3

THE COMPANY

OUR BUSINESS

We are the third largest retail drugstore chain in the United States based on revenues and number of stores. As of May 31, 2003, we operated 3,396 drugstores in 28 states across the country and in the District of Columbia. During fiscal 2003 and our first quarter in fiscal 2004, we generated \$15.8 billion and \$4.0 billion in revenues, respectively. Since the beginning of fiscal 1997, we have relocated 980 stores, opened 476 new stores, remodeled 649 stores and closed or sold an additional 1,412 stores. As a result, we believe we have a modern store base.

In our stores, we sell prescription drugs and a wide assortment of other merchandise, which we call "front-end" products. In fiscal 2003, our pharmacists filled more than 200 million prescriptions, which accounted for approximately 63.2% of our total sales. In the first quarter of fiscal 2004, pharmacy sales accounted for 64.5% of our total sales. We believe that our pharmacy operations will continue to represent a significant part of our business due to favorable industry trends, including an aging population, increased life expectancy and the discovery of new and better drug therapies. We offer approximately 24,000 front-end products, including over-the-counter medications, health and beauty aids, personal care items, cosmetics, household items, beverages, convenience foods, greeting cards, seasonal merchandise and numerous other everyday and convenience products, as well as photo processing, which accounted for the remaining 36.8% and 35.5% of our total sales in fiscal 2003 and the first quarter of fiscal 2004, respectively. We distinguish our stores from other national chain drugstores, in part, through our private brands and our strategic alliance with General Nutrition Companies, Inc., a leading retailer of vitamin and mineral supplements. We offer over 1,900 front-end products under the Rite Aid private brand, which contributed approximately 10.8% and 10.9% of our front-end sales in categories where private brand products are

Edgar Filing: RITE AID CORP - Form S-8

sold in fiscal 2003 and the first quarter of fiscal 2004, respectively.

BACKGROUND

Under prior management, we were engaged in an aggressive expansion program from the beginning of fiscal 1997 until 1999. During that period, we purchased 1,554 stores, relocated 866 stores, opened 445 new stores, remodeled 308 stores and acquired PCS Health Systems, Inc. These activities had a significant negative impact on our operating results and financial condition, severely strained our liquidity and increased our indebtedness to \$6.6 billion as of February 26, 2000, which contributed to our inability to access the financial markets. In October 1999, we announced that we had identified accounting irregularities and our former chairman and chief executive officer resigned. In November 1999, our former auditors resigned and withdrew their previously issued opinions on our financial statements for fiscal 1998 and fiscal 1999. We needed to restate our financial statements and develop accounting systems and controls that would allow us to manage our business and accurately report the results of our operations. In addition, the SEC and the U.S. Attorney for the Middle District of Pennsylvania began investigations into our affairs. Also, the complaint in a securities class action lawsuit, which had been filed against us in March 1999, was amended to include allegations based upon the accounting irregularities we had disclosed.

In December 1999, a new management team was hired, and since that time we have been addressing our business, operational and financial challenges. In response to our situation, new management has:

- o Reduced our indebtedness from \$6.6 billion as of February 26, 2000 to \$3.9 billion as of May 31, 2003;

4

- o Restated our financial statements for fiscal 1998 and fiscal 1999, as well as engaged Deloitte & Touche LLP as our new auditors to audit our financial statements for fiscal years beginning with fiscal 1998;
- o Settled the securities class action and related lawsuits in February 2002 for \$45.0 million, funded with insurance proceeds, and \$149.5 million of senior secured (stockholder) notes (which we redeemed in February 2003);
- o Addressed and corrected problems with our accounting systems and controls, and resumed normal financial reporting;
- o Implemented initiatives to improve all aspects of our supply chain, including buying practices, category management systems and other inventory issues;
- o Addressed out-of-stock inventory levels and strengthened our vendor relationships; and
- o Completed the refinancing of a substantial portion of our indebtedness.

