VOTING INFORMATION

All shares represented by properly executed proxies received by the Board of Directors pursuant to this solicitation will be voted in accordance with the shareholder's directions specified on the proxy. If no directions have been specified by marking the appropriate places on the accompanying proxy card, the shares will be voted in accordance with the Board's recommendations which are:

FOR the amendments of the Company's Code of Regulations; and

FOR the election of Karen B. Brenner, C. Michael Ford and Howard E. Turner, as directors of the Company for a term not to exceed two years.

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form DEF 14A

A shareholder signing and returning the accompanying proxy has power to revoke it at any time prior to its exercise by delivering to the Company a later dated proxy or by giving notice to the Company in writing or at the meeting, but without affecting any vote previously taken.

Record Date

You may vote all shares that you owned as of October 1, 2004, which is the record date for the Annual Meeting. On October 1, 2004, we had 7,077,403 common shares outstanding. Each common share is entitled to one vote on each matter properly brought before the Meeting.

Ownership Of Shares

If your shares are registered directly in your name, you are the holder of record of these shares and we are sending these proxy materials directly to you. As the holder of record, you have the right to give your proxy directly to us, give your voting instructions by telephone or by the Internet, or vote in person at the Annual Meeting. If you hold your shares in a brokerage account or through a bank or other holder of record, you hold the shares in street name, and your broker, bank or other holder of record is sending these proxy materials to you. As a holder in street name, you have the right to direct your broker, bank or other holder of record how to vote by filling out a voting instruction form that accompanies your proxy materials. Regardless of how you hold your shares, we invite you to attend the Annual Meeting.

How To Vote

Your Vote Is Important. We encourage you to vote promptly. Internet and telephone voting is available through 5:00 p.m. Eastern time on Friday, November 5, 2004 for all shares. You may vote in one of the following ways:

By Telephone: If you are located in the U.S., you can vote your shares by calling the toll-free telephone number on your proxy card or in the instructions that accompany your proxy materials. You may vote by telephone 24 hours a day. The telephone voting system has easy-to-follow instructions and allows you to confirm that the system has properly recorded your votes. If you vote by telephone, you do not need to return your proxy card.

By Internet: You can also vote your shares by the internet. Your proxy card indicates the web site you may access for internet voting. You may vote by the internet 24 hours a day. As with telephone voting, you will be able to confirm that the system has properly recorded your votes. If you are an owner in street name, please follow the internet voting instructions that accompany your proxy materials. You may incur telephone and internet access charges if you vote by the internet.

By Mail: If you are a holder of record, you can vote by marking, dating, and signing your proxy card and returning it by mail in the enclosed postage-paid envelope. If you hold your shares in street name, please complete and mail the voting instruction card.

At The Annual Meeting: If you vote your shares now it will not limit your right to change your vote at the Annual Meeting if you attend in person. If you hold your shares in street name, you must obtain a proxy, executed in your favor, from the holder of record if you wish to vote your shares at the Meeting.

All shares that have been properly voted and not revoked will be voted at the Meeting. If you sign and return your proxy card without any voting instructions, your shares will be voted as the Board of Directors recommends.

Revocation Of Proxies: You can revoke your proxy at any time before your shares are voted if you (1) submit a written revocation to our Secretary; (2) submit a later-dated proxy (or voting instructions if you hold shares in street name), (3) provide subsequent telephone or internet voting instructions or (4) vote in person at the Meeting.

Quorum And Required Vote

Quorum: We will have a quorum and will be able to conduct the business of the Annual Meeting if the holders of a majority of the votes that shareholders are entitled to cast are present at the Meeting, either in person or by proxy.

Votes Required For Proposals: To elect directors and adopt the other proposals, the following proportion of votes is required:

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form DEF 14A

To elect the Directors, a plurality of the votes cast.

To adopt the changes to our Code of Regulations, the affirmative vote of two-thirds of the shares eligible to vote on such proposal.

Routine And Non-Routine Proposals: American Stock Exchange rules determine whether proposals presented at the shareholder meetings are routine or not routine. If a proposal is routine, a broker or other entity holding shares for an owner in street name may vote for the proposal without voting instructions from the owner.

