NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

1. Significant Accounting Policies

The information included in the foregoing interim condensed consolidated financial statements is unaudited. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of the Company's financial position and results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the entire year. These interim condensed consolidated financial statements should be read in conjunction with the Company's consolidated financial statements and the notes thereto included in the 2005 Combined Form 10-K.

Stock Based Compensation. Effective January 1, 2006, we adopted the provisions of Statement of Financial Accounting Standards No. 123(R), *Share-Based Payment*, and related interpretations, or SFAS 123(R), to account for stock-based compensation using the modified prospective transition method and therefore will not restate our prior period results. SFAS 123(R) supersedes Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees*, or APB No. 25, and revises guidance in SFAS 123, *Accounting for Stock-Based Compensation*. Among other things, SFAS 123(R) requires that compensation expense be recognized in the financial statements for share-based awards based on the grant date fair value of those awards. The modified prospective transition method applies to (a) unvested stock options under our 1996 Equity Incentive Plan (1996 Plan) at December 31, 2005 and issuances under our Employee Stock Purchase Plan (ESPP) outstanding based on the grant date fair value estimated in accordance with the pro forma provisions of SFAS 123, and (b) any new share-based awards granted subsequent to December 31, 2005, based on the grant-date fair value estimated in accordance with the provisions of SFAS 123(R). Additionally, stock-based compensation expense includes an estimate for pre-vesting forfeitures and is recognized over the requisite service periods of the awards on a straight-line basis, which is generally commensurate with the vesting term. Non-cash compensation expense recognized during the six months ended June 30, 2006 is \$5,910 which consists of \$3,449 resulting from the Company's adoption of SFAS 123(R) and \$2,461 related to stock grants, which may be made under the Company's performance-based stock incentive program. See Note 2 for information on the assumptions we used to calculate the fair value of stock-based compensation.

Prior to January 1, 2006, we accounted for these stock-based compensation plans in accordance with APB No. 25 and related interpretations. Accordingly, compensation expense for a stock option grant was recognized only if the exercise price was less than the market value of our Class A common stock on the grant date. Compensation expense was not recognized under our ESPP as the purchase price of the stock issued thereunder was not less than 85% of the lower of the fair market value of our common stock at the beginning of each offering period or at the end of each purchase period under the plan. Prior to our adoption of SFAS 123(R), as required under the disclosure provisions of SFAS 123, as amended, we provided pro forma net income (loss) and earnings (loss) per common share for each period as if we had applied the fair value method to measure stock-based compensation expense.

The table below summarizes the impact on our results of operations for the six months ended June 30, 2006 of outstanding stock options and stock grants and stock grants under our 1996 Plan and issuances under our ESPP recognized under the provisions of SFAS 123(R):

	Six Months Ended June 30, 2006
Stock-based compensation expense:	
Issuances under employee stock purchase plan	\$ 409
Employee stock options	3,040

Income tax benefit	(1,065)

Net decrease in net income		\$	4,845

2. Stock-Based Compensation

Equity Incentive Plan. Lamar's 1996 Equity Incentive Plan has reserved 10 million shares of common stock for issuance to directors and employees, including options granted and common stock reserved for issuance under its performance-based incentive program. Options granted under the plan expire ten years from the grant date with vesting terms ranging from three to five years which primarily includes 1) options that vest in one-fifth increments beginning on the grant date and continuing on each of the first four anniversaries of the grant date and 2) options that cliff-vest on the fifth anniversary of the grant date. All grants are made at fair market value based on the closing price of our common stock as reported on the NASDAQ Global Select Market.

We use a Black-Scholes-Merton option pricing model to estimate the fair value of share-based awards under SFAS 123(R), which is the same valuation technique we previously used for pro forma disclosures under SFAS 123. The Black-Scholes-Merton option pricing model incorporates various and highly subjective assumptions, including expected term and expected volatility. We have reviewed our historical pattern of option exercises and have determined that meaningful differences in option exercise activity existed among vesting schedules. Therefore, for all stock options granted after January 1, 2006, we have categorized these awards into two groups of vesting 1) 5-year cliff vest and 2) 4-year graded vest, for valuation purposes. We have determined there were no meaningful differences in employee activity under our ESPP due to the nature of the plan.

We estimate the expected term of options granted using an implied life derived from the results of a hypothetical mid-point settlement scenario, which incorporates our historical exercise, expiration and post-vesting employment termination patterns, while accommodating for partial life cycle effects. We believe these estimates will approximate future behavior.

We estimate the expected volatility of our Class A common stock at the grant date using a blend of 75% historical volatility of our Class A common stock and 25% implied volatility of publicly traded options with maturities greater than six months on our Class A common stock as of the option grant date. Our decision to use a blend of historical and implied volatility that was based upon the volume of actively traded options on our common stock and our belief that historical volatility alone may not be completely representative of future stock price trends.

Our risk-free interest rate assumption is determined using the Federal Reserve nominal rates for U.S. Treasury zero-coupon bonds with maturities similar to those of the expected term of the award being valued. We have never

paid any cash dividends on our Class A common stock, and we do not anticipate paying any cash dividends in the foreseeable future. Therefore, we assumed an expected dividend yield of zero.

Additionally, SFAS 123(R) requires us to estimate option forfeitures at the time of grant and periodically revise those estimates in subsequent periods if actual forfeitures differ from those estimates. We record stock-based compensation expense only for those awards expected to vest using an estimated forfeiture rate based on our historical forfeiture data. Previously, we accounted for forfeitures as they occurred under the pro forma disclosure provisions of SFAS 123 for periods prior to 2006.

