COMPENSATION OF EXECUTIVE OFFICERS

Compensation Committee Report on Executive Compensation

The Compensation Committee (the Committee) of the Board of Directors, each member of which satisfies the independence standards of the NASD, is responsible for approving executive management compensation and for administering the incentive and equity participation plans which make up the variable compensation paid to executive officers (Officers). The Committee also administers employee stock plans and certain other benefit plans.

The Committee and the Board of Directors believe that the executive management compensation program should support the goals and objectives of the Company. These goals and objectives should balance the importance of annual financial performance with the equally important creation and protection of long-term fundamentals, which support long-term growth and profitability.

Nordson's executive management compensation program:

establishes compensation performance objectives that are directly linked to corporate goals;

provides a high degree of leverage between compensation and corporate performance;

creates long-term incentives directly linked to shareholder returns; and

is designed to attract, retain and motivate key executives.

The Company's executive compensation program consists of base salary, annual cash bonuses, stock awards, and long-term incentive awards. All of these components are designed with the objective of attracting and retaining executives and motivating management to meet and exceed Company growth and profitability goals. In determining the total amount and mix of the compensation package for each Officer,

Table of Contents

the Committee utilizes external competitive information provided by independent executive compensation consultants. The Committee also considers the overall value to the Company of each Officer based upon individual performance and past and expected contribution by each Officer towards the achievement of the Company's performance goals.

Total Cash Compensation

The cash compensation program is designed to provide each Officer with varying amounts of total cash compensation depending upon both the individual performance of the Officer and the financial performance of Nordson compared to the financial performance of similar industrial companies. The intent is to establish a direct correlation between Nordson's financial performance and Officer compensation such that the percentile ranking of Officer total cash compensation will generally correlate with the percentile ranking of Nordson's performance.

This correlation is established by setting Officer base salaries at approximately the median of similarly sized industrial company base salaries, and varying the annual cash bonus awards according to Nordson's financial performance and each Officer's individual performance. Although the annual cash bonus awards are generally set based upon the degree to which Nordson met its financial targets and individual Officers met their performance goals, these targets and goals and the corresponding bonus payments are periodically calibrated so as to have Officer total cash compensation at various levels of performance generally correlate with external market compensation and performance.

Base Salary

Officer base salaries are targeted at approximately the 50th percentile salary for similar positions within similarly sized industrial companies. The Committee reviews the competitiveness of the base salary of each Officer annually and, if appropriate, salaries are changed based upon individual performance and competitive position.

Annual Cash Bonus

Officer annual bonuses are funded primarily based upon corporate and individual performance with payment amounts determined by reference to one or more of the performance factors set forth in the Management Incentive Compensation Plan. For fiscal year 2005, the Board of Directors and the Committee set two quantitative performance measures: (1) earnings per share growth and (2) after-tax return on capital. Threshold, target and maximum performance levels are established for each measure. No bonus is earned if the actual performance is less than threshold; a bonus of increasing amount is earned as actual performance exceeds threshold; and a maximum bonus is earned if actual performance equals or exceeds the maximum level. In addition to performance against these corporate measures, the Committee evaluates the performance of each Officer against established individual performance measures. Over time, actual bonus awards can vary from no bonus being paid to the maximum bonus being paid, but will generally average around target levels. During fiscal year 2005 earnings per share grew 24%, which exceeded the maximum performance level for this measure. After-tax return on capital, using the Committee methodology that applies a capital charge for unamortized goodwill, was 31%, which exceeded the maximum performance level for this measure. After considering management's very strong performance against corporate and individual measures, the Committee approved cash bonus awards for Mr. Campbell and the four other most highly compensated Officers as indicated in the Summary Compensation Table on page 14.

Though payment of annual bonuses are based primarily on pre-established performance measures, the Committee may, however, choose to modify measures, change payment levels or otherwise exercise discretion to reflect the external economic environment and individual Officer or Company performance.

Table of Contents

Long-Term Incentives

Long-term incentives consist of stock options, restricted stock and performance-based cash or stock awards granted under the Long-Term Incentive Plan. The Committee believes that through the use of stock and performance-based cash or stock awards, Officer interests are directly tied with those of the Company's shareholders.

Officers are granted stock options annually with an exercise price equal to the average of the high and low price quoted for Nordson Common Shares on the date of grant. These options are not fully exercisable until four years following the date of grant, expire in ten years, and, at the Committee's sole discretion, are subject to (i) a clawback (profit disgorgement) where an Officer acts inconsistent with the non-compete provision of his or her employee agreement following termination of employment or (ii) forfeiture in the event an Officer's employment is terminated due to a criminal act, fraud or other such behavior inconsistent with the Company's Code of Business and Ethical Conduct. The stock option award is designed to reinforce a long-term perspective and to help retain key executives. Officers receive cash or stock awards under the Long-Term Incentive Plan based solely on corporate performance over three-year performance periods. Awards vary based on the degree to which corporate performance exceeds predetermined threshold, target and maximum performance levels at the end of a performance period. No award will occur unless the Company achieves certain threshold performance objectives. The Committee may, however, choose to modify measures, change payment levels or otherwise exercise discretion to reflect the external economic environment and individual or Company performance.