If a proposal is not routine, the broker or other entity may vote on the proposal only if the owner has provided voting instructions. A broker non-vote occurs when the broker or other entity is unable to vote on a proposal because the proposal is not routine and the owner does not provide any instructions.

The American Stock Exchange has informed us that the election of directors is a routine item. The American Stock Exchange has also informed us that the proposal to amend the Code of Regulations is not a routine item.

How We Count Votes: In determining whether we have a quorum, we count abstentions and broker non-votes as present and entitled to vote.

In counting votes on the proposals:

We do not count abstentions or broker non-votes, if any, as votes cast for the election of Directors, but we do count votes withheld for one or more nominees as votes cast.

We do not count abstentions as votes cast on our proposal to amend our Code of Regulations. We also do not count broker non-votes, if any, as votes cast on this proposal. However, because the proposal requires the approval of two-thirds of the outstanding shares, abstentions and broker non-votes will have the same impact as a negative vote on the outcome of this proposal.

CORPORATE GOVERNANCE

Our business is managed by the Company's employees under the direction and oversight of the Board of Directors. Except for Mr. Thornton, none of our Board members is an employee of the Company. The Board limits membership on the Audit Committee and Compensation Committee to independent non-management directors. We keep Board members informed of our business through discussions with management, materials we provide to them, visits to our offices and hospitals and their participation in Board and Board committee meetings.

The Board of Directors has adopted the charters of the Board Committees and the Company's Code of Ethics (the SunLink Health Systems, Inc. Code of Conduct) for employees, including our principal executive officer, principal financial officer and principal accounting officer, which provides the framework for the governance of the Company.

A complete copy of the charters of the Board Committees and the Code of Conduct for employees may be found on the Company's web site at <http://Sunlinkhealth.com>. The Audit Committee charter and the Compensation Committee charter each are also attached as Appendices to this proxy statement. Copies of these materials also are available without charge upon written request to the Secretary of the Company.

Summary of the Corporate Governance Principles

Independence

A majority of the Board of Directors shall consist of independent, non-management directors who meet the criteria for independence required by the American Stock Exchange. Under such rules, a director is independent if he or she does not have a material relationship with the Company.

The Board of Directors has determined that as of October 1, 2004, five of the Company's seven incumbent directors are independent under these guidelines: Ms. Brenner and Messrs. Baileys, Burleson, Ford, and Hall. The one other non-management director, Mr. Turner, as well as Mr. Thornton, continue to participate in the Board's activities and provide valuable insights and advice.

The non-management directors shall meet periodically in executive session without the Chief Executive Officer present.

The executive sessions of non-management directors shall be presided over by the director who is the chairman of the Committee responsible for the issue being discussed. General discussions, such as the review of the Company's overall performance, shall be presided over by a director elected by the majority of the non-management directors.

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form DEF 14A

Non-management directors shall have access to individual members of management or to other employees of the Company on a confidential basis. Directors shall also have access to Company records and files, and directors may contact other directors without informing Company management of the purpose or even the fact of such contact.

Business Combinations

In the event SunLink receives any formal written offer(s) to purchase more than 20% of SunLink's outstanding common stock, such proposal will be evaluated by the Board of Directors, who may delegate the evaluation of such offer to a committee of the Board of Directors (which may be its Executive Committee), so long as such committee is comprised of a majority of independent directors. Such committee will be empowered to retain such legal and financial advisors as it may deem necessary to advise it and the Board in respect of such offer(s).

In the event of any proposed business combination involving SunLink, the Compensation Committee is authorized to retain an independent financial advisor to evaluate and make recommendations to the Compensation Committee concerning any severance package proposed for any of SunLink's officers or Board members in connection with any proposed business combination and the financial effect thereof.

Director Share Ownership

The Company believes that each director should have a personal investment in the Company. Each outside director (or future outside director, as the case may be) is required to own at least one thousand (1,000) shares of SunLink common stock. Each outside director (or future outside director, as the case may be) must maintain ownership of such number of shares of common stock until such outside director ceases to serve as a member of the Board.

Annual Meeting Attendance

The Board of Directors encourages all its members to attend the Annual Meeting of Shareholders. In November 2003, all director nominees and all continuing directors were present at the Annual Meeting of Shareholders.

