PROXY STATEMENT

**ANNUAL MEETING OF SHAREHOLDERS
to be held
September 4, 2002**

This proxy statement is submitted by the board of directors of Giga-tronics Incorporated ("Giga-tronics" or the "Company"), a California corporation, in connection with the solicitation of proxies for use at the Annual Meeting of Shareholders (the "Annual Meeting") to be held on September 4, 2002, in accordance with the notice to shareholders, and at any adjournment thereof.

Our board of directors has fixed July 8, 2002 as the record date for the Annual Meeting. Only shareholders of record at the close of business on the record date are entitled to notice of and to vote at this meeting. A majority of the shares of common stock will constitute a quorum for the transaction of business at the Annual Meeting. On the record date, there were 4,661,132 shares of Giga-tronics common stock issued and outstanding. Each share outstanding on the record date is entitled to one vote as to each matter to be acted on at this meeting. However, each shareholder will be entitled to cumulate his votes in the election of directors provided that notice of an intention to cumulate votes is given at this meeting by at least one shareholder before voting for the election of directors. Under cumulative voting, a shareholder is allowed one vote per share multiplied by the number of directors to be elected and may cast the total number of votes for one nominee or may distribute the total number of votes among as many nominees as the shareholder chooses. Four directors will be elected at this meeting.

Shares represented by properly executed proxies received by Giga-tronics will be voted at the Annual Meeting according to the instructions on the proxies. It is intended that shares represented by proxies received by Giga-tronics which are not marked to the contrary will be voted **FOR** all proposals included in the notice of this meeting.

Any person giving a proxy in the form accompanying this proxy statement has the power to revoke it at any time before its exercise. A shareholder giving a proxy may revoke it before its exercise by filing with the Secretary of Giga-tronics either an instrument revoking the proxy or a duly executed proxy bearing a later date. A proxy will be revoked automatically if the shareholder who executed it is present at the Annual Meeting and votes in person. Attendance at this meeting will not, in and of itself, constitute the revocation of a proxy. The granting of a proxy will give the proxy holder authority to cumulate votes if cumulative voting is elected.

The approximate date on which this Proxy Statement and the accompanying form of proxy will be sent to Giga-tronics shareholders is July 31, 2002.

In the election of directors, the candidates receiving the highest number of affirmative votes of the shares entitled to be voted for them up to the number of directors to be elected by such shares are elected. Votes against the director and votes withheld have no legal effect. Approval of a majority of the shares present or represented and voting at the Annual Meeting is required for all items submitted to the shareholders for their consideration except the election of directors. Georgeson Shareholder Communications, Inc. (Georgeson Shareholder) will be using an automated system for the tabulation of shareholder votes for Giga-tronics. With regard to the election of directors, votes may be cast in favor or withheld; votes that are withheld will be excluded entirely from the vote and will have no effect. Abstentions may be specified on proposals other than the election of directors and will be counted as present for purposes of the item on which the abstention is noted,

Table of Contents

and therefore counted in the tabulation of the votes cast on a proposal with the effect of a negative vote. Broker non-votes are shares which are represented at the Annual Meeting which a broker or nominee has indicated it does not have discretionary authority to vote on with respect to a particular matter. A broker non-vote will not be counted for purposes of determining the election of directors or ratifying the selection of Giga-tronics independent accountants, but for other proposals generally have the effect of a negative vote.

The Annual Report of Giga-tronics for its fiscal year ended March 30, 2002 is being mailed with this mailing of the Notice of Annual Meeting and Proxy Statement to all shareholders entitled to notice of and to vote at the Annual Meeting.

The costs of solicitation of proxies, including the printing, handling and mailing of the proxy material, will be paid by Giga-tronics. Copies of solicitation material will be furnished to brokerage houses, fiduciaries and custodians to be forwarded to beneficial owners of shares held in their names, and Giga-tronics will reimburse them for their expenses. The solicitation of proxies through this proxy statement may be supplemented by telephone, telegram or personal solicitation by directors, officers or other regular employees of Giga-tronics and by Georgeson Shareholder. Giga-tronics has retained Georgeson Shareholder to solicit proxies for a fee of approximately \$3,750, plus a reasonable amount to cover expenses. No additional compensation will be paid to directors, officers or other employees for such services.

