PROXY STATEMENT

---

ANNUAL GENERAL MEETING OF SHAREHOLDERS

June 7, 2016

We invite you to attend the Annual General Meeting of Shareholders of Check Point Software Technologies Ltd. The meeting will be held on June 7, 2016 at 5:00 P.M. (Israel time), at Check Point's principal executive offices at 5 Ha'solelim St., Tel Aviv, Israel.

We are sending you this Proxy Statement because you hold Check Point ordinary shares. Our board of directors is asking that you sign and send in your proxy card, attached to this Proxy Statement, in order to vote at the meeting or at any adjournment of the meeting.

Agenda Items

The following matters are on the agenda for the meeting:

- (1) to elect six directors – the terms of six of our current directors will expire at the meeting, and we are proposing to reelect these six directors;
- (2) to ratify the appointment and compensation of Kost, Forer, Gabbay & Kasierer, a member of Ernst & Young Global, as our independent registered public accounting firm for 2016 – Israeli law requires that we ask you, on an annual basis, to approve our auditors; when this proposal is raised, you will also be invited to discuss our 2015 consolidated financial statements;
- (3) as required by Israeli law, to approve the compensation for our Chief Executive Officer; and
- (4) as required by Israeli law, to readopt our executive compensation policy.

How You Can Vote

You can vote your shares by attending the meeting or by completing and signing a proxy card. Attached is the proxy card for the meeting that is being solicited by our board of directors. Please follow the instructions on the proxy card. You may change your mind and cancel your proxy card by sending us written notice, by signing and returning a proxy card with a later date, or by voting in person or by proxy at the meeting. We will not be able to count a proxy card unless we receive it at our principal executive offices at 5 Ha'solelim Street, Tel Aviv, Israel, or our registrar and transfer agent receives it in the enclosed envelope, by June 7, 2016 at 6:59 A.M. Israel time, which is June 6, 2016 at 11:59 P.M. Eastern daylight time. By signing and returning the proxy card you are confirming that you are not a "controlling shareholder" and do not have a "personal interest" in any proposed resolution, unless you specifically note on the proxy card that you are a "controlling shareholder" or have a "personal interest" with respect to a specific resolution.

## Who Can Vote

You are entitled to notice of the meeting and to vote at the meeting if you were a shareholder of record at the close of business on April 28, 2016, or the “Record Date.” You are also entitled to notice of the meeting and to vote at the meeting if you held our ordinary shares through a bank, broker or other nominee which was one of our shareholders of record at the close of business on the Record Date, or which appeared in the participant listing of a securities depository on that date. We are mailing copies of this Proxy Statement and the proxy cards to our shareholders of record on the Record Date on or about May 5, 2016, and we will solicit proxies primarily by mail and email. The original solicitation of proxies by mail and email may be further supplemented by solicitation by telephone, mail, email and other means by certain of our officers, directors and employees, but they will not receive additional compensation for these services. We will bear the cost of external solicitors and of the solicitation of the proxy cards, including postage, printing and handling, and will reimburse the reasonable expenses of banks, brokerage firms and others for forwarding material to beneficial owners of our ordinary shares.

## Quorum and Required Vote

On April 28, 2016, we had outstanding 171,476,571 ordinary shares. Each ordinary share is entitled to one vote upon each of the matters to be presented at the meeting. Under our Articles of Association, the meeting will be properly convened if at least two shareholders attend the meeting in person or sign and return proxies, provided that they hold shares representing more than 50% of our voting power. This is known as a quorum. If a quorum is not present within half an hour from the time scheduled for the meeting, the meeting will be adjourned for one week (to the same day, time and place), or to a day, time and place proposed by the Chairman of our board of directors with the consent of the majority of the voting power represented at the meeting in person or by proxy and voting on the adjournment. Any two shareholders who attend an adjourned meeting in person or by proxy will constitute a quorum, regardless of the number of shares they hold or represent. Under Israeli law, broker non-votes and abstentions will be counted toward the required quorum, but will then have no effect on whether the requisite vote is obtained (that is, they will not be counted as voting for or against the proposals).

