**Annual Meeting of Shareholders to be held
May 22, 2007**

GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Raven Industries, Inc. (the Company or Raven) to be used at the Annual Meeting (the Meeting) of Shareholders of the Company, which is to be held on Tuesday, May 22, 2007, at 9:00 A.M. (C.D.T.) at the Ramkota Hotel and Convention Center, Amphitheater II, 3200 West Maple Avenue, Sioux Falls, South Dakota. The approximate date on which this Proxy Statement and accompanying proxy were first sent or given to shareholders was April 17, 2007. Each shareholder who signs and returns a proxy in the form enclosed with this Proxy Statement may revoke it at any time prior to its use by giving notice of such revocation to the Company in writing or in open meeting or by such shareholder giving a valid proxy bearing a later date. Presence at the meeting by a shareholder who has signed a proxy does not alone revoke the proxy. Only shareholders of record at the close of business on April 11, 2007 (the Record Date) will be entitled to vote at the Meeting or any adjournments thereof.

VOTING SECURITIES AND PROXIES

The Company has outstanding only one class of voting securities, Common Stock, \$1.00 par value, of which 18,083,705 shares were outstanding as of the close of business on the Record Date. Shareholders representing a majority of the shares of Common Stock outstanding and entitled to vote must be present in person or represented by proxy in order to constitute a quorum to conduct business at the Meeting. With respect to the election of directors, each shareholder has cumulative voting rights and is, therefore, entitled to (i) give one nominee a number of shares equal to the number of directors to be elected (which is eight) multiplied by the number of shares to which such shareholder is entitled to vote, or (ii) distribute the total number of shares among as many nominees as the shareholder deems advisable to vote. Where cumulative voting is exercised, there shall be deemed elected the candidates receiving the most votes for places to be filled by such election. If cumulative voting is exercised, the shares of a shareholder who either abstains, votes to withhold authority to vote for the nominees named below or who does not otherwise vote in person or by proxy (including broker-nominees) will not be counted for the election of directors. If no shareholder exercises its right to cumulate votes, then directors will be elected by the affirmative vote of a majority of shares of Common Stock represented at the meeting and eligible to vote. For this purpose, a shareholder who abstains with respect to the election of a director is considered to be present and entitled to vote on the election of a director at the Meeting, and is in effect casting a negative vote, but a shareholder (including a broker) who does not give authority to a proxy to vote, or withholds authority to vote on the election of a director, shall not be considered present and entitled to vote on the election of a director.

Discretionary authority to cumulate votes is being solicited by the Board of Directors (the Board). Unless otherwise directed by a shareholder, the proxies named in the accompanying proxy card may elect to cumulate votes cast pursuant to a proxy by casting all such votes for one nominee or by distributing such votes among as many nominees as they deem desirable. If a shareholder desires to restrict the proxies named in the accompanying proxy card in casting votes for certain nominees, the shareholder should give such direction on the proxy card. On all matters other than the election of directors, each share of Common Stock is entitled to one vote and approval requires the affirmative vote of a majority of the eligible votes cast at the meeting.

CORPORATE GOVERNANCE

Code of Ethics. The Board of Directors, through its Governance Committee has adopted a Code of Conduct that applies to directors, officers and all employees of the Company. The Code of Conduct is available on the Company's website at www.ravenind.com.

Certain Relationships and Related Transactions. Mrs. Milligan is on the Board of Directors of Wells Fargo and Co., the parent company of Wells Fargo Bank, N.A., which provides borrowings to the Company pursuant to a line of credit, the terms of which management considers competitive with other sources generally available to the Company. There were no borrowings under the credit line in fiscal 2007. As of April 11, 2007, the Company has no borrowings, and \$1.4 million of letters of credit outstanding under the line of credit.

The Company has adopted a written policy governing related party transactions. Under this policy, before effecting or continuing any related party transaction, the Audit Committee of the Board must first ratify or approve of the transaction and conclude that the transaction is on terms comparable to those that the Company could reasonably expect in an arm's length transaction with an unrelated third party. Under the policy, a related party transaction is any transaction with a related party other than one generally available to all Company employees or involving an amount less than \$25,000. A related party is (i) a senior officer or a director, including members of their immediate family, (ii) a holder of more than 5% of our common stock, or (iii) an entity owned or controlled by the persons described in clauses (i) or (ii). The policy is available on the company's website at www.ravenind.com. The Company's relationship with Wells Fargo will be reviewed annually under this policy.