For awards granted pursuant to the Long-Term Incentive Plan, the Committee chooses specific measures for each successive three-year performance period. In fiscal year 2002, the Committee established performance measures for the 2003-2005 performance period applicable to all Officers based on cumulative earnings per share and a reduction in day sales of inventory during the three-year period. For the 2003-2005 performance period, performance exceeded the maximum performance levels for both cumulative earnings per share and inventory reduction during the three-year period. Cumulative earnings per share for the three-year period were \$4.91, representing an average compound annual rate of growth of 43%. Day sales of inventory were reduced by 19% during the three-year period. This reduction was achieved despite a 30% increase in sales and the continuing effect of strengthening foreign currencies over the period to inflate the stated value of inventory held at international locations. Also, the award granted under the Long-Term Incentive Plan was adjusted to reflect the performance of Nordson's share price during the three-year performance period. The Company's share price grew 42% from fiscal year end 2002 to fiscal year end 2005. Awards granted for the 2003-2005 performance period are presented in the Summary Compensation Table on page 14.

The Committee has established performance measures for the 2004-2006, 2005-2007 and 2006-2008 performance periods applicable to all Officers based on cumulative earnings per share and cumulative revenue. The 2004-2006 and 2005-2007 awards, if any, will be granted in the form of cash. The 2006-2008 award, if any, will be granted in the form of Nordson Common Shares.

Deferred Compensation Plan

The Deferred Compensation Plan provides Officers and key employees of Nordson with an opportunity to defer receipt of cash compensation (base salary and incentive compensation). Participants may elect to defer all or part of their cash compensation (base salary and incentive compensation) for a period of years or until retirement. Participants can select from seven investment funds from which the earnings on their deferred cash compensation account will be determined.

Chief Executive Officer Compensation

The fiscal year 2005 compensation for Mr. Campbell was earned pursuant to the arrangements described above. The Committee approved a fiscal year 2005 base salary increase for Mr. Campbell after considering both his overall performance in this key strategic leadership role and the competitiveness of his base salary in comparison to the marketplace.

Table of Contents

In determining the annual bonus to be paid to Mr. Campbell, the Committee considered the Company's excellent performance against the corporate financial measures of earnings per share growth and after-tax return on capital and other performance measures. His bonus payment reflects that corporate financial performance exceeded the maximum performance levels against the earnings per share growth and after-tax return on capital measures. In addition, the Company had a number of significant financial, commercial and operational achievements including:

1. Sales growth to a record \$839 million;
2. Expansion of operating margins to 14.5% of sales to a record \$122 million;
3. Continuing excellent cash flow management resulting in over \$80 million of free cash flow after investments in working capital and capital expenditures and the payment of dividends; and
4. Significant progress in driving revenue growth through the development of new applications and new markets for Nordson technology.

Mr. Campbell was granted stock options and long-term incentive performance units based upon the factors described in earlier sections of this Report. As described above, for the 2003-2005 performance period under the Long-Term Incentive Plan, performance exceeded the maximum performance levels for both cumulative earnings per share and a reduction in day sales of inventory during the three-year period. Cumulative earnings per share for the three-year period were \$4.91, representing an average compound annual rate of growth of 43%. Day sales of inventory were reduced by 19% during the three-year period. This reduction was achieved despite a 30% increase in sales and the continuing effect of strengthening foreign currencies over the period to inflate the stated value of inventory held at international locations. Also, the award granted under the Long-Term Incentive Plan was adjusted to reflect the performance of Nordson's share price during the three-year performance period. The Company's share price grew 42% from fiscal year end 2002 to fiscal year end 2005. An award was granted to Mr. Campbell under the Long-Term Incentive Plan and is presented in the Summary Compensation Table on page 14.

The Compensation Committee's philosophy with respect to the award of incentive compensation to all Officers, including the chief executive officer, is to link incentive compensation to achievement of established performance measures. This philosophy has been consistently followed during Mr. Campbell's tenure as chief executive officer of the Company. While the cash bonuses paid to Mr. Campbell for fiscal years 2003-2005 have been at maximum due to exceptional performance during these years, cash bonuses paid to Mr. Campbell over the eight years he has been chief executive officer have been consistent with those paid to chief executive officers of similarly performing industrial companies over that same period.

Deduction Limitation on Executive Compensation

Under Section 162(m) of the Internal Revenue Code, the Company may not deduct annual compensation in excess of \$1 million paid to certain employees, generally its Chief Executive Officer and its four other most highly compensated executive officers, unless that compensation qualifies as performance-based compensation. Compensation that is considered qualified performance-based compensation generally does not count toward Section 162(m)'s \$1 million deduction limit.

In general, the Company's policy is to preserve the federal income tax deductibility of compensation it pays to its executives. Accordingly, the Committee has taken appropriate actions, to the extent it believes feasible, to preserve the deductibility of annual incentive, long-term performance, and stock awards. The Committee believes that the Management Incentive Compensation Plan is a performance driven compensation plan and therefore satisfies the requirements for exemption under Internal Revenue Code Section 162(m). However, notwithstanding this general policy, the Committee will continue to retain the discretion to authorize payments that may not be deductible if it believes that they are in the best interests of both the Company and its shareholders.

