OneBeacon Insurance Group, Ltd. (the Company), an exempted Bermuda limited liability company, through its subsidiaries, is a specialty property and casualty insurance writer that offers a wide range of insurance products through independent agencies, regional and national brokers, wholesalers and managing general agencies. As a specialty underwriter, we believe that we will generate superior returns as compared to an underwriter that takes a more generalist underwriting approach and that our knowledge regarding specialized insurance products, targeted industries, classes of business, and risk characteristics provides us with a competitive edge when determining the terms and conditions on individual accounts. Our products relate to professional liability, marine, entertainment, sports and leisure, excess property, environmental, group accident, property and inland marine, public entities, technology, surety, and tuition refund.

The Company was acquired by White Mountains Insurance Group, Ltd. (White Mountains) from Aviva plc in 2001. White Mountains is a holding company whose businesses provide property and casualty insurance, reinsurance and certain other products. During the fourth quarter of 2006, White Mountains sold 27.6 million or 27.6% of our common shares in an initial public offering. Prior to the initial public offering, the Company was a wholly-owned subsidiary of White Mountains. As of March 28, 2013, White Mountains, through various subsidiaries, beneficially owns all of the Company s issued and outstanding Class B shares, representing 96.8% of the voting power of our voting securities and 75.2% of our outstanding common shares.

PROXY STATEMENT

This Proxy Statement is being furnished in connection with the solicitation of proxies on behalf of the Company's Board of Directors (the Board) for the 2013 Annual General Meeting of Members (the 2013 Annual Meeting), to be held on Wednesday, May 22, 2013, at Tucker's Point Hotel, 60 Tucker's Point Drive, Hamilton Parish, Bermuda. The solicitation of proxies will be made primarily by mail, and the Proxy Statement and related proxy materials (including the Company's Annual Report on Form 10-K for 2012 and the 2012 Management Report) will be made available to members of record on or about April 10, 2013.

Members Entitled to Vote at the 2013 Annual Meeting

Holders of the Company's common shares, par value \$0.01 per share, as of the close of business on March 28, 2013, the record date, are entitled to vote at the meeting. This includes shares for which you are the member of record and those for which you are the beneficial owner held in street name. On the record date, there were 95,382,879 common shares outstanding and eligible to vote, 23,628,141 of which were Class A common shares (Class A shares), and 71,754,738 of which were Class B common shares (Class B shares).

- You are the member of record if your shares are registered directly in your name with our transfer agent, Wells Fargo Shareowner Services. If you are the member of record, we have made these proxy materials available to you directly and you may grant your voting proxy directly to us or vote in person at the meeting.

- You hold your shares in street name if your shares are held in a stock brokerage account or by another person, as nominee, on your behalf. If you hold shares in street name, your broker or nominee is making these proxy materials available to you and will provide you a voting instruction card to use. You must use this voting card or follow its instructions regarding voting by proxy on the Internet or by telephone to instruct your broker or nominee as to how you would like to vote your shares. Voting instructions and deadlines vary by institution. You are invited to attend the meeting but may not vote your shares in person at the meeting unless you receive a proxy from your broker or nominee.

If you hold your shares in street name, NYSE rules provide that your broker or nominee may only vote on your behalf without specific voting instructions from you on routine matters, such as the appointment of the Company's independent registered public accounting firm (Proposal 4). The election of directors is considered a non-routine matter, and your broker or nominee will therefore be unable to vote on your behalf for the election of directors unless you provide specific voting instructions by way of the voting instruction card your broker or nominee provides you. If you do not instruct your broker or nominee on Proposals 1, 2 and 3 (referred to as a broker non-vote), your vote will be considered as present for quorum purposes but not included in the number of votes cast for these ballot items and will have no effect on the voting for these items. If you abstain, your vote will have the effect of a vote against the ballot items. Should any matter not described in this Proxy Statement be acted upon at the meeting, the persons named in the proxy card will vote in accordance with their judgment. The Board knows of no other matters which are to be considered at the 2013 Annual Meeting.

Delivery of Proxy Materials

Pursuant to Securities and Exchange Commission (SEC) rules, we are making our proxy materials, which include our Notice of the 2013 Annual Meeting, Proxy Statement, Annual Report on Form 10-K for 2012, and the 2012 Management Report, available to you over the Internet at www.proxyvote.com instead of mailing you a printed set of the proxy materials. You will need your 12-digit Control Identification Number, provided with the Notice Regarding the Availability of Proxy Materials, to access the proxy materials. In accordance with the e-proxy process, we mailed to each of our members of record as of the close of business on March 28, 2013, a Notice Regarding the Availability of Proxy Materials, which mailing commenced on or about April 10, 2013. The Notice Regarding the Availability of Proxy Materials contains instructions on how you may access our proxy materials and vote your shares by proxy over the Internet or by telephone. If you would like to receive a printed copy of our proxy materials from us instead of downloading them from the Internet, please follow the instructions included with the Notice Regarding the Availability of Proxy Materials.

How to Vote

Every person entitled to vote shares has the right to do so either in person or by a written proxy executed and filed with the Secretary. Please refer to [Members Entitled to Vote at the 2013 Annual Meeting](#) above to determine whether you are the member of

- **By Proxy Over the Internet or by Telephone.** The Internet and telephone voting procedures we established for members of record to vote by proxy are designed to authenticate your identity, allow you to give your voting instructions and confirm that these instructions have been properly recorded. If you are a member of record, follow the voting instructions set forth on the Notice Regarding the Availability of Proxy Materials to vote by proxy over the Internet or telephone. Internet and telephone voting by proxy ends at 11:59 p.m. Atlantic Time on May 21, 2013. - **Proxy Card.** If you are a member of record and request that a printed copy of the proxy materials be sent to you, you will receive a proxy card with a postage-paid envelope. Complete, sign (exactly as your name appears on your proxy card) and date the card and return it in the envelope. If you are a member of record and return your signed proxy card without indicating your voting preferences, the persons named in the proxy card will vote FOR the election of the Class I directors, FOR authorization of the election of the directors of Split Rock Insurance, Ltd. by its Member, FOR the authorization of the election of directors of any new designated subsidiary, and FOR the approval of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2013. Beneficial owners who hold their shares in street name may vote their shares by providing voting instructions to their broker or nominee before the meeting.

- **In Person at the 2013 Annual Meeting.** All members may vote in person at the meeting. If you hold your shares in street name, you must obtain and present at the meeting a legal proxy from your broker or nominee and present it to the inspector of election with your ballot to vote at the meeting.

We encourage you to vote by proxy over the Internet or telephone or by proxy card in advance of the meeting, even if you plan to attend the meeting. If you hold your shares in street name, you may change your vote by submitting new voting instructions to your broker or nominee by the deadline your broker or nominee has set for changing voting instructions.

Votes Required for Approval

With respect to the election of directors, the nominees receiving the highest number of votes, up to the number of directors to be elected, shall be deemed elected. The other proposals require the affirmative vote of a majority of the voting power held by holders of common shares present at the 2013 Annual Meeting, in person or by proxy, provided a quorum is present.

As described in more detail under the heading "Voting Securities and the Principal Holders Thereof", White Mountains, through various subsidiaries, beneficially owns all of the Company's issued and outstanding Class B shares, representing 96.8% of the voting power of our voting securities and 75.2% of our outstanding common shares as of the record date. As a result, we rely upon the controlled company exemption under New York Stock Exchange Corporate Governance Standards ("NYSE Standards") with respect to our Board and committee composition. Pursuant to this exemption, we are not required to comply with the rules that require that our Board be comprised of a majority of independent directors as defined by the NYSE Standards. Our Board currently consists of 10 persons, 5 of whom are independent as defined under the NYSE Standards, and 5 of whom are current or former employees or officers of White Mountains or the Company, or are affiliated with an entity that has a material relationship with the Company.

The Board has determined that each of Ms. Grady and Messrs. Davis, Malis, Smith and Urness are independent in accordance with NYSE Standards. For a director to be independent, the Board must determine that the director has no relationship with the Company (other than being a director or member of the Company) or has only immaterial relationships with the Company. The Company does not apply categorical standards as a basis for determining director independence. Accordingly, the Board considers all relevant facts and circumstances, on a case-by-case basis, in making an independence determination.

