined in the applicable NASDAQ Listing Standards. See Item 1. Election of Directors. Specifically, the Board determined that the six members of the Board are determined to be independent as defined in Rule 4200 of the NASD Rules, and independent as defined in Rule 10A-3(b)(1) under the Exchange Act.

Attendance at Board Meetings and Board Committees

The Board of Directors conducts its business through its meetings and through meetings of certain committees of the Board of Directors. All committees act for the Company. The Board of Directors is comprised of a majority of independent directors as required by the applicable NASDAQ Listing Standards.

The Board has standing committees as follows: (i) Governance and Nominating, (ii) Corporate Compliance (sub-committee of the Audit Committee), (iii) Compensation, and (iv) Audit Committees. During 2006, the Board of Directors met 5 times, the Governance and Nominating Committee met 2 times, the Corporate Compliance Committee met 4 times, the Compensation Committee met 9 times and the Audit Committee met 9 times. Each of our directors attended at least 75% of the aggregate meetings of the Board of Directors and the committees on which he served. These committees are constituted as follows:

Governance and Nominating Committee

The Governance and Nominating Committee currently consists of Messrs. Arnold (Chairman), Broussard and Trier, all of whom are independent directors (as the term independent is defined by the applicable NASDAQ Listing Standards). The function of the Governance and Nominating Committee is to select, screen and recommend to the full Board nominees for election as directors, including any nominees proposed by stockholders who have complied with the procedures described below. The Governance and Nominating Committee also has ongoing responsibility for oversight review of Board performance, ensuring individual Board member's continuing commitment to the Board and the Company's goals and objectives. Additional functions include regularly assessing the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Governance and Nominating Committee will consider various potential candidates for director. Candidates may come to the attention of the Governance and Nominating Committee through current Board members, stockholders, or other persons. The Governance and Nominating Committee may also hire third parties to identify, evaluate, or to assist in identifying or evaluating, potential nominees should it be determined necessary. The Governance and Nominating Committee is required to meet twice a year and operates under a written

charter, a copy of which is available on our website www.usph.com.

Nomination Criteria. In its consideration of Board candidates, the Governance and Nominating Committee considers the following criteria: the candidate's general understanding of health care sector, marketing, finance and other disciplines relevant to the success of a publicly-traded company; strategic business contacts and regard or reputation in the community, industry and civic affairs; financial, regulatory and business

Table of Contents

experience; integrity, honesty and reputation; diversity, size of the Board of Directors and regulatory obligations. In the case of incumbent directors whose terms of office are set to expire, the Governance and Nominating Committee reviews such directors' overall service to the Company during their terms, including the number of meetings attended, level of participation, quality of performance, and whether the director continues to meet the independence standards set forth in the applicable SEC rules and regulations and the applicable NASDAQ Listing Standards. In the case of new director candidates, the questions of independence and financial expertise are important to determine what roles can be performed by the candidate, and the Governance and Nominating Committee determines whether the candidate meets the independence standards set forth in the SEC rules and regulations and the applicable NASDAQ Listing Standards, and the level of the candidate's financial expertise. Candidates are first screened by the Governance and Nominating Committee, and if approved by the Governance and Nominating Committee, then they are screened by other members of the Board. The full Board approves the final nomination(s) based on recommendations from the Governance and Nominating Committee. The Chairman of the Board, acting on behalf of the full Board, will extend the formal invitation to become a nominee of the Board of Directors. Qualified candidates for membership on the Board will be considered without regard to race, color, religion, sex, ancestry, national origin or disability.

Stockholder Nomination Procedures. The Governance and Nominating Committee will consider director candidates recommended by the stockholders. Generally, for a stockholder of the Company to make a nomination, he or she must give written notice to our Corporate Secretary so that such notice is received at least 120 calendar days prior to the first anniversary of the date the Company's proxy statement is sent to the stockholders in connection with the previous year's annual meeting of stockholders. If no annual meeting of stockholders was held in the previous year (or if the date of the annual meeting of stockholders was changed by more than 30 calendar days from the date of the previous year's annual meeting), the notice must be received by the Company at least 150 calendar days prior to the date of the last annual meeting held. The stockholder's notice must set forth as to each nominee: (i) the name, age, business address and residence address of such nominee; (ii) the principal occupation or employment of such nominee; (iii) the number of shares of our Common Stock which are beneficially owned by such nominee; and (iv) any other information relating to such nominee that may be required under federal securities laws to be disclosed in solicitations of proxies for the election of directors (including the written consent of the person being recommended as a director candidate to being named in the proxy statement as a nominee and to serve as a director if elected). The stockholder's notice must also set forth as to the stockholder giving notice: (i) the name and address of such stockholder; and (ii) the number of shares of our Common Stock which are beneficially owned by such stockholder.