Table of Contents

The annual incentive payments the Committee awarded to Officers in fiscal year 2005 were subject to, and made in accordance with performance-based provisions of the Management Incentive Compensation Plan. In addition and pursuant to the Committee's expectation, Mr. Campbell and Mr. Hellman voluntarily elected to defer the awards granted for the 2003-2005 performance period pursuant to the Deferred Compensation Plan.

The Committee will continue to monitor its compensation policy for deductibility under Section 162(m), including encouraging deferrals of otherwise non-deductible payments.

(1) Bonus amounts paid to all Officers as a group for 2005 was \$4,526,614.

(2)

The Officers named above receive various perquisites provided by or paid for by the Company. These perquisites include financial planning services, annual physicals, memberships in social and professional clubs, and car allowances. No Officer received perquisites with a cumulative value of \$50,000 or more.

- (3) Amounts reported represent the dollar value on the date of grant. With respect to the grant of restricted Nordson Common Shares to Officers, restrictions on transfer expire four years after date of grant. As of the fiscal year ended October 30, 2005, there were 183,400 restricted Nordson Common Shares outstanding having an aggregate value of \$5,544,717. Dividends on these restricted shares are paid to the individuals in cash or into the Company's dividend reinvestment plan, at the election of such individual.
- (4) L-TIP is the abbreviation for the Nordson Corporation Long-Term Incentive Plan. Performance-based elements of the L-TIP are discussed in the Compensation Committee Report on Executive Compensation and the Long-Term Incentive Compensation table on pages 11 and 16, respectively. Fiscal year 2002 was the first year an award could have been granted under the Long-Term Incentive Plan. Because performance during fiscal year 2002 fell short of the threshold levels, no awards were granted for the 2001-2003 performance period to any Officer under the Long-Term Incentive Plan.
- (5) Includes in each case, employer matching and allocations made to the Nordson Corporation Employees Savings Trust Plan and the Deferred Compensation Plan. Mr. Groos does not participate in these Plans.
- (6) Mr. Groos' salary and bonus are stated in U.S. Dollars and reflect the average annual Euro exchange rate in effect during each of the fiscal years noted.

Table of Contents**Option/SAR Grants in Last Fiscal Year**

The following table sets forth information regarding individual grants of stock options/ SARs made during the fiscal year ended October 30, 2005 to each Officer named in the Summary Compensation Table:

Name	Individual Grants				
	Number of Securities Underlying Options/SARs Granted (#) (1)(2)(3)	% of Total Options/SARs Granted to Employees in Fiscal Year	Exercise or Base Price (\$/Share)	Expiration Date	Grant Date Present Value (\$) (4)
Edward P. Campbell	62,400	18.2%	37.16	11/9/2014	758,160
Peter S. Hellman	26,450	7.7%	37.16	11/9/2014	321,367
Donald J. McLane	15,450	4.5%	37.16	11/9/2014	187,717
Michael Groos	11,750	3.4%	37.16	11/9/2014	142,762
Robert A. Dunn, Jr.	9,550	2.8%	37.16	11/9/2014	115,425

- (1) Options were awarded for 156,500 Nordson Common Shares to all Officers as a group. Options were awarded for 25,000 Nordson Common Shares to all non-employee directors as a group and for 161,480 Nordson Common Shares to non-Officer employees as a group.
- (2) All options awarded to Officers named in the Summary Compensation Table on page 14 become exercisable beginning one year after the grant date at a rate of 25% per year on a cumulative basis. The exercise price was equal to the fair market value on the date of grant. The exercise price and tax withholding obligations related to the exercise may be paid by cash, delivery of currently-owned shares, by offset of the underlying shares, or any combination thereof.
- (3) No stock appreciation rights (SARs) were granted to any employee other than stock appreciation rights (Limited Rights) that become exercisable only upon the occurrence of a change in control of Nordson. The Board of Directors, acting upon the recommendation of the Governance and Nominating Committee, has terminated the Restated Shareholders Rights Plan (poison pill) effective December 31, 2005.
- (4) These values were calculated using a Black-Scholes option pricing model. The Black-Scholes model is a complicated mathematical formula which is widely used and accepted for valuing traded stock options. The actual value, if any, an Officer may realize will depend on the excess of the stock price over the exercise price on the date the options are exercised, and no assurance exists that the value realized by an Officer will be at or near the value estimated by the Black-Scholes model. The following assumptions were used in these calculations:
- (a) Expected life of option: 7 years;
 - (b) Volatility factor: 29.7%;
 - (c) Assumed risk-free rate of interest: 3.88%
 - (d) Assumed dividend yield: 1.7%;

(e) No reduction in the value calculated has been made for possible forfeitures.

Performance during this period exceeded maximum performance levels for both measures. Awards were granted under the Long-Term Incentive Plan and are presented in the Summary Compensation Table on page 14.

Messrs. Campbell, Hellman, McLane, Groos, and Dunn were participants in the Long-Term Incentive Plan for the 2003-2005 performance period.

