THE QUANTUM GROUP, INC.
(A DEVELOPMENT STAGE ENTERPRISE)
NOTES TO CONDENSED FINANCIAL STATEMENTS - (UNAUDITED)
JULY 31, 2005

NOTE 1: DESCRIPTION OF COMPANY

On May 28, 2003, Transform Pack International, Inc. (the "Company") merged with Quantum HIPAA Consulting, Inc ("Quantum"). On January 30, 2004, the shareholders of the Company approved the reincorporation of the Company under the name of The Quantum Group, Inc. ("QTUM"). The shareholders approved a 1 for 10 reverse stock split. The Company is a development stage company with no current revenues. The Company's business model is to become a provider of services to the healthcare industry in three complementary areas: outsourcing administrative responsibilities for physicians, Managed Care Organizations, healthcare facilities and physician associations; developing new technologies for the healthcare delivery system; and providing healthcare services to consumers.

BASIS OF PRESENTATION

The condensed financial statements of The Quantum Group, Inc. (the "Company") have been prepared in accordance with generally accepted accounting principles for interim financial information and Regulation SB. Accordingly, they do not include all of the information and notes required by generally accepted

Edgar Filing: QUANTUM GROUP INC /FL - Form 10QSB

accounting principles for complete financial statements. The accompanying condensed financial statements of the Company are unaudited. However, in the opinion of management, they include all adjustments necessary for a fair presentation of financial position, results of operations and cash flows. All adjustments made during the nine months ended July 31, 2005, were of a normal, recurring nature. The amounts presented for the nine months ended July 31, 2005, are not necessarily indicative of the results to be expected for any other interim period or for the entire fiscal year. Additional information is contained in the Annual Report on Form 10-KSB of the Company for the year ended October 31, 2004, which should be read in conjunction with this quarterly report.

GOING CONCERN

The Company has no revenues to date. Since its inception, the Company has been dependent upon the receipt of capital investment to fund its continuing activities. In addition to the normal risks associated with a new business venture, there can be no assurance that the Company's business plan will be successfully executed. The Company's ability to execute its business model will depend on its ability to obtain additional financing and achieve a profitable level of operations. There can be no assurance that sufficient financing will be obtained. Nor can any assurance be made that the Company will generate substantial revenues or that the business operations will prove to be profitable. These conditions raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

CASH EQUIVALENTS

The Company considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents. At July 31, 2005 there were no cash equivalents.

7

THE QUANTUM GROUP, INC.

(A DEVELOPMENT STAGE ENTERPRISE)

NOTES TO CONDENSED FINANCIAL STATEMENTS - (UNAUDITED)

JULY 31, 2005

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PROPERTY AND EQUIPMENT

Furniture and equipment are stated at cost. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets, which range from three to five years.

RESEARCH AND DEVELOPMENT COSTS

Research and development costs are charged to expense when incurred.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and

Edgar Filing: QUANTUM GROUP INC /FL - Form 10QSB

the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates and the differences could be material.

INCOME TAXES

The Company has not recognized any benefit of such net operating loss carry forwards in the accompanying financial statements in accordance with the provisions of SFAS No. 109, as the realization of this deferred tax benefit is not likely. A 100% valuation allowance has been recognized to offset the entire effect of the Company's net deferred tax asset.

GOODWILL

On an annual basis, management assesses the composition of the Company's assets and liabilities, as well as the events that have occurred and the circumstances that have changed since the most recent fair value determination. If events occur or circumstances change that would more likely than not reduce the fair value of goodwill below its carrying amount, goodwill will be tested for impairment. The Company will recognize an impairment loss if the carrying value of the asset exceeds the fair value determination. As of July 31, 2005, there was a reduction of the acquisition price of \$200 resulting from the cancellation of the preferred stock associated with acquisition. There was no impairment of goodwill as of July 31, 2005.

PRINCIPLES OF CONSOLIDATION

The accompanying consolidated financial statements for the period ended July 31, 2005 include the accounts of The Quantum Group, Inc. and its subsidiaries, Renaissance Health Systems, Inc. and Quantum Medical Technologies, Inc.

REVENUE RECOGNITION

It is anticipated that the Company will recognize a majority of its revenue from Health Maintenance Organizations (HMO) as a percentage of premium collected by the HMO from governmental sources. These payments are paid at the beginning of each month, with quarterly adjustments as required on a look back basis to account for any disenrollments. Revenue will be recorded in the month earned with an allowance for the quarterly adjustments.

