PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

To Be Held June 4, 2019

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

General

This Proxy Statement contains information related to the 2019 Annual Meeting of Stockholders (the “Annual Meeting”) of Smith Micro Software, Inc. (“Smith Micro,” the “Company,” “we,” “our” or “us”), which will be held at the offices of the Company, located at 5800 Corporate Drive, Pittsburgh, Pennsylvania 15237, on Tuesday, June 4, 2019, at 10:00 a.m. Eastern Time, and any postponements or adjournments thereof.

In accordance with Securities and Exchange Commission (“SEC”) rules, instead of mailing a printed copy of our proxy materials to each stockholder of record, we are furnishing proxy materials to our stockholders via the Internet. If you received a Notice of Internet Availability of Proxy Materials (the “Notice”) by mail, you will not receive a printed copy of the proxy materials other than as described below. The Notice contains instructions on how to access and review all of the important information contained in the proxy materials over the Internet. The Notice also instructs how you may submit your proxy over the Internet. If you received a Notice and would like to receive a printed copy of our proxy materials, including our 2018 Annual Report on Form 10-K, follow the instructions for requesting such materials included in the Notice.

Stockholders of record at the close of business on April 10, 2019 (the “Record Date”) are entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. It is anticipated that the Notice will first be sent to stockholders, and this Proxy Statement and the form of proxy relating to our Annual Meeting, are being first mailed or made available to stockholders on or about April 22, 2019. These materials are available for viewing, printing and downloading on the Internet at <http://www.edocumentview.com/SMSI>.

Purpose of the Meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the Notice of Annual Meeting of Stockholders accompanying this Proxy Statement and are described in more detail in this Proxy Statement. We are not aware of any matter to be presented other than those described in this Proxy Statement.

Voting

Our outstanding common stock, par value \$0.001 per share (the “Common Stock”) is the only class of securities entitled to vote on the proposals presented at the Annual Meeting. Common Stockholders of record on the Record Date are entitled to notice of and to vote at the Annual Meeting. As of the Record Date, there were 32,064,848 shares of Common Stock outstanding and approximately 109 holders of record, according to information provided by our transfer agent. Each share of Common Stock is entitled to one vote on each proposal. Stockholders may not cumulate votes in the election of directors. A majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting will constitute a quorum. Abstentions and broker non-votes count as present for establishing a quorum but will not be counted as votes cast. If a quorum is not present, the meeting may be adjourned until a quorum is obtained.

All votes will be tabulated by our inspector of elections for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and “broker non-votes” (i.e., shares held by a broker or other nominee having discretionary power to vote on some matters but not others). Broker non-votes occur when your broker or other nominee submits a proxy for your shares (because the broker or other nominee has received instructions from you on one or more proposals, but not all, or has not received instructions from you but is entitled to vote your shares on a particular “discretionary” matter) but does not indicate a vote for a particular proposal because the broker or other nominee either does not have the authority to vote on that proposal and has not received voting instructions from you, or has discretionary authority but chooses not to exercise it. Abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. In all proposals other than the election of directors, abstentions will be counted towards the tabulations of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. In the election of directors, the two nominees receiving the highest number of affirmative votes shall be elected; broker non-votes, abstentions and votes marked “withhold” will not affect the outcome of the election. Proposals 2 and 3 require the affirmative vote of a majority of shares present in person or represented by proxy at the Annual Meeting and entitled to vote. Broker non-votes will not be counted for purposes of determining whether such proposals have been approved.

How to Vote

If you are a stockholder of record, you may vote your shares in one of two ways: either by proxy or in person at the Annual Meeting. If you choose to vote by proxy, you may do so by telephone, via the Internet or by mail. Each of these methods is explained below. If you hold your shares of Common Stock in multiple accounts, you should vote your shares as described in each set of proxy materials you receive. If no direction is made on your proxy and it is otherwise properly executed, your proxy will be voted FOR the election of the two director nominees and FOR each of the other proposals at the Annual Meeting.

