ABOUT THE MEETING

This proxy statement and the accompanying proxy card are being mailed to shareholders beginning on or about March 27, 2009.

Who is soliciting my vote?

The Board of Directors (Board) of Triple-S Management Corporation (Corporation) is soliciting your vote at the meeting.

What am I being asked to vote on at the annual meeting?

The election of three Group 2 directors for a three-year term (*see* page 7).

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares of common stock are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered the stockholder of record with respect to those shares. The proxy materials have been sent directly to you by us.

If your Class B shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name. The proxy materials have been forwarded to you by your broker, bank or other holder of record who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the proxy form or voting instructions included in the mailing or by following the instructions for voting by telephone or on the Internet.

If you beneficially own shares of the Corporation's Class B common stock, you must bring appropriate documentation provided by your broker, bank or other nominee to be present and personally vote at the annual meeting.

Who is entitled to vote?

Only shareholders of record at the close of business on the record date, March 27, 2009, (the Record Date) are entitled to receive notice of the annual meeting and to vote at the meeting the shares of common stock that they held on the Record Date, or any postponement or adjournment thereof. Each share of common stock is entitled to one vote and all shares of each class of common stock shall vote together as a single class on all matters brought before the annual meeting. As of the close of business on March 19, 2008, there were 29,814,410 shares of the Corporation's common stock outstanding, consisting of 9,042,809 issued and outstanding Class A common stock (Class A shares) and 20,771,601 issued and outstanding Class B common stock (Class B shares). Class A shares and Class B shares are referred to collectively as common stock.

Please note that if you hold your shares in street name (that is, through a broker, bank or other nominee), you must bring appropriate documentation provided by your broker, bank or other nominee to be present and personally vote at the annual meeting.

Who may be present at the annual meeting?

Only stockholders of record and beneficial owners with appropriate documentation provided by their respective broker, bank or other nominee may be present at the annual meeting. No other person, including those persons accompanying a shareholder, will be allowed at the annual meeting.

Table of Contents

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of our Board. The Board's recommendation for each proposal is set forth below.

Election of Directors (page 7).

The Board recommends a vote FOR each of these directors.

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by our Board or, if no recommendation is given, in their own discretion.

How many shares must be present to hold the meeting?

A majority of the issued and outstanding voting shares of common stock of the Corporation must be present to hold the annual meeting. If at the designated time quorum is not reached, the annual meeting will be postponed for a half hour, after which one-third (1/3) of the voting shares issued and outstanding will constitute a quorum. We urge you to vote by proxy even if you plan to attend the annual meeting so that we will know as soon as possible that enough voting shares will be present for us to hold the annual meeting.

How do I vote?

You can vote either in person at the meeting, by telephone, Internet or mail, whether or not you attend the meeting.

To vote *by mail*, you must fill out the enclosed proxy card, date and sign it, and return it in the enclosed postage-paid envelope.

To vote *by telephone* call toll-free 1-800-PROXIES (1-800-776-9437) from any touch-tone telephone and follow the instructions. Please have your proxy card available when you make the call.

To vote *by Internet* access www.voteproxy.com and follow the on-screen instructions. Have your proxy card available when you access the web page.

If you plan to vote by telephone or Internet, you may enter your voting instructions until noon Eastern Time the day before the annual meeting. After such time, voting instructions will not be accepted by telephone or Internet.

Can I change my vote after I return my proxy card?

Yes. A shareholder may revoke his or her proxy or change his or her vote at any time before the proxy is voted at the annual meeting. You can revoke your proxy or change your vote in one of four ways:

by sending a signed notice of revocation to our corporate secretary to revoke your proxy;

by sending to our corporate secretary a completed proxy card bearing a later date than your original proxy indicating the change in your vote;

by logging on to the Internet website specified on the proxy card in the same manner you would to submit your proxy electronically or calling the telephone number specified on the proxy card, and in each case following the instructions to revoke or change your vote; or

by attending the annual meeting and voting in person, which will automatically cancel any proxy previously given, or by revoking your proxy in person.

Table of Contents

If you choose any of the first two methods, you must take the described action no later than 9:00 a.m. on the date of the annual meeting. If you choose the third method, you have until noon Eastern Time the day before the annual meeting to enter instructions to revoke or change your vote. If your shares are held in street name by a broker, bank or other nominee, you must contact that institution to change your vote or, if you intend to be present and vote at the annual meeting, present the appropriate documentation provided by such broker, bank or other nominee.

What vote is required to approve each proposal?

Election of Directors (Proposal 1). The affirmative vote of a majority of the votes cast at the annual meeting is required for the election of directors. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Abstentions and broker non-votes will have no legal effect on the election of directors. A broker non-vote occurs when a broker, bank or other nominee indicates on the proxy card that it does not have discretionary authority to vote on a particular matter.