Nominations to the Board of Directors. The Governance Committee of the Board of Directors will recruit highly skilled and participative candidates who have the ability to strengthen the Board of Directors. The Governance Committee will consider timely presented nominations from shareholders if candidates are qualified.

Current directors whose performance, capabilities and experience meet the Company's expectations and needs are typically nominated for reelection. In accordance with the Company's Corporate Governance Standards, as amended on March 17, 2007, directors are not re-nominated after they reach their 75th birthday.

The size of the Board should be between seven and nine members, with a majority being independent members as defined by the Securities and Exchange Commission and the Nasdaq Stock Market. The Company's lawyers, investment bankers and others with business links to the Company may not become directors. Interlocking directorships are not allowed.

Recognizing that the contribution of the Board will depend on not only the character and capabilities of the directors taken individually but also on their collective strengths, the Board should be composed of:

Directors chosen with a view toward bringing to the Board diverse experiences and backgrounds relevant to the Company's business;

Directors who will form a balanced core of business executives with varied expertise;

Directors who have substantial experience outside the business community in the public, academic or scientific communities, for example;

Directors who will represent the balanced, best interests of the shareholders as a whole rather than special interest groups or constituencies; and

A majority of directors who are independent of the Company.

Table of Contents

In considering possible candidates for election as a director, the Governance Committee should be guided in general by the composition guidelines established above and, in particular, by the following:

Each director should be an individual of the highest character and integrity and have an inquiring mind, vision and the ability to work well with others and exercise good judgment;

Each director should be free of any conflict of interest which would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director;

Each director should possess substantial and significant experience which would be of particular importance to the Company in the performance of the duties of a director;

Each director should have sufficient time available to devote to the affairs of the Company in order to carry out the responsibilities of a director; and

Each director should have the capacity and desire to represent the balanced, best interests of the shareholders as a whole.

Consistent with the Company's bylaws, and the Governance Committee Charter, the Governance Committee will review and consider for nomination any candidate for membership to the Board recommended by a shareholder of the Company, in accordance with the evaluation criteria and selection process described above. Shareholders wishing to recommend a candidate for consideration in connection with an election at a specific annual meeting should notify the Governance Committee well in advance of the meeting date to allow adequate time for the review process and preparation of the proxy statement, and in no event later than the first day of February.

Communications with the Board of Directors. The Board of Directors believes that the most efficient means for shareholders and other interested parties to raise issues and questions and to get a response is to direct such communications to the Company through the office of the Secretary of the Company. Other methods are also described in the Investor Relations section of the Company's public website, www.ravenind.com.

If, notwithstanding these methods, a shareholder or other interested party wishes to direct a communication specifically to the Board of Directors, a letter to the Board is the most appropriate method. To insure that the communication is properly directed in a timely manner, it should be clearly identified as intended for the Board: Raven Industries, Inc.

Attention: Board Communications (Director Name if applicable)
P.O. Box 5107
Sioux Falls, SD 57117-5107

The Corporate Secretary's Office will collect and organize all such communications. A summary of communications received will be periodically provided to the Company's Governance Committee, who will make the final determination regarding the disposition of any such communication.

The Board believes that the Company should speak with one voice and has empowered management to speak on the Company's behalf subject to the Board's oversight and guidance on specific issues. Therefore, in most circumstances the Board will not respond directly to inquiries received in this manner but may take relevant ideas, concerns and positions into consideration.

EXECUTIVE COMPENSATION
COMPENSATION DISCUSSION AND ANALYSIS

Overview

Raven's Executive Compensation Program, developed by management and approved by the Personnel and Compensation Committee of the Board of Directors, is intended to be simple, focused on a few key performance metrics and balanced between:

employees, managers and executives

long-term and short-term objectives

financial and stock performance

cash and equity compensation.

The compensation program is designed to align the executive team with the interests of Raven shareholders. The plan uses salary and benefits, a management incentive program and stock options to achieve these goals. Retention of top talent and achievement of corporate objectives are the best measurements of an effective compensation plan.

Raven also uses non-compensatory programs, such as annual performance reviews, employee improvement and education programs, and succession planning. These programs are more effective than compensation for optimizing talent utilization and executive development.

