PROXY STATEMENT
2004 ANNUAL MEETING OF STOCKHOLDERS

INFORMATION CONCERNING VOTING AND PROXY SOLICITATION

General

These proxy materials are furnished in connection with the solicitation of proxies on behalf of the Board of Directors of VISX, Incorporated (the "Company") for the Annual Meeting of Stockholders to be held on May 13, 2004, at 8:00 a.m., local time, and at any adjournment or postponement of the Annual Meeting. The Annual Meeting will be held at the principal executive offices of the Company, located at 3400 Central Expressway, Santa Clara, California 95051. The telephone number at the meeting location is (408) 733-2020. This Proxy Statement, Notice of Annual Meeting and the accompanying proxy card will be mailed to stockholders on or about April 13, 2004.

A copy of the Company's Annual Report for the year ended December 31, 2003, including financial statements, accompanies this Proxy Statement. The Annual Report is not to be regarded as proxy soliciting material or as a communication by means of which any solicitation is to be made.

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this Proxy Statement.

Questions and Answers

Although we encourage you to read the enclosed Proxy Statement in its entirety, we include this question and answer section to provide some background information and brief answers to several questions you might have about the Annual Meeting.

Why am I receiving these materials?

Our Board of Directors is providing these proxy materials for you in connection with our Annual Meeting of Stockholders, which will take place on May 13, 2004. Stockholders are invited to attend the Annual Meeting and are requested to vote on the proposals described in this Proxy Statement.

What information is contained in these materials?

The information included in this Proxy Statement relates to the proposals to be voted on at the Annual Meeting, the voting process, the compensation of directors and our most highly paid officers, and certain other required information. Our 2003 Annual Report and audited financial statements, proxy card and a return envelope are also enclosed.

Table of Contents

What proposals will be voted on at the Annual Meeting?

There are four proposals scheduled to be voted on at the meeting:

Election of the nominees for director set forth in this Proxy Statement;

Approval of an amendment to our 2000 Stock Plan to increase the number of shares reserved for issuance under the Plan;

Approval of our VISX, Incorporated Performance Incentive Plan; and

Ratification of the appointment of KPMG LLP as our independent auditors for the fiscal year ending December 31, 2004.

What is the Company's voting recommendation?

Our Board of Directors recommends that you vote your shares **FOR** each of the seven nominees to our Board of Directors, **FOR** approval of the amendment to our 2000 Stock Plan, **FOR** approval of our VISX, Incorporated Performance Incentive Plan, and **FOR** ratification of the appointment of our independent auditors.

Who can vote at the Annual Meeting?

Our Board of Directors has set April 1, 2004 as the record date for the Annual Meeting. All stockholders who owned our common stock at the close of business on April 1, 2004 may attend and vote at the Annual Meeting. Each stockholder is entitled to one vote for each share of common stock held as of the record date on all matters to be voted on. Stockholders do not have the right to cumulate votes. On April 1, 2004, 48,541,711 shares of our common stock were outstanding. Shares held as of the record date include shares that are held directly in your name as the stockholder of record and those shares held for you as a beneficial owner through a stockbroker, bank or other nominee.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most of our stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with our transfer agent, EquiServe Trust Company, you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent directly to you by EquiServe. As the stockholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the Annual Meeting. We have enclosed a proxy card for you to use.

Table of Contents

Beneficial Ownership

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker on how to vote and are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the Annual Meeting unless you request a legal proxy from your stockbroker in order to vote at the meeting. Your broker or nominee has enclosed a voting instruction card for you to use in directing the broker or nominee regarding how to vote your shares. You may also vote by Internet or by telephone as described below under **How can I vote my shares without attending the meeting?**

How many votes does the Company need to hold the Annual Meeting?

A majority of our outstanding shares as of the record date must be present at the Annual Meeting in order to hold the meeting and conduct business. This is called a quorum. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has expressly not voted. Thus, broker non-votes will not affect the outcome of any of the matters being voted on at the Annual Meeting. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the beneficial owner and (2) the broker lacks discretionary voting power to vote such shares.

Shares are counted as present at the meeting if you:

are present and vote in person at the meeting; or

have properly submitted a proxy card or voted by telephone or via the Internet.

How are votes counted?

You may vote either **FOR** or **WITHHOLD** with respect to each nominee for our Board of Directors. You may vote **FOR**, **AGAINST** or **ABSTAIN** on the other proposals. If you abstain from voting on the other proposals, it has the same effect as a vote against. If you just sign your proxy card with no further instructions, your shares will be counted as a vote **FOR** each Director, **FOR** approval of the amendment to our 2000 Stock Plan, **FOR** approval of our VISX, Incorporated Performance Incentive Plan, and **FOR** ratification of the appointment of our independent auditors. If you do not vote and you hold your shares in a brokerage account in your broker's name, also known as street name (see description of Beneficial Ownership above), your shares will not be counted in the tally of the number of shares cast **FOR**, **AGAINST** or **ABSTAIN** on any proposal where your broker does not have discretionary authority to vote, and therefore will have the effect of reducing the number of shares needed to approve any of those items. However, shares held in street name that are not voted, known as broker non-votes, may be counted for the purpose of establishing a quorum for the meeting as described above under the caption Beneficial Ownership. Voting results are tabulated and certified by EquiServe Trust Company.

Table of Contents

What is the voting requirement to approve each of the proposals?

With respect to Proposal One (the election of our directors), directors are elected by a plurality vote, and therefore the seven individuals receiving the highest number of **FOR** votes will be elected. Votes of **WITHHOLD** and broker non-votes have no legal effect on the election of directors due to the fact that such elections are by a plurality. Proposal Two (approval of amendment to our 2000 Stock Plan), Proposal Three (approval of the VISX, Incorporated Performance Incentive Plan) and Proposal Four (ratification of the appointment of our auditors) require the affirmative **FOR** vote of a majority of the shares of our outstanding common stock represented, in person or by proxy, and entitled to vote.

How can I vote my shares in person at the Annual Meeting?

Shares held directly in your name as the stockholder of record may be voted in person at the Annual Meeting. If you choose to do so, please bring the enclosed proxy card or proof of identification to the meeting. Even if you plan to attend the Annual Meeting, we recommend you vote your shares in advance as described below so your vote will be counted if you later decide not to attend the meeting. If you hold your shares in street name, you must request a legal proxy from your stockbroker in order to vote at the meeting.

How can I vote my shares without attending the Annual Meeting?

Whether you hold shares directly as a stockholder of record or beneficially in street name, you may vote without attending the Annual Meeting. You may vote by granting a proxy or, for shares held in street name, by submitting voting instructions to your stockbroker or nominee. Please refer to the summary instructions included on your proxy card. For shares held in street name, a voting instruction card will be provided by your stockbroker or nominee.

BY MAIL You may do this by signing your proxy card or, for shares held in street name, by following the voting instruction card provided by your stockbroker or nominee and mailing it in the enclosed, postage prepaid envelope. If you provide specific voting instructions, your shares will be voted as you have instructed.

BY TELEPHONE OR THE INTERNET If your shares of common stock are held in an account with a broker or a bank participating in the ADP Investor Communication Services program and you have telephone or Internet access, you may submit your proxy by following the **Vote by Phone** or **Vote by Internet** instructions on the proxy card.

How can I change my vote after I return my proxy card?

You may revoke your proxy and change your vote at any time before the final vote at the Annual Meeting. You may do this by sending a written notice of revocation or another signed proxy with a later date to the Secretary of the Company, John F. Runkel, Jr., at the Company's principal executive offices located at 3400 Central Expressway, Santa Clara, California 95051-0703, by 8:00 a.m., local time, on May 13, 2004. In addition, you may automatically change your proxy vote by voting in person at the Annual Meeting.

