PROXY STATEMENT

2006 ANNUAL MEETING OF STOCKHOLDERS
May 2, 2006

The Board of Directors (the *Board*) of Encore Acquisition Company (the *Company*) is providing these proxy materials in connection with the Company's annual meeting of stockholders that will be held at the Fort Worth Petroleum Club, 777 Main Street, 39th Floor, Fort Worth, Texas 76102, on Tuesday, May 2, 2006, at 9:00 a.m., Fort Worth time. Stockholders of record as of March 15, 2006, which is the record date established for the annual meeting by the Board, are entitled and requested to vote on the items of business described in this proxy statement. Each stockholder of record is entitled to one vote for each share registered in the stockholder's name. As of the record date, 49,766,021 shares of the Company's common stock were entitled to be voted at the annual meeting.

This proxy statement and the accompanying notice of annual meeting and proxy will first be sent or given to stockholders of the Company on or about April 4, 2006.

Voting Procedures

You may vote your shares in person at the annual meeting, by Internet, by telephone or by mail.

Voting in Person. Shares held in your name as the stockholder of record may be voted in person at the annual meeting. If your shares are held in the name of a broker, trustee or another nominee (*street name*), you may vote the shares in person at the annual meeting only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. **Even if you plan to attend the annual meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.**

Voting by Internet. Stockholders of record of the Company's common stock with Internet access may submit proxies by following the *Vote by Internet* instructions on their proxy cards. Most stockholders who hold shares beneficially in *street name* may vote by accessing the website specified on the voting instruction cards provided by their brokers, trustee or nominees. Please check the voting instruction card for Internet voting availability.

Voting by Telephone. Stockholders of record of the Company's common stock may submit proxies by following the *Vote by Phone* instructions on their proxy cards. Most stockholders who hold shares beneficially in *street name* may vote by phone by calling the number specified on the voting instruction cards provided by their brokers, trustee or nominees. Please check the voting instruction card for telephone voting availability.

Voting by Mail. Stockholders of record of the Company's common stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. Stockholders who hold shares beneficially in *street name* may vote by mail by completing, signing and dating the voting instruction cards provided and mailing them in the accompanying pre-addressed envelopes.

Changing Your Vote

You may change your vote at any time prior to the vote at the annual meeting, except that votes submitted through the Internet or telephone must be received by 11:59 p.m., New York time, on May 1, 2006. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice of revocation to the Company's Corporate Secretary prior to your shares being voted, or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee

Table of Contents

or nominee, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Quorum and Adjournments

The presence, in person or by proxy, of the holders of a majority of the votes eligible to be cast at the annual meeting is necessary to constitute a quorum at the annual meeting. Both abstentions and broker non-votes (described below) are counted for the purpose of determining the presence of a quorum. If a quorum is not present, the stockholders entitled to vote who are present in person or by proxy at the annual meeting have the power to adjourn the annual meeting from time to time, without notice other than an announcement at the annual meeting, until a quorum is present. At any adjourned annual meeting at which a quorum is present, any business may be transacted that might have been transacted at the annual meeting as originally notified.

Required Vote; Effect of Broker Non-Votes and Abstentions

The nominees for election as directors at the annual meeting who receive the highest number of FOR votes will be elected as directors. This is called plurality voting. The ratification of the appointment of the Company's independent registered public accounting firm requires the affirmative vote of a majority of the votes cast at the annual meeting.

In February 2006, the Board amended the Company's Corporate Governance Guidelines to require any nominee for director who receives a greater number of votes WITHHELD from his election than votes FOR such election to promptly tender his resignation from the Board following certification of the stockholder vote. The Nominating and Corporate Governance Committee shall consider the resignation and recommend to the Board whether to accept it. The Board's decision to accept or reject the resignation will be made within 90 days of the certification of the stockholder vote.

In the election of directors, you may vote FOR all or some of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. For the other items of business, you may vote FOR, AGAINST or ABSTAIN. If you elect to ABSTAIN, the abstention has the same effect as a vote AGAINST. If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If you sign your proxy card or voting instruction card without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board set forth below under Board Recommendation.

