PROXY STATEMENT
APRIL 19, 2002

INTRODUCTION

We sent you this proxy statement and the enclosed proxy card because Koger Equity's Board of Directors is soliciting your proxy to vote at the 2002 Annual Meeting of Shareholders. This proxy statement summarizes the information you need to know to vote at the Annual Meeting. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign, and return the enclosed proxy card. In this proxy statement, Koger Equity, Inc. is generally referred to as either "Koger Equity" or the "Company."

We will begin sending this proxy statement, the attached notice of annual meeting and the enclosed proxy card on April 19, 2002 to all shareholders entitled to vote. Only those shareholders who owned Koger Equity common stock at the close of business on March 15, 2002, are entitled to vote. On this record date, there were 21,235,908 shares of Koger Equity common stock outstanding. Koger Equity common stock is our only class of voting stock outstanding. We are also sending along with this proxy statement, the Koger Equity 2001 Annual Report, which includes our financial statements.

Each share of Koger Equity common stock that you own entitles you to one vote. The proxy card indicates the number of shares of Koger Equity common stock that you own. In this proxy statement, Koger Equity common stock is sometimes referred to as the "Shares."

VOTE BY PROXY

Whether you plan to attend the Annual Meeting or not, we urge you to complete, sign, and date the enclosed proxy card and to return it promptly in the envelope provided. Returning the proxy card will not affect your right to attend the Annual Meeting and vote.

If you properly fill in your proxy card and send it to us in time to vote, your "proxy" (one of the individuals named on your proxy card) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, your proxy will vote your shares as recommended by the Board for the election of all eight nominees for directors of the Company.

If any other matter is presented, your proxy will vote in accordance with his best judgment. At the time this proxy statement went to press, we knew of no other matter to be acted on at the Annual Meeting other than the election of directors.

Edgar Filing: KOGER EQUITY INC - Form DEF 14A

If you give a proxy, you may revoke it at any time before it is exercised. You may revoke your proxy in any one of three ways:

- 1) You may send in another proxy with a later date.
- 2) You may notify the Company in writing before the Annual Meeting that you have revoked your proxy.
- 3) You may vote in person at the Annual Meeting.

TO VOTE IN PERSON

If you plan to attend the Annual Meeting and wish to vote in person, we will give you a ballot when you arrive. You will complete the ballot at that time and return it to the Inspectors of Election at the door. However, if your shares are held in the name of your broker, bank or other nominee, you must bring an account statement or letter from the nominee indicating that you are the beneficial owner of the shares on March 15, 2002, the record date for voting.

MATTER TO BE CONSIDERED

ELECT EIGHT DIRECTORS

The eight nominees for director who receive the most votes will be elected. So, if you do not vote for a particular nominee, or you indicate, "Vote WITHHELD" for a particular nominee on your proxy card, your vote will not count either for or against the nominee.

BROKER VOTES

Under the rules of the New York Stock Exchange, if your broker holds your shares in its name, the broker will be entitled to vote your shares for the election of directors even if it does not receive instructions from you. If your broker received instructions from you, it must vote as instructed by you.

CONFIDENTIAL VOTING

We keep all the proxies, ballots and voting tabulations private as a matter of practice. We only let our Inspectors of Election, representatives of Wells Fargo Bank Minnesota, N.A. and certain employees of our independent tabulating agent, Morrow & Co., Inc., examine these documents. The Inspectors of Election will not disclose your vote to management unless it is necessary to meet legal requirements. The Inspectors of Election will, however, forward to management any written comments you make, on the proxy card or elsewhere.

2

ELECTION OF DIRECTORS

The Board has nominated eight directors for election at the Annual Meeting. Each nominee is currently serving as one of our directors. If you re-elect them, they will hold office until the next annual meeting and until their successors have been elected and qualified.

We know of no reason why any nominee may be unable to serve as director. If any nominee is unable to serve, your proxy may vote for another nominee proposed by the Board, or the Board may reduce the number of directors

Edgar Filing: KOGER EQUITY INC - Form DEF 14A

to be elected. If any director resigns, dies or is otherwise unable to serve out his term, or the Board increases the number of directors, the Board may fill the vacancy until the next Annual Meeting of Shareholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE ELECTION OF EACH OF THE FOLLOWING NOMINEES.