If a shareholder holds ordinary shares through a bank or broker it is critical for that holder to cast a vote if that holder wants it to count. Please note that a shareholder’s bank or broker can no longer vote uninstructed shares in the election of directors on a discretionary basis. Thus, if a shareholder holds ordinary shares through a bank or broker and does not instruct the bank or broker how to vote, no votes will be cast on that shareholder’s behalf except with respect to Item 2. The shareholder’s bank or broker will, however, continue to have discretion to vote any uninstructed shares on the ratification of the appointment and compensation of Check Point’s independent registered public accounting firm (Item 2 of this Proxy Statement).

Our board of directors unanimously recommends that you vote “FOR” all proposals under Items 1 through 4 below.

The affirmative vote of the holders of a majority of the voting power represented and voting on this proposal in person or by proxy is necessary to approve the resolution to ratify the appointment and compensation of our independent registered public accounting firm.

### ITEM 3 – PROPOSAL TO APPROVE COMPENSATION TO OUR CHIEF EXECUTIVE OFFICER

Israel's Companies Law provides that the compensation of our Chief Executive Officer and our directors, whether as directors, officers or consultants, requires shareholder approval. This includes cash compensation as well as compensation in the form of equity awards. Gil Shwed is our Chief Executive Officer and a director and, therefore, his compensation requires shareholder approval.

Mr. Shwed has requested to forego his salary and bonus for 2016, as he has done for the past several years. Following consideration of Mr. Shwed's request, our compensation committee and board of directors have determined that Mr. Shwed will not receive a bonus for 2016, and will not receive any cash compensation for 2016 except for an amount equal to the minimum wage required under Israeli law. Currently, other than the minimum wage required by law, Mr. Shwed's sole compensation for 2016 will be the option grant recommended below, if approved by the shareholders at the meeting. Our goal is to clearly align Mr. Shwed's compensation with the objectives of our shareholders.

Our compensation committee recommended the grant to Mr. Shwed of options to purchase 1.3 million ordinary shares at an exercise price equal to 100% of the closing price of the ordinary shares on the NASDAQ Global Select Market on the date of the meeting, vesting over a period of 4 years. Our board of directors subsequently approved the grant to Mr. Shwed of options to purchase 1.3 million ordinary shares, upon the terms recommended by the compensation committee. We are therefore proposing that you now approve the option grant to Mr. Shwed. The number of ordinary shares beneficially owned by Mr. Shwed, and the number of ordinary shares he beneficially owns pursuant to stock options exercisable within 60 days after April 1, 2016, are set forth above under the caption "Beneficial Ownership of Securities by Certain Beneficial Owners and Management; Executive Compensation."

In making its recommendation, the compensation committee considered several factors, including comparable industry data, data of peer companies in our industry, the responsibilities and duties performed by Mr. Shwed, the equity and compensation for comparably situated chief executive officers, the estimation of Mr. Shwed's expected contributions to the future growth and profitability of Check Point, as well as certain other factors prescribed by Israel's Companies Law and our executive compensation policy. The compensation committee directly engaged the services of Mercer LLC, a leading global provider of consulting services relating to human capital and compensation. Mercer provided input on a range of external market factors, including appropriate comparison companies for assessing our competitive market position and comparable executive compensation arrangements, including an analysis of the Company's performance relative to that of peer companies. No member of the compensation committee or any named executive officer has any affiliation with Mercer. Mercer reported directly to the compensation committee.

In connection with their review, our compensation committee and board of directors confirmed that it is the intention of the company that the number of company equity awards outstanding shall continue in the future not to exceed 10% of our outstanding ordinary shares.

The annual compensation earned during 2015 by our five most highly-compensated executive officers is outlined in Item 6 of our Annual Report on Form 20-F for the year ended December 31, 2015, as filed with the Securities and Exchange Commission on April 28, 2016, a copy of which is available on our website at [www.checkpoint.com](http://www.checkpoint.com).

We are proposing to adopt the following resolution:

RESOLVED, that the grant to Gil Shwed of options to purchase 1.3 million ordinary shares at an exercise price equal to 100% of the closing price of the ordinary shares on the NASDAQ Global Select Market on the date of the 2016 Annual General Meeting of Shareholders and upon the terms recommended by Check Point's compensation committee and approved by Check Point's board of directors be, and it hereby is, approved.

