To that end, it is the responsibility of the Compensation Committee to develop, approve and periodically review a general compensation policy and salary structure for executive officers of the Company, which considers business and financial objectives, industry and market pay practices and/or such other information as may be deemed appropriate. It is the responsibility of the Compensation Committee to review and recommend for approval by the independent directors of the Board the compensation (salary, bonus and other incentive compensation) of the Chief Executive Officer of the Company; review and approve the compensation (salary, bonus and other incentive compensation) of the other executive officers of the Company; review and approve perquisites offered to executive officers of the Company; review and approve corporate goals and objectives relevant to the compensation of executive officers of the Company and evaluate performance in light of the goals and objectives; and review and approve all employment, retention and severance agreements for executive officers of the Company. The Compensation Committee also reviews the management succession program for the Chief Executive Officer and selected executive officers of the Company.

The Compensation Committee acts on behalf of the Board in administering compensation plans approved by the Board, in a manner consistent with the terms of such plans (including, as applicable, the granting of stock options, restricted stock, stock units and other awards, the review of performance goals established before the start of the relevant plan year, and the determination of performance compared to the goals at the end of the plan year). The Committee reviews and makes recommendations to the Board with respect to new compensation incentive plans and equity-based plans; reviews and recommends the compensation (annual retainer, committee fees and other compensation) of the Directors of the Board to the full Board for approval; and reviews and makes recommendations to the Board on changes in major benefit programs of executive officers of the Company. The Compensation Committee has a charter, a copy of which is available on the Company's website at www.fuelcellenergy.com.

The Compensation Committee held nine meetings during fiscal 2011. Compensation Committee agendas are established in consultation with the committee chair. Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee was an officer or employee of the Company during the fiscal year ended October 31, 2011. No executive officer or director of the Company had a relationship with the Company or any other company during fiscal 2011 which the SEC defines as a compensation committee interlock and requires disclosure to shareholders.

Mr. Petty, presently Chairman of the Compensation Committee, is a member of the Board of Directors of Enbridge Inc. ("**Enbridge**"), a business partner for the Company. Mr. Petty will not be standing for re-election to the Board of Directors in 2012.

During fiscal year 2011, the Company recognized revenue of approximately \$0.2 million related to spare part sales and power plant servicing provided to Enbridge. The Company believes that the terms of its transactions with Enbridge are no less favorable to the Company than it could have obtained from an unaffiliated third party.

On March 31, 2011, the Company entered into an agreement with Enbridge, Inc. ("**Enbridge**") to modify the Class A Cumulative Redeemable Exchangeable Preferred Shares agreement (the "**Series 1 preferred share agreement**") between FCE Ltd, a wholly-owned subsidiary of FuelCell Energy, and Enbridge, the sole holder of the Series 1 preferred shares. Consistent with the previous Series 1 preferred share agreement, FuelCell continues to guarantee the return of principal and dividend obligations of FCE Ltd. to the Series 1 preferred shareholders under the modified agreement. Under the original Series 1 Preferred Shares provisions, FCE Ltd. had an accrued and unpaid dividend obligation of approximately Cdn. \$12.5 million representing the deferral of dividends plus additional dividends thereon. Payment was originally due to Enbridge as of December 31, 2010, but was subsequently extended based on mutual consent. Under the modified share provisions, the Company was required to make (i) equal quarterly return of capital cash payments to the holders of the Series 1 Preferred Shares on the last day of each calendar quarter starting on March 31, 2011 and ending on December 31, 2011 and (ii) additional return of capital cash payments, as consideration for the one-year deferral, calculated at a 9.8 percent rate per annum on the unpaid Cdn. \$12.5 million obligation, which additional payments will also be made to the holders of the Series 1 Preferred Shares on the last day of each calendar quarter starting on March 31, 2011 and ending on December 31, 2011. Dividends accrue at a 1.25% quarterly rate on the unpaid principal balance, and additional dividends will accrue on the cumulative unpaid dividends (inclusive of the Cdn\$12.5 million unpaid dividend balance as of the modification date) at a rate of 1.25% per quarter, compounded quarterly.

Under the original Series 1 Preferred Shares provisions, FCE Ltd. was to make annual dividend payments totaling Cdn. \$1,250,000. The modified terms of the Series 1 Preferred Shares adjust these payments to (i) annual dividend payments of Cdn\$500,000 and (ii) annual return of capital payments of Cdn. \$750,000. These payments commenced on March 31, 2011 and will end on December 31, 2020. Additional dividends accrue on cumulative unpaid dividends at a 1.25 percent quarterly rate, compounded quarterly, until payment thereof. On December 31, 2020 the amount of all accrued and unpaid dividends on the Series 1 Preferred Shares of Cdn\$21.1 million and the balance of the principal redemption price of Cdn\$4.4 million shall be paid to the holders of the Series 1 Preferred Shares. FCE Ltd. has the option of making dividend payments in the form of common stock or cash under the Series 1 Preferred Shares provisions.

The Company made its scheduled payments of Cdn. \$10.9 million during fiscal 2011 under the terms of the modified agreement, including the recording of interest expense of approximately Cdn. \$2.3 million. As of October 31, 2011, the carrying value of the Series 1 Preferred shares was Cdn.\$16.6 .

-

Michael Bishop, Senior Vice President, Chief Financial Officer (“**CFO**”), Corporate Secretary and Treasurer; and

Anthony Rauseo, Senior Vice President and Chief Operating Officer (“**COO**”);

Former Executive Officers:

R. Daniel Brdar, former Chairman, Chief Executive Officer and President;

•

Joseph Mahler, former Senior Vice President, Chief Financial Officer, Corporate Secretary, Treasurer, Corporate Strategy; and

•

Christopher R. Bentley, former Executive Vice President, Government R&D Operations, Strategic Manufacturing Development.

The compensation of the NEOs is reported in the Summary Compensation Table presented on page 22 of this Proxy Statement.

Summary of Fiscal 2011 Compensation Actions

The executive compensation program consists of three primary components: base salary, annual performance-based incentive awards and long-term equity incentive compensation in the form of restricted stock awards (“**RSAs**”).

A significant portion of the total compensation of our key employees, including the NEOs, is performance-oriented and “at risk” and, as described in this CD&A, demonstrates a transparent link between pay and performance. The following is a summary of the principal compensation actions during fiscal 2011 and the key features of our fiscal 2011 executive compensation program:

•

On February 8, 2011, Mr. Brdar voluntarily resigned his position as Chief Executive Officer and President. He continued to serve as Chairman of the Board until March 25, 2011 at which time, the Board of Directors appointed John Rolls, a non-employee director, to serve as Chairman of the Board. Mr. Brdar was not entitled to, nor did he receive, any severance payments or benefits;

•

Mr. Bottone was promoted to President and Chief Executive Officer on February 8, 2011, and we adjusted his compensation in connection with his promotion;

•

At the time of Mr. Bottone's promotion we separated the positions of the Chairman of the Board of Directors and Chief Executive Officer;

•

On June 14, 2011, Mr. Mahler voluntarily resigned his position as Senior Vice President, Chief Financial Officer, Corporate Secretary and Treasurer. He was not entitled to, nor did he receive, any severance payments or benefits;

•

Mr. Bishop was promoted to Senior Vice President, Chief Financial Officer, Corporate Secretary and Treasurer on June 14, 2011, and we adjusted his compensation in connection with his promotion;

-

On July 1, 2011, Mr. Bentley retired from the Company. He received the severance payments and benefits as described on page 28 of this Proxy Statement;

FUELCELL ENERGY, INC. – *Notice of Annual Meeting of Shareholders* – 15

[Back to Contents](#)

•

The Compensation Committee engaged an external compensation consultant (Compensia, Inc.) to perform a competitive market analysis of executive and director compensation, the results of which are discussed on page 17 of this Proxy Statement;

•

We amended Mr. Bottone's employment agreement and entered into agreements with Messrs. Bishop and Rauseo (effective January 1, 2012) which provide them with certain payments and benefits upon an involuntary termination of employment, including following a change in control of the Company;

•

Target annual incentive award opportunities (the amount of which is based on a percentage of base salary) were not increased in fiscal 2011, even though target award opportunities were determined to be below market based on a review of comparative market data; the target annual incentive award opportunities will be increased in fiscal 2012, as described in detail on page 20 of this Proxy Statement;

•

The fiscal 2011 Management Incentive Plan (the “**MIP**”) was structured such that the annual incentive awards were linked to the achievement of pre-established Company objectives which we believe creates a performance-based compensation culture consistent with shareholder interests;

•

Under the terms of the MIP , the maximum annual incentive award payable was capped at 125% of the target award; the actual awards for fiscal 2011 performance (paid in fiscal 2012) were approved at 95% of target award levels for the NEOs based upon achievement of pre-established milestones and strategic initiatives which are described in detail on page 20 of this proxy statement;

•

We granted restricted stock awards to the CEO and CFO valued at \$360,000 and \$100,000 respectively in connection with their respective promotions; and, awards were also made to the COO and to Mr. Bishop (prior to his promotion) valued at \$209,000 and \$64,350 respectively as part of our annual long-term incentive compensation review; awards to all other executives for fiscal 2011 were based on values determined by reviewing comparative market data and ranged from 20% to 40% of base salary;

•

In addition, the Company's 2010 Equity Incentive Plan (the “**EIP**”) includes many provisions designed to protect shareholder interests and promote effective corporate governance, and is described in more detail in the discussion of “Risk Assessment” on page 18 of this Proxy Statement.

At the 2011 Annual Meeting of Shareholders, we conducted, for the first time, a non-binding advisory vote of our shareholders on the compensation of the NEOs. At that meeting, approximately 96% of the votes cast by shareholders were voted to “approve” the compensation of the NEOs. Following the Annual Meeting, the Compensation Committee

noted the favorable results of this advisory vote, including widespread support from our shareholders. Although none of the Compensation Committee's subsequent actions or decisions with respect to the compensation of the executive officers were directly attributable to the results of the vote, the Compensation Committee believes that shareholder feedback on executive compensation matters should be considered as part of its deliberations and intends to factor the result of future advisory votes into its compensation review process.

Compensation-Setting Process

The Compensation Committee is responsible for implementing and reviewing the executive compensation plans, policies and practices in an effort to ensure the attraction and retention of executive officers in a reasonable and cost-effective manner, to motivate their performance in the achievement of the Company's business objectives and to align the interest of the executive officers with the long-term interests of our shareholders.

The executive compensation program includes (i) a fixed component, which consists of base salary and health, welfare and retirement benefits and (ii) a variable component, which consists of an annual incentive award (the target amount of which is based on a percentage of base salary and which typically is paid in cash and shares of the Company's common stock) and a long-term equity incentive award used to align a portion of each executive officer's compensation with the long-term success of the Company and the interests of our shareholders.