OUR STRENGTHS

We believe that we are well-positioned to build on the significant investment in our modern store base by capitalizing on our competitive strengths, including the following:

Edgar Filing: RITE AID CORP - Form S-8

STRONG BRAND NAME WITH LEADING SHARES IN KEY MARKETS

- o We are one of the nation's three largest drugstore chains with 3,396 stores as of May 31, 2003.
- o We have a first or second market position in 74 of the 130 major U.S. metropolitan markets in which we operate.
- o Our stores are primarily located in convenient locations within fast growing metropolitan markets.
- o We believe that our brand name has helped us establish a large group of loyal customers.

NEW MANAGEMENT TEAM LEADING OPERATIONAL TURNAROUND

- o We improved front-end same store sales growth from a negative 2.2% in fiscal 2000 to a positive rate of growth by improving store conditions and product pricing and launching a competitive marketing program.
- o We have seen significant reductions in our net loss, which was \$1.6 billion for fiscal 2001 and \$112.1 million for fiscal 2003.
- o We curtailed our expansion plans and reduced our capital expenditures by approximately \$524.9 million from fiscal 2000 to fiscal 2003.
- o We have commenced, effective fiscal 2004, a program to develop 75 and 100 new and relocated stores for fiscal 2005 and 2006, respectively.

5

MODERN STORE BASE

- o Since the beginning of fiscal 1997, we have opened 476 new stores, relocated 980 stores, remodeled 649 stores and closed or sold an additional 1,412 stores, providing us with a modern store base. Approximately 60% of our stores have been constructed, remodeled or relocated since the beginning of fiscal 1997.
- o Most of our new stores include a drive-thru pharmacy, a one-hour photo shop and 990 include a GNC store-within-Rite Aid-store.
- o To support these new stores we have improved our distribution network by opening two high capacity distribution centers.
- o All of our stores are integrated into a common information system, which enables our pharmacists to fill prescriptions more accurately and efficiently and is designed to reduce chances of adverse drug interaction.
- o Each of our stores employs point-of-sale technology that facilitates inventory replenishment, sales analysis and recognition of customer trends.

COMPELLING INDUSTRY FUNDAMENTALS AND DEMOGRAPHIC TRENDS

- o Increasing life expectancy and the "baby boom" generation entering their fifties are expected to drive pharmacy sales.

Edgar Filing: RITE AID CORP - Form S-8

Based upon studies published by pharmacy benefit management companies and the Congressional Budget Office, management believes that pharmacy sales growth will increase at least 30% over the next three years.

- o Several factors will contribute to this continued growth in the pharmacy sector, including a record number of drugs in the FDA approval pipeline.

OUR BUSINESS STRATEGY

Our strategy is to continue to focus on improving the productivity of our existing store base. We believe that improving the sales of our existing stores is important to achieving profitability and improving cash flow. To achieve this objective, we are implementing the following:

GROW OUR PHARMACY PRESCRIPTION COUNT AND ATTRACT MORE CUSTOMERS

- o Continue the focus on generic prescriptions which are a value to the customer and more profitable for us;
- o Enable our pharmacists to work directly with customers through productivity improvements supported by technology such as automatic refill programs, our next generation pharmacy system and e-prescriptions;
- o Purchase prescription files from independent pharmacists;
- o Attract new customers to our stores and increase sales per customer visit through various marketing strategies including weekly circulars, seasonal merchandising programs, crosscategory merchandising and direct marketing efforts; and

6

- o Further enhance the store base through a program to develop new and relocated stores in our existing markets.

Grow Front End Sales

- o Improve inventory and product categories to offer more personalized products and services to our customers, including better management of seasonal items;
- o Enhance positive perceptions among customers through vendor promotions and weekly sales items;
- o Increase the emphasis on Rite Aid brand products to improve the customer value offering and improve our gross margin;
- o Continue to develop our GNC stores-within-Rite Aid stores and one-hour photo development departments;
- o Increase ethnic product offerings targeted to selected markets to enhance front-end sales growth; and
- o Continue to strengthen our relationships with our suppliers in order to offer customers a wider selection of products and

Edgar Filing: RITE AID CORP - Form S-8

categories.

Improve Customer Satisfaction With Focus on Service and Selection in Our Stores

- o Implement programs that are specifically directed towards our pharmacy business, including our "With Us, It's Personal" and "Ready When Promised" customer service campaigns, and competitively priced cash prescriptions and expand our third-party plan networks;
- o Improve customer loyalty by establishing a strong community presence, increasing promotional themes and exclusive offers, focusing on the attraction and retention of managed care customers and partnering with major drug suppliers to provide discount cards to senior citizens; and
- o Continue to utilize mystery shoppers and customer communications to improve our customers' perception of us.