The affirmative vote of the holders of a majority of the voting power represented and voting on this proposal in person or by proxy is necessary for the approval of the resolution to approve the grant of options to our Chief Executive Officer, who is also a director. In addition, the shareholders' approval must either include at least a majority of the ordinary shares voted by shareholders who are not controlling shareholders nor are they shareholders who have a personal interest in the approval of the grant of options to our Chief Executive Officer, or the total ordinary shares of non-controlling shareholders and non-interested shareholders voted against this proposal must not represent more than two percent of the outstanding ordinary shares. For this purpose, you are asked to indicate on the enclosed proxy card whether you are a controlling shareholder or have a personal interest in the adoption of the proposal to grant options to our Chief Executive Officer, as described above. Under Israel's Companies Law, in general, a person will be deemed to be a controlling shareholder if the person has the power to direct the activities of the company, otherwise than by reason of being a director or other office holder of the company, and you are deemed to have a personal interest if any member of your immediate family or their spouse has a personal interest in the adoption of the proposal. In addition, you are deemed to have a personal interest if a company, other than Check Point, that is affiliated to you has a personal interest in the adoption of the proposal. Such company is a company in which you or a member of your immediate family serves as a director or chief executive officer, has the right to appoint a director or the chief executive officer, or owns 5% or more of the outstanding shares. However, you are not deemed to have a personal interest in the adoption of the proposal if your interest in such proposal arises solely from your ownership of our shares, or to a matter that is not related to a relationship with a controlling shareholder.

ITEM 4 – PROPOSAL TO READOPT THE COMPANY’S EXECUTIVE COMPENSATION POLICY

Pursuant to Israel’s Companies Law, all public Israeli companies, including companies whose shares are only publicly-traded outside of Israel, such as Check Point, are required to adopt a written compensation policy for their executives, which addresses certain items prescribed by Israel’s Companies Law. The adoption, amendment and restatement of the policy is to be recommended by the compensation committee and approved by the board of directors and shareholders, except that the approval of the shareholders may be waived in certain circumstances prescribed by Israel’s Companies Law.

In 2013, in accordance with such Israeli law requirements, our compensation committee reviewed and adopted a written compensation policy for our executives and directors, which addressed the items prescribed by Israel’s Companies Law, and our board of directors and shareholders subsequently approved the policy.

In accordance with the Israeli law requirement that such policy must be reviewed and readopted within three years from the original adoption date, our compensation committee reviewed and readopted the written compensation policy for our executives and directors, which is substantially similar to the existing policy, which was adopted in 2013, except to reflect the separation of the Chief Executive Officer and Chairman roles. A copy of the proposed Check Point Executive Compensation Policy is attached as Annex A to the proxy statement. Our board of directors subsequently approved the policy and recommended that it be adopted by the shareholders.

We are proposing to adopt the following resolution:

RESOLVED, to readopt the Check Point Executive Compensation Policy in the form attached as Annex A hereto.

The affirmative vote of the holders of a majority of the voting power represented and voting on this proposal in person or by proxy is necessary for the approval of the resolution to readopt the Check Point Executive Compensation Policy. In addition, the shareholders’ approval must either include at least a majority of the ordinary shares voted by shareholders who are not controlling shareholders nor are they shareholders who have a personal interest in the re-adoption of the Check Point Executive Compensation Policy, or the total ordinary shares of non-controlling shareholders and non-interested shareholders voted against this proposal must not represent more than two percent of the outstanding ordinary shares. For this purpose, you are asked to indicate on the enclosed proxy card whether you are a controlling shareholder or have a personal interest in the in the re-adoption of the Check Point Executive Compensation Policy.

## SHAREHOLDER PROPOSALS FOR 2017 ANNUAL GENERAL MEETING OF SHAREHOLDERS

Under Israel's Companies Law, shareholders who severally or jointly hold at least 1% of the company's outstanding voting rights are entitled to request that the Board of Directors include a proposal in a future shareholders meeting, provided that such proposal is appropriate for consideration by shareholders at such meeting. To be considered for inclusion in the company's proxy statement for our 2017 annual general meeting of shareholders pursuant to Israel's Companies Law, shareholder proposals must be in writing and must be properly submitted to 5 Ha'solelim St., Tel Aviv, Israel, Attention: Corporate Secretary, and must otherwise comply with the requirements of Israel's Companies Law. The written proposal must be received by Check Point not less than 90 calendar days prior to the first anniversary of the 2016 Annual General Meeting of Shareholders (i.e., no later than March 8, 2017); provided that if the date of the 2017 annual general meeting of shareholders is advanced by more than 30 calendar days prior to, or delayed (other than as a result of adjournment) by more than 30 calendar days after, the anniversary of the 2016 Annual General Meeting of Shareholders, for a proposal by a shareholder to be timely it must be so delivered not later than the 7th calendar day following the day on which we call and provide notice of the 2017 annual general meeting of shareholders.