The Compensation Committee reviews the base salary, target annual incentive award, long-term equity incentive award and target total direct compensation (which represents the sum of these three components) for each of the NEOs. The CEO makes recommendations to the Compensation Committee for annual merit increases in base salary, the annual incentive award payments and long-term equity incentive awards for each of the NEOs (other than himself). The Compensation Committee has the final authority to approve annual merit increases in base salary, annual incentive award payments and long-term equity incentive awards for the NEOs, except with respect to the CEO whose compensation is approved by the Board of Directors.

Typically, the Compensation Committee makes any necessary adjustments to base salaries effective in January of each year. In addition, prior to the start of each fiscal year, the CEO develops the milestones and strategic initiatives for the year for the Company's key employees, including the NEOs. The milestones and strategic initiatives represent key performance objectives which are incorporated into the MIP, which is then submitted to the Compensation Committee for consideration and approval. After the Company's fiscal year-end financial results are available, the annual incentive award pool and individual annual incentive award payments for the NEOs for the just-completed fiscal year are approved by the Compensation Committee, except with respect to the CEO whose incentive award payment is approved by the Board of Directors.

The Compensation Committee formulates its compensation decisions for the NEOs with input from the CEO, considering such factors as each executive officer's professional experience, job scope, past performance, tenure and retention risk. The Compensation Committee also considers prior fiscal year adjustments to compensation and historical annual incentive award payments and long-term equity incentive awards. Finally, the Compensation Committee considers market practices, based on its review of executive compensation data for comparable companies, as well as current compensation trends, to ensure that the compensation we pay to the executive officers is both competitive and reasonable.

Competitive Positioning

In September 2011, the Compensation Committee commissioned Compensia, Inc. (“**Compensia**”), a national compensation consulting firm, to perform competitive market analyses of our executive and director compensation programs. The Compensation Committee reviewed the executive compensation practices of a group of peer companies (the “**Peer Group**”) (based on compensation data gathered from publicly-available filings) and other resources (including the Radford High-Technology compensation survey) to help ensure that the total compensation packages of our executive officers are within a reasonably competitive range.

Compensia worked closely with the Compensation Committee to develop the Peer Group by screening an initial list of publicly traded companies on the basis of revenue, market capitalization, total employees, growth rate, and industry focus. These companies were then narrowed by identifying companies whose revenue and market capitalization ranged from approximately 0.5 to 2.5 times the Company's revenue. The list was further narrowed by eliminating distressed companies and companies with international headquarters as pay practices and disclosure requirements may vary significantly from those found in the United States.

Compensia also reviewed and considered other factors such as revenue growth, profitability, valuation (e.g., market capitalization as a multiple of sales), and business model. The final Peer Group was selected based on the subjective evaluation of all of these factors, and consists of the following 16 companies:

Active Power	Comverge	PowerSecure
Ballard Power Systems, Inc.	Ener1	Rentech
Bel Fuse, Inc.	Energy Recovery	Ultralife
Broadwind Energy	Fuel Tech	Valence Technology
BTU International	Lime Energy	
Capstone Turbine Corp.	Magnetek	

To complete the competitive market analysis of the executive compensation program, Compensia then blended the Peer Group data with aged survey data (weighted equally) to establish the market level for each of the executive officer positions.

The Compensation Committee uses the market data as a reference point (or “market check”) to ensure that the executive compensation program is competitive with market practice. In the case of each executive officer, the Compensation Committee compares the overall compensation of each individual executive officer against the market data, if his or her position is sufficiently similar to the positions identified in the data to make the comparison meaningful. Ultimately, each executive officer's total compensation, and each individual compensation component, is determined primarily on the basis of Company and individual performance and internal equity.

In comparing the fiscal 2011 compensation arrangements of the executive officers with the market data, the Compensation Committee determined base salary and target total cash levels were generally at or below the 25th percentile of the market, while fiscal 2011 long term incentive awards and total direct compensation were generally between the 25th and 50th percentiles. The Compensation Committee took this market positioning into consideration in its deliberations as to the fiscal 2012 compensation of the executive officers. The Compensation Committee has established as a target to position total direct compensation of the senior executive officers at or near the 50th percentile of the competitive market.

Fixed Compensation

The principal components of fixed compensation not directly linked to Company or individual performance include base salary and benefits, such as the Company's Section 401(k) Retirement Savings plan, and health, life and disability insurance.

Base Salary

Under the executive compensation program, we view the purpose of base salary to fairly and competitively compensate the executive officers with a fixed amount of cash for the jobs they perform. In addition, base salaries are used to recognize the experience, skills, knowledge and responsibilities required of the executive officers. Accordingly, we seek to ensure that base salary levels are competitive and consistent with industry practices.

Calendar 2011

Initially, the base salary for Mr. Bottone, was set pursuant to the terms of his employment agreement with the Company. Prior to fiscal 2011, the base salaries of Messrs. Rauseo and Bishop had not been adjusted since fiscal 2008.

On February 8, 2011, Mr. Bottone was promoted to the position of President and Chief Executive Officer. At that time, the Board of Directors approved an increase in his base salary from \$250,000 to \$340,000 in connection with his promotion.

The Compensation Committee approved an increase in Mr. Rauseo's base salary from \$215,000 to \$260,000 effective on February 8, 2011 as he assumed broader responsibility for the Company's day-to-day operations.

On February 6, 2011, Mr. Bishop's base salary was increased from \$162,751 to \$180,000 in connection with our annual merit salary review process. On June 14, 2011, Mr. Bishop was promoted to the position of Senior Vice President, Chief Financial Officer, Corporate Secretary and Treasurer. At that time, the Compensation Committee approved an increase in his base salary from \$180,000 to \$210,000 in connection with his promotion.

Calendar 2012

As a result of the competitive market analysis performed in fiscal 2011, and after reviewing the performance and anticipated future contributions of our executive officers, the Compensation Committee decided to increase the base salaries of our executive officers to levels that were more market-competitive to retain and motivate the performance of these executives to achieve the company's business objectives. In recognition of the Company's cash constraints, the Compensation Committee agreed that a gradual (multi-year) adjustment of base salaries was preferable.

[Back to Contents](#)

Accordingly, effective January 1, 2012, Mr. Bottone's base salary was increased from \$340,000 to \$366,200; Mr. Rauseo's base salary was increased from \$260,000 to \$269,200; and Mr. Bishop's base salary was increased from \$210,000 to \$228,100. The Compensation Committee will further review the base salaries of the executive officers at the end of 2012 and, at that time, evaluate the performance of the Company and these individuals to determine whether further base salary adjustments are warranted and appropriate.

The base salaries of the NEOs for fiscal 2011 are reported in the Summary Compensation Table on page 22 of this Proxy Statement.

Benefits

We offer medical and dental insurance to the executive officers and pay a portion of the premiums for these benefits consistent with the arrangements for the non-executive employees. We also provide the executive officers and other eligible employees, at Company expense, group life and accidental death and dismemberment insurance benefits; short-term and long-term disability insurance benefits; paid time off benefits and other ancillary benefits (e.g., flexible spending accounts, employee assistance program). We also offer a Section 401(k) Retirement Savings plan to the executive officers, including the NEOs.

Contributions to the Section 401(k) Retirement Savings plan are limited to an annual maximum amount as determined by the Internal Revenue Service. In February 2009, we suspended employer contributions to the Section 401(k) Retirement Savings plan. This decision remained in place through December 31, 2011. The Company has established a matching contribution equal to 1% of base earnings beginning in calendar 2012. Participants are not permitted to receive or purchase shares of the Company's common stock through the Section 401(k) Retirement Savings plan.

Risk Assessment

To determine the level of risk arising from our compensation policies and practices, the Company conducted a compensation-related risk assessment and evaluation process during fiscal 2010 with oversight by the Compensation Committee. This assessment remains relevant for current considerations. This assessment examined the compensation programs applicable to all of our employees, including, but not limited to, our executive officers. Areas of potential risk that were reviewed included: a) compensation program design; b) performance metrics and goal setting; c) administration procedures and controls; and d) communication and disclosure. The Company's culture and values which emphasize ethical behavior, actions that contribute to building long-term value (rather than short-term performance), teamwork, the importance of nonfinancial and strategic performance and investment in people and infrastructure were also considered.

The Compensation Committee determined that base salaries, which represent fixed compensation, do not encourage excessive risk taking. The Compensation Committee reviewed the annual incentive award program and determined that while the focus of the annual incentive awards is on achievement of short-term goals, and short-term goals may encourage the taking of short-term risks at the expense of long-term results, the annual incentive compensation of NEOs represents a small portion of each employee's total compensation package and is not likely to lead to outsized risk taking. Moreover, the Compensation Committee believes that the annual incentive awards appropriately balances risk and the desire to focus employees on specific short-term goals important to the Company's success. Under the annual incentive award program for fiscal 2011, all payments were capped at 125% of target award opportunities and a minimum level of performance was clearly defined, below which awards would not be paid. The annual incentive award program is based on balanced, quantitative performance metrics that promote disciplined progress towards longer-term goals and, as such, are well-aligned with the business strategy and shareholder interests. For these reasons, the Compensation Committee determined that annual incentive awards do not encourage unnecessary or

excessive risk taking.

The Compensation Committee also assessed the long-term equity incentive awards provided to our employees that are intended to align their interests with those of the Company's shareholders. In reviewing the Company's 2010 Equity Incentive Plan which governs the terms of such awards, the Compensation Committee noted the plan includes many provisions designed to mitigate risk and protect shareholder interests, including but not limited to the following:

-

Options and stock appreciation rights may not be priced at less than the fair market value of our common stock on the grant date;

-

The plan requires a minimum period for ratable vesting of options, shares of restricted stock and stock appreciation rights of three years for all time-based awards not issued to directors and one year for all performance-based awards, to the extent such awards may be paid in shares of our common stock. The minimum period for vesting is subject to the discretion of the Compensation Committee under certain circumstances (e.g., retirement, death, disability);

-

Re-pricing of options and stock appreciation rights requires shareholder approval;

-

Material amendments of the plan require shareholder approval; and

-

The plan is administered by an independent committee of our Board of Directors.

In addition, the Compensation Committee has adopted a Grant Administration Policy which imposes limits on the number of shares that can be granted to any employee.

With respect to the long-term equity incentive awards granted to our executives, the Compensation Committee identified a number of factors that discourage excessive risk taking including: the relative size of the awards as compared with the executive's total compensation; the minimum vesting requirements; and the Company's policy which prohibits all hedging transactions involving shares of the Company's common stock so executives cannot insulate themselves from the effects of poor stock price performance. The Compensation Committee concluded that these awards do not encourage unnecessary or excessive risk taking since the ultimate value of the awards is tied to the Company's stock price, and the awards are staggered and subject to long-term vesting schedules to help ensure that executives have significant value tied to long-term stock price performance.