The amounts shown in the table represent the annual benefit (after reduction for Social Security payments) payable to an employee for life. Certain surviving spouse benefits are also available under the Pension Plan, as well as early retirement benefits. The table has been prepared without regard to benefit limitations imposed by the Internal Revenue Code of 1986, as amended (the Internal Revenue Code). The years of benefit service credited under the Pension Plan as of October 30, 2005 for the Officers named in the Summary Compensation Table who continue to participate in the Pension Plan are as follows:

Mr. Campbell 17 years; Mr. Hellman 5 years; Mr. McLane 30 years; and Mr. Dunn 34 years. Mr. Groos is not included in the Pension Plan but is covered by a pension arrangement that is specific to Nordson Deutschland GmbH, a wholly owned subsidiary of Nordson.

Excess Defined Benefit Pension Plan, Excess Defined Contribution Retirement Plan, and Deferred Compensation Plan

The Internal Revenue Code limits the benefits provided under the Salaried Employees Pension Plan, the amount that an employee can contribute to the Employees Savings Trust Plan, and the amount that Nordson can contribute on behalf of an employee under the Employees Savings Trust Plan.

The Excess Defined Benefit Pension Plan provides for the payment, out of Nordson's general funds, of the amount by which certain participants' benefits under the Salaried Employees Pension Plan would exceed the limitations applicable to that Plan. The terms of payment under the Excess Defined Benefit Pension Plan are the same as those under the Salaried Employees Pension Plan.

The table above does not reflect benefit limitations imposed by the Internal Revenue Code, and shows the aggregate annual pension benefits payable under both the Salaried Employees Pension Plan and the Excess Defined Benefit Pension Plan.

The Excess Defined Contribution Retirement Plan provides for the payment, out of Nordson's general funds, of the amount by which the participant's contributions under the Employees' Savings Trust Plan and Nordson's contributions to the Employees' Savings Trust Plan would exceed the limitations applicable to that Plan. Salaried employees who are designated by the Committee and who participate in the

Table of Contents

Employees Savings Trust Plan are eligible to participate in the Excess Defined Contribution Retirement Plan.

Effective January 1, 2005, the Officers were no longer permitted to participate in the Excess Defined Contribution Retirement Plan. Based on a recommendation from the Compensation Committee, the Board of Directors adopted the 2005 Deferred Compensation Plan. Benefits formerly provided to Officers under the provisions of the Excess Defined Contribution Retirement Plan will be provided by the 2005 Deferred Compensation Plan. In addition to permitting Officers to defer all or a portion of their base salary and incentive compensation, the 2005 Deferred Compensation Plan provides for the payment, out of Nordson's general funds, of the amount by which the Officer's contributions under the Employees Savings Trust Plan and Nordson's contributions to the Employees Savings Trust Plan would exceed the limitations applicable to that Plan.

Benefits under the 2005 Deferred Compensation Plan will be paid either in lump sum or in annual installments over a five, ten or fifteen year period at the election of the Officer.

The portions of Nordson's contributions under the 2005 Deferred Compensation Plan allocated to the accounts of the Officers named in the Summary Compensation Table except Mr. Groos who does not participate in this Plan, and to all current Officers as a group during the fiscal year ended October 30, 2005 are as follows: Mr. Campbell \$37,566; Mr. Hellman \$18,533; Mr. McLane \$10,396; Mr. Dunn \$0; and all current Officers as a group \$78,162.

Agreements with Officers and Directors

Nordson has agreed to provide Mr. Campbell with supplemental pension benefits in order to restore some of the benefits he would have received if he had remained with his former employer. Mr. Campbell is a participant in the Salaried Employees Pension Plan described on page 17, but his benefits under this plan will be modified to recognize his prior service with his former employer. His average annual compensation under this plan will be determined as the average of his compensation during his 36 consecutive highest paid months (instead of 60), and he will be eligible for the full pension benefit at age 60. He may retire prior to age 60 commencing at age 55, but his benefit will be reduced 5% per year for retirement before age 60. His benefit will also be reduced by the amount of any pension benefit payment he receives from the pension plan of his former employer. Mr. Campbell had 11 years of employment with his former employer. On October 30, 1998 the Committee approved Employment Agreements with the Officers that would be effective upon a change in control of the Company. These agreements specify events constituting a change in control, as well as certain circumstances in which a change in control may be undone.

Upon the occurrence of a change in control, the agreements will provide for a 24-month contract period during which the Officer is to hold substantially the same position with the same duties and responsibilities as immediately prior to the change in control. Each agreement provides that total compensation is to continue during the contract period at a level not less than the level in effect immediately prior to the change in control (or on the date two years prior to the change in control, if higher) and for continued participation in benefit plans applicable to executive personnel.

In addition, if following a change in control the Officer's employment is terminated by the Company without cause or by the executive for good reason (even if termination occurs after expiration of the 24-month contract period), then the Officer is to be provided supplemental retirement benefits which reflect an additional five years of age and service credit under the Company's Salaried Employees Pension Plan and the Excess Defined Benefit Pension Plan, if the Officer is eligible to participate in that Plan.