Objectives of the Company's Executive Compensation Program

Alignment with Shareholder Interests

Our compensation program is designed to motivate and reward Raven's executives to achieve the short and long-term goals that we believe will enhance shareholder value. The short-term goals are embodied in our annual budget. These include net income growth, productivity gains, working capital utilization and expense control. Building on these short-term objectives, the program also seeks to reward executives for enhancing shareholder value over the long-term. Raven's long-term objectives include growing sales and net income over each three-year period by an average of 12 and 15 percent per year, respectively, and efficiently utilizing invested capital.

Retention

Retention aspects of the program are designed to take advantage of the experience of Raven executives and avoid unwanted turnover in the executive team. The executive officers identified on the Summary Compensation Table on page 14 (the "Named Executives") average over 18 years experience with Raven. We believe that promotion from within and length of tenure at every level of the organization enhances productivity and reduces compensation cost.

Internal Equity

The Company strongly believes in internal equity. We review executive pay to prevent it from becoming disproportionately large when compared to the other key managers and employees. The practice of internal equity is difficult to maintain in today's compensation environment if management turnover is high and we are required to recruit from outside Raven to fill key positions.

Role of Management, the Personnel and Compensation Committee and Consultants

Raven management hires, retains, and develops employee talent at every level of the organization. Our human resources department and Vice President of Administration obtain competitive survey information for positions and locations throughout the Company. This is the starting point for decisions on compensation. Raven tries to maintain compensation in the middle of relevant range for non-executive positions. Executive compensation is driven by taking the results for management employees and extrapolating to key employees and ultimately the executive team and the Named Executives.

Our President and Chief Executive Officer presents a summary of executive compensation to the Personnel and Compensation Committee (the "Committee") for review and approval annually. The

Table of Contents

Committee approves executive salaries, benefits and stock option grants. The Committee's decisions regarding the compensation of our President and Chief Executive Officer are made in executive session. Management and the Committee do not use compensation consultants because we believe consultants tend to raise, rather than control, the level of compensation.

Components of the Company's Executive Compensation Program

Base Salary

Salaries for the Named Executives are based on the scope of their responsibilities, performance, and experience. The salaries of their peers and subordinates inside and outside the Company are considered when setting salary levels. The primary objectives addressed by base salary in the Compensation Program are to retain and attract qualified and experienced executives into these positions. The salary indicates the basic level compensation commitment that Raven has to the Named Executives and their positions in the Company.

Management Incentive Plan

The management incentive plan is intended to pay the Named Executives when they achieve the annual financial objectives of their operations. Incentive payments for the named executives range from 50 to 70% of annual base salary, which is designed to put a sizable portion of the Named Executives' cash income at risk if annual objectives are not achieved. For example, Mr. Moquist's incentive payment dropped by over \$100,000 in fiscal 2007, due primarily to the Company's lower net income growth.

Incentive plans for the Chief Executive Officer and Chief Financial Officer are based on achieving net income, expense control and inventory turn targets. Net income targets are generally established as a range, such that no incentive is paid until Raven has achieved at least the bottom of the target range, and the maximum paid if the Company achieved the high end of the target range would, in the case of Mr. Moquist, be 58% of his base salary. Mr. Moquist was also entitled to incentive compensation of up to 7% of his base salary if the Company meets certain expense control targets and up to 5% if inventory turn targets were met. Mr. Moquist's maximum payout would be 70% of his salary. Mr. Iacarella's incentive is based on similar criteria, with a maximum payout of 60%.

All the other Named Executives are Division Managers. Their incentives are based on achieving targets for their respective operating units. Targets include levels of operating income net of a charge for working capital utilization, inventory turns, and productivity improvements. Mr. Rykhus, as Executive Vice President could be paid up to 52% of base salary based on income, and 4% of base salary for each of his division's inventory and productivity targets.

Mr. Rykhus' maximum payout would be 60% of his base salary. Mr. Bair and Mr. Groninger, as Divisional Vice Presidents could have a maximum payout of 50% of base salary.

Incentive payments are based on formulas defined and documented at the beginning of Raven's fiscal year. Income based formulas are usually set so that if budgeted results are achieved, the income based incentive would pay about 60% of maximum payout levels. The Committee approves the incentive payments, which are usually paid in March of each year.

In fiscal 2007, maximum incentive plan payouts for the Named Executives were raised by approximately 10 percentage points. Management had been raising salaries for competitive reasons for key managers throughout the Company in recent years and believed executive compensation needed to keep pace. Rather than increasing the salary component, management recommended, and the Committee agreed, that increasing incentive plan maximums would be the most cost effective method to achieve the equity adjustment.

