EXPLANATORY NOTE

ConAgra Foods, Inc. (the Company) is filing this Amendment No. 1 to Form 8-K to amend the Company's Current Report on Form 8-K filed on August 13, 2015 (the Original Form 8-K) in order to update certain disclosures therein under Item 2.06 with respect to the impairment of assets held for sale. The disclosure contained in Item 2.06 of the Original Form 8-K is hereby replaced in its entirety by the disclosure contained in Item 2.06 of this Amendment to the Original Form 8-K

Item 2.06 Material Impairments.

ConAgra Foods, Inc. (the Company) previously announced on June 30, 2015 its intent to pursue the divestiture of its Private Brands operations. As disclosed in the Company's Current Report on Form 8-K filed on August 13, 2015, management of the Company determined that certain assets related to the Private Brands segment were required to be classified as assets held for sale. As a result of this determination and preliminary indications of interest from potential buyers, management of the Company concluded that the assets held for sale were impaired. At that time, the Company was unable to estimate in good faith the amount of the non-cash impairment charges related to the Private Brands assets.

Due to the ongoing nature of the transaction process, the amount of the impairment is still being determined; however, the Company expects the preliminary range of the impairment charge related to the reclassification of the Private Brands assets held for sale to be approximately \$1.8 billion to \$2.1 billion on a pre-tax basis. The actual amount of the impairment will depend on the specific terms of any definitive transaction documents that may be executed. There can be no assurance that a transaction will be consummated. In addition, the Company is unable at this time to determine the size or impact of income tax consequences related to the transaction, including the extent to which the Company will be able to recognize any or all of the income tax benefits expected to be generated from the transaction.