The Board notes no relationships (other than being directors or members) between Ms. Grady and Messrs. Davis, Malis, Smith and Urness and the Company or White Mountains. The Board notes relationships with the other members of the Board as disclosed under the heading "Transactions with Related Persons, Promoters and Certain Control Persons". In making its independence determinations, the Board considered all such relationships in light of NYSE Standards as well as the attributes it believes should be possessed by independent-minded directors.

At each meeting of the Board, the non-management directors meet in executive session without Company management present. Mr. Smith, the Chairman of the Board, presides over these meetings. The procedures for members, employees and others interested in communicating directly with any or all of the non-management directors are described under "Communication with the Board".

The Board and its Leadership Structure

Edgar Filing: OneBeacon Insurance Group, Ltd. - Form DEF 14A

The primary responsibility of the Board is to oversee and review management's performance in order to advance the long-term interests of the Company and its members. The day-to-day management of the Company, including preparation of financial statements and short-term and long-term strategic planning, is the responsibility of management.

In fulfilling its responsibility, directors must exercise common sense business judgment and act in what they reasonably believe to be in the best interests of the Company and its members. Directors are entitled to rely on the honesty and integrity of senior management and the Company's outside advisors and auditors. However, it is the Board's responsibility to establish that they have a reasonable basis for such reliance by ensuring that they have a strong foundation for trusting the integrity, honesty and undivided loyalty of the senior management team upon whom they are relying and the independence and expertise of outside advisors and auditors.

The Chairman and Deputy Chairman of the Board are selected by the Board from among its members. The Board has no established policy with respect to combining or separating the offices of Chairman and Chief Executive Officer. This decision is made depending on what is in the Company's best interests at any given point in time.

Mr. Smith serves as the independent Chairman of the Board, and Mr. Miller serves as Chief Executive Officer of the Company and Deputy Chairman of the Board. When White Mountains formed the Company, elected the Board and initially designed a governance and Board leadership structure in 2006, at the time of the Company's initial public offering, White Mountains as the

Table of Contents

majority and controlling member concluded that separation of the positions of Chairman and Chief Executive Officer was appropriate, and the Board believes it is appropriate to maintain this leadership structure.

Committees of the Board

Audit Committee

The primary purposes of the Audit Committee are to: (1) assist Board oversight of the integrity of the Company's financial statements, the qualifications and independence of the independent auditors, the performance of the internal audit function and the independent auditors, and the Company's compliance with legal and regulatory requirements; (2) provide an avenue of communication among the independent auditors, management, the internal auditors and the Board; (3) approve certain related or affiliated person transactions and review disclosures thereof; and (4) prepare the Report of the Audit Committee (which appears under Report of the Audit Committee).

Even though we rely on the controlled company exemption under the NYSE Standards, we are required to have a fully independent audit committee. The Audit Committee is currently comprised of Mr. Urness (Chairman), Mr. Malis and Mr. Smith. Mr. Urness is the audit committee financial expert, as defined in SEC rules, based upon his training and experience. The Board has determined that each member of the Audit Committee satisfies applicable NYSE Standards requirements as well as the separate independence standards set forth by the SEC.

The Audit Committee Charter, which outlines the duties and responsibilities of the Audit Committee, is available at www.onebeacon.com and in print, free of charge, to any member who requests a copy.

Compensation Committee

The primary purposes of the Compensation Committee are to: (1) review and make recommendations on director compensation; (2) discharge the Board's responsibilities relating to the compensation of executives; (3) oversee the administration of the Company's compensation plans, in particular the incentive compensation and equity-based plans; and (4) review and discuss the Compensation Discussion and Analysis with management (which appears under Executive Compensation-Compensation Discussion and Analysis) and prepare the Compensation Committee Report (which appears under Executive Compensation- Compensation Committee Report). The Compensation Committee approves all compensation for executive officers and certain other executives who report directly to the Chief Executive Officer except for compensation approved by the Performance Compensation Subcommittee (the Subcommittee). The Compensation Committee relies on the Chief Executive Officer and the Chief Human Resources Officer to assess, design and recommend compensation programs, plans and awards for executives and directors, subject to Committee or Subcommittee approval, and to administer approved programs for its non-executive officers and employees within the parameters of plan design and Committee direction. The Committee or the Subcommittee also approves all long-term equity and non-equity incentive compensation plan awards. The Compensation Committee Charter, which outlines the duties and responsibilities of the Compensation Committee, is available at www.onebeacon.com and in print, free of charge, to any member who requests a copy.

Since we rely on the controlled company exemption under the NYSE Standards, we are not required to have a fully independent compensation committee. The Compensation Committee is currently comprised of Mr. Smith (Chairman), Mr. Barrette, Ms. Grady and Mr. Urness. The Board has determined that Messrs. Smith and Urness and Ms. Grady satisfy independence criteria under the NYSE Standards.

Compensation Committee Interlocks and Insider Participation. No member of the Compensation Committee was an employee of the Company during 2012 or has served as an officer of the Company and no member had any relationships required to be disclosed in the Proxy Statement.

Performance Compensation Subcommittee

In May 2008, the Compensation Committee formed the Subcommittee comprised solely of independent directors (Messrs. Smith and Urness and Ms. Grady). The Committee delegated to the Subcommittee the review and approval of: (1) awards under equity compensation plans of the Company for purposes of compliance with Section 16; and (2) performance-based compensation to ensure compliance as and when required with Section 162(m) of the Internal Revenue Code of 1986, as amended, of the United States (the Code).

Nominating and Governance Committee

The primary purposes of the Nominating and Governance Committee are to: (1) identify individuals qualified to become Board members and recommend such individuals for nomination and election to the Board; (2) make recommendations to the Board concerning committee appointments; (3) develop, recommend and annually review corporate governance guidelines applicable to the Company and oversee corporate governance matters; and (4) oversee the evaluation of the Board and management.

Since we rely on the controlled company exemption under the NYSE Standards, we are not required to have a fully independent nominating committee. The Nominating and Governance Committee is currently comprised of Mr. Foy (Chairman), Mr. Campbell, Mr. Davis and Ms. Grady. The Board has determined that Ms. Grady and Mr. Davis satisfy independence criteria under the NYSE Standards.

The Nominating and Governance Committee Charter, which outlines the duties and responsibilities of the Nominating and Governance Committee, is available at www.onebeacon.com and in print, free of charge, to any member who requests a copy.

General Criteria and Process for Selection of Director Candidates. The Committee considers director candidates from diverse sources and welcomes suggestions from members, management and the Board. There is no difference in the way in which the Committee evaluates potential nominees for director based upon the source of the recommendation. From time to time, the Committee may engage a third party for a fee to assist it in identifying potential director candidates. Director qualifications and board diversity are discussed under The Board of Directors Director Qualifications and Board Diversity .

Consideration of Director Candidates Recommended by Members. Members who wish to recommend candidates for consideration by the Committee may submit their nominations in writing to the Secretary at the address provided under the heading Contact Information in this Proxy Statement. The Committee may consider such member recommendations when it evaluates and recommends candidates to the Board for submission to members at each annual general meeting. In addition, subject to the rights of White Mountains as the holder of the Class B shares, members may nominate director candidates for election without consideration by the Committee by complying with the eligibility, advance notice and other provisions of our Bye-Laws as described below.