Contain Expenses

- o Continue to execute our cost management programs;
- o Leverage our modern distribution facilities by utilizing new category management tools to optimize in-stock conditions and lower costs; and
- o Target expense areas with specific work plans for improvement and continuously monitor those work plans.

8

RISK FACTORS

Prospective investors should carefully review the following factors together with the other information contained in this prospectus and any accompanying prospectus supplement prior to making an investment decision.

RISKS RELATED TO OUR FINANCIAL CONDITION

WE ARE HIGHLY LEVERAGED. OUR SUBSTANTIAL INDEBTEDNESS WILL SEVERELY LIMIT CASH FLOW AVAILABLE FOR OUR OPERATIONS AND COULD ADVERSELY AFFECT OUR ABILITY TO SERVICE DEBT OR OBTAIN ADDITIONAL FINANCING IF NECESSARY.

We had, as of May 31, 2003, \$3.9 billion of outstanding indebtedness and stockholders' deficit of \$140.6 million. We also had additional borrowing capacity under our new revolving credit facility of \$576.5 million at that time, net of outstanding letters of credit of \$123.5 million. Our debt obligations adversely affect our operations in a number of ways and, while we believe we

Edgar Filing: RITE AID CORP - Form S-8

have adequate sources of liquidity to meet our anticipated annual requirements for working capital, debt service and capital expenditures through the end of fiscal year 2004, there can be no assurance that our cash flow from operations will be sufficient to service our debt, which may require us to borrow additional funds for that purpose, restructure or otherwise refinance our debt. Our earnings were insufficient to cover our fixed charges for fiscal 2003 by \$203.9 million and for the first quarter of fiscal 2004 by \$38.9 million. It was also necessary for us to supplement our cash from operations with borrowings under our then existing senior secured credit facility for our 2001 and 2000 fiscal years.

Our high level of indebtedness will continue to restrict our operations. Among other things, our indebtedness will:

- o limit our ability to obtain additional financing;
- o limit our flexibility in planning for, or reacting to, changes in the markets in which we compete;
- o place us at a competitive disadvantage relative to our competitors with less indebtedness;
- o render us more vulnerable to general adverse economic and industry conditions; and
- o require us to dedicate substantially all our cash flow to service our debt.

Our ability to make payments on our debt depends upon our ability to substantially improve our future operating performance, which is subject to general economic and competitive conditions and to financial, business and other factors, many of which we cannot control. If our cash flow from our operating activities is insufficient, we may take certain actions, including delaying or reducing capital or other expenditures, attempting to restructure or refinance our debt, selling assets or operations or seeking additional equity capital. We may be unable to take any of these actions on satisfactory terms or in a timely manner. Further, any of these actions may not be sufficient to allow us to service our debt obligations or may have an adverse impact on our business. Our existing debt agreements limit our ability to take certain of these actions. Our failure to generate sufficient cash to pay our debts or to successfully undertake any of these actions could have a material adverse effect on us.

9

SOME OF OUR DEBT, INCLUDING BORROWINGS UNDER OUR NEW SENIOR SECURED CREDIT FACILITY, IS BASED UPON VARIABLE RATES OF INTEREST, WHICH COULD RESULT IN HIGHER INTEREST EXPENSE IN THE EVENT OF INCREASES IN INTEREST RATES.

Approximately \$1.2 billion, or 29.1%, of our outstanding indebtedness as of May 31, 2003 bears an interest rate that varies depending upon LIBOR. If we borrow additional amounts under our new senior secured credit facility, the interest rate on those borrowings will vary depending upon LIBOR. If LIBOR rises, the interest rates on this outstanding debt will also increase. Therefore an increase in LIBOR would increase our interest payment obligations under these outstanding loans and have a negative effect on our cash flow and financial condition.

THE COVENANTS IN OUR OUTSTANDING INDEBTEDNESS IMPOSE RESTRICTIONS THAT MAY LIMIT

Edgar Filing: RITE AID CORP - Form S-8

OUR OPERATING AND FINANCIAL FLEXIBILITY.

