**ITEM 1.01. ENTRY INTO MATERIAL DEFINITIVE AGREEMENT  
NEBRASKA TAX-EXEMPT BOND FINANCING**

**Background**

On July 24, 2008, Microgy Grand Island, LLC (the Company), a Nebraska limited liability company and a wholly owned subsidiary of Environmental Power Corporation (Environmental Power or EPC), closed the sale of tax-exempt bonds (the Bonds) through the City of Grand Island, Nebraska (the Issuer) resulting in gross proceeds of \$7 million (the Bond Financing), to be used to finance part of the construction costs for its proposed biogas facility (the Facility) to be located at the flagship Grand Island, Nebraska beef processing facility of JBS Swift & Co. (Swift).

The Company is a Nebraska limited liability company formed for the purpose of owning and operating the Facility. The Facility will be developed, constructed and operated by Microgy, Inc., a Colorado corporation, and certain subsidiaries of Microgy, Inc. (collectively, Microgy), and based on Microgy's anaerobic digester technology. The Issuer will make the proceeds of the Bonds available to the Company for the acquisition, construction and improvement of the Facility.

A brief description of the material terms of the Bond Financing is set forth below.

**Terms of the Bond Financing**

The Bonds were issued by the Issuer pursuant to the terms of a Trust Indenture, dated as of June 1, 2008, between the Issuer and Wells Fargo Bank, National Association, as Trustee (the Trust Indenture). The gross proceeds of \$7.0 million from the issuance of the Bonds were then made available to the Company pursuant to the terms of a Lease Agreement, dated as of June 1, 2008, between the Company and the Issuer (the Lease Agreement) and the Trust Indenture. Pursuant to the terms of the Lease Agreement, the Company has transferred ownership of the Facility to the Issuer, and the Issuer has leased the Facility back to the Company in exchange for the proceeds of the Bonds. The Bonds are payable only from the payments of rent made by the Company pursuant to the terms of the Lease Agreement, and are not general obligations of the Issuer, the State of Nebraska or any political subdivision thereof. The rent payment and other terms under the Lease Agreement mirror the terms of the Bonds as set forth in the Trust Indenture, with the Lease Agreement functioning as a financing vehicle between the Company and the Issuer with respect to the Bond proceeds.

The Bonds bear interest at the rate of 7% per annum and mature on June 1, 2023. Interest accrues from the date of issuance and is payable semi-annually on each June 1 and December 1, beginning on December 1, 2008. The Company is required to pay interest only through 2010, with level debt service thereafter. Of the proceeds of the Bonds, \$700,000 was deposited into a debt service reserve fund, to be used to pay interest and principal in the event the Company does not have sufficient funds to do so. The Company has the option to cause the redemption of the Bonds at par after 10 years. Furthermore, the Bonds are subject to optional redemption upon the occurrence of certain events with respect to the Facility and mandatory redemption at 105% of the principal amount redeemed following a determination of taxability of interest on the Bonds.

Pursuant to the terms of the Lease Agreement, the Company has agreed to certain limitations on its ability to incur additional indebtedness, to grant liens on its assets and to issue additional equity. The Company may issue and ratably secure additional indebtedness provided certain financial tests have been met. Furthermore, the Company has agreed that 50% of its consolidated cash flow, as defined, will be contributed to a maintenance reserve fund, until such account reaches \$350,000.

The obligations of the Issuer to make payment on the Bonds to the Trustee have been unconditionally guaranteed by the Company pursuant to the terms of a Guaranty Agreement, dated as of June 1, 2008, between the Company and Wells Fargo Bank, National Association, as Trustee (the Guaranty Agreement). In addition, the Company has pledged to the Trustee all revenues which it receives from Swift under the Biogas Purchase and Sale Agreement, dated as of September 1, 2006, as amended to date (the Biogas Agreement), and assigned its rights and obligations under the Biogas Agreement to the Trustee, pursuant to the terms of a Pledge Agreement dated as of June 1, 2008, among the Company, the Trustee and Swift (the Pledge Agreement) in support of its obligations under the Lease Agreement and the Trust Indenture.

In connection with the foregoing transactions, Environmental Power and the Company have entered into a Support Agreement, dated as of June 1, 2008, with Wells Fargo Bank, National Association, as Trustee (the Support Agreement), pursuant to which they have agreed to fund (i) all costs of construction of the Facility, to the extent funds are not available therefor from the construction fund established with the proceeds of the sale of the Bonds, (ii) all costs of operation of the Facility until the Facility achieves commercial operations and (iii) in the case of Environmental Power, the repayment of a portion of the Bonds under certain limited circumstances, up to a maximum of \$1.3 million. Pursuant to its obligations under the Support Agreement, the Company is expected to fund approximately 26% of the costs of construction of the Facility, and any loans from EPC to the Company in respect of these obligations are subordinated to the Company's obligations under the Lease Agreement and the Guaranty Agreement.

In addition, in connection with the foregoing transactions, the Company has entered into a Tax Regulatory Agreement, dated as of June 1, 2008, with the Issuer (the Tax Regulatory Agreement), pursuant to which the Company has agreed to take certain actions, and to refrain from taking certain other actions, in order to ensure that interest on the Bonds is and will remain excludable from gross income by the holders thereof under applicable provisions of the Internal Revenue Code of 1986, as amended, and the regulations thereunder.

Ziegler and Company d/b/a Ziegler Capital Markets Group (the Underwriter), and reimbursed the Underwriter for out-of-pocket expenses of \$3,250 pursuant to the terms of a Bond Purchase Agreement, dated as of July 22, 2008, among the Company, the Issuer and the Underwriter, a copy of which is attached as Exhibit 1.1 to this Current Report on Form 8-K and incorporated by reference herein, and also agreed to reimburse the Underwriter for certain fees and expenses incurred by the Underwriter in connection with the foregoing transactions.
