**Table of Contents****RATIOS OF EARNINGS TO FIXED CHARGES**

The following table sets forth our consolidated ratios of earnings to fixed charges for the indicated periods:

	Year Ended December 31,(a)				
	2011	2010	2009	2008	2007
Ratio of earnings to fixed charges(1)	6.7x	8.2x	7.7x	8.7x	8.2x

(a) Our fiscal year ends the Saturday nearest December 31st.

(1) For purposes of computing these ratios, earnings represents income from continuing operations before income taxes and the cumulative effect of changes in accounting principles plus interest expense and one-third of rent expense (which approximates the interest component of rental expense). Fixed charges consist of interest expense and the interest component of rental expense. We have not had any shares of preferred stock outstanding during any of these periods, and have not paid any preferred dividends. Therefore, our ratios of earnings to combined fixed charges and preferred dividends are the same as the ratios above.

**DESCRIPTION OF CAPITAL STOCK**

The following description of our capital stock is based upon our restated articles of incorporation ( Articles of Incorporation ), our amended and restated bylaws ( Bylaws ), each of which have been publicly filed with the SEC, and applicable provisions of law. We have summarized certain portions of the Articles of Incorporation and Bylaws below. The summary is not complete. You should read the Articles of Incorporation and Bylaws for the provisions that are important to you.

Our authorized capital stock consists of:

1,000,000 shares of preferred stock (including 200,000 shares of Series A Junior Participating Preferred Stock ( Series A Preferred Stock ), \$100 par value per share and 800,000 shares of preferred stock, \$0.01 par value per share).

As of February 17, 2012, there were 136,004,016 shares of common stock issued and outstanding. No shares of our preferred stock are outstanding.

**Common Stock**

As of February 17, 2012, there were 136,004,016 shares of common stock issued and outstanding. ### **Certain Provisions of the Articles of Incorporation, the Bylaws and Georgia Law**

#### *Advance Notice of Proposals and Nominations*

The Bylaws establish an advance notice procedure for shareholder proposals to be brought before a meeting of shareholders and for nominations by shareholders of candidates for election as directors at an annual meeting or a special meeting at which directors are to be elected. As described more fully in the bylaws, only such business may be conducted at a meeting of shareholders as has been brought before the meeting by, or at the direction of, our Board of Directors, or by a shareholder who has given to the Corporate Secretary timely written notice, in proper form, of the shareholder's intention to bring that business before the meeting. The presiding officer at a shareholders meeting has the authority to make these determinations. Only persons who are nominated by, or at the direction of, our Board of Directors, or who are nominated by a shareholder who has given timely written notice, in proper form, to the Corporate Secretary prior to a meeting at which directors are to be elected will be eligible for election as our directors.

#### *Supermajority Voting Provisions*

Certain provisions of our Articles of Incorporation and Bylaws (e.g. removal of directors, classified board provision, special meetings) may not be amended or repealed by shareholders without the affirmative vote of the holders of at least 66 2/3% of the voting power of the then outstanding shares of common stock (and, in some instances, the outstanding shares of preferred stock voting together with the common stock, to the extent the outstanding shares of preferred stock are afforded voting rights and powers generally equal to the voting rights and powers of shares of common stock).

### **Certain Anti-Takeover Effects of Georgia Law**

We have elected in our bylaws to be subject to the Fair Price and Business Combination provisions of the Georgia Business Corporation Code, or the GBCC. Under the Fair Price Provision, in addition to any vote required by law or by our Articles of Incorporation, business combinations with an interested shareholder must be:

unanimously approved by continuing directors, if such continuing directors constitute at least three members of the board of directors at the time of the approval, or

recommended by at least two-thirds of the continuing directors and approved by a majority of the votes entitled to be cast by holders of voting shares, other than voting shares beneficially owned by the interested shareholder, unless fair price criteria are met.

Under the Business Combinations provision, we are generally prohibited from entering into business combination transactions with any interested shareholder for a five-year period following the time that such shareholder became an interested shareholder unless:

prior to such time, the board of directors approved either the business combination or the transaction in which the shareholder became an interested shareholder;

in the transaction that resulted in the shareholder becoming an interested shareholder, the interested shareholder became the beneficial owner of at least 90% of the outstanding voting stock of the corporation which was not held by directors, officers, their affiliates or associates, subsidiaries or specified employee stock plans of the corporation; or

after becoming an interested shareholder, that shareholder acquired additional shares resulting in that shareholder owning at least 90% of the outstanding voting stock of the corporation, excluding shares held by directors, officers, their affiliates or associates, subsidiaries or specified employee stock plans of the corporation, and the business combination was approved by a majority of voting stock not held by the interested shareholder, directors, officers, their affiliates or associates, subsidiaries or specified employee stock plans of the corporation.