Brokers holding shares must vote according to specific instructions they receive from the beneficial owners of those shares. If specific instructions are not received, brokers may generally vote the shares in their discretion. However, the New York Stock Exchange precludes brokers from exercising voting discretion on certain proposals without specific instructions from the beneficial owner. Under the rules of the New York Stock Exchange, brokers will have discretion to vote on all items scheduled to be presented at the annual meeting.

A broker non-vote has the effect of a negative vote when a majority of the issued and outstanding shares is required for approval of a particular proposal and has no effect when a majority of the shares present in person or by proxy and entitled to vote or a plurality or majority of the votes cast is required for approval. Since directors are elected by a *plurality* and the ratification of the appointment of the independent registered public accounting firm requires the affirmative vote of a majority of the votes *cast*, broker non-votes will not affect the outcome of voting on those proposals.

Because abstentions are considered votes cast on a proposal, abstentions will have the same effect as votes against the ratification of the appointment of the Company's independent registered public accounting firm.

Table of Contents

Board Recommendation

The Board recommends that you vote:

FOR the election of the eight persons named in this proxy statement as nominees for election to the Board. If any nominee becomes unable or unwilling to accept nomination or election, the persons acting under proxy will vote for the election of a substitute nominee that the Board recommends.

FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm.

Voting on Other Matters

If any other business properly comes before the stockholders for a vote at the meeting, your shares will be voted in accordance with the discretion of the proxy holders, I. Jon Brumley, Jon S. Brumley and L. Ben Nivens. The Board knows of no matters, other than those described above, to be presented for consideration at the annual meeting.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

The Company has adopted a Code of Business Conduct and Ethics for directors, officers (including the Company's principal executive officer, principal financial officer and principal accounting officer) and employees. The Company also has adopted Corporate Governance Guidelines, which, in conjunction with the Company's certificate of incorporation, bylaws and Board committee charters, form the framework for governance of the Company. The Company's Code of Business Conduct and Ethics and Corporate Governance Guidelines are available on the Corporate Governance section of the Company's website at www.encoreacq.com. The Company will post on its website any amendments to the Code of Business Conduct and Ethics or waivers of the Code of Business Conduct and Ethics for directors and executive officers.

Director Independence

The Board has determined that each director nominee is independent, as defined for purposes of the listing standards of the New York Stock Exchange (the NYSE), other than Mr. I. Jon Brumley, who is Chairman of the Board, and Mr. Jon S. Brumley, who is Chief Executive Officer and President of the Company. In making this determination, the Board affirmatively determined that each independent director or nominee had no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company), and that none of the express disqualifications contained in the NYSE rules applied to any of them.

As contemplated by NYSE rules, the Board has adopted categorical standards to assist it in making independence determinations, under which relationships that fall within the categorical standards are not required to be disclosed in the proxy statement and their impact on independence need not be separately discussed. The Board, however,

considers all material relationships with each director in making its independence determinations. A relationship falls within the categorical standards if it:

Is a type of relationship addressed in Item 404 of Regulation S-K under the Securities Exchange Act of 1934 (the Exchange Act) or Section 303A.02(b) of the NYSE Listed Company Manual, but under those rules neither requires disclosure nor precludes a determination of independence; or

Table of Contents

Consists of charitable contributions by the Company to an organization where a director is an executive officer and does not exceed the greater of \$1 million or 2% of the organization's gross revenue in any of the last 3 years.

None of the independent director nominees had relationships relevant to an independence determination that were outside the scope of the Board's categorical standards.

Board Structure and Committee Composition

As of the date of this proxy statement, the Board has seven directors and the following three committees: (1) Audit, (2) Compensation, and (3) Nominating and Corporate Governance. The committee membership and meetings during the last fiscal year and the function of each of the committees are described below. Each of the committees operates under a written charter adopted by the Board. All of the committee charters are available on the Corporate Governance section of the Company's website at www.encoreacq.com.