The covenants in the instruments that govern our outstanding indebtedness restrict our ability to:

- o incur liens and debt;
- o pay dividends;
- o make redemptions and repurchases of capital stock;
- o make loans, investments and capital expenditures;
- o prepay, redeem or repurchase debt;
- o engage in mergers, consolidations, assets dispositions, sale-leaseback transactions and affiliate transactions;
- o change our business;
- o amend some of our debt and other material agreements;
- o issue and sell capital stock of subsidiaries;
- o restrict distributions from subsidiaries; and
- o grant negative pledges to other creditors.

If we are unable to meet the terms of the financial covenants or if we breach any of these covenants, a default could result under one or more of these agreements. A default, if not waived by our lenders, could result in the acceleration of our outstanding indebtedness and cause our debt to become immediately due and payable. If acceleration occurs, we would not be able to repay our debt and it is unlikely that we would be able to borrow sufficient additional funds to refinance such debt. Even if new financing is made available to us, it may not be available on terms acceptable to us.

If we obtain modifications of our agreement or are required to obtain waivers of defaults, we may incur significant fees and transaction costs. In fiscal 2003, as well as in fiscal 2002 and 2001, we modified certain covenants contained in our then existing senior secured credit facility and loan agreements. In fiscal 2000, we obtained waivers of compliance contained in our credit facilities and

10

public indentures. In connection with obtaining these modifications and waivers, we paid significant fees and transaction costs.

RISKS RELATED TO OUR OPERATIONS

MAJOR LAWSUITS HAVE BEEN BROUGHT AGAINST US AND CERTAIN OF OUR SUBSIDIARIES, AND THERE ARE CURRENTLY PENDING BOTH CIVIL AND CRIMINAL INVESTIGATIONS BY THE UNITED STATES ATTORNEY. IN ADDITION TO ANY FINES OR DAMAGES THAT WE MIGHT HAVE TO PAY, ANY CRIMINAL CONVICTION AGAINST US MAY RESULT IN THE LOSS OF LICENSES AND CONTRACTS THAT ARE MATERIAL TO THE CONDUCT OF OUR BUSINESS, WHICH WOULD HAVE A NEGATIVE EFFECT ON OUR RESULTS OF OPERATIONS, FINANCIAL CONDITION AND CASH FLOWS.

There are several major ongoing lawsuits and investigations in which we

Edgar Filing: RITE AID CORP - Form S-8

are involved. While some of these lawsuits have been settled, pending court approval or appeal, we are unable to predict the outcome of any of these matters at this time. If any of these cases result in a substantial monetary judgment against us or are settled on unfavorable terms, our results of operations, financial condition and cash flows could be materially adversely affected.

There are currently pending both civil and criminal governmental investigations by the United States Attorney concerning our operations under prior management and other matters. Settlement discussions have begun with the United States Attorney for the Middle District of Pennsylvania, who has proposed that the government would not institute any criminal proceedings against us if we enter into a consent judgment providing for a civil penalty payable over a period of years. The amount of the civil penalty has not been agreed to and there can be no assurance that a settlement will be reached or that the amount of the penalty will not have a material adverse effect on our financial condition and results of operations. We recorded an accrual of \$20.0 million in fiscal 2003 in connection with the resolution of these matters; however, we may incur charges in excess of that amount and we are unable to estimate the possible range of loss. We will continue to evaluate our estimate and to the extent that additional information arises or our strategy changes, we will adjust our accrual accordingly.

If we were convicted of any crime, certain licenses and government contracts, such as Medicaid plan reimbursement agreements, that are material to our operations may be revoked, which would have a material adverse effect on our results of operations and financial condition. In addition, substantial penalties, damages, or other monetary remedies assessed against us could also have a material adverse effect on our results of operations, financial condition and cash flows.

Given the size and nature of our business, we are subject from time to time to various lawsuits which, depending on their outcome, may have a negative impact on our results of operations, financial condition and cash flows.