Communicating with Directors

The Board of Directors has provided the means by which shareholders may send communications to the Board or to individual members of the Board. Such communications, whether by letter, e-mail or telephone, should be directed to the Secretary of the Company who will forward them to the intended recipients. However, unsolicited advertisements or invitations to conferences or promotional material, in the discretion of the Secretary or his designee, may not be forwarded to the Directors.

If a shareholder wishes to communicate to the Chair of the Audit Committee about a concern relating to the Company's financial statements, accounting practices or internal controls, the concern should be submitted in writing to the Chairman of the Audit Committee in care of the Company's Secretary at the Company's headquarters address. If the concern relates to the Company's governance practices, business ethics or corporate conduct, the concern likewise should be submitted in writing to the Chairman of the Audit Committee in care of the Company's Secretary at the Company's headquarters address. If the shareholder is unsure as to which category his or her concern relates, he or she may communicate it to any one of the independent directors in care of the Company's Secretary.

The Company's whistleblower policy prohibits the Company or any of its employees from retaliating or taking any adverse action against anyone for raising a concern. If a shareholder or employee nonetheless prefers to raise his or her concern in a confidential or anonymous manner, the concern may be directed to the Office of the Technical and Compliance Services at the Company's headquarters or by telephone at 1-866-244-5952. The Vice President for such services or his designee will refer the concern to the Compliance Committee, or if appropriate, the Chair of the Audit Committee who will assure that the matter is properly investigated.

ITEMS TO BE VOTED ON BY SHAREHOLDERS

Item 1 Amendment of the Company's Code Of Regulations regarding Number of Directors and Term of Office

The principal purpose of Item 1 is, and its effect if approved will be, to amend the Company's Code of Regulations to decrease the size of the Company's Board of Directors to five directors, to fix the maximum size of the Board at seven directors, to eliminate the classification of the Board into two classes when the size of the Board is decreased to five and to fix the term of the class of directors being elected at our current annual meeting to a term expiring at the 2005 annual meeting, if amendment is adopted.

The Board is presently composed of seven directors. The Board of Directors has unanimously approved and recommended adoption of an amendment to the Company's Code of Regulations to effect the foregoing actions.

The Company's Board of Directors is proposing a reduction in the number of directors because it believes a smaller board would provide more flexibility in scheduling Board meetings and would reduce slightly the Company's corporate governance cost. The Board believes the deliberative function, broad representation on the Board, and compliance with independence requirements would

not be impaired by adopting a smaller sized Board. In the event the size of the Board is reduced to five members, Ohio law does not authorize the retention of a classified board for a board of directors of such size; accordingly, the classification of the Board into the two classes would terminate and all directors would be elected at each annual meeting. In such event, it might be slightly easier for a third party to effect a change in control of the Company which the Board of Directors has not recommended. A reduction in the size of the Board will not result in any change to the Company's shareholders rights plan and the Board believes that, even after any reduction in size of the Board and declassification of the Board of Directors, that the Company will continue to retain sufficient protections in connection with any unsolicited proposal to acquire the Company which the Board may determine to not be in the best interest of the Company and its shareholders.

In the event Item 1 is approved, Sections 1 and 2 of Article III of the SunLink Code of Regulations would read as follows:

Section 1. Number of Directors and Term of Office. Subject to Section 2 of this Article III, effective at the annual meeting of shareholders to be held in 2005, the number of directors of the Corporation shall be fixed at five (5), each director to hold office until the next annual meeting of shareholders and until his (her) successor is elected and qualified.

Section 2. Change in Number of Directors. The number of authorized directors may be established or changed either by the affirmative vote of the holders of record of two-thirds of the voting power of the Corporation at a meeting of shareholders called for that purpose and for the purpose of electing directors, or by the affirmative vote of a majority of the directors in office; provided, however, that in no event shall the number of directors be fixed at less than five (5) or more than seven (7). If the number of directors shall be fixed at six (6), then the directors shall be divided into two classes, each of which shall consist of three (3) directors. If the number of directors shall be fixed at seven (7), then the directors shall be divided into two classes, which shall consist of three (3) and four (4) directors, respectively. If the number of directors shall be fixed at either six (6) or seven (7), then each class shall be elected in alternate years to hold office until the second annual meeting of shareholders following its election. No reduction in the number of directors, either by the shareholders or the directors, shall itself have the effect of shortening the term of any incumbent director.