If the information supplied by the stockholder is deficient in any material aspect or if the foregoing procedure is not followed, the chairman of the annual meeting may determine that such stockholder's nomination should not be brought before the meeting and that such nominee shall not be eligible for election as a director of the Company. The Governance and Nominating Committee will not alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder.

Corporate Compliance Sub-Committee

The Corporate Compliance Committee is a sub-committee of the Audit Committee, and consists of three independent directors (Compliance Committee). The three independent director members of this committee are Messrs. Johnston (Chairman), Harris and Pullins. The Compliance Committee has general oversight of our Company's compliance with the legal and regulatory requirements regarding healthcare operations. The Chairman of the Compliance Committee is provided with information regarding calls received on the Company's compliance hotline and reports findings to the Compliance Committee. The Compliance Committee relies on the expertise and knowledge of management, especially our Compliance Officer (CO) and other compliance, management, operations and legal personnel. The CO is in ongoing contact with the Chairman of the Compliance Committee. The Compliance Committee meets at least two times a year or more frequently as necessary to carry out its responsibilities and reports periodically to the Board of Directors regarding its actions and recommendations. The Corporate Compliance Committee reviews and assesses

the activities and

Table of Contents

findings of clinic internal audits, reviews reports of material noncompliance and reviews and approves corrective actions proposed by management.

Compensation Committee

The current members of the Compensation Committee are Messrs. Broussard (Chairman), Arnold, Rosen and Trier all of whom are independent directors (as the term independent is defined by NASDAQ Stock Market Rule 4200((a)15). Mr. Rosen will serve until the Annual Meeting. As more fully described in the Compensation Committee Charter. The Compensation Committee is responsible, among other things, to:

approve and report to the Board the corporate goals and objectives relevant to the chief executive officer's compensation, evaluate the chief executive officer's performance in light of these corporate goals and objectives, and determine and report to the Board regarding the chief executive officer's compensation level;

determine and report to the Board regarding compensation for other senior executives, including incentive compensation plans and equity-based plans;

advise on compensation of members of the Board;

administer the Company's equity compensation plans and approve grants to executive officers and employees under such plans;

produce a Compensation Discussion and Analysis and Compensation Committee Report to be included in the Company's annual proxy statement as required by the rules of the Securities and Exchange Commission; and

annually review the Committee's performance of its responsibilities and duties and review and reassess the adequacy of the Compensation Committee Charter and recommend to the Board any necessary revisions or improvements that the Committee considers appropriate.

The Committee may delegate its responsibilities to subcommittees of one or more directors. The Committee meets at least two times a year or more frequently as necessary to carry out its responsibilities. The chief executive officer is not permitted to be present during any deliberations or voting with respect to his or her compensation.

Audit Committee

The Audit Committee currently consists of Messrs. Johnston (Chairman), Harris, Pullins and Trier. Our Board of Directors has determined that Mr. Trier and Mr. Pullins are audit committee financial experts. As more fully described in the Audit Committee Charter, which can be found on our website, www.usph.com, the Audit Committee is responsible for, among other things:

overseeing our financial reporting processes, including the quarterly reviews and annual audits of our financial statements by the independent auditors;

the appointment, compensation, retention and oversight of the work of the independent auditors;

pre-approving audit and permitted non-audit services, and related fees and terms of engagement, provided by the independent auditors; and

reviewing with management and independent auditors issues relating to disclosure controls and procedures and internal control over financial reporting.

The Audit Committee Charter requires that the Audit Committee consist of at least three independent members of our Board. Each member of the Audit Committee is an independent director as that term is defined by Nasdaq Stock Market Rule 4200(a)(15).