This information is based on Schedule 13D or Schedule 13G reports filed with the Securities and Exchange Commission (the "SEC") by each of the firms listed in the table below. If you wish, you may obtain these reports from the SEC.

Based on our review of these reports and of certifications furnished to us, we believe that all of these reporting persons complied with their filing requirements for 2001.

INFORMATION ABOUT DIRECTORS AND EXECUTIVE OFFICERS

THE BOARD OF DIRECTORS

The Board of Directors oversees the business and affairs of Koger

Edgar Filing: KOGER EQUITY INC - Form DEF 14A

Equity and monitors the performance of management. In accordance with corporate governance principles, the Board does not involve itself in day-to-day operations. The directors keep themselves informed through discussions with the Chairman, key executive officers and our principal external advisers (legal counsel, auditors, investment bankers and other consultants), by reading reports and other materials that we send them and by participating in Board and committee meetings.

Each of the Directors attended at least 75% of the Board of Directors meetings and meetings held by committees of the Board of Directors of which they were members.

THE COMMITTEES OF THE BOARD

The Compensation Committee. The Compensation Committee establishes and approves all elements of compensation for certain executive officers. Each year, as the SEC requires, the committee reports to you on executive compensation. The Report on Executive Compensation for 2001 by the Compensation Committee begins on page 15 of this proxy statement. The committee administers the Company's Stock Option Plans and 1998 Equity and Cash Incentive Plan, as Amended and Restated, and has sole authority for awards under the Plans, including timing, pricing and amount. The committee also makes recommendations to the Board of Directors in regard to the grant of bonuses and supplemental contributions to the Company's 401(k) Plan. The Compensation Committee met seven times during 2001.

The Audit Committee. The Audit Committee recommends the selection of the independent auditors to the Board, approves the scope of the annual audit by the independent auditors, reviews audit findings, accounting policies and quarterly and annual financial statements. As required by the SEC, the committee reports to you concerning its activities during the last year. The Report of the Audit Committee begins on page 21 of this proxy statement. The committee meets privately, outside the presence of Koger Equity management, with both the independent auditors and the firm which provides internal audit services. The Audit Committee met seven times in 2001 and members of the Audit Committee consulted with the officers of the Company, the firm which provides internal audit services and the independent auditors at various times throughout the year.

HOW WE COMPENSATE DIRECTORS

Annual Retainer Fee. We compensate directors who are not employees of Koger Equity or its subsidiaries with an annual retainer of \$20,000, except for the Chairman, who receives an annual retainer of \$50,000.

- \$2,000 for attendance at each Board meeting; and
- \$500 for attendance at each committee meeting.

Expenses and Benefits. We reimburse all directors for travel and other related expenses incurred in attending shareholder, Board and committee meetings.

Special Fees Paid to a Director. During October of 2000, the Board of Directors formed a special committee to evaluate and take an active role in negotiating the sale of certain assets of the Company to an affiliate of Apollo

Edgar Filing: KOGER EQUITY INC - Form DEF 14A

Real Estate Advisors, LP ("Apollo") (see "Certain Relationships and Transactions" beginning on page 19 of this proxy statement). The Board of Directors elected D. Pike Aloian to serve as chairman of this committee and authorized the payment to him of \$15,000 per month for such services. Mr. Aloian served in this capacity for approximately seven months until such time as the terms of the transaction with Apollo had been defined. He received \$100,000 in connection with such service. Of the total, \$55,000 related to activities conducted in 2000 and \$45,000 related to the 2001 activities, all of which was paid in 2001.

Directors who are Koger Equity Inc. Employees. We do not compensate our employees for service as a director. We do, however, reimburse them for travel and other related expenses.

Stock Options Held by Board Members. Each member of the Board of Directors who is not also an employee of the Company currently holds an option to purchase 4,000 Shares other than Messrs. Hughes and Teagle who were employees of the Company at the time of grant. These options were granted on August 19, 1997, and are fully exercisable at a per share price of \$19.8125.

The Stock Investment Plan. Directors may elect to receive payment of part or all of their monthly retainer in Shares by participating in the Company's Stock Investment Plan. Additional information concerning the Stock Investment Plan is on page 14 of this proxy statement.

