Table of Contents

Item 7.01 Regulation FD Disclosure

Linn Energy, LLC ("Linn ") has prepared a slide presentation for use in connection with investor meetings to be held on June 27, 2006 and from time to time in other conferences and discussions with investors, analysts and other interested parties. The presentation includes, among other things, revised guidance for Linn 's fiscal year ending December 31, 2006, a financial and operating overview, and information concerning Linn 's execution of its business strategies. The slides are being furnished as Exhibit 99.1 hereto, and the slide presentation will be available through Linn 's website located at www.linnenergy.com in the Investor Relations/Investor Presentations section for a period of 30 days. The slide presentation contains the non-GAAP financial measure Adjusted EBITDA, which is reconciled to its most directly comparable GAAP financial measure in the slide presentation Appendix. Adjusted EBITDA is a performance metric used by management to indicate (prior to the establishment of any reserves by Linn 's board of directors) the cash distributions Linn expects to pay its unitholders. Adjusted EBITDA is also a quantitative standard used throughout the investment community with respect to publicly-traded partnerships and limited liability companies.