WE ARE SUBSTANTIALLY DEPENDENT ON A SINGLE SUPPLIER OF PHARMACEUTICAL PRODUCTS TO SELL PRODUCTS TO US ON SATISFACTORY TERMS. A DISRUPTION IN THIS RELATIONSHIP WOULD HAVE A NEGATIVE EFFECT ON OUR RESULTS OF OPERATIONS, FINANCIAL CONDITION AND CASH FLOW.

We obtain approximately 90% of our pharmaceutical products from a single supplier, McKesson Corp. ("McKesson") pursuant to a long-term contract that runs until April 2004. Pharmacy sales represented approximately 63.2% of our total sales during fiscal 2003, and 64.5% of our total sales during the first quarter of fiscal 2004, and, therefore, our relationship with McKesson is important to us. Any significant disruptions in our relationship with McKesson would make it difficult for us to continue to operate our business, and would have a material adverse effect on our results of operations, financial condition and cash flows.

11

WE NEED TO CONTINUE TO IMPROVE OUR OPERATIONS IN ORDER TO IMPROVE OUR FINANCIAL CONDITION, BUT OUR OPERATIONS WILL NOT IMPROVE IF WE CANNOT CONTINUE TO EFFECTIVELY IMPLEMENT OUR BUSINESS STRATEGY OR IF THEY ARE NEGATIVELY AFFECTED BY GENERAL ECONOMIC CONDITIONS.

Our operations during fiscal 2000 were adversely affected by a number of factors, including our financial difficulties, inventory shortages, allegations of violations of the law, including drug pricing issues, disputes with suppliers and uncertainties regarding our ability to produce audited financial statements. To improve operations, new management developed and in

Edgar Filing: RITE AID CORP - Form S-8

fiscal 2001 began implementing and continues to implement a business strategy to improve our stores and enhance our relationships with our customers by improving the pricing of products, providing more consistent advertising through weekly circulars, eliminating inventory shortages and out-dated inventory, strengthening our relationships with our vendors, developing programs intended to provide better customer service, purchasing prescription files and other means.

Since the beginning of fiscal 1997, we have relocated 980 stores, remodeled 649 stores, opened 476 new stores and closed or sold an additional 1,412 stores. These new, relocated and remodeled stores represented approximately 60% of our total stores at May 31, 2003. Although this substantial investment made in our store base over the last seven years has given us a modern store base, our store base has not yet achieved a level of sales productivity comparable to our major competitors. Accordingly, many of our new and relocated stores have not developed a critical mass of customers needed to achieve profitability. Our long term business strategy is to focus on improving the productivity of our existing store base. We believe that improving the sales of existing stores is important to achieving profitability and continuing to improve cash flow.

If we are not successful in implementing our business strategy, or if our business strategy is not effective, we may not be able to continue to improve our operations. In addition, any adverse change in general economic conditions can adversely affect consumer buying practices and reduce our sales of front-end products, which are our higher margin products, and cause a proportionately greater decrease in our profitability. Failure to continue to improve operations or a decline in general economic conditions would adversely affect our results of operations, financial condition and cash flows and our ability to make principal or interest payments on our debt.

WE ARE DEPENDENT ON OUR MANAGEMENT TEAM, AND THE LOSS OF THEIR SERVICES COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR BUSINESS AND THE RESULTS OF OUR OPERATIONS OR FINANCIAL CONDITION.

The success of our business is materially dependent upon the continued services of our executive management team. The loss of key personnel could have a material adverse effect on our results of operations, financial condition and cash flows. Additionally, we cannot assure you that we will be able to attract or retain other skilled personnel in the future.

On June 25, 2003, Mary F. Sammons, formerly our President and Chief Operating Officer, became our President and Chief Executive Officer. Robert G. Miller, formerly our Chairman and Chief Executive Officer, retained the position of Chairman.

TERRORIST ATTACKS, SUCH AS THE ATTACKS THAT OCCURRED IN NEW YORK AND WASHINGTON, D.C. ON SEPTEMBER 11, 2001, AND OTHER ATTACKS OR ACTS OF WAR MAY ADVERSELY AFFECT THE MARKETS IN WHICH WE OPERATE, OUR OPERATIONS AND OUR PROFITABILITY.