Based upon the assessment, the Compensation Committee concluded that the risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Variable Compensation

Annual Incentive Awards

The executive officers, including the NEOs, are eligible to participate in an annual incentive plan, the MIP, which is intended to motivate their performance in the achievement of the Company's business objectives. The Compensation Committee determines the level of target annual incentive awards under the MIP and considers the recommendations of the CEO with respect to the actual annual incentive award payments to be awarded to the executive officers (other than with respect to his own award). The size of the Company's overall annual incentive award pool as well as the individual executive officers' award payments reflects (i) the individual target annual incentive award opportunities for all participants (expressed as a percentage of base salary), (ii) performance against pre-established Company milestones; (iii) performance against strategic initiatives (for the NEOs only); and (iv) adjustments for individual performance for all other executives except for the NEOs.

The annual incentive award payments for the NEOs are based on a review of actual performance against the Company milestones (which represent 75% of the total annual incentive award opportunity) and performance against specified Company strategic initiatives (which represent the remaining 25% of the award opportunity). The Compensation Committee may also exercise its discretion to adjust the size of potential award payments as it deems appropriate to take into account factors that enhance or detract from results achieved relative to the Company milestones and strategic initiatives. In this way, the Compensation Committee does not confine itself to a purely quantitative approach and retains discretion in determining award payments based on its review and assessment of results for the fiscal year. The Compensation Committee believes that linking annual incentive awards to Company milestones and strategic initiatives creates a performance-based compensation strategy consistent with shareholder interests.

The target annual incentive award opportunities for each NEO for fiscal 2011 (expressed as a percentage of base salary) were 50% for the CEO and 30% for the other NEOs.

Under the MIP for fiscal 2011, performance against each of the Company milestones was evaluated based on pre-established levels of performance to obtain scores ranging from 0% to a maximum of 125%. As shown in the chart below (the “**Payout Guideline**”), an aggregate score of 50% equated to a “Satisfactory” level of performance and generally represented the minimum level of acceptable performance required to earn an award payment. Performance above this threshold level represented the achievement of Company operating results that significantly improved our financial results and enhanced shareholder value and, accordingly, could potentially result in a higher award payment. Each Company milestone was assigned a weighting or level of importance relative to the other Company milestones. The aggregate weighted score (milestone weight multiplied by milestone score) for all Company milestones was used to determine the overall annual incentive award pool available to compensate participants in the MIP and, in the case of the NEOs, the percentage of the target award payable for the portion of the annual incentive award linked to Company milestones, as shown in the following table:

		Percent of Target
Scale	Weighted Score	Award Payable
Satisfactory	50% - 69%	75%
Commendable	70% - 89%	100%

Outstanding	Greater than 90%	125%

2011 MIP and Results

For fiscal 2011, the overall design of the MIP remained unchanged from fiscal 2010, except for the Company milestones and strategic initiatives. The pre-established Company milestones for fiscal 2011 were: (1) secure orders; (2) ramp up production; (3) improve gross margin; 4) reduce operating expenses; and (5) limit cash use. The Compensation Committee developed target performance levels for these milestones that were consistent with our annual operating plan for fiscal 2011 and a significant improvement over fiscal 2010. To accomplish the fiscal 2011 milestones and strategic initiatives, the management team, including the NEOs, was required to achieve target levels of performance which were greater, both in absolute and relative terms, than the target levels established in previous years which were challenging, but achievable with diligent efforts throughout the year.

The Company's actual performance with respect to each of the fiscal 2011 milestones was: (1) achieved 94% of orders target; (2) achieved 125% of production ramp target; (3) achieved 82% of gross margin target; (4) reduced operating expenses and achieved 113% of target; and (5) achieved 125% of cash use target.

The Company's performance against each milestone was calculated by comparing the actual performance versus the pre-established target levels, resulting in a weighted score for each milestone, the sum of which yielded a total weighted score. The overall performance for fiscal 2011 resulted in an aggregate weighted score of 108%, an "Outstanding" rating, and a calculated payout percentage that would have yielded a 125% payout under the terms of the MIP. After evaluating the actual results attained the Compensation Committee discounted the Payout Guideline (which will be eliminated in fiscal 2012) and approved the Payout Percentage for the Company milestones at the 100% level.

In addition to performance against the Company milestones, 25% of the annual incentive award for the NEOs was linked to completion of the following six Company strategic initiatives for fiscal 2011: a) development of a new strategic partner; b) complete financing of certain projects and development and execution of a repeatable portfolio financing structure; c) development of a new strategic plan; d) execution of multiple contracts within a specified market segment; e) execution on specified regulatory initiatives; and f) implementation of a plan to reach profitability by 2013. In reviewing progress against the fiscal 2011 strategic initiatives, the Compensation Committee determined five of the six goals had been achieved resulting in a calculated payout percentage of 79%.

[Back to Contents](#)

After evaluating the overall performance against both the fiscal 2011 milestones and strategic initiatives, the Compensation Committee approved the incentive award payments to the NEOs for fiscal 2011 at 95% of the target award levels, and made a similar recommendation to the Board of Directors with respect to the incentive award payment for the CEO.

The Compensation Committee also considered the form of payment and determined that the annual incentive award payments for fiscal 2011 should be made 70% in cash and 30% in fully vested shares of the Company's common stock. (the number of shares being determined by the closing market price of the common stock (\$1.00) on January 12, 2012, the date immediately preceding the date the annual incentive award calculations were approved for transmittal to Fidelity Investments, the record-keeper for our stock plan). A portion of the award is paid in shares of common stock as a means of conserving cash for the Company and a portion of the award is granted in cash to provide the executive officers with sufficient liquidity to satisfy the withholding obligations arising in connection with the award. The following table summarizes the amounts paid to each of the NEOs including the cash portion of the award and the fair market value of the portion paid in shares of the Company's common stock for fiscal 2011:

Breakdown of FY-11 Bonus Payment (cash and stock)				
	Total Bonus	Cash Portion	Stock Portion	Number of
Name	(\$)	(\$)	(\$)	Shares
Arthur A. Bottone	161,500	113,050	48,450	48,450
Michael Bishop	59,850	41,895	17,955	17,955
Anthony Rauseo	74,100	51,870	22,230	22,230

The annual incentive award payments for the NEOs for fiscal 2011 are reported in the Summary Compensation Table on page 22 of this Proxy Statement.

2012 MIP

In fiscal 2011, the Compensation Committee reviewed and compared the target annual incentive opportunities for each executive officer with the competitive market data to assess the competitiveness of the annual incentive opportunity and determined the target award levels were below market, creating potential recruitment and retention risks. The Compensation Committee determined that the target annual incentive awards should be adjusted to the 50th percentile of the market to minimize these risks and align the interests of the executive officers with the interests of the Company's shareholders. Accordingly, effective in fiscal 2012, the target annual incentive award opportunities for the executive officers will be adjusted as follows:

Target Annual Incentive		
as a Percent of Base Salary		
Executive Officer	FY-2011	FY-2012
Michael Bishop	30%	50%
Anthony Rauseo	30%	50%
Arthur Bottone	50%	90%

Long-Term Incentive Compensation

Each of the NEOs is eligible to receive long-term equity incentive awards under the EIP. These awards are intended to align a significant portion of the NEOs' compensation with shareholders' interests and the long-term success of the Company by providing a direct link to future earnings potential and the market value of the Company's common stock.

The Compensation Committee, in determining the long-term equity incentive awards to be granted to the executive officers, including the NEOs, considers relevant comparative market data as well as the recommendations of the CEO and other factors such as the individual's job scope, past performance, expected future contributions, tenure, and retention risk. The Compensation Committee approves all long-term equity incentive awards for the NEOs, except for awards to the CEO whose compensation is approved by the Board of Directors.

The Compensation Committee does not re-price and has not re-priced equity awards. The grant date for each long-term equity incentive award is based on the date the award is approved by the Compensation Committee or the Board of Directors, as applicable. Stock option exercise prices equal the closing market price of the Company's common stock on the grant date.

Prior to fiscal 2009, our long-term equity incentive awards consisted primarily of stock options which provide value to the executive officer if the Company's stock price increases after the awards are made. Beginning in fiscal 2009, the Compensation Committee approved the granting of RSAs to our executives, including the NEOs, in lieu of stock options. The RSAs vest at a rate of 25% per year beginning on the first anniversary of the date of grant.

In determining the size of the awards granted to the NEOs, the Compensation Committee typically considers comparative market data, the recommendations of the CEO and the other factors described above. For fiscal 2011, the Compensation Committee decided that the equity awards should be restored to 100% of market value in contrast to the awards granted in fiscal 2010 and 2009 which were then reduced by 33% from the levels otherwise indicated by the comparative market data. On April 6, 2011, the Compensation Committee considered and approved the recommendations of the CEO for the long-term equity incentive awards for the executives. This decision was based on the Company's overall performance for fiscal 2010 and the desire to minimize retention risks.

On April 6, 2011, the following long-term equity incentive awards were approved for the executive officers:

-

A restricted stock award for 105,555 shares of the Company's common stock with a value of \$209,000 was awarded to Mr. Rauseo;

-

A restricted stock award for 32,500 shares of the Company's common stock with a value of \$64,350 was awarded to Mr. Bishop.

The number of shares of the Company's common stock subject to each RSA granted to each of the NEOs was based on the dollar value of the award approved for each executive officer by the Compensation Committee (or the Board of Directors, in the case of the CEO) divided by the closing market price of the Company's common stock on the date of grant.

[Back to Contents](#)

In addition, in connection with their promotions to President and CEO, and to Senior Vice President, CFO, Corporate Secretary and Treasurer respectively, Messrs. Bottone and Bishop received the following long-term equity incentive awards:

-

A restricted stock award for 180,000 shares of the Company's common stock with a value of \$360,000 was awarded to Mr. Bottone on February 8, 2011;

-

A restricted stock award for 70,922 shares of the Company's common stock with a value of \$100,000 was awarded to Mr. Bishop on June 15, 2011.

The number of shares of the Company's stock subject to each RSA granted to each of these executive officers was based on a review of the job scope, comparative market data, the executive's professional experience, and the recommendations of the Compensation Committee.

As a result of the competitive market analysis performed in fiscal 2011, and after reviewing the performance and anticipated future contributions of the executive officers, the Compensation Committee recommended and the Board of Directors approved a restricted stock award valued at \$360,000 for Mr. Bottone to be granted on the date of the 2012 Annual Meeting of Shareholders, our customary date for granting long-term equity incentive awards to the executives and other key employees.

The long-term equity incentive awards granted to the NEOs in fiscal 2011 are reported in the Summary Compensation Table under Stock Awards and the Grants of Plan-Based Awards Table on pages 22 and 23, respectively, of this Proxy Statement.