THE SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN

The SERP generally provides a gross benefit for life to Mr. Hughes equal to 50% of final three-year average annual base salary, and a gross benefit for life to Mr. Hiley equal to 35% of final three-year average annual base salary, with the surviving spouse of these two officers receiving a lifetime benefit of 50% of the officer's benefit. The SERP provides for a gross benefit for 15 years to an officer selected for participation (reduced in any case in which such officer has less than 20 years of service) equal to 50% of final three-year average annual base salary. The benefits are reduced by:

- (i) 50% of social security benefits received by the applicable officer, and
- (ii) the annuitized equivalent of profit sharing contributions made by the Company to the account of such officer under the 401(k) Plan.

Edgar Filing: KOGER EQUITY INC - Form DEF 14A

At retirement, benefits under the SERP are paid in annuity form.

During 2001, Mr. Hughes and Mr. Hiley received payments under the SERP of \$134,739 and \$60,250, respectively.

The SERP also provides Messrs. Hughes, Teagle and Hiley and their spouses with lifetime medical coverage (which is intended to be roughly equivalent to that provided by the Company for certain officers).

Benefits under the SERP generally vest only if the applicable officer remains in the Company's employ for a period ranging from two to five years after commencement of his participation in the SERP (depending upon such officer's age at the commencement of his participation in the SERP). However, if a change of control of the Company (as defined in the SERP) occurs and a covered officer leaves the employ of the Company under certain circumstances, then a participating officer, at his option, is entitled to: (i) continue to receive his or her base salary for a period of 18 months, or (ii) immediately become fully vested in his or her retirement benefits, receive one year of annual base salary, in lump sum payment, and continue to be provided all medical and other insurance benefits for one year following termination. The only officer that participates in the SERP is James L. Stephens, Vice President and Chief Accounting Officer of the Company.

The following table illustrates the annual pension benefits payable to officers under the SERP. Since benefits shown in the table reflect a straight life form of annuity benefit, if payment is made in the form of a joint and survivor annuity, the annual amounts of benefit could be substantially below those illustrated.

The compensation base used by the SERP is average base salary for the final three years of employment. As of December 31, 2001, the base salary and estimated years of service credit for Mr. Stephens was \$130,000, and 15 years, respectively.

STOCK INVESTMENT PLAN

Edgar Filing: KOGER EQUITY INC - Form DEF 14A

The Company has a Stock Investment Plan (the "SIP") pursuant to which participating employees and directors of the Company may purchase Shares. Under the SIP, the Company is authorized to purchase up to an aggregate of 200,000 Shares on behalf of such participating employees and directors. Each participating employee pays for his or her Shares pursuant to a monthly payroll deduction plan established by the participating employee, and each participating director pays for his Shares pursuant to a deduction from such director's retainer.

Under the SIP, the Company contributes a portion of the purchase price of such Shares, which contribution equals the following percentage of the total monthly deduction from such employee's pay or such director's retainer:

- 25% of each monthly deduction less than or equal to \$50;
- 20% of each monthly deduction greater than \$50 but less than or equal to \$100; and
- 15% of each monthly deduction greater than \$100 but less than or equal to \$1,700.

The Company also pays all commissions and related expenses of the SIP. The Company's contribution and expenses incurred in administering the SIP totaled approximately \$37,300 for the year ended December 31, 2001.

During 2001 the Company paid the following amounts on behalf of the following directors:

REPORT ON EXECUTIVE COMPENSATION FOR 2001 BY THE COMPENSATION COMMITTEE

The Compensation Committee of the Board administers Koger Equity's executive compensation program. The committee has furnished the following report on executive compensation for 2001.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee includes Messrs. Aloian, Bishop, Jacobsson and Staudter, none of whom serve as officers or employees of the Company or any of its subsidiaries. In addition, none of the members of this committee is an executive officer of a company for which an executive officer of Koger Equity determined compensation matters.

Edgar Filing: KOGER EQUITY INC - Form DEF 14A

EXECUTIVE COMPENSATION PHILOSOPHY

The Compensation Committee is responsible for setting the total compensation of the Chief Executive Officer (the "CEO"), Chief Financial Officer (the "CFO") and the Senior Vice Presidents. It also reviews the compensation, including year-end bonuses, proposed by management for other officers of the Company. The committee has customarily sought and obtained the full Board's ratification of its actions concerning salary increases and bonuses granted to senior officers. The Compensation Committee is also responsible for (i) making grants under the Company's stock option and other incentive plans and (ii) making contributions, subject to approval by the Board of Directors, under the 401(k) Plan and any other plan or plans as may be determined by the Board of Directors.