Who will bear the cost of soliciting proxies?

We will bear the entire cost of soliciting proxies for the annual meeting. The original solicitation of proxies by mail may be supplemented by solicitation in person or by telephone, facsimile, or any other means by our directors, officers or certain persons on behalf of the members of our Board. Our Board intends to employ certain of our employees to solicit proxies on its behalf, and such employees will receive compensation based on the amount of proxies solicited and obtained. In addition, the Board may engage one or more solicitation agents to aid in the solicitation of proxies. We will bear the additional costs of such a solicitation, which, together with the costs of the preparation, assembly, printing and mailing of this proxy statement, the proxy form and any additional solicitation materials furnished to our shareholders, are not expected to exceed \$150,000. Proxy materials will be distributed at our expense by brokers, nominees, custodians, and other similar parties.

Who will count the vote?

Representatives of our transfer agent, American Stock Transfer & Trust Company, will tabulate the votes and act as inspectors of the election.

Could other matters be decided at the meeting?

We do not know of any other matters that may come before the annual meeting. However, if any new matter requiring the vote of our shareholders is properly presented before the annual meeting, proxies may be voted with respect thereto at the discretion of the proxy holders.

What happens if the meeting is postponed or adjourned?

Your proxy will still be good and may be voted at the postponed or adjourned meeting. You will still be able to change or revoke your proxy until it is voted.

What should I receive?

This proxy statement, our Annual Report, the Notice of Annual Meeting of Shareholders and the proxy card, which are being mailed to you on or about March 27, 2009. Our Annual Report includes our financial statements for the year ended December 31, 2008, duly audited by KPMG LLP, as independent registered public accounting firm.

Table of Contents**BOARD OF DIRECTORS**

The Articles of Incorporation and Bylaws of the Corporation (Bylaws) establish that our Board shall consist of not less than nine (9) directors, nor more than nineteen (19) directors, from which at least the majority must be representatives of the community, as such term is defined by the Blue Cross and Blue Shield Association (BCBSA). The number of directors shall be fixed from time to time by resolution of the Board. The number of members of our Board has been fixed at 17 until the expiration of the term that ends on the date of the 2009 Annual Meeting of Shareholders. On January 27, 2009 our Board approved a resolution reducing its size to 13 members, effective on the date of the 2009 Annual Meeting of Shareholders. As a result of our Board's reduction in size, Group 2 of the directors will be comprised of three members instead of six members, and Group 3 will be comprised of six members instead of 7 as of the annual meeting. Therefore, at the annual meeting, shareholders will only be entitled to vote for the election of the three nominees proposed by the Board.

Our Board is a staggered board divided into three groups, currently consisting of 3, 6 and 7 directors, respectively. Each director serves for a term ending on the date of the third annual meeting of shareholders following the annual meeting at which such director was elected or until his successor has been elected and qualified. In the event that there is a vacancy on our Board, or a new directorship is created, our Board shall choose a successor by the affirmative vote of a majority of the current directors, or by an election at an annual or special meeting called for that purpose. A director elected to fill a vacancy shall be elected for the unexpired term of his or her predecessor in office or, if the vacancy is caused by an increase in the number of directors, until the next election of one or more directors by shareholders. In accordance with our Bylaws, the President and Chief Executive Officer is a member of the Board and is excluded from the three groups of directors.

PROPOSAL 1: ELECTION OF THREE GROUP 2 DIRECTORS FOR A THREE-YEAR TERM

At the meeting, three Group 2 directors will be elected to serve until the 2012 annual meeting of shareholders or until their respective successors are elected and qualified. The remaining 10 directors will continue to serve as directors, as follows: until the 2010 annual meeting of shareholders, in the case of the six current Group 3 directors (the seventh Group 3 directorship is vacant due to the resignation of Mr. Miguel Nazario Franco on April 3, 2008) and until the 2011 annual meeting of shareholders, in the case of the three current Group 1 directors, or in each case until their successors are elected and qualified.

The persons named as proxies in the accompanying proxy card have advised us that, unless otherwise instructed, they intend to vote at the meeting the shares covered by the proxies **FOR** the election of the three nominees named below, and that if any one or more of such nominees should become unavailable for election they intend to vote such shares **FOR** the election of such substitute nominees as the Board may propose. We have no knowledge that any nominee will become unavailable for election.

Our Articles of Incorporation and Bylaws require that each director receive a plurality of the votes cast. All nominees for election at the 2009 Annual Meeting are currently serving on the Board. If the shareholders do not elect a nominee who is serving as a director, Puerto Rico corporation law provides that the director will continue to serve on the Board as a hold over director until his or her successor is elected.