Procedures for Nominating Director Candidates. Member nominations of director candidates may be made if received timely by the Secretary as outlined below. Under Bye-law Section 13 of the Company's Bye-laws, nominations for the election of directors may be made by the Board or by any member entitled to vote for the election of directors (a Qualified Member). A Qualified Member may nominate persons for election as directors only if written notice of such Qualified Member's intent to make such nomination is delivered to the Secretary not later than: (1) with respect to an election to be held at an annual general meeting, between 90 days and 120 days prior to the anniversary date of the immediately preceding annual general meeting or not later than 10 days after notice or public disclosure of the date of the annual general meeting is given or made available to Qualified Members, whichever date is earlier; and (2) with respect to an election to be held at a special general meeting for the election of directors, the close of business on the tenth day following the date on which notice of such meeting is first given to Qualified Members. Each such notice shall set forth: (1) the name and address of the Qualified Member who intends to make the nomination and of the person or persons to be nominated; (2) the class and number of shares that are owned beneficially and of record by the Qualified Member; (3) a representation that the Qualified Member is a holder of record of common shares entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (4) a representation as to whether the Qualified Member intends or is part of a group that intends to deliver a proxy statement or form of proxy to holders of at least the percentage of outstanding shares required to elect the nominee or otherwise to solicit proxies from Qualified Members in support of such nomination; (5) a description of all

Edgar Filing: OneBeacon Insurance Group, Ltd. - Form DEF 14A

arrangements or understandings between the Qualified Member and each such candidate and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the Qualified Member; (6) such other information regarding each candidate proposed by such Qualified Member as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had each such candidate been nominated, or intended to be nominated, by the Board; and (7) the consent of each such candidate to serve as a director of the Company if so elected. The Chairman of the meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

Executive Committee

The primary purpose of the Executive Committee is to act on behalf of the full Board during intervals between regular meetings, with the exception of matters that, by applicable law or the Company's By-Laws, may not be delegated.

Table of Contents

Meetings of the Board and Board Committees

During 2012, the full Board met 5 times, the Audit Committee met 8 times, the Compensation Committee met 4 times, the Performance Compensation Subcommittee met 4 times, the Nominating, Governance Committee met 2 times and the Executive Committee met once. In addition, the Special Committee, which was formed for the purpose of considering and approving the sale of OneBeacon Holdings (Luxembourg) S.à r.l., met 3 times in January 2012. See Transactions With Related Persons, Promoters and Certain Control Persons Transactions With Related Persons . During 2012, each director attended at least 75% of the meetings of the Board and the meetings held by all committees of the Board on which he or she served. All directors attended the 2012 Annual General Meeting and plan to attend the 2013 Annual Meeting.

Risk Oversight

The Board believes that oversight of the Company's risk management efforts is the responsibility of the entire Board and the senior leadership. The subject of risk management is a recurring discussion topic at Board meetings, for which the Board receives regular updates, and comprehensive formal reports, at least annually. At least annually, the Board receives a report regarding the efforts of the Company's Enterprise Risk Management Committee including a Company-wide risks report. In addition, in order to ensure that all areas of risk are adequately covered from a Board oversight perspective, senior management presents a compliance review to the Board at least annually which covers all areas of the Company's compliance efforts as well as the relevant Board or committee oversight responsibility. The Board or relevant committee receives regular updates as necessary or appropriate regarding changes in the law that impact the business and operations of the Company as well as the Company's regulatory compliance structure.

Additionally, the Board's committees are assigned oversight responsibility for particular areas of risk. For example, the Audit Committee oversees management of risks related to accounting, auditing and financial reporting, including the development, implementation and maintenance of appropriate internal controls over financial reporting. The Nominating and Governance Committee is responsible for the oversight of risks associated with committee assignments, director independence and conflicts of interest. From time to time as necessary or appropriate, the Nominating and Governance Committee receives a corporate governance update highlighting recent changes in the rules governing corporate governance disclosures as well as the impact on the Company and its disclosures. The Compensation Committee oversees risks related to executive compensation plans and implementation. All of these risks are discussed at committee meetings to which all Board members are invited as well as in the course of the regularly scheduled Board meetings.

Compensation Risks Analysis. In connection with the establishment and granting of awards under the 2013 Management Incentive Plan and the 2013-2015 cycle of the long-term incentive plans, and the Company's other performance-based compensation plans, management undertook an analysis of the performance metrics proposed to be established under those plans. Management analyzed each plan generally as well as each performance goal under each plan, in conjunction with the business process or processes involved in attaining the performance goal. Management considered any mitigating factors, including internal controls designed to prevent fraud or manipulation of business processes and operations, in its evaluation. For example, there is both pricing and reserving risk inherent in the property and casualty insurance business. The Company has established disciplines and controls regarding pricing, including underwriting guidelines and internal controls that seek to prevent any deviation from or circumvention of the guidelines by one or more underwriters. With respect to reserving risk, the Company has appointed a Chief Actuary who independently sets, and PricewaterhouseCoopers LLP, the Company's independent accountant, which audits, the Company's reserves to ensure that they are adequate to support the Company's business.

Edgar Filing: OneBeacon Insurance Group, Ltd. - Form DEF 14A

Management presented its analysis to the Compensation Committee in February 2013. Based on the analysis, the Committee concluded that the Company's performance-based compensation plans, including the 2013 Management Incentive Plan and the 2013-2015 cycle of the long-term incentive plan and the performance measures of combined ratio and growth in book value per share used in those plans did not create risks that would be reasonably likely to have a material adverse effect on the Company.

Voting Rights of Members

As of the record date, there were 23,628,141 Class A shares outstanding and 71,754,738 Class B shares outstanding. Members of record of Class A shares shall be entitled to one vote per common share, provided that, if and so long as the votes conferred by "Controlled" Class A shares (as defined below) of any person, other than White Mountains, constitute more than 9.5% of the votes conferred by the outstanding common shares of the Company, the vote conferred by each Class A common share comprised in such Controlled Class A shares shall be reduced by whatever amount is necessary so that after any such reduction the votes conferred by such shares constitute 9.5% of the votes conferred by our outstanding common shares. Class B shares shall be entitled to ten votes for every Class B share.

In giving effect to the foregoing provisions, the reduction in the vote conferred by the Controlled Class A shares of any person shall be effected proportionately among all the Controlled Class A shares of such person; provided, however, that if a holder of our common shares owns, or is treated as owning by the application of Section 958 of the Code, interests in another holder of our common shares, the reduction in votes conferred by Controlled Class A shares of such holder (determined solely on the basis of Controlled Class A shares held directly by such holder and Controlled Class A shares attributed from such other holder) shall first be effected by reducing the votes conferred on the Controlled Class A shares held directly by such holder and any remaining reduction in votes shall then be conferred proportionally among the Controlled Class A shares held by the other holders (in each case, to the extent that doing so does not cause any person to be treated as owning Controlled Class A shares constituting more than 9.5% of the votes conferred by the outstanding common shares of OneBeacon). In the event that the aggregate reductions required by the foregoing provisions result in less than 100% of the voting power over the votes entitled to be cast, the excess of 100% of the voting power over the votes entitled to be cast shall be conferred on the Class A shares held by our holders proportionately, based on the number of Class A shares held by each holder; to the extent that doing so does not cause any person to be treated as owning Controlled Class A shares constituting more than 9.5% of the votes conferred by the outstanding common shares of OneBeacon.

"Controlled" Class A shares in reference to any person other than White Mountains means:

- (1) all Class A shares directly, indirectly or constructively owned by such person within the meaning of Section 958 of the Code; and
- (2) all Class A shares directly, indirectly or constructively owned by any person or "group" of persons within the meaning of Section 13(d)(3) of the Securities Exchange Act of 1934 (the "Exchange Act") and the rules and regulations promulgated thereunder, unless the Board, by an affirmative vote of at least 75%, has exempted such person or group that includes any such person from being a holder of Controlled Class A shares under the Section 13(d)(3).

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Principles

Our executive compensation program is designed to attract, retain and motivate our executives to maximize value for our members over long periods of time. We manage all aspects of our business, including executive compensation, according to our four operating principles:

- *Underwriting comes first*
- *Maintain a disciplined balance sheet*
- *Invest for total return*
- *Think like owners*

We believe our executive compensation program supports the Company's primary objective of maximizing member value over long periods of time by utilizing a pay for performance program that closely aligns the financial interests of management with those of our members. We accomplish this by emphasizing variable long-term compensation, the value of which is tied to performance over a number of years. To that end, the Compensation Committee (referred to as the Committee in this Compensation Discussion and Analysis (CD&A)) has established base salaries and target annual bonuses that tend to be lower than those paid by comparable property and casualty insurers.