The committee has designed Koger Equity's executive compensation program to support what we believe to be an appropriate relationship between executive pay and the creation of shareholder value. To emphasize equity incentives, we link a significant portion of executive compensation to the market performance of the Koger Equity common stock. The objectives of our program are:

- To support a pay-for-performance policy among all senior executives based on both their individual performance and the performance of Koger Equity;
- To align the interests of executives with the long-term interests of shareholders through awards whose value over time depends upon the market value of Koger Equity's common stock;
- To provide compensation comparable to that offered by other leading companies in our industry, enabling Koger Equity to compete for and retain talented executives who are critical to our long-term success; and
- To motivate key executives to achieve strategic business initiatives and to reward them for their achievement.

15

We compensate our executives through base salary, bonus paid in cash (or a combination of cash and shares or restricted stock awards), and long-term incentive awards (a combination of restricted stock and stock options).

We also provide our executives with employee benefits, such as retirement and health benefits. Koger Equity has entered into employment agreements containing change of control provisions with certain of our executive officers to provide for certain payments and other benefits if they are terminated following a change in control of Koger Equity.

GENERAL

The committee annually reviews the base salaries of our executives to determine if adjustments are appropriate to ensure that their salaries are competitive.

In determining the compensation paid to the executive officers in 2001, the Compensation Committee took into consideration a number of factors,

Edgar Filing: KOGER EQUITY INC - Form DEF 14A

including among others, the performance of the Company's stock relative to its peers, the improvement in the Company's operations, including increases in rental revenues and lease terms, and the accomplishment of several important strategic initiatives.

During 2001 at a time when the economy, in general, and the real estate industry, in particular, was either down or flat, the Company accomplished the following:

- (i) Quarterly dividends were maintained at \$.35 per outstanding share. In addition, in connection with the sale of certain older assets described in (v) below, the Company paid a capital gain distribution in the form of a special dividend of \$1.74 per share.
- (ii) Koger's stock price increased from \$15.5625 to \$16.30 during 2001, a 4.7% increase, which together with an annual dividend of \$1.40 made a total return during 2001 to shareholders of 13.7%. When the \$1.74 capital gain distribution described in (i) above is included, total shareholder return was 24.9% in 2001.
- (iii) The overall percent leased rate of its buildings at December 31, 2001, was maintained at 90%.
- (iv) Its average rental rate per usable square foot increased from \$18.07 to \$18.65, or 3.2% over the prior year.
- (v) Consistent with its policy of recycling capital by selling of assets that no longer fit its portfolio standards, the Company sold 75 suburban office buildings and one retail center, reducing the number of its operating properties to 120 buildings from 194 and reducing the size of its portfolio by approximately 3.96 million rentable square feet at December 31, 2001. In furtherance of this recycling process Koger Equity acquired in January 2002, an 805,972 square foot building located in the Central Perimeter submarket of Atlanta, Georgia. This building was completed in 1991.

16

While the Compensation Committee considered all of these accomplishments and although the committee has from time to time reviewed the executive compensation levels of other REITs and referred to other available information concerning the salaries of executive officers in peer group companies, it did not, and has not as yet, set any specific objective criteria in arriving at any particular executive officer's compensation. Therefore, the Compensation Committee made a subjective determination in setting the compensation of the CEO, CFO and the Senior Vice Presidents. The two primary factors considered in determining annual bonus amounts were total shareholder return and performance relative to budget.

The Compensation Committee has more recently been engaged in a comprehensive study with the assistance of a compensation consulting firm looking toward the development of a comprehensive compensation plan with objective criteria for establishing levels of compensation, both annual and long-term and bonus and other incentive plans.