By Telephone. You may transmit your proxy voting instructions by calling the telephone number specified on the Notice, or if you received a printed version of the proxy materials by mail, by following the instructions provided with your proxy materials and on your proxy card. You will need to have the Notice or proxy card in hand when you call. If you choose to vote by telephone, you do not have to return a proxy card by mail.

Via the Internet. You may transmit your proxy voting instructions via the Internet by accessing the website specified on the Notice, or if you received a printed version of the proxy materials by mail, by following the instructions provided with your proxy materials and on your proxy card. You will need to have the Notice or proxy card in hand when you access the website. If you choose to vote via the Internet, you do not have to return a proxy card by mail.

By Mail. If you received printed proxy materials, you may vote by proxy by completing, signing and dating the proxy card enclosed with your printed proxy materials and returning it in the enclosed prepaid envelope.

In Person at the Annual Meeting. You may vote in person at the Annual Meeting. We will give you a ballot when you arrive. If you are the beneficial owner of shares held in “street name” and you wish to vote in person at the Annual Meeting, you must obtain a legal proxy from the organization that holds your shares and present it with your ballot to the inspector of election at the Annual Meeting. Even if you plan to attend the Annual Meeting, we urge you to vote your shares by proxy in advance of the Annual Meeting so that if you should become unable to attend the Annual Meeting your shares will still be voted in accordance with your direction.

Telephone and Internet voting for stockholders of record will be available up until 11:59 P.M. Eastern Time on June 3, 2019 and mailed proxy cards must be received by June 3, 2019 in order to be counted at the Annual Meeting. If the Annual Meeting is adjourned or postponed, these deadlines may be extended.

The voting deadlines and availability of telephone and Internet voting for beneficial owners of shares held in “street name” will depend on the voting processes of the organization that holds your shares. Therefore, we urge you to carefully review and follow the voting instruction card and any other materials that you receive from that organization.

Revoking a Proxy; Changing Your Vote

If you are a stockholder of record, you may revoke your proxy before the vote is taken at the meeting:

- by submitting a new proxy with a later date before the applicable deadline either signed and returned by mail or transmitted using the telephone or Internet voting procedures described in the “How to Vote” section above;
- by voting in person at the meeting; or
- by filing a written revocation with our corporate Secretary.

If your shares are held in “street name,” you may submit new voting instructions by contacting your broker or other organization holding your account. You may also vote in person at the Annual Meeting, which will have the effect of revoking any previously submitted voting instructions, if you obtain a legal proxy from the organization that holds your shares as described in the “How to Vote” section above.

Your attendance alone at the Annual Meeting will not automatically revoke your proxy.

Difference Between a “Stockholder of Record” and a Beneficial Owner of Shares Held in “Street Name”

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, Computershare, then you are considered the “stockholder of record” of those shares. In this case, your Notice or printed proxy materials have been sent to you directly by us. You may vote your shares by proxy prior to the Annual Meeting by following the instructions contained on the Notice or, if you received a printed version of the proxy materials by mail, by following the instructions provided with your proxy materials and on your proxy card.

Beneficial Owners of Shares Held in Street Name. If your shares are held in a brokerage account or by a bank, trust or other nominee or custodian, then you are considered the beneficial owner of those shares, which are held in “street name.” In this case, your proxy materials have been forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As the beneficial owner, you have the right to instruct that organization as to how to vote the shares held in your account by following the instructions contained on the voting instruction card provided to you by that organization.

Solicitation

Our Board of Directors is soliciting proxies for the Annual Meeting as described in this Proxy Statement, and Smith Micro will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of the Notice, this Proxy Statement, the proxy card and any additional solicitation materials furnished to the stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward the solicitation materials to such beneficial owners. We may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. In addition, the original solicitation of proxies by mail may be supplemented by a solicitation by Internet or other means by our directors, officers or employees. No additional compensation will be paid to these individuals for any such services, although we may reimburse reasonable out-of-pocket expenses.