Table of Contents

Where can I find the voting results of the meeting?

The preliminary voting results will be announced at the meeting. The final results will be published in our first quarterly report on Form 10-Q filed after the date of the meeting.

Who are the proxies and what do they do?

Our Board of Directors designated Elizabeth H. Dávila, our Chief Executive Officer, and John F. Runkel, Jr., our General Counsel and Corporate Secretary, as the two persons named as proxies on the enclosed proxy card. All properly executed proxies will be voted (except to the extent that authority to vote has been withheld) and where a choice has been specified by the stockholder as provided in the proxy card, it will be voted in accordance with the instructions indicated on the proxy card. If you submit the proxy card, but do not indicate your voting instructions, your shares will be voted FOR Proposals One, Two, Three and Four.

What does it mean if I receive more than one proxy or voting instruction card?

You may receive more than one set of voting materials, including multiple copies of this Proxy Statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive.

What happens if additional proposals are presented at the Annual Meeting?

Other than the four proposals described in this Proxy Statement, we do not expect any additional matters to be presented for a vote at the Annual Meeting. If you grant a proxy, the persons named as proxy holders, Elizabeth H. Dávila and John F. Runkel, Jr., will have the discretion to vote your shares on any additional matters properly presented for a vote at the Annual Meeting. If for any unforeseen reason any of the Company's nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by our Board of Directors.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties except (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote or (3) to facilitate a successful proxy solicitation by our Board of Directors. Occasionally, stockholders provide written comments on their proxy card, which are then forwarded to our management.

Who will bear the cost of soliciting votes for the Annual Meeting?

We will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made

Table of Contents

in person, by telephone or by electronic communication by our directors, officers, and employees, who will not receive any additional compensation for such solicitation activities. We have retained the services of a third-party firm, MacKenzie Partners, Inc., 105 Madison Avenue, New York, NY 10016, to aid in the solicitation of proxies for a fee of \$8,500, plus reimbursement of reasonable out-of-pocket expenses. The methods by which MacKenzie Partners and the directors, officers and other employees of the Company may solicit proxies are by mail, telephone, telegram, facsimile, other electronic communication, or personal communications.

The seven nominees receiving the highest number of affirmative votes of the shares of common stock of the Company present or represented and entitled to be voted for them shall be elected as directors. Votes withheld from any director will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the meeting, but have no other legal effect upon election of directors under Delaware law.

GOVERNANCE OF THE COMPANY

Board Meetings and Independence

The Board of Directors of the Company held ten meetings during 2003. Each director is expected to attend each meeting of our Board of Directors and those committees on which he or she serves. All current directors and nominees attended greater than 75% of the meetings of the Board of Directors and committees upon which such director served.

Non-Employee Directors. The only member of the Company's management serving on the Board of Directors is Elizabeth H. Dávila, Chairman of the Board and Chief Executive Officer. The non-employee directors met without the presence of management four times in 2003. The Company's Corporate Governance Principles adopted in February 2003 provide for non-employee directors to meet without management present

Table of Contents

at each regularly-scheduled Board of Directors meeting. The Board of Directors has appointed director Galiardo to serve as Lead Director during meetings of non-employee directors.

Independence. The Board of Directors has determined that directors De Buono, French, Galiardo, Holmes and Sayford have no material relationship with the Company and are independent within the meaning of the Company's Corporate Governance Guidelines and the rules of the New York Stock Exchange, as currently in effect. Director Petersmeyer is considered a non-independent director due to a consulting arrangement he had with the Company that concluded in February 2003. We have also determined that all directors serving as members of our Audit Committee, Compensation Committee and Governance Committee are independent under the rules of the New York Stock Exchange and the rules of the SEC. A copy of our Corporate Governance Guidelines can be viewed at the Investor Relations section of our website at www.visx.com.

Board Committees

The Board of Directors has standing Audit, Compensation and Governance Committees, and has adopted a charter for each committee. These charters are posted at the Investor Relations section of our website at www.visx.com.

Audit Committee. From January 1, 2003 through February 2003, the Audit Committee consisted of directors Falberg, French (chair), Galiardo and Sayford. In March 2003, Director Falberg resigned her position as a director and resigned from her committee appointments, including her appointment to the Audit Committee, and Director De Buono joined the Audit Committee. In October 2003, Director Holmes joined the Audit Committee. The Audit Committee, among other things, oversees engagement of the Company's independent auditors, reviews the arrangements for and scope of the audit by the Company's independent auditors, and reviews and evaluates the Company's accounting practices and its systems of internal accounting controls. The Audit Committee held eight meetings during 2003. The Board of Directors has determined that Ms. De Buono is qualified as an audit committee financial expert within the meaning of Item 401(h) of Regulation S-K promulgated under the Securities Act of 1933, as amended, and has further determined that she has the requisite accounting and related financial management expertise within the meaning of the listing standards of the New York Stock Exchange.

Compensation Committee. From January 1, 2003 through February 2003, the Compensation Committee was comprised of directors Falberg, French, Galiardo, Holmes, Petersmeyer and Sayford (chair). Effective February 2003 director Petersmeyer, and in March 2003 director Falberg, resigned from the Compensation Committee, and director De Buono joined the Compensation Committee. The Compensation Committee sets the compensation of the Company's executive officers, including salary and bonuses, and administers the Company's stock option plans. The Compensation Committee held six meetings during 2003.

Governance Committee. From January 1, 2003 through February 2003, the Governance Committee was comprised of directors Falberg, French, Galiardo (chair/lead director), Holmes, Petersmeyer and Sayford. In March 2003, director Falberg resigned from the Governance Committee and director De Buono joined the Governance Committee. In July 2003, director Petersmeyer resigned from the Governance Committee. The Governance Committee is responsible for, among other things, developing and implementing policies and practices relating to corporate governance, including reviewing and monitoring implementation of the

Table of Contents

Company's Governance Principles. In addition, the Governance Committee develops and reviews background information on candidates for the Company's Board of Directors and makes recommendations to the Board regarding such candidates. The Governance Committee also prepares and supervises the Board of Directors' annual review of director independence and the Board's performance self-evaluation. The Governance Committee held six meetings during 2003.

Nomination of Director Candidates

The Governance Committee considers candidates for membership on the Company's Board of Directors suggested by its members and other directors, as well as management and stockholders. From time-to-time the Committee may retain a third-party executive search firm to identify candidates as well. A stockholder who wishes to recommend a prospective nominee for the Company's Board of Directors should notify the Company's Corporate Secretary or any member of the Governance Committee in writing with whatever supporting material the stockholder considers appropriate. The Committee will also determine whether to consider any person proposed by a stockholder pursuant to the provisions of the Company's Bylaws.

Once the Governance Committee has identified a prospective nominee, the Committee determines whether to conduct a full evaluation of the candidate. This determination is based on whatever information is provided with the recommendation of the candidate, as well as the Committee's own knowledge of the candidate, which may be supplemented by inquiries to the person making the recommendation or others.

The Committee's evaluation focuses primarily on the need to fill vacancies or expand the size of the Board of Directors and the likelihood that the nominee can satisfy the standards and qualifications set forth in the Company's Governance Principles. If the Committee determines, in consultation with the Chairman of the Board of Directors and other directors as appropriate, that additional consideration is warranted, it may instruct a third-party search firm to gather additional information regarding the nominee. In evaluating the nominee, the Committee considers the following:

The nominee's integrity, commitment and independence of thought and judgment;

The nominee's commitment to representing the long-term interests of the Company's stockholders;

The nominee's ability to commit sufficient time, energy and attention to the diligent performance of his or her duties; and

The extent to which the nominee contributes to the range of talent, skill and expertise appropriate for the Company's Board of Directors.

The Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board of Directors, the need for Audit Committee expertise and its evaluation of other prospective nominees. In connection with this evaluation, the Committee determines whether to interview the nominee. After completing this evaluation and completing its interviews, the Committee makes a recommendation to the full Board of Directors as to the person who should be nominated. After considering the recommendation and report of the Committee, the Board of Directors determines the nominee.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors and persons who own more than ten percent of the Company's common stock (collectively, "Reporting Persons") to file reports of ownership and changes in ownership of the Company's common stock with the SEC. Reporting Persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms that they file.

Based solely on a review of the copies of reporting forms furnished to the Company or written representations from certain Reporting Persons that no annual forms were required, the Company believes that all of its directors and executive officers complied during fiscal 2003 with the reporting requirements of Section 16(a), with the following exceptions, each of which resulted from an administrative error on the part of the Company: (i) Glendon E. French, John W. Galiardo, Jay T. Holmes, Gary S. Petersmeyer, and Richard B. Sayford, who filed a report on May 28, 2003 relating to a grant of options on May 23, 2003; (ii) John W. Galiardo, who filed a report on September 17, 2003 relating to a grant of options on May 23, 2003; (iii) Douglas H. Post, who filed a report on August 5, 2003 relating to a grant of options on July 23, 2003; and (iv) Laureen De Buono, Glendon E. French, Jay T. Holmes, Gary S. Petersmeyer, and Richard B. Sayford, who filed a report on September 17, 2003 relating to a grant of deferred phantom stock on May 23, 2003.

Compensation Committee Interlocks and Insider Participation

The Company's Compensation Committee currently consists of directors De Buono, French, Galiardo, Holmes and Sayford, none of whom are employed by the Company. There were no compensation committee interlocks or other relationships during 2003 between the Company's Board of Directors or Compensation Committee and the board of directors or compensation committee of any other company.

EXECUTIVE COMPENSATION

Report of the Compensation Committee on Executive Compensation

Compensation Philosophy. The goals of the Company's compensation program are to provide a strong and direct link between the Company's financial performance and executive pay. The Company aligns management compensation with business objectives and stockholder interests by setting performance measures and objectives, and tying those objectives to a cash bonus plan and the use of stock-based incentives. The Compensation Committee retains the services of an independent compensation consulting firm to provide appropriate market survey data as well as to make specific recommendations to the Compensation Committee with respect to base salaries, cash bonuses, and stock incentive awards. The Compensation Committee retained this consulting firm because of the firm's expertise in evaluating and assessing compensation requirements in the Company's geographic region for attracting and retaining high caliber candidates for executive management positions.

Other key elements of the Company's compensation philosophy include establishing compensation programs that provide competitive pay systems to help the Company attract, retain and motivate its executive management. The Company positions its executive base salaries at the mid-point of survey data, and in years

Table of Contents

in which bonuses are earned, total cash compensation is targeted to be above the average survey data. The decision to grant bonuses or additional stock incentive awards is keyed to achievement of the annual business plan for Company-wide goals and individual performance.

Compliance With Internal Revenue Code Section 162(m). The Company is subject to Section 162(m) of the Internal Revenue Code adopted in 1993, which limits the deductibility of certain compensation payments to its executive officers. Although the Company does not have a policy requiring the Compensation Committee to qualify all compensation for deductibility under this provision, the Company does consider the impact of this rule when designing and implementing its executive compensation programs. The Compensation Committee has approved the VISX Performance Incentive Plan, effective January 1, 2005, subject to approval of the stockholders at the Annual Meeting. Under this Performance Incentive Plan, incentive compensation paid would be performance-based for purposes of exemption from the limitations of Section 162(m). For a discussion of the terms of the VISX Performance Incentive Plan, see proposal number 3, Adoption of the VISX, Incorporated Performance Incentive Plan, beginning on page 26 of this Proxy Statement.

The Compensation Committee will continue to take into account the net cost to the Company in making all compensation decisions and will continue to evaluate the impact of Section 162(m) on its compensation programs.

2003 Executive Compensation Program. In 2003, the Company's executive compensation program integrated the following components: base salary, cash bonuses and stock option grants. The Compensation Committee reviews each component of executive compensation annually. As an executive's level of responsibility increases, a greater portion of his or her potential total compensation is based on performance incentives and less on salary and employee benefits, causing potentially greater variability in the individual's absolute compensation level from year to year.

Base Salary. The Compensation Committee establishes annual base salary levels for executives based on competitive survey data, level of experience, position and responsibility, the prior year's corporate performance and individual recommendations of executive management.

Incentive Compensation Plan. The Compensation Committee has approved a performance-based executive compensation plan (the Incentive Compensation Plan). The Compensation Committee awarded bonuses for 2003 using the criteria as set forth in that plan. The total pool of monies available for bonuses was set based on the Compensation Committee's assessment of 2003 performance. After reviewing the Company's 2003 performance, the executives' individual performance and information provided by the independent compensation consulting firm, the Compensation Committee approved bonuses for the executive officers.

Stock Awards. For 2003, the Compensation Committee approved stock option awards for the executive officers, including the Named Officers (as defined below). These awards were made in recognition of the performance of the Company and the contributions made by the officers in achieving this level of performance.

2003 Chief Executive Officer Compensation. Ms. Dávila, in her capacity as Chief Executive Officer, participated in the same compensation programs as the other Named Officers. The Compensation Committee has targeted Ms. Dávila's total compensation, including compensation derived from the Incentive Compensation Plan.

tion Plan and the stock option plan, at a level it believes is competitive with the average amount paid by the Company's competitors and companies with which the Company competes for executive talent. Ms. Dávila's salary was increased to \$453,000 for 2003. Ms. Dávila received an Incentive Compensation Plan award in recognition of the achievements of the Company during 2003 and of her contributions to those achievements.

Option Grants in Last Fiscal Year. The table below provides details regarding stock options granted to the Named Officers in 2003, and the potential realizable value of those options. The values do not take into account risk factors such as non-transferability and limits on exercisability. In assessing these values it should be kept in mind that no matter what theoretical value is placed on a stock option on the date of grant, its ultimate value will depend on the market value of the Company's stock at a future date.

- (1) Options granted in 2003 have a ten-year term and vest 25% on the first anniversary of the grant date, and ratably thereafter at the rate of 1/48 of the total grant per month for three years. The exercisability of the options is automatically accelerated upon a change in control of the Company.
- (2) The fair value of each stock option is estimated on the date of grant using the Black-Scholes option pricing model in accordance with Statement of Financial Accounting Standards No. 123. The following weighted average assumptions were used to value stock options granted in 2003: risk-free interest rate of 2.50%, expected volatility of 75%, no expected dividends, and an expected life of 4.40 years beyond the vesting date for each year's vesting increment of an option.

Employment Arrangements and Change of Control Severance Agreements

The Company has entered into Change of Control Severance Agreements (the "Severance Agreements") with each of the Named Officers. The Severance Agreements provide, among other things, that if the Named Officer's employment is terminated other than for cause within two years after a change of control of the Company, the Named Officer is entitled to receive a lump sum severance payment equal to three times the Named Officer's annual base salary and bonus. In addition, pursuant to the terms of the documents governing the grants of options under the Company's option plans, all outstanding unvested options as of the date of a change of control, including options held by the Named Officers, become fully vested and exercisable upon the occurrence of a change of control.

The following summary of the 2000 Stock Plan as currently in effect is qualified in its entirety by the specific language of the 2000 Stock Plan, a copy of which is attached as Appendix A to this Proxy Statement.

Purpose. Our Board of Directors adopted the 2000 Stock Plan to enable our employees, consultants and Board members to own shares and take advantage of the tax benefits allowed to employer stock plans under the Internal Revenue Code of 1986.