Information relating to principal occupation, business experience and directorships during the past five years (including positions held with us, age and the period during which each director has served) of the three nominees for election is set forth below.

Because the Chairman of the Board is not an independent director, the Vice-Chairman of the Board, who is independent (or in his absence, another independent director selected by the independent directors present at the meeting), presides at such sessions.

COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Any shareholder or other interested party who desires to contact our Board, the presiding director, the non-management directors or independent directors as a group, or any of the Board's members individually may do so by addressing the correspondence to that individual or group, c/o Corporate Secretary, Triple-S Management Corporation, P.O. STANDING COMMITTEES

The Bylaws provide that our Board may, by resolution passed by a majority of the entire Board, designate one or more committees. The Corporation currently has the following standing committees: executive, corporate governance and nominations, compensation, audit, and investment and finance. All members of the standing committees serve for a one year term. In addition to these standing committees, we have a number of ad hoc committees. According to BCBSA requirements, neither non-independent directors nor our officers and employees, including those of our subsidiaries, can be members of the Compensation, Corporate Governance and Nominations, or Audit Committees.

A brief description of each of the Corporate Governance and Nominations Committee, Compensation Committee and the Audit Committee is set forth below:

Table of Contents

Corporate Governance and Nominations Committee

In May 2008, the Corporate Governance Committee and the Nominations Committee were consolidated and became the Corporate Governance and Nominations Committee. The duties of the Corporate Governance and Nominations Committee are to (i) identify and recommend individuals who are best suited to become members of our Board and who will be presented as candidates endorsed by the Board at the annual meeting of shareholders, (ii) recommend to our Board the best qualified candidates to fill vacancies, (iii) evaluate the performance of the directors pursuant to criteria and objectives established by the Board from time to time, (iv) recommend to the Board the best qualified candidates to occupy the position of president of the Corporation, (v) develop and recommend to the Board a set of corporate governance guidelines and a code of business conduct and ethics, and oversee their compliance, (vi) review the corporate governance guidelines, code of business conduct and ethics, committee charters and other corporate documents at least once a year, and (vii) monitor Board compliance with the Corporation's independent director requirements, as established from time to time. The Committee also reviews and recommends a board composition that meets the independence criteria set forth by the NYSE, the BCBSA and good governance practices. It recommends the nomination of directors to terms of office which meet the BCBSA guidelines established for a staggered term board and reviews board members group evaluations. Based on these evaluations, the Committee may either recommend re-nominations or replacements when their terms expire, or if the member's term has not lapsed recommend corrective actions to address performance weaknesses. If the deficiencies are of a significant nature, the Committee may recommend the replacement of such director.

Prior to the consolidation of the two committees, the Nominations Committee met 4 times from January to February 2008, while the Governance Committee met 3 times from January to April 2008. Following their consolidation, the Corporate Governance and Nominations Committee met 6 times during the fiscal year ended on December 31, 2008. As of the Record Date, the members of the committee are: Mr. Álvarez-Gallardo, Chair of the committee, Mr. León-Irizarry, Mr. Morgan-Stubbe, and Mr. Rodríguez-Díaz. Each member of this Committee complies with the independence requirements that have been adopted and approved by the Board in compliance with NYSE rules.

The nominations process followed by the committee is as follows:

Shareholders may nominate candidates to the Board. Candidates recommended by shareholders will receive the same consideration, and be subject to the same review procedures, as candidates recommended otherwise. Information regarding candidates nominated by a shareholder must be addressed to the attention of the Secretary of the Board.

A shareholder may present a nominee at the annual meeting if he or she is a holder of record as of the applicable record date and such shareholder has delivered written notice of such proposal containing the information specified in our Bylaws not later than 120 days nor earlier than 150 days prior to the first anniversary of the preceding year's annual meeting.

The Corporate Governance and Nominations Committee's duties are to ensure that the Board has the plans, procedures, and resources needed to identify, recruit, and retain directors. The Committee will identify the individuals who, in their judgment, are best qualified to serve on the Board and present its recommendations to the Board for endorsement at the annual meeting. This Committee will also make recommendations to fill any vacancies in the Board that might arise from time to time.

Individuals interested in serving as directors must meet all legal and statutory requirements. These minimum requirements are contained in Article 6-2 of our Bylaws. They include the following: (a) not having filed for bankruptcy, nor granted a fraudulent general assignment for the benefit of creditors, (b) not have been convicted of a felony or grave misdemeanor which involves moral depravation or turpitude, and (c) comply with any applicable requirements under BCBSA rules.