## **Table of Contents**

Under the GBCC, repeal of the bylaws subjecting us to these provisions requires the affirmative vote of (i) at least 2/3 of the continuing directors, (ii) a majority of the shares of Flowers Foods other than shares beneficially owned by any interested shareholder and affiliates and associates of any interested shareholder, and (iii) 66 2/3% of the voting power of the then outstanding shares of Flowers Foods common stock and preferred stock voting together, to the extent shares of preferred stock have been afforded voting rights. A continuing director means (i) any director who is not an affiliate or associate of an interested shareholder or its affiliates other than Flowers Foods or our subsidiaries and who was a director prior to the date the shareholder became an interested shareholder, and (ii) any successor to that director who is not an affiliate or associate of an interested shareholder or its affiliates other than Flowers Foods or our subsidiaries and who is recommended or elected by a majority of all the continuing directors. An interested shareholder includes any person other than Flowers Foods or our subsidiaries that (i) with its affiliates, beneficially owns or has the right to own 10% or more of the outstanding voting power of Flowers Foods, or (ii) is an affiliate of Flowers Foods and has, at any time within the preceding two-year period, been the beneficial owner of 10% or more of the voting power of Flowers Foods.

## **Transfer Agent and Registrar**

Computershare Trust Company N.A. is the transfer agent and registrar for our common stock.

## **DESCRIPTION OF PREFERRED STOCK**

Our board of directors is authorized, to the fullest extent permitted by law, to establish out of our authorized 1,000,000 shares of preferred stock, one or more classes or series of preferred stock, having such relative rights, preferences, limitations and restrictions thereof, including dividend rights, dividend rates, conversion rights, voting rights, terms of redemption, redemption prices, liquidation preferences and the number of shares constituting any series of the designation of such series, as our Board of Directors shall determine without further vote or action by the shareholders. Pursuant to such authority, the Board of Directors has designated 200,000 shares of preferred stock as Series A Junior Participating Preferred Stock.

The specific terms of any preferred stock to be sold under this prospectus will be described in the applicable prospectus supplement. If so indicated in such prospectus supplement, the terms of the preferred stock offered may differ from the general terms set forth below. The preferred stock offered will, when issued, be fully paid and nonassessable.

You should read the applicable prospectus supplement for the terms of the preferred stock offered. The terms of the preferred stock set forth in such prospectus supplement may include the following, as applicable to the preferred stock offered thereby:

the designation of the series of preferred stock, which may be by distinguishing number, letter or title;

the number of shares of such preferred stock offered, the liquidation preference per share and the offering price of such preferred stock;

the dividend rate or rates of such shares, the date at which dividends, if declared, will be payable, and whether or not such dividends are to be cumulative and, if cumulative, the date or dates from which dividends shall be cumulative;

the amounts payable on shares of such preferred stock in the event of voluntary or involuntary liquidation, dissolution or winding up;

the redemption rights and price or prices, if any, for the shares of such preferred stock;

the terms and amount of any sinking fund or analogous fund providing for the purchase or redemption of the shares of such preferred stock, if any;

## **Table of Contents**

the voting rights, if any, granted to the holders of the shares of such preferred stock in addition to those required by Georgia law or our Articles of Incorporation;

whether the shares of preferred stock shall be convertible into shares of our common stock or any other class of our capital stock, and if convertible, the conversion price or prices, any adjustment thereof and any other terms and conditions upon which such conversion shall be made;

any other rights, preferences, restrictions, limitations or conditions relating to the shares of preferred stock as may be permitted by Georgia law or our Articles of Incorporation;

any listing of such preferred stock on any securities exchange; and

a discussion of federal income tax considerations applicable to such preferred stock.

Our authorized shares of common stock and preferred stock are available for issuance without further action by our shareholders, unless such action is required by applicable law or the rules of the stock exchange on which our securities may be listed or traded. If the approval of our shareholders is not required for the issuance of shares of our common stock or preferred stock, our Board of Directors may determine to issue shares without seeking shareholder approval.

The issuance of preferred stock may have the effect of delaying or preventing a change in control of us without further action by our shareholders. The issuance of shares of preferred stock with voting and conversion rights may adversely affect the voting power of the holders of our common stock.

Payments in any other manner will be specified in the prospectus supplement.

We may also arrange for additional payment offices, and may cancel or change these offices, including our use of the trustee's corporate trust office. These offices are called paying agents. We may also choose to act as our own paying agent. We will notify the trustee of changes in the paying agents for any particular series of debt securities.