The following table shows our assumptions used to compute the stock-based compensation expense and pro forma information for stock option grants issued during the six months ended June 30, 2006.

Expected term (years)	
5 Year cliff vest	7.3
4 Year graded vest	5.05
Volatility	29.9%
Risk-free interest rate	4.9%
Dividend yield	0%

(1) Option class established upon adoption of SFAS 123(R) at January 1, 2006.

The weighted average grant date fair value of options granted during the six months ended June 30, 2006 was \$22.28 per option. Unrecognized stock-based compensation expense was approximately \$13,865 as of June 30, 2006, relating to a total of 998,200 unvested stock options under our 1996 Plan. We expect to recognize this stock-based compensation expense over a weighted average period of approximately four years. The total fair value of options vested during the second quarter of 2006 was approximately \$6,472.

Options issued under our 1996 Plan had vesting terms ranging from three to five years. All options issued under the 1996 Plan expire ten years from the date of grant. The following is a summary of stock option activity for the six months ended June 30, 2006:

	Shares	Weighted Average Exercise Price	Weighted Average Remaining Contractual Life (Years)	Aggregate Intrinsic Value (000 s)
Outstanding at January 1, 2006	3,937,782	\$34.72

Exercisable at June 30, 2006	2,263,276	34.66	4.59	\$44,100

As of June 30, 2006, we had 1,745,713 shares available for future grants. The following is a summary of non-vested stock options at June 30, 2006 and changes during the period:

	Shares	Weighted Average Grant Date Fair Value Per Share
Non-vested as of January 1, 2006	1,289,966	\$ 19.84

The total intrinsic value, determined as of the date of exercise, of options exercised in the six months ended June 30, 2006 and 2005 were \$15,114 and \$3,239, respectively. We received \$22,039 in cash from option exercises for the six months ended June 30, 2006.

Stock Purchase Plan. Lamar's 2000 Employee Stock Purchase Plan has reserved 924,000 shares of common stock for issuance to employees. The following is a summary of ESPP share activity for the six months ended June 30, 2006:

	Shares
Available for future purchases, January 1, 2006	548,560
Purchases	(45,164)
Available for future purchases, June 30, 2006	503,396

Performance-based compensation. During 2006 unrestricted shares of our Class A common stock will be awarded to key officers and employees under our 1996 plan, with the number of shares to be issued dependent on the achievement of certain performance measures that will be determined based on the Company's financial performance at year end. The shares subject to these awards can range from a minimum of 0% to a maximum of 100% of the target number of shares depending on the level at which the goals are attained. The Company has not awarded any performance shares in the six months ended June 30, 2006. Based on the Company's performance measures achieved through June 30, 2006, the Company has accrued \$2,461 as compensation expense related to these agreements.

3. Acquisitions

During the six months ended June 30, 2006, the Company completed several acquisitions of outdoor advertising assets for a total cash purchase price of approximately \$105,958.

Each of these acquisitions was accounted for under the purchase method of accounting, and, accordingly, the accompanying consolidated financial statements include the results of operations of each acquired entity from the date of acquisition. The acquisition costs have been allocated to assets acquired and liabilities assumed based on fair value at the dates of acquisition. The following is a summary of the preliminary allocation of the acquisition costs in the above transactions.

5. Goodwill and Other Intangible Assets (continued)

The changes in the gross carrying amount of goodwill for the six months ended June 30, 2006 are as follows:

Balance as of December 31, 2005	\$ 1,548,685
Goodwill acquired during the six months ended June 30, 2006	28,695
 Balance as of June 30, 2006	 \$ 1,577,380

6. Asset Retirement Obligations

The Company's asset retirement obligations include the costs associated with the removal of its structures, resurfacing of the land and retirement cost, if applicable, related to the Company's outdoor advertising portfolio. The following table reflects information related to our asset retirement obligations:

Balance at December 31, 2005	\$ 135,538
Additions to asset retirement obligations	557
Accretion expense	4,428
Liabilities settled	(1,888)
 Balance at June 30, 2006	 \$ 138,635

7. Long Term Debt

On February 8, 2006, Lamar Media and one of its subsidiaries entered into a Series A Incremental Loan Agreement and obtained commitments from their lenders for a term loan of \$37,000, which was funded on February 27, 2006. The available uncommitted incremental loan facility was thereby reduced to \$463,000.

8. Summarized Financial Information of Subsidiaries

Separate financial statements of each of the Company's direct or indirect wholly owned subsidiaries that have guaranteed Lamar Media's obligations with respect to its publicly issued notes (collectively, the Guarantors) are not included herein because the Company has no independent assets or operations, the guarantees are full and unconditional and joint and several and the only subsidiaries that are not a guarantor are minor. Lamar Media's ability to make distributions to Lamar Advertising is restricted under the terms of its bank credit facility and the indentures relating to Lamar Media's outstanding notes. As of June 30, 2006 and December 31, 2005, the net assets restricted as to transfers from Lamar Media Corp. to Lamar Advertising Company in the form of cash dividends, loans or advances were \$525,018 and \$675,264, respectively.