The Corporate Governance and Nominations Committee develops qualifying criteria and is responsible for identifying, interviewing, and recommending to the Board those potential candidates that, in their

Table of Contents

judgment, are best qualified. Throughout this process, the Committee may verify that the selected individuals possess the following specific qualities or skills: (a) experience or relevant knowledge, (b) time availability and commitment, (c) good reputation, (d) analytical thinking, (e) ability to work as a team, (f) independent judgment, and (g) ability to verbalize and present ideas in a rational and eloquent fashion. In addition, the Corporate Governance and Nominations Committee may include other requirements that it may deem necessary to strengthen the Corporation and fulfill its needs as vacancies occur. This practice is aimed at complying with good corporate governance practices.

The Corporate Governance and Nominations Committee has the authority to hire and terminate the services of any professional third-party search firm to identify potential candidates for the position of director.

The committee identified and recommended the nominations of Dr. Luis A. Clavell-Rodríguez, Dr. Jesús R. Sánchez-Colón and Mr. Vicente León-Irizarry, each of whom is currently a member of our Board.

The Corporate Governance Committee and Nominations Committee charter and the Corporate Governance Guidelines are available at the Corporation's web site: www.triplesmanagement.com. Print copies of the charter and the Corporate Governance Guidelines may be obtained by calling (787) 749-4949 or writing to Ms. Eileen Pérez, Manager, Triple-S Management Corporation, PO Box 363628, San Juan, PR 00936-3628.

Compensation Committee

The duties of the Compensation Committee are to (i) develop, recommend and review the compensation policies for our executive officers, (ii) recommend to the Board the compensation of our executive officers and (iii) recommend to the Board those changes to the compensation levels of our directors that it deems necessary. The Committee met 13 times during the fiscal year ended December 31, 2008. The Compensation Committee's charter is available at the Corporation's web site: www.triplesmanagement.com. AUDIT COMMITTEE REPORT

The Audit Committee Charter establishes that the Audit Committee shall consist of three or more members of the Board. The Board has determined that each member of the Committee is independent. In making this determination, the Board follows the audit committee independence standards set forth in the NYSE's director independence rules. Currently, the Committee is comprised of four directors all of whom are independent under such standards. The Committee held eleven meetings during the year ended December 31, 2008. Form 10-K and Form 10-Q filings were discussed in four of such meetings.

The role of the Committee is to assist the Board in its oversight of our financial reporting process, as well as our internal and external audit processes, independent registered public accounting firm's qualifications and performance of the internal audit function. The Committee also is responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm and the establishment of procedures for handling complaints. The Committee operates pursuant to the Charter that was adopted by the Board and amended on January 27, 2009.

The Charter states that: (1) the Chair of the Audit Committee shall be appointed by the members of the Committee and (2) the Committee shall appoint the Chief Audit Executive of the Internal Audit Office when such position is vacant. The Committee has the resources and authority to discharge its responsibilities, including the authority to engage independent registered public accounting firm for special audits, reviews, and other procedures and to retain special counsel and other experts, consultants, or advisors. The Committee appoints or terminates the engagement of the independent registered public accounting firm and reviews the proposed audit scope and approach, including coordination of the audit effort with the Internal Audit Office.

In the performance of its oversight function, the Committee has considered and discussed our audited consolidated financial statements for the fiscal year ended December 31, 2008 with management and KPMG LLP, our independent registered public accounting firm.

The Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees, as adopted by the Public Company Accounting Oversight Board. In addition, the Committee has received the written disclosures and the letter from KPMG LLP required by applicable requirements of the Public Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with KPMG its independence. The Committee has also considered whether the provision of non-audit services by the independent registered public accounting firm to the Corporation is compatible with maintaining the auditors' independence.

As set forth in the Charter, management is responsible for: (1) the preparation, presentation, and integrity of our consolidated financial statements, and (2) maintaining appropriate accounting and financial reporting principles, policies, and internal controls and procedures that comply with accounting standards and applicable laws and regulations. The independent registered public accounting firm, KPMG LLP, is responsible for auditing our consolidated financial statements and expressing an opinion as to their conformity with U.S. generally accepted accounting principles.

The members of the Committee are not employees of the Corporation or any of its subsidiaries. While some of them may be accountants or auditors by profession, the Committee relies on, and makes no independent verification of, the financial or other information presented to it or representations made by management or the independent registered public accounting firm. Accordingly, the Committee's oversight does not provide an

Table of Contents

independent basis to determine that management has maintained appropriate accounting and financial reporting principles and policies, or internal controls and procedures, designed to achieve compliance with accounting standards, and applicable laws and regulations.

Based on the Committee's consideration of the audited consolidated financial statements and the discussions referred to above with management and the independent registered public accounting firm, and subject to the limitations on the role and responsibilities of the Committee set forth in the Charter and those discussed above, the Committee recommended and the Board approved that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the SEC.