Shares reserved for issuance under the Plan. 5,500,000 shares have been reserved under the Plan since its inception. Of these, as of March 31, 2004:

1,165,400 shares of common stock remained available for issuance under the Plan.

Options to purchase approximately 4,147,106 shares of common stock were outstanding under the Plan, with a weighted exercise price of \$16.57 per share.

Table of Contents

No SARs have been issued under the Plan.

No Restricted Stock awards have been issued under the Plan.

If this proposal is approved, an additional 800,000 shares will become available for issuance under the Plan.

Under the current plan, no more than 10% of the shares issuable under the 2000 Stock Plan on May 23, 2003 (250,684 shares), the date of our 2003 Annual Meeting of Stockholders, may be granted pursuant to restricted stock awards with a purchase price that is less than 100% of fair market value. Moreover, no more than 10% of the shares issuable under the 2000 Stock Plan on May 23, 2003 (250,684 shares) may be granted pursuant to SARs with an exercise price that is less than 100% of fair market value.

If this proposal is approved, an additional 80,000 shares (a total of up to 330,684 shares) may be granted pursuant to restricted stock awards with a purchase price that is less than 100% of fair market value. Moreover, an additional 80,000 shares (a total of up to 330,684 shares) may be granted pursuant to SARs with an exercise price that is less than 100% of fair market value.

We will adjust the number of shares available for grant under the 2000 Stock Plan (and any outstanding options and the per-person numerical limits on options and SARs and the numerical limits on discount restricted stock awards and SARs) as appropriate to reflect any stock splits, stock dividends, recapitalizations or other changes to our capital structure.

Plan Administration. A committee (the Committee) appointed by the Board of Directors administers the Plan. The Committee consists of at least two directors who are nonemployee directors under Rule 16b-3 of the Securities Exchange Act of 1934 and outside directors under Section 162(m) of the Code. The Committee has final authority to interpret any provision of the Plan or any grant made under the Plan.

Eligibility. Employees, consultants and members of the Board of Directors, as well as the employees and consultants of our parent or subsidiaries are eligible to receive nonstatutory stock options (NSOs), and restricted stock awards and SARs. Only our employees or employees of any parent or subsidiaries are eligible to receive incentive stock options (ISOs). The Committee selects the employees, consultants and Board members who receive options under the Plan.

Description of Options. Subject to the limitations of the Plan, the Committee has discretion to determine the terms of each option and the number of shares covered by each option, except that no single participant may receive options or SARs with an exercise price equal to at least 100% of fair market value on the date of grant that cover more than a total of 500,000 shares during any fiscal year. However, in connection with his or her initial service, the Committee may grant a participant fair market value options or SARs to purchase up to an additional 500,000 shares that will not count against the 500,000 share limit described above. Also, the total fair market value of the shares (as of the date of grant) with respect to which ISOs are exercisable for the first time by any participant during any calendar year (under all of our plans and our affiliates' plans) may not exceed \$100,000.

Description of Restricted Stock Awards. Restricted stock awards are shares of the Company's common stock that may be fully vested or may vest in accordance with terms and conditions established by the Committee. Unvested shares are subject to forfeiture, or if the Awards were originally purchased, to the

Table of Contents

Company's right of repurchase. The number of shares subject to a stock award granted to a participant is determined by the Committee. The grant or vesting of a restricted stock award may be subject to the attainment of performance-based milestones, as determined by the Committee. The Committee may not discretionarily accelerate the vesting of any restricted stock award except in circumstances it determines to be extraordinary or non-recurring.

Description of Stock Appreciation Rights. A stock appreciation right is the right to the appreciation in value of the Company's common stock over the exercise price of the stock. The Company can pay the appreciation in either cash or in shares of the Company's common stock. Stock appreciation rights become exercisable at the times and on the terms established by the Committee. The exercise of a stock appreciation right, whether paid in cash or stock, results in the net amount distributed (or, in the event of a cash payout, its share equivalent) being reduced from the number of shares thereafter issuable under the 2000 Stock Plan.

Type of Stock Option Grants Permitted. The Plan permits us to grant ISOs and NSOs. After we grant an option, the principal differences to the participant between an ISO and a NSO relate to federal income tax consequences.

Term of Plan. The Plan is currently scheduled to expire in 2010.

Written Agreements. A written agreement between the service provider and us represents each award that the Committee grants under the Plan. The award agreement includes the following information:

The exercise or purchase price (if any, for discounted SARs and restricted stock);

The expiration date;

The number of shares covered by the award;

Any conditions to the exercise or vesting; and

Any other terms and conditions, consistent with the Plan, that the Committee determines in its sole discretion.

An option agreement also will specify whether the option is an ISO or an NSO.

Option Exercise Price. The Committee determines the option exercise price of each option. However, the exercise price may not be less than 100% of the fair market value of the shares on the date of grant. For 10% stockholders, the exercise price for an ISO may not be less than 110% of the fair market value on the date of grant. The Committee determines the fair market value as provided in the Plan, but fair market value generally is the closing sale price of the Shares on the applicable date.

SAR and Restricted Stock Exercise or Purchase Price. The Committee determines the SAR exercise price and the purchase price, if any, of any restricted stock award. Subject to the overall Plan limitation on discounted SAR and restricted stock awards, the exercise price may be less than the fair market value of the shares on the date of grant.

Vesting of Options and SARs. Each award vests at the time or times and under the restrictions and conditions that the Committee determines in its discretion. After an award has been granted, the Committee may accelerate its vesting.

Table of Contents

Restricted Stock Vesting. Unless the Committee determines otherwise, and subject to other terms of the Plan (i) any restricted stock award that is subject to performance-based milestones shall not vest sooner than the first anniversary of the date of grant and (ii) any restricted stock award that is not subject to performance-based milestones shall vest over a minimum of three years. The Committee may not discretionarily accelerate the vesting of any restricted stock award except in circumstances it determines to be extraordinary or non-recurring.

Effect of Dissolution or Liquidation. In the event of a proposed dissolution or liquidation of the Company, all outstanding options and SARs will automatically terminate immediately prior to the consummation of the dissolution or liquidation. The Committee may in its discretion, however, accelerate the vesting of any option, SAR or restricted stock award under the Plan in such event.

Effect of Merger or Asset Sale. If there is a proposed sale of all or substantially all of our assets, or a merger with or into another corporation, the successor corporation (or a parent or subsidiary of the successor corporation) may assume or substitute each outstanding option, SAR or restricted stock award. In the event that the successor corporation does not agree to assume or substitute the outstanding awards, the awards will become fully vested and exercisable even as to shares which otherwise would not be vested or exercisable.

Effect of a Change of Control. In the event of a change of control, each outstanding award shall vest 100%, including as to any performance-based vesting or grant limitations.

Expiration. The Committee determines all expiration provisions that apply to awards. In the case of options, the term may not exceed ten years from the date of grant.

Upon the termination of an optionholder's employment, consulting or Board member relationship with us, he or she may exercise his or her option to the extent it was exercisable at the date of termination for a period of time the Committee determines, but in no event after the expiration of the original term of the option. In the case of an ISO, the period for exercise following termination may not exceed 90 days (or one year if the termination is the result of death or disability). An employment, consulting or Board member relationship will not be considered terminated in the event of certain leaves of absence or transfers between our affiliated entities and us. In addition, if an employee's status with us changes from employee to consultant or Board member, any unexercised ISO held automatically converts to an NSO on the 91st day after the change of status.

No Repricing; Amendment and Termination. The Board may at any time amend or terminate the Plan, provided that the Board may not, without stockholder approval, (i) amend the Plan to permit the repricing, including by way of exchange, of any Option, SAR or Restricted Stock Award, (ii) materially increase the benefits accruing to any Optionee under the Plan, (iii) materially increase the number of securities which may be issued under the Plan, or (iv) materially modify the requirements for participation in the Plan.