The attacks of September 11, 2001 and subsequent events, including the military action in Iraq, have caused instability in the United States and other financial markets and have led to, and may continue to lead to, further armed hostilities, prolonged involvement in Iraq or further acts of terrorism in the

Edgar Filing: RITE AID CORP - Form S-8

United States or abroad, which could cause further instability in financial markets and reduced consumer confidence. The threat of terrorist attacks and other related developments may adversely affect prevailing economic conditions, resulting in reduced consumer spending and reduced sales in our stores. These developments will subject us to increased risks and, depending on their magnitude, could have a material adverse effect on our business.

RISKS RELATED TO OUR INDUSTRY

THE MARKETS IN WHICH WE OPERATE ARE VERY COMPETITIVE AND FURTHER INCREASES IN COMPETITION COULD ADVERSELY AFFECT US.

We face intense competition with local, regional and national companies, including other drugstore chains, independently owned drugstores, supermarkets, mass merchandisers, discount stores and mail order pharmacies. We may not be able to effectively compete against them because our existing or potential competitors may have financial and other resources that are superior to ours. In addition, we may be at a competitive disadvantage because we are more highly leveraged than our competitors. Because many of our stores are new, their ability to achieve profitability depends on their ability to achieve a critical mass of customers. While customer growth is often achieved through purchases of prescription files from existing pharmacies, our ability to achieve this critical mass through purchases of prescription files could be confined by liquidity constraints. Although in the past our competitiveness has been adversely affected by problems with inventory shortages, uncompetitive pricing and customer service, we have taken steps to address these issues. We believe that the continued consolidation of the drugstore industry and additional store openings will further increase competitive pressures in the industry. As competition increases, a significant increase in general pricing pressures could occur which would require us to increase our sales volume and to sell higher margin products and services in order to remain competitive. We cannot assure you that we will be able to continue to compete effectively in our markets or increase our sales volume in response to further increased competition.

CHANGES IN THIRD-PARTY REIMBURSEMENT LEVELS FOR PRESCRIPTION DRUGS COULD REDUCE OUR MARGINS AND HAVE A MATERIAL ADVERSE EFFECT ON OUR BUSINESS.

Sales of prescription drugs, as a percentage of sales, and the percentage of prescription sales with third parties, have been increasing and we expect them to continue to increase. In fiscal 2003 and the first quarter of fiscal 2004, sales of prescription drugs represented 63.2% and 64.5% of our sales, respectively, and 92.7% and 93.1% of all of the prescription drugs that we sold were with third-party payors, respectively. During fiscal 2003, the top five third-party payors accounted for approximately 29% of our total sales. Any significant loss of third-party provider business could have a material adverse effect on our business and results of operations. Also, these third-party payors could reduce the levels at which they will reimburse us for the prescription drugs that we provide to their members. Furthermore, if Medicare is reformed to include prescription benefits, we may be reimbursed for some prescription drugs at prices lower than our current reimbursement levels. In fiscal 2003, approximately 11% of our revenues were from state sponsored Medicaid agencies. There have been a number of recent proposals and enactments by various states to reduce Medicaid reimbursement levels in response to budget problems, some of which propose to reduce reimbursement levels in the applicable states significantly, and we expect other similar proposals in the future. If third-party payors reduce their reimbursement levels or if Medicare or state Medicaid covers prescription drugs at reimbursement levels lower than our current levels, our margins on these sales would be reduced, and the profitability of our business and our results of operations, financial condition and cash flows could be adversely affected.

Edgar Filing: RITE AID CORP - Form S-8

13

WE ARE SUBJECT TO GOVERNMENTAL REGULATIONS, PROCEDURES AND REQUIREMENTS; OUR NONCOMPLIANCE OR A SIGNIFICANT REGULATORY CHANGE COULD ADVERSELY AFFECT OUR BUSINESS, THE RESULTS OF OUR OPERATIONS OR OUR FINANCIAL CONDITION.

Our pharmacy business is subject to federal, state and local regulation. These include local registrations of pharmacies in the states where our pharmacies are located, applicable Medicare and Medicaid regulations, and prohibitions against paid referrals of patients. Failure to properly adhere to these and other applicable regulations could result in the imposition of civil and criminal penalties and could adversely affect the continued operation of our business. Furthermore, our pharmacies could be affected by federal and state reform programs, such as healthcare reform initiatives, the passing of which could adversely affect our results of operations, financial condition and cash flows.