(A DEVELOPMENT STAGE ENTERPRISE)

NOTES TO CONDENSED FINANCIAL STATEMENTS - (UNAUDITED)

JULY 31, 2005

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

STOCK COMPENSATION

The company has adopted Statement of Financial Accounting Standards No. 123 ("SFAS 123"), "Accounting for Stock-Based Compensation." SFAS 123 encourages the use of a fair-value-based method of accounting for stock-based awards, under which the fair value of stock options is determined on the date of grant and expensed over the vesting period. Under SFAS 123, companies may, however, measure compensation costs for those plans using the method prescribed by Accounting Principles Board Opinion No. 25 ("APB No. 25"), "Accounting for Stock Issued to Employees." Companies that apply APB No. 25 are required to include pro forma disclosures of net earnings and earnings per share as if the

Edgar Filing: QUANTUM GROUP INC /FL - Form 10QSB

fair-value-based method of accounting had been applied. The Company elected to account for such plans under the provisions of APB No. 25. The Company accounts for stock options granted to consultants under SFAS 123.

Had the compensation expense for the stock option plan been determined based on the fair value of the options at the grant date consistent with the methodology prescribed under Statement of Financial Standards No. 123, "Accounting for Stock Based Compensation," at July 31, the Company's net income and earnings per share would have been reduced to the pro forma amounts indicated below:

	2005	2004
Net income (loss)		
As reported	\$ (1,287,626)	\$ (620,028)
Pro forma	\$ (1,307,161)	\$ (644,928)
Earnings per share		
As reported	\$ (0.07)	\$ (0.18)
Pro forma	\$ (0.08)	\$ (0.19)

The fair value of each option is estimated on the date of grant using the fair market value option-pricing model with the assumptions:

Risk-free interest rate	3%
Expected life (years)	5
Expected volatility	1.46
Expected dividends	None

NEW ACCOUNTING PRONOUNCEMENTS

SFAS No. 154, Accounting Changes and Error Corrections, was issued in May 2005 and replaces APB Opinion No. 20 and SFAS No. 3. SFAS No. 154 requires retrospective application for voluntary changes in accounting principle in most instances and is required to be applied to all accounting changes made in fiscal years beginning after December 15, 2005. The Company's expected April 1, 2006 adoption of SFAS No. 154 is not expected to have a material impact on the Company's consolidated financial condition or results of operations.

NOTE 3: FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amounts of cash and cash equivalents, accounts payable, notes payable and accrued liabilities approximate their fair value because of the

Edgar Filing: QUANTUM GROUP INC /FL - Form 10QSB

short maturity of these financial instruments.

NOTE 4: MERGER WITH QUANTUM HIPAA CONSULTING, INC.

Effective May 28, 2003, the Company consummated a merger pursuant to a merger agreement with Quantum HIPAA Consulting Group, Inc. Quantum HIPAA Consulting Group, Inc. developed a training compact disc and manuals to instruct the healthcare industry on the implementation of the regulations created to comply with the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

The Company completed the merger by issuing 2,700,000 shares of Common Stock to the sole shareholder of Quantum, in exchange for all the issued and outstanding shares of Quantum. For accounting purposes, the acquisition was treated as a recapitalization of the Company. The value of the net assets of the Company after the acquisition was completed is the same as their historic book value.

On May 30, 2003, in accordance with the agreement, the Company, Transform Pack International, Inc., sold its wholly owned subsidiary, Transform Pack, Inc. (TPI) to certain previous shareholders and investors of the Company. Transform Pack, Inc. and its shareholders have agreed to assume and indemnify the Company for all operating debts of the Company.

NOTE 5: ACQUISITION OF QUANTUM MEDICAL TECHNOLOGIES, INC. AND RENAISSANCE HEALTH SYSTEMS, INC.

Following a motion approved by the Company's shareholders during a meeting January 30, 2004, the Board of Directors agreed to issue 13,300,000 post reverse shares and 200,000 shares of Series A preferred stock, approved separately by the Board of Directors on July 19, 2004, to the shareholder of both Quantum Medical Technologies, Inc. (QMT) and Renaissance Health Systems, Inc. (RHS) for the 80% of the those companies which the Company does already not own from the majority shareholder of the Company. The Series A preferred stock was convertible into 30 common shares after 4 years at the option of the holder. Control in the Company will not materially change, since all the shareholders in numbers and relative beneficial ownership of both QMT and RHS are also material and beneficial owners of the common shares of the Company today. The final merger was consummated in August 2004. On May 23, 2005, the majority shareholder returned the 200,000 Series A preferred stock received from the acquisition in order to facilitate future capital raising efforts.

Quantum Medical Technologies, Inc. (QMT) was incorporated in January of 2000, and is a developmental stage company, with no significant material assets or liabilities and no revenues, and consists primarily of intellectual and patent pending business process to provide medical technologies, computer programs, electronic services, predictive modeling and other services to the medical profession. The Company has begun to develop a Cybernaptic (SM) process to connect in an applications service provider (ASP) format most of the touch points in the healthcare delivery system. The Company has also in development a QuantumQuotient (SM) index that the Company believes could be used as a tool to provide a measurable way to track improvement in the healthcare lifestyle of its subject. If this process can be confirmed, it could have significant value to the Company as a tool to reduce cost, and as an intellectual property it can sell or license to others. In addition, the Company has purchased an online medical office billing and collection program, which is currently in beta testing.