Accounting Treatment

Currently, employee options with purchase prices at or above fair market value on the grant date typically do not result in any direct charge to our reported earnings. However, the fair value of these awards is required to be disclosed in the notes to our financial statements. We must also disclose, in the notes to our financial

Table of Contents

statements, the pro forma impact these awards would have on our reported earnings and earnings per share if the fair value of the awards at the time of grant was treated as a compensation expense.

Currently, employee awards with purchase prices below fair market value on the grant date result in a direct compensation expense that is typically equal to the spread, i.e., the difference between the purchase price and the fair market value on the grant date. Typically, this expense is amortized over our earnings over the award's vesting period.

The Financial Accounting Standards Board intends to require mandatory expensing for equity awards for fiscal years commencing after December 15, 2004. In such event, we expect that all Plan awards will result in direct charges to our reported earnings.

U.S. FEDERAL INCOME TAX CONSEQUENCES

Incentive Stock Options. An optionee who is granted an incentive stock option does not recognize taxable income at the time the option is granted or upon its exercise, although the exercise may subject the optionee to the alternative minimum tax. Upon a disposition of the shares more than two years after grant of the option and one year after exercise of the option, any gain or loss is treated as long-term capital gain or loss. If these holding periods are not satisfied, the optionee recognizes ordinary income at the time of disposition equal to the difference between the exercise price and the lower of (i) the fair market value of the shares at the date of the option exercise or (ii) the sale price of the shares. Any gain or loss recognized on such a premature disposition of the shares in excess of the amount treated as ordinary income is treated as long-term or short-term capital gain or loss, depending on the holding period. Long-term capital gains are grouped and netted by holding periods. Net capital gains tax on assets held for more than twelve months is currently capped at 15%. Capital losses are allowed in full against capital gains and up to \$3,000 against other income. A different rule for measuring ordinary income upon such a premature disposition may apply if the optionee is also our officer, director, or 10% stockholder. We are generally entitled to a deduction in the same amount as the ordinary income recognized by the optionee.

Nonstatutory Stock Options. An optionee generally does not recognize any taxable income at the time he or she is granted a nonstatutory stock option. Upon exercise, the optionee recognizes taxable income generally measured by the excess of the then fair market value of the shares over the exercise price. Any taxable income recognized in connection with an option exercise by our employee is subject to tax withholding by us. We are generally entitled to a deduction in the same amount as the ordinary income recognized by the optionee. Upon a disposition of such shares by the optionee, any difference between the sale price and the optionee's exercise price, to the extent not recognized as taxable income as provided above, is treated as long-term or short-term capital gain or loss, depending on the holding period. Net capital gain tax on assets held for more than twelve months is capped at 15%. Capital losses are allowed in full against capital gains and up to \$3,000 against other income. Different rules may apply if the purchaser is our officer, director, or 10% stockholder.

Stock Appreciation Rights. SARs are generally subject to the same taxation as NSOs.

Restricted Stock Awards. If the stock award is subject to vesting, then unless the participant elects to be taxed at the time of receipt of the award, the participant will not have taxable income upon the receipt of the

Table of Contents

award, but upon vesting will recognize ordinary income equal to the fair market value of the shares or cash at the time of vesting. As the shares vest, the participant will recognize ordinary income equal to the difference between the fair market value of the shares at the date of vesting and the purchase price. Any gain or loss recognized upon any later disposition of the shares generally will be capital gain or loss.

The foregoing is only a summary of the effect of federal income taxation upon participants and us with respect to the grant and exercise of options and SARs and the grant and vesting of restricted stock awards under the 2000 Stock Plan. Reference should be made to the applicable provisions of the Code. In addition, the summary does not purport to be complete, and does not discuss the tax consequences of the employee's or consultant's death or the provisions of the income tax laws of any municipality, state or foreign country in which the employee or consultant may reside.

PARTICIPATION IN THE 2000 STOCK PLAN

The grant of options under the 2000 Stock Plan to employees, including our Named Officers, is subject to the discretion of the Committee. As of the date of this proxy statement, there has been no determination by the Committee with respect to future awards under the 2000 Stock Plan. Non-employee directors are eligible to participate in the 2000 Stock Plan. The following table sets forth information with respect to the grant of options to the Named Officers, all current executive officers as a group, all non-employee directors as a group and all other employees as a group during fiscal 2003, each pursuant to the 2000 Stock Plan. The closing price of one share of our common stock on the New York Stock Exchange as of March 31, 2004 was \$19.52.

Vote Required and Board of Directors Recommendation

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL NUMBER 2. The affirmative vote of a majority of the shares of common stock of the Company represented in person or represented by proxy at the Annual Meeting and entitled to vote with respect to this proposal will be required to approve the amendment to the 2000 Stock Plan.

PROPOSAL NO. 3

ADOPTION OF THE VISX, INCORPORATED PERFORMANCE INCENTIVE PLAN

General

The Compensation Committee of our Board of Directors adopted the VISX Performance Incentive Plan (the "PIP") on February 11, 2004, to be effective on January 1, 2005, subject to stockholder approval. The purposes of the PIP are to motivate key employees to perform to the best of their abilities by tying compensation to performance, and to encourage an employee focus on the Company's long-term objectives. The PIP addresses these purposes by measuring employee performance over performance periods of not less than one year. Awards under the PIP, in the form of restricted stock, will generally be made at the end of each performance period. All awards of restricted stock under the PIP shall be made pursuant to the Company's stockholder-approved 2000 Stock Plan, as amended.

Proposal

We are asking stockholders to approve adoption of the PIP so compensation recognized by participants under the PIP will be fully deductible by the Company. Under Section 162(m) of the Internal Revenue Code, the federal income tax deductibility of compensation paid to the Company's Chief Executive Officer and to each of its next four most highly compensated executive officers may be limited to the extent that it exceeds \$1,000,000 in any one year. The Company can deduct compensation in excess of that amount if the compensation qualifies as performance-based compensation under Section 162(m) of the Code.

For compensation paid under the PIP to qualify as performance-based compensation, the provisions of the PIP must meet certain requirements (as described below), and the Company's stockholders must approve the PIP. If these requirements are met, the Company should be able to receive a federal income tax deduction for compensation recognized under the PIP.

Below is a summary of the principal provisions of the PIP. We have attached the PIP as Appendix B to this proxy statement. The following description of the PIP is qualified in its entirety by reference to that Appendix.

Summary of PIP

Administration; Limitation. The Compensation Committee will administer the PIP. Subject to the terms of the PIP, the Compensation Committee has the sole discretion to determine who will receive awards, to determine the amounts, terms and conditions of each award and to construe and interpret the terms and

Table of Contents

conditions of the PIP. However, no participant may receive an award of more than 100,000 shares under the PIP for any performance period.

Eligibility. Participation in the PIP is at the discretion of the Compensation Committee. In selecting participants for the PIP, the Compensation Committee will generally choose those employees who the Committee believes are most likely to make significant contributions to the Company's success. The actual participants, and the number thereof, cannot be determined in advance because eligibility for participation is in the discretion of the Compensation Committee.

PIP Awards. The Compensation Committee will determine the performance periods under the PIP for measuring participant performance (each a Performance Period), provided that no Performance Period may be shorter than a fiscal year. The Compensation Committee will establish for each Performance Period (i) the participants for each Performance Period, (ii) the Performance Goals, based on business criteria, and the target levels of performance for each participant, and (iii) a payout formula or matrix for calculating a participant's award based on actual performance compared to the pre-established Performance Goals. Performance Goals may be based on one or more of the following business criteria: earnings per share, free cash flow, inventory turns, invested capital, net operating profit after tax, operating cash flow, operating income, profit after tax, profit before tax, return on assets, return on equity, return on sales, revenue, return on invested capital, or total stockholder return.