Further, if the Officer's employment is terminated without cause or by the Officer for good reason during the 24-month contract period, the Officer will receive severance compensation until the later of the expiration of the 24-month contract period or the date which is not less than twelve months (24 months for Mr. Campbell) after the termination of employment. Total compensation is to be continued in effect as well as coverage under certain of the Company's benefit plans, including continued service credit under the Company's Salaried Employees Pension Plan and the Excess Defined Benefit Pension Plan, if applicable. An Officer is to use reasonable efforts to seek other suitable employment, and the Company's obligation to provide continued payments of total compensation and benefits is offset in some circumstances by compensation and benefits provided by a subsequent employer.

As a condition of receiving payments, the Officer must not disclose confidential information relating to the Company or its business and is subject to certain noncompetition restrictions.

The agreements also provide for a tax gross-up payment to any Officer, in the event payments under the agreements are deemed excess parachute payments under applicable tax regulations and require the payment of excise taxes, in such amounts as are necessary to place the Officer in the same position as if such tax were not imposed.

As part of Mr. Groos' employment agreement with Nordson Deutschland GmbH, a wholly owned subsidiary of Nordson Corporation, Mr. Groos participates in a pension program sponsored by Nordson Deutschland GmbH. Nordson Deutschland GmbH has agreed to accelerate Mr. Groos' age 65 normal retirement date under the pension plan by one-half year for each year Mr. Groos remains employed beyond age 50. As a consequence, Mr. Groos would at age 60 be entitled to retire with an age 65 pension benefit.

Effective September 13, 2005 the Company entered into a Release of Claims Agreement with Mark C. Gacka. Mr. Gacka resigned his position as Vice President, Pacific South and Japan. In exchange for a complete release of all claims, Nordson agreed to (i) continue Mr. Gacka's base salary through March 31,

2006; (ii) continue health care coverage at the Company's expense through March 31, 2006; (iii) pay a prorated portion of the difference between Mr. Gacka's fiscal 2005 target and actual bonus under the terms of the 2004 Management Incentive Compensation Plan; and (iv) pay a prorated portion of the difference between Mr. Gacka's target and actual payouts for the fiscal 2003-2005 performance period under the terms of the Long-Term Incentive Plan.

GENERAL

Voting at the Meeting

Shareholders of record at the close of business on December 30, 2005 are entitled to vote at the meeting. On that date, a total of 33,288,599 Nordson Common Shares were outstanding. Each share is entitled to one vote.

Voting for directors will be cumulative if any shareholder gives notice in writing to the President, a Vice President or the Secretary of Nordson at least 48 hours before the time set for the meeting and an announcement of the notice is made at the beginning of the meeting by the Chairman or the Secretary, or by or on behalf of the shareholder giving the notice. If cumulative voting is in effect, Nordson's shareholders will be entitled to cast, in the election of directors, a number of votes equal to the product of the number of directors to be elected multiplied by the number of shares that each shareholder is voting. Nordson's shareholders may cast all of these votes for one nominee or distribute them among several nominees, as they see fit. If cumulative voting is in effect, shares represented by each properly signed proxy card will also be voted on a cumulative basis, with the votes distributed among the nominees in accordance with the judgment of the persons named in the proxy card.

Under Ohio law, directors are elected by a plurality of the votes of shareholders of the corporation present at a meeting at which a quorum is present, and proposals are adopted or approved by the vote of a specified percentage of the voting power of the corporation. Abstentions and broker non-votes are tabulated in determining the votes present at a meeting. Consequently, an abstention or a broker non-vote may have the same effect as a vote against a director nominee or a proposal, as each abstention or broker non-vote would be one less vote in favor of a director nominee or a proposal.

If any of the nominees listed on pages 2 and 3 becomes unable or declines to serve as a director, each properly signed proxy card will be voted for another person recommended by the Board of Directors. However, the Board has no reason to believe that any nominee will be unable or will decline to serve as a director.

The Board of Directors knows of no other matters that will be presented at the meeting other than as described in this Proxy Statement. However, if other matters do properly come before the meeting, the persons named in the proxy card will vote on these matters in accordance with their best judgment.

Shareholder Director Nominations, Proposals and Communications

Any shareholder who wishes to submit a candidate for election as director or a proposal to be considered for inclusion in next year's Proxy Statement should send the nomination or proposal to the Secretary of Nordson for receipt on or before September 22, 2006. A shareholder may nominate a candidate for election as a director at next year's Annual Meeting of the Shareholders provided the shareholder (i) is a shareholder of the Company of record at the time of giving of the notice for the meeting, (ii) is entitled to vote at the meeting in the election of directors, and (iii) has given timely written notice of the nomination to the Secretary. The Governance and Nominating Committee will assess the qualifications of the candidate according to criteria set out in the Governance Guidelines. Additionally, under Nordson's Regulations, a shareholder must submit a candidate for election as director or a proposal for consideration at next year's Annual Meeting of Shareholders, no earlier than November 22, 2006 and no later than December 22, 2006. For a candidate to be considered for election as a director or for business to be properly requested by a shareholder to be brought before an annual meeting of shareholders, the shareholder must comply with all of the requirements of Nordson's Regulations, not just the timeliness requirements described above. The Company has established procedures to permit confidential communications by shareholders to the Board of Directors regarding the Company. Shareholders may communicate directly with the Board of Directors by mail at the following address: Mr. Benedict Rosen, Director, c/o Secretary, Nordson Corporation, 28601 Clemens Road, Westlake, Ohio 44145.