Any such communication must state the number of shares beneficially owned by the stockholder making the communication. The Corporate Secretary will forward such communication to the full Board of Directors or to any individual director or directors to whom the communication is directed unless the communication is unduly hostile, threatening, illegal or similarly inappropriate, in which case the Corporate Secretary has the authority to discard the communication or take appropriate legal action regarding the communication.

Although the Company does not have a formal policy requiring them to do so, all of the members of our Board of Directors are encouraged to attend our annual meeting of stockholders. At the 2006 annual meeting, nine of our directors were in attendance.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee, composed entirely of independent directors, administers the Company's executive compensation program. The role of the Committee includes establishing and overseeing compensation and benefit programs for our executive officers including the Chief Executive Officer (CEO) and the other executive officers listed in the Summary Compensation table (the Named Executives). The Committee also evaluates the performance of the CEO and reviews the performance of our other executive officers every year. Based upon these performance evaluations, the Committee establishes compensation for the CEO and other executive officers, and executive management consults with the Committee with respect to compensation levels and plans for key employees. Elements of our executive compensation program include: base salary; annual incentive bonus compensation; long-term equity incentive awards; and employee benefits and executive perquisites.

In establishing and overseeing the program, the Committee's goal is to ensure that we can attract and retain superior management talent critical to our long-term success. To ensure that executive compensation is aligned with the performance of the Company and the interests of its stockholders, a significant portion of compensation available to executives is linked directly with financial results and other factors that influence stockholder value.

Compensation Consultants

Our human resources department supports the Committee in its work. In performing its duties relating to the development and administration of our executive compensation program, human resources management and the Committee also receive advice and counsel from Longnecker & Associates, an executive compensation consulting firm. This advice and counsel relates to the competitive position, value and design of our short-term and long-term incentive compensation plans, performance goals and rewards available at various levels of performance. Longnecker & Associates provides such services to management and the Committee periodically as needed throughout the year.

Under its charter, the Committee also may retain at the Company's expense an executive compensation consultant to provide independent advice and counsel directly to the Committee. Except as described above, in 2006, no additional compensation consulting services were retained by the Committee or by the Company.

Peer Group and Compensation Targets

During 2006, with the assistance of Longnecker & Associates, the Committee selected a compensation peer group consisting of a number of publicly traded companies (the Peer Group). The Committee reviews the Peer Group compensation data to ensure that the executive compensation program is competitive.

Compensation Philosophy and Objectives

Our compensation policies are designed to enable us to attract, motivate and retain experienced and qualified executives. We seek to provide competitive compensation. Historically, our policy has been to provide a significant

component of an executive officer's compensation through the grant of stock options which vest over a number of years. We believe that grants of equity-based incentives to executives, as well as to employees generally, help align the interests of these officers and employees with the interests of our stockholders.

Table of Contents

The Committee's policy is to compensate and reward executive officers and other key employees based on the combination of some or all of the following factors, depending on the executive's responsibilities: corporate performance, business unit performance and individual performance. The Committee evaluates corporate performance and business unit performance by reviewing the extent to which the Company has accomplished strategic business objectives, such as revenue growth, improved profitability, cash flow and management of working capital. The Committee evaluates individual performance by comparing actual accomplishments to the objectives established for the individual under the Company's management development program. The Committee determines increases in base salary and annual cash incentive awards based on actual accomplishments during the performance period and determines long-term incentive awards based on LTIP criteria.

The Committee believes that compensation to executive officers should be aligned closely with the Company's performance on both a short-term and long-term basis. As a result, a major portion of compensation to each executive officer is at risk and tied directly to the attainment of financial performance goals. The executive compensation program is also designed to incentivize continuous improvements in financial performance by providing enhanced compensation as results improve and exceed budgeted levels. While a major portion of compensation to the Company's executive officers is performance-based, the Committee also believes it prudent to provide competitive base salaries and benefits in order to attract and retain the management talent necessary to achieve our strategic long-term objectives. The Committee also takes into account the compensation practices of comparable companies to ensure that the Company is able to attract, retain and reward executive officers whose contributions are critical to our long-term success.