Unless otherwise specified in the applicable prospectus supplement, Flowers Foods and the trustee may, with the consent of the holders of a majority in aggregate principal amount of the outstanding debt securities of a series, amend or supplement the indenture or the debt securities of such series or the rights of the holders of the debt securities of such series. Without the consent of the holder of each debt security affected, no amendment, supplemental indenture or waiver may be made that, as to any non-consenting holders:

reduces the percentage of principal amount of outstanding securities whose holders must consent to an amendment, supplemental indenture or waiver;

reduces the rate of interest on the securities or changes the index or reduces the spread applicable to any floating rate securities;

reduces the principal amount of or premium, if any, on the securities or changes the stated maturity of any of the securities;

waives a default or event of default in the payment of the principal of or premium, if any, or interest on the securities (except a rescission of the declaration of acceleration of the securities of any series by the holders of a majority in principal amount of the outstanding securities of such series and a waiver of the payment default resulting from such declaration that has been rescinded);

## **Events of Default and Remedies**

Unless otherwise specified in the applicable prospectus supplement, the indenture provides that events of default regarding the debt securities of any series will be:

default for 30 days in the payment when due of interest on debt securities of that series;

default in the payment when due (at maturity, upon redemption or otherwise) of the principal of, or premium, if any, on, the debt securities of that series;

failure by Flowers Foods to comply with any non-payment covenant in the indenture (other than a covenant that has been included in the indenture solely for the benefit of a series of debt securities other than that series) after the trustee notifies Flowers Foods, or the holders of at least 25% in aggregate principal amount of the debt securities of that series then outstanding voting as a single class notify Flowers Foods and the trustee, of such default and Flowers Foods does not cure such default or such default is not waived within 60 days after the receipt of such notice;

default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any indebtedness for money borrowed by Flowers Foods, whether such indebtedness now exists, or is created after the date of the indenture, if that default:

is caused by a failure to pay principal of, or interest or premium, if any, on, such indebtedness prior to the expiration of the grace period provided in such indebtedness following the stated maturity of such obligation (a payment default ); or

results in the acceleration of such indebtedness prior to its stated maturity, and, in each case, the principal amount of any such indebtedness, together with the principal amount of any other such indebtedness under which there has been a payment default or the maturity of which has been so accelerated, aggregates to such amount as may be set forth in the applicable prospectus supplement;

## Edgar Filing: FLOWERS FOODS INC - Form 424B3

certain events of bankruptcy or insolvency described in the indenture with respect to Flowers Foods or any of its significant subsidiaries or any group of subsidiaries of Flowers Foods that, taken together, would constitute a significant subsidiary; and

any other event of default provided with respect to debt securities of that series, which is specified in the applicable prospectus supplement.

If an event of default (other than pursuant to the bankruptcy or insolvency provisions of the indenture with respect to Flowers Foods) with respect to debt securities of any series issued under the indenture should occur and be continuing, either the trustee or the holders of at least 25% in the principal amount (or, if such securities are discount securities, such portion of the principal amount as specified in the applicable prospectus supplement)

of the then outstanding debt securities of such series may declare each debt security of that series due and payable immediately. If a bankruptcy or insolvency event occurs with respect to Flowers Foods, the debt securities of such series will immediately become due and payable without any declaration or other act on the part of the trustee or the holders of the debt securities of such series. The holders of a majority in principal amount of the then outstanding debt securities of such series may rescind any acceleration and its consequences (other than with respect to an event of default pursuant to the bankruptcy or insolvency provisions of the indenture with respect to Flowers Foods) if (1) the rescission would not conflict with any judgment or decree, (2) Flowers Foods has paid or deposited with the trustee a sum sufficient to pay in the currency in which the debt securities of that series are payable (A) all overdue interest, if any, on all outstanding debt securities of that series, (B) all unpaid principal of and premium, if any, any outstanding debt securities of that series which has become due otherwise than by such a declaration of acceleration, and interest on such unpaid principal or premium at the rate or rates prescribed therefor in such notes or, if no such rate or rates are so prescribed, at the rate borne by the debt securities during the period of such default, and (C) to the extent that payment of such interest is enforceable under applicable law, interest upon overdue interest to that date of such payment or deposit at the rate or rates prescribed therefor in such debt securities, or, if no such rate or rates are so prescribed, at the rate borne by the debt securities during the period of such default and (3) all existing events of default (other than for nonpayment of principal, premium, if any, or interest that has become due solely because of the acceleration) have been cured or waived.