Stock Options

Awards of stock options are designed to promote the alignment of long-term interests between an executive and Raven shareholders as well as to assist in the retention of executives and key employees. The ultimate value of the options to the executives is directly tied to increases in the value of Raven common shares. The options are granted annually at the November Committee meeting, vest in equal installments over four years and expire in five years. The Committee and management believe that the policy of granting options annually, along with the relatively short life of the options, helps prevent option holders from benefiting from long-term increases in the stock market and more effectively ties

Table of Contents

their compensation to Raven's success. The shorter life also reduces option expense recorded on the income statement. The Committee has never reset an option price.

The Committee grants options to executives and key employees based on the size of their base salary and their importance to Raven's success. The number of shares covered by the option multiplied by the exercise price is intended to approximate the value of the Named Executive's Salary and All other compensation as shown in the Summary Compensation Table.

Raven's stock options have a retirement provision that allow them to be kept by the employee if the sum of the employee's age and years of service exceeds 80. The Committee modified this provision in November 2006 to require one year of service before the retirement provision can be invoked. The Committee believes that this will encourage executives to remain with Raven or, in certain instances, give additional notice before retiring. As a result of the amendment, we now record option expense for retirement eligible employees over 12 months rather than at the date of grant. One result of this change is that in the Summary Compensation Table, Mr. Moquist's option award expense was lower in fiscal 2007 than in fiscal 2006. The Black-Scholes values of Mr. Moquist's grants were \$141,739 in fiscal 2006 and \$133,126 in fiscal 2007, but because the fiscal 2007 grant is being expensed over 12 months, compensation expense decreased from \$141,739 to \$33,282.

Raven does not have a formal policy on the retention of shares derived from stock options. Our executives are strongly encouraged not to sell shares other than when paying taxes on option exercises. Executives have historically retained a substantial portion of their shares. The shares owned by the executive officers of the Company are listed on page 2 of this proxy statement under the caption Ownership of Common Stock.

All Other Compensation

We provide other benefits to executives, which we believe to be reasonable, competitive and consistent with the overall Compensation Program. Raven considers these items in conjunction with base salary in meeting the objectives of retaining and attracting qualified and experienced executives. These items are detailed in footnote 2 to the Summary Compensation Table. The retirement and profit sharing benefits are essentially the same as all other Raven employees receive. Life insurance benefits to the Chief Executive and Chief Financial Officers represent the Company's continuing commitment under an estate-planning program we no longer make available to new executives. The Chief Executive Officer has use of a Company provided automobile. Raven also provides supplemental health and wellness benefits available to its executives to encourage a healthy lifestyle. To the extent insurance and health benefits are subject to income taxes, executives are reimbursed for this additional tax.

Post-termination Compensation and Benefits

Raven has employment agreements with each Named Executive, which provides for a 30-day notice before termination and outlines the employment benefits discussed under All Other Compensation above and retirement benefits. The purpose of the benefits is to attract and retain seasoned executives, rewarding their long-term commitment to Raven. Retirement benefits, available when the sum of the employee's age and years of service exceeds 80, represent a continuation of the health and insurance benefits outlined in All Other Compensation above. The Committee approved dual-trigger Change in Control agreements effective January 31, 2007. Upon a change in control, positions held by the Named Executives may be at risk. By providing a benefit of one or two times salary and incentive payments if executives are terminated, the Committee believes that the new agreements will maintain stability within its executive group in the event of a change in control. Previous change in control agreements were originally intended to be a takeover defense.

Executive Compensation for the Named Executives

Chief Executive Officer

With more than 31 years of service at Raven, Mr. Moquist has been our President and Chief Executive Officer since fiscal 2000. His total fiscal 2007 compensation of \$453,000 declined by 30.1% from fiscal 2006. The primary reasons were a lower management incentive payment because of the Company's lower income growth in fiscal 2007 when compared to fiscal 2006 and a change in the retirement terms of his stock option grant in fiscal 2007 as compared to fiscal 2006. His base salary increased by 3.4%, which was in line with the Company-wide rate of increase. His maximum incentive payout was raised from 60% to 70% as discussed above. He received a grant of 14,000 stock options.