If the proposed amendments to Sections 1 and 2 of Article III of the Code of Regulations of the Corporation relating to directors shall be adopted at the annual meeting of shareholders held in 2004, then the three directors elected at such meeting shall be elected to hold office only until the annual meeting of shareholders of the Corporation to be held in 2005.

Item 2 Amendment of the Company's Code of Regulations regarding Advance Notice of Shareholder Nominations

The principal purpose of Item 2 is, and its effect if approved will be, to amend the Company's Code of Regulations to change the time during which shareholders may submit nominations for the election of directors from within a 50 to 75 day period prior to the anniversary of the prior year's meeting to within a 90 to 120 day period prior to the anniversary of the prior year's meeting.

The Board of Directors has unanimously approved and recommended adoption of an amendment to the Company's Code of Regulations to permit the foregoing actions.

The Board of Directors is proposing the change because the current time periods could result in a requirement for notice for the nomination of directors to be given within a time period which would be otherwise inconsistent with the time periods in which other shareholder proposals are required to be given. The amended language also requires that evidence of a proposed nominee's willingness to serve be provided.

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form DEF 14A

In the event Item 2 is approved, Section 5 of Article III of the Code of Regulations would read as follows:

Section 5. Nominations. Only persons who are nominated in accordance with the following procedures shall be eligible for election as directors. Nominations of persons for election as directors of the Corporation may be made at a meeting of shareholders (i) by or at the direction of the Board of Directors or by any committee or person appointed by the Board of Directors or (ii) by any shareholder of the Corporation entitled to vote for the election of directors at the meeting who complies with the notice procedures set forth in this Section 5. Any nomination other than those governed by clause (i) of the preceding sentence shall be made pursuant to timely notice in writing to the Secretary of the Corporation. To be timely, a shareholder's notice shall be delivered to or mailed and received at the principal executive offices of the Corporation not less than 90 days nor more than 120 days prior to the one year anniversary of the date of the annual meeting of shareholders of the previous year; provided, however, that in the event that the annual meeting is called for a date which is not within 30 days before or after such anniversary date, notice by the shareholder to be timely must be so received not later than the close of business on the 10th day

following the day on which such notice of the date of the meeting is first given or made to the shareholders or disclosed to the general public (which disclosure may be effected by means of a publicly available filing with the Securities and Exchange Commission), whichever occurs first. Such shareholder's notice to the Secretary shall set forth (a) as to each person whom the shareholder proposes to nominate for election as a director (i) the name, age, business address and residence address of such person, (ii) the principal occupation or employment of such person, (iii) the class and number of any shares of the Corporation which are beneficially owned by such person, (iv) a description of all arrangements and understandings between the shareholder and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination(s) are to be made by such shareholder, (v) any other information relating to such person that is required to be disclosed in solicitations for proxies for election of directors pursuant to any then existing rule or regulation promulgated under the Securities Exchange Act of 1934, as amended and (vi) the written consent of each proposed nominee to be named as a nominee to serve as a director of the Corporation if elected, together with an undertaking, signed by each proposed nominee, to furnish to the Corporation any information it may request upon the advice of counsel for the purpose of determining such proposed nominee's eligibility to serve as a director; and (b) as to the shareholder giving the notice (i) the name and record address of such shareholder and (ii) the class and number of shares of the Corporation which are beneficially owned by such shareholder. The Corporation may require any proposed nominee to furnish such other information as may reasonably be required by the Corporation to determine the eligibility of such proposed nominee to serve as a director. No person shall be eligible for election as a director unless nominated as set forth herein. The chairman of the meeting shall, if the facts warrant, determine and declare to the meeting that a nomination was not made in accordance with the foregoing procedures and if he should so determine, he shall so declare to the meeting and the defective nomination shall be disregarded.

Item 3 Election Of Directors

The Company's Board of Directors is presently comprised of seven members. One class of Directors is normally elected at each Annual Meeting of Shareholders for a term of two years; however, if Item 1 is approved, the directors elected at this annual meeting will serve until the 2005 annual meeting, otherwise, they will serve until the 2006 annual meeting.