The holders of a majority in aggregate principal amount of the then outstanding debt securities of any series may direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee under the indenture. The holders of a majority in aggregate principal amount of the then outstanding debt securities of any series also will be entitled to waive past defaults regarding such debt securities, except for a default in payment of principal of or premium, if any, or interest on such debt securities or in respect of a covenant or provision that cannot be modified or amended hereunder without the consent of the holder of each such debt security. The trustee generally may not be ordered or directed by any of the holders of debt securities to take any action unless one or more of the holders shall have offered to the trustee indemnity or security reasonably satisfactory to it.

If the trustee collects any money in connection with an event of default regarding the debt securities of any series, the trustee may use any sums that it holds under the applicable indenture for its own reasonable compensation and expenses incurred prior to paying the holders of debt securities of such series.

Before any holder of debt securities of any series may institute action for any remedy, except payment on the holder's debt security when due, the holders of not less than 25% in principal amount of the debt securities of that series outstanding must request the trustee to take action. Holders must also offer and give the trustee security or indemnity reasonably satisfactory to it against liabilities incurred by the trustee for taking such action.

## **Legal Defeasance and Covenant Defeasance**

Unless otherwise specified in the applicable prospectus supplement, Flowers Foods may at any time elect to have all of its obligations and certain other provisions discharged with respect to the outstanding debt securities ( *legal defeasance* ) except for the rights of holders of outstanding debt securities to receive payments in respect of the principal of or premium, if any, or interest on, such debt securities when such payments are due from the trust referred to below, certain other obligations of Flowers Foods and certain other rights of the trustee under the indenture.

In addition, Flowers Foods may at any time elect to have the obligations of Flowers Foods released with respect to certain covenants and thereafter any omission to comply with those covenants will not constitute a default or event of default with respect to the debt securities ( *covenant defeasance* ). In the event covenant defeasance occurs, certain events described under Events of Default and Remedies (not including non-payment) will no longer constitute an event of default with respect to the debt securities.

## **Table of Contents**

In order to exercise either legal defeasance or covenant defeasance in respect of any series of debt securities, in addition to the satisfaction of other conditions, Flowers Foods must irrevocably deposit with the trustee for the benefit of the holders of such debt securities to be defeased money in amounts as will be sufficient to pay the principal of and premium, if any, and interest on the outstanding debt securities of such series on the stated date for payment thereof or on the applicable redemption date, as the case may be. In addition, Flowers Foods must deliver to the trustee an opinion of counsel and officer's certificate in connection with such defeasance, and Flowers Foods may not exercise such defeasance if certain defaults or events of default with respect to debt securities of such series have occurred and are continuing on the date of such deposit or if such defeasance would result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture) to which Flowers Foods or any of its subsidiaries is a party or by which Flowers Foods or any of its subsidiaries is bound.

### **Satisfaction and Discharge**

Unless otherwise specified in the applicable prospectus supplement, the indenture will be discharged and will cease to be of further effect with respect to the debt securities of a particular series, when:

either:

all debt securities of such series that have been authenticated and, except for lost, stolen or destroyed debt securities of such series that have been replaced or paid and debt securities of such series for whose payment money has been deposited in trust or segregated and held in trust by Flowers Foods and thereafter repaid to Flowers Foods, have been delivered to the trustee for cancellation; or

all debt securities of such series that have not been delivered to the trustee for cancellation:

have become due and payable;

will become due and payable at their stated maturity within one year; or

if redeemable in accordance with the terms of such debt securities, are to be called for redemption within one year under arrangements satisfactory to the trustee for the giving of notice of redemption by the trustee in Flowers Foods' name, and at Flowers Foods' expense;

and Flowers Foods has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders of debt securities of such series, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness (including all principal, premium, if any, and interest) on such series of debt securities delivered to the trustee for cancellation (in the case of debt securities of such series that have become due and payable on or prior to the date of such deposit) or to the stated maturity or redemption date, as the case may be:

Flowers Foods has paid or caused to be paid all other sums payable by it under the indenture in respect of the debt securities of such series; and

Flowers Foods has delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of such debt securities at stated maturity or on the redemption date, as the case may be.

In addition, Flowers Foods must deliver an officer's certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge of the debt securities have been satisfied.

**Subordination**

If specified in the applicable prospectus supplement, the debt securities of a series may be subordinated, which we refer to as subordinated debt securities, to senior indebtedness (as defined in the applicable prospectus supplement) to the extent set forth in the prospectus supplement relating thereto. To the extent we conduct operations through subsidiaries, the holders of debt securities (whether or not subordinated debt securities) will be structurally subordinated to the creditors and any preferred equity holders of our subsidiaries.

