**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Benefits Committee of Republic Services, Inc. s  
Republic Services 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of the Republic Services 401(k) Plan as of December 31, 2006 and 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan s internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2006 and 2005, and the changes in its net assets available for benefits for the year ended December 31, 2006, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2006 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

**REPUBLIC SERVICES  
401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2006**

**(1) DESCRIPTION OF PLAN:**

**(a) General**

The following description of the Republic Services 401(k) Plan (the Plan ) is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan.

The Plan was established effective April 1, 1999 to provide benefits to all eligible employees of Republic Services, Inc. and its subsidiaries (the Company ). The Plan is a defined contribution plan commonly known as an Internal Revenue Code ( IRC ) section 401(k) profit sharing plan and is subject to the Employee Retirement Income Security Act of 1974 ( ERISA ), as amended. The Company is the designated administrator of the Plan.

Although it has expressed no intention to do so, the Company retains the right, if necessary, to terminate the Plan. The Company also retains the right to amend the Plan from time to time.

In the event the Plan is terminated, each participant will receive a benefit equal to the value of the participant's interest in their account as of the date of the distribution. Each participant would have the option of receiving a lump-sum distribution or rolling over their distributions into another qualified retirement plan or an individual retirement account.

**(b) Eligibility**

Employees are eligible to participate in the Plan when they are at least 18 years of age and have completed three months of employment. Employees are automatically enrolled in the plan upon meeting eligibility requirements, and 5% of their eligible pay is contributed to the plan unless or until the employee changes their deferral percentage. Enrollment provisions allow for weekly entry dates by all eligible employees.

Effective January 1, 2007, the Plan was amended to remove the employment requirement of three months from the eligibility criteria.

**(c) Contributions and Funding Policy**

Under the provisions of the Plan, participants may direct the Company to defer a portion of their compensation to the Plan, subject to a maximum of 25% of eligible compensation, as defined. Participants direct the investment of their contributions into various investment options offered by the Plan. In 2006, each eligible participant could contribute up to \$15,000 and participants who are or will be at least 50 years of age by the end of a calendar year are also eligible to make catch-up contributions to the Plan at anytime during such calendar year. In 2006, the maximum amount of catch-up contributions a participant could contribute was \$5,000. The Plan also allows for rollovers of vested contributions from previous employers' qualified plans.

Effective January 1, 2007, the Plan was amended to remove the maximum percentage of eligible compensation limitation for participants. Participants' contributions remain subject to IRC limitations.

Effective January 1, 2006, the Plan was amended to increase the employer matching contribution to 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation contributed by each participant. Contributions are made by the Company to all participants who are credited with at least one year of service. The employer match was made in shares of the Company's common stock on employee contributions through June 30, 2005. During 2005, the Company contributed shares of its common stock valued at \$3,093,233 to the Plan, which includes the funding of the \$970,359 of employer contributions receivable at December 31, 2004. The employer match on employee contributions made after June 30, 2005 was funded in cash and allocated to the appropriate investment funds in accordance with the participants' elections. The total employer matching contribution recognized in the statement of changes in net assets available for benefits for 2006 was \$9,771,059. Participants are allowed to sell their

**Table of Contents**

investment in the Company's common stock and reinvest the proceeds in any of the other Plan's investment options. The Company did not make any discretionary contributions to the Plan during 2006.

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions, as well as the participant's share of investment income. The Plan provides for immediate vesting of all contributions plus actual earnings thereon.

**(d) Investments**

The Company entered into an agreement whereby Merrill Lynch Trust Company (the Trustee) has been appointed the Trustee of the Plan's assets. Under the terms of the agreement, the Trustee holds and invests the funds of the Plan subject to the direction of the Plan's Benefits Committee and participant investment elections.

On December 29, 2005, the Financial Accounting Standards Board issued Financial Accounting Standards Board Staff Position AAG INV-1 and Statement of Position 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Audit Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP). The FSP defines the circumstances in which an investment contract is considered fully benefit responsive and provides certain reporting and disclosure requirements for fully benefit responsive investment contracts in defined contribution health and welfare and pension plans. The financial statement presentation and disclosure provisions of the FSP are effective for financial statements issued for annual periods ending after December 15, 2006 and are required to be applied retroactively to all prior periods presented for comparative purposes.