Our executive compensation program is designed to address four key principles, as follows:

Competitiveness

In order to execute our operating principles, a certain level of experience and expertise is required to manage our business with an intense and disciplined focus. Our overall executive compensation programs must be competitive to allow us to attract and retain talented and experienced executives. We assess competitiveness relative to the market in terms of total compensation rather than by individual elements of compensation.

Pay for Performance

We believe that talented executives are most attracted to an environment in which their contributions are rewarded commensurate with the value they create. And, we believe that when performance objectives are clearly articulated and incentive opportunities aligned, talented and motivated individuals excel.

Alignment with Member Interests

We recognize that to maximize value for our members, we must closely align the financial interests of management with those of the Company's members. This compensation principle reinforces our *Think Like Owners* operating principle.

Long-Term and Performance-Based

Recognizing that a member's return is best measured over long periods of time, a significant portion of executive compensation is comprised of long-term, at-risk pay. We place more emphasis on long-term performance-based compensation and less emphasis on base salary, annual incentives, perquisites and employee benefits relative to our peers.

Elements of Compensation

OneBeacon executives are compensated through a combination of base salary, annual incentive and long-term performance-based compensation. We believe that placing more emphasis on long-term performance based compensation provides an incentive to executives to follow our core operating principles and focus on achieving our long-term goals.

Table of Contents

Base Salary

We pay our executive officers base salaries that we believe to be at or below market. Executive salaries are not routinely adjusted. Instead, depending on market considerations, executive officers' salaries may be adjusted selectively by the Committee based on benchmarking or other factors the Committee may deem appropriate.

Annual Incentives (Management Incentive Plan)

We provide annual incentive opportunities to our executive officers through our Management Incentive Plan (MIP). Each year, the overall MIP pool is set, and each of our Chief Executive Officer, our Chief Financial Officers and our three other most highly compensated executive officers (collectively, the Named Executive Officers or the NEOs) is given an individual target expressed as a percentage of annual base salary. The CEO's target is 75% while the other NEOs' targets are 50%. The Committee exercises discretion in the final determination of the overall performance factor and the performance factors for each business and/or NEO. Typically, we expect the Chief Executive Officer (CEO) to receive an incentive performance factor roughly in line with the overall MIP pool percentage given our belief that the results of his efforts are appropriately reflected by the results of the Company. There can be variability in the incentive performance factors of the other NEOs based on the performance of their respective businesses or functional groups as well as individual performance.

Each year, the primary goal for the MIP is a target GAAP combined ratio adjusted to include certain parent company expenses (the MIP Adjusted Combined Ratio) consistent with that year's business plan which management and the Committee consider to be challenging but reasonably achievable. Additional goals are also set depending on the challenges or opportunities the Company is facing in any given year.

The Committee exercises discretion in evaluating the overall annual results of the Company under the MIP. The Committee believes discretion best facilitates performance-based differentiation at the business and individual level. In this way, the Committee can be sure that it can address any unforeseen opportunities and challenges through the exercise of discretion.

Long-Term Incentive Compensation

The Board has adopted and members have approved the OneBeacon Long-Term Incentive Plan (2007), as amended and restated (the LTIP), under which the Committee may grant incentive or non-qualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares and performance units.

We generally have structured our long-term incentive compensation as performance shares and/or performance units. Messrs. Miller and McDonough's long-term target awards are about evenly split between performance shares and performance units, without regard to the deduction of 35,000 performance shares for Mr. Miller in connection with his one-time restricted stock award, while the rest of the executive team's long-term target awards are split approximately 70%/30% between performance units and shares, respectively. See -Restricted Stock Award for Mr. Miller. The Committee targets these approximate splits in the belief that the mix provides appropriate incentives that track both operational and capital management results to more closely align the NEOs' interests with members' long-term interests. Messrs. Miller and McDonough

Edgar Filing: OneBeacon Insurance Group, Ltd. - Form DEF 14A

receive a larger percentage of their overall LTIP in performance shares than other NEOs, because their roles are most directly able to influence capital management and investment decisions, which are the most significant non-underwriting drivers of growth in book value per share, or GBVPS).

The number of performance shares that can be earned from a grant can vary between 0x to 2x the target number granted and is tied to achievement of a targeted average annual GBVPS over the performance cycle.

Our executives also receive awards of performance units that reward operating performance. The number of performance units that can be earned from a grant can vary between 0x to 2x the target number granted and is tied to achievement of a target average Adjusted Economic Combined Ratio (AECR) over the performance cycle. AECR is the reported GAAP combined ratio adjusted to include all other income and other expense except items explicitly related to capital and investment activities. In 2012 and previous years, AECR has focused on the Company s results including both the specialty and the runoff businesses. Going forward, in connection with the Company s transformation to a specialty company, the AECR will be focused on the reported results of the Company s specialty only reportable segments. See 2013 Compensation Actions Performance Units - 2013-2015 Performance Cycle .

Table of Contents

Performance shares and performance units are typically granted annually with performance tied to a three-year period. Performance shares and performance units may settle in cash, shares or a combination of cash and shares, as determined by the Committee. Historically, all shares and units have been settled in cash. At the time that each performance share or performance unit is granted, the Committee establishes performance objectives to be attained over the award period. The Committee selects performance objectives based on the criteria set out in the LTIP.

Compensation Mix

We have not established any formulas for determining the appropriate mix of short-term and long-term compensation. As previously stated, it is the Committee's intention to emphasize long-term compensation over short-term compensation, believing company and individual results over the long term is the best measure of NEO performance.

The OneBeacon Compensation Committee

The Committee is comprised of Lowndes A. Smith, Chair, Raymond Barrette, Lois W. Grady and Kent D. Urness. The Board has determined that each of these directors except for Mr. Barrette is (1) independent in accordance with the New York Stock Exchange Listing Standards, (2) a non-employee director as that term is defined in Rule 16b-3 under the Exchange Act, and (3) an outside director as that term is defined in Section 162(m) of the Code.

Because Mr. Barrette does not satisfy Rule 16b-3 or Section 162(m) independence standards, the Compensation Committee in May 2008 formed the Performance Compensation Subcommittee (the Subcommittee) comprised solely of the independent directors listed above to administer and approve all performance-based compensation and equity compensation awards in order to maintain favorable tax and legal treatment of such awards.

Throughout this CD&A, references to the Committee include actions taken by the Subcommittee as appropriate.

Our Compensation Process

The Committee, consistent with its Charter, reviews and approves the corporate goals and objectives relevant to the CEO, evaluates the CEO's performance in light of these goals and objectives, certifies the performance metrics of our short-term and long-term incentive plans and determines and approves the CEO's compensation based on this evaluation. Additionally, the Committee looks to the CEO to evaluate and discuss his senior team's performance with the Committee at least annually, and to make recommendations to the Committee as to their salary, annual incentive targets, annual incentive payments and long-term incentive grants. The Committee is responsible for approving all compensation for the executive team, and no executive officer is present when his or her compensation is determined by the Committee.

The Committee relies on T. Michael Miller, Chief Executive Officer, and Thomas N. Schmitt, Chief Human Resources Officer, to assess, design and recommend compensation programs, plans, and awards for executives and directors subject to Committee review and approval and to administer approved programs for its non-executive officers and employees within the parameters of plan design and Committee direction. Messrs. Miller and Schmitt attend Committee meetings and, at the Committee's request, present management's analysis and recommendations regarding various compensation programs, actions and awards. The Committee, from time to time, meets in executive session without management.

At each Committee meeting, the Committee looks to Messrs. Miller and Schmitt to report performance to date under the Company's annual and long-term incentive plans and to present and discuss the accompanying metrics and financials. At least once each year, the Committee will look to Messrs. Miller and Schmitt to present their recommendations for the next cycle's incentive compensation performance objectives, pool size and executive participants, taking into consideration external market data and anticipated economic value creation over each plan's three-year performance cycle.

