#### ITEM D

#### APPROVAL OF GRANT OF OPTIONS TO OUR EXTERNAL DIRECTORS

The provision of compensation (including options) and reimbursement of expenses to external directors of Israeli companies is regulated by the Companies Law, the Companies Regulations (Rules Regarding Compensation and Expenses to an External Director), 2000, as amended (the Regulations ), and the Companies Regulations (Alleviation for Public Companies whose Shares are Traded on a Stock Exchange Outside of Israel), 2000, as amended.

Under the Companies Law and the Regulations, the grant of options to external directors generally requires the approval of a company's audit committee, followed by the approval of its board of directors, and then the approval of its shareholders.

The Regulations state that a company is entitled to decide that compensation for external directors will not be an annual fee and compensation for attendance at meetings, but rather a form of compensation set in proportion to that of the Other Directors in the company. The defined term Other Director for purposes of compensation in securities, generally refers to a director who is not: (i) an external director, (ii) a controlling shareholder, (iii) an employee or service provider of the company, (iv) an employee, director or service provider of an entity that is a controlling shareholder of the company or of an entity controlled by a controlling shareholder of the company, or (v) a director receiving compensation by the company (compensation in the form of securities constitutes compensation for these purposes).

On August 8, 2004, our Audit Committee, followed by our Board of Directors, resolved, subject to shareholder approval, that during the three-year duration of their second term, our external directors shall receive compensation in the form of options to purchase the Company's Ordinary Shares, at the same times, under the same vesting conditions, in an amount equal to the amount granted to the Other Directors (as defined in the Regulations for purposes of compensation in securities) in the Company (that are not also either the Chairman of the Board of Directors, the head of the Audit Committee or a senior employee of the Company) at the time of grant to the external directors, at the same exercise price and other terms, and in accordance with any other terms and conditions as shall be granted to such Other Directors, and accordingly, resolved, subject to shareholder approval, to approve the grant to each of our external directors, Zohar Gilon and Shmuel Levy, options to purchase 50,000 Ordinary Shares for 2004, to be vested over a period of three years, with one third to be vested at the end of each year, provided each is still a director of the Company. The exercise price shall be equal to the closing price of the Company's shares on the NASDAQ National Market as of the business day preceding the Meeting.

---

In addition, the Regulations specify that such securities be granted in the framework of a benefit plan for all of a company's directors that are not external directors and for additional officers in the company, except that directors who are controlling shareholders may be excluded from said grant of options. The option grants to our external directors described above were made under the Company's 2003 Share Option Plan and under the Capital Gains Route of Section 102(b)(2) of the Ordinance.

The affirmative vote of the holders of a majority of the voting power represented at the Meeting, in person or by proxy, and voting on this matter, is required for the approval of this matter.

It is proposed that at the Meeting the following resolution be adopted:

**RESOLVED**, that during the three-year duration of their second term, our external directors shall receive compensation in the form of options to purchase the Company's Ordinary Shares, at the same times, under the same vesting conditions, in an amount equal to the amount granted to the Other Directors (as defined in the Companies Regulations (Rules Regarding Compensation and Expenses to an external director) 2000, as amended) in the Company (that are not also either the Chairman of the Board of Directors, the head of the Audit Committee or a senior employee of the Company) at the time of grant to the external directors, at the same exercise price and other terms, and in accordance with any other terms and conditions as shall be granted to any Other Director in the company, and to approve the grant of options to purchase 50,000 Ordinary Shares for 2004, to each of Zohar Gilon and Shmuel Levy in accordance with the terms approved by the Audit Committee and Board of Directors.