Base Salaries

Other than the base salary of our Chief Executive Officer and Chief Financial Officer which were initially set by an employment agreement (see Employment and Consulting Agreements), base salaries of executives are initially determined by evaluating the responsibilities of the position, the experience and knowledge of the individual and the competitive marketplace for executive talent. Base salaries for executive officers are reviewed annually by our Compensation Committee based on, among other things, individual performance and responsibilities, inflation and competitive market conditions.

Annual Cash Incentive Compensation

Based on individual and company performance, incentive compensation opportunities are available to a wide range of our employees. We believe that incentive compensation is effective in reinforcing both the overall values of our Company and our specific operating goals.

Incentive compensation programs are designed to focus employees' attention on our key performance goals, to identify the expected levels of performance and to reward individuals who meet or exceed our expectations. The aggregate amounts available for incentive awards are determined by our overall financial performance. The actual awards paid to individual recipients, other than to executive officers, are formulated by management, generally payable on an annual basis and reviewed with the Compensation Committee prior to payment. The Compensation Committee formulates and decides any incentive awards for Named Executives.

Long-term Equity Awards

Our 2003 Stock Incentive Plan and 1999 Stock Option Plan, as amended (the 1999 Option Plan) were approved by our Board and stockholders to align employee and outside directors' interests with stockholders' interests, to provide incentives to our key employees by encouraging their ownership of our common stock and to aid us in attracting and

retaining key employees, upon whose efforts our success and future growth depends.

Options and restricted shares are granted at the discretion of the Compensation Committee, which administers the Company's equity compensation plans. The objective of such long-term equity-based awards, which generally vest over four to five years, is more to incentivize management and key employees for future

Table of Contents

performance than to reward specific past performance. Individual grant sizes are determined primarily based on the employee's duties and level of responsibilities and his or her ability to exert significant influence and make meaningful contributions to the overall future success of the Company and, to a lesser degree, organizational and individual performance. At the discretion of the Compensation Committee, and based on the recommendation of management, options may also be used as an incentive for candidates recruited to fill key positions and for existing employees who receive significant promotions with increased responsibilities.

During 2006, we granted options and stock-based compensation awards covering a total of 12,000 shares of our common stock to three employees. This includes 2,000 options granted under the 1999 Employee Stock Option Plan, 5,000 shares of restricted stock under the 2003 Stock Incentive Plan and 5,000 shares of restricted stock under the 1999 Stock Incentive Plan. During 2006, no options or restricted stock were granted to our executive officers or directors. The per share exercise price of all options granted in 2006 equaled the fair market value of a share of our common stock on the date of grant.

In February 2007, the Compensation Committee granted 51,000 restricted shares to fifteen employees, none of which were Named Executives.

Benefits and Perquisites

Defined Contribution Plan. The Company maintains a qualified retirement plan pursuant to Internal Revenue Code Section 401(k) (the "401(k) Plan") covering substantially all employees subject to certain minimum service requirements. The 401(k) Plan allows employees to make voluntary contributions and provides for discretionary matching contributions by the Company. The assets of the 401(k) Plan are held in trust for grantees and are distributed upon the retirement, disability, death or other termination of employment of the grantee. The Board, in its discretion, determines the amount of any Company contributions. We did not make any contributions during 2006.

Life Insurance. The Company maintains, at its expense, for the benefit of each of its full-time employees, life insurance policies in the amount of one times the employee's annual salary, up to \$200,000.

Health and Welfare Benefits. All executive officers, including the Named Executives, are eligible for welfare benefits from the company including: medical, dental, vision, life insurance, short-term disability and long-term disability. Executives participate in these plans on the same basis and subject to the same costs, terms and conditions as other salaried employees at their assigned work location.