Composition of Board Committees

Name of Director	Audit	Compensation	Nominating and Corporate Governance
Martin C. Bowen	Member		
Ted Collins, Jr.		Member	Chair
Ted A. Gardner	Chair		
John V. Genova	Member		
James A. Winne III		Chair	Member

The Audit Committee held eight meetings in 2005; the Compensation Committee held three meetings and acted by unanimous written consent on one occasion in 2005; and the Nominating and Corporate Governance Committee held one meeting in 2005. The Nominating and Corporate Governance Committee met in February 2006 in connection with matters related to the annual meeting.

The Board held eight meetings in fiscal 2005. Each director attended at least 75% of all Board and applicable committee meetings in 2005. Directors are encouraged to attend annual meetings of the Company's stockholders. All of the Company's directors attended the 2005 annual meeting of stockholders.

Audit Committee. The Audit Committee's purpose is, among other things, to assist the Board in overseeing:

the integrity of the Company's financial statements;

the Company's compliance with legal and regulatory requirements;

the independence, qualifications and performance of the Company's independent registered public accounting firm; and

the performance of the Company's internal audit function.

The Board has determined that all three members of the Audit Committee are independent under the listing standards of the NYSE and the rules of the Securities and Exchange Commission. In addition, the Board has determined that Mr. Gardner is an audit committee financial expert as such term is defined in Item 401(h) of Regulation S-K under the Exchange Act.

The report of the Audit Committee is included in this proxy statement on page 23. The charter of the Audit Committee is available on the Corporate Governance section of the Company's website at www.encoreacq.com. A free printed copy also is available to any stockholder who requests it from the address on page 3.

Compensation Committee. The Compensation Committee's functions include the following:

review and approve corporate goals and objectives relevant to chief executive officer compensation, evaluate the chief executive officer's performance in light of those goals and objectives, and, either as a committee or

Table of Contents

together with the other independent directors (as directed by the Board), determine and approve the chief executive officer's compensation level based on this evaluation;

approve, or make recommendations to the Board with respect to, the compensation of other executive officers;

from time to time consider and take action on the establishment of and changes to incentive compensation plans and equity-based compensation plans, including making recommendations to the Board on plans, goals or amendments to be submitted for action by the Company's stockholders;

administer the Company's compensation plans that it is assigned responsibility to administer, including taking action on grants and awards, determinations with respect to achievement of performance goals, and other matters provided in the respective plans;

review from time to time when and as it deems appropriate the compensation and benefits of non-employee directors, including compensation pursuant to equity-based plans, and approve, or recommend to the Board for its action, any changes in such compensation and benefits; and

produce a compensation committee report on executive compensation as required by the Securities and Exchange Commission to be included in the Company's annual proxy statement or annual report on Form 10-K.

The Board has determined that both members of the Compensation Committee are independent under the listing standards of the NYSE.

The report of the Compensation Committee is included in this proxy statement on page 18. The charter of the Compensation Committee is available on the Corporate Governance section of the Company's website at www.encoreacq.com. A free printed copy also is available to any stockholder who requests it from the address on page 3.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee's functions include the following:

identify individuals qualified to become Board members, consistent with criteria approved by the Board;

recommend to the Board a slate of director nominees to be elected by the stockholders at the next annual meeting of stockholders and, when appropriate, director appointees to take office between annual meetings;

develop and recommend to the Board the corporate governance guidelines applicable to the Company;

oversee the Board's annual evaluation of its performance of the Board and management; and

recommend to the Board membership on standing Board committees.

The Board has determined that both members of the Nominating and Corporate Governance Committee are independent under the listing standards of the NYSE.

The charter of the Nominating and Corporate Governance Committee is available on the Corporate Governance section of the Company's website at www.encoreacq.com. A free printed copy also is available to any stockholder who requests it from the address on page 3.