Deadlines for Receipt of Stockholder Proposals

Stockholders may present proposals for action at a future meeting only if they comply with the requirements of the proxy rules established by the Securities and Exchange Commission (“SEC”) and our Bylaws. For stockholder proposals submitted pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”) to be presented at and included in our proxy statement for our 2020 Annual Meeting of Stockholders (the “2020 Annual Meeting”), such proposals must be submitted to and received by the Company’s corporate Secretary no later than December 24, 2019. Pursuant to our Bylaws, any stockholder intending to present a proposal for action at an annual meeting must give written notice to the Company’s corporate Secretary not less than 30 days and not more than 60 days prior to the date of the annual meeting, except that if less than 40 days’ notice or prior public disclosure of the date of the meeting is given or made to stockholders, then the deadline for submitting a stockholder proposal is the close of business on the tenth day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made. Under our Bylaws, the deadline for submitting a nomination for a director to be included in our proxy materials for an annual meeting is 60 days prior to the date of the annual meeting. In addition, the proxy solicited by the Board of Directors for the 2020 Annual Meeting will confer discretionary authority to vote on any stockholder proposal presented at that meeting, unless we receive notice of such proposal no later than March 8, 2020, which is 45 calendar days prior to the anniversary date of the mailing of this Proxy Statement. Stockholder proposals and nominations must be in writing and should be addressed to our corporate Secretary at our principal executive offices located at 5800 Corporate Drive, 5th Floor, Pittsburgh, PA 15237. The Chairman of the Annual Meeting reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements, including conditions set forth in our Bylaws and conditions established by the Securities and Exchange Commission.

We have not been notified by any stockholder of his or her intent to present a stockholder proposal from the floor at this year’s Annual Meeting. Your proxy grants the proxy holders discretionary authority to vote on any matter properly brought before the Annual Meeting that is not included in this Proxy Statement.

MATTERS TO BE CONSIDERED AT ANNUAL MEETING

PROPOSAL 1:

ELECTION OF DIRECTORS

Our Amended and Restated Certificate of Incorporation and Bylaws provide for our Board of Directors (the “Board”) to be divided into three classes. Arno and Gulko to hold office until the date of our 2022 Annual Meeting or until their respective successors have been duly elected and qualified or until in either case they earlier resign, become disqualified or disabled, or are otherwise removed. Each returned proxy cannot be voted for a greater number of persons than the nominees named on the proxy. In the unanticipated event that a nominee becomes unable or declines to serve at the time of the Annual Meeting, the proxies will be voted for a substitute person recommended by the Governance and Nominating Committee and approved by the Board. PROPOSAL 2:

“SAY-ON-PAY” PROPOSAL

ADVISORY VOTE TO APPROVE COMPENSATION OF NAMED EXECUTIVE OFFICERS

Section 14A of the Exchange Act requires that we provide our stockholders with the opportunity to vote to approve, on a non-binding and advisory basis, the compensation of our named executive officers as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission (the “SEC”). At our 2017 Annual Meeting of Stockholders, our Board of Directors recommended, and our stockholders voted on an advisory basis, to conduct this vote annually. Since the vote on this compensation program is advisory in nature, it will not affect any compensation already awarded to any named executive officer and will not be binding on or overrule any decisions made by the Compensation Committee or the Board with respect to compensation to be awarded in the future. The vote on this resolution is not intended to address any specific element of compensation. Rather, this vote relates to the compensation of our named executive officers as a whole, as described in this Proxy Statement.

The Compensation Committee annually reviews named executive officer compensation, as discussed in this Proxy Statement. As discussed in the narrative under the heading “Executive Compensation” beginning on page 18 of this Proxy Statement, our compensation program is designed to align executive pay with Company performance, and we seek to closely align the interests of our named executive officers with the interests of our stockholders.

The Compensation Committee and the Board will consider the results of this advisory vote when formulating future executive compensation policy. As such, your vote will serve as an additional tool to guide the Compensation Committee and the Board in continuing to align the Company’s executive compensation program with the interests of the Company and its stockholders. Your vote will also guide the Compensation Committee and the Board to ensure that our executive compensation program is consistent with our commitment to high standards of corporate governance.