Employment and Consulting Agreements

In October 2004, each of Messrs. Reading and McAfee entered into new employment agreements effective as of November 1, 2004 that superseded their employment agreements that were effective in September 2003. Under their current employment agreements, Mr. Reading is employed as President and Chief Executive Officer and Mr. McAfee is employed as Executive Vice President and Chief Financial Officer. Each employment agreement is for a three-year term, provided, however, that effective on the first and second anniversary of the effective date of the agreement, the term is automatically extended for an additional year (up to a maximum term, with such extensions, of five years) unless either party notifies the other on or before such anniversary dates that such party has elected not to extend the term. Effective November 1, 2004, each of Messrs. Reading and McAfee's base salary was \$325,000 per year, subject to periodic review and adjustment. Additionally on this date, Messrs. Reading and McAfee were each granted non-qualified stock options to purchase 150,000 shares of our common stock. Effective February 27, 2006, each of Messrs. Reading and McAfee's base annual salary was increased to \$341,250. These were subsequently adjusted effective January 7, 2007 to \$355,000 for Mr. Reading and \$345,000 for Mr. McAfee. They are eligible to receive annual cash bonuses payable in accordance with their employment agreements or at the discretion of our Board of

Directors (which has delegated such responsibility to the Compensation Committee of the Board) and are entitled to participate in any employee benefit plans adopted by us.

Messrs. Reading and McAfee s employment agreements may each be terminated by the Company prior to the expiration of their term in the event their respective employment is terminated for cause (as defined in

Table of Contents

the agreement). See discussion below entitled "Post Termination/Change-in- Control Benefits" regarding Change in Control provisions.

Mr. Kosberg entered into a five year consulting agreement with us commencing on June 1, 2001, which provided for compensation at an annual rate of \$95,000 per year. This agreement was amended effective November 15, 2002 at which time the annual rate was changed to \$87,800 per year. The Agreement expired by its own terms in May 2006. Additionally, the agreement also provides that at Mr. Kosberg's request and at his cost and expense, the Company will make available, to the extent it is reasonably available, primary health insurance coverage for Mr. Kosberg and his family on commercial terms until the earlier of (i) the date of his 80th birthday or (ii) the date on which there are no longer any persons surviving who are entitled to such health insurance coverage.

Mr. Brookner entered into a five year consulting agreement with the Company effective November 15, 2002, providing for compensation at an annual rate of \$50,000 per year. The agreement also provides that at Mr. Brookner's request and at his cost and expense, the Company will make available, to the extent it is reasonably available, primary health insurance coverage for Mr. Brookner and his family on commercial terms until the earlier of (i) the date of his 75th birthday or (ii) the date on which there are no longer any persons surviving who are entitled to such health insurance coverage.

We do not have any executive retention and severance arrangements or indemnification agreements and no change in control agreements other than those described above.

Compensation of Chief Executive Officer

Mr. Reading joined our Company in November 2003 as Chief Operating Officer and, effective November 1, 2004, was promoted to President and Chief Executive Officer. Under his employment agreement with us (see "Employment and Consulting Agreements"), Mr. Reading received a salary of \$325,000 in 2005 and \$262,500 in 2004. Effective February 27, 2006, Mr. Reading's annual base salary was increased by the Compensation Committee to \$341,250 (and increased to \$355,000.00 effective January 7, 2007). He also received a bonus totaling \$150,000 for 2005 which was paid in early 2006 and \$100,000 for 2004 which was paid in early 2005. Mr. Reading received a bonus of \$75,000 for 2006, which was paid in March 2007. Although Mr. Reading participated in our 401(k) Plan in 2006, we did not make any matching contributions to the plan during the year. In addition to cash compensation, under our 2003 Stock Incentive Plan, during 2004, Mr. Reading was granted equity-based compensation grants to purchase a total of 200,000 shares of our common stock and, during 2003, he was granted 50,000 inducement options to purchase shares of our common stock. No stock options were granted to Mr. Reading in 2005 or 2006.

In determining the appropriate compensation for Mr. Reading, the Compensation Committee evaluates our overall performance under Mr. Reading's leadership, as well as his individual contributions to key strategic, financial and development objectives. The Compensation Committee utilized a combination of quantitative measures and qualitative factors in reviewing his performance and compensation. In 2006, the Compensation Committee used the services of a third party consulting firm to review the compensation packages of the Named Executives, including Mr. Reading, and to compare their present level of compensation to comparably-sized publicly traded companies and to other comparably-sized healthcare companies.

Compensation Deductibility Policy

Under Section 162(m) of the Internal Revenue Code of 1986 (the "Code") and applicable Treasury regulations, no deduction is allowed for annual compensation in excess of \$1 million paid by a publicly traded corporation to its chief executive officer and the four other most highly compensated officers. Under those provisions, however, there is no limitation on the deductibility of qualified performance-based compensation.

