NOTE 6 -- GOING CONCERN UNCERTAINTY

The accompanying financial statements have been prepared in conformity with principles of accounting applicable to a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. The Company has incurred continuing losses and has not yet generated sufficient working capital to support its operations. The Company's ability to continue as a going concern is dependent, among other things, on its ability to

reduce certain costs, obtain new contracts and additional financing and eventually, attaining a profitable level of operations.

It is management's opinion that the going concern basis of reporting its financial condition and results of operations is appropriate at this time. The Company plans to increase cash flows and take steps towards achieving profitable operations through the sale or closure of unprofitable operations, and through the merger with or acquisition of profitable operations.

NOTE 7 -- COMMITMENTS AND CONTINGENCIES

The Company, from time to time, may be subject to legal proceedings and claims that arise in the ordinary course of its business. The Company is currently covered adequately for workmen's compensation, auto, businessmen, and property casualty insurance meeting the standard limits that are customary in the industry. The Company does not presently have a general liability policy in effect, and has no operations performed by the Company that presently requires such insurance.

On March 19, 2004, AmeriResource Technologies, Inc. (the "Company") rescinded, ab initio, a September 25, 2001 Acquisition Agreement (the "Agreement") the Company entered into with Wasatch Business Investors, Inc., a Utah corporation ("WBI") and Covah, LLC, a Utah limited liability company

("Covah"). Pursuant to the Agreement, WBI, as agent for Covah, was to sell and transfer one hundred percent (100%) of Jim Butler Performance, Inc., a Tennessee corporation ("JBP"), to the Company in exchange for one hundred million (100,000,000) shares of the Company's stock, with seventy-five million (75,000,000) shares being issued to Covah and twenty-five million shares being issued to WBI. The Company rescinded the Acquisition Agreement because JBP was to be tendered free and clear of any liens and encumbrances at the closing of the Acquisition Agreement and the Company has been informed that a five hundred fifty thousand dollar (\$550,000) promissory note has been placed on JBP's real property with a lien securing such debt.

Additionally, since the Agreement between the Company, WBI and Covah for the purchase of JBP provided that JBP's assets be free and clear of any liens and encumbrances, the Company considers the promissory note to WBI in the amount of \$350,000 to be invalid and unenforceable.

Although there are some contingencies that exist with the Company and its subsidiaries, there are no new contingencies that have occurred since the last year-end.

General

The Company's operations for the 3rd Quarter ending September 30, 2004 were conducted through its wholly owned subsidiaries, West Texas Real Estate and Resources, Inc. ("WTRER") and through its ownership of 40% of 449 Corporation ("449") and WDHQ, Inc. ("WDHQ") and RoboServer Systems Corp ("RSSC") and Self-Service Technologies, Inc. ("SSTI"). The Company continues to seek viable business entities that are compatible to the Company's overall strategic plans, are interested in going public for an exit strategy for their employees, and/or just becoming an operating subsidiary of a public company. In furtherance of this goal, subsequent to the second quarter ending June 30, 2004, the Company settled a material portion of its liabilities through the settlement of debt.

ROBOSERVER SYSTEMS CORP.

On August 26, 2004, the Company entered into an agreement whereby it sold 100% of its interest in its subsidiary, Self-Serve Technologies, Inc. to RoboServer Systems Corp. In exchange, RoboServer Systems Corp. sold to the Company 25,000,000 shares of RoboServer Systems Corp. Common Stock and 6,500,000 shares of RoboServer Systems Corp. Super Voting Preferred Stock. The Company owns approximately 99% of the voting rights in RoboServer Systems Corp. Self-Serve Technologies, Inc. is a wholly owned subsidiary of RoboServer and is the developer of POS (point-of-sale) software and self-serve technologies for the self-serve kiosks and order stations for utilization by restaurants and the fast-food industry. The purchase price was determined arbitrarily with the exchange representing a 100% for a 99% ownership.

POINT OF SALES (POS) SOFTWARE AND SELF-SERVE TECHNOLOGY.

On May 18, 2004, the Company purchased a Point of Sales (POS) software and hardware system, Self-Serve applications with all rights for the intellectual properties, to include all trademarks and copyrights from Curtis Chambers, a software engineer, owner and developer of the POS system, for Twenty-five Million (25,000,000) shares of R-144 restricted stock. The POS software and hardware system has been in commercial use for the last three & 1/2 years in southern California in a full service restaurant. The POS system offers a fully integrated system that includes all accounting features with management tools/menus that offer various specialized reports for inventory and labor control.

The POS Self-Serve system is a specialized application accessible by restaurant customers from a kiosk. The self serve nature of the software allows management the flexibility of reducing staffing requirements thus lowers the labor expenses for the restaurant. This application also allows the customer to order the food as well as pay in a much faster time period and lessens the possibility of having an incorrect order being made.