Employment Agreements

On February 8, 2011, we entered into an employment agreement with Mr. Bottone which specifies the reasons pursuant to which his employment may be terminated by the Board of Directors and provides him with certain compensation and benefits upon termination of employment or a change in control of the Company. The employment agreement also protects the Company's interests following termination of employment by providing specific reasons for termination and by prohibiting him from engaging directly or indirectly in competition with the Company, from soliciting any employees or from disclosing confidential Company information. We believe that these provisions help ensure our long-term success.

Effective January 1, 2012, we also entered into agreements with Messrs. Bishop and Rauseo which specify the reasons pursuant to which the executive's employment may be terminated and provide them with certain compensation and benefits upon termination of employment or a change in control of the Company. The agreements also protect the Company's interests following termination of employment by providing specific reasons for termination. We believe that these provisions help ensure our long-term success.

For a summary of the material terms and conditions of the agreements with the NEOs, as well as the material terms and conditions of these termination of employment and change in control provisions, see "Employment Agreements and Change of Control and Severance" below.

Other Compensation Policies

Compensation Recovery Policy

In 2011, the Compensation Committee considered adopting a policy regarding retroactive adjustments to any cash or equity-based incentive compensation paid to the executive officers and other employees where the payments were predicated upon the achievement of financial results that were subsequently the subject of a financial restatement. The Compensation Committee decided to postpone adoption of a general compensation recovery (“**clawback**”) policy covering the annual and long-term incentive award plans and arrangements until such time as the SEC issues final rules implementing the requirements of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code prohibits public companies from taking a tax deduction for a taxable year for compensation in excess of \$1,000,000 paid to its chief executive officer or each of the other three most highly compensated executive officers (not including the chief financial officer) who are employed by the Company as of the end of the year. Qualifying performance-based compensation is not subject to the deduction limitation if specified requirements are met. The Company structures its equity awards to comply with the exemption in Section 162(m) in order to ensure that such compensation remains tax deductible. The Company periodically reviews the potential consequences of Section 162(m) on the other components of its executive compensation program. Executive compensation paid during fiscal 2011 complied with Section 162(m) to the extent it was applicable and thus all such compensation was tax deductible for the Company.

We follow Financial Accounting Standards Board Accounting Standards Codification Topic 718, formerly known as SFAS 123(R), for all stock-based awards. ASC Topic 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors, including stock options and restricted stock awards, based on the aggregate grant date “fair value” of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below. ASC Topic 718 also requires companies to recognize the compensation cost of their stock-based compensation awards in their income statements over the period that an executive officer is required to render service in exchange for the option or other award.

(1) The amounts reported in the Stock Awards column reflect the aggregate grant date fair value of stock awards and option awards, respectively, during each of the fiscal years 2011, 2010 and 2009. These values have been determined under the principles used to calculate the grant date fair value of equity awards for purposes of the Company's financial statements. For a discussion of the assumptions and methodologies used to value the awards reported in these columns, please see the discussion of stock awards and option awards contained in Note 14 of Notes to Consolidated Financial Statements of the Company's Annual Report on Form 10-K for the year ended October 31, 2011.

(2) The amounts reported in the Non-Equity Incentive Plan column represent the value of the annual incentive award payment made to each NEO in fiscal 2011, 2010 and 2009, without regard to the form of payment. The amounts reported for fiscal 2011 (paid in 2012) were paid in two-thirds cash and one-third in fully-vested shares of the Company's common stock. The amounts reported for fiscal 2010 and 2009 (paid in fiscal 2011 and fiscal 2010, respectively) were paid one-third in cash and two-thirds in fully-vested shares of the Company's common stock. The number of shares subject to each award payment was equal to the portion of the award payment payable in shares of common stock divided by the fair market value of the Company's common stock on the date of award.

(3) The amounts reported in the All Other Compensation column represent the aggregate annual Company contributions to the accounts of the NEOs under the Company's Section 401(k) Retirement Savings plan, a tax-qualified defined contribution plan. In February 2009, the Company suspended the employer matching contribution. Mr. Rauseo waived health insurance coverage in 2011 and received a \$1,200 allowance in accordance with the Company's policy.

(4) Mr. Bottone became a Named Executive Officer on February 8, 2010; therefore, the amount reported in the Salary column for fiscal 2010 represents less than 12 months of compensation. Mr. Bottone's 2010 base salary was \$250,000. Mr. Bottone received a bonus in the amount of \$20,000 upon hire on February 8, 2010. On February 8, 2011, Mr. Bottone became President and Chief Executive Officer and his base salary was increased to \$340,000. Effective January 1, 2012, Mr. Bottone's base salary was increased from \$340,000 to \$366,200.

(5) Mr. Bishop became a Named Executive Officer upon his promotion from Vice President and Controller to Senior Vice President, Chief Financial Officer, Corporate Secretary and Treasurer on June 14, 2011. At that time, Mr. Bishop's annual base salary was increased from \$180,000 to \$210,000. The amount reported in the Salary column for fiscal 2011 represents seven months of base salary at his prior salary and five months of base salary at the current rate. Effective January 1, 2012, Mr. Bishop's base salary was increased from \$210,000 to \$228,100.

(6) Mr. Rauseo became a Named Executive Officer upon his promotion from Vice President-Engineering, Chief Engineer to Senior Vice President, Chief Operating Officer on July 5, 2010. At that time, Mr. Rauseo's annual base salary was increased from \$181,642 to \$215,000. The amount reported in the Salary column for fiscal 2010 represents six months of base salary at his prior salary and six months of base salary at the increased rate. Mr. Rauseo's annual base salary was increased to \$260,000 effective on February 8, 2011. Effective January 1, 2012, Mr. Rauseo's base salary was increased from \$260,000 to \$269,200.

(1) The actual payment with respect to the fiscal 2011 annual incentive awards is reported in the “Summary Compensation Table” under the “Non-Equity Incentive Plan Compensation” column. The amounts reported in the threshold, target and maximum columns reflect the range of potential payments for fiscal 2011 that could have been made under the MIP in accordance with the financial goals determined by the Compensation Committee. Threshold amounts represent the minimum amount payable of 50% of the Target Annual Incentive Award for each NEO. If actual performance falls below the minimum level required, then payment of an award is at the discretion of the Compensation Committee and could be zero. Target amounts assume achievement of 100% of the Company's financial goals. The Maximum amounts shown represent theoretical maximum payments that could be made, however payout at the maximum has never been attained. For more information, see the explanation in the CD&A under the sub-heading “Variable Compensation”.

(2) Restricted Stock Awards – Amounts reported in the “All Other Stock Awards” column represent the number of restricted shares granted to each NEO under the 2006 and 2010 Equity Incentive Plans. The number of restricted shares was determined based upon the dollar value, as determined by the Compensation Committee, to be awarded to each executive and the closing market price of the Company's common stock on the date of grant.

Grants of Plan-Based Awards

The restricted stock awards granted to the Named Executive Officers in fiscal 2011 as reflected in the Grants of Plan-Based Awards Table were granted pursuant to the Company's 2006 and 2010 Equity Incentive Plans. These awards were made on the same terms as the awards granted to all other eligible employees. The material terms and conditions of these awards are as follows:

-

Each award vests at a rate of 25% per year beginning on the first anniversary of the date of grant;

-

The Board of Directors may determine the effect on an award of the disability, death, retirement or other termination of employment of a NEO and the extent to which, and the period during which, the NEO's legal representative, guardian or designated beneficiary may receive payment of an award or exercise rights thereunder;

-

The value of each award is based upon the number of shares of the Company's common stock that could be purchased at the closing market price of the Company's common stock on the date of grant.

For further information on the restricted stock awards included in the Grants of Plan Based Award Table, refer to the discussion of Long-Term Incentive Compensation on page 20 of this Proxy Statement.

Fiscal 2011 Option Exercises and Stock Vested Table

The following table presents, for each of the Named Executive Officers, the number of shares of the Company's common stock acquired upon the vesting of restricted stock awards during fiscal 2011, and the aggregate value realized upon the vesting of such awards. There were no stock options exercised by any of the NEOs during fiscal 2011. For purposes of this table, the value realized is based upon the fair market value of the Company's common stock on each vesting date.

Employment Agreements and Change of Control and Severance

Messrs. Bottone, Bishop and Rauseo have agreements with the Company, under which they are eligible to receive certain severance payments and benefits in connection with a termination of employment under various circumstances, including following a change of control of the Company.

In reporting the estimated potential payments and benefits payable to each NEO in the event of termination of employment as of October 31, 2011, we assumed the terms of these agreements were applicable. The actual amounts that would be paid or distributed to the NEOs as a result of one of the termination events occurring in the future may be different than those presented below as many factors will affect the amount of any payments and benefits upon a termination of employment. For example, some of the factors that could affect the amounts payable include the NEO's base salary and the market price of the Company's common stock. In addition, although we have entered into written arrangements to provide severance payments and benefits to certain of the NEOs in connection with a termination of employment under particular circumstances, we may mutually agree with the NEOs on severance terms that vary from those provided in these pre-existing agreements. Finally, in addition to the amounts presented below, each NEO would also be able to exercise any previously-vested stock options that he held. For more information about the NEOs' outstanding equity awards as of October 31, 2011, see "Fiscal 2011 Outstanding Equity Awards at Fiscal Year-End Table."

In addition to the severance payments and benefits described in each NEO's individual agreement, these executive officers are eligible to receive any benefits accrued under our broad-based benefit plans, such as accrued vacation pay, in accordance with those plans and policies.

Mr. Bottone

On February 8, 2011, the Company entered into a new employment agreement (the "**Agreement**") with Mr. Bottone upon his promotion to President and Chief Executive Officer. Under the Agreement, which is terminable by either party upon 30 days written notice, Mr. Bottone was entitled to an initial annual base salary of \$340,000, to be reviewed at least annually by the Board of Directors, and a target annual incentive award opportunity equal to 50% of Mr. Bottone's base salary also to be determined and approved by the Board of Directors. Mr. Bottone was then granted a restricted stock award in connection with his promotion for 180,000 shares of the Company's common stock valued at \$360,000, based on the closing market price at date of grant. The Agreement also provides Mr. Bottone with the opportunity to participate in insurance plans and other employee benefits as may be generally available to other employees of the Company. The Agreement also contains non-disclosure provisions and prohibits Mr. Bottone from competing with the Company during the term of his employment and for a period of two years thereafter.

[Back to Contents](#)

In the event of a change in control of the Company resulting in a voluntary resignation by Mr. Bottone or, in the event Mr. Bottone's employment is terminated by the Company without cause, he is entitled to a severance payment in an amount equal to two times his then-current annual base salary as of the date of termination plus the average of the bonuses paid to him since the effective date of his employment agreement. In the event of termination of Mr. Bottone's employment by the Company for cause, the Company shall pay Mr. Bottone any base salary and vacation accrued but as yet unpaid on the effective date of such termination. Mr. Bottone's stock options and restricted stock awards granted shall accelerate and immediately vest upon a change of control.