NOTE 5: ACQUISITION OF QUANTUM MEDICAL TECHNOLOGIES, INC. AND RENAISSANCE HEALTH SYSTEMS, INC. (CONTINUED)

Renaissance Health Systems, Inc. was incorporated in December of 2002, and is a developmental stage company, with no significant material assets or liabilities and no revenues, which was formed to create a community health system (CHS) that will coordinate care to managed care patients by affiliating with providers, physicians and hospitals. The Company has signed an agreement with two Florida licensed health maintenance organization to build a CHS in three counties in central Florida. The Company's management has extensive experience in developing CHS, and with recent additions to the staff, have completed the CHS by end of 3rd quarter of 2005.

NOTE 6: LOSS PER SHARE

Basic loss per share is computed by dividing loss available to common shareholders by the weighted average number of common shares for the period. The computation of diluted loss per share is similar to basic loss per share, except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potentially dilutive common shares, such as options, had been issued. Diluted loss per share is not presented as the effects would be anti-dilutive.

NOTE 7: INCENTIVE EQUITY AND STOCK OPTION PLAN

In October 2003 the Company adopted a stock option plan. The purpose of the stock option plan was to increase the employees and non-employee director's proprietary interest in Quantum and to align more closely their interests with the interests of the shareholders of Quantum, as well as to enable Quantum to attract and retain the services of experienced and highly qualified employees and non-employees directors.

Options granted under this plan may either be options qualifying as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended, or options that do not so qualify. Any incentive option must provide for an exercise price of not less than 100% of the fair market value of the underlying shares on the date of such grant, but the exercise price of any incentive option granted to an eligible employee owning more than 10% of the our common stock must be at least 110% of such fair market value as determined on the date of the grant.

The term of each option and the manner in which it may be exercised is determined by the board of directors, provided that no option may be exercisable more than 10 years after the date of its grant and, in the case of an incentive option granted to an eligible employee owning more than 10% of the our common stock, no more than five years after the date of the grant. The board of directors shall determine the exercise price of non-qualified options.

The Company has reserved 5,000,000 shares of common stock under the plan. The board of directors or a committee of the board of directors will administer the plan including, without limitation, the selection of the persons who will be granted plan options under the plan, the type of plan options to be granted, the number of shares subject to each plan options and the plan option price.

The per share exercise price of shares granted under the plan may be adjusted in the event of certain changes in the total purchase price payable upon the exercise in full of options granted under the plan. Officers, directors and key employees of and consultants to Quantum will be eligible to receive

Edgar Filing: QUANTUM GROUP INC /FL - Form 10QSB

non-qualified options under the plan. Only officers, directors and employees of Quantum who are employed by Quantum or by any subsidiary thereof are eligible to receive incentive options.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

GENERAL

The discussion and analysis set forth below should be read in conjunction with our Financial Statements and the related notes thereto appearing elsewhere in this quarterly report. The information presented for the nine months ended July 31, 2005 and 2004, was derived from unaudited financial statements, which, in our opinion, reflect all adjustments (consisting only of normal recurring adjustments) necessary for a fair presentation.

FORWARD LOOKING STATEMENTS

This Report on Form 10-QSB contains certain forward-looking statements. When used in this report, press releases and elsewhere by the management of the Company from time to time, the words "believes", "anticipates", and "expects" and similar expressions are intended to identify forward-looking statements that involve certain risks and uncertainties. Additionally, certain statements contained in this discussion may be deemed forward-looking statements that involve a number of risks and uncertainties. Among the factors that could cause actual results to differ materially are the following: the ability of the Company to meet its working capital and liquidity needs, economic trends for consumer advertisers, the availability of long-term credit, unanticipated changes in the U.S. and international economies, business conditions and growth in e-commerce and the timely development and acceptance of new products, the impact of competitive products and pricing, and other risks detailed from time to time in the Company's SEC reports. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. The Company undertakes no obligation to publicly release the results of any events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

GOING CONCERN

The Company is a development stage company that over the last three years has expensed material sums in creating procedures, manuals and systems to assist the medical community in the implementation of medical regulations. Though the Company has materially finished developing its training programs, additional updates and deployment will be required.

As shown in the accompanying condensed financial statements, the Company has incurred recurring losses and negative cash flows from its development and organization activities and has negative working capital and shareholders' deficit. Under normal conditions, these conditions raise substantial doubt about the Company's ability to continue as a going concern.

There can be no assurance that the Company will be able to successfully

Edgar Filing: QUANTUM GROUP INC /FL - Form 10QSB

implement its plans to generate additional investor interest and raise additional capital, or if such plans are successfully implemented, that the Company will achieve its goals.

Furthermore, if the Company is unable to raise additional funds, it may be required to modify its growth and developmental plans, and even be forced to severely limit development operations completely.

The accompanying condensed financial statements have been prepared assuming that the Company will continue as a going concern and do not include any adjustments to reflect the possible future effects of the recoverability and classification of assets or the amounts and classification of liabilities that might result from the outcome of this uncertainty. See "Liquidity and Capital Resources," below.