No portion of this Audit Committee Report shall be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, through any general statement incorporating by reference in its entirety the Proxy Statement in which this report appears, except to the extent that the Corporation specifically incorporates this report or a portion of it by reference. In addition, this report shall not be deemed to be filed under either the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

COMPENSATION DISCUSSION AND ANALYSIS

The Board's Compensation Committee oversees the design and administration of the Corporation's executive and director compensation programs. The Compensation Committee works to ensure that the total compensation paid to the named executive officers and outside directors is fair, reasonable and competitive with its peer group.

The individuals who served as our chief executive officer and chief financial officer during fiscal 2008, as well as the other individuals included in the Summary Compensation Table, are referred to as the Named Executive Officers.

The Compensation Committee has the authority to engage the services of outside consultants to assist them. The Compensation Committee retained Frederic W. Cook & Co., Inc. (Cook) as its compensation consultant during 2008 to advise the Compensation Committee in all matters related to the executives' and directors' compensation.

Our executive compensation program is designed to support the attainment of our vision, business strategy, and operating imperatives. Specifically, we believe that the most effective executive compensation program is one that is designed to reward the achievement of specific annual and long-term goals which align the executives' interests with those of the shareholders, and ultimately improve shareholder value.

To this end, our compensation program is designed to accomplish the following objectives:

Reinforce business values through the alignment of our efforts to deliver superior results to our stakeholders, belief in good governance, socially responsible business practices, and high ethical standards.

Reinforce a high performance culture with clear emphasis on accountability and variable pay. The variable pay program is intended to drive a high performance culture that emphasizes both near and longer-term results.

Deliver compensation that is reasonable and competitive so that we can attract and retain talented leaders and motivate those leaders to achieve superior results. At the same time, we believe that compensation should be set responsibly to ensure a reasonable rate of return on our human capital expenditures.

Require levels of share ownership that increase with role scope. Executives will be required to own and hold a number of shares while in executive or policymaking roles to align their economic interests with other shareholders.

Determining Executive Compensation

We compare the compensation of the Named Executive Officers to that of companies with which we compete for talent, capital, and for customers. Those companies include private or publicly-held companies, stand-alone businesses or divisions of larger corporations. Our size and/or organizational complexity are considered when

Table of Contents

selecting comparable companies in Puerto Rico and the United States and data analysis methods. Within our general competitive framework, specific comparisons may vary by type of role.

Cook provided the Compensation Committee with relevant market data and alternatives to consider when making compensation decisions. Using data prepared by Cook, the Compensation Committee compared each element of total compensation to a defined list of direct industry competitors and comparable companies in Puerto Rico (Comparable Group).

The Comparable Group consists of companies against which the Compensation Committee believes we will compete for talent, capital, and customers or are comparable to us. The companies comprising the Comparable Group are:

AMERIGROUP Corporation	Erie Indemnity Company	Oriental Financial Group
Alleghany Corporation	First BanCorp	Santader BanCorp
Aspen Insurance Holdings Ltd	HCC Insurance Holdings, Inc.	State Auto Financial Corporation
Popular Inc.	HealthSpring, Inc.	WellCare Health Plans, Inc.
Centene Corporation	Infinity Property & Casualty Corporation	Zenith National Insurance Corporation
Delphi Financial Group, Inc.	Magellan Health Services	W Holding

Molina Healthcare, Inc.

For comparison purposes, our annual revenues are at the median of the Comparable Group. Total compensation is targeted at between the 25th and 50th percentile of the Comparable Group for all components of pay, including: base salary, short and long-term variable pay opportunities, benefits and perquisites.

Based on our compensation philosophy, a significant percentage of total compensation is delivered in the form of incentive compensation. There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Compensation Committee reviews competitive pay information provided by Cook as well as our current operating goals and environment to determine the appropriate level and mix of incentive compensation. Actual amounts earned from incentive compensation are realized only as a result of individual or the Corporation s performance, depending on the type of award, based on a comparison of actual results to pre-established goals.

Role of Individual Pay Components

Executive compensation historically has been delivered predominantly through base salary, annual cash bonuses, long-term incentive awards as well as retirement programs and a non-qualified deferred compensation plan.

Base Salary

Base salaries are used to recognize an employee s immediate contribution to the organization, experience, knowledge, and responsibilities of each particular role. Base salaries are also used to compensate the Named Executive Officers for assuming a significant level of responsibility, to provide financial stability, to be market competitive, and to secure an appropriate level of incentive.