Selection of Nominees for the Board

Identifying Candidates

The Nominating and Corporate Governance Committee solicits ideas for potential Board candidates from a number of sources, including members of the Board, executive officers of the Company, individuals personally known to the members of the Board and research. The Nominating and Corporate Governance Committee also has sole authority to select and compensate a third-party executive search firm to help identify candidates, if it deems advisable. In addition, the Nominating and Corporate Governance Committee will consider candidates for the Board submitted by stockholders. Any stockholder submission should include the candidate's name and qualifications for Board membership and should be directed to:

Encore Acquisition Company
Attention: Corporate Secretary
777 Main Street, Suite 1400
Fort Worth, Texas 76102

Although the Nominating and Corporate Governance Committee does not require the stockholder to submit any particular information regarding the qualifications of the stockholder's candidate, the level of consideration that the Nominating and Corporate Governance Committee will give to the stockholder's candidate will be commensurate with the quality and quantity of information about the candidate that the nominating stockholder makes available to the committee. The Nominating and Corporate Governance Committee will consider all candidates identified through the processes described above, and will evaluate each of them on the same basis.

In addition, the Company's bylaws permit stockholders to nominate directors for election at an annual meeting of stockholders whether or not such nominee is submitted to and evaluated by the Nominating and Corporate Governance Committee. To nominate a director using this process, the stockholder must follow the procedures described under "Stockholder Proposals" below.

Evaluating Candidates

Each director candidate must meet certain minimum qualifications, including:

- the ability to represent the interests of all stockholders of the Company and not just one particular constituency;
- independence of thought and judgment;
- the ability to dedicate sufficient time, energy and attention to the performance of his or her duties, taking into consideration the nominee's service on other public company boards;
- skills and expertise complementary to the existing Board members' skills; and
- a high degree of personal and professional integrity.

In addition, the Nominating and Corporate Governance Committee considers other qualities that it may deem to be desirable from time to time, such as the extent to which the candidate contributes to the diversity of the Board with diversity being construed broadly to include a variety of perspectives, opinions, experiences and backgrounds. The Nominating and Corporate Governance Committee may also consider the ability of the candidate to work with the then-existing interpersonal dynamics of the Board and his or her ability to contribute to the collaborative culture

among Board members.

Based on this initial evaluation, the Chairman of the Nominating and Corporate Governance Committee may interview the candidate, and if warranted, recommend that one or more members of the committee, other members of the Board and executives, as appropriate, interview the candidate in person or by telephone. After completing this evaluation and interview process, the committee will make a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board will determine the nominees after considering the recommendation of the Nominating and Corporate Governance Committee.

Executive Sessions

The Company's non-management directors include all directors other than I. Jon Brumley and Jon S. Brumley. Each of the non-management directors is also independent under the listing standards of the NYSE. The non-management directors meet in executive session without management participation at least three times per year. These meetings are chaired on a rotating basis by the chairmen of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee.

Stockholder Communications

Change in Control Arrangements

On February 11, 2003, the Board adopted the Employee Severance Protection Plan, which provides employees of the Company with severance payments and benefits upon certain terminations of employment occurring from 90 days prior to until two years following a Change in Control (as described below) of the Company. If during such time period, a named executive officer is involuntarily terminated by the Company other than for cause or he resigns for Good Reason (as described below), the officer will receive a cash amount equal to twice his annual salary and bonus, continued insurance coverage for up to 36 months, and the automatic vesting of all his stock options and restricted stock. The Company would also be obligated to pay an additional amount to gross up the amount, if any, of excise and related income tax payable by the officer under the golden parachute provisions of the Internal Revenue Code in order for the officer to be able to retain the full amount due under the severance plan.

Generally, a Change in Control occurs upon (1) the acquisition by a party of 40% or more of the voting securities of the Company unless the party owned 20% prior to February 11, 2003; (2) a majority of the Board no longer consists of persons who were Board members on February 11, 2002 or persons appointed to the Board by

A resignation for Good Reason occurs when an officer resigns as a result of a reduction in his titles, duties, responsibilities, compensation level or the relocation of his place of employment.

