SECTION 1 Registrant's Business and Operations

ITEM 1.01 Entry into a Material Definitive Agreement

Board Compensation

On April 5, 2006, the Solectron Board of Directors conducted its annual review of director compensation and approved an update to the independent, non-employee director compensation policy disclosed in the Current Report on Form 8-K filed with the Securities and Exchange Commission (SEC) on February 28, 2005 and in Solectron's Definitive Proxy Statement filed with the SEC on December 8, 2005. The update was based on recommendations from the Executive Compensation and Management Resources Committee, which analyzed external benchmarking data provided by the Committee's independent compensation consulting firm. The updated policy offers an equity compensation package that the Board believes is commensurate with other public companies and better aligns director and shareholder interests.

Effective immediately, each independent, non-employee director will receive an annual stock option on December 1 to purchase 40,000 shares of Solectron common stock, an increase of 20,000 shares. The fair market value options vest monthly over twelve months. Pursuant to the updated compensation policy, on April 5, 2006, each independent director received an option for 20,000 shares (with vesting credit for the period 12/1/05 to 4/5/06) as a supplemental grant to the 20,000 option shares each received on December 1, 2005.