According to our Salary Adjustment Policy (the Policy) salary adjustments are based on a number of relevant factors, including: particular importance of the position to us, individual performance, growth in position, market level increases, our financial performance and ability to pay. Also, the Policy establishes that base pay adjustments send clear performance messages and make moderate distinctions based on performance; for executives, significant distinctions in performance are recognized through our annual cash program. In addition, this Policy requires that timing for increases be consistent with market practice, and base salaries for executives are

Table of Contents

reviewed and adjusted as necessary on an annual basis to ensure pay levels remain competitive, as well as the time of promotion or changes in responsibilities.

Annual Cash Bonus

The annual cash bonus portion of an executive's total compensation opportunity is intended to accomplish a number of objectives, including: reinforce the optimization of operating results throughout the year; achievement of our stated objectives; pay for performance and reinforce individual accountability; support our long-term objective to create shareholder value; and to provide market competitive cash compensation when performance objectives are met or exceeded. This bonus can be highly variable from year to year depending on actual performance results.

The annual cash bonus is based on achievement of the Corporation's and individual business units' goals that are established at the beginning of each year. Goals are approved by the Board and include financial goals, such as consolidated premium earned and net income, as well as specific performance goals for each Named Executive Officer. The annual amount, if any, of the annual cash bonus is based on an evaluation of each Named Executive Officer's performance and on the financial goal achievement. Depending on the performance for the year, payment under the annual incentive may range from 0 percent to 150 percent of the target bonuses established by the Compensation Committee. The Compensation Committee approves the awards and has discretion to determine any changes to the amount to be paid. The final recommendation of the Compensation Committee is approved by the Board.

Target bonuses are currently established at 70 percent of base salary for the Chief Executive Officer (CEO) and from 50 percent to 70 percent for the other Named Executive Officers. For the CEO and the Chief Financial Officer, the financial performance goals are based 80 percent on the Corporation's actual financial performance, against the corporate objectives for that year, and 20 percent on non-financial performance. This includes individual objectives that can be quantitative or qualitative. For all other Named Executive Officers, the performance measures are based 30 percent on the Corporation's actual financial performance, against the corporate objectives for that year, 50 percent on the actual performance of the corresponding business unit for which the executive is responsible, and 20 percent on the Named Executive Officers' non-financial performance, as established by the Compensation Committee.

In addition, we pay an annual bonus each December to all of our active employees, including the Named Executive Officers. This bonus is determined based on a non-performance predetermined formula and paid if the employee has worked more than 700 hours as of September 30 of each year and is an employee at the date of payment. The amount paid under this bonus approximates nine percent of base salary and, with respect to the bonus payable to the Named Executive Officers, is included in the bonus column of the Summary Compensation Table.

Long-Term Incentive Awards

During 2007, on the closing of our initial public offering, we awarded stock options, restricted stock awards and performance awards to 11 executive officers, including Named Executive Officers, under the Triple-S Management Corporation 2007 Incentive Plan. We believe that long-term incentives are an important and essential element that needs to be offered as part of the total compensation program of the Corporation as a public entity to ensure our ability to attract, motivate, and retain top talent. As such, our long-term incentives to key management employees are designed to accomplish a number of important objectives:

Align management and shareholder interests

Balance the short-term orientation of other compensation elements

Provide a variable portion of total compensation tied to long-term market and financial performance of the Corporation

Build executive stock ownership

Hold executives accountable for their long-term decisions

Table of Contents

Reinforce collaboration across the Corporation

Retain key talent over the long term

Share success with those who directly impact our performance results

At the time of this award, the Compensation Committee determined the terms of the award, including the performance period and the performance objectives relating to the award of performance shares. At the conclusion of a performance share award performance period, the Compensation Committee will review actual performance versus the pre-established performance goals to determine whether the performance objectives were met in whole or in part, and the associated payment that may be due as a result. The Compensation Committee carefully considered the impact of stock option expensing, as well as dilution, in order to achieve a balance between our costs, competitiveness and maintaining employee incentives.

The awards granted on the date of our initial public offering, were intended to provide what we deemed to be a proper and competitive balance between stock options, restricted stock awards and performance awards. Based on the fair value of the awards determined in accordance with the Statement of Financial Accounting Standards (SFAS) No. 123(R), *Share-Based Payment*, approximately 51% of the cost of the grant was delivered in stock options that only benefit participants when the stock price increases, approximately 25% of the cost was delivered in restricted stock awards, which allows us to retain key talent over the long term, and the remaining 24% was delivered in performance awards, which allows us to tie compensation to the long-term market and financial performance of the Corporation.

Future long-term incentives may be delivered through a variety of award types that we may adopt in the future, including: stock options, restricted stock/units, performance-based equity (performance shares), performance-based cash (performance cash), and other equity/non-equity award types (e.g., stock SARs/cash SARs). We intend to provide long-term awards through a combination of some of the above mentioned types of awards.