The Compensation Committee may set Performance Periods and Performance Goals that differ from participant to participant and from Performance Period to Performance Period. Following each Performance Period, the Compensation Committee will determine the extent to which the Performance Goals for each participant were achieved. The Compensation Committee will determine the actual award (if any) for each participant by the level of actual performance achieved. However, the Compensation Committee retains discretion to eliminate or reduce the actual award made to any participant below that otherwise called for under the applicable formula or matrix. Awards under the PIP are payable in the form of restricted stock grants under the Company's 2000 Stock Plan. The restricted stock received by participants will generally be subject to vesting restrictions that lapse over the two-year period following the end of the applicable performance period.

PIP Benefits. Since awards under the PIP will be determined by comparing actual performance to the Performance Goals established by the Compensation Committee, it is not possible to predict the awards that will be made under the PIP for any Performance Period.

PIP Amendments. The Compensation Committee may amend or terminate the PIP at any time and for any reason. In order to maintain the PIP's qualification under Section 162(m), certain material amendments of the PIP will require stockholder approval.

Federal Income Tax Information

A participant who receives an award in the form of restricted stock under the PIP will not have taxable income upon receiving the award, unless he or she elects to be taxed at that time. Instead, he or she will recognize ordinary income at the time of vesting equal to the fair market value (on the vesting date) of the vested shares.

Table of Contents

The Company generally will be entitled to a tax deduction in connection with an award under the PIP in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income.

As discussed above, under Section 162(m) of the Internal Revenue Code, the Company is not entitled to a deduction for certain executive compensation in excess of \$1,000,000 unless it qualifies as performance-based compensation under Section 162(m) of the Code. If stockholders approve the PIP, compensation payable under the PIP is expected to qualify as performance-based compensation and should be fully deductible by the Company. If stockholders do not approve the PIP, no awards will be made under the PIP to the Company's Chief Executive Officer and to each of its next four most highly compensated executive officers.

Vote Required and Board of Directors Recommendation

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL NUMBER 3. The affirmative vote of a majority of the shares of common stock of the Company represented in person or represented by proxy at the Annual Meeting and entitled to vote with respect to this proposal will be required to adopt the VISX, Incorporated Performance Incentive Plan.

PROPOSAL NO. 4

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Company is asking the stockholders to ratify the appointment of KPMG LLP as the Company's independent auditors for the year ending December 31, 2004. KPMG LLP has audited the Company's financial statements since June 7, 2002. Between January 1, 2002 and June 7, 2002, Arthur Andersen LLP audited the Company's financial statements. Representatives of KPMG LLP are expected to attend the Annual Meeting and will have the opportunity to make a statement if they desire to do so and to answer appropriate questions.

Fees billed to the Company by its Auditors during 2003

Audit Fees:

Audit fees billed to the Company by KPMG LLP during 2003 for review of the Company's annual financial statements and those financial statements included in the Company's quarterly reports on Form 10-Q totaled \$259,000.

Audit-Related Fees:

Fees billed to the Company by KPMG LLP during 2003 for audit-related services rendered to the Company totaled \$4,000.

Table of Contents

Financial Information Systems Design and Implementation Fees:

The Company did not engage KPMG LLP to provide advice to the Company regarding financial information systems design and implementation during 2003.

All Other Fees:

Fees billed to the Company by KPMG LLP during 2003 for all other non-audit services rendered to the Company, including tax-related services, totaled \$669,000. This amount consists of \$594,000 for tax compliance services and \$75,000 for tax consulting services.

Independence and Stockholders Ratification of the Selection of KPMG LLP

The Audit Committee has also considered whether the provision of non-audit services by KPMG LLP was compatible with maintaining the independence of KPMG LLP, and determined that the performance of such non-audit services did not impair the independence of KPMG LLP.

Stockholder ratification of the selection of KPMG LLP as the Company's independent public accountants is not required by the Company's Bylaws or other applicable legal requirement. However, the Audit Committee has determined to retain KPMG LLP subject to stockholder approval and has asked the Board of Directors to submit the selection of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and Board of Directors will consider whether or not to retain that firm. Even if the selection is ratified, the Board of Directors at its discretion may direct the appointment of a different independent auditing firm at any time during the year.

Vote Required and Board of Directors Recommendation

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL NUMBER 4. Ratification of the appointment of KPMG LLP as the Company's independent auditors for the year ending December 31, 2004 will require the affirmative vote of a majority of the shares of common stock represented in person or by proxy and entitled to vote with respect to this proposal.

Change of Independent Auditors

On June 7, 2002, the Company dismissed Arthur Andersen LLP as its independent auditors. This action was approved by the Board of Directors and the Audit Committee of the Board of Directors. The audit reports of Arthur Andersen LLP on the consolidated financial statements of the Company and its subsidiaries as of and for the years ended December 31, 2000 and 2001, did not contain any adverse opinion, disclaimer of opinion or qualification as to uncertainty, audit scope or accounting principles. During the two years ended December 31, 2000 and 2001, and the subsequent interim period through May 20, 2002, there were no disagreements with Arthur Andersen LLP on any matter of accounting principle or practice, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Arthur Andersen LLP, would have caused them to make a reference to the subject matter of the disagreement in connection with their reports; and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

Table of Contents

On June 7, 2002 the Company engaged KPMG LLP as its new independent auditors. The decision to change accounting firms was approved by the Company's Board of Directors and the Audit Committee of the Board of Directors. During the years ended December 31, 2000 and 2001, and the subsequent interim period through June 7, 2002, the Company did not consult with KPMG LLP regarding (1) the application of accounting principles to any specified transaction, either completed or proposed, (2) the type of audit opinion that might be rendered on the Company's financial statements and neither a written report was provided to the Company nor was oral advice provided that KPMG LLP concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue, or (3) any other matters or reportable events that were either the subject of disagreement, as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instruction of Item 304 of Regulation S-K, or a reportable event, as that term is defined in Item 304(a)(1)(v) of Regulation S-K as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

The Company requested that Arthur Andersen LLP furnish it with a letter addressed to the Securities and Exchange Commission stating that it agreed with the statements set forth above. A copy of such letter dated June 7, 2002 was filed as Exhibit 16.1 to the Company's Current Report on Form 8-K filed on June 7, 2002.

REPORT OF AUDIT COMMITTEE

The Audit Committee is comprised entirely of independent non-employee directors. The Audit Committee oversees engagement of the Company's independent auditors, reviews the arrangements for and scope of the audit by the Company's independent auditors, and reviews and evaluates the Company's accounting practices and its systems of internal accounting controls. The Audit Committee has reviewed and discussed the Company's audited financial statements for 2003 with the Company's management and with the independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be considered with the auditors by Statement of Auditing Standards No. 61. The Audit Committee has received written communication and the letter from the independent auditors required by Independence Standards Board Standard No. 1 and has discussed with the independent auditors their independence from the Company. Based on the foregoing activities, the Audit Committee has recommended to the Board of Directors that the Company's audited financial statements for the year 2003 be included in the

of the Code, the Plan shall be administered by a Committee of two or more outside directors within the meaning of Section 162(m) of the Code.