Retirement Plan

The Company makes contributions to the Encore Acquisition Company 401(k) Plan, which is a voluntary and contributory plan for eligible employees. Compensation Committee Report on Executive Compensation

The Company's executive compensation program is administered by the Compensation Committee of the Board (the Compensation Committee). The Compensation Committee is composed entirely of independent directors. The specific duties and responsibilities of the Compensation Committee are described above under Board Structure and Committee Composition Compensation Committee and in the charter of the Compensation Committee, which is available on the Corporate Governance section of the Company's website at www.encoreacq.com.

The Compensation Committee meets each February to establish base salaries for the then-current fiscal year, to set cash bonuses and award equity-based compensation in respect of Company and executive performance during the preceding fiscal year and to review and, as appropriate, make changes to the Company's executive compensation program. The Compensation Committee also meets at other times during the year and acts by written consent when necessary and appropriate. For the past three years, the Compensation Committee has engaged an outside compensation consulting firm to assist the Compensation Committee in its review of the compensation for the executive officers.

The Compensation Committee has furnished the following report on executive compensation for fiscal 2005.

Executive Compensation Philosophy

In establishing executive compensation, the Company believes that:

base salaries should be at levels competitive with peer group companies that compete with the Company for business opportunities and executive talent;

annual cash bonuses, stock option awards and restricted stock awards should reflect progress toward the Company's goals and individual performance; and

the Company should encourage significant executive stock ownership through stock options and restricted stock awards.

Purpose of the Executive Compensation Program

The Company's executive compensation program has been designed to accomplish the following long-term objectives:

create a proper balance between building stockholder wealth and executive wealth while maintaining good corporate governance;

produce long-term, positive results for the Company's stockholders;

align executive compensation with Company performance and appropriate peer group comparisons;

Table of Contents

provide market-competitive compensation and benefits that will enable the Company to attract, motivate and retain a talented workforce; and

prevent short-term inappropriate manipulation to increase compensation.

Elements of Compensation

The Company's executive compensation program generally consists of (1) base salaries, (2) annual incentive compensation consisting of cash bonuses, stock option awards and restricted stock awards and (3) contributions to the Company's 401(k) retirement plan. In setting executive compensation, the Compensation Committee considers the aggregate compensation payable to an executive and the form of the compensation. The Compensation Committee pays base salaries at levels it believes are competitive with peer group companies (described below). In general, an executive's annual incentive compensation consists of approximately 25% cash (in the form of an annual cash bonus), 50% restricted stock and 25% stock options, although the mix of restricted stock and stock options may vary. The Compensation Committee believes that making approximately 75% of an executive's annual incentive compensation contingent on long-term stock price performance more closely aligns the executive's interests with those of the Company's stockholders.

The Compensation Committee evaluates the executive compensation programs and practices for the Company's executive officers against an industry peer group in order to achieve a competitive level of compensation. Overall, the Company targets total compensation for its executive officers at between the 50th and 75th percentiles of total compensation for similar positions in the peer group, although actual total compensation may be lower than the 50th percentile or higher than the 75th percentile based on individual performance and experience and Company performance and other factors. The companies chosen by the Compensation Committee for the peer group generally are not the same companies that comprise the Independent Oil and Gas Index shown in the Stock Performance Graph included in this proxy statement. The peer group companies for executive compensation purposes represent oil and gas companies of comparable size to the Company, including companies that compete with the Company both for business opportunities and for executive talent, while the Independent Oil and Gas Index is an amalgamation of many companies designed simply to provide a market barometer for an entire sector's performance.

The Company's executive compensation program contains performance-based goals relating to, among other things, the following:

budgeted oil and natural gas production;

rates of return on invested capital;

finding and development costs;

efficiency ratios (defined as EBITDA divided by three year finding and development costs); and

reserve replacement (defined as the ratio of reserves added through acquisitions and internal growth to production).