Retirement Programs

Executive officers participate in our qualified and non-qualified employee retirement programs designed to provide retirement income. Our qualified and non-qualified pension plans provide a retirement income base.

Non-Qualified Deferred Compensation Plan

The purpose of this program is to provide certain executives who elect to become participants with the opportunity of deferring a portion of their compensation to a later date and benefiting from the tax advantages related thereto.

Role of Executive Officers in Compensation Decisions

The Compensation Committee makes all compensation decisions for Named Executive Officers of the Corporation. Decisions regarding the non-equity compensation of other executive officers are made by the Chief Executive Officer. The CEO annually reviews the performance of the other Named Executive Officers. The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual incentive award amounts, are presented to the Compensation Committee. The Compensation Committee reviews and approves or recommends changes in the compensation of the Named Executive Officers, including the CEO, and makes recommendations for final approval to the Board.

Compensation of Named Executive Officers for 2008

The Compensation Committee evaluated the different components of compensation of the executive officers to ascertain compensation at adequate levels (defined as total compensation targeted at median external pay levels) when compared with peer companies and to retain its executive officers.

As part of the engagement of Cook, the Compensation Committee reviewed each pay component to align compensation for the first time to that of similar companies. The main purpose was to assure that we established a

Table of Contents

competitive compensation program. Based on the initial analysis, we began providing long-term incentive awards during December 2007.

Base Salary

In setting base salaries for 2008, the Compensation Committee considered the following factors:

The corporate budget, meaning our overall budget for base salary increases. The corporate budget was established based on planned performance for 2008. The objective of the budget is to allow salary increases to retain and motivate successful performers while maintaining affordability within our business plan.

The relative pay differences for different job levels.

Individual performance base salary increases were driven by individual performance assessments.

Evaluation of peer group data specific to each executive position, where applicable. However, the Compensation Committee may exercise subjective judgment in determining final pay recommendations.

The Compensation Committee applied the principles described above in establishing the 2008 base salary for Mr. Ramón Ruiz, the Corporation's CEO. In an executive session, the Compensation Committee assessed Mr. Ruiz's 2007 performance, based on established corporate goals and financial objectives. They considered the Corporation's and Mr. Ruiz's accomplishment of objectives that had been established at the beginning of the year, strategic direction of the Corporation and its own subjective assessment of his performance. The Compensation Committee approved a salary increase for Mr. Ruiz and recommended it to the Board, which also approved it.

For all other Named Executive Officers salary increases were based on the aforementioned principles, and were in line with budget and salary increases for all other employees.

Long-Term Incentive Awards

On the closing date of our initial public offering, the Compensation Committee awarded certain executive officers, including Named Executive Officers, stock options, restricted stock awards and performance awards. A summary of the long-term incentive awards granted during 2008 is included on the Grants of Plan Based Awards table. No stock options or restricted stock awards were granted in 2008 to Named Executive Officers.

Non-Equity Incentive Plan

The non-equity incentive award for 2008 was based on the performance of the Corporation against the stated objectives. For 2008, our reported net income, excluding realized and unrealized gain and losses on investments and derivatives (tax effected), was \$58.7 million, which was at the targeted level. Also, total operating revenues, excluding net investment income, was \$1.7 billion, which exceeded the targeted level. In February 2009, the Compensation Committee and the Board approved payments to the Named Executive Officers under the 2008 non-equity incentive plan, in the amounts set-forth below in the Summary Compensation Table. Payments were made within the established parameters.

Compensation Committee Report

The Corporation's Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis described above with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

KPMG LLP (KPMG) previously served as our independent auditor. As previously reported on a Form 8 K/A dated March 18, 2009, we dismissed KPMG as our independent registered public accounting firm. We have engaged PricewaterhouseCoopers, LLP (PWC) as the Corporation's independent registered public accountants for the fiscal year ending December 31, 2009.

In August 2008, the Audit Committee of the Board determined to request proposals from independent registered public accounting firms for the Corporation's 2009 audit. The Audit Committee believes that a periodic review of the appointment of the Corporation's external audit firm is beneficial to the Corporation and its shareholders. KPMG has acted as the principal independent accountants of the Corporation for over 25 years. The Audit Committee invited KPMG and the other three major U.S. international accounting firms to participate in the

process. As a result of this competitive process and after careful deliberation of the proposals submitted by these four firms, on February 25, 2009, the Audit Committee selected PwC as the Corporation's independent registered public accountants for the fiscal year ending December 31, 2009, and dismissed KPMG from that role, effective upon the completion of the audit of the Corporation's financial statements and the issuance of the Corporation's Form 10-K for the fiscal year ended December 31, 2008 (the 2008 10-K).