9. Earnings Per Share

Earnings per share are computed in accordance with SFAS No. 128, Earnings Per Share. Basic earnings per share are computed by dividing income available to common stockholders by the weighted average number of common shares outstanding during the period. Effective January 1, 2006, diluted earnings per share are computed in accordance with SFAS 123(R) which reflects the potential dilution that could occur if the Company's options and warrants were converted to common stock. The number of dilutive shares resulting from this calculation is 1,070,189 and 465,930 for the three months ended June 30, 2006 and 2005, respectively and 962,251 and 473,301 for the six months ended June 30, 2006 and 2005, respectively. Diluted earnings per share should also reflect the potential dilution that could occur if the Company's convertible debt was converted to common stock. The number of potentially dilutive shares related to the Company's convertible debt excluded from the calculation because of their antidilutive effect is 5,581,755 for the three months ended June 30, 2006 and June 30, 2005 and for the six months ended June 30, 2006

and June 30, 2005.

1. Significant Accounting Policies

The information included in the foregoing interim condensed consolidated financial statements is unaudited. In the opinion of management all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of Lamar Media's financial position and results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the entire year. These interim condensed consolidated financial statements should be read in conjunction with Lamar Media's consolidated financial statements and the notes thereto included in the 2005 Combined Form 10-K. Certain notes are not provided for the accompanying condensed consolidated financial statements as the information in notes 1, 2, 3, 4, 5, 6, 7 and 8 to the condensed consolidated financial statements of Lamar Advertising Company included elsewhere in this report is substantially equivalent to that required for the condensed consolidated financial statements of Lamar Media Corp. Earnings per share data is not provided for Lamar Media Corp., as it is a wholly owned subsidiary of Lamar Advertising Company.

Table of Contents**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

This discussion contains forward-looking statements. Actual results could differ materially from those anticipated by the forward-looking statements due to risks and uncertainties described in the section of this combined report on Form 10-Q entitled "Note Regarding Forward Looking Statements" and in Item 1A to the 2005 Combined Form 10-K. You should carefully consider each of these risks and uncertainties in evaluating the Company's and Lamar Media's financial conditions and results of operations. Investors are cautioned not to place undue reliance on the forward-looking statements contained in this document. These statements speak only as of the date of this document, and the Company undertakes no obligation to update or revise the statements, except as may be required by law.

Lamar Advertising Company

The following is a discussion of the consolidated financial condition and results of operations of the Company for the six months and three months ended June 30, 2006 and 2005. This discussion should be read in conjunction with the consolidated financial statements of the Company and the related notes.

OVERVIEW

The Company's net revenues, which represent gross revenues less commissions paid to advertising agencies that contract for the use of advertising displays on behalf of advertisers, are derived primarily from the sale of advertising on outdoor advertising displays owned and operated by the Company. The Company relies on sales of advertising space for its revenues, and its operating results are therefore affected by general economic conditions, as well as trends in the advertising industry. Advertising spending is particularly sensitive to changes in general economic conditions which affect the rates the Company is able to charge for advertising on its displays and its ability to maximize occupancy on its displays.

Since December 31, 2001, the Company has increased the number of outdoor advertising displays it operates by approximately 5% by completing strategic acquisitions of outdoor advertising and transit assets for an aggregate purchase price of approximately \$811.8 million, which included the issuance of 4,050,958 shares of Lamar Advertising Company Class A common stock valued at the time of issuance at approximately \$152.5 million and warrants valued at the time of issuance of approximately \$2 million. The Company has financed its recent acquisitions and intends to finance its future acquisition activity from available cash, borrowings under its bank credit agreement and the issuance of Class A common stock. See "Liquidity and Capital Resources" below. As a result of acquisitions, the operating performances of individual markets and of the Company as a whole are not necessarily comparable on a year-to-year basis. The Company expects to continue to pursue acquisitions that complement the Company's business. Growth of the Company's business requires expenditures for maintenance and capitalized costs associated with new billboard displays, replacement of damaged billboard displays, logo sign and transit contracts, and the purchase of real estate and operating equipment. The following table presents a breakdown of capitalized expenditures for the six months ended June 30, 2006 and 2005:

Table of Contents**RESULTS OF OPERATIONS****Six Months ended June 30, 2006 compared to Six Months ended June 30, 2005**

Net revenues increased \$43.3 million or 8.7% to \$540.9 million for the six months ended June 30, 2006 from \$497.6 million for the same period in 2005. This increase was attributable primarily to an increase in billboard net revenues of \$38.9 million or 8.6% over the prior period and \$4.3 million increase in transit revenue over the prior period, which represents an increase of 17.4% due to both the acquisition of Obie Media Corporation (Obie) and internal growth within the Company s transit program, while there was no change in logo sign revenue.

The increase in billboard net revenue of \$38.9 million was generated by acquisition activity of approximately \$9.3 million and internal growth of approximately \$29.6 million, logo sign revenue of \$1.3 million was generated by internal growth across various markets within the logo sign programs but was offset by the loss of \$1.3 million of revenue due to the expiration of the Company s South Carolina logo contract which was re-instated May 30, 2006. The increase in transit revenue of approximately \$4.3 million was due to internal growth of approximately \$2.9 million and acquisition activity of \$1.4 million.

Net revenues for the six months ended June 30, 2006, as compared to acquisition-adjusted net revenue for the six months ended June 30, 2005, increased \$33.7 million or 6.7% as a result of net revenue internal growth. See

Reconciliations below.