For 2005, the Company met or exceeded the performance-based goals. In addition to specific performance-based goals, the Company also considered the following factors, among others, when establishing 2005 compensation:

the Company's financial condition and results of operations;

implementation of the Company's development program, including results of the Company's high-pressure air injection project;

the Company's success in integrating acquisitions;

the status of the Company's high pressure air injection program;

the Company's safety record;

Table of Contents

accomplishments of the Company's technical, business development, land, finance, accounting and marketing groups; and

the Company's compliance with Section 404 of the Sarbanes-Oxley Act of 2002.

The Compensation Committee evaluates Company performance in light of oil and natural gas industry fundamentals and assesses how effectively management adapts to changing industry conditions and opportunities during the year in preparing itself to capitalize on opportunities in the future.

Base Salaries. An executive's base salary is viewed as a component of total compensation that should be competitive with base salaries of the peer group. The Compensation Committee evaluates the base salaries of the Company's executive officers on the basis of competitive base salary data and consideration of each officer's duties and responsibilities. The Compensation Committee views the named executive officers that report to the CEO as a team with diverse duties, but shared corporate results and goals.

Annual Cash Bonuses. An executive's annual cash bonus is set at a level intended to result in approximately 25% of the executive's total annual incentive compensation being paid in cash. Annual cash bonuses reflect progress toward the Company's goals and individual performance.

Stock Option Awards and Restricted Stock Awards. The Compensation Committee makes stock option and restricted stock awards in amounts intended to result in approximately 75% of the executive's total annual incentive compensation being paid in stock. The Compensation Committee believes that making approximately 75% of an executive's compensation contingent on long-term stock price performance more closely aligns the executive's interests with those of the Company's stockholders. Like cash bonuses, stock options and restricted stock awards reflect progress toward the Company's goals and individual performance.

Stock options vest in three equal annual installments beginning on the first anniversary of the date of grant, subject to earlier vesting on a change in control or the termination of an employee's employment due to death or disability and to such other terms as are set forth in the award agreement. Restricted stock awards granted to the Company's executive officers (and certain other members of management) with respect to fiscal 2005 vest in four equal annual installments beginning on the first anniversary of the date of grant, subject to the achievement of performance objectives (achievement of reserve replacement or finding and development cost goals) and to earlier vesting on a change in control or the termination of an employee's employment due to death or disability and to such other terms as are set forth in the award agreement. For prior fiscal years, restricted stock awards vested in three equal annual installments beginning on the third anniversary of the date grant. In changing the vesting schedule for fiscal 2005 grants, the Compensation Committee considered the increasingly competitive environment for executive talent in the oil and natural gas industry, and the Company's desire to retain existing management personnel.

Chief Executive Officer Compensation

Mr. I. Jon Brumley was the Chairman of the Board and Chief Executive Officer of the Company during 2005. Beginning January 1, 2006, Mr. Brumley stepped down as Chief Executive Officer, and Mr. Jon S. Brumley assumed that position. The compensation for Mr. I. Jon Brumley and Mr. Jon S. Brumley was determined in the same manner as set forth above with regard to executive officers generally. The Compensation Committee has retained an outside compensation consulting firm to assist the Compensation Committee in developing its compensation program and reviewing compensation in the marketplace.

In February 2006, the Compensation Committee granted Mr. I. Jon Brumley an annual cash bonus of \$700,000 and 67,524 shares of restricted stock (with a value of approximately \$2.1 million on the date of grant). In making its decision, the Compensation Committee considered Company and personal performance for fiscal 2005 and competitive market data. In light of his changed responsibilities, however, the Compensation Committee reduced Mr. I. Jon Brumley's annual base salary from \$500,000 to \$350,000 effective as of March 1, 2006 (which is the effective date for base salary changes for employees generally). The Compensation Committee also considered and approved in advance Mr. I. Jon Brumley's personal use of the Company's aircraft for travel to and from Houston, Texas in connection with medical treatments for Mr. Brumley's wife at MD Anderson Cancer Center. The aggregate incremental cost for personal use of the Company's aircraft by Mr. and Mrs. Brumley was \$25,463 in fiscal 2005.