2012 Compensation Actions

On February 26, 2013, the Committee met and approved all elements of incentive compensation for the 2012 plan year for Mr. Miller and the executive team. The Committee considered our 2012 reported results, which were disappointing and did not meet our expectations, primarily due to the significant impact of higher catastrophe losses (principally Hurricane Sandy), start-up expenses in two new businesses, the loss on sale of our runoff business, and costs from relocating corporate support functions. The Committee also considered the Company's good underlying specialty results as evidenced in the non-catastrophe accident year loss ratios reported in 2012 and the progress in transforming to a specialty company.

Table of Contents

The Committee certified results and awarded payments under the 2012 MIP and the performance units granted for the 2010-2012 performance cycle under the LTIP, and also authorized targeted discretionary bonuses made under a supplemental bonus pool. No payments were made under the performance shares granted under the LTIP for the 2010-2012 performance cycle based on Company performance during the award period.

Payments under the 2012 Management Incentive Plan

The Committee approved management's recommendation of a 60% performance factor under its 2012 MIP. The Company's performance against the 2012 quantitative goals was disappointing, with a 2012 MIP Adjusted Combined Ratio of 98.2% against the primary performance objective of a MIP Adjusted Combined Ratio of 93.7% or better for payout at target. In determining the Company's 2012 MIP score, the Committee also considered performance against a number of the qualitative goals under the 2012 MIP, as well as other non-financial achievements in 2012. Ultimately, the Committee concluded that these qualitative achievements, which included optimizing capital management, aggressively managing our runoff operations and positioning ourselves for our most optimal long term outcome related to the runoff business, and determining and executing against a comprehensive information technology plan, in conjunction with the combined ratio result, warranted setting the 2012 MIP performance factor at 60% of target.

Mr. Miller made a recommendation to the Committee with respect to the performance factor for each business unit or function as well as the individual MIP award for each NEO other than himself. Mr. Miller based his recommendations primarily on overall Company and business unit performance against the Company MIP goals. In making his recommendations, Mr. Miller also considered the achievement of the business or functional objectives for each NEO established at the beginning of the year, in addition to the other accomplishments of the NEOs and their department or function during the year. Mr. Miller also provided the Committee with a summary of his assessment of the individual performance of each NEO. In determining the MIP performance factor for each business and function as well as each individual NEO, the Committee focused on the Company's combined ratio and the achievement of its other objectives, and also the performance of the NEO's business unit or functional area relative to the business or functional objectives for each NEO established at the beginning of the year, including contributions to combined ratio, net written premiums, catastrophe management, expense management, and capital actions, as well as the other accomplishments of the NEO and his business or function during the year.

The Committee awarded Messrs. McDonough and Romano and Ms. Phillips MIP payouts that corresponded to performance factors of 107%, 75%, and 63% of their 2012 MIP targets, which were above the overall Company performance factor of 60%. Their MIP payout levels were based primarily upon their contributions to, and leadership of important Company-wide initiatives and transactions. The Committee awarded Mr. Crosby a MIP payout corresponding to a performance factor of 56%, based on the performance of his business units during the year. The 2012 MIP payouts were \$200,000, \$112,000, \$150,000, and \$118,100 to Messrs. McDonough, Crosby, Romano, and to Ms. Phillips, against target amounts of \$187,500, \$200,000, \$200,000, and \$187,500, respectively. The Committee awarded Mr. Miller a MIP payout at the overall Company performance factor of 60%, with a payout of \$225,000 against a target of \$375,000. See [-Summary Compensation Table](#) and [-Management Incentive Plan](#).

Payments under the 2010-2012 Long Term Incentive Cycle

The performance goal for the performance shares granted for the 2010-2012 performance cycle was 12% annual GBVPS with a minimum threshold performance of 5%. The Committee certified a GBVPS of 3.9% for the 2010-2012 performance cycle, resulting in no payments for the cycle.

Edgar Filing: OneBeacon Insurance Group, Ltd. - Form DEF 14A

The performance goal for the 2010-2012 performance unit plan cycle was a 95% AECR with a minimum threshold performance of 99%. The Committee certified an AECR of 98.3% for the 2010-2012 performance cycle, which excluded the loss from the sale of the runoff business, resulting in a performance factor of 24.5% of target and payouts of \$612,500, \$110,250, \$128,625, and \$128,625 to Messrs. Miller, McDonough, Crosby, and Romano, respectively. Because she joined the Company in February 2012 during the last year of the performance cycle, Ms. Phillips did not receive a 2010-2012 performance unit award.

Supplemental Bonus Pool

In February 2013, the Compensation Committee determined the payouts under the 2012 MIP and the earned results under the 2010-2012 LTIP cycle did not adequately recognize the Company's 2012 achievements, the continuous good underlying performance of the specialty businesses and the successful transformation of the Company to a specialty business during the 2010-2012 time period. In response, the Committee authorized a one-time supplemental bonus pool from which targeted bonuses were paid to select individuals who significantly contributed to our good underlying results and transformation to a specialty company in both 2012 and over the 2010-2012 performance cycle. The Compensation Committee believes that the total compensation paid, which is below target including the supplemental pool, is appropriate. Mr. Miller recommended, and the Committee approved discretionary bonuses of

Table of Contents

\$600,000, \$500,000, \$500,000, and \$50,000 to Messrs. McDonough, Crosby and Romano and Ms. Phillips. The Committee also awarded a discretionary bonus of \$3,000,000 to Mr. Miller in recognition of his leadership in transforming to a specialty company.

Restricted Stock Award for Mr. Miller

In May 2011, Mr. Miller received a one-time grant of 630,000 shares of restricted stock to secure his continued services for an extended period of time as well as further align his interests with the interests of members over the long term. In exchange for the award, he agreed to forego 35,000 performance shares per year for each of the next 6 years to the extent that such shares would be granted by the Committee (i.e., 210,000 performance shares in total) retroactive to February 2011. Members approved the grant at the Annual General Meeting in May 2011.

Restricted Stock Awards for Messrs. Crosby and Romano

On February 21, 2012, the Committee awarded 50,000 shares of restricted stock to each of Messrs. Crosby and Romano, with a grant date of March 1, 2012 which will vest 50% on each of February 28, 2014 and February 28, 2015. These awards were part of a grant to certain key employees, primarily who are part of our specialty businesses and/or who closely support those businesses. The Committee made these awards with the intention of providing incentive for continued superior performance within the specialty businesses and in recognition that the 2009-2011 LTIP awards did not pay out commensurate with the superior specialty results over the 2009-2011 performance period.

2013 Compensation Actions

2013 Base Salaries

The Committee confirmed base salaries of Mr. Miller and the other NEOs for 2013 at the same levels as 2012, with the exception of Mr. McDonough, whose salary was increased by \$25,000 to \$400,000.

2013 Annual Bonus Targets

The Committee also approved the annual bonus targets under the 2013 MIP for the NEOs at the same level as 2012.

2013 Management Incentive Plan Performance Goals

Edgar Filing: OneBeacon Insurance Group, Ltd. - Form DEF 14A

The Committee set the 2013 MIP primary performance objective at a MIP Adjusted Combined Ratio of 93.2% for the specialty only reportable segments. Additionally the Committee established other important, strategic objectives with respect to completing the sale of the runoff business, expense management and capital management. The 93.2% MIP Adjusted Combined Ratio represents an appropriately challenging performance goal for the 2013 MIP as we continue to fully transition to our new organization. The other performance goals are consistent with the Company's strategic and operational objectives including the reduction of expenses while continuing to write profitable specialty business, and substantially meeting these objectives will yield an expected payment at or near target.

2013-2015 Long-Term Incentive Awards

The Committee granted 2013-2015 long-term incentive awards for Mr. Miller and the executive team consistent with prior year grants with a mix of performance shares and performance units in order to align compensation with both financial and operating results.

Performance Shares - 2013-2015 Performance Cycle

The Committee established target performance for the 2013-2015 award cycle of 13% average annual GBVPS calculated on an internal rate of return basis and including the impact of dividends paid. Given the current interest rate environment, this represents a challenging but achievable goal. Annual GBVPS of 6% or less would result in a payout of 0% and annual GBVPS of 20% or more would result in a payout of 200%. The value per share at vesting will be computed based on the average closing price on the 5 business days preceding the date that the Committee certifies performance under the plan plus the value of dividends over the three-year cycle. Mr. Miller received a grant of 82,400 performance shares. Mr. Miller's grant reflects a reduction of 35,000 shares as a result of the restricted stock award he received in May 2011. See -Restricted Stock Award for Mr. Miller. Each of Messrs. McDonough, Crosby and Romano and Ms. Phillips received a grant of 20,000, 11,700, 11,700, and 8,600 performance shares, respectively.