Operating expenses, exclusive of depreciation and amortization and gain on sale of assets, increased \$33.7 million or 12.2% to \$309.5 million for the six months ended June 30, 2006 from \$275.8 million for the same period in 2005.

There was a \$29.3 million increase as a result of additional operating expenses related to the operations of acquired outdoor advertising assets and increases in costs in operating the Company s core assets and a \$4.4 million increase in corporate expenses. The increase in corporate expenses is primarily related to additional expenses related to the Company s adoption of SFAS 123(R).

Depreciation and amortization expense increased \$6.1 million for the six months ended June 30, 2006 as compared to the six months ended June 30, 2005.

Due to the above factors, operating income increased \$3.4 million to \$86.5 million for six months ended June 30, 2006 compared to \$83.1 million for the same period in 2005.

Interest expense increased \$9.4 million from \$42.6 million for the six months ended June 30, 2005 to \$52.0 million for the six months ended June 30, 2006 due to an increase in interest rates.

The increase in operating income offset by the increase in interest expense described above resulted in a \$6.0 million decrease in income before income taxes. This decrease in income resulted in a decrease in the income tax expense of \$2.2 million for the six months ended June 30, 2006 over the same period in 2005. The effective tax rate for the six months ended June 30, 2006 was 43.3%, which is greater than the statutory rates due to permanent differences resulting from non-deductible expenses.

As a result of the above factors, the Company recognized net income for the six months ended June 30, 2006 of \$19.9 million, as compared to net income of \$23.8 million for the same period in 2005.

Three Months ended June 30, 2006 compared to Three Months ended June 30, 2005

Net revenues increased \$22.8 million or 8.6% to \$287.6 million for the three months ended June 30, 2006 from \$264.7 million for the same period in 2005. This increase was attributable primarily to an increase in billboard net revenues of \$21.5 million or 9.0% over the prior period, and a \$1.5 million increase in transit revenue over the prior period, which represents an increase of 10.6% due to internal growth within the Company s transit program, while there was relatively no change in logo sign revenue over the prior period.

The increase in billboard net revenue of \$21.5 million was generated by acquisition activity of approximately \$5.0 million and internal growth of approximately \$16.5 million, logo sign revenue of \$0.5 million was generated by internal growth across various markets within the logo sign programs but was offset by the loss of \$0.7 million of revenue due to the expiration of the Company s South Carolina logo contract which was re-instated May 30, 2006. The increase in transit revenue of approximately \$1.5 million was due to internal growth.

Net revenues for the three months ended June 30, 2006, as compared to acquisition-adjusted net revenue for the three months ended June 30, 2005, increased \$18.4 million or 6.8% as a result of net revenue internal growth. See

Reconciliations below.

Operating expenses, exclusive of depreciation and amortization and gain on sale of assets, increased 15.6 million or 11.2% to \$155.0 million for the three months ended June 30, 2006 from \$139.4 million for the same period in 2005. There was a \$13.5 million increase as a result of additional operating expenses related to the operations of acquired outdoor advertising assets and increases in costs in operating the Company's core assets and a \$2.1 million increase in corporate expenses. The increase in corporate expenses is primarily related to additional expenses related to the Company's adoption of SFAS 123(R).

Depreciation and amortization expense increased \$2.2 million for the three months ended June 30, 2006 as compared to the three months ended June 30, 2005.

Due to the above factors, operating income increased \$5.3 million to \$59.2 million for three months ended June 30, 2006 compared to \$53.9 million for the same period in 2005.

Table of Contents

Interest expense increased \$5.3 million from \$21.8 million for the three months ended June 30, 2005 to \$27.1 million for the three months ended June 30, 2006 due to an increase in interest rates and an increase in total indebtedness. The increase in operating income was offset by the increase in interest expense described above resulting in no change in income before income taxes. The effective tax rate for the three months ended June 30, 2006 was 43.3%, which resulted in a \$0.3 million increase in income tax expense over the same period in 2005.

As a result of the above factors, the Company recognized net income for the three months ended June 30, 2006 of \$18.4 million, as compared to net income of \$18.7 million for the same period in 2005.

Reconciliations:

Because acquisitions occurring after December 31, 2004 (the acquired assets) have contributed to our net revenue results for the periods presented, we provide 2005 acquisition-adjusted net revenue, which adjusts our 2005 net revenue for the three and six months ended June 30, 2005 by adding to it the net revenue generated by the acquired assets prior to our acquisition of them for the same time frame that those assets were owned in the three and six months ended June 30, 2006. We provide this information as a supplement to net revenues to enable investors to compare periods in 2006 and 2005 on a more consistent basis without the effects of acquisitions. Management uses this comparison to assess how well we are performing within our existing assets. Revenues from the Obie markets, which were acquired on January 18, 2005 and have been excluded from our calculations of acquisition-adjusted net revenue in the reporting periods since that acquisition are included in all periods presented.

Acquisition-adjusted net revenue is not determined in accordance with generally accepted accounting principles (GAAP). For this adjustment, we measure the amount of pre-acquisition revenue generated by the assets during the period in 2005 that corresponds with the actual period we have owned the assets in 2006 (to the extent within the period to which this report relates). We refer to this adjustment as acquisition net revenue.