Our pharmacy business is subject to patient privacy and other obligations, including corporate, pharmacy and associate responsibility, imposed by the Health Insurance Portability and Accountability Act. As a covered entity, we are required to implement privacy standards, train our associates on the permitted uses and disclosures of protected health information, provide a notice of privacy practices to our pharmacy customers and permit pharmacy customers to access and amend their records and receive an accounting of disclosures of protected health information. Failure to properly adhere to these requirements could result in the imposition of civil as well as criminal penalties.

CERTAIN RISKS ARE INHERENT IN THE PROVISION OF PHARMACY SERVICES; OUR INSURANCE MAY NOT BE ADEQUATE TO COVER ANY CLAIMS AGAINST US.

Pharmacies are exposed to risks inherent in the packaging and distribution of pharmaceuticals and other healthcare products, such as with respect to improper filling of prescriptions, labeling of prescriptions and adequacy of warnings. Although we maintain professional liability and errors and omissions liability insurance, from time to time claims result in the payment of significant amounts, some portions of which are not funded by insurance. We cannot assure you that the coverage limits under our insurance programs will be adequate to protect us against future claims, or that we will maintain this insurance on acceptable terms in the future. Our results of operations, financial condition or cash flows may be adversely affected if in the future our insurance coverage proves to be inadequate or unavailable or there is an increase in liability for which we self insure or we suffer reputational harm as a result of an error or omission.

WE WILL NOT BE ABLE TO COMPETE EFFECTIVELY IF WE ARE UNABLE TO ATTRACT, HIRE AND RETAIN QUALIFIED PHARMACISTS.

There is a nationwide shortage of qualified pharmacists. In response to this challenge, we have implemented improved benefits and training programs in order to attract, hire and retain qualified pharmacists. However, we may not be able to attract, hire and retain enough qualified pharmacists. This could adversely affect our operations.

RISKS RELATED TO OUR COMMON STOCK

YOU MAY NOT BE ABLE TO SELL YOUR COMMON STOCK WHEN YOU WANT TO AND, IF YOU DO, YOU MAY NOT BE ABLE TO RECEIVE THE PRICE THAT YOU WANT.

Although our common stock has been actively traded on the New York Stock Exchange and the Pacific Exchange, we do not know if an active trading

Edgar Filing: RITE AID CORP - Form S-8

market for the common stock will continue or, if it does, at what prices the common stock may trade. Since the beginning of fiscal 2000, the reported closing prices for our common stock have ranged from a high of \$41.375 to a low of \$1.75. In addition,

14

the stock markets in general, including the New York Stock Exchange, recently experienced extreme price and trading volume fluctuations. These fluctuations have resulted in volatility in the market prices of securities that has often been unrelated or disproportionate to changes in operating performance. These broad market fluctuations may adversely affect the market prices of our common stock. Further, expected and possible issuances described below, will significantly increase the number of shares of our common stock outstanding, and could result in a decline in the market price of our common stock. Therefore, you may not be able to sell our common stock when you want and, if you do, you may not receive the price you want.

VARIOUS PLANNED ISSUANCES OF STOCK WILL BE, AND OUR CONTINUING DEBT RESTRUCTURING EFFORTS MAY BE DILUTIVE TO HOLDERS OF OUR COMMON STOCK.

At May 31, 2003, 515.4 million shares of our common stock were outstanding and an additional 173.8 million shares of our common stock were issuable related to outstanding stock options (33,778,661 of which are included as part of this reoffer prospectus), convertible notes and convertible preferred stock. We will also issue additional shares of common stock pursuant to outstanding options granted pursuant to our various stock option plans. In addition, we may undertake additional transactions to simplify and restructure our capital structure, which may include, as part of these efforts, additional issuances of equity securities in exchange for our indebtedness. The issuance of additional shares of common stock may be dilutive to the holders of our common stock. We cannot predict the extent to which the dilution, the availability of a large amount of shares for sale, and the possibility of additional issuances and sales of our common stock will negatively affect the trading price of our common stock or the liquidity of our common stock.