The executive offices of Giga-tronics are located at 4650 Norris Canyon Road, San Ramon, California 94583, and the telephone number at that location is (925) 328-4650.

**INFORMATION ABOUT THE BOARD OF DIRECTORS AND
COMMITTEES OF THE BOARD**

Meetings

There were six meetings of the board of directors during the last fiscal year.

Committees

Giga-tronics board of directors has an Audit Committee and a Compensation Committee.

During fiscal 2002, the Audit Committee consisted of independent (as determined under the rules of the National Association of Securities Dealers) non-employee directors, James A. Cole and Robert C. Wilson. The Audit Committee serves to monitor the effectiveness of the independent audit, as well as the Company's accounting, financial controls and financial reports. The Audit Committee held four meetings during the past fiscal year.

During fiscal 2002, the Compensation Committee consisted of independent non-employee directors James A. Cole and Robert C. Wilson, as well as William E. Wilson, who is an employee of the company. The committee formulates recommendations to the board of directors regarding levels of compensation for management. In addition, in order to recognize the expected future contributions of key employees and provide an additional incentive for them to remain with Giga-tronics over the long-term, the Committee awards options to purchase shares of our common stock. The Compensation Committee reviews and approves all stock options and executive compensation as part of the board of directors meetings. The Compensation Committee met six times during the last fiscal year.

Giga-tronics does not have a nominating committee or any committee performing such functions. All of the directors attended all the regularly scheduled meetings of the board of directors and all the committees on which they sat.

Compensation of Directors

Each of the directors who is not employed by Giga-tronics receives an annual director's fee of \$10,000 and \$1,000 for attendance at each board of directors meeting. Outside directors serving on committees of the board of directors receive \$500 for attendance at each committee meeting held on a day other than a Board meeting date.

From time to time, Giga-tronics makes discretionary grants of options to purchase shares of its common stock to directors in consideration for services as members of the Board they provide to Giga-tronics.

Giga-tronics has entered into indemnification agreements with all of its officers and directors.

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers, and holders of more than 10% of Giga-tronics common stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission, or SEC. Officers, directors, and greater than 10% shareholders are required by SEC regulations to furnish Giga-tronics with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such forms received by Giga-tronics, or written representations from certain reporting persons, we believe that during the fiscal year ended March 30, 2002 its officers, directors and greater than 10% shareholders complied with all applicable filing requirements.

Table of Contents**Stock Options**

The following table sets forth stock options granted in fiscal 2002 to each of Giga-tronics' executive officers named in the Summary Compensation Table. No stock appreciation rights were granted during the 2002 fiscal year. All option exercise prices were based on market price on the date of grant. The table also sets forth the hypothetical gains that would exist for the options at the end of their five year terms, assuming compound annual rates of stock appreciation of 5% and 10%. These numbers are calculations based on the requirements promulgated by the SEC and do not reflect Giga-tronics' estimate of future stock price growth. The actual future value of all options will depend on the market value of Giga-tronics' common stock.

All outstanding options will automatically accelerate and become exercisable for fully vested shares upon a change in control of Giga-tronics, whether effected through merger, sale of substantially all of Giga-tronics' assets, the successful completion of a hostile tender offer for 30% or more of Giga-tronics' outstanding common stock, or a change in the majority of the board of directors as a result of one or more contested elections for board of directors membership.

Compensation Committee Interlocks and Insider Participation

For the 2002 fiscal year, the Compensation Committee was comprised of Messrs. James A. Cole, William E. Wilson and Robert C. Wilson.

**Audit Committee
Report of the Audit Committee**

The Audit Committee of the Board is responsible for providing independent, objective oversight of Giga-tronics' accounting functions and internal controls. The audit committee operates under a written charter approved by the Board of Directors.

Management is responsible for the Company's internal controls and financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit committee's responsibility is to monitor and oversee these processes.

In connection with these responsibilities, the Audit Committee met with management to review and discuss the March 30, 2002 financial statements. The Audit Committee also discussed, with the independent accountants, the matters required by Statement on Auditing Standards No. 61, *Communication with Audit Committees*. The Audit Committee also received written disclosures from the independent accountants required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and the Audit Committee discussed with the independent accountants that firm's independence.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited consolidated financial statements be included in the Company's Annual Report (Form 10-K) for the year ended March 30, 2002 for filing with the Securities and Exchange Commission. The Committee has recommended and the Board has approved that KPMG, LLP be engaged to continue as the Company's auditors for the current year.