Reconciliations of 2005 reported net revenue to 2005 acquisition-adjusted net revenue for each of the three and six month periods ended June 30, as well as a comparison of 2005 acquisition-adjusted net revenue to 2006 net revenue for each of the three and six month periods ended June 30, are provided below:

Table of Contents**LIQUIDITY AND CAPITAL RESOURCES***Overview*

The Company has historically satisfied its working capital requirements with cash from operations and borrowings under its bank credit facility. The Company's wholly owned subsidiary, Lamar Media Corp., is the borrower under the bank credit facility and maintains all corporate cash balances. Any cash requirements of the Company, therefore, must be funded by distributions from Lamar Media. The Company's acquisitions have been financed primarily with funds borrowed under the bank credit facility and issuance of its Class A common stock and debt securities. If an acquisition is made by one of the Company's subsidiaries using the Company's Class A common stock, a permanent contribution of additional paid-in-capital of Class A common stock is distributed to that subsidiary.

Sources of Cash

Total Liquidity at June 30, 2006. As of June 30, 2006 we had approximately \$112.1 million of total liquidity, which is comprised of approximately \$5.4 million in cash and cash equivalents and the ability to draw approximately \$106.7 million under our revolving bank credit facility.

Cash Generated by Operations. For the six months ended June 30, 2006 and 2005 our cash provided by operating activities was \$156.9 million and \$129.3 million, respectively. While our net income was approximately \$19.9 million for the six months ended June 30, 2006, we generated cash from operating activities of \$156.9 million during that same period, primarily due to non-cash adjustments needed to reconcile net income to cash provided by operating activities of \$161.4, which primarily consisted of depreciation and amortization of \$147.3 million. This was offset by an increase in working capital of \$24.4 million. We expect to generate cash flows from operations during 2006 in excess of our cash needs for operations and capital expenditures as described herein. We expect to use the excess cash generated principally for acquisitions. See *Cash Flows* for more information.

Credit Facilities. As of June 30, 2006, Lamar Media had approximately \$106.7 million of unused capacity under the revolving credit facility included in its bank credit facility. The bank credit facility is comprised of a \$400.0 million revolving bank credit facility and a \$400.0 million term facility. The bank credit facility also includes a \$500.0 million incremental facility, which permits Lamar Media to request that its lenders enter into commitments to make additional term loans, up to a maximum aggregate amount of \$500.0 million. On February 8, 2006, Lamar Media and one of its subsidiaries entered into a Series A Incremental Loan Agreement and obtained commitments from their lenders for a term loan of \$37.0 million that was funded on February 27, 2006. The available uncommitted incremental loan facility was thereby reduced to \$463.0 million. The lenders have no obligation to make additional term loans to Lamar Media under the incremental facility, but may enter into such commitments in their sole discretion.

Factors Affecting Sources of Liquidity

Internally Generated Funds. The key factors affecting internally generated cash flow are general economic conditions, specific economic conditions in the markets where the Company conducts its business and overall spending on advertising by advertisers.

Restrictions Under Credit Facilities and Other Debt Securities. Currently Lamar Media has outstanding approximately \$385.0 million 7¹/₄% Senior Subordinated Notes due 2013 issued in December 2002 and June 2003 and \$400.0 million 6⁵/₈% Senior Subordinated Notes due 2015 issued in August 2005. The indentures relating to Lamar Media's outstanding notes restrict its ability to incur indebtedness other than:

up to \$1.3 billion of indebtedness under its bank credit facility;

currently outstanding indebtedness or debt incurred to refinance outstanding debt;

inter-company debt between Lamar Media and its subsidiaries or between subsidiaries;

certain purchase money indebtedness and capitalized lease obligations to acquire or lease property in the ordinary course of business that cannot exceed the greater of \$20 million or 5% of Lamar Media's net tangible assets; and

additional debt not to exceed \$40 million.

Lamar Media is required to comply with certain covenants and restrictions under its bank credit agreement. If Lamar Media fails to comply with these tests, its obligations under the bank credit agreement may be accelerated. At June 30, 2006 and currently, Lamar Media is in compliance with all such tests.

Lamar Media cannot exceed the following financial ratios under its bank credit facility:

a total debt ratio, defined as total consolidated debt to EBITDA, as defined below, for the most recent four fiscal quarters, of 6.00 to 1 through September 30, 2007 and 5.75 to 1 from October 1, 2007 and after; and

a senior debt ratio, defined as total consolidated senior debt to EBITDA, as defined below, for the most recent four fiscal quarters, of 3.25 to 1.

Table of Contents

In addition, the bank credit facility requires that Lamar Media must maintain the following financial ratios:

an interest coverage ratio, defined as EBITDA, as defined below, for the most recent four fiscal quarters to total consolidated accrued interest expense for that period, of greater than 2.25 to 1; and

a fixed charges coverage ratio, defined as EBITDA, as defined below, for the most recent four fiscal quarters to the sum of (1) the total payments of principal and interest on debt for such period, plus (2) capital expenditures made during such period, plus (3) income and franchise tax payments made during such period, plus (4) dividends, of greater than 1.05 to 1.

As defined under Lamar Media's bank credit facility, EBITDA is, for any period, operating income for Lamar Media and its restricted subsidiaries (determined on a consolidated basis without duplication in accordance with GAAP) for such period (calculated before taxes, interest expense, interest in respect of mirror loan indebtedness, depreciation, amortization and any other non-cash income or charges accrued for such period and (except to the extent received or paid in cash by Lamar Media or any of its restricted subsidiaries) income or loss attributable to equity in affiliates for such period) excluding any extraordinary and unusual gains or losses during such period and excluding the proceeds of any casualty events whereby insurance or other proceeds are received and certain dispositions not in the ordinary course. Any restricted payment made by Lamar Media or any of its restricted subsidiaries to the Company during any period to enable the Company to pay certain qualified expenses on behalf of Lamar Media and its subsidiaries shall be treated as operating expenses of Lamar Media for the purposes of calculating EBITDA for such period. EBITDA under the bank credit agreement is also adjusted to reflect certain acquisitions or dispositions as if such acquisitions or dispositions were made on the first day of such period if and to the extent such operating expenses would be deducted in the calculation of EBITDA if funded directly by Lamar Media or any restricted subsidiary.