On December 15, 2011, the Board of Directors approved the following modifications to Mr. Bottone's employment agreement:

a)

beginning in fiscal 2012, Mr. Bottone's target annual incentive award opportunity was increased to 90% of his base salary;

b)

in the event Mr. Bottone's employment is terminated without cause or he resigns for good reason, his severance benefits include payment of health insurance premiums (under COBRA) at the Company's expense for 12 months (or 18 months, if the termination event occurs pursuant to a change in control of the Company), unless such coverage is provided by a successor employer; and,

c)

in the event of a change in control of the Company resulting in a voluntary resignation by Mr. Bottone or, in the event Mr. Bottone's employment is terminated by the Company without cause, in each case during the period beginning three months prior to and ending 18 months after a change in control, he will be entitled to payment of severance benefits as described above.

The following table sets forth the potential (estimated) payments and benefits to which Mr. Bottone would be entitled upon termination of employment or following a change in control of the Company, as specified under his Agreement assuming each circumstance described below occurred on October 31, 2011.

Mr. Bentley

Mr. Bentley, the former Executive Vice President, Government R&D Operations, Strategic Manufacturing Development retired from the Company on July 1, 2011. Mr. Bentley received a severance payment in the amount of \$90,969 which was calculated in accordance with the Company's severance policy generally provided to other employees. The policy provides one week of base salary per year of service for the first ten years of service plus two weeks of base salary for each incremental service year over ten years; and payment for accrued but unused vacation time; and reimbursement for health insurance premiums for a period of six months. DIRECTOR COMPENSATION

The Board of Directors periodically reviews director compensation. The compensation and benefit program for non-employee directors described below was approved by the Board of Directors in fiscal 2005 and was amended by the Board in fiscal 2008. In recommending this program to the Board of Directors, the Compensation Committee was guided by the following goals: compensation should fairly pay directors, compensation should align directors' interests with the long-term interests of our shareholders and the structure of the compensation should be simple, transparent and easy for our shareholders to understand.

The compensation of the directors includes a combination of both cash and equity. Directors receive an annual retainer and committee member and chair fees. Directors may elect to receive these fees in cash, shares of the Company's common stock or stock options to purchase shares of the Company's common stock. In addition, directors also receive an annual long-term equity incentive award. Following is a description of the components of the director compensation program.

New Board Members

Upon election to the Board of Directors, a non-employee director is granted a non-qualified stock option to purchase 40,000 shares of the Company's common stock.

Annual Director Compensation

The standard fee arrangements for non-employee directors include a retainer of \$30,000 per year for service as a director. In addition, committee fees have been established based upon the expected number of meetings and level of activity during the year. Non-Chair committee fees are \$5,000 for the first committee of which the director is a member and \$2,500 for each additional committee of which the director is a member. Chair committee fees are \$12,500 for the Compensation, Audit and Finance, Executive, Government Affairs and Nominating and Corporate Governance Committees. The non-employee Chairman of the Board receives a fee of \$20,000 annually.

All director fees are payable, at the option of the non-employee director, in cash, shares of the Company's common stock or a stock option to purchase shares of the Company's common stock.

In addition to the fees described above, the non-employee directors also receive a long-term equity incentive award valued at \$28,000 per year which may be delivered in the form of shares of the Company's common stock or a stock option to purchase shares of the Company's common stock (at the election of the director).

If a non-employee director chooses to receive his long-term equity incentive award or his director fees in the form of a stock option to purchase shares of the Company's common stock, the total number of shares of common stock subject to the option is based on a Black-Scholes calculation as determined on or about the date of the Company's annual meeting of shareholders. The exercise price of any such stock option will be equal to the closing market price of the Company's common stock on such date. These stock options vest at the rate of 25% per quarter from the date of grant.

In 2011, the Compensation Committee engaged Compensia to perform a competitive market analysis of each component of the director compensation program. Compensia developed a Peer Group consisting of 16 publicly traded companies which are listed on page 17 of this proxy statement. Based on this review, the Compensation Committee determined that the base cash retainer fees and the total average cash fees (including retainers, committee and chair fees, and meeting fees) were consistent with the median values provided to the directors of the Peer Group companies.

[Back to Contents](#)

In April 2011, the Board of Directors decided to terminate the 33% reduction in director compensation that had previously been implemented. This decision was based on the Company's overall performance for fiscal 2010 and the desire to minimize retention risks. This decision was consistent with the actions taken by the Compensation Committee in fiscal 2011 relative to the compensation of the NEOs. This action is reflected in the Director Compensation Table for fiscal 2011.

Directors Deferred Compensation Plan

Pursuant to the Company's Directors Deferred Compensation Plan, directors may elect to defer until a predetermined date or until they leave the Board of Directors, receipt of all or a portion of their fees, whether paid in cash or equity. The election to defer receipt of all or a portion of their fees must be made by the director prior to December 31st of each calendar year or, with respect to a newly eligible director, within 30 days after such director becomes eligible to participate in the Directors Deferred Compensation Plan.

Reimbursement of Expenses

The Company reimburses directors for reasonable expenses incurred in connection with the performance of their duties as directors.

Enbridge Inc.

Messrs. England and Petty are each directors of Enbridge.

Enbridge is a global leader in energy transportation and distribution. A 2.2 MW DFC-ERG unit was installed at Enbridge's headquarters in Toronto during the fiscal fourth quarter of 2008. During fiscal year 2011, the Company recognized revenue of approximately \$0.2 million related to spare part sales and power plant servicing provided to Enbridge. The Company believes that the terms of its transactions with Enbridge are no less favorable to the Company than it could have obtained from an unaffiliated third party.

On March 31, 2011, the Company entered into an agreement with Enbridge, Inc. ("**Enbridge**") to modify the Class A Cumulative Redeemable Exchangeable Preferred Shares agreement (the "Series 1 preferred share agreement") between FCE Ltd, a wholly-owned subsidiary of FuelCell Energy, and Enbridge, the sole holder of the Series 1 preferred shares. Consistent with the previous Series 1 preferred share agreement, FuelCell continues to guarantee the return of principal and dividend obligations of FCE Ltd. to the Series 1 preferred shareholders under the modified agreement. Under the original Series 1 Preferred Shares provisions, FCE Ltd. had an accrued and unpaid dividend obligation of approximately Cdn. \$12.5 million representing the deferral of dividends plus additional dividends thereon. Payment was originally due to Enbridge as of December 31, 2010, but was subsequently extended based on mutual consent. Under the modified share provisions, the Company was required to make (i) equal quarterly return of capital cash payments to the holders of the Series 1 Preferred Shares on the last day of each calendar quarter starting on March 31, 2011 and ending on December 31, 2011 and (ii) additional return of capital cash payments, as consideration for the one-year deferral, calculated at a 9.8 percent rate per annum on the unpaid Cdn. \$12.5 million obligation, which additional payments will also be made to the holders of the Series 1 Preferred Shares on the last day of each calendar quarter starting on March 31, 2011 and ending on December 31, 2011. Dividends accrue at a 1.25% quarterly rate on the unpaid principal balance, and additional dividends will accrue on the cumulative unpaid dividends (inclusive of the Cdn\$12.5 million unpaid dividend balance as of the modification date) at a rate of 1.25% per quarter, compounded

quarterly.

Under the original Series 1 Preferred Shares provisions, FCE Ltd. was to make annual dividend payments totaling Cdn. \$1,250,000. The modified terms of the Series 1 Preferred Shares adjust these payments to (i) annual dividend payments of Cdn\$500,000 and (ii) annual return of capital payments of Cdn. \$750,000. These payments commenced on March 31, 2011 and will end on December 31, 2020. Additional dividends accrue on cumulative unpaid dividends at a 1.25 percent quarterly rate, compounded quarterly, until payment thereof. On December 31, 2020 the amount of all accrued and unpaid dividends on the Series 1 Preferred Shares of Cdn\$21.1 million and the balance of the principal redemption price of Cdn\$4.4 million shall be paid to the holders of the Series 1 Preferred Shares. FCE Ltd. has the option of making dividend payments in the form of common stock or cash under the Series 1 Preferred Shares provisions.

The Company made its scheduled payments of Cdn. \$10.9 million during fiscal 2011 under the terms of the modified agreement, including the recording of interest expense of approximately Cdn. \$2.3 million. As of October 31, 2011, the carrying value of the Series 1 Preferred shares was Cdn.\$16.6.

POSCO Power

POSCO Power, a subsidiary of our South Korean strategic partner, POSCO, holds 10,786,418 shares; approximately 7.65% of the Company's common stock of which 3,822,630 shares were acquired in February 2007 and 6,963,788 shares were acquired in October 2009. On October 27, 2009, we entered into a Stack Technology Transfer and License Agreement (the “**2009 Agreement**”) with POSCO Power allowing POSCO Power to produce fuel cell stack modules from cells and components provided by us. These fuel cell modules will be combined with balance of plant manufactured and locally sourced in South Korea to complete electricity-producing fuel cell power plants for sale in South Korea. The 2009 Agreement provided for an upfront license fee of \$10.0 million as well as an ongoing royalty, initially set at 4.1 percent of the revenues generated by sales of the fuel cell stack modules manufactured and sourced by POSCO Power.

During fiscal year 2011, the Company recognized revenue of approximately \$53.9 million for power plant sales and long-term service agreements with POSCO Power. The Company believes that the terms of its transactions with POSCO Power are no less favorable to the Company than it could have obtained from an unaffiliated third party.

AUDIT AND FINANCE COMMITTEE REPORT

During fiscal year 2011, the Audit and Finance Committee of the Board reviewed the quality and integrity of the Company's consolidated financial statements, the effectiveness of its system of internal control over financial reporting, its compliance with legal and regulatory requirements, the qualifications and independence of KPMG LLP, its independent registered public accounting firm, the performance of KPMG LLP and other significant audit matters as required by the Company.

In performing its responsibilities, the Audit and Finance Committee has reviewed and discussed with management and KPMG LLP, the audited consolidated financial statements in FuelCell's Annual Report on Form 10-K for the year ended October 31, 2011. The Audit and Finance Committee has also discussed with KPMG LLP matters required to be discussed by Statement of Auditing Standards 61, as amended (Codification of Statements on Auditing Standards, AU 380), as adopted by the Public Company Accounting Oversight Board (the "PCAOB") in Rule 3200 T.

Pursuant to the applicable requirements of the PCAOB regarding the independent auditors' communication with the Audit and Finance Committee concerning independence, the Audit and Finance Committee received written disclosure and the letter from the independent auditors, and discussed with the auditors their independence. The Audit Committee has concluded that KPMG's independence had not been impaired.

Based on the review and discussions noted above, the Audit and Finance Committee recommended to the Board that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended October 31, 2011 and be filed with the U.S. Securities and Exchange Commission.