At the 2004 Annual Meeting, shareholders will elect three directors who will hold office until the Annual Meeting of Shareholders in 2005 or 2006, as described above. The Board of Directors has nominated Karen B. Brenner, C. Michael Ford and Howard E. Turner, who are presently directors of the Company, for election to terms of office for up to two years.

It is the intention of the proxy agents named in the proxy, unless otherwise directed, to vote such proxy for the election of Karen B. Brenner, C. Michael Ford and Howard E. Turner. Should any of such nominees be unable to accept the office of director, an eventuality which is not anticipated, proxies may be voted with discretionary authority for a substitute nominee or nominees designated by the Board of Directors.

The following table sets forth certain information about the nominees for election and the directors whose terms of office will continue after the meeting.

EXECUTIVE COMPENSATION

Committee Report On Executive Compensation

Overview

The Compensation Committee of the Board of Directors currently is comprised of three directors, each of whom is independent under the applicable rules of the American Stock Exchange. Prior to the adoption of the new Compensation Committee Charter on September 30, 2004, the old Committee's stated function was to act in an advisory capacity to the Board with respect to compensation of executives of the Company. Except as specifically authorized by the Board, the Committee did not have the authority to fix the compensation of any employee, officer or director of the Company. However, since the Committee's creation in 1977, the Board had only on rare occasions not completely adopted the recommendations of such Committee and on those occasions only minor changes were made. During the fiscal year ended June 30, 2004, the Board approved all compensation recommendations made by the Committee. As described under the description of the duties of the Compensation Committee, the Committee's duties have been significantly enhanced with the adoption of the new Compensation Committee Charter.

The goal of the Committee has been to adopt a compensation approach that is basically simple, internally equitable and externally competitive, and that attracts, motivates and retains qualified people capable of contributing to the growth, success and profitability of the Corporation, thereby contributing to long-term shareholder value.

The Committee has determined that competitive considerations merit the use of employment contracts for senior management. Accordingly, certain compensation criteria may be more difficult to adjust on an annual basis. Certain of our employment contracts contain change in control provisions. We have designed our change in control policies to help keep employees focused on their jobs during the uncertainty that accompanies a change in control, to preserve benefits after a change in control transaction, and to help us attract and retain key talent.

The three key elements of executive compensation are base salary, short-term incentives and long-term incentives.

The Corporation's base salaries are intended to be consistent with its understanding of competitive practices, levels of executive responsibility, qualifications necessary for the particular executive position, and the expertise and experience of the executive officer. Salary adjustments reflect the Committee's belief as to competitive trends, the performance of the individual and, to some extent, the overall financial condition of the Corporation.

The short-term incentive for an executive is the opportunity to earn an annual cash bonus. The Committee has concluded that bonus payments should be primarily based on the achievement of specific predetermined financial targets while a smaller portion should be discretionary based on the Committee's evaluation of an executive's performance in specific qualitative areas.

The Executive Bonus Plan for the fiscal year ended June 30, 2004 provided that bonuses would be payable based on two factors: (1) the net income of the Company from continuing operations for the year and (2) the achievement of certain un-weighted discretionary criteria.

The net income goal was set forth in the budget adopted by the Board for the 2004 fiscal year and represented a significant increase over the net income from continuing operations for fiscal 2003. The Company failed to achieve the goal set forth in the Bonus Plan so no bonus was paid to any executive based on this factor.

Early in the fiscal year, the Company established un-weighted discretionary criteria for each executive covered by the Plan. The Company would pay a portion of the total possible bonus (approximately 30%) based on the Committee's evaluation of each executive's performance of the applicable criteria. Based on such evaluation, the executive officers of the Company were awarded the bonuses set forth in the Summary Compensation Table on page 15.

While salary and short-term incentives are primarily designed to compensate current and past performance, the primary goal of the long-term incentive compensation program is to directly link management compensation with the long-term interests of the shareholders. The Company currently uses, as it has for many years, stock options to provide that link. Options are intended to provide strong incentives for superior long-term performance. No stock options were granted to the executive officers of the Corporation during fiscal 2004.