In general, our policy is to maximize the extent of tax deductibility of executive compensation under the provisions of Section 162(m) so long as doing so is compatible with the most appropriate methods and approaches for the design and delivery of compensation to our executive officers.

disagreements between management and the auditors regarding financial reporting, accounting, internal controls, auditing or other matters.

In carrying out its responsibilities, the Audit Committee (i) makes such inquiries and reviews as are necessary to monitor the Company's financial reporting, its external audits and its processes for compliance with laws and regulations, (ii) monitors the adequacy and effectiveness of the accounting and financial controls of the Company and elicits recommendations for the improvement of internal control processes and systems, (iii) reviews the planning, scope and results of the annual audit of the Company's financial statements conducted by the Company's independent accountants, (iv) reviews the scope and approves in advance any other services to be provided by the Company's independent accountants, and (v) provides to the Board of Directors the results of its reviews and any recommendations derived therefrom, including such additional information and materials as it may deem necessary to make the Board aware of significant financial matters that may require Board attention.

The Audit Committee has designated a qualified compliance sub-committee under applicable SEC rules. The Compliance Committee provides general oversight of our Company's compliance with legal and regulatory requirements regarding healthcare operations. The Compliance Committee also monitors the Company's telephone hotline by which it can directly receive, on an anonymous and confidential basis, complaints regarding any subject, including accounting, internal accounting controls, questionable accounting, auditing or other matters that the Company's employees, and non-employees, may have. Members of the Compliance Committee are Messrs. Johnston, Harris and Pullins.

The Audit Committee is authorized to engage independent counsel and other advisors it determines necessary to carry out its duties. The Audit Committee did not deem it necessary to engage independent counsel for any matters during 2006.

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls, and for the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. The Company's independent auditors are responsible for auditing the financial statements and expressing an opinion on the conformity of those audited financials statements with accounting principles generally accepted in the United States of America. The Audit Committee monitors and reviews these processes, and reviews the Company's periodic reports and quarterly earning releases before they are filed with the SEC, but is not responsible for the preparation of the Company's financial statements and reports.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements included in the Company's Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Audit Committee also met with the Company's Chief Executive Officer and Chief Financial Officer to discuss their review of the Company's disclosure controls and procedures and internal accounting and financial controls in connection with the filing of the Annual Report on Form 10-K and other periodic reports with the SEC. However, members of the Audit Committee are not employees of the Company and have relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the Company's financial statements.

Prior to commencement of audit work, the Audit Committee reviewed and discussed with representatives of Grant Thornton LLP, the Company's independent auditors for fiscal 2006, the overall scope and plans for their audit of the Company's financial statements for fiscal 2006. The Audit Committee also reviewed and discussed with Grant Thornton LLP, who are responsible for expressing an opinion on the conformity of those audited financial statements

with accounting principles generally accepted in the United States of America, their judgments as to the quality, not just the acceptability, of the Company's financial statements, any changes in accounting policies, sensitive accounting estimates, accounting principles and such other matters as are required to be discussed with the Audit Committee under auditing standards generally accepted in the United States of America, including the matters required to be discussed by SAS 61 (Communication with Audit Committees), as

amended. The Audit Committee met with Grant Thornton LLP, with and without Company management present, to discuss whether any significant matters regarding internal controls over financial reporting had come to the auditors attention during the conduct of the audit, and the overall quality of the Company s financial reporting.

The Audit Committee has received the written disclosures and the letter from Grant Thornton LLP required by the Independence Standards Board Standard No. 1 and the Audit Committee has discussed with Grant Thornton LLP their independence. The Audit Committee considered, among other things, whether the services Grant Thornton LLP provided to the Company were compatible with maintaining Grant Thornton LLP s independence. The Audit Committee also considered the amount of fees Grant Thornton LLP received for audit and non-audit services.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2006 for filing with the SEC.

The Audit Committee is governed by a written charter, adopted by the Board of Directors of the Company. The charter has been updated as appropriate in light of SEC regulations and Nasdaq Rules implementing the Sarbanes-Oxley Act and is included on our website, www.usph.com.

Respectfully submitted,

The Audit Committee