15

USE OF PROCEEDS

We will not receive any of the proceeds from the sale of shares which may be sold by this reoffer prospectus. All expenses of registration incurred in connection with this offering are being borne by us, but all selling and other expenses incurred by a selling stockholder will be borne by the selling stockholder.

PLAN OF DISTRIBUTION

The shares of common stock covered by this reoffer prospectus are being registered by us for the account of the selling stockholders.

The shares of common stock offered hereby may be sold from time to time directly by or on behalf of the selling stockholder in or one more transactions on the New York Stock Exchange, Pacific Exchange or on any stock exchange on which the common stock may be listed at the time of sale, in privately negotiated transactions, or through a combination of such methods, at market prices prevailing at the time of sale, at prices related to such prevailing market prices, at fixed prices (which may be changed) or at negotiated prices. The selling stockholder may sell shares through one or more agents, brokers or dealers or directly to purchasers. Such brokers or dealers may receive compensation in the form of commissions, discounts or concessions from the selling stockholders and/or purchasers of the shares or both. Such compensation

Edgar Filing: RITE AID CORP - Form S-8

as to a particular broker or dealer may be in excess of customary commissions.

In connection with their sales, a selling stockholder and any participating broker or dealer may be deemed to be "underwriters" within the meaning of the Securities Act, and any commissions they receive and the proceeds of any sale of shares may be deemed to be underwriting discounts and commissions under the Securities Act.

We are bearing all costs relating to the registration of the shares of common stock. Any commissions or other fees payable to broker-dealers in connection with any sale of the shares will be borne by the selling stockholder or other party selling such shares. In order to comply with certain states' securities laws, if applicable, the shares may be sold in such jurisdictions only through registered or licensed brokers or dealers. In certain states, the shares may not be sold unless the shares have been registered or qualified for sale in such state, or unless an exemption from registration or qualification is available and is obtained or complied with. Sales of the shares must also be made by the selling stockholders in compliance with all other applicable state securities laws and regulations.

In addition to any shares sold hereunder, selling stockholders may sell shares of common stock in compliance with Rule 144. There is no assurance that the selling stockholders will sell all or a portion of the common stock offered hereby.

The selling stockholders may agree to indemnify any broker-dealer or agent that participates in transactions involving sales of the shares against certain liabilities in connection with the offering of the shares arising under the Securities Act of 1933.

We have notified the selling stockholders of the need to deliver a copy of this prospectus in connection with any sale of the shares.

ITEM 6. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

Under Section 145 of the Delaware General Corporation Law ("DGCL"), a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he or she is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding (i) if such person acted in good faith and in a manner that person reasonably believed to be in or not opposed to the best interests of the corporation and (ii) with respect to any criminal action or proceeding, if he or she had no reasonable cause to believe such conduct was unlawful. In actions brought by or in the right of the corporation, a corporation may indemnify such person against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit if such person acted in good faith and in a manner that person reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification may be made in respect of any claim, issue or matter as to which that person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery of the State of Delaware or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all circumstances of the case, such person is fairly and reasonably entitled to indemnification for such expenses which the Court of Chancery or other such court shall deem proper. To the extent that such person has been successful on the merits or otherwise in defending any such action, suit or proceeding referred to above or any claim, issue or matter therein, he or she is entitled to indemnification for expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith. The indemnification and advancement of expenses provided for or granted pursuant to Section 145 is not exclusive of any other rights of indemnification or advancement of expenses to which those seeking indemnification or advancement of expenses may be entitled, and a corporation may purchase and maintain insurance against liabilities asserted against any

former or current, director, officer, employee or agent of the corporation, or a person who is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, whether or not the power to indemnify is provided by the statute.

Article Tenth of our Certificate of Incorporation and Article VIII of our By-laws provide for the indemnification of our directors and officers as authorized by Section 145 of the DGCL.

The directors and officers of us and our subsidiaries are insured (subject to certain exceptions and deductions) against liabilities which they may incur in their capacity as such, including liabilities under the Securities Act, under liability insurance policies carried by us.

ITEM 9. UNDERTAKINGS.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to the registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraph (a)(1)(i) and (a)(1)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Sections 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona

fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Sections 13(a) or 15(d) of the Securities Exchange Act of 1934, (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

II-4

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described in Item 6, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