As set forth in its charter, it is the policy of our Audit and Finance Committee to pre-approve all audit and non-audit services provided by KPMG LLP. Our Audit and Finance Committee has considered whether the provision of KPMG LLP's services other than for the annual audit and quarterly reviews is compatible with its independence and has concluded that it is.

Proposal 2 Ratification of Selection of Independent Registered Public Accounting Firm

The Audit and Finance Committee of the Board has selected KPMG LLP as the independent registered public accounting firm to perform the audit of our consolidated financial statements for 2012. KPMG LLP was our independent registered public accounting firm for the fiscal year ended October 31, 2011.

KPMG representatives are expected to attend the 2012 Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate shareholder questions.

We are asking our shareholders to ratify the selection of KPMG LLP as our independent registered public accounting firm. Although ratification is not required by our by-laws or otherwise, the Board is submitting the selection of KPMG LLP to our shareholders for ratification as a matter of good corporate practice. Even if the selection is ratified, the Audit and Finance Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

The Board of Directors recommends that Shareholders vote “for” approval of Proposal no. 2

Proposal 3 Amendment of the Fuelcell Energy, Inc. 2010 Equity Incentive Plan

The FuelCell Energy, Inc. 2010 Equity Incentive Plan (the “2010 Plan”) was adopted by the Board of Directors of FuelCell on January 29, 2010, and approved by the stockholders of the Company at their annual meeting on March 25, 2010. The Board of Directors has approved a proposed amendment to increase the maximum number of authorized but unissued shares of Common Stock reserved for the grant of awards under the 2010 Plan from 2,500,000 shares to 7,500,000 shares. For more information regarding the 2010 Plan, please read the full text of the 2010 Plan, as proposed to be amended, included as Annex B of this proxy statement, and the summary of its material terms, as proposed to be amended, included as Annex A of this proxy statement.

The 2010 Plan is an equity incentive plan pursuant to which FuelCell may grant equity-based awards to employees, directors and consultants of the Company or any parent or subsidiary of the Company. We believe that alignment of the interests of our stockholders and our employees, officers and directors is best advanced through the issuance of equity incentives as a portion of their total compensation. In this way, we reinforce the link between our stockholders and our employees', officers' and directors' focus on personal responsibility, creativity and stockholder returns. Equity incentives such as stock options and restricted stock units also play an important role in our recruitment and retention strategies, as the competition for creative and technical talent and leadership in our industry is intense. While equity is

a strategic tool for recruitment and retention, we also carefully manage stock option and restricted stock unit issuances and strive to keep the dilutive impact of the equity incentives we offer within a reasonable range.

The 2010 Plan is administered by the Compensation Committee comprised of directors meeting (i) the “independent director” definition set forth in The Nasdaq Marketplace Rules applicable to FuelCell, (ii) the “non-employee director” definition set forth in Rule 16b-3 under the Exchange Act, and (iii) as appropriate, other applicable laws. Except as may otherwise be provided in the 2010 Plan, the Compensation Committee has complete authority and discretion to determine the terms of awards.

As of January 31, 2012, there were 639,403 shares available for future grants. Accordingly, the Board believes that the Amendment is necessary to provide us with enough shares to continue our program of equity-based incentive compensation.

As amended, the 2010 Plan will continue to authorize the grant of Non-statutory Stock Options (“**NSOs**”), Incentive Stock Options (“**ISOs**”), Stock Appreciation Rights (“**SARs**”), Restricted Stock (“**RSAs**”), Restricted Stock Units (“**RSUs**”), Performance Shares, Performance Units, Dividend Equivalent Rights (“**DERs**”), and Other Stock-Based Awards covering up to 7,500,000 shares of Common Stock.

[Back to Contents](#)

The 2010 Plan includes many provisions designed to protect shareholder interests and promote effective corporate governance including:

-

The number of shares available for issuance under the plan does not adjust based upon the number of outstanding shares of common stock;

-

Options and stock appreciation rights may not be priced at less than the fair market value of our common stock on the grant date;

-

Re-pricing of options and stock appreciation rights requires shareholder approval;

-

The 2010 Plan requires a minimum period for ratable vesting of options, shares of restricted stock and stock appreciation rights of three years for all time-based awards not issued to directors and one year for all performance-based awards, to the extent such awards may be paid in shares of our common stock;

-

Material amendments of the 2010 Plan require shareholder approval; and

-

The 2010 Plan is administered by an independent committee of our Board of Directors.

Plan Benefits

The amount and timing of awards granted under the 2010 Plan are determined in the discretion of the Compensation Committee and therefore cannot be determined in advance. The future awards that would be received under the 2010 Plan by directors, executive officers and other employees are discretionary and are therefore not determinable at this time.

For the foregoing reasons the Board of Directors recommends that Shareholders vote “FOR” approval of Proposal no. 3

[Back to Contents](#)**Proposal 4** Amendment of the Fuelcell Energy, Inc. Amended & Restated Articles of Incorporation Increasing Its Authorized Common Stock From 225,000,000 Shares to 275,000,000 Shares

General Description of Proposal

The Board of Directors has approved a proposed amendment to Article FOURTH of the Articles of Incorporation of the Company (the “**Articles**”) that increases the number of authorized shares of Common Stock from 225,000,000 shares to 275,000,000 shares. An increase in the number of authorized shares will not have a dilutive effect on the value of each shareholder's Common Stock; only the actual issuance of additional Common Stock would have such an effect. The following table summarizes our Common Shares authorized, outstanding and reserved:

Current Authorized Shares	225,000,000
Proposed Increase in Authorized Shares	50,000,000
Proposed New Authorization:	275,000,000
Shares available for issuance (Pre-increase)	32,768,940
Shares available for issuance (Post-increase)	82,768,940
Common shares Outstanding and Reserved:	
Shares Outstanding as of January 31, 2012	140,589,052
Shares reserved for issuance under Equity Plans as of January 31, 2012	4,377,405
Shares requested under the amended 2010 Equity Plan (per page 44 of this proxy)	5,000,000
Shares reserved for issuance under the ESPP Plan as of January 31, 2012	905,392
Shares issuable upon conversion of our 5% Series B Cumulative Convertible Perpetual Preferred Stock	5,448,512
Shares potentially issuable under Series 1 preferred shares issued by FuelCell Energy, Ltd as of January 31, 2012 to satisfy dividend or conversion requirements ⁽¹⁾	25,750,271
Shares upon the exercise of the same number of warrants issued in conjunction with a registered direct offering which closed on January 13, 2011	10,160,428
TOTAL COMMON STOCK OUTSTANDING AND RESERVED	192,231,060

(1) The Company has dividend and return of capital obligations payable to Enbridge, Inc. under the Series 1 preferred shares issued by FuelCell Energy, Ltd, our wholly-owned Canadian subsidiary. Certain of these obligations are payable in shares of common stock (in lieu of cash), at the option of the Company. For the purposes of this calculation, the potential number of shares required to settle all obligations were calculated as of January 31, 2012 based on a 1 to 1 foreign exchange rate and an assumed average market price of FuelCell Energy, Inc.'s common stock of \$.98 based on the closing price on January 31, 2012.

The Board of Directors is recommending this increase in authorized shares of Common Stock primarily to give the

Company appropriate flexibility to issue shares to satisfy the agreements described above and for future corporate needs. The shares may be issued by the Board in its discretion, subject to any further stockholder action required in the case of any particular issuance by applicable law, regulatory agency, or under the rules of the NASDAQ Exchange or any stock exchange on which the Company's Common Stock may then be listed. The newly authorized shares of Common Stock would be issuable for any proper corporate purpose, including future acquisitions, investment opportunities, capital raising transactions of equity or convertible debt securities, stock splits, stock dividends, issuance under current or future employee equity plans or for other corporate purposes. Except as described above, there are no immediate plans, arrangements, commitments or understandings with respect to issuance of any of the additional shares of Common Stock which would be authorized by the proposed amendment. However, the Board believes that the currently available number of unissued and unreserved shares does not provide sufficient flexibility for corporate action in the future.

Our Board believes that these additional shares will provide us with needed flexibility to issue shares in the future to take advantage of market conditions or favorable opportunities without the potential expense or delay incident to obtaining stockholder approval for a particular issuance.

[Back to Contents](#)

Rights of Additional Authorized Shares

The additional authorized shares of Common Stock, if and when issued, would be part of the existing class of Common Stock and would have the same rights and privileges as the shares of Common Stock presently outstanding. Our stockholders do not have preemptive rights with respect to our Common Stock. Accordingly, should the Board of Directors elect to issue additional shares of our Common Stock, existing stockholders would not have any preferential rights to purchase the shares.

Potential Adverse Effects of Amendment

Future issuance of Common Stock or securities convertible into our Common Stock could have a dilutive effect on the earnings per share, book value per share, voting power and percentage interest of holdings of current stockholders. In addition, the availability of additional shares of our Common Stock for issuance could, under certain circumstances, discourage or make more difficult efforts to obtain control of the Company. The Board is not aware of any attempt, or contemplated attempt, to acquire control of the Company. This proposal is not being presented with the intent that it be used to prevent or discourage any acquisition attempt but nothing would prevent the Board from taking any appropriate actions not inconsistent with its fiduciary duties.

Effectiveness of Amendment and Vote Required

If the proposed amendment is adopted, it will become effective upon the filing of a certificate of amendment to our Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware. The amendment to the Certificate of Incorporation requires the affirmative vote of a majority of the shares outstanding and entitled to vote at the annual meeting.

For the foregoing reasons the Board of Directors recommends that Shareholders vote “FOR” approval of Proposal no. 4.

In addition, all proposals must comply with Rule 14a-8 of the Securities Exchange Act of 1934.

Quorum and Vote Required

As of the record date, there were 141,058,506 shares of Common Stock issued and outstanding. The holders of a majority of the shares of Common Stock entitled to vote as of the record date present, in person or by proxy will constitute a quorum at the meeting. The amendment of the Company's Articles of Incorporation (Proposal No. 4) requires the affirmative vote of a majority of the shares outstanding. If you elect to "ABSTAIN," the abstention has the same effect as a vote "AGAINST."

For the purpose of determining whether the stockholders have approved matters other than the election of directors under Delaware law, abstentions are treated as shares present or represented and voting, so abstaining has the same effect as a negative vote. If your shares are held by a broker on your behalf (that is, in "street name"), and you do not instruct the broker as to how to vote these shares on proposals 1 and 3, the broker may not exercise discretion to vote for or against those proposals. This would be a "broker non-vote" and these shares will not be counted as having been voted on the applicable proposal. With respect to proposals 2 and 4, the broker may exercise its discretion to vote for or against that proposal in the absence of your instruction. **Please instruct your bank or broker so your vote can be counted.**

Voting by Proxy

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may vote by proxy. You can vote by proxy over the internet, by mail or telephone by following the instructions provided in the Notice, or, on the proxy card. The persons named as attorneys-in-fact in the proxy, Arthur A. Bottone and Michael S. Bishop, were selected by the Board of Directors. All properly executed proxies returned in time to be counted at the meeting will be voted by such persons at the Annual Meeting. Shares represented by a properly executed proxy received prior to the vote at the Annual Meeting and not revoked will be voted at the Annual Meeting as directed on the proxy. If a properly executed proxy is submitted and no instructions are given, the proxy will be voted FOR the election of the directors named in this Proxy Statement, FOR the ratification of the appointment of our auditors and FOR the amendment of the 2010 Equity Incentive Plan. It is not anticipated that any matters other than those set forth in this Proxy Statement will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders.