BASE SALARIES AND BONUSES OF EXECUTIVES

Edgar Filing: KOGER EQUITY INC - Form DEF 14A

Although there was no increase in the base salaries of the Company's executive officers for 2001, the base salaries of our executives approximate the median for salaries of executives in the Comparison Group. The committee awarded bonus compensation for 2001 to each executive based on the executives scope of responsibility, the specific contributions made by the executive to Koger Equity's performance over all and to the performance within the executive's area of responsibility and the CEO's recommendation.

BASE SALARY AND BONUS OF THE CEO

In arriving at the compensation paid Thomas J. Crocker, the CEO, during 2001, the Compensation Committee considered the outstanding performance of the Company under his leadership as CEO.

For 2001 Mr. Crocker was paid a base salary at the annual rate of \$300,000. For 2001 the committee determined that Mr. Crocker's contribution to Koger Equity's performance warranted a bonus of \$325,000, payable in cash on February 21, 2002, the date the bonus was granted.

LONG-TERM INCENTIVE AWARDS IN 2001

We have provided long-term incentive awards for executives by granting stock options. The committee believes that the granting of stock options has helped align the interests of its top executives with shareholders because these executives receive value only if the market value of the common stock increases. However, the committee has been reconsidering the grant of stock options and replacing them with restricted stock grants the vesting of which would be tied to performance.

17

SECTION 162(M) LIMITATION

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), generally disallows a federal income tax deduction to public companies for certain compensation over \$1,000,000 paid to Named Officers. Qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. Having considered the requirements of Section 162(m) of the Code, the Compensation Committee believes that stock option grants and other awards made pursuant to its various plans meet such requirements and are, therefore, exempt from the limitations on deductibility. Historically, the compensation of each Named Officer has been well below the \$1,000,000 limit. Although the Compensation Committee intends to structure most awards under its equity plans to comply with Section 162(m), it has reserved and will continue to reserve the right to structure awards that do not comply with that Section where it believes doing so is in the best interests of the Company and its shareholders.

CONCLUSION

The Compensation Committee believes that the compensation packages of the Company's executive officers have been generally commensurate with the Company's financial performance and the total value received by its shareholders. The Compensation Committee intends to continue the review of executive officers' compensation with the assistance of an outside compensation consultant and will make such modifications in its approach to executive compensation as it determines to be appropriate in light of the Company's financial condition, the performance of its officers and peer group analysis.

CERTAIN RELATIONSHIPS AND TRANSACTIONS

Koger Realty Services, Inc., a Delaware corporation ("KRSI"), was incorporated to provide, among other things, leasing and property management services to owners of commercial office buildings. At January 1, 2001, the Company owned all of the preferred stock of KRSI, which represented in excess of 95% (by value) of the economic benefits of KRSI. Such preferred stock was nonvoting stock and not convertible into the common stock of KRSI while held by the Company. All of the outstanding common stock of KRSI was acquired by officers and employees of KRSI, including: Victor A. Hughes, Jr., James C. Teagle, and James L. Stephens, all of whom were officers of the Company, and certain other employees of KRSI who were not employed by the Company. In the event that any of the foregoing persons left the employ of KRSI, KRSI had the right to reacquire any Shares of common stock of KRSI held by such officer or employee. In addition to serving as officers of KRSI, Messrs. Hughes, Teagle, and Hiley served on the Board of Directors of KRSI. In February 2001, KRSI was merged with and into a wholly owned Florida subsidiary of the Company. In connection with that merger, Messrs. Hughes, Teagle, and Stephens were paid \$20,555, \$15,416, and \$10,277, respectively, to redeem their shares of common

Edgar Filing: KOGER EQUITY INC - Form DEF 14A

stock of KRSI in which they had a basis of \$19,840, \$14,880 and \$9,920, respectively.

