**Item Election of Directors**  
**5.02**

On January 9, 2006, the Board of Directors of FARO Technologies, Inc. elected Marvin R. Sambur, PhD to the Board of Directors. Dr. Sambur started his career at Bell Laboratories in 1968 and later held top executive positions at ITT Corporation, including President and CEO of their defense group . In 2001 , he was named and confirmed as the Assistant Secretary of the Air Force for Acquisition, where he was responsible for all Air Force research, development, and acquisition activities.

The Board of Directors has determined that Dr. Sambur is an independent director under NASDAQ National Market marketplace rules. The Board has not yet appointed Dr. Sambur to any Board committee.

FARO's Board of Directors is divided into three classes, as nearly equal as possible, with one class of directors elected each year for a three-year term. Dr. Sambur was elected to the class of directors whose term expires at the 2008 annual meeting of shareholders (or until his successor has been duly elected and qualified) to fill a vacancy created in that class by the retirement of a director. However, because the Florida Business Corporation Act provides that any director elected by the Board of Directors to fill a vacancy on the Board must stand for re-election at the next meeting of the shareholders, Dr. Sambur will stand for election at the 2007 annual meeting of shareholders.

A copy of FARO's press release announcing the election is attached hereto as Exhibit 99.1 and hereby incorporated by reference.