Table of Contents

Performance Units - 2013-2015 Performance Cycle

The Committee established target performance for the 2013-2015 award cycle at 92.5% Specialty Only AECR calculated based on the average of each of the three annual performance periods, which is an aggressive goal but reflects the Company's expectations relative to its specialty focus. A combined ratio of 99.5% or more would result in a payout of 0% and a combined ratio of 87.5% or less would result in a payout of 200%. Meeting or exceeding this target requires improved financial performance over the three-year cycle. Each unit has a value of \$100. The Specialty Only AECR is the reported GAAP combined ratio for the specialty only reportable segments adjusted to include all other non-underwriting income and expense items except items explicitly related to capital and investment activities (including tax items related to capital and investment activities). The adjustment to GAAP combined ratio is calculated using the pre-tax impact of the items, divided by the GAAP earned premiums for the specialty only reportable segments. Mr. Miller received a grant of 22,500 performance units. Each of Messrs. McDonough, Crosby and Romano and Ms. Phillips received grants of 3,670, 5,260, 5,260, and 3,855 performance units, respectively. In all cases, the grants made to Mr. Miller and the other NEOs are of a substantially similar value to those made to each under the 2012-2014 performance share and performance unit awards.

Other Elements of Compensation

Retirement and Other Benefits

We have no active pension plans. Benefit accruals under our qualified pension plan and our non-qualified supplemental pension plan were frozen for all employees in 2002. None of our executive officers is eligible to participate in or receive payments under any of our frozen pension plans.

Executive officers and other key employees may participate in our non-qualified deferred compensation plan. Under the plan, participants may defer all or a portion of their annual MIP award and long-term incentive awards, which may be invested in various investment options including the OneBeacon Stock Fund which tracks the value of our common shares, and, as long as we remain part of the White Mountains group, the White Mountains Stock Fund which tracks the value of White Mountains shares. None of the investment options offered under these plans provides above-market rates of interest.

All of our employees may participate in our qualified OneBeacon 401(k) Savings and Employee Stock Ownership Plan. We do not provide supplemental retirement benefits to any employees in connection with these plans. Our executive officers also participate in other employee benefit plans on the same terms as our other employees. These plans include health insurance, life insurance and charitable gift matching.

Perquisites

Because of our belief in emphasizing performance-based compensation, we generally do not offer perquisites to our executive officers other than as described below and in the Summary Compensation Table. The perquisites that we offer our executives primarily consist of a housing/relocation allowance and related tax reimbursements.

We allow Mr. Miller to use corporate aircraft for personal reasons. The Committee established an annual cap on Mr. Miller's personal use of the corporate aircraft of \$125,000. Other trips are reimbursed by Mr. Miller at their full cost to the Company and are not considered a perquisite. The amount of the actual out-of-pocket costs to the Company of the personal flights in 2012, which is \$104,406, is included in Mr. Miller's total compensation in the Summary Compensation Table. From time to time, an executive officer may take his spouse or other family members with him on a business trip. In this instance, we do not include the aggregate incremental cost to the Company to provide that portion of the flight in the executive's total compensation in the Summary Compensation Table because the additional passenger(s) do not increase the aggregate incremental cost of the flight. However, we impute to the executive's income the Standard Industry Fare Classification (SIFL) amount for the spouse and/or family's flight as required by the Internal Revenue Code. No other Named Executive Officer used corporate aircraft for personal reasons in 2012.

Board Fees

Our executive officers, and White Mountains' executive officers, do not receive director fees for serving on the Company's or subsidiaries' boards of directors.

Employment Agreements

We have no long term employment agreements with our executive officers. Certain NEOs have severance arrangements within their employment offer letters. The details of these arrangements are disclosed under "Employment Offer Letters".

Table of Contents

Severance Arrangements

We do not have a formal severance policy; any recommended severance payment to an executive officer other than that set forth in an employment offer letter would be at the sole discretion of the Committee.

Change in Control

We have no change in control agreements with our executive officers or key employees other than that found in our long-term incentive plans which govern our long-term incentive awards. The change in control provisions of our long-term incentive plans are described in more detail under the heading "Potential Payments Upon Termination or Change in Control Long-Term Incentive Plans."

Share Ownership Guidelines

We do not currently have share ownership guidelines. The Committee recognizes that a significant portion of executive compensation is in performance shares thus tied to the Company's share performance over the long term. The Committee may review whether share ownership guidelines are appropriate at some future date.

Clawback Policy

The Committee adopted a Clawback Policy in June 2010 which provides that the Board may require any person who received a bonus or other long-term incentive compensation award to repay the Company part or all of such award if a restatement of the Company's financial statements is required by the SEC for failure to materially comply with any federal securities law that governs financial reporting as a result of such person's misconduct. Where the misconduct is fraudulent, the person must reimburse the Company for all such bonuses or long-term incentive compensation. The Committee is aware that the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 ("Dodd-Frank") requires all public companies to implement and disclose clawback policies for incentive-based executive compensation (including stock options). Dodd-Frank directs the SEC and the stock exchanges to adopt rules implementing this aspect of the bill, and once the rules are finalized and published, we will review the rules and our policy to ensure it is compliant.

Executive Hedging

The Company's Insider Trading Policy prohibits our directors, officers and employees from selling short Company securities and from buying or selling puts, calls or derivatives relating to Company securities.

Frequency of Say on Pay Member Vote

At the 2011 Annual General Meeting, members voted for the advisory vote on say-on-pay to be held once every three years. In light of the voting results with respect to the frequency of member votes on executive compensation, the Company has decided that it will conduct an advisory vote on the compensation of NEOs once every three years. The next vote on say-on-pay will be held at our 2014 Annual General Meeting of Members.

Compensation Benchmarking

Management periodically engages in its own benchmarking exercise using a peer group of specialty insurers and other companies, including Argo Group International Holdings, W.R. Berkeley Corporation, HCC Insurance Holdings, Markel Corporation, Navigators Group, Inc., and RLI Corporation. Management reviews proxy statements for these comparable companies, considers the compensation practices of White Mountains, and incorporates market feedback from its recent experience in recruiting and hiring executives. From time to time, management or the Committee may engage a compensation consultant to assist with benchmarking.

Table of Contents

The Committee may work with its own compensation consultant as it deems necessary but generally believes that it should coordinate with management in working with a consultant to ensure seamless administration and clear communication between and among all parties. To the extent that the Committee determines to use a consultant in the future, the Committee would engage the consultant and similarly would have the ability to terminate the consultant. The consultant would report directly to the Committee. The Committee may, from time to time, commission work independent of management's knowledge or involvement, such as specific benchmarking with respect to the CEO's compensation. The Committee may request that a consultant meet with the Committee, sometimes in executive session, from time to time as necessary or appropriate.

Tax Considerations

As a Bermuda-domiciled company, we do not receive a tax deduction for a certain portion of compensation paid to our NEOs. Each of our NEOs provides services to, and is compensated by, the parent company in Bermuda and subsidiaries in the United States. We do not receive a tax deduction for the compensation paid by the parent company in Bermuda as Bermuda does not impose a corporate income tax. With respect to compensation paid to our NEOs in the United States, Section 162(m) would limit the deductibility of their compensation to \$1,000,000 per individual to the extent the compensation is not performance-based as defined in Section 162(m). The Company is cognizant of Section 162(m) and generally seeks to structure its long-term incentive programs to permit the deductibility of the majority of such compensation paid to our NEOs. However, from time to time the Committee may approve compensation that will not meet the Section 162(m) requirements if, in the Committee's judgment, structuring compensation in such a manner better promotes the Company's interests. For example, the restricted stock awards made to Messrs. Miller, Crosby and Romano do not qualify for a deduction under Section 162(m). See [-Restricted Stock Award to Mr. Miller](#) and [-Restricted Stock Awards for Messrs. Crosby and Romano](#).

