Item 2.02. Results of Operations and Financial Condition.

On October 6, 2017, Great Lakes Dredge & Dock Corporation (the “Company” or “Great Lakes”) issued a press release providing a business update. A copy of the press release is furnished as Exhibit 99.1 and incorporated herein by reference.

The information in this Item 2.02 and Exhibit 99.1 are furnished pursuant to Item 2.02 of this Form 8-K and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934 (the “Exchange Act”) or incorporated by reference in any filing of the Securities Act of 1933 or the Exchange Act, except as shall be expressly set forth by specific reference in any such filing.

Item 2.05. Costs Associated with Exit or Disposal Activities.

On October 6, 2017, the Company committed to a plan to reduce overhead, retire certain underperforming and underutilized assets and close out the Company’s Brazilian operations. This plan was the result of extensive analysis regarding the Company’s portfolio composition and asset utilization, as a result of which the Company identified the need to create the capital capacity necessary to continue the renewal of our fleet in pursuit of strategic future growth. The Company expects the majority of these activities to occur and the associated expenses to be recognized in the third quarter and fourth quarter of 2017, although some may continue in the first quarter and second quarter of 2018. However, the Company’s ability to execute on this plan in full will be dependent in part on the receipt of consent from the Company’s lenders for certain related asset sales, retirements and other restructuring activities.

These actions are expected to result in a restructuring charge of approximately \$42-47 million, including approximately \$2 million related to severance costs, \$30 million related to asset retirements and \$12 million related to spare parts and other asset write-offs. The Company expects approximately \$3 million of these costs to result in cash expenditures, which are net of proceeds on asset sales.

Item 9.01. Financial Statements and Exhibits.

Cautionary Note Regarding Forward-Looking Statements

Certain statements in this Form 8-K may constitute "forward-looking" statements as defined in Section 21E of the Exchange Act, the Private Securities Litigation Reform Act of 1995 (the "PSLRA") or in releases made by the Securities and Exchange Commission, all as may be amended from time to time. These statements include, but are not limited to, our statements regarding the likelihood of realizing, and amount of, expected restructuring charges to be realized in connection with the restructuring activities described in this Form 8-K. The restructuring may not occur to the extent described herein if, among other factors, our lenders do not approve the related asset retirements, sales and certain other restructuring activities. In addition, numerous other factors may limit the extent to which the anticipated benefits are realized. Statements regarding expectations regarding the Charleston II port deepening project, the Boston Harbor port deepening project and other coastal protection bid opportunities are also "forward looking" statements within the meaning of the Exchange Act. These statements may likewise turn out to not come to fruition if our expectations regarding such projections turn out to be incorrect. Such forward-looking statements involve known and unknown risks, uncertainties and other important factors that could cause the actual results, performance or achievements of Great Lakes and its subsidiaries, or industry results, to differ materially from any future results, performance or achievements expressed or implied by such forward-looking statements. Statements that are not historical fact are forward-looking statements. These cautionary statements are being made pursuant to the Exchange Act and the PSLRA with the intention of obtaining the benefits of the "safe harbor" provisions of such laws. Great Lakes cautions investors that any forward-looking statements made by Great Lakes are not guarantees or indicative of future events.

Although Great Lakes believes that its plans, intentions and expectations reflected in this Form 8-K are reasonable, actual events could differ materially. The forward-looking statements contained in this Form 8-K are made only as of the date hereof and Great Lakes does not have or undertake any obligation to update or revise any forward-looking statements whether as a result of new information, subsequent events or otherwise, unless otherwise required by law.