Table of Contents

Chief Financial Officer

Mr. Iacarella is our Chief Financial Officer. His total compensation of \$286,000 declined by 5.0% in fiscal 2007 as a result of lower incentive plan payments. His base salary increased by 4.9%, which was slightly higher than the Company-wide rate of increase due to an adjustment designed to maintain internal equity. His maximum incentive payout was raised from 50% to 60%. He received a grant of 7,500 stock options.

Division Management

Mr. Bair leads Raven's Electronic Systems Division. With the strong performance of that division and higher maximum incentive payout levels, his total compensation increased by 12.1% in fiscal 2007. His base salary increased by 4.1% and he received 6,000 stock options.

Mr. Groninger heads the Engineered Films Division. Mr. Groninger's total compensation increased by 14.1%. He received an 8.6% salary increase because of growth in Engineered Films and internal equity considerations. His incentive payout increased because of his higher salary and the increase in maximum payouts given to all the Named Executives. He received a grant of 6,500 stock options.

Mr. Rykhus is Raven's Executive Vice President and Division Manager of the Flow Controls Division. His total compensation declined by 10.0% because he received no payment under the management incentive plan in fiscal 2007. The Flow Controls Division recorded lower operating results in fiscal 2007 and did not meet its targets. His base salary increased by 5.0% due to his increasing corporate responsibilities. His stock option grant was for 7,200 shares.

(1) Option awards reflect the Black-Sholes values used for expensing options in the Company's income statement. For additional information, see Note 11 on pages 40 and 41 of the Company's Annual Report to Shareholders. Options are expensed over

the four-year vesting period or the retirement provisions associated with the option, whichever is shorter.

Mr. Moquist's options in fiscal 2007 are being expensed over 12 months due to the retirement provision. His 2006 option was expensed immediately as the retirement provision associated with that option would have allowed him to keep the option regardless of his retirement date.

(1) Option awards reflect the Black-Sholes value of \$9.509 used for expensing options in the Company's income statement. All awards vest in equal installments over 4 years and expire after 5 years. The option price may be paid in cash or by the delivery of shares of the Company's common stock, held by the option holder for at least six months, valued at the market price on the date of the option exercise. Option grants of less than \$100,000, as defined by the Internal Revenue Code of 1986, were incentive

stock options and no income tax is payable by executives unless shares are sold. However, incentive stock options are alternative minimum tax (AMT) preference items, potentially subjecting the executives to AMT liability in the year of exercise. The remaining options are considered to be non-qualified. For additional information, see Note 11 on pages 40 and 41 of the Company's Annual Report to Shareholders.

POTENTIAL PAYMENTS ON TERMINATION OR CHANGE IN CONTROL

The following table shows the payments and benefits that the Named Executives would receive in connection with a variety of employment termination scenarios and upon a change in control of Raven. The information assumes that termination occurred on January 31, 2007. Raven would provide all of the payments. There are no assets set aside for these benefits. The Named Executives must comply with confidentiality and non-competition provisions of the agreements to retain benefits.

The table does not include amounts otherwise due to the executives, such as earned but unpaid salary, bonus and vacation pay. The table does include the value of unvested stock options, which would vest for all of Raven's key employees.

Termination other than for a change in control is governed by employment agreements with the executives. These agreements require 30 days written notice before termination can occur. They also have retirement provisions that, if the executive's years of employment and age added together exceed 80, allow for early retirement. Early retirement triggers post-retirement benefits under the employment agreement. Retiring executives retain health care and other insurance benefits. The retired executive will be reimbursed for health expenditures up to a percentage (10% for Mr. Moquist and Mr. Iacarella, 3.5% for others) of the executive's highest salary and bonus over the last five years of employment. Retirement benefits continue until the last to die of the executive or spouse. In the case of Mr. Moquist and Mr. Iacarella, the benefits are grossed-up for income tax purposes. Only Mr. Moquist was eligible for retirement benefits at January 31, 2007. In the event of an executive's death, the benefits available to the surviving spouse would be limited to vested retirement benefits.

Raven entered into new Change in Control agreements with the Named Executives on January 31, 2007. A Change in Control includes (a) the acquisition by any person, entity or group of beneficial ownership of 25% or more of the then outstanding shares of Raven common stock; (b) certain changes in a majority of the members of our Board of Directors, or (c) approval by the shareholders of a reorganization, merger or consolidation (with certain exceptions), or of a liquidation, dissolution or sale of all or substantially all of Raven's assets.

