ITEM 8.01 OTHER ITEMS

Flagstone Reinsurance Holdings Limited (the “Company”) holds a controlling interest in Island Heritage Holdings Company, whose primary business is insurance. The Company is currently organized into two business segments: Reinsurance and Insurance. To better align the Company's operating and reporting structure with the current strategy, as a result of the strategic significance of the insurance business to the Company, and given the relative size of revenues generated by the insurance business, the Company modified its internal reporting process and the manner in which the business is managed and, as a result, the Company revised its segment structure, effective January 1, 2008. As a result of this process, the Company is now reporting its results to the chief operating decision maker based on two reporting segments: Reinsurance and Insurance. Through its Reinsurance segment, the Company writes primarily property, property catastrophe and short-tail specialty and casualty reinsurance. Through its Insurance segment, the Company writes property insurance for homes, condominiums and office buildings in the Caribbean region. Management views the operations and management of the Company as two separate reporting segments. The Company regularly reviews its financial results and assesses performance on the basis of these two reporting segments. The information in this Current Report on Form 8-K does not in any way restate or revise the Company’s consolidated statement of operations, consolidated statement of comprehensive income, consolidated statement of cash flows, consolidated statement of shareholders’ equity or consolidated balance sheet for the year ended December 31, 2007.

Reference is made to Exhibits 99.1 through 99.5 to this Current Report on Form 8-K, filed herewith and incorporated herein by reference, that revise “Item 1. Business,” “Item 1A. Risk Factors,” “Item 2. Properties,” “Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Item 8. Financial Statements and Supplementary Data” in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2007, in each case only to reflect the segment changes as described above.