We ask our stockholders to vote on the following resolution at the 2019 Annual Meeting:

"RESOLVED, that the Company’s stockholders approve on an advisory basis the compensation of the Company’s named executive officers, as disclosed in the Company’s proxy statement for the 2019 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation tables and narrative disclosure contained therein."

Vote Required for Approval and Recommendation of the Board of Directors

Approval of this resolution requires the affirmative vote of a majority of shares present in person or represented by proxy at the Annual Meeting. Abstentions will have the same effect as negative votes. Broker non-votes will not be counted for purposes of determining whether the resolution has been approved.

CORPORATE GOVERNANCE

Board of Directors and Committees of the Board

Our Board of Directors, elected by the stockholders, is the ultimate decision-making body of the Company, except with respect to those matters reserved to the stockholders. The Board acts as an advisor and counselor to executive management and oversees and monitors its performance.

Our Board of Directors held ten meetings during 2018. Each director attended either in person or via teleconference at least 75% of the aggregate of all Board and applicable committee meetings during fiscal 2018 for the period in which they served as director. Although we do not have a formal policy regarding attendance by members of the Board of Directors at our annual meeting of stockholders, directors are encouraged to attend our annual meetings. None of our current directors attended our annual meeting of stockholders in 2018.

Our Board of Directors has established four standing committees: an Audit Committee; a Compensation Committee; a Governance and Nominating Committee; and a Mergers and Acquisitions Committee. Each of these committees has adopted a written charter.

Audit Committee. Our Audit Committee is comprised of three members: Messrs. Campbell, Gulko and Szabo. The Board of Directors has determined that all of the members of the Audit Committee are independent within the meaning of the Nasdaq Stock Market listing standards as well as within the meaning of Rule 10A-3 of the Exchange Act, and that each Audit Committee member is able to read and understand fundamental financial statements. The Audit Committee reviews our financial statements and accounting practices, makes recommendations to the Board of Directors regarding the selection of our independent registered public accounting firm and reviews the results and scope of our annual audit and other services provided by our independent registered public accounting firm. The Audit Committee is responsible for establishing, and has established, procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, and for the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters. In addition, all related party transactions are reviewed and subject to approval by the Audit Committee. The Board of Directors has adopted and approved a written charter for the Audit Committee. A current copy of this charter is posted on our website at <http://www.smithmicro.com> under the Investor Relations section. Mr. Gulko is the Audit Committee Chairman and the Board has determined that he qualifies as a financial expert, as that term is described in SEC regulations. The Audit Committee held eight meetings during 2018.

Compensation Committee. The Compensation Committee is comprised of two members: Messrs. Campbell and Gulko. The Board of Directors has determined that all the members of the Compensation Committee are independent within the meaning of the Nasdaq Stock Market listing standards and applicable SEC regulations. The Compensation Committee administers our executive compensation programs and makes recommendations to the Board of Directors concerning officer and director compensation. The Compensation Committee also has the authority to administer our Plan, and to make awards under the Plan. The Board of Directors has adopted and approved a written charter for the Compensation Committee. A current copy of this charter is posted on our website at <http://www.smithmicro.com> under the Investor Relations section. The Compensation Committee held six meetings during 2018.

The Compensation Committee's primary objectives in structuring and administering our executive officer compensation program are to attract, motivate and retain talented and dedicated executive officers; tie annual and long-term cash and stock incentives to achievement of measurable corporate and individual performance objectives; and reinforce business strategies and objectives to enhance stockholder value. To achieve these goals, our Compensation Committee maintains compensation plans that tie a portion of executives' overall compensation to key strategic goals such as the Company's financial and operational performance, as measured by metrics such as total revenue and non-GAAP operating expense. Our Compensation Committee evaluates individual executive performance along with our CEO (other than with respect to his own performance) as part of the review process. Our Compensation Committee periodically reviews our executive officers' compensation to determine whether we provide adequate incentives and motivation to our executive officers and whether we adequately compensate our executive officers relative to comparable officers in other similarly situated companies. The Committee did not engage any compensation consultants during 2018. Management plays a significant role in the compensation-setting process for executive officers, other than the CEO, by evaluating employee performance, recommending business performance targets and establishing objectives, and recommending salary levels, bonuses and equity-based awards.