The Company believes that its current level of cash on hand, availability under its bank credit agreement and future cash flows from operations are sufficient to meet its operating needs through the year 2006. All debt obligations are reflected on the Company's balance sheet.

Uses of Cash

Capital Expenditures. Capital expenditures excluding acquisitions were approximately \$113.8 million for the six months ended June 30, 2006. For a breakdown of the Company's capital expenditures by category see Overview.

Acquisitions. During the six months ended June 30, 2006, the Company financed its acquisition activity of approximately \$106.0 million with borrowings under Lamar Media's revolving credit facility and cash on hand. In 2006, we expect to spend between \$150 million and \$175 million on acquisitions, which we may finance through borrowings, cash on hand, the issuance of Class A common stock, or some combination of the foregoing, depending on market conditions. We plan on continuing to invest in both capital expenditures and acquisitions that can provide high returns in light of existing market conditions.

Debt Service and Contractual Obligations. As of June 30, 2006, we had outstanding debt of approximately \$1.8 billion. For the year ending December 31, 2006 we are obligated to make a total of approximately \$98 million in interest and principal payments on outstanding debt. Lamar Media had principal reduction obligations and revolver commitment reductions under its bank credit agreement prior to its replacement on September 30, 2005 that are detailed in Note 8 to the Company's Consolidated Financial Statements in its Annual Report on Form 10-K for the year ended December 31, 2005.

Stock Repurchase Program. In November 2005, the Company announced that its Board of Directors authorized the repurchase of up to \$250.0 million of the Company's Class A common stock from time to time over a period not to exceed 18 months. The share repurchases were made on the open market or in privately negotiated transactions. The timing and amount of any shares repurchased were determined by the Company's management based on its evaluation of market conditions and other factors. The Company funded the repurchase program using working capital, and availability under its revolving credit facility. As of June 30, 2006, the Company has purchased approximately 4.4 million shares for an aggregate purchase price of approximately \$ 228.4 million. The repurchase plan was subsequently completed in July 2006.

Cash Flows

The Company's cash flows provided by operating activities increased by \$27.5 million for the six months ended June 30, 2006 due primarily to increases in changes in operating assets and liabilities of \$29.5 million, which

primarily consists of a decrease in the change in receivables over the prior period of \$11.5 million due to higher cash collections over the prior period and an increase in accrued expenses of \$11.7 million over the prior period.

Cash flows used in investing activities increased \$96.5 million from \$124.1 million for the six months ended June 30, 2005 to \$220.6 million for the six months ended June 30, 2006, primarily due to an increase in capital expenditures of \$62.7 million and an increase in acquisitions of \$35.1 million.

Cash flows provided by financing activities was \$49.7 million for the six months ended June 30, 2006 primarily due to \$223.1 million in net borrowings under credit agreements, offset by \$194.9 million in cash used for purchase of shares of the Company's Class A common stock.

Table of Contents***Lamar Media Corp.***

The following is a discussion of the consolidated financial condition and results of operations of Lamar Media for the six months and three months ended June 30, 2006 and 2005. This discussion should be read in conjunction with the consolidated financial statements of Lamar Media and the related notes.

Six Months ended June 30, 2006 compared to Six Months ended June 30, 2005

Net revenues increased \$43.3 million or 8.7% to \$540.9 million for the six months ended June 30, 2006 from \$497.6 million for the same period in 2005. This increase was attributable primarily to an increase in billboard net revenues of \$38.9 million or 8.7% over the prior period and \$4.3 million increase in transit revenue over the prior period, which represents an increase of 17.4% due to both the acquisition of Obie Media Corporation (Obie) and internal growth within the Company s transit program, while there was relatively no change in logo sign revenue. The increase in billboard net revenue of \$38.9 million was generated by acquisition activity of approximately \$9.3 million and internal growth of approximately \$29.6 million, logo sign revenue of \$1.3 million was generated by internal growth across various markets within the logo sign programs but was offset by the loss of \$1.3 million of revenue due to the expiration of the Company s South Carolina logo contract which was re-instated May 30, 2006. The increase in transit revenue of approximately \$4.3 million was due to internal growth of approximately \$2.9 million and acquisition activity of \$1.4 million.

Net revenues for the six months ended June 30, 2006, as compared to acquisition-adjusted net revenue for the six months ended June 30, 2005, increased \$33.7 million or 6.7% as a result of net revenue internal growth. See

Reconciliations below.

Operating expenses, exclusive of depreciation and amortization and gain on sale of assets, increased \$33.7 million or 12.2% to \$309.3 million for the six months ended June 30, 2006 from \$275.6 million for the same period in 2005. There was a \$29.3 million increase as a result of additional operating expenses related to the operations of acquired outdoor advertising assets and increases in costs in operating the Company s core assets and a \$4.4 million increase in corporate expenses. The increase in corporate expenses is primarily related to additional expenses related to the Company s adoption of SFAS 123(R).