Management Incentive Plan

We provide annual cash incentive opportunities to our executive officers through our annual MIP. The aggregate target MIP bonus pool is set annually, and the actual size of the pool paid out depends upon Company performance in a number of categories established early in each performance year, typically including some or all of our long-term financial goals and other specific operational goals as determined by the Compensation Committee. The Compensation Committee may exercise discretion in the final determination of the overall performance factor and the performance factors for each business and/or executive and may also recognize non-financial measures when making its overall assessment of Company performance. Other non-financial goals may include achieving net written premium growth, effective capitalization, completing transactions that create long-term economic value, and managing aggregate catastrophic exposure. Individual incentive payments can vary widely around the pool average. There is no cap (other than the size of the pool) on any individual award. However, each participant is given a target expressed as a percentage of base salary. With limited exceptions, participants must be employed through the payment date in order to receive a payment under the MIP.

Long Term Cash Awards

Certain selected non-NEOs in the Company's insurance businesses participate in the Long Term Cash Plan (LTC Plan), under which annual awards are granted. Individuals participating in the LTC Plan receive 50% of their long-term target awards in performance units under the LTIP, and 50% in LTC Plan awards. Payments under the LTC Plan awards vary by individual business unit. Having awards under both plans rewards participants for overall company results but also provides an incentive for driving individual business unit results which they have the best opportunity to directly influence. The LTC Plan is generally funded in aggregate based upon performance against various business unit objectives and goals at the discretion of the Committee.

Table of Contents***Long-Term Incentive Plan and Awards***

All outstanding long-term incentive awards have been granted under the LTIP. The LTIP allows for the award of incentive or non-qualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares and performance units. All awards granted will vest if (1) there is a change in control in OneBeacon and (2) within 24 months of the change in control, the recipient is terminated, other than for cause, or there is an adverse change in the plan. See -Potential Payments Upon Termination or Change in Control Long-Term Incentive Plans. Awards are generally forfeited if the holder terminates employment prior to the end of the award period. Prorated awards may be paid in the event of a termination of employment due to death, disability or retirement. In order to be eligible to receive an award under the LTIP, all executive officers and key employees must enter into a Confidentiality and Non-Solicitation Agreement which prohibits employees from soliciting customers and certain potential customers of the Company and soliciting or hiring employees for a period of 12 months following termination of employment.

Performance Shares

Performance shares are awards of phantom shares which are earned if performance goals established by the Compensation Committee are satisfied over a specified award period. The value earned by an employee pursuant to an award of performance shares is generally equal to the number of shares earned (which is 0-200% of the target number of shares granted) multiplied by the average closing price of a common share for the 5 days preceding the date that the Compensation Committee certifies performance plus any dividends paid prior to the day the Committee meets to certify the performance results and approve payment of the award. Set forth below is a summary of our outstanding award cycles, including the cycle that vested as of December 31, 2012, and was paid out in March 2013.

LTIP Performance Cycle	Minimum (0%) Performance Goal	Target (100%) Performance Goal	Maximum (200%) Performance Goal

2012-2014	3% average annual GBVPS	10% average annual GBVPS	17% average annual GBVPS

Performance Units

Performance units are awards which grant recipients the right to receive, without payment to the Company, an earned value. Performance units are earned to the extent performance goals established by the Compensation Committee are satisfied over a specified award period. The value earned for an award is generally equal to the target number of performance units multiplied by the value of the performance unit as established by the Committee, multiplied by the performance percentage (which may not be more than 200%) as determined by the Committee based on achievement of performance goals. Set forth below is a summary of our outstanding performance unit award cycles with respect to Named Executive Officers, including the cycle that vested as of December 31, 2012, and was paid out in March 2013. The value of the 2010-2012, 2011-2013 and 2012-2014 performance units is \$100 per unit.

Stock Options

In 2006, we granted non-qualified options in connection with our initial public offering (the *IPO Options*). We have not granted stock options since 2006.

Restricted Stock Units

The Committee grants restricted stock units from time to time. For example, to address a shortfall in the value of the *IPO Options*, the Committee granted restricted stock units to each of the actively employed *IPO Option* recipients, including some of the Named Executive Officers. As of November 9, 2011, all outstanding restricted stock units granted to *IPO Option* recipients had vested, and upon vesting and attainment of the performance goal, the units and accumulated dividend equivalents were mandatorily deferred into the *Deferred Compensation Plan* (defined below). All outstanding deferred amounts were settled in a lump sum cash

payment in May 2012. The Committee also granted restricted stock units to Mr. Romano when he joined the Company in 2008, a portion of which failed to vest in 2010 because the associated performance goals were not met, and for which the Committee awarded a cash payment in recognition of Mr. Romano's strong individual performance and the underlying results in the business units he oversaw. The remainder of Mr. Romano's restricted share grant vested and settled in cash in 2012.

Restricted Stock Awards

Restricted Stock Award for Mr. Miller

In May 2011, Mr. Miller was granted 630,000 shares of restricted stock to secure his continued services for an extended period of time. In connection with the grant, Mr. Miller agreed to forego a portion of his expected performance share allocations for six years. This one-time grant of restricted stock to Mr. Miller equaled three times the foregone performance shares. Mr. Miller forfeited 35,000 shares of his 2011 performance share award, his 2012 performance share award was reduced by 35,000 shares and his future performance shares will be reduced by 35,000 shares per year continuing through 2016 for an aggregate of 210,000 foregone performance shares. 25% of the shares of restricted stock will vest on each of February 22, 2014, 2015, 2016 and 2017. In the event of a change in control, the restricted stock would vest if Mr. Miller was terminated other than for cause, was demoted or suffered a material reduction in his compensation opportunity within 24 months of the change in control. In addition, the shares would vest following a change in control if Mr. Miller was required to commute to another office for more than 18 months or was required to relocate his principal residence. Other than following a change in control, in the event of voluntary termination or termination for cause, Mr. Miller would forfeit all unvested shares. If Mr. Miller is terminated without cause, the restricted stock would vest pro-rata based on the period of time from the grant date through Mr. Miller's termination date with a minimum vesting of 50%, taking into account already vested shares, in lieu of any severance payments.

Restricted Stock Awards for Key Employees

In February 2012, the Committee approved restricted stock awards to certain key employees, including each of Messrs. Crosby and Romano, with a grant date of March 1, 2012. 50% of the restricted stock granted will vest on each of February 28, 2014 and February 28, 2015. These awards were made primarily to key employees who are part of our specialty businesses and/or who closely support those businesses.

All amounts shown are pro-rated through December 31, 2012. Amounts exclude 2010-2012 performance shares and performance units that vested on December 31, 2012.

(4) All amounts shown for performance shares and performance units are valued at 100% of target for the 2011-2013 and 2012-2014 performance cycles. Severance Agreements

We have no formal severance arrangements with our Named Executive Officers, other than those contained in employment offer letters or pursuant to our long-term incentive plans. Severance benefits for our Named Executive Officers, if any, are as disclosed in -Employment Offer Letters or as determined by the Compensation Committee from time to time in its sole discretion.

Long-Term Incentive Plans

Under our long-term incentive plans, certain events such as retirement, death or disability or a change in control of the Company coupled with involuntary or constructive employment termination or amendment to such plans materially adverse to its participants, may cause stock options to become partially exercisable and performance shares, performance units and restricted stock units to become payable in full or in part as outlined below.

None of our NEOs would have been entitled to receive any compensation with respect to outstanding award grants under our long-term incentive plans in the event of voluntary termination of employment or retirement on December 31, 2012.

In the event of death or disability, the NEOs or their beneficiaries would receive a pro-rated payment based on the number of full or partial months of service during the award period. For the 2011-2013 and 2012-2014 performance shares and performance units, payment is based on an assumed performance factor of 100% regardless of actual performance. For outstanding shares of restricted stock, payment is based on a pro-rated number of shares through the date of death or disability.