(b) *Powers of the Administrator.* Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator shall have the authority, in its discretion:

(i) to determine the Fair Market Value in accordance with Section 2(n) of the Plan;

(ii) to select the Service Providers to whom Options, SARs and Restricted Stock Awards may from time to time be granted hereunder;

(iii) to determine the number of Shares to be covered by each Option, SAR or Restricted Stock Award granted hereunder;

(iv) to approve forms of agreement for use under the Plan;

(v) to determine the terms and conditions of any Option, SAR or Restricted Stock Award granted hereunder. Such terms and conditions include, but are not limited to, the exercise price, the time or times when Options, SARs or Restricted Stock Awards may be exercised or granted (which may be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions, and any other restriction or limitation regarding any Option, SAR or Restricted Stock Award or the Common Stock relating thereto, based in each case on such factors as the Administrator, in its sole discretion, shall determine, provided that the Administrator may not accelerate vesting of any Restricted Stock Award except in circumstances it determines to be extraordinary or non-recurring;

(vi) to construe and interpret the terms of the Plan and awards granted pursuant to the Plan;

(vii) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans established for the purpose of qualifying for preferred tax treatment under foreign tax laws;

(viii) to allow Optionees to satisfy withholding tax obligations by electing to have the Company withhold from the Shares to be issued upon exercise of an Option or SAR or the Shares of Restricted Stock that vest that number of Shares having a Fair Market Value equal to the minimum amount required to be withheld, and no more in any event. The Fair Market Value of the Shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined. All elections by Optionees to have Shares withheld for this purpose shall be made in such form and under such conditions as the Administrator may deem necessary or advisable;

(ix) to modify or amend each Option (subject to Section 17(c) of the Plan), including the discretionary authority to extend the post-termination exercisability period of Options longer than is

A-5

otherwise provided for in the Plan, provided that the Board may not amend any Option to reduce the exercise price of the option below 100% of the Fair Market Value per Share on the date of grant;

(x) to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Option, SAR or Restricted Stock Award previously granted by the Administrator;

(c) *Effect of Administrator's Decision.* The Administrator's decisions, determinations and interpretations shall be final and binding on all Optionees.

5. *Eligibility.* Nonstatutory Stock Options, SARs and Restricted Stock Awards may be granted to Service Providers. Incentive Stock Options may be granted only to Employees.

6. *Limitations.*

(a) Each Option shall be designated in the Option Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Optionee during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds \$100,000, such Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options shall be taken into account in the order in which they were granted. The Fair Market Value of the Shares shall be determined as of the time the Option with respect to such Shares is granted.

(b) Neither the Plan nor any Option, SAR or Restricted Stock Award shall confer upon any Optionee any right with respect to continuing the Optionee's relationship as a Service Provider with the Company, nor shall it interfere in any way with his or her right or the Company's right to terminate such relationship at any time, with or without cause.

(c) The following limitations shall apply to grants of Options and SARs with an exercise price equal to a minimum of 100% of Fair Market Value on the date of grant:

(i) No Service Provider shall be granted, in any fiscal year of the Company, Options or SARs to purchase more than 500,000 Shares.

(ii) In connection with his or her initial service, a Service Provider may be granted Options or SARs to purchase up to an additional 500,000 Shares, which shall not count against the limit set forth in subsection (i) above.

(iii) The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 14.

(iv) If an Option or SAR is cancelled in the same fiscal year of the Company in which it was granted (other than in connection with a transaction described in Section 14), the cancelled Option or SAR will be counted against the limits set forth in subsections (i) and (ii) above. For this purpose, if the exercise price of an Option is reduced, the transaction will be treated as a cancellation of the Option and the grant of a new Option.

7. *Term of Plan.* The Plan shall become effective upon its adoption by the Board. It shall continue in effect for a term of ten (10) years unless terminated earlier under Section 17 of the Plan.

8. *Term of Option.* The term of each Option shall be stated in the Option Agreement. The term of each Option shall be ten (10) years from the date of grant or such shorter term as may be provided in the Option Agreement. Moreover, in the case of an Incentive Stock Option granted to an Optionee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant or such shorter term as may be provided in the Option Agreement.

9. *Option Exercise Price and Consideration.*

(a) *Exercise Price.* The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be determined by the Administrator provided that such exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant of such Option. In the case of an Incentive Stock Option granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than 110% of the Fair Market Value per Share on the date of grant.

(b) *Waiting Period and Exercise Dates.* At the time an Option is granted, the Administrator shall fix the period within which the Option may be exercised and shall determine any conditions that must be satisfied before the Option may be exercised.

(c) *Form of Consideration.* The Administrator shall determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator shall determine the acceptable form of consideration at the time of grant. Such consideration may consist (but only to the extent permitted by Applicable Law) entirely of:

(i) cash;

(ii) check;

(iii) promissory note;

(iv) other Shares which (A) in the case of Shares acquired upon exercise of an option, have been owned by the Optionee for more than six months on the date of surrender, and (B) have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;

(v) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan;

(vi) a reduction in the amount of any Company liability to the Optionee, including any liability attributable to the Optionee's participation in any Company-sponsored deferred compensation program or arrangement;

(viii) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

10. *Exercise of Option.*

(a) *Procedure for Exercise; Rights as a Stockholder.* Any Option granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Option Agreement. An Option may not be exercised for a fraction of a Share.

An Option shall be deemed exercised when the Company receives: (i) written or electronic notice of exercise (in accordance with the Option Agreement) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Option Agreement and the Plan. Shares issued upon exercise of an Option shall be issued in the name of the Optionee or, if requested by the Optionee, in the name of the Optionee and his or her spouse or a trust for the benefit therefore (so long as such trust may hold the option under Applicable Laws). Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 14 of the Plan.

Exercising an Option in any manner shall decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

(b) *Termination of Relationship as a Service Provider.* If an Optionee ceases to be a Service Provider, other than upon the Optionee's death or Disability, the Optionee may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement). In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for three (3) months following the Optionee's termination. If, on the date of termination, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option within the time specified by the Administrator, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(c) *Disability of Optionee.* If an Optionee ceases to be a Service Provider as a result of the Optionee's Disability, the Optionee may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement). In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for twelve (12) months following the Optionee's termination. If, on the date of termination, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the

Table of Contents

Optionee does not exercise his or her Option within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(d) *Death of Optionee.* If an Optionee dies while a Service Provider, the Option may be exercised within such period of time as is specified in the Option Agreement (but in no event later than the expiration of the term of such Option as set forth in the Notice of Grant), by the Optionee's estate or by a person who acquires the right to exercise the Option by bequest or inheritance, but only to the extent that the Option is vested on the date of death. In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for twelve (12) months following the Optionee's death. If, at the time of death, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall immediately revert to the Plan. The Option may be exercised by the executor or administrator of the Optionee's estate or, if none, by the person(s) entitled to exercise the Option under the Optionee's will or the laws of descent or distribution. If the Option is not so exercised within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

11. *Restricted Stock Awards.*

(a) *Grant of Restricted Stock Awards.* Subject to the terms and conditions of the Plan, Restricted Stock Awards may be granted to Service Providers at any time and from time to time as shall be determined by the Administrator, in its sole discretion. The Administrator shall have complete discretion to determine (i) the number of Shares subject to a Restricted Stock Award granted to any Service Provider, and (ii) the conditions that must be satisfied, including performance-based milestones, upon which is conditioned the grant or vesting of a Restricted Stock Award.

(b) *Terms.* The Administrator, subject to the provisions of the Plan, shall have complete discretion to determine the terms and conditions of Restricted Stock Awards granted under the Plan. Restricted Stock Awards shall be subject to the terms, conditions, and restrictions determined by the Administrator at the time the stock is awarded, which may include such performance-based milestones as are determined appropriate by the Administrator. Unless otherwise determined by the Administrator and subject to the terms of the Plan (i) any Restricted Stock Award that is subject to performance-based milestones shall not vest sooner than the first anniversary of the date of grant and (ii) any Restricted Stock Award that is not subject to performance-based milestones shall vest over a minimum of three years. The Administrator may require the recipient to sign a Restricted Stock Award Agreement as a condition of the award. The certificates representing the Shares awarded shall bear such legends as shall be determined by the Administrator.