Depreciation and amortization expense increased \$6.1 million for the six months ended June 30, 2006 as compared to the six months ended June 30, 2005.

Due to the above factors, operating income increased \$3.4 million to \$86.7 million for six months ended June 30, 2006 compared to \$83.3 million for the same period in 2005.

Interest expense increased \$13.9 million from \$37.0 million for the six months ended June 30, 2005 to \$50.9 million for the six months ended June 30, 2006 due to an increase in interest rates and an increase in total indebtedness.

The increase in operating income offset by the increase in interest expense described above resulted in a \$10.6 million decrease in income before income taxes. This decrease in income resulted in a decrease in the income tax expense of \$3.7 million for the six months ended June 30, 2006 over the same period in 2005. The effective tax rate for the six months ended June 30, 2006 was 43.0%, which is greater than the statutory rates due to permanent differences resulting from non-deductible expenses.

As a result of the above factors, the Company recognized net income for the six months ended June 30, 2006 of \$20.7 million, as compared to net income of \$27.6 million for the same period in 2005.

Three Months ended June 30, 2006 compared to Three Months ended June 30, 2005

Net revenues increased \$22.8 million or 8.6% to \$287.6 million for the three months ended June 30, 2006 from \$264.7 million for the same period in 2005. This increase was attributable primarily to an increase in billboard net revenues of \$21.5 million or 9.0% over the prior period, and a \$1.5 million increase in transit revenue over the prior period, which represents an increase of 10.6% due to internal growth within the Company s transit program, while there was relatively no change in logo sign revenue over the prior period.

The increase in billboard net revenue of \$21.5 million was generated by acquisition activity of approximately \$5.0 million and internal growth of approximately \$16.5 million, logo sign revenue of \$0.5 million was generated by internal growth across various markets within the logo sign programs but was offset by the loss of \$0.7 million of revenue due to the expiration of the Company s South Carolina logo contract which was re-instated May 30, 2006. The increase in transit revenue of approximately \$1.5 million was due to internal growth.

Net revenues for the three months ended June 30, 2006, as compared to acquisition-adjusted net revenue for the three months ended June 30, 2005, increased \$18.4 million or 6.8% as a result of net revenue internal growth. See

Reconciliations below.

Operating expenses, exclusive of depreciation and amortization and gain on sale of assets, increased 15.6 million or 11.2% to \$154.9 million for the three months ended June 30, 2006 from \$139.3 million for the same period in 2005. There was a \$9.1 million increase as a result of additional operating expenses related to the operations of acquired outdoor advertising assets and increases in costs in operating the Company's core assets and a \$2.1 million increase in corporate expenses. The increase in corporate expenses is primarily related to additional expenses related to the Company's adoption of SFAS 123(R).

Depreciation and amortization expense increased \$2.2 million for the three months ended June 30, 2006 as compared to the three months ended June 30, 2005.

Table of Contents

Due to the above factors, operating income increased \$5.3 million to \$59.3 million for three months ended June 30, 2006 compared to \$54.0 million for the same period in 2005.

Interest expense increased \$7.6 million from \$19.0 million for the three months ended June 30, 2005 to \$26.6 million for the three months ended June 30, 2006 due to an increase in interest rates.

The increase in operating income offset by the increase in interest expense described above resulted in a \$2.3 million decrease in income before income taxes. This decrease in income resulted in a decrease in the income tax expense of \$0.4 million for the three months ended June 30, 2006 over the same period in 2005. The effective tax rate for the three months ended June 30, 2006 was 43.0%, which is greater than the statutory rates due to permanent differences resulting from non-deductible expenses.

As a result of the above factors, the Company recognized net income for the three months ended June 30, 2006 of \$18.8 million, as compared to net income of \$20.7 million for the same period in 2005.

Reconciliations:

Because acquisitions occurring after December 31, 2004 (the acquired assets) have contributed to our net revenue results for the periods presented, we provide 2005 acquisition-adjusted net revenue, which adjusts our 2005 net revenue for the three and six months ended June 30, 2005 by adding to it the net revenue generated by the acquired assets prior to our acquisition of them for the same time frame that those assets were owned in the three and six months ended June 30, 2006. We provide this information as a supplement to net revenues to enable investors to compare periods in 2006 and 2005 on a more consistent basis without the effects of acquisitions. Management uses this comparison to assess how well we are performing within our existing assets. Revenues from the Obie markets, which were acquired on January 18, 2005 and have been excluded from our calculations of acquisition-adjusted net revenue in the reporting periods since that acquisition are included in all periods presented.

Acquisition-adjusted net revenue is not determined in accordance with generally accepted accounting principles (GAAP). For this adjustment, we measure the amount of pre-acquisition revenue generated by the assets during the period in 2005 that corresponds with the actual period we have owned the assets in 2006 (to the extent within the period to which this report relates). We refer to this adjustment as acquisition net revenue.

Reconciliations of 2005 reported net revenue to 2005 acquisition-adjusted net revenue for each of the three and six month periods ended June 30, as well as a comparison of 2005 acquisition-adjusted net revenue to 2006 net revenue for each of the three and six month periods ended June 30, are provided below:

Table of Contents**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK*****Lamar Advertising Company and Lamar Media Corp.***

The Company is exposed to interest rate risk in connection with variable rate debt instruments issued by its wholly owned subsidiary Lamar Media. The information below summarizes the Company's interest rate risk associated with its principal variable rate debt instruments outstanding at June 30, 2006, and should be read in conjunction with Note 8 of the Notes to the Company's Consolidated Financial Statements in its Annual Report on Form 10-K for the year ended December 31, 2005.