We currently expect that the agenda for our annual general meeting of shareholders to be held in 2017 will include (1) the election (or reelection) of directors; (2) the approval of the appointment (or reappointment) of the Company's auditors; and (3) presentation and discussion of the financial statements of the Company for the year ended December 31, 2016 and the auditors' report for this period.

Executive Compensation Policy

Purpose

The purpose of the Check Point Software Technologies Ltd. (“Check Point”) Executive Compensation Policy (the “Policy”) is to describe Check Point’s overall compensation strategy for executive officers and directors and to provide guidelines for setting compensation of its executive officers and directors.

The Policy is adopted in accordance with the requirements of Israel’s Companies Law, (the “Companies Law”) and reflects the specific compensation requirements and limitations as set forth in the Companies Law. This Policy applies to the compensation arrangements of all of Check Point’s directors and executive officers, including all office holders (as defined in the Companies Law) (collectively, the “Executives”).

The adoption, amendment and restatement of the Policy shall be recommended by the Compensation Committee of the Board of Directors (the “Compensation Committee”) and approved by the Board of Directors and Check Point’s shareholders, except that the approval of the shareholders may be waived in circumstances prescribed by the Companies Law.

Compensation Committee Independence

The Compensation Committee will be composed of at least three members of the Board of Directors. Each member of the Compensation Committee must meet the independence requirements established under applicable law.

Overall Strategy

Check Point believes that strong, effective leadership is fundamental to its continued growth and success in the future. This requires the ability to attract, retain, reward and motivate highly-skilled executives; executives with the competencies needed to excel in a rapidly changing marketplace and to continually motivate their employees.

The Policy is intended to align between the need to incentivize Executives to succeed in achieving their goals and the need to assure that the compensation structure meets Check Point’s interests and its overall financial and strategic objectives.

The Policy is also designed to offer Executives a compensation package that is competitive with other companies in our industry, and in particular in the IT, Internet security and data security industries.

In support of this goal, Check Point’s executive compensation practices are designed to meet the following objectives:

- ensure that the interests of the Executives are closely aligned with the interests of Check Point’s shareholders and emphasize equity pay and long-term incentives so that Executives have an interest in Check Point’s sustained growth and success;
- motivate the Executives to achieve results with integrity and fairness;

- support a performance culture that is based on merit, and differentiates and rewards excellent performance, both in short and long-term, and recognizes Check Point's company values; and
- balance rewards for both short-term and long-term results to ensure sustained business performance over time.

#### General Considerations in Setting Compensation

In setting compensation of an Executive, the Compensation Committee and the Board of Directors shall consider, among other things, the following factors:

- the educational, professional experience and accomplishments of the Executive;
- the Executive's position, responsibilities and prior compensation arrangements;
- data of peer companies, including companies in the industry and/or geographic market;
  - compensation for comparably situated executives;
- the Executive's expected contribution to Check Point's future growth and profitability;
- the relation between the average cost of compensation of the Executives and the average and median cost of compensation of Check Point's employees and contractors, as well as whether such variation has an effect on employment relations; and
- any requirements prescribed by applicable law from time to time.

Each of the Compensation Committee and Board of Directors may engage compensation advisors and other professionals to assist in formulating compensation packages in line with the Policy, including, without limitation, to assist in collecting relevant data, framing the appropriate factors to be considered and evaluating the different factors being considered.

#### Executive Compensation Framework

Check Point provides fair and equitable compensation for its Executives by combining several compensation elements.

All compensation arrangements of Executives are to be approved in the manner prescribed by applicable law.

Check Point pays Executives, other than non-employee directors, a compensation package that combines a base salary, a cash bonus, equity-based long-term incentives and other benefits.

Non-employee directors are paid an annual cash retainer for Board and committee participation together with equity-based incentives. In addition, the non-executive Chairman of the Board and non-employee directors may be paid an annual cash retainer for serving as the Chairman of the Board and the chair of a Board committee, respectively.