## **Table of Contents**

### **Conversion and Exchange Rights**

If specified in the applicable prospectus supplement, the debt securities of a series may be convertible into or exchangeable for common stock or other securities of Flowers Foods or another entity. We will describe in the applicable prospectus supplement, among other things, the conversion or exchange rate or price and any adjustments thereto, the conversion or exchange period or periods, provisions as to whether conversion or exchange will be mandatory, at our option or at the option of the holders of that series of debt securities, and provisions affecting conversion or exchange in the event of the redemption of that series of debt securities.

### **Guarantees**

Except to the extent otherwise provided in the applicable prospectus supplement, our obligations under the debt securities and the indenture will not be guaranteed by any of our subsidiaries.

### **Reporting**

Unless otherwise specified in the applicable prospectus supplement, the indenture requires Flowers Foods to provide the trustee with a copy of the reports, information and documents that it files with the Commission pursuant to Section 13 or 15(d) of the Exchange Act within 15 days after it files the same with the Commission. Documents filed by Flowers Foods with the Commission via the EDGAR system will be deemed filed with the trustee as of the time such documents are filed via EDGAR. Delivery of such reports, information and documents to the trustee is for informational purposes only, and the trustee's receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including Flowers Foods compliance with any of the covenants under the indenture. Flowers Foods will also comply with Section 314(a) of the Trust Indenture Act. Notwithstanding anything in the indenture to the contrary, Flowers Foods will not be deemed to have failed to comply with any of its agreements under this covenant for purposes of the third bullet under Events of Default and Remedies until 90 days after the date any report, information or document is required to be filed with the Commission pursuant to this covenant.

### **Further Issues**

Unless specified otherwise with respect to a series of debt securities in a prospectus supplement, Flowers Foods may from time to time, without notice to or the consent of the registered holders of a series of debt securities, create and issue further debt securities ranking equally with the debt securities of any series in all respects (or in all respects other than the payment of interest accruing prior to the issue date of such further debt securities or except for the first payment of interest following the issue date of such further debt securities). Such further debt securities may be consolidated and form a single series with, and have the same terms as to status or otherwise as, such previously issued debt securities.

### **Form, Exchange, Registration and Transfer**

The debt securities will be issued only in registered form. Debt securities of a series will either be global securities registered in book-entry form or definitive certificates registered in the name of the holders thereof. Procedures relating to global securities are described below under

Book-Entry Procedures and Settlement. Unless otherwise provided in the applicable prospectus supplement, debt securities denominated in United States dollars will be issued only in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The prospectus supplement relating to offered securities denominated in a foreign or composite currency will specify the denomination of the offered securities.

Debt securities represented by a paper certificate may be presented for exchange or transfer at the office of the registrar. Holders will not have to pay any service charge for any registration of transfer or exchange of their certificates, but Flowers Foods may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with such registration of transfer.

### **Book-Entry Procedures and Settlement**

The debt securities initially will be issued in book-entry form only and represented by one or more global securities registered in the name of, and deposited with a custodian for, The Depository Trust Company, or DTC, or its nominee. DTC or its nominee will be the sole registered holder of the debt securities for all purposes under the indenture. Owners of beneficial interests in the debt securities represented by the global securities will hold their interests pursuant to the procedures and practices of DTC. As a result, beneficial interests in these securities will be shown on, and may only be transferred through, records maintained by DTC and its direct and indirect participants and any such interest may not be exchanged for certificated securities, except in limited circumstances. Owners of beneficial interests must exercise any rights in respect of their interests in accordance with the procedures and practices of DTC. Beneficial owners will not be holders and will not be entitled to any rights provided to the holders of debt securities under the global securities or the indenture. Flowers Foods and the trustee, and any of their respective agents, may treat DTC as the sole holder and registered owner of the global securities under the terms of the indenture.

### **Concerning the Trustee**

Flowers Foods will enter into the indenture with a trustee that is qualified to act under the Trust Indenture Act of 1939, as amended, and with any other trustee chosen by it and appointed in a supplemental indenture of a particular series of debt securities. The trustee may engage in transactions with, or perform services for, Flowers Foods and its affiliates in the ordinary course of business.

### **Governing Law**

The debt securities and the indenture will be governed by, and construed in accordance, with the laws of the State of New York without regard to conflicts of law principles thereof.

Certain persons participating in an offering may engage in over-allotment, stabilizing transactions, short-covering transactions and penalty bids in accordance with Regulation M under the Exchange Act that stabilize, maintain or otherwise affect the price of the offered securities.