Table of Contents

Also in February 2006, the Compensation Committee increased Mr. Jon S. Brumley's annual base salary from \$375,000 to \$475,000 (effective March 1, 2006) after consideration of historical and expected future performance and competitive market data. With respect to Mr. Brumley's annual incentive compensation for 2005, the Compensation Committee evaluated the factors described above and granted Mr. Brumley an annual cash bonus of \$525,000, 29,949 stock options (with a value of approximately \$0.5 million on the date of grant), and 33,762 shares of restricted stock (with a value of approximately \$1.1 million on the date of grant).

Stock Ownership Guidelines

In February 2005, the Compensation Committee adopted stock ownership guidelines that require each executive officer (and certain other members of management) to own shares of the Company's common stock with a value at least equal to such person's base salary. Until this guideline is achieved, the executive officer (or other member of management) will be required to retain at least 25% of his or her restricted stock for a period of two years after vesting. The Company's stock ownership guidelines are designed to increase executive's equity stakes in the Company and to align executives' interests more closely with those of the Company's stockholders.

Corporate Tax Deduction on Compensation In Excess of \$1 Million a Year

Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended (the Code), generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the CEO or any of the four other most highly compensated officers. Performance-based compensation arrangements may qualify for an exemption from the deduction limit if they satisfy various requirements under Section 162(m). Although the Company considers the impact of this rule when developing and implementing the Company's executive compensation program, the Company believes that it is important to preserve flexibility in designing compensation programs. Accordingly, the Company has not adopted a policy that all compensation must qualify as deductible under Section 162(m). While the Company's restricted stock and stock option awards are intended to qualify as performance-based (as defined in the Code), amounts paid under the Company's other compensation programs may not qualify.

AUDIT COMMITTEE REPORT

The Company's Audit Committee is composed solely of independent directors, as defined in the New York Stock Exchange's current listing standards and Section 10A(m)(3) of the Securities Exchange Act of 1934 (the "Exchange Act"), and it operates under a written charter adopted by the Board of Directors. Committee members may not simultaneously serve on the audit committee of more than two other public companies unless such service is approved by the Board. The composition of the Audit Committee, the attributes of its members and its responsibilities, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees.

During fiscal year 2005, the Audit Committee was composed of three directors: Messrs. Gardner (Chairman), Bowen and Genova. Each member of the Audit Committee is financially literate and Mr. Gardner meets the definition of an audit committee financial expert as promulgated by the SEC.

As described more fully in its charter, The Audit Committee assists the Board in overseeing (1) the integrity of the Company's financial statements; (2) the Company's compliance with legal and regulatory requirements; (3) the independence, qualifications and performance of the Company's independent registered public accounting firm; and (4) the Company's performance of its internal audit function. Management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations.

The Company has retained Weaver Tidwell LLP to perform internal audit functions. Weaver Tidwell LLP reports to the Audit Committee and to management. This firm is responsible for objectively reviewing and evaluating compliance with the Company's policies and procedures.

Ernst & Young LLP, the Company's independent registered public accounting firm, is responsible for performing an independent audit of the consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). In accordance with the Sarbanes-Oxley Act of 2002, the Audit Committee has ultimate authority and responsibility to select, compensate, evaluate and, when appropriate, replace the Company's independent registered public accounting firm.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The Audit Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Audit Committee's members in business, financial and accounting matters. The Audit Committee has the authority to engage its own outside advisers, including experts in particular areas of accounting, as it determines appropriate, apart from counsel or advisers hired by management.

During 2005, the Audit Committee met eight times, including telephone meetings, to discuss relevant accounting, auditing, internal control and disclosure matters. Meetings were also held to discuss the interim financial information of the Company prior to its release to the public and, accordingly, included a discussion of the results of the Statement on Auditing Standards (SAS) No. 100 reviews performed by the Company's independent registered public accountants. The Audit Committee's meetings were conducted with members of management, representatives of the Company's independent registered public accounting firm and, in certain instances, the Company's internal auditors. During these meetings, the Audit Committee discussed with the Company's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee reviewed the results of their examinations and their evaluation of the Company's internal controls, with certain matters discussed in the absence of Company management. During the year, the Audit Committee also discussed with the

Company's independent registered public accounting firm all matters required by the standards of the Public Company Accounting Oversight Board (United States), including those described in SAS No. 61, as amended, Communication with Audit Committees .