Loans under Lamar Media's bank credit agreement bear interest at variable rates equal to the JPMorgan Chase Prime Rate or LIBOR plus the applicable margin. Because the JPMorgan Chase Prime Rate or LIBOR may increase or decrease at any time, the Company is exposed to market risk as a result of the impact that changes in these base rates may have on the interest rate applicable to borrowings under the bank credit agreement. Increases in the interest rates applicable to borrowings under the bank credit agreement would result in increased interest expense and a reduction in the Company's net income.

At June 30, 2006, there was approximately \$718 million of aggregate indebtedness outstanding under the bank credit agreement, or approximately 40.0% of the Company's outstanding long-term debt on that date, bearing interest at variable rates. The aggregate interest expense for the six months ended June 30, 2006 with respect to borrowings under the bank credit agreement was \$18.1 million, and the weighted average interest rate applicable to borrowings under this credit facility during the six months ended June 30, 2006 was 5.8%. Assuming that the weighted average interest rate was 200-basis points higher (that is 7.8% rather than 5.8%), then the Company's six months ended June 30, 2006 interest expense would have been approximately \$6.1 million higher resulting in a \$3.5 million decrease in the Company's six months ended June 30, 2006 net income.

The Company has attempted to mitigate the interest rate risk resulting from its variable interest rate long-term debt instruments by issuing fixed rate, long-term debt instruments and maintaining a balance over time between the amount of the Company's variable rate and fixed rate indebtedness. In addition, the Company has the capability under the bank credit agreement to fix the interest rates applicable to its borrowings at an amount equal to LIBOR plus the applicable margin for periods of up to twelve months, which would allow the Company to mitigate the impact of short-term fluctuations in market interest rates. In the event of an increase in interest rates, the Company may take further actions to mitigate its exposure. The Company cannot guarantee, however, that the actions that it may take to mitigate this risk will be feasible or if these actions are taken, that they will be effective.

ITEM 4. CONTROLS AND PROCEDURES***a) Conclusion Regarding the Effectiveness of Disclosure Controls and Procedures.***

The Company's and Lamar Media's management, with the participation of the principal executive officer and principal financial officer of the Company and Lamar Media, have evaluated the effectiveness of the design and operation of the Company's and Lamar Media's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this quarterly report. Based on this evaluation, the principal executive officer and principal financial officer of the Company and Lamar Media concluded that these disclosure controls and procedures are effective and designed to ensure that the information required to be disclosed in the Company's and Lamar Media's reports filed or submitted under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the requisite time periods.

b) Changes in Internal Control Over Financial Reporting.

There was no change in the internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934, as amended) of the Company and Lamar Media identified in connection with the evaluation of the Company's and Lamar Media's internal control performed during the last fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's and Lamar Media's internal control over financial reporting.

Table of Contents**PART II OTHER INFORMATION****ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS***Issuer Purchases of Equity Securities*

On November 8, 2005, the Company announced that its Board of Directors had approved a stock repurchase program authorizing the Company to repurchase up to \$250 million of its Class A common stock in the open market or in privately negotiated transactions over a period not to exceed 18 months. The Company's management determines the timing and amount of stock repurchases based on market conditions and other factors, and may terminate the program at any time before it expires.

The following table describes the Company's repurchases of its registered Class A Common Stock during the quarter ended June 30, 2006, all of which occurred pursuant to the stock repurchase program described above:

Period	Total No. of Shares Purchased	Avg. Price Paid per Share	Total No. of Shares Purchased as Part of Publicly Announced Plans or Programs	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs
April 1 through April 30, 2006 ⁽¹⁾	569,941	\$53.75	569,941	\$ 79,629,158
May 1 through May 31, 2006 ⁽¹⁾	257,639	\$54.82	257,639	\$ 65,504,388
June 1 through June 30, 2006	831,585	\$52.84	831,585	\$ 21,566,999

(1) On March 30, 2006, the Company entered into a written repurchase plan with its broker under Rule 10b5-1 of the Exchange Act. This plan allowed the Company to repurchase shares (as set forth in the plan) under the repurchase program during

the Company's
self-imposed
blackout period.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

The Company held its annual meeting of stockholders on Thursday, May 25, 2006. At the annual meeting, the stockholders re-elected Kevin P. Reilly, Jr., Wendell Reilly, Anna Reilly, Stephen P. Mumblow, John Maxwell Hamilton, Thomas Reifenheiser and Robert Jelenic as directors of the Company, each to hold office until the next annual meeting of stockholders or until his or her successor has been elected and qualified. The stockholders also approved amendments to the Company's 1996 Equity Incentive Plan to accomplish the following:

to specify the manner in which performance-based compensation can be granted;

to provide for the issuance of performance-based cash bonuses of up to \$10 million in the aggregate, with a \$2 million maximum cash award issuable to any one individual in any calendar year;

to raise the limit on certain stock grants to any individual in any calendar year from 300,000 shares to 350,000 shares; and

to extend the Company's ability to issue incentive stock options pursuant to Section 422 of the Internal Revenue Code of 1986, as amended.

The results of voting at the Company's annual meeting of stockholders are as follows:
