In the event Mr. Crane's employment with NRG Energy is terminated by NRG Energy without cause or by Mr. Crane for good reason (including a reduction in his base salary) after the effective date of the NRG Energy plan of reorganization, Mr. Crane will be entitled to two times his base salary (without regard for any reduction in base salary); 50 percent of the target annual bonus (75 percent in 2004), prorated for the number of days he was employed with NRG Energy in the year of termination; immediate vesting of all restricted stock and stock options; continuing medical and dental coverage for six

In the event Mr. Crane s employment with NRG Energy is terminated by NRG Energy for cause or by Mr. Crane without good reason, Mr. Crane will be entitled to earned but unpaid base salary, bonuses, deferred compensation, vacation pay and retirement benefits; and treatment of restricted stock and stock options in accordance with the terms of the stock subscription and stock option agreements. In the event that the payments under Mr. Crane s employment agreement subject him to an excise tax under Section 4999 of the Internal Revenue Code, he will be entitled to a gross-up payment so that the net amount received by Mr. Crane after imposition of the excise tax equals the amount he would have received under the employment agreement absent the imposition of the excise tax. In addition, under the employment agreement, NRG Energy has agreed to indemnify Mr. Crane against any claims arising as a result of his position with NRG Energy to the maximum extent permitted by law.

Under the employment agreement, Mr. Crane agrees not to divulge confidential information or, during and for a period of one year after the termination of the employment agreement, compete with, or solicit the customers or employees of, NRG Energy.

Each of: (a) Scott J. Davido, Executive Vice President and Regional President, Northeast Region; (b) Ershel C. Redd Jr., Executive Vice President, Commercial Operations and Regional President, Western Region; and (c) John P. Brewster, Executive Vice President, Corporate Operations and Regional President, South Central Region is party to a substantially similar letter agreement with NRG Energy dated as of March 5, 2004. Under the respective agreements, Messrs. Davido, Redd and Brewster are entitled to an annual base salary of \$300,000 and are eligible to participate in NRG Energy s Annual Incentive Plan and NRG Energy s Long-Term Incentive Plan. For 2004, the agreements establish the maximum target incentive for annual incentive compensation at 50 percent of base salary and provide an additional stretch incentive opportunity of 25 percent of base salary. Any target incentive payout received will be delivered 50 percent in cash and 50 percent in deferred stock units, and any payout received for obtaining the stretch goal will be delivered 35 percent in cash and 65 percent in deferred stock units. The 2004 grant under the Long-Term Incentive Plan consists of 27,000 nonqualified stock options granted at an exercise price of \$19.90 and 7,500 restricted stock units. The options vest in increments of one third beginning on the anniversary date of the grant, and the restricted stock units vest on the third anniversary of the grant date.

The agreements also provide for a general severance benefit of 1.5 times base salary and a change-in-control benefit equal to 2.99 times base salary plus maximum target annual incentive. The change-in-control benefit is payable upon the occurrence of: (a) both a change in control and the involuntary termination of employment with NRG Energy; or (b) both a change in control and the voluntary termination of employment with NRG Energy for good reason, including diminution of duties. For purposes of calculating the incentive component of the change-in-control benefit, for 2004 the incentive consists of the maximum target, for 2005 it consists of the average maximum target plus the actual 2004 incentive payout, and thereafter is based on a three-year average incentive payout. The agreements also provide for relocation benefits in connection with the relocation from Minnesota to New Jersey of NRG Energy s corporate headquarters.

George P. Schaefer, Vice President & Treasurer, is party to a letter agreement with NRG Energy dated as of December 18, 2002, which provides Mr. Schaefer certain severance benefits in the event his employment with NRG Energy is terminated. Specifically, in the event Mr. Schaefer s employment is terminated without cause or Mr. Schaefer resigns for good reason, he is entitled to a lump sum payment

- (1) The number of shares beneficially owned by each person or entity is determined under the rules of the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, each person or entity is considered the beneficial owner of any: (a) shares to which such person or entity has sole or shared voting power or investment power and (b) shares that such person or entity has the right to acquire within 60 days through the exercise of stock options or similar rights. Unless otherwise indicated, each person or entity has sole investment and voting power

(or such person shares such powers with his or her spouse) with respect to the shares set forth in the table above.

- (2) Includes 14,889 deferred stock units payable in the event Mr. Cosgrove ceases to be a member of our board of directors.
- (3) Represents deferred stock units payable in the event the director ceases to be a member of our board of directors.
- (4) Includes 6,067 deferred stock units granted in March 2004 that are payable in the event Mr. Patterson ceases to be a member of our board of directors. Mr. Patterson is the holder of membership interests in MatlinPatterson LLC, the ultimate parent of MatlinPatterson Global Partners LLC, and MatlinPatterson Global Advisers LLC, which in turn are the general partner and the investment adviser respectively, of MatlinPatterson Global Opportunities Partners L.P. and MatlinPatterson Global Opportunities Partners (Bermuda) L.P. (collectively, the MatlinPatterson Funds). By reason of such relationship, Mr. Patterson may be deemed to share voting and dispositive power over the 21,505,044 shares beneficially owned by the MatlinPatterson Funds.
- (5) The director does not directly own any common stock in NRG Energy, but is rather an employee of MatlinPatterson Global Advisers LLC, the investment adviser of the MatlinPatterson Funds. However, this director does have a pecuniary interest in shares of common stock beneficially owned by the MatlinPatterson Funds because he holds an indirect interest in the Special Limited Partner of the MatlinPatterson Funds, the limited partnership through which he has an indirect investment interest and a carried interest in the MatlinPatterson Funds investments, including the investment in NRG Energy. The exact pecuniary interest therein is not readily determinable because it is subject to several variables, including without limitation, the internal rates of return of each of the MatlinPatterson Funds overall and with respect to their investments in NRG Energy. Such director is not deemed to have voting or investment power with respect to these shares.
- (6) MatlinPatterson Global Opportunities Partners L.P. has shared voting and investment power with respect to these shares.
- (7) MatlinPatterson Global Opportunities Partners (Bermuda) L.P. has shared voting and investment power with respect to these shares.
- (8) Each of these directors is obligated, under the terms of his employment with MatlinPatterson Global Advisers LLC, to transfer to the MatlinPatterson Funds any stocks or options received as remuneration for serving on a board of directors. Therefore, the MatlinPatterson Funds are the ultimate beneficial owner of any shares resulting from the deferred stock units. The directors do not have the authority to exercise voting or investment power with respect to these shares, except as provided for in footnote four above.
- (9) Represents deferred stock units payable to Mr. Tate on the following schedule: (i) 25% (1,103 units) on January 1, 2005; (ii) 25% (1,103 units) on January 1, 2006; (iii) 25% (1,103 units) on January 1, 2007; and (iv) 25% (1,103 units) on January 1, 2008.

Policy on Audit Committee Preapproval of Audit and Permissible Nonaudit Services of Independent Auditors

The audit committee is responsible for appointing, setting compensation, and overseeing the work of the independent auditors. The audit committee has established a policy regarding preapproval of all audit and permissible nonaudit services provided by the independent auditors.

The audit committee will annually review and preapprove services that are expected to be provided by the independent auditors. The term of the preapproval will be 12 months from the date of the preapproval, unless the audit committee approves a shorter time period. The audit committee may periodically amend and/or supplement the preapproved services based on subsequent determinations.

Unless the audit committee has preapproved audit services or a specified category of nonaudit services, any engagement to provide such services must be preapproved by the audit committee if it is to be provided by the independent auditors. The audit committee must also preapprove any proposed services exceeding the preapproved budgeted fee levels for a specified type of service.

The audit committee has authorized its chair to pre-approve services in amounts up to \$500,000 per engagement. Engagements exceeding \$500,000 must be approved by the full audit committee. Engagements pre-approved by the chair are reported to the audit committee at its next scheduled meeting.