19

In August 2001, Koger Equity entered into an agreement to sell select non-core assets to AREIF Realty Trust, Inc., an affiliate of Apollo Real Estate Advisors, LP (together "Apollo"), which sale closed in December of 2001. Mr. Jacobsson, a director of the Company is the partner responsible for investments at Apollo Real Estate Funds. The transaction was negotiated by a Special Committee of the Board of Directors composed of directors who had no affiliation with Apollo. Included in this sale were ten properties comprising 75 suburban office buildings and one retail center all of which contained more than 3.9 million rentable square feet located in San Antonio and Austin, Texas; Greensboro and Charlotte, North Carolina; Greenville, South Carolina; and Birmingham, Alabama. The total consideration for the transaction was valued at \$303 million and included cash of \$206.7 million and the exchange of Apollo's 5,733,772 shares of the Company's common stock (21.4% of the outstanding). In connection with the sale, the Company received a membership interest in an Apollo subsidiary entity, which was acquiring these assets, providing the Company with a 20% participation in the net cash flow from the disposed assets after Apollo had received a return of its equity investment and a 15% internal rate of return thereon. In order to insure that the terms of the transaction were equal to, or better than, a similar transaction with an unrelated third party, the Company initiated a marketing period through its financial advisor during which unrelated bidders were asked to submit competing offers to purchase the assets associated with the agreement. Prior to the closing of the sale, the Company did not receive any attractive alternative offers for the assets. In connection with the transaction, Morgan Stanley & Co. Incorporated acted as financial advisor and provided an opinion to the Special Committee of the Board, which opinion stated that the consideration received from the transaction was fair from a financial point of view to the Company. The Company continues to manage the disposed assets for which it receives standard property management fees.

With the closing of the transaction, one of the two Apollo designated directors resigned from the Company's Board of Directors leaving Mr. Jacobsson who continues as a director of the Company.

During 2000 the Company loaned Mr. Teagle \$546,293 in connection with his exercise of stock options. This indebtedness was secured with Shares and bore an annual interest rate of 150 basis points over the applicable LIBOR rate. This loan was paid in full on August 1, 2001. For 2001, \$17,292 in interest was paid on this indebtedness.

Also, during 2000 the Company entered into a management agreement with Crocker Realty Trust ("CRT") of which Mr. Crocker is the Chairman of the Board and Chief Executive Officer owning 2.8% of the outstanding CRT shares, Mr. Onisko is the Treasurer and Chief Financial Officer owning 0.2% of the outstanding CRT shares and Apollo is a principal shareholder owning 49% of the outstanding CRT shares. This agreement provides that the Company be paid a management fee for managing the properties of CRT based on the value of its assets. This agreement is terminable by either party upon 90 days written notice. Under this agreement during 2001, the Company earned fees totaling \$452,000. The terms of this agreement were approved by a committee of the Company's Board of Directors whose members were not affiliated with CRT or Apollo, and who determined that such terms were similar to those that could be obtained from an unaffiliated third party.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee includes Messrs. Bishop, Staudter and Teagle. The functions of the Audit Committee are focused on three areas:

- The adequacy of the Company's internal controls and financial reporting process and the reliability of the Company's financial statements.
- The independence and performance of the Company's internal auditors and independent auditors.
- The Company's compliance with legal and regulatory requirements.

The Audit Committee meets with management periodically to consider the adequacy of the Company's internal controls and the objectivity of its financial reporting. The committee discusses these matters with the Company's independent auditors and with appropriate Company financial personnel and the firm which provides internal audit services.

The Audit Committee regularly meets privately with both the independent auditors and the firm which provides internal audit services, each of whom has unrestricted access to the committee.

The Audit Committee also recommends to the Board the appointment of the independent auditors and reviews periodically their performance and independence from the Company.

The Directors who serve on the Audit Committee are all "Independent" for purposes of the New York Stock Exchange listing standards. The Board of Directors has determined that none of its members has a relationship to the Company that may interfere with the committee's independence from the Company and its management. Although the New York Stock Exchange rules generally require that a member of an audit committee of a listed company not have been employed by the listed company within the past three years, the rule has an "over ride" provision which permits one such former employee to serve on the listed company's audit committee where the company's board of directors determines that such membership is in the best interest of the company. Mr. Teagle, a former employee of the Company within the past three years, is a member of the Company's Audit Committee which membership has been determined by the Company's Board to be in the Company's best interest.

The Board has adopted a charter setting out the functions the Audit Committee is to perform. In March, 2001, the committee re-examined and again approved the adequacy of its charter.

Management has primary responsibility for the Company's financial statements and the overall reporting process, including the Company's system of internal controls.

The independent auditors audit the annual financial statements prepared by management and express an opinion as to whether those financial statements fairly present in all material respects the financial position, results of operations and cash flows of the Company in conformity with accounting principles generally accepted in the United States of America.