Nordson will bear the expense of preparing, printing and mailing this Notice and Proxy Statement. In addition to requesting proxies by mail, officers and regular employees of Nordson may request proxies by telephone or in person. Nordson will ask custodians, nominees and fiduciaries to send proxy material to beneficial owners in order to obtain voting instructions. Nordson will, upon request, reimburse them for their reasonable expenses for mailing the proxy material.

Nordson's Annual Report to Shareholders, including financial statements for the fiscal year ended October 30, 2005, is being mailed to shareholders of record with this Proxy Statement.

**APPENDIX A
NORDSON CORPORATION
GOVERNANCE GUIDELINES**

The following Governance Guidelines (Guidelines), along with the charters of the Committees of the Board of Directors, provide the framework for the governance of Nordson Corporation.

1. Composition

The Board of Directors is classified, with three classes of four Directors. The number of Directors may be changed by the shareholders or by a vote of the majority of Directors then in office. Directors are elected for three-year terms and the terms of each of the classes expire in consecutive years. Directors may be added to a class and in such case, will hold office for the remainder of the term in office of that class. In the event of a vacancy in the Board of Directors, the Directors then in office may elect a Director to serve the remainder of the term of a Director whose resignation, removal, or death resulted in the vacancy. A majority of the Directors must meet the National Association of Securities Dealers (NASD) standards for independence.

The Board should represent a broad spectrum of individuals with experience who are able to contribute to the success of the Company. To that end, the Board should seek candidates having (a) deep concern for society and a view of the role of a corporation in society which is consistent with the traditional values of the Company, (b) senior operating experience with industrial corporations, and (c) a broad understanding of and direct experience in international business. Consideration of potential new members should include the issues of independence, diversity, and skills necessary to the perceived needs of the Board at a particular time.

The Governance and Nominating Committee of the Board of Directors will arrange for orientation for new directors and Directors will engage in continuing education programs as deemed necessary by the Committee.

2. Meetings

The Board holds an organizational meeting after each Annual Meeting of Shareholders at which time officers are elected. The Annual Meeting and the Organizational Meeting of the Board are held between February 15 and March 15 of each year. Otherwise, the Board may establish regular meetings at such times and places as it may decide. Board of Directors meetings are generally held five times each year. Dates are determined in advance. A majority of Directors then in office constitutes a quorum for Board of Directors meetings. Several meetings during each year are preceded or followed by an Audit and/or Compensation Committee Meeting.

The Chairperson of the Board and the Chief Executive Officer (if the Chairperson is not the Chief Executive Officer) will establish the agenda for each Board meeting. Each Director is free to suggest the inclusion of item(s) on the agenda.

Information and data that is important to the Board's understanding of the Company's business will be distributed in writing to the Board before each Board of Directors meeting. Management will make every attempt to see that this material is as brief as possible while still providing the desired information.

3. Meeting Attendance

Directors are expected to attend the Annual Meeting of Shareholders and all Board of Directors meetings and meetings of Committees on which the Director serves. If a Director determines that it is not possible to attend a meeting, the Director is expected to give notice of that fact as early as practicable. If a Director cannot attend a Board meeting due to an inability to be at the site of that meeting but is otherwise able to participate, it may be possible for the Director to participate by telephone if advance arrangements are

Table of Contents

made. Proxy rules require the Company to identify in the Proxy those Directors who did not attend 75% of the scheduled Directors meetings and any meetings of Committees on which the Director serves.

4. *Committees*

The Board may establish an Executive Committee, a Finance Committee, or other committees each consisting of not less than three Directors. Directors are expected to serve on one or more committees and where feasible, to rotate such service among the various committees as members and Chairpersons on a periodic basis. The Board of Directors acting on the recommendation of the Governance and Nominating Committee will determine the appropriate period of service for Committee members and Chairpersons.

Currently, the Board has established four standing committees:

A. **Audit Committee**: The Audit Committee reviews the proposed audit program (including both independent and internal audits) for each fiscal year, the results of these audits, and the adequacy of Nordson's systems of internal accounting control. The Committee also is responsible for (i) the appointment, compensation, and oversight of the independent auditors for each fiscal year, (ii) the approval of all permissible non-audit services to be performed by the independent auditors, (iii) the establishment of procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, and (iv) the approval of all related-party transactions.

All members of the Audit Committee must meet the NASD standards for independence. Committee members must be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement and cash flow statement. The Audit Committee will have at least one member who meets the definition of audit committee financial expert as promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934. The role of the audit committee financial expert will be that of assisting the Audit Committee in overseeing the audit process, not auditing the Company.

No member of the Audit Committee may receive any payment from the Company other than payment for services as a Director or member of a Committee of the Board of Directors or be an affiliated person of the Company or any of its subsidiaries. Audit Committee members will inform the Chairman of the Committee and Chief Executive Officer prior to or upon accepting an audit committee appointment of another board of directors. See Attachment 1 to these Guidelines for the Audit Committee Charter.

