EXHIBIT 1

**STEALTHGAS INC. ANNOUNCES DELIVERIES OF TWO VESSELS, THE SALE OF THREE VESSELS,  
NEW CHARTER ARRANGEMENTS AND APPOINTMENT OF NEW DIRECTOR TO BOARD**

**ATHENS, GREECE, November 19, 2007.** STEALTHGAS INC. (NASDAQ: GASS) (the Company), a ship-owning company serving the liquefied petroleum gas (LPG) sector of the international shipping industry, announced the deliveries of the M/V Gas Sophie and the M/V Gas Haralambos, the sale of the M/V Gas Oracle, the M/V Gas Renovatio and the M/V Gas Nemesis, new chartering arrangements for the M/V Gas Emperor and the M/V Gas Tiny and the appointment to its Board of Directors of Mr. Lambros Babilis as an Executive Director and Deputy Chairman.

**Vessel Deliveries:**

The Company announced that it took delivery of the M/V Gas Sophie on October 15, 2007 and the M/V Gas Haralambos on October 31, 2007, two vessels it had previously contracted to acquire.

The M/V Gas Sophie is a 1995 built, 3,500 cbm Fully Pressurized ( F.P. ) LPG carrier. Upon its delivery, it was deployed on time charter for 12 months to an international gas trader.

The M/V Gas Haralambos is a 2007 built, 7,000 cbm Fully Pressurized ( F.P. ) LPG carrier. Upon its delivery, it was deployed on a 2 year time charter to a major international commodity trader.

#### **Vessel Sales:**

The Company announced that it has reached an agreement to sell to an unaffiliated entity on an en bloc basis the M/V Gas Oracle , the M/V Gas Renovatio and the M/V Gas Nemesis . Each of these three vessels will be delivered to the purchaser, during January 2008 for an aggregate purchase price of approximately \$27.3 million.

#### **New Chartering Arrangements:**

The M/V Gas Tiny has extended its existing time charter commencing October 2007 for 2 years to an international gas trader.

The M/V Gas Emperor upon the expiry of its existing time charter in June 2008, has entered into a new bare boat charter for 4 years to a major international gas operator.

#### **Board Appointment:**

The Company also announced that, following the unanimous consent of its Board of Directors, Mr. Lambros Babilis has been elected to the Board of Directors of Stealth Gas Inc as an Executive Director and will also serve as Deputy Chairman.

CEO Harry Vafias commented I am very pleased to announce the appointment of Mr. Babilis to our Board of Directors as an executive director. As an experienced technical manager within Stealth Maritime, he will bring a wealth of technical expertise to our board, an area that had been somewhat lacking in the current make up of our Board of Directors, plus as stated earlier he will serve as our Deputy Chairman, a position that had remained unfilled since our IPO in October 2005. I would like to wish him every success in his new role and look forward to his contributing to the ongoing success of our company .

Commenting on the sales of the three vessels, the first such sales since the Company went public in October 2005, CEO Harry Vafias said We have always stated that if opportunities presented themselves to sell some of the older

tonnage in our fleet we would take them if they gave attractive returns. Management believes that the sale of these three ships achieves this aim, plus we reduce the average age of our fleet and it gives us further resources to acquire more modern tonnage, which are attractive to our blue chip customer base, and of course are more cost efficient to operate .

### Fleet Profile and Fleet Deployment:

The table below show the Company's fleet development and deployment as of today:

Vessel	Vessel Size (cbm)	Vessel Type	Year Built	Delivered To GASS	Employment Status	Charter Expiration(1)

Once the acquisition and sale of vessels are complete, STEALTHGAS INC. s fleet will be composed of 36 LPG carriers with a total capacity of 160,286 cubic meters (cbm). STEALTHGAS Inc. s shares are listed on the NASDAQ Global Select Market and trade under the symbol GASS .

### **Forward-Looking Statement**

Matters discussed in this release may constitute forward-looking statements. Forward-looking statements reflect our current views with respect to future events and financial performance and may include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts. The forward-looking statements in this release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, management's examination of historical operating trends, data contained in our records and other data available from third parties. Although STEALTHGAS INC. believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, STEALTHGAS INC. cannot assure you that it will achieve or accomplish these expectations, beliefs or projections. Important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include the strength of world economies and currencies, general market conditions, including changes in charterhire rates and vessel values, changes in demand that may affect attitudes of time charterers to scheduled and unscheduled drydocking, changes in STEALTHGAS INC.'s operating expenses, including bunker prices, dry-docking and insurance costs, or actions taken by regulatory authorities, potential liability from pending or future litigation, domestic and international political conditions, potential disruption of shipping routes due to accidents and political events or acts by terrorists.

Risks and uncertainties are further described in reports filed by STEALTHGAS INC. with the US Securities and Exchange Commission.