The Plan has adopted the FSP for the year ended December 31, 2006 and has retroactively applied it to the December 31, 2005 presentation of investments in the accompanying Statements of Net Assets Available for Benefits as required by the transition provisions of the FSP. One of the investment options offered by the Plan, the Merrill Lynch Retirement Preservation Trust, is a common collective trust that is fully invested in contracts deemed to be fully benefit-responsive within the meaning of the FSP. The FSP requires that this investment be reported at fair value. However, contract value is the relevant measure to the Plan because it is the amount that is available for Plan benefits. Accordingly, investments as reflected in the Statements of Net Assets Available for Benefits state the Merrill Lynch Retirement Preservation Trust, included within the Collective Trust Funds, at its fair value, with a corresponding adjustment to reflect the investment at contract value. The adoption of the FSP had no impact on net assets available for benefits or changes in net assets available for benefits.

The Plan does not permit participant loans. However, the Plan accepts and services loans rolled over from the plans of acquired companies.

**(e) Payment of Benefits**

In general, upon termination of service due to death, disability, or retirement, a participant (or designated beneficiary) will receive a lump-sum amount equal to the value of the participant's account. Participants with balances attributable to participation in the former Republic Rewards 401(k) Plan (which is a plan for employees of AutoNation, Inc., Republic Services, Inc.'s former parent company) can elect to receive annual installments over a period not exceeding the remaining life expectancy of the payee. Participants with balances from other prior plans will retain the distribution options of those plans. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

**(2) SIGNIFICANT ACCOUNTING POLICIES:**

The accompanying financial statements are prepared under the accrual method of accounting in conformity with U.S. generally accepted accounting principles.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Table of Contents****Investment Valuation and Income Recognition**

The Plan's investments in mutual funds and Republic Services, Inc. common stock are stated at fair value as determined by quoted market prices for these securities on national securities exchanges. The Plan's investments in collective trust funds are stated at fair value as determined by the Trustee. The participant loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of investments are recorded on a trade-date basis. The Plan records dividends on the ex-dividend date. Interest income is recorded on the accrual basis.

**Reclassifications**

Certain reclassifications have been made to the 2005 financial statements to conform to the 2006 presentation.

The adjustment from fair value to contract value for fully benefit-responsive investment contracts totaled \$484,171 at December 31, 2006. Such adjustment is included in net assets available for benefits and total additions as of and for the year ended December 31, 2006 in accordance with American Institute of Certified Public Accountants guidelines. However, this adjustment has been excluded from net assets available for benefits and total income in the Plan's Form 5500 in accordance with IRC guidelines.

During 2006, the Plan's investments (including gains and losses on investments bought and sold, as well as held) appreciated, net in fair value as follows:

**(5) BENEFIT DISTRIBUTIONS:**

In general, upon termination of service, including death, total and permanent disability, or retirement, a participant (or the participant's beneficiary) will receive an amount equal to the value of the participant's account.

Amounts allocated to withdrawing participants for benefit claims that have been processed and approved for payment but have not yet been paid totaled \$111,951 and \$146,550 at December 31, 2006 and 2005, respectively. Such amounts are included in net assets available for benefits at December 31, 2006 and 2005 in accordance with American Institute of Certified Public Accountants guidelines. However, the Plan's Form 5500 reflects such amounts as liabilities of the Plan in accordance with IRC guidelines.

**(6) PARTY-IN-INTEREST TRANSACTIONS:**

Certain Plan investments are shares of mutual funds and collective trust funds managed by Merrill Lynch Asset Management Company, an affiliate of the Trustee. Therefore, these investments represent a party-in-interest to the Plan.

The Company pays certain fees and expenses of the Plan, which include legal, administrative and accounting fees. Fees and expenses paid directly by the Company were \$86,355 in 2006.

**(7) INCOME TAX STATUS:**

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated August 30, 2001 stating that the form of the plan is qualified under Section 401 of the IRC, and therefore, the related trust is tax-exempt. In accordance with Revenue Procedure 2006-6 and Revenue Procedure 2005-16, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and,

therefore, believes that the Plan is qualified and the related trust is tax-exempt.

**(8) RISKS AND UNCERTAINTIES:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