The audit reports of KPMG on the consolidated financial statements of the Corporation as of and for the years ended December 31, 2008 and 2007, respectively, did not contain an adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles, except as follows: KPMG's report on the consolidated financial statements of the Corporation as of and for the years ended December 31, 2008 and 2007 contained a separate paragraph stating that [a]s discussed in [Note 16 for 2008 and Note 15 for 2007] to the consolidated financial statements, the Company adopted the recognition and disclosure provisions of Statement of Financial Accounting Standards No. 158, *Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans*, as of December 31, 2006. The audit reports of KPMG on the effectiveness of internal control over financial reporting as of December 31, 2008 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles, except that KPMG advised the Corporation of a material weakness with respect to other-than-temporary impairment (OTTI), as explained in the sixth paragraph of this section.

During the two fiscal years ended December 31, 2008 and 2007, respectively, and in the subsequent interim period through March 18, 2009: (1) there were no disagreements between the Corporation and KPMG on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of KPMG, would have caused KPMG to make reference to the subject matter of the disagreement in its reports on the financial statements of the Corporation for such years, except for the matter discussed in the following paragraph, and (2) there were no reportable events as that term is defined in Item 304(a)(1)(v) of Regulation S-K, except for the matter described in the preceding paragraph and further discussed in the sixth paragraph of this section.

On February 9, 2009, in a meeting with the Audit Committee related to the audit of the Corporation's financial statements for the year ended December 31, 2008, KPMG provided written notice to the Audit Committee that it had a disagreement with management related to whether a decline in fair value of certain securities held by the Corporation in its investment portfolio in the second quarter of 2008 resulted in an OTTI in the value of such securities. This issue had been presented as a review difference and discussed in an Audit Committee meeting held on August 4, 2008. The accounting issue was resolved to KPMG's satisfaction at such meeting, and the Corporation filed its Quarterly Report on Form 10-Q for the quarter ended June 30, 2008 having recorded an OTTI of \$2.36 million with respect to such securities in the financial statements of such quarter. The Corporation has authorized KPMG to respond fully to the inquiries of PwC, as successor auditor, regarding such disagreement.

On March 9, 2009, a reportable event, as that term is defined in Item 304(a)(1)(v) of Regulation S-K, occurred as follows: In connection with the preparation of the Corporation's consolidated financial statements for the year ended December 31, 2008, and having assessed the effectiveness of the Corporation's internal control based on criteria described in the Internal Control Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission, management concluded that the Corporation's internal control over financial reporting was not effective as of December 31, 2008 due to the following material weakness: The Corporation's processes, procedures, and controls are not designed or operating effectively to ensure that other-than-temporary impairment (OTTI) on available for sale investment securities were recorded in accordance with generally accepted accounting principles. Specifically, our policies and procedures were not designed effectively to identify a complete population of available for sale investments that should be analyzed for OTTI. Also, our monitoring controls are not designed to consider factors that may indicate a decline in the value of available for sale investments is other than temporary in accordance with generally accepted accounting principles. These control deficiencies constitute a material weakness that resulted in material errors in net realized investment losses in our preliminary 2008 annual consolidated financial statements which were corrected prior to issuance of the Corporation's consolidated financial statements. The Corporation is taking steps to address the material weakness and improve its internal control over financial reporting, as described in

Item 9A of its 2008 10-K. The Corporation has authorized KPMG to respond fully to the inquiries of PwC, as successor auditor, regarding this material weakness.

Table of Contents

On February 25, 2009, the Audit Committee approved the engagement of PwC as the Corporation's new principal independent accountants for the fiscal year ending December 31, 2009. During the two fiscal years ended December 31, 2008 and 2007 and the subsequent interim period through March 18, 2009, the date of the filing of the Corporation's 2008 10-K with the SEC, the Corporation did not consult with PwC regarding the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Corporation's financial statements, and PwC did not provide either a written report or oral advice to the Corporation that PwC concluded was an important factor considered by the Corporation in reaching a decision as to any accounting, auditing or financial reporting issue. The Corporation did not consult with PwC regarding any of the matters or events set forth in Item 304(a)(2)(ii) of Regulation S-K.

We furnished a copy of the above disclosures to KPMG and requested that KPMG provide a letter addressed to the SEC stating whether or not it agrees with the statements contained in the Form 8-K/A dated March 18, 2009. A copy of such letter is filed as Exhibit 16.1 to the Form 8-K/A dated March 18, 2009.

Representatives of PwC are expected to attend the Annual Meeting and will be given an opportunity to make a statement if so desired and to respond to appropriate questions. Representatives of KPMG are not expected to be present at the Annual Meeting.