Annex A - General Description of the Amended and Restated FuelCell Energy, Inc. 2010 Equity Incentive Plan

In January 2010, the Board adopted the Company's 2010 Equity Incentive Plan (the “**Incentive Plan**”) and it was approved by our stockholders on March 25, 2010. The following summary of the Incentive Plan reflects the amendment proposed to be adopted by the Company's stockholders at the 2012 Annual Meeting and is qualified in its entirety by the specific language of the Incentive Plan, as proposed to be amended, which is attached as Annex B.

General

Overview

The Incentive Plan is an equity incentive plan pursuant to which the Company may grant employees, directors and consultants equity based awards. The Incentive Plan will be used by the Company for awards going forward, but it does not terminate, subsume or otherwise alter the grants currently outstanding under the Company's other incentive plans. Such awards and plans will remain outstanding pursuant to their terms.

Purpose

The purpose of the Incentive Plan is to advance the Company's interests by aligning the long-term interests of employees, directors and consultants with those of stockholders, and by assisting the Company in competing effectively with other enterprises to attract, motivate and retain the best available individuals for service to the Company.

Types of Awards

The Incentive Plan permits the grant of Incentive Stock Options, Nonstatutory Stock Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Units, Performance Shares, Dividend Equivalent Rights and Other Stock Based Awards (each as described more specifically below).

Common Stock Available Under the Plan

Assuming shareholders approve this proposal, a total of 7,500,000 shares of the Company's common stock, par value \$.0001 per share (the “**Common Stock**”), will be reserved for issuance pursuant to the Incentive Plan. If an award expires or is terminated or canceled without having been exercised or settled in full, or is forfeited back to or repurchased by the Company, the shares underlying the unused portion of the award will become available again for future grant or sale under the Incentive Plan. Further, shares are not deemed issued under the Incentive Plan with respect to any portion of an award that is settled in cash. If the exercise or purchase price of an award is paid for through the tender of shares, or tax withholding obligations are met through the tender or withholding of shares, those shares so tendered or withheld will be returned to the pool of shares reserved and again be available for issuance under the Incentive Plan.

Administration of the Plan

The Incentive Plan will be administered by a committee of the Company's board of directors comprised of directors meeting (i) the "independent director" definition set forth in The Nasdaq Marketplace Rules applicable to the Company, (ii) the "non-employee director" definition set forth in Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended, and (iii) as appropriate, all other applicable laws (the "Administrator"). In the case of awards intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Internal Revenue Code, the Administrator will consist solely of two or more "outside directors" within the meaning of Section 162(m) of the Internal Revenue Code to enable the Company to receive a federal tax deduction for certain compensation paid under such awards. Subject to the terms of the Incentive Plan, the Administrator has the power to determine the terms of the awards, including the exercise price, the number of shares subject to each award (subject to the limits under the Incentive Plan), the exercisability of the awards and the form of consideration payable upon exercise.

Eligibility

Nonstatutory Stock Options, Restricted Stock, Stock Appreciation Rights, Performance Units, Performance Shares and Other Stock Based Awards may be granted under the Incentive Plan to the Company's employees, directors and consultants, and employees and consultants of any of the Company's subsidiary companies. Incentive Stock Options may be granted only to employees of the Company or any subsidiary of the Company.

Limitations

Section 162(m) of the Internal Revenue Code places limits on the deductibility for federal income tax purposes of compensation paid to certain of the Company's executive officers. In order to preserve the Company's ability to deduct the compensation income associated with Stock Options and Stock Appreciation Rights granted to such persons, the Incentive Plan provides that no employee, director or consultant may be granted, in any fiscal year, Stock Options or Stock Appreciation Rights to purchase more than an aggregate of 250,000 shares of Common Stock.

Directors

Our non-employee directors are entitled to receive a cash retainer each year beginning on the date of the annual meeting of the board of directors, board and committee meeting fees, and an annual equity grant as outlined in the Director Compensation section of this Proxy. Each such director may elect in advance to receive the cash retainer and meeting fees in an equivalent amount of Stock Options or shares of Common Stock, and the equity grant in Stock Options or shares of Common Stock.

Types of Awards under the Incentive Plan

1.

Stock Options: A Stock Option is the right to purchase shares of Common Stock at a fixed exercise price for a fixed period of time. Stock Options may be either Incentive Stock Options or Nonstatutory Stock Options. Each Stock Option will be evidenced by a Stock Option agreement and is subject to the following terms and conditions:

(a)

Number of Options: The Administrator will determine the number of shares granted to any eligible individual pursuant to a Stock Option.

(b)

Exercise Price: The Administrator will determine the exercise price of options granted under the Incentive Plan at the time the options are granted, but with respect to Nonstatutory Stock Options intended to qualify as “performance-based compensation” within the meaning of Section 162(m) of the Internal Revenue Code or for the exemption from deferred compensation under Section 409A of the Internal Revenue Code, and all Incentive Stock Options the exercise price will be at least equal to the fair market value of the Common Stock on the date of grant. The exercise price of an Incentive Stock Option granted to any participant who owns more than 10% of the voting power of all classes of the Company's outstanding capital stock may not be less than 110% of the fair market value on the date such option is granted. The fair market value of the Common Stock generally is determined with reference to the closing sale price on the day the option is granted.

(c)

Exercise of Option; Form of Consideration: The means of payment for shares issued upon exercise of an option will be specified in each option agreement. To the extent permitted by applicable law, the Incentive Plan permits payment to be made by cash, check, promissory note, other shares of Common Stock (with some restrictions), cashless exercises, any combination of the prior methods of payment or any other form of consideration permitted by applicable law.

(d)

Term of Option: The term of Stock Options granted under the Incentive Plan will be stated in the option agreement and will not exceed ten years, except that with respect to any participant who owns more than 10% of the voting power of all classes of the Company's outstanding capital stock, the term of an Incentive Stock Option must not exceed five years. No option may be exercised after the expiration of its term.

(e)

Termination of Service: After termination of service, an option holder may exercise his or her option for the period of time determined by the Administrator and stated in the option agreement. In the absence of a time specified in a participant's award agreement, a participant may exercise the option within three months of such termination, to the extent that the option is vested on the date of termination (but in no event later than the expiration of the term of such option as set forth in the option agreement), unless such participant's service terminates due to the participant's death or disability, in which case the participant or, if the participant has died, the participant's estate, beneficiary designated in accordance with the Administrator's requirements or the person who acquires the right to exercise the option by bequest or inheritance may exercise the option, to the extent the option was vested on the date of termination, within one year from the date of such termination.

2.

Stock Appreciation Rights: A Stock Appreciation Right is the right to receive the appreciation in the fair market value of the Common Stock between the date of grant and the exercise date for that number of shares of Common Stock with respect to which the Stock Appreciation Right is exercised. The Company may pay the amount of the appreciation in either cash, in shares of Common Stock with equivalent value, or in some combination of Common Stock and cash, as determined by the Administrator. Each award of Stock Appreciation Rights will be evidenced by an award agreement specifying the terms and conditions of the award. The Administrator determines the exercise price of Stock Appreciation Rights, the vesting schedule and other terms and conditions of Stock Appreciation Rights, provided that, the exercise price will be no less than the fair market value of the Common Stock on the grant date and the term of a Stock Appreciation Right shall not exceed ten years from the grant date.

3.

Restricted Stock: Restricted Stock awards are grants of shares of Common Stock that vest in accordance with terms and conditions established by the Administrator, provided that, in no event will any portion of an award of Restricted Stock vest earlier than three years following the grant date, except vesting may be accelerated in the event of the participant's retirement, death or disability. The Administrator may impose whatever conditions to vesting it determines to be appropriate including, if the Administrator has determined it is desirable for the award to qualify as "performance-based compensation" for purposes of Section 162(m) of the Internal Revenue Code, that the Restricted Stock will vest based on the achievement of performance goals. Each award of Restricted Stock will be evidenced by an award agreement specifying the terms and conditions of the award. The Administrator will determine the number of shares of restricted stock granted to any employee. The Administrator also determines the purchase price of any grants of Restricted Stock and, unless the Administrator determines otherwise, shares that do not vest typically will be subject to forfeiture or to a right of repurchase by the Company, which the Company may exercise upon the voluntary or involuntary termination of the purchaser's service with the Company for any reason including death or disability.

4.

Restricted Stock Units: Restrictive Stock Units are awards that provide for the payment of shares of Common Stock on a deferred basis upon the satisfaction of certain service-based vesting or performance conditions. Each Restricted Stock Unit will be evidenced by an award agreement and shall be subject to such terms and conditions determined by the Administrator.

5.

Performance Shares and Performance Units: Performance Units and Performance Shares are awards that result in a payment to a participant only if performance goals established by the Administrator are achieved or the awards otherwise vest. The Administrator will establish performance goals in its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of performance units and performance shares to be paid out to participants and will establish a performance period during which the performance goals must be achieved, which period may not be less than one year. The performance goals may be based upon the achievement of company-wide, divisional or individual goals (including solely continued service) or such other factors determined by the Administrator. Payment for Performance Units and Performance Shares may be made in cash or in shares of Common Stock with equivalent value, or in some combination of Common Stock and cash, as determined by the Administrator. Performance Units will have an initial dollar value established by the Administrator prior to the grant date. Performance Shares will have an initial value equal to the fair market value of the Common Stock on the grant date. The Administrator also determines the number of Performance Shares and Performance Units granted to any employee. Each Performance Unit and Performance Share will be evidenced by an award agreement, and is subject to the terms and conditions determined by the Administrator.

6.

Dividend Equivalent Rights: Dividend Equivalent Rights are credits made, as determined by the Administrator, to the account of a Participant in an amount equal to the cash dividend paid on one share of Common Stock for each share represented by an award held by the Participant; provided that, no such Dividend Equivalent Rights will be paid to a Participant prior to the date of exercise, settlement, vesting or payment of the award.

7.

Other Stock Based Awards: The Administrator has the authority to grant awards under the Incentive Plan in addition to those specifically described above. These awards must be valued in whole or in part by reference to, or must otherwise be based on, the shares of the Common Stock (or the cash equivalent of such shares). These awards may be granted separately, in addition to, or in lieu of other awards granted under the Incentive Plan or cash awards made outside the Incentive Plan. Each Other Stock Based Award will be evidenced by an award agreement that will specify terms and conditions as the Administrator may determine.