#### Recoupment Policy

To reflect sound corporate governance, Check Point's recoupment policy relating to Executive compensation allows for the recovery of all or a portion of any compensation paid to an Executive that was paid on the basis of financial

data included in Check Point's financial statements in any fiscal year that were found to be inaccurate and were subsequently restated.

In such event, Check Point will seek reimbursement from the Executives to the extent such Executives would not have been entitled to all or a portion of such compensation, based on the financial data included in the restated financial statements.

The Compensation Committee will be responsible for approving the amounts to be recouped and for setting terms for such recoupment from time to time.

#### Variable Pay

All Executives other than directors will be incentivized through a program that sets performance targets based on their role and scope. Actual payments are driven by the business and individual performance vis-à-vis the performance targets set at the beginning of the year.

The performance targets and the maximum variable components payable to each Executive (other than the Chief Executive Officer) shall be presented and recommended by Check Point's Chief Executive Officer and reviewed and approved by the Compensation Committee and the Board of Directors. The performance targets and the maximum variable components payable to the Chief Executive Officer shall be presented and recommended by the Compensation Committee and reviewed and approved by the Board of Directors and Check Point's shareholders.

All Executives are incentivized through cash bonuses and long-term equity-based incentives to provide the Executive with a stake in Check Point's success – thus linking the Executive's long-term financial interests with the interests of Check Point's shareholders. The value of the variable compensation components shall equal at least thirty five percent of each Executive's total compensation package on an annual basis. The maximum annual value of the equity-based long-term compensation components and cash bonuses of all Check Point Executives shall not exceed one percent of Check Point's market cap. The ratio of the average cost of cash compensation of the Executives, compared to the average and median cost of Check Point's employees and contractors, was in 2015 four to one and five to one, respectively. Furthermore, the ratio of the average cost of compensation including equity of the Executives to the average and median cost of Check Point's employees and contractors was thirty nine to one and sixty six to one, respectively.

In determining performance targets for Executives and the cash bonus and equity-based long-term incentives payable to each Executive, consideration should be given to promote Check Point's goals and to ensure that a significant portion of the variable components be determined based on measureable criteria. A non-significant portion of the variable components may be based on non-measurable criteria taking into account the Executive's contribution to Check Point.

Examples of performance targets that will be considered include:

- financial results;
- sales results;
- efficiency metrics;
- internal and external customer satisfaction;
- shareholder value;
- execution of projects; and

- attainment to milestones.

Unless otherwise specified in the terms of the variable compensation of an Executive, the Board of Directors shall not have discretion to unilaterally reduce such Executive's variable compensation.

Equity compensation may be granted in any form permitted under Check Point's equity incentive plans, as in effect from time to time (collectively, the "Equity Incentive Plans"), including stock options, restricted share units and restricted stock. Equity grants to Executives shall be made in accordance with the terms of the Equity Incentive Plans.

All equity-based incentives granted to Executives shall be subject to vesting periods in order to promote long-term retention of the awarded Executives. Unless determined otherwise in a specific award agreement approved by the Compensation Committee and the Board of Directors, grants to Executives other than directors shall vest gradually over a period of between three to five years. The value of the equity-based compensation shall be calculated on the grant date. The Board of Directors shall not have discretion to limit the value of the equity-based compensation at the time of exercise.

The Compensation Committee or the Chairman of the Board of Directors is entitled to recommend granting special incentives to the Chief Executive Officer, and the Chief Executive Officer is entitled to recommend granting special incentives to Executives (other than the Chief Executive Officer), subject, in each case, to the approval of the Compensation Committee and the Board of Directors and, if required by applicable law, the shareholders.

#### Separation Payments

As a matter of policy Check Point does not generally provide separation payments upon termination of an Executive's engagement with the company, other than payments prescribed by applicable law, practice or other legal considerations. Should the Company elect to make a separation payment to a departing Executive, such payment may not exceed an amount equal to 12 months' pay of the departing Executive's compensation and shall be determined based on certain criteria, including the length of employment of the Executive, the Executive's performance during his/her employment, the circumstances surrounding the termination of employment of the Executive, etc.

#### Recommendation, Review and Approval of Policy

The independent Compensation Committee shall periodically review the Policy and monitor its implementation, and recommend to the Board of Directors and shareholders to amend the Policy as it deems necessary from time to time.

The term of the Policy shall be indefinite. However, the Compensation Committee shall recommend to the Board of Directors and shareholders, at least once every three years (if required by applicable law), to amend or restate the Policy.