This year, the Audit Committee reviewed the Company's audited financial statements and met with both management and Deloitte & Touche LLP, the Company's independent auditors, to discuss those financial statements. Management and Deloitte & Touche LLP have represented to the Audit Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

The Audit Committee has received from and discussed with Deloitte & Touche LLP the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). These items relate to that firm's independence from the Company. The committee also discussed with Deloitte & Touche LLP any matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Based on these reviews and discussions, the Audit Committee recommended to the Board that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K filed with the SEC for the fiscal year ended December 31, 2001.

This report is furnished by the Audit Committee.

If any other business should properly come before the Annual Meeting or any adjournment thereof, the persons named on the enclosed proxy will have discretionary authority to vote such proxy in accordance with their best judgment.

SHAREHOLDER PROPOSALS AND NOMINATIONS TO THE BOARD

If a shareholder intends to present a proposal for action at the 2003 Annual Meeting and wishes to have such proposal considered for inclusion in the Company's proxy materials in reliance on Rule 14a-8 under the Securities Exchange Act of 1934, the proposal must be submitted in writing and received by the Company by December 21, 2002. Such proposals must also meet the other requirements of the rules of the Securities and Exchange Commission relating to shareholder proposals.

In addition, the Bylaws of the Company establish an advance notice procedure with regard to certain matters, including shareholder proposals and nominations of individuals for election to the Board of Directors. In general, notice of a shareholder proposal or a director nomination for a shareholders meeting must be received by the Company not less than 70 days, nor more than 90 days before the date of the annual meeting and must contain specified information and conform to certain requirements, as set forth in the Bylaws in order for the proposal or nomination to be

considered at a shareholder meeting. If the presiding officer at any meeting of shareholders determines that a shareholder proposal or director nomination was not made in accordance with the Bylaws, the Company may disregard such proposal or nomination.

Edgar Filing: KOGER EQUITY INC - Form DEF 14A

In addition, if a shareholder submits a proposal outside of Rule 14a-8 for the 2003 Annual Meeting, and the proposal fails to comply with the advance notice procedure prescribed by the Bylaws, then the Company's proxy may confer discretionary authority on the persons who have been appointed as proxies on behalf of management to vote on the proposal. Proposals and nominations should be addressed to Koger Equity, Inc., 433 Plaza Real, Suite 335, Boca Raton, Florida 33432.

GENERAL

The Company will bear the costs of solicitation of proxies. In addition to the use of the mails, proxies may be solicited by personal interview, telephone and telegram by directors, officers and employees of the Company, and no additional compensation will be paid to such individuals. The Company also has retained Morrow & Co., Inc., 445 Park Avenue, New York, New York 10022 to solicit proxies by mail, personal interview, telephone, or telegraph, for which service the Company anticipates a cost not in excess of \$5,000 plus reasonable out-of-pocket expenses. Arrangements may also be made with the stock transfer agent and with brokerage houses and other custodians, nominees, and fiduciaries that are record holders of Shares for the forwarding of solicitation material to the beneficial owners of Shares. The Company will, upon the request of any such entity, pay such entity's reasonable expenses for completing the mailing of such material to such beneficial owners.

Consistent with state law and pursuant to the Company's Bylaws, a majority of the Shares entitled to vote on a particular matter, present in person or represented by proxy, constitutes a quorum as to such matter.

The Company's Annual Report to Shareholders, which includes the Company's Form 10-K, for the fiscal year ended December 31, 2001, which contains financial statements and other information, is being mailed to shareholders with this proxy statement, but it is not to be regarded as proxy soliciting material.

AN ADDITIONAL COPY OF THE COMPANY'S ANNUAL REPORT ON FORM 10-K FILED WITH THE SEC MAY BE OBTAINED, WITHOUT CHARGE, BY ANY SHAREHOLDER UPON WRITTEN REQUEST TO KOGER EQUITY, INC., 433 PLAZA REAL, SUITE 335, BOCA RATON, FLORIDA 33432; PROVIDED HOWEVER, THAT A COPY OF THE EXHIBITS TO SUCH ANNUAL REPORT ON FORM 10-K FOR WHICH THERE MAY BE A REASONABLE CHARGE, WILL NOT BE SUPPLIED TO SUCH SHAREHOLDER UNLESS SPECIFICALLY REQUESTED.