For the executives to obtain benefits under the Change in Control agreements, a second triggering event must occur. This would include a termination without cause or a constructive termination (an adverse change in the officer's status or compensation). The benefits include a lump sum payment equal to the product of (A) the sum of (i) the employee's annual base salary then in effect and (ii) 60% of the maximum target or goal amount under the Management Incentive Plan for the year in which the date of termination occurs and (B) a multiple of 2.0 for Messrs. Moquist, Iacarella and Rykhus, or 1.0 for Messrs. Bair, and Groninger. The executive also vests under the applicable retirement benefits policy; provided that the benefits (A) will not become payable until the employee reaches age 65 (unless the benefits are payable at the employee's age at that time under the terms of the policy), and (B) will not be provided to the extent such benefits are provided by another employer at no cost to the employee.

Moquist) and at age 65 for the other executives. They would continue until the last to die of the executive or spouse.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors of Raven Industries, Inc. (the "Audit Committee") is composed of three independent directors and operates under a written charter. A copy of this charter is available on the Company's website <http://www.ravenind.com>. The Committee selects the Company's independent registered public accounting firm. The Audit Committee has the authority to determine all funding and make any expenditures it deems necessary in order to carry out its responsibilities and duties.

Management is responsible for the Company's internal controls, financial reporting process and compliance with laws and regulations and ethical business standards. The Company's independent registered public accounting firm is responsible for performing an integrated audit of the Company's consolidated financial statements and of its internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (the "PCAOB"). The Audit Committee is responsible for monitoring and overseeing these processes.

In this context, the Audit Committee met and held discussions with management and the independent registered public accounting firm. Management represented to the Committee that the consolidated financial statements were fairly presented and prepared in accordance with accounting principles generally accepted in the United States of America. Management also presented its conclusion that as of January 31, 2007, internal control over financial reporting was effective. The Audit Committee reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Committee also discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communications with Audit Committees) and PCAOB Auditing Standard No. 2 (An Audit of Internal Control Over Financial Reporting performed in conjunction with an Audit of Financial Statements).

The Company's independent registered public accounting firm provided to the Audit Committee the written disclosures required by Rule 3600T of the PCAOB and Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and discussed the firm's independence. The Committee also reviewed the services provided by the independent registered public accounting firm (as disclosed under the caption "Independent Registered Public Accounting Firm Fees") when considering their independence.

Based upon the Audit Committee's discussion with management and the independent registered public accounting firm and the representations of management and the report of the independent registered public accounting firm, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended January 31, 2007, filed with the Securities and Exchange Commission.

Submitted by the Audit Committee of the Company's Board of Directors:

Thomas S. Everist Anthony W. Bour Cynthia H. Milligan

Solicitation. The Company will bear the cost of preparing, assembling and mailing the proxy, Proxy Statement, Annual Report and other material which may be sent to the shareholders in connection with this solicitation. Brokerage houses and other custodians, nominees and fiduciaries may be requested to forward soliciting material to the beneficial owners of stock, in which case they will be reimbursed by the Company for their expenses in doing so. Proxies are being solicited primarily by mail, but, in addition, officers and regular employees of the Company, without extra compensation, may solicit proxies in person, by telephone or other means of communication.

Proposals of Shareholders. Pursuant to Rule 14a-8 under the Securities and Exchange Act of 1934, as amended, any shareholder who desires to submit a proposal for action by the shareholders at the Company's 2008 annual meeting must submit such proposal in writing to Ronald M. Moquist, President and CEO, Raven Industries, Inc., P.O. Box 5107, Sioux Falls, South Dakota 57117-5107, by December 19, 2007. Shareholder proposals received after December 19, 2007, will not be included in the Company's proxy statement relating to the 2008 annual meeting. Additionally, if the Company receives notice of a shareholder proposal after March 3, 2008, such proposal will be considered untimely under Rules 14a-4 and 14a-5(e), and the persons named in the proxies solicited by the Board of Directors for the Company's 2008 Annual Meeting may exercise discretionary voting power with respect to such proposal. Due to the complexity of respective rights of the shareholders and the Company in this area, any shareholder desiring to propose such an action is advised to consult with his or her legal counsel with respect to such rights. It is suggested that any such proposal be submitted by certified mail, return receipt requested.

The Board of Directors does not intend to present at the Meeting any other matter not referred to above and does not presently know of any matter that may be presented at the Meeting by others. However, if other matters properly come before the Meeting, it is the intention of the persons named in the enclosed proxies to vote the proxy in accordance with their best judgment.