General Terms and Conditions of Awards

8.

Transferability of Awards: The Incentive Plan does not permit the transfer of awards other than by will or by the laws of descent and distribution, and only the participant may exercise an award during his or her lifetime.

9.

Vesting: For purposes of the awards under the Incentive Plan (i) in the case of awards granted to an eligible employee, the award shall vest or become exercisable ratably over a period of at least three years and (ii) in the case of awards granted to an eligible director or consultant, the award shall vest or become exercisable ratably over a period of at least one year. Notwithstanding the foregoing vesting requirements, the Administrator may provide a vesting schedule that is less than the applicable period, or may shorten the vesting schedule to a period less than the otherwise applicable period, with respect to awards granted to participants in connection with their commencement of service

with the Company or who retire, die or become disabled while in service with the Company, or in connection with other situations that are not in the ordinary course of business.

10.

Adjustments upon Changes in Capitalization: In the event that the Common Stock changes by reason of any dividend (excluding an ordinary dividend) or other distribution, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of Company securities, or other similar change in the Company's capital structure, the Administrator may make the adjustments to the number of shares of Common Stock subject to the Incentive Plan, the maximum number of shares of Common Stock that may be issued to any individual in any fiscal year pursuant to awards, and the number and price of shares of Common Stock subject to any outstanding award.

11.

Adjustments upon Liquidation or Dissolution: In the event of the liquidation or dissolution of the Company, any unexercised award will terminate. The Administrator may, in its sole discretion, provide that each participant will have the right to exercise all or any part of the award, including shares as to which the award would not otherwise be exercisable.

12.

Adjustments upon Change in Control: The Incentive Plan provides that in the event of a merger with or into another corporation or a "change in control" of the Company, including the sale of all or substantially all of the assets of the Company, the Administrator may at the time an Award is made or at any time thereafter, take one or more of the following actions: (i) provide for the acceleration of any time period relating to the exercise or realization of the Award, (ii) provide for the purchase of the Award upon the Participant's request for an amount of cash or other property that could have been received upon the exercise or realization of the Award had the Award been currently exercisable or payable, (iii) adjust the terms of the Award to reflect the Change in Control, (iv) cause the Award to be assumed, or new rights substituted therefore, by another entity, or (v) make such other provision as the Administrator may consider equitable and in the best interests of the Company.

13.

Amendment and Termination of the Incentive Plan. The Incentive Plan will automatically terminate in 2020, unless the Company terminates it sooner. In addition, the board of directors has the authority to amend, suspend or terminate the Incentive Plan, provided it does not materially impair a participant's vested rights in any outstanding award previously granted thereunder (unless the participant consents to such change), and, provided, further, any material amendment to the Incentive Plan will require shareholder approval in accordance with applicable rules under The Nasdaq Marketplace Rules.

(x)

to authorize any person to execute on behalf of the Company any instrument required to implement the grant of an Award previously granted by the Administrator;

(d)

No Repricing or Exchange Program without Stockholder Approval. Without the prior approval of the Company's stockholders, no Award issued under the Plan shall be exchanged for another Award in an exchange program nor any Option otherwise have its exercise price reduced.

5. Eligibility

Nonstatutory Stock Options, Restricted Stock, Stock Appreciation Rights, Performance Units, Performance Shares, Restricted Stock Units and Other Stock Based Awards may be granted to Service Providers. Incentive Stock Options may be granted only to Employees.

6. Limitations

(a)

ISO \$100,000 Rule. Each Option will be designated in the Award Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. Notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds \$100,000, such Options will be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options will be taken into account in the order in which they were granted. The Fair Market Value of the Shares will be determined as of the time the Option with respect to such Shares is granted.

(b)

No Rights as a Service Provider. Neither the Plan nor any Award shall confer upon a Participant any right with respect to continuing his or her relationship as a Service Provider, nor shall they interfere in any way with the right of the Participant or the right of the Company or its Parent or Subsidiaries to terminate such relationship at any time, with or without cause.

(c)

162(m) Limitation. The following limitations shall apply to Awards under the Plan:

(i)

Option and SAR Share Annual Limit. No Service Provider will be granted, in any Fiscal Year, Options and/or SARs to purchase more than 250,000 Shares.

(ii)

Section 162(m) Performance Restrictions. For purposes of qualifying grants of Restricted Stock, Restricted Stock Units, Performance Shares or Performance Units as "performance-based compensation" under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals shall be set by the Administrator on or before the latest date permissible to enable the Restricted

Stock Units, Restricted Stock, Performance Shares or Performance Units to qualify as “performance-based compensation” under Section 162(m) of the Code. In granting Restricted Stock Units, Restricted Stock, Performance Shares or Performance Units which are intended to qualify under Section 162(m) of the Code, the Administrator shall follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

(iii)

The foregoing limitations will be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 15.

(iv)

If an Award is cancelled in the same Fiscal Year in which it was granted (other than in connection with a transaction described in Section 15), the cancelled Award will be counted against the limits set forth in subsections (i) and (ii) above. For this purpose, if the exercise price of an Option is reduced, the transaction will be treated as a cancellation of the Option and the grant of a new Option.

[Back to Contents](#)

7. Stock Options

(a)

Term of Option. The term of each Option will be stated in the Award Agreement. In the case of an Incentive Stock Option, the term will be ten years from the date of grant or such shorter term as may be provided in the Award Agreement. In the case of an Incentive Stock Option

(A)

(B)

granted to any Employee other than an Employee described in paragraph (A) immediately above, the per Share exercise price will be no less than 100% of the Fair Market Value per Share on the date of grant.

(2)

In the case of a Nonstatutory Stock Option, the per Share exercise price will be determined by the Administrator. In the case of a Nonstatutory Stock Option intended to qualify as “performance-based compensation” within the meaning of Section 162(m) of the Code or for the exemption from treatment as deferred compensation under Section 409A of the Code, the per Share exercise price will be no less than 100% of the Fair Market Value per Share on the date of grant.

(ii)

Waiting Period, Vesting, Exercise Dates. At the time an Option is granted, the Administrator will fix the period within which the Option may be exercised and will determine any conditions, including the vesting schedule, that must be satisfied before the Option may be exercised. Any Option granted to a Participant who is not a director shall vest

ratably as determined by the Administrator over a period of at least three years. Any Option granted to a Participant who is a director shall vest ratably as determined by the Administrator over a period of at least one year. Notwithstanding the foregoing vesting periods, the Administrator may in its discretion grant Options with a vesting schedule that is less than the applicable period set forth above, or shorten the vesting schedule of an outstanding Option to a period less than the applicable period set forth above, when such Options are to be granted to new hires or have been granted to retirees, Participant's with disabilities or in connection with other situations not in the ordinary course of business.

(c)

Form of Consideration. The Administrator will determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator will determine the acceptable form of consideration at the time of grant. Such consideration to the extent permitted by Applicable Laws may consist entirely of:

(i)

cash;

(ii)

check;

(iii)

promissory note;

(iv)

other Shares which meet the conditions established by the Administrator to avoid adverse accounting consequences (as determined by the Administrator);

(v)

consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan;

(vi)

any combination of the foregoing methods of payment; or

(vii)

such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

(d)

Exercise of Option.

(i)

Procedure for Exercise; Rights as a Stockholder. Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share. An Option will be deemed exercised when the Company receives: (A) written or electronic notice of exercise (in accordance with the Award Agreement) from the person entitled to exercise the Option, and (B) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the Awarded Stock, notwithstanding the exercise of the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the Record Date is prior to the date the Shares are issued, except as provided in Section 15 of the Plan or the applicable Award Agreement. Exercising an Option in any manner will decrease the number of Shares thereafter available for sale under the Option, by the number of Shares as to which the Option is exercised.

(ii)

Termination of Relationship as a Service Provider. If a Participant ceases to be a Service Provider, other than upon the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for three months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan following the Participant's termination. If after termination the Participant does not exercise his or her Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iii)

Disability of Participant. If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan following the Participant's termination. If after termination the Participant does not exercise his or her Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iv)

Death of Participant. If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the Option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve months following Participant's death. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(e)

Buyout Provisions. The Administrator may at any time offer to buy out for a payment in cash or Shares an Option previously granted based on such terms and conditions as the Administrator shall establish and communicate to the Participant at the time that such offer is made.

8. Restricted Stock

(a)

Grant of Restricted Stock. Subject to the terms and provisions of the Plan, the Administrator, at any time and from time to time, may grant Shares of Restricted Stock to Service Providers in such amounts as the Administrator, in its sole discretion, will determine. Subject to Section 6(c)(ii) hereof, the Administrator shall have complete discretion to determine (i) the number of Shares subject to a Restricted Stock award granted to any Participant, and (ii) the conditions that must be satisfied, which typically will be based principally or solely on continued provision of services but may include a performance-based component, upon which is conditioned the grant, vesting or issuance of Restricted Stock.

(b)

Restricted Stock Agreement. Each Award of Restricted Stock will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the

Administrator, in its sole discretion, will determine. Unless the Administrator determines otherwise, Shares of Restricted Stock will be held by the Company as escrow agent until the restrictions on such Shares have lapsed.

(c)

(e)

Removal of Restrictions. Except as otherwise provided in this Section 8, Shares of Restricted Stock covered by each Restricted Stock grant made under the Plan will be released from escrow as soon as practicable after the last day of the Period of Restriction. The Administrator, in its discretion, may accelerate the time at which any restrictions will lapse or be removed.

(f)

Voting Rights. During the Period of Restriction, Service Providers holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares, unless the Administrator determines otherwise.

(g)

Dividends and Other Distributions. During the Period of Restriction, Service Providers holding Shares of Restricted Stock will be entitled to receive all dividends and other distributions paid with respect to such Shares unless otherwise provided in the Award Agreement. If any such dividends or distributions are paid in Shares, the Shares will be subject to the same restrictions on transferability and forfeitability as the Shares of Restricted Stock with respect to which they were paid.

(h)

Return of Restricted Stock to Company. On the date set forth in the Award Agreement, the Restricted Stock for which restrictions have not lapsed will revert to the Company and again will become available for grant under the Plan.

20. Severability

Notwithstanding any contrary provision of the Plan or an Award to the contrary, if any one or more of the provisions (or any part thereof) of this Plan or the Awards shall be held invalid, illegal or unenforceable in any respect, such provision shall be modified so as to make it valid, legal and enforceable in a manner to the greatest extent possible to conform with the original intent of such provision, and the validity, legality and enforceability of the remaining provisions (or any part thereof) of the Plan or Award, as applicable, shall not in any way be affected or impaired thereby.

21. Inability to Obtain Authority

The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, will relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority will not have been obtained.
