REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors
United Community Banks, Inc. Profit Sharing Plan
Blairsville, Georgia

We have audited the accompanying statements of net assets available for plan benefits of United Community Banks, Inc. Profit Sharing Plan as of December 31, 2004 and 2003, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of United Community Banks, Inc. Profit Sharing Plan as of December 31, 2004 and 2003, and the changes in its financial status for the year ended December 31, 2004, in conformity with U.S. generally accepted accounting principles.

Our audit of the Plan's financial statements as of and for the year ended December 31, 2004, was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets Held for Investment Purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management and has been subjected to the auditing procedures applied in our audit of the basic financial statements for the year ended December 31, 2004, and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

UNITED COMMUNITY BANKS, INC. PROFIT SHARING PLAN

Notes to Financial Statements

(1) Description of the Plan

The following description of United Community Banks, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, and was formed to provide benefits exclusively for the employees of United Community Banks, Inc. and its subsidiaries (the Company). Employees are eligible to participate in the Plan on the next immediate enrollment date following employment, but are eligible to participate in the matching portion of the Plan after the completion of one year of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employees of the Company participating in the Plan are entitled to make pre-tax contributions to the Plan in amounts from 2% to 30% of their annual compensation. The Company's matching contribution is up to 5% of a participant's annual compensation for those who have completed at least one year of service and have elected to make deferred contributions. The Company may also make an additional discretionary contribution in any Plan year. Contributions are subject to certain limitations.

Vesting

Participants are immediately vested in their voluntary contributions to the Plan. Participants vest in the Company's contributions according to the following schedule:

Years of Service	Percentage
Less than 1	0%
2	33%
3	66%
More than 3	100%

Participants automatically become 100% vested upon death or disability while still an active employee of the Company. Upon termination of employment, amounts not vested will be forfeited with such forfeitures reducing administrative expenses paid from the Plan. Forfeitures during 2004 totaled \$13,070.

Payment of Benefits

Upon retirement, a participant is entitled to receive 100% of his vested account balance in a lump-sum distribution or periodic payments over a predetermined period. Upon the death of a participant, the designated beneficiary is entitled to receive 100% of the participant's account in a lump-sum distribution or periodic payments over a predetermined period. In addition, disabled participants are entitled to 100% of their account balance. Plan participants who are terminated for reasons other than retirement, death or disability are entitled to receive only the

vested portion of their account. The Plan also allows for certain hardship withdrawals prior to termination of employment.

Administrative Expenses

The Plan pays all administrative expenses.

(1) Description of the Plan, continued

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The participants affected by the termination or discontinuance of contributions will immediately become 100% vested in their accounts.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for benefits and changes in those assets of the Plan. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. The Company's stock trades on the NASDAQ exchange, and the value of UCBI stock at December 31, 2004 is based on a quoted market price. Investments in mutual funds are valued at fair value based on quoted market prices of the underlying fund securities.

The Plan provides for investments in various investment securities, which are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The net gain/(loss) from investment activity includes realized and unrealized gains and losses from investment activity as well as earnings on investments. Unrealized gains/(losses) are calculated as the difference between the current value of securities as of the end of the plan year and either the current value at the end of the preceding year or the actual cost if such investments were purchased during the current year. Realized gains or losses on sales of investments are calculated as the difference between sales proceeds and the current value of investments at the beginning of the year or the actual cost if such investments were purchased during the year. Earnings on investments include interest and dividends received on the Company's common stock and mutual fund shares.

Securities transactions are recorded on the trade date. Dividend income is recorded on the ex-dividend date.