The Audit Committee received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees disclosing that they are independent with respect to the Company within the meaning of the Securities Act as administered by

Table of Contents

the SEC and the requirements of the Independence Standards Board. The Audit Committee discussed with Ernst & Young LLP any relationships that may have an impact on their objectivity and independence and satisfied itself as to Ernst & Young's independence. The Audit Committee also considered whether certain non-audit services provided by Ernst & Young LLP were compatible with maintaining Ernst & Young LLP's independence. The Audit Committee approved, among other things, the amount of fees to be paid to Ernst & Young LLP for audit and non-audit services.

In accordance with existing Audit Committee policy and the more recent requirements of the Sarbanes-Oxley Act, all services to be provided by Ernst & Young LLP are subject to pre-approval by the Audit Committee. The Chairman of the Audit Committee has been delegated the authority to pre-approve audit and non-audit services, with such pre-approvals subsequently reported to the full Audit Committee. Typically, however, the Audit Committee itself reviews the matters to be approved. The Sarbanes-Oxley Act of 2002 prohibits an issuer from obtaining certain non-audit services from its independent registered public accounting firm so as to avoid certain potential conflicts of interest. The Company has not obtained any of these services from Ernst & Young LLP, and the Company is able to obtain such services from other service providers at competitive rates. See Proposal 2: Ratification of Ernst & Young LLP as Independent Registered Public Accounting Firm for more information regarding fees paid to Ernst & Young LLP for services in fiscal years 2005 and 2004.

The Audit Committee reviewed and discussed the audits of the Company's internal control over financial reporting and its consolidated financial statements as of and for the year ended December 31, 2005 with management and the independent registered public accounting firm. Based on the above-mentioned review and discussions, and subject to the limitations on the Audit Committee's role and responsibilities described above and in the Audit Committee charter, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2005 for filing with the SEC.

Audit Committee's Pre-Approval Policy and Procedures

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is detailed as to the particular service or category of service and is subject to a specific approval. The Audit Committee requires the independent registered public accounting firm and management to report on the actual fees charged for each category of service at Audit Committee meetings throughout the year.

During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm. The Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee for those instances when pre-approval is needed prior to a scheduled Audit Committee meeting. The Chairman of the Audit Committee must report on such approvals at the next scheduled Audit Committee meeting.

All fiscal year 2005 audit and non-audit services provided by the independent registered public accounting firm were pre-approved.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In October 2004, the Board approved indemnity agreements between the Company and each of its officers and directors. The indemnity agreements provide for indemnification by the Company of each indemnitee to the fullest extent permitted by Delaware law for claims relating to the indemnitee's service as an officer or director, excluding any claim in which a judgment determines that the indemnitee personally gained financial profit or other advantage to which he was not legally entitled and acted in bad faith or was deliberately dishonest in a manner that was material to the claim. The agreements also provide for advancement of expenses relating to the indemnification obligations and obligate the Company to purchase and maintain liability insurance for each indemnitee's acts as an officer or director.

The Company and Mr. I. Jon Brumley and Mr. Jon S. Brumley (collectively, the rights holders) are parties to a registration rights agreement dated as of August 18, 1998 that provides the rights holders with registration rights with respect to shares of the Company's common stock held by them. To date, none of the rights holders has effected a registration of securities. The Company is required under the registration rights agreement to pay for the offering costs for the registrations.

These requirements are separate from and in addition to the SEC's requirements that a stockholder must meet in order to have a stockholder proposal included in the Company's proxy statement.

HOUSEHOLDING

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies.

Some brokers household proxy materials, delivering a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to