B. **Compensation Committee**: The Compensation Committee of the Board of Directors is responsible for approving executive officer compensation and for administering the incentive and equity participation plans which make up the variable compensation paid to executive officers. The Compensation Committee also administers employee stock plans and other benefit plans. All members of the Compensation Committee must meet the NASD standards for independence. See Attachment 2 to these Guidelines for the Compensation Committee Charter.

C. **Governance and Nominating Committee**: The purpose of the Governance and Nominating Committee is to ensure that the Board of Directors and its committees are appropriately constituted so that the Board and directors may effectively meet their fiduciary obligations to shareholders and the Company. To accomplish this purpose, the Governance and Nominating Committee shall:

- (a) Identify individuals qualified to become Board members and recommend to the Board the director nominees for the next annual meeting of shareholders and candidates to fill vacancies in the Board;
- (b) Recommend to the Board annually the directors to be appointed to Board committees;
- (c) Annually review and, when warranted, adjust Director and Committee member compensation;
- (d) Monitor and evaluate annually how effectively the Board and the Company have implemented the policies and principles of these Guidelines; and
- (e) Adopt revisions to the Guidelines where revisions are warranted based upon the annual evaluation and recommend revisions to the Board of Directors for approval.

A-2

Table of Contents

All members of the Governance and Nominating Committee must meet the NASD standards for independence. See Attachment 3 to these Guidelines for the Governance and Nominating Committee Charter.

D. **Pension and Finance Committee**: The Pension and Finance Committee is responsible for providing oversight of the named fiduciaries (the Company and the Company's Administrative Committee for Qualified Retirement Plans) administration of the Nordson Corporation Salaried and Hourly-Rated Employees Savings Trust (NEST) and Salaried and Hourly-Rated Employees Pension Plans (the Plans), including oversight of the Company's and Administrative Committee's selection and evaluation of the performance of investment managers (as that term is defined in Section 3(38) of ERISA) having investment management authority over the assets, or portion thereof, of the NEST and the Plans. A more detailed discussion of the purposes, duties and responsibilities of the Pension and Finance Committee are found in the Committee charter included as Attachment 4 to the Guidelines.

In addition to these Standing Committees, the Executive Committee acts to make necessary decisions between periodic Directors' meetings. This Committee may exercise all powers of the Board in managing and controlling the business of the Company except declaring dividends, electing officers or filling vacancies among the Directors or in any committee of the Directors. The Executive Committee shall report on all of its activities to the Board at the next Board meeting where its actions are subject to revision or alteration. Directors who do not serve as members of the Executive Committee and who are able to attend meetings of the Executive Committee are welcome to attend and are entitled to vote.

Each Committee of the Board of Directors is authorized to retain its own counsel and other advisors, at Company expense, if and to the extent necessary to carry out its responsibilities.

5. Retirement

The Board of Directors has adopted a mandatory retirement policy. Under this policy, a Director, other than those Directors who were age 75 on July 27, 2001, is expected to retire at the conclusion of the Directors meeting immediately prior to the Directors' 75th birthday.

6. Change in Status

The Board of Directors has determined that a change in employment status should not affect a Director's status as a member of the Board unless the change in employment status creates a conflict of interest or prevents a Director from performing his or her duties as a Director. A Director whose employment status has changed is to inform the Chairperson of the Governance and Nominating Committee and the Chief Executive Officer of the change in status.

7. Membership on Other Boards

Directors must be willing to devote sufficient time to carrying out their duties and responsibilities effectively and avoid actual or potential conflicts of interest that may arise from serving on other boards of directors. To that end, each Director has the responsibility to inform the Chairperson of the Governance and Nominating Committee and the Chief Executive Officer prior to accepting invitations to serve as a director on other boards of directors.

8. Presiding Director

The non-executive Chairperson of the Board (or the Chairperson of the Compensation Committee if the Chairperson of the Board is not an independent Director) will serve in the capacity of Presiding Director for purposes of chairing regularly scheduled meetings of independent Directors or for other responsibilities that the independent Directors as a whole might designate from time to time.

A-3

Table of Contents

9. *Executive Sessions of Independent Directors*

The independent Directors of the Board will meet in Executive Session no less than two (2) times a year.

10. *Assessing Board and Committee Performance*

Under the auspices of the Governance and Nominating Committee, members of the Board of Directors will conduct an annual self-assessment of the effectiveness of the Board. Each Standing Committee of the Board also conducts a self-assessment. The annual self-assessment review process should consider, among other matters, meeting agenda items and presentations, advance distribution of meeting materials, interim communication to Directors, access to and communications with senior management, and the Board's and each Committee's contribution as a whole with consideration to areas in which the Directors believe a better contribution could be made.

11. *Evaluation of the Chief Executive Officer*

The independent Directors will conduct an annual evaluation of the Chief Executive Officer, which evaluation should be communicated to the Chief Executive Officer by the Presiding Director and the Chairperson of the Compensation Committee (or another member of the Presiding Director's choosing if the Presiding Director is the Chairperson of the Compensation Committee).