Curtis Chambers, the engineer and developer of our POS Software and Self Serve application, has assumed the positions of Lead Developer with Self-Serve Technologies, Inc., a wholly-owned subsidiary of RoboServer Systems Corp. and is currently nearing completing of some add on features to the software and Self-Serve and kiosk application which should be ready for commercial use by December 31, 2004.

General (continued)

449 and WDHQ CORPORATIONS

On September 17, 2003, the Company executed a stock for stock like exchange agreement, ("Agreement"), with Donald Herborn ("Herborn"), a 40% owner of four operating franchises of EagleRider, Inc. These franchises known as 449 and WDHQ are engaged in the business of providing rentals of Harley Davidson motorcycles and recreational equipment. Pursuant to the Agreement, the Company issued three million (3,000,000) shares of its restricted common stock equal to a value of \$150,000 as a stipulated value of \$.05 cents to Herborn and/or his assignees in exchange for Herborn's 40% equity in 449 and WDHQ. The Company further agreed to guarantee seventy-five percent (75%) of the shares at the stipulated value of \$0.05 for a period of one year from the date of closing based on the 60 day moving average prior to the anniversary of Closing. If this 60 day average is less than the stipulated value the Company will issue additional common stock, but in no event shall the Company be required to issue more than an additional seven million shares to Herborn for a maximum total of Ten Million (10,000,000) shares of restricted common stock. Pursuant to the Agreement, the Company is also required to pay-off corporate debts of 449 and WDHQ, totaling no more than \$60,000 to various vendors. In the first quarter of 2004, the Company executed an Addendum to the stock for stock like exchange with Donald Herborn and was allowed to make an initial payment at closing of \$30,000 with the remaining \$30,000 due on or before July 31, 2004 in lieu of this \$60,000 debt payment. On February 7, 2004, the Company closed on the Herborn stock for stock like exchange agreement with stock being issued and the first payment of \$30,000 being conveyed to Donald Herborn for the 40% equity in 449 & WDHQ Corporations. The Company made its second and final payment of \$30,000 to Donald Herborn on or about July 30, 2004,

On September 17, 2003, the Company executed a Letter of Intent with Don and Charlene Swedo ("Swedos"), the majority owners (approximately 58%) of 449 & WDHQ, setting forth in principle the terms by which the Swedos would sell their ownership interests in 449 and WDHQ Corporations to the Company through a stock for stock like exchange agreement similar to the Herborn's Agreement. Additional, pursuant to the Letter of Intent, the Company would provide an additional \$340,000 for the purpose of eliminating the debt of 449 and WDHQ and funding the expansion of one rental location. The Company continues to own 40% of 449 and WDHQ Corporations and is no longer in discussions with the Swedo's regarding their majority ownership position. The Company is in discussions with EagleRider, Inc. corporate office for other viable EagleRider franchise locations that maybe available for purchase.

The oil lease that had been entered into by West Texas Real Estate and Resources on or about October 4, 1999 and then was acquired by the Company in July of 2000 expired pursuant to the terms of the lease on October 4, 2004. Therefore, the Company has reflected that adjustment to its balance sheet and income statement as of September 30, 2004.

The Company continues to search for viable business operations to acquire or merge with in order to increase the Company's revenues, assets and profitability. The Company is concentrating on its modifications to the POS software and Self-Serve application technology presently being marketed through RoboServer Systems and Self-Serve Technologies, Inc. with the expectation of bringing the Self-Serve kiosk technology to market by the end of this calendar year. The Company will continue to search for other viable businesses to acquire that will assist in providing the necessary resources to reach a level of profitability.

The decrease in these expenses for the third quarter of 2004 as related to the same period for 2003 is primarily related to a decrease in General & Administrative expenses of \$ 146,786.

Liquidity and Capital Resources

The Company's net cash used in operating activities for the nine-months ended September 30, 2004 increased to a negative (\$1,892,763) from net cash used in operations of (\$54,071) for the same period in 2003. This increase is mainly attributable to an increase in expense from non-cash services through the issuance of stock to \$762,856 for the nine-months of 2004 from \$665,087 for the nine-months of 2003, and a decrease in fixed assets from \$1,700,621 for the nine-months ended September 30, 2003 to \$163,121 for the nine-months ended September 30, 2004.

There was \$1,670,096 in cash flow provided by investing activities for the nine-months ending, September 30, 2004 and \$(426) for the same period in 2003.

There was \$204,929 in cash flow provided by financing activities for the nine-months ending, September 30, 2004, as compared to \$39,459 for the same period in 2003.

The Company has relied upon its chief executive officer for its capital requirements and liquidity. The Company's recurring losses, lack of cash flow and lack of cash on hand raise substantial doubt about the Company's ability to continue as a going concern. Management's plans with respect to these matters

include raising additional working capital through equity or debt financing and acquisitions of ongoing concerns, which generate profits, ultimately allowing the Company to achieve consistent profitable operations. The accompanying financial statements do not include any adjustments that might be necessary should the Company be unable to continue as a going concern.
