GOL Begins Ticket Sales to Santiago Chile

São Paulo, September 5, 2006 GOL Linhas Aéreas Inteligentes (NYSE: GOL and Bovespa: GOLL4), Brazil's low-cost, low-fare airline, today began ticket sales to Santiago, Chile. GOL will offer three daily flights to this new destination, with flights starting on September 24. The Chilean capital is GOL's seventh international destination—the Company currently flies to Buenos Aires, Rosario and Cordoba (Argentina), Montevideo (Uruguay), Asunción (Paraguay) and Santa Cruz de la Sierra (Bolivia). This new route reaffirms the Company's commitment to popularizing air transportation throughout South America.

One of the routes to Santiago will depart twice daily from Rio de Janeiro, making stops in São Paulo and Buenos Aires. The other route will depart from Florianópolis, with stops in Porto Alegre and Buenos Aires. GOL will offer a nonstop flight from São Paulo to Santiago beginning on September 30. The Buenos Aires-Santiago route is second most important international route within South America, behind only the São Paulo-Buenos Aires route.

Chile, whose economy grew 6.3% in 2005, is home to approximately 16 million, 40 percent of whom live in Santiago. An estimated 385,000 passengers flew between Brazil and Chile in 2003, making Chile the second most frequented destination by Brazilians flying to other South American countries behind only Argentina.

With a growing economy and a strong tourism market, Chile is an increasingly important destination in South America, says Tarcísio Gargioni, GOL's vice-president of Marketing and Services. Flights to Chile, in addition to high quality service at low fares, are just one more benefit the Company is offering to its customers.

Tickets are available for purchase by telephone, through a travel agent, or on GOL's website, www.voegol.com.br. Please see the destination table below for flight departure schedules:

About GOL Linhas Aéreas Inteligentes

GOL Linhas Aéreas Inteligentes, a low-cost, low-fare airline, is one of the most profitable and fastest growing airlines in the industry worldwide. GOL operates a simplified fleet with a single class of service. It also has one of the youngest and most modern fleets in the industry that results in low maintenance, fuel and training costs, with high aircraft utilization and efficiency ratios. In addition, safe and reliable services, which stimulate GOL's brand recognition and customer satisfaction, allow GOL to have the best value proposition in the market. GOL currently offers over 500 daily flights to 51 airports in Brazil, Argentina, Bolivia, Paraguay and Uruguay. GOL growth plans include increasing frequencies in existing markets and adding service to additional markets in both Brazil and other high-traffic South American travel destinations. GOL shares are listed on the NYSE and the Bovespa. GOL: here everyone can fly!