Compensation Committee

Report on Executive Compensation

General Compensation Policy

Giga-tronics' executive compensation philosophy rests on two fundamental principles. First, the program is intended to provide fully competitive levels of compensation at expected levels of performance in order to attract, motivate and retain talented executives. Secondly, the program is intended to create an alignment of interest between Giga-tronics' executives and its shareholders such that a significant portion of each executive's compensation is linked directly to the creation of shareholder value.

The Executive Compensation Program is intended to place heavy emphasis on the variable pay, which is pay that varies with performance, and less focus on fixed base salary. The incentive pay programs are intended to reward performance that is directly relevant to the Company's short term and long term success. The three primary components of the program include base salary, annual incentive, which is performance based bonus, and long term incentives such as stock options.

Factors

The process involved and the factors considered in the executive compensation determination for fiscal year 2002 are summarized below. It is expected that this process will remain the same in fiscal year 2003. However, the Committee may, at its discretion, apply a different set of factors in setting executive compensation in the future in order to further enhance the basic concept of pay-for-performance.

Base Salary

Base salaries are based primarily on individual performance, and each individual's role in Giga-tronics. Employees with higher levels of sustained performance over time and/or those assuming greater responsibilities will be paid correspondingly higher salaries.

On the basis of its knowledge of the industry, this Committee believes that the base salary levels in effect for Giga-tronics' executive officers are competitive with the companies within and without our industry with which Giga-tronics competes for executive talent. However, the Committee did not, through one or more external salary surveys for the industry, independently confirm the specific percentiles at which the base salary levels in effect for Giga-tronics' executive officers stood in relation to other companies in our industry.

Salaries are reviewed annually based on individual performance, overall financial results and the general level of increases in the marketplace. Salary increases are granted within a pay-for-performance framework.

Annual Performance (Non-Stock) Based Incentive Compensation

Giga-tronics' annual incentive bonus plan is intended to:

reward key employees based upon company and individual performance,

motivate, and

provide competitive cash compensation opportunities.

Incentive awards are paid annually in cash based upon achievement of individual performance objectives for the most recently completed fiscal year.

Bonus payments totaling approximately \$8,000 were earned in fiscal 2002.

Table of Contents

Long-Term (Stock Based) Incentive Compensation

Giga-tronics has always believed that stock ownership or stock option participation was the most effective way of aligning its management and shareholder interests. Options are generally issued at 100% of market value, for five year terms, exercisable for 25% of the total grant per year after the first year. The right to exercise options expires 60 days after termination of employment, except in case of death when an optionee's estate would have six months to exercise.

CEO Compensation

The CEO compensation is based on the same considerations as any other senior executive. Other compensation factors, including salary increases, incentive bonus and option participation are performance-based.

Based upon Giga-tronics' performance, the Compensation Committee increased Mr. Brun's base compensation to \$200,000 annually effective March 2001. Based on the subsequent performance of the company, Mr. Brun's elected to reduce his salary to \$160,000 effective July 16, 2001 and again reduce his salary to \$140,000 effective July 1, 2002. The Compensation Committee reviewed and approved this election.

Deduction Limit for Executive Compensation

Effective January 1, 1994, Section 162(m) of the Internal Revenue Code limits federal income tax deductions for compensation paid to the chief executive officer and the four other most highly compensated officers of a public company to \$1 million per individual per year, but contains an exception for performance-based compensation that satisfies certain conditions.

The 1990 Stock Option Plan was amended in 1994 to restrict the maximum number of shares of common stock for which any one participant may be granted stock options and stock appreciation rights to 200,000 shares, and the stockholders approved this amendment at the 1994 Annual Meeting. As a result, stock options granted to Giga-tronics' executive officers with an exercise price not less than the fair market value of the underlying shares on the grant date will generally qualify as performance-based compensation which is not subject to the \$1 million limitation. The 2000 Stock Option Plan reflects these same restrictions.