Chief Executive Officer Compensation

During the fiscal year ended June 30, 2004, the CEO, Mr. Thornton, was employed under an Employment Agreement which provided for an annual base salary of \$283,500 and the opportunity to earn a bonus equal to sixty percent of his 2004 annual salary if certain criteria established by the Committee (after consultation with him) were met (a more complete description of Mr. Thornton's Employment Agreement is contained on page 21 under the heading "Employment Contracts, Termination of Employment and Change-in-Control Agreements"). In the opinion of the Committee, Mr. Thornton's salary is somewhat on the low side for comparable positions. Under the Bonus Plan for fiscal 2004, Mr. Thornton's possible bonus for fiscal 2004 was weighted as following: (1) 70% was based on the Corporation's net income from continuing operations for fiscal 2004 and (2) 30% was based on certain un-weighted discretionary criteria.

As explained above, the Company failed to achieve the net earnings from continuing operations goal set for fiscal 2004 so no bonus was paid to Mr. Thornton based on this factor. The un-weighted discretionary criteria chosen to evaluate Mr. Thornton's performance were the acquisition of one hospital with net revenues of at least \$12,000,000, improvement of the Company's balance sheet, the establishment of an effective CFO function, certain IT improvements, the recruiting of new physicians, establishing an investor relations program, and encouraging at least one analyst to publish a report on the Company. The Committee concluded, and the Board agreed, that Mr. Thornton had substantially performed the discretionary criteria, particularly the most important ones and therefore had earned the maximum bonus based thereon.

Compensation Committee Charter

Effective September 20, 2004, the Board of Directors of the Company adopted a Charter for the Compensation Committee (a copy of which is attached hereto marked Appendix B). It sets forth the duties and responsibilities of the Committee in the future.

The facility had a 90 day commitment period during which the funds could be borrowed. The facility also had a \$20,000 standby commitment fee that was fully-earned on the commitment date and was non-refundable. The \$20,000 standby commitment fee was paid in September 2003. Report Of The Audit Committee

The authority, duties and responsibilities of the Audit Committee of the Board of Directors of the Company are set forth in detail in the written Audit Committee Charter, which was adopted by the Board of Directors of the Company and which complies with the applicable rules of the American Stock Exchange. The Committee reviews and assesses the adequacy of its Charter on an annual basis. A copy of the Charter is attached to this proxy statement as Appendix A. The Company's management is responsible for preparing the Company's financial statements and has represented to the Committee that the financial statements were prepared in accordance with generally accepted accounting principles. The independent registered public accounting firm is responsible for auditing the financial statements.

The Audit Committee has three members, each of whom is independent under the applicable rules of the American Stock Exchange. The Committee met seven times during the 2004 fiscal year. In addition, the members of the Committee reviewed, and the Chairman of the Committee discussed with management and Deloitte & Touche LLP (the Company's independent registered accounting firm), the interim financial information contained in each quarterly earnings release prior to the release of such information to the public.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of the examinations, their evaluations of the Company's internal controls and the overall quality of the company's financial reporting. In addition, the Audit Committee met with the Chief Executive Officer and Chief Financial Officer of the Company to discuss the processes that they have undertaken to evaluate the accuracy and fair presentation of the Company's financial statements and the effectiveness of the Company's system of disclosure controls and procedures.

The Committee has reviewed and discussed the audited consolidated financial statements of the Company for the fiscal year ended June 30, 2004 with management and Deloitte & Touche, LLP, including discussing with Deloitte & Touche, LLP the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, and by Rule 2-07 of Regulation S-X.

The Audit Committee received from Deloitte & Touche, LLP the written disclosures, including the letter, required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with Deloitte & Touche the subject of their independence in connection with their performance of services for the Company and has considered whether the independent auditor's provision of non-audit services to the Company is compatible with maintaining the auditor's independence.

As a result of the reviews and discussions with management and Deloitte & Touche, LLP referred to above, the Audit Committee recommended to the Board of Directors and the Board has approved that the audited financial statements of the Company be included in the Annual Report on Form 10-K for the fiscal year ended June 30, 2004 for filing with the Securities and Exchange Commission.