Edgar Filing: OneBeacon Insurance Group, Ltd. - Form DEF 14A

In the event of a change in control, followed by involuntary termination, constructive termination, or materially adverse amendment to our long-term incentive plans within 24 months of the change in control (qualifying events), for outstanding 2011-2013 and 2012-2014 performance shares and performance units, the Named Executive Officers would receive a pro-rated payment based on the full or partial months that have elapsed during the award period, the greater of the actual performance factor through the end of the period in which the qualifying event occurs and an assumed performance factor of 100%, and, for performance shares, the greater of share price immediately prior to or on the date of the qualifying event. In the event of termination following a change in control, 100% of the outstanding shares of restricted stock would vest as of the termination date.

A change in control is defined as (1) a third party acquiring more than 35% of OneBeacon's common shares and more of OneBeacon's common shares than White Mountains owns, (2) the continuing directors ceasing to constitute a majority of the OneBeacon board, or (3) OneBeacon disposing of substantially all of its assets to a third party. Upon a qualifying event following a change in control, the Named Executive Officer will vest in (1) 100% of his or her options and restricted stock units and (2) the pro rata portion of his or her performance shares and performance units earned at the time of the termination at an assumed 100% payout percentage.

In the event of involuntary termination other than for cause for the restricted shares granted to Mr. Miller, payment is based on a pro-rated number of shares through the date of termination (but at not less than 50%). Restricted shares held by Messrs. Crosby and Romano would vest 100% in the event of involuntary termination other than for cause. In the event of termination for cause, all outstanding long-term incentive awards would be forfeited.

Our long-term incentive plans do not provide for tax reimbursements for excess parachute payments that may result from a change in control.

TRANSACTIONS WITH RELATED PERSONS, PROMOTERS AND CERTAIN CONTROL PERSONS

Approval of Related Person Transactions

The Audit Committee, pursuant to its Charter, reviews and approves all related party transactions. For purposes of the Audit Committee's oversight responsibility, a related party transaction is defined as any transaction that is required to be disclosed in the Company's proxy statement a transaction of more than \$120,000 in which the Company and a director, executive officer or holder of 5% or more of the Company's shares (or their immediate family members) are participants and have a direct or indirect material interest. In the course of its review and approval of a disclosable related party transaction, the Audit Committee or the disinterested directors as the case may be considers:

- the nature of the related person's interest in the transaction; and
- the material terms of the transaction, including, without limitation, the amount and type of transaction.

Separation Agreement

In connection with the initial public offering of the Company's common shares and a related internal reorganization, the Company entered into a Separation Agreement dated November 14, 2006 with White Mountains (the Separation Agreement) to address a number of operational, administrative and financial matters relating to the fact that OneBeacon would no longer be a wholly-owned subsidiary of White Mountains.

OneBeacon U.S. Holdings, Inc. Guarantee

White Mountains provided an irrevocable and unconditional guarantee as to the payment of principal and interest (the *Guarantee*) on the 5.875% Senior Notes due 2013 (the *2003 Senior Notes*) issued by OneBeacon U.S. Holdings, Inc. (*OBH*), a wholly owned subsidiary of the Company, and formerly a wholly owned subsidiary of White Mountains. In November 2012, OBH issued \$275.0 million face value of new 4.60% Senior Notes due 2022 (the *2012 Senior Notes*) through a public offering. The 2012 Senior Notes are fully and unconditionally guaranteed as to the payment of principal and interest by the Company, but not by White Mountains. The proceeds from the 2012 Senior Notes were utilized to repurchase and retire the remaining \$269.8 million of 2003 Senior Notes, fully extinguishing White Mountains' obligations under the *Guarantee*.

In consideration of the *Guarantee* provided on the 2003 Senior Notes before they were repurchased and retired, OneBeacon paid a fee to White Mountains in the amount of 25 basis points per annum on the outstanding principal amount of the 2003 Senior Notes on a semi-annual basis in arrears. The Company incurred approximately \$0.8 million in fees for the provision of the *Guarantee* in 2012.

Sale of OneBeacon Holdings (Luxembourg) S.à r.l. to White Mountains

On January 24, 2012, OneBeacon Holdings Gibraltar Limited, an indirect wholly owned subsidiary of the Company (*OneBeacon Gibraltar*), sold all of the issued and outstanding shares of OneBeacon Holdings (Luxembourg) S.à r.l. (*OB Lux*) to White Sands Holdings (Luxembourg) S.à r.l., an indirect wholly owned subsidiary of White Mountains, for \$24.7 million, or \$14.0 million over book value of \$10.7 million. A Special Committee of the Board was formed to consider and approve this transaction. The Special Committee engaged legal and financial advisors to assist with its consideration of the transaction. Among other factors the Special Committee considered in approving the transaction was the opinion issued by Deloitte Corporation Finance LLC to the committee (the *Opinion*) that the consideration received by OneBeacon Gibraltar in

Edgar Filing: OneBeacon Insurance Group, Ltd. - Form DEF 14A

Esurance Transaction

On October 7, 2011, White Mountains completed the sale of White Mountains, Inc. and its subsidiaries, which held its Esurance business (Esurance), and Answer Financial Inc. and its subsidiaries to The Allstate Corporation (the Esurance Transaction). Accordingly, effective as of the closing date of the Esurance Transaction, White Mountains ceased to own the Esurance business and it is no longer considered a related party to OneBeacon.

As part of the Esurance Transaction, the Company's wholly owned subsidiary, OneBeacon Insurance Company (OBIC), established and funded a reinsurance trust for the benefit of Esurance Insurance Company (EIC) and Esurance Insurance Company of New Jersey (EICNJ), entities that were transferred by OBIC to Esurance during the period 2003-2006, to collateralize certain known liabilities that OBIC remains liable for notwithstanding the transfer of EIC and EICNJ. As of December 31, 2012, there was \$25.5 million of assets in the trust supporting the liabilities. Annual fees for the trust are approximately \$22 thousand. For the year ended December 31, 2012, OneBeacon incurred approximately \$18 thousand in trustee fees with respect to the trust, which were reimbursed by White Mountains.

Federal Insurance Indemnity

In December 2003, White Mountains and Fund American Companies, Inc., now OBH, entered into a General Agreement of Indemnity with Federal Insurance Company (Federal), under which Federal agreed to execute judicial and similar bonds on behalf of White Mountains and OBH and their respective subsidiaries. At December 31, 2012, total exposure under the General Agreement of Indemnity for outstanding bonds was \$0.9 million, all of which related to bonds issued on behalf of OBH or its subsidiaries.

The Company incurred approximately \$2.1 million, and the Company's benefit plans incurred approximately \$1.3 million, respectively, in fees for

investment management services provided by Prospector during 2012. Richard P. Howard, a portfolio manager of Prospector, is a director of the Company.

Prospector-Managed Limited Partnerships

At December 31, 2012, the Company and its subsidiaries had \$12.9 million invested in limited partnerships managed by Prospector. Under the limited partnership agreements, Prospector serves as general partner and general manager of the funds and is paid a management fee by the Company. In addition, the Company allocates a portion of its earnings on the Company's limited partnership interests to Prospector as an incentive fee. The Company incurred approximately \$0.4 million in management fees and \$0.3 million in incentive fees during 2012.

In December 2012, the Company and its subsidiaries sold their investment in the Prospector Turtle Fund, L.P. (Turtle Fund). The Turtle Fund, one of the limited partnerships managed by Prospector, was sold to an affiliate of White Mountains for \$31.6 million, representing the net asset value of OneBeacon's interest in the Turtle Fund on the date of sale.

Under the Company's approach, as of March 31, 2013, there remain 5,965,877 shares available for issuance at target under the LTIP, which could result in the issuance of up to 11,931,754 common shares.

(2) Represents shares authorized under the OneBeacon Long-Term Incentive Plan, which was used to grant IPO options, and under which no awards are currently outstanding. The Company does not intend to grant any additional awards under this plan. The material terms of the OneBeacon Long-Term Incentive Plan are the same as the LTIP except that the OneBeacon Long-Term Incentive Plan does not provide for the issuance of restricted stock units. The LTIP is described under Executive Compensation OneBeacon Long-Term Incentive Plans and Awards .