(c) *Restricted Stock Award Agreement.* Each Restricted Stock Award grant shall be evidenced by an award agreement that shall specify the purchase price (if any) and such other terms and conditions as the Administrator, in its sole discretion, shall determine.

Table of Contents

(b) *Exercise Price and Other Terms.* The Administrator, subject to the provisions of the Plan, shall have complete discretion to determine the terms and conditions of SARs granted under the Plan.

(c) *Payment of SAR Amount.* Upon exercise of a SAR, an Optionee shall be entitled to receive payment from the Company in an amount determined by multiplying:

(i) The difference between the Fair Market Value of a Share on the date of exercise over the exercise price; times

(ii) The number of Shares with respect to which the SAR is exercised.

(d) *Payment Upon Exercise of SAR.* At the discretion of the Administrator, payment for a SAR may be in cash, Shares or a combination thereof.

(e) *Cash Settlements and Plan Share Allocation.* Cash payments of Stock Appreciation Rights as well as Common Stock issued upon exercise of Stock Appreciation Rights shall be applied against the maximum number of Shares that may be issued pursuant to the Plan. The number of Shares to be applied against such maximum number of Shares in such circumstances shall be the number of Shares equal to the amount of the cash payment divided by the Fair Market Value of a Share on the date the Stock Appreciation Right is granted.

(f) *SAR Agreement.* Each SAR grant shall be evidenced by an award agreement that shall specify the exercise price, the term of the SAR, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, shall determine.

(g) *Expiration of SARs.* A SAR granted under the Plan shall expire upon the date determined by the Administrator, in its sole discretion, and set forth in the Award Agreement.

13. *Non-Transferability of Options, SARs and Restricted Stock Awards.* Except as determined otherwise by the Administrator in its discretion, Options, SARs and Restricted Stock Awards may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Optionee, only by the Optionee. If the Administrator makes an Option, SAR or Restricted Stock Award transferable, such Option, SAR or Restricted Stock Award shall contain such additional terms and conditions as the Administrator deems appropriate.

14. *Adjustments Upon Changes in Capitalization, Dissolution, Merger, Asset Sale or Change of Control.*

(a) *Changes in Capitalization.* Subject to any required action by the stockholders of the Company, the number of Shares covered by each outstanding Option, SAR or Restricted Stock Award, and the number of Shares which have been authorized for issuance under the Plan but as to which no Option, SARs or Restricted Stock Awards have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Option, SAR or Restricted Stock Award, as well as the price per share of Stock covered by each such outstanding Option, SAR or Restricted Stock Award, shall be proportionately adjusted for any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company. The conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such

Table of Contents

adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Shares subject to an Option, SAR or Restricted Stock Award.

(b) *Dissolution or Liquidation.* In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each Optionee as soon as practicable prior to the effective date of such proposed transaction. The Administrator in its discretion may provide for an Optionee to have the right to exercise his or her Option or SAR until ten (10) days prior to such transaction as to all of the Optioned Stock covered thereby, including Shares as to which the Option or SAR would not otherwise be exercisable. In addition, the Administrator may provide that any Company repurchase option applicable to any Shares purchased upon exercise of an Option, SAR or Restricted Stock Award or forfeiture rights with respect to Restricted Stock shall lapse as to all such Shares, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, an Option or SAR will terminate immediately prior to the consummation of such proposed action.

(c) *Merger or Asset Sale.* In the event of a merger of the Company with or into another corporation, or the sale of substantially all of the assets of the Company, each outstanding Option, SAR, and Restricted Stock Award shall be assumed or an equivalent option, right or agreement substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that a Restricted Stock Award Agreement is not assumed or substituted by the successor corporation or a Parent or Subsidiary thereof, the Company's right to return or repurchase of forfeited Shares, including as to performance-based vesting, shall terminate as of the date of the closing of the merger or asset sale and any performance-based grant requirements shall be deemed to have been completely satisfied immediately prior to such date. In the event that the successor corporation or a Parent or Subsidiary thereof refuses to assume or substitute for an Option or SAR, the Optionee shall fully vest in and have the right to exercise the Option or SAR as to all of the Optioned Stock, including Shares as to which it would not otherwise be vested or exercisable and including any performance-based vesting limitations. If an Option or SAR becomes fully vested and exercisable in lieu of assumption or substitution in the event of a merger or sale of assets, the Administrator shall notify the Optionee in writing or electronically that the Option or SAR shall be fully exercisable for a period of fifteen (15) days from the date of such notice, and the Option or SAR shall terminate upon the expiration of such period. For the purposes of this paragraph, the Option, SAR or Restricted Stock Award shall be considered assumed if, following the merger or sale of assets, the option or right confers the right to purchase or receive, for each Share of Optioned Stock subject to the Option, SAR or Restricted Stock Award immediately prior to the merger or sale of assets, the consideration (whether stock, cash, or other securities or property) received in the merger or sale of assets by holders of Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or sale of assets is not solely stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option, SAR or Restricted Stock Award, for each Share of Optioned Stock subject to the Option, SAR or Restricted Stock Award, to be solely Stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Shares in the merger or sale of assets.

(d) *Change of Control.* Notwithstanding Section 14(c), in the event of a Change of Control, the Optionee shall fully vest in and have the right to exercise his or her Option or SAR as to all of the Optioned Stock, including Shares as to which it would not otherwise be vested or exercisable, and any Shares subject to a Restricted Stock Award shall vest 100%, including as to any performance-based vesting or grant limitations. If an award hereunder becomes fully vested and/or exercisable in the event of a Change of Control, the Administrator shall notify the Optionee in writing or electronically that the award is fully vested and/or exercisable.

15. *Leaves of Absence.* In the event of a Service Provider's leave of absence that is approved by the Company, vesting of Options, SARs and Restricted Stock Awards shall continue during the first 90 days of such leave, but shall cease thereafter until such time, as any, if such Service Provider resumes his or her active duties with the Company or its Parent or Subsidiaries, unless otherwise determined by the Administrator or as required by Applicable Laws. In the event of a Service Provider's leave of absence that is not approved by the Company, vesting of Options, SARs and Restricted Stock Awards shall cease immediately upon the commencement of such leave until such time, as any, if such Service Provider resumes his or her active duties with the Company or its Parent or Subsidiaries, unless otherwise determined by the Administrator or as required by Applicable Laws.

16. *Time of Granting Options, SARs and Restricted Stock Awards.* The date of grant of an Option, SAR or Restricted Stock Award shall, for all purposes, be the date on which the Administrator makes the determination granting such Option, SAR or Restricted Stock Award, or such other subsequent date as is determined by the Administrator. Notice of the determination shall be given to each Service Provider to whom an Option, SAR or Restricted Stock Award is so granted within a reasonable time after the date of such grant.

17. *Amendment and Termination of the Plan.*

(a) *Amendment and Termination.* The Board may at any time amend, alter, suspend or terminate the Plan, provided that the Board may not, without stockholder approval, (i) amend the Plan to permit the repricing, including by way of exchange, of any Option, SAR or Restricted Stock Award, (ii) materially increase the benefits accruing to any Optionee under the Plan, (iii) materially increase the number of securities which may be issued under the Plan, or (iv) materially modify the requirements for participation in the Plan.

(b) *Stockholder Approval.* The Company shall obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.

Furthermore, the Company expressly reserves the right, which may be exercised at any time and without regard to when during a Performance Period such exercise occurs, to terminate any individual's employment with or without cause, and to treat him or her without regard to the effect which such treatment might have upon him or her as a Participant. For purposes of the Plan, transfers of employment of a Participant between the Company and any one of its Affiliates (or between Affiliates) shall not be deemed a Termination of Employment.