To facilitate the evaluation, the Chief Executive Officer will prepare a listing of a few of the priorities that need attention during the fiscal year. The evaluation should consider aspects of corporate performance such as progress toward meeting goals and the capacity of the Company to do so in the future. The evaluation should use a combination of objective and subjective criteria.

The evaluation will be considered by the Compensation Committee in the course of its deliberations when establishing the Chief Executive Officer's compensation.

12. *Succession Planning/ Management Development*

At least every other year, the Chief Executive Officer shall report to the Board on succession planning and the Company's program for management development.

There should also be available, on a continuing basis, the Chief Executive Officer's recommendation as to his/her successor should he/she be unexpectedly disabled and be unable to carry on his/her duties as Chief Executive Officer.

13. *Board Access to Senior Management and Independent Advisors*

Directors have complete access to Nordson's management. Each Director has the responsibility to inform the Chief Executive Officer of the nature of communications with management and to provide copies of any written communication to the Chief Executive Officer.

The Board encourages management to bring managers into Board meetings who (a) can provide additional insight into the items being discussed because of personal involvement in these areas and/or (b) represent managers with future potential that management believes should be given exposure to the Board.

The Board, at its discretion, may engage and consult with independent advisors to assist the Board in carrying out its oversight responsibilities.

14. *Board Interaction with Institutional Investors*

The Board believes that the management speaks for Nordson and it is inappropriate for individual Directors to communicate separately to investors except with the full knowledge and at the request of management. Directors who receive inquiries should direct the investor to the Chief Financial Officer.

A-4

Table of Contents**15. Director Compensation**

The Chief Executive Officer will report annually to the Governance and Nomination Committee on the status of Board of Directors compensation in relation to a peer group of U.S. manufacturing companies. The Governance and Nomination Committee is authorized to establish reasonable compensation for Directors and/or a reasonable fee for attendance at any meeting of the Directors. A Director who is a full-time employee of the Company does not receive compensation for his or her services as a Director.

The Chairperson of the Board of Directors, other independent Directors and Committee chairpersons receive an annual retainer and per meeting remuneration for each Board and Committee meeting attended. Each independent Director is eligible to receive an option for Nordson Corporation Common Shares under the Company's 2004 Long-Term Performance Plan.

Travel expenses incurred in attending all meetings are reimbursed. Air travel is based on round-trip actual airfare from the Director's home to meeting locations. A Director is encouraged to select the class of travel commensurate with the situation, such as first class for long trips. Other expenses, such as hotels, meals, local transportation and similar expenses are also reimbursed.

Independent Directors are also covered under the Company's (a) health care (medical, dental and prescription drug) plan with coverage being secondary to any health care plan under which a Director is also covered, (b) life insurance plan; and (c) business travel and accident insurance plan.

The Company maintains a Deferred Compensation Plan under which a Director may elect to defer all or a portion of his/her fees until retirement. Fees may be deferred as cash or translated into stock equivalent units.

Directors are eligible to participate in The Nordson Corporation Foundation Matching Gift Program.

16. Share Ownership

To reinforce the importance of aligning the financial interests of Nordson's Directors, executives and shareholders, Nordson Directors and executive officers are required to hold a minimum number of shares of Nordson Common Stock.

Directors are required to hold shares of Nordson Common Stock with a value equal to five (5) times the amount of the annual retainer paid to Directors. The Company's Chief Executive Officer is required to hold Nordson Common Stock having a dollar value at least equal to five (5) times base salary. Nordson's President (if the President is not also the CEO) or Chief Operating Officer is required to hold Nordson Common Stock having a dollar value at least equal to three (3) times base salary, while other Nordson executive officers are required to hold Nordson Common Stock having a dollar value at least equal to two (2) times base salary.

Directors are required to achieve the share ownership requirement within five years of election to the Board, or, in the case of Directors serving at the time the ownership requirements were adopted, within five years of the date of adoption. Likewise, newly elected or promoted executive officers will have up to five years to meet the applicable ownership requirements after their election or promotion, or in the case of executive officers in office at the time the ownership requirements were adopted, within five years of the date of adoption.

Equity interests that count toward satisfaction of the ownership requirement include:

Directors: Shares owned outright by the Director, or his or her spouse and dependent children; shares held in trust for the benefit of the Director or his or her family; shares of Restricted Stock; stock equivalent units held in deferred compensation accounts which may be distributed only in the form of Common Shares; or other individual retirement accounts.

Executive Officers: Shares owned outright by the Executive Officer, or his or her spouse and dependent children; shares held in trust for the benefit of the Executive Officer or his or her family; shares of Restricted

Table of Contents

Stock; shares held in deferred compensation accounts; and shares held in the NEST (Nordson ESOP Fund and Nordson Stock Fund) or other individual retirement accounts.

In the event a Director or executive officer is unable to achieve a share ownership requirement within the established time period, the Director or executive officer will meet with the Chairman of the Governance & Nominating Committee or Chief Executive Officer, respectively, to develop a plan to achieve the share ownership requirement.

Based on the foregoing review and discussions and relying thereon, we have recommended to the Company s Board of Directors the inclusion of the Audited Financial Statements in the Company s Annual Report on Form 10-K for the year ended October 30, 2005.