Governance and Nominating Committee. The Governance and Nominating Committee is comprised of two members: Messrs. Arno and Campbell. The Board of Directors has determined that all the members of the Governance and Nominating Committee are independent within the meaning of the Nasdaq Stock Market listing standards and applicable SEC regulations. The Governance and Nominating Committee receives proposed nominations to the Board of Directors, reviews the eligibility of each proposed nominee, and recommends for nomination by the Board of Directors, new members of the Board of Directors to be submitted to the stockholders for election at each annual meeting. The Board of Directors has adopted and approved a written charter for the Governance and Nominating Committee. A current copy of this charter is posted on our website at <http://www.smithmicro.com> under the Investor Relations section. The Governance and Nominating Committee held three meetings during 2018.

When considering a potential candidate for membership on our Board of Directors, our Governance and Nominating Committee considers relevant business and industry experience and demonstrated character and judgment. The Governance and Nominating Committee considers diversity in identifying candidates by generally seeking to achieve a diversity of occupational and personal backgrounds on the Board. However, the Governance and Nominating Committee has no formal policy regarding diversity. The Governance and Nominating Committee will consider stockholder nominations for directors submitted in accordance with the procedure set forth in Article II, Section 12 of our Bylaws. The procedure provides that a notice relating to the nomination must be timely given in writing to our Corporate Secretary prior to the meeting. Such notice shall set forth (a) as to each person whom the stockholder proposes to nominate for election or reelection as a director, (i) the name, age, business address and residence address of each such person, (ii) the principal occupation or employment of such person, (iii) the class and number of shares of Smith Micro Common Stock that are beneficially owned by such person and (iv) any other information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act (including, without limitation, such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); and (b) as to the stockholder giving the notice (i) the name and address of such stockholder as they appear on our books and (ii) the class and number of shares of Smith Micro common stock that are beneficially owned by such stockholder. There are no differences in the manner in which the Governance and Nominating Committee evaluates a candidate that is recommended for nomination for membership on our Board of Directors by a stockholder. However, the Governance and Nominating Committee has not received any recommended nominations from any of our stockholders in connection with the 2019 Annual Meeting.

Mergers and Acquisitions Committee. The Mergers and Acquisitions Committee (the "M&A Committee") is comprised of three members: Messrs. Arno, Elfman and Szabo. The Board of Directors has determined that all the members of the M&A Committee are independent within the meaning of the Nasdaq Stock Market listing standards. The M&A Committee evaluates and reviews potential acquisition targets, strategic investments and divestitures, and makes recommendations regarding the same to our Board of Directors. The M&A Committee is also charged with overseeing the due diligence process with respect to proposed acquisitions, strategic investments and divestitures. The Board of Directors has adopted and approved a written charter for the Mergers and Acquisitions Committee. A current copy of this charter is posted on our website at <http://www.smithmicro.com> under the Investor Relations section. The Board of Directors has adopted and approved a written charter for the M&A Committee. The M&A Committee held four meetings during 2018.

Board Member Independence

The Board of Directors has determined that, except for William W. Smith, Jr., all of the members of the Board of Directors are independent as defined in the Nasdaq Stock Market listing standards and applicable SEC regulations. Mr. Smith, who also serves as Chairman of the Board, is employed as the Company's Chief Executive Officer and President.

Executive Sessions

Independent directors meet in executive session without the presence of our CEO and Chairman or other members of management to review the criteria upon which the performance of the CEO and Chairman is based, to review the performance of the CEO and Chairman against those criteria, to ratify the compensation of the CEO and Chairman as approved by the Compensation Committee, and to discuss any other relevant matters.

Board Leadership Structure

The Board's current leadership structure is characterized by:

- a combined Chairman of the Board and Chief Executive Officer;
- a robust Committee structure with oversight of various types of risks; and
- an engaged and independent Board.

10

The Board believes that its current leadership structure provides independent board leadership and engagement while deriving the benefits from having our CEO also serve as Chairman of the Board. As the individual with primary responsibility for managing the Company's day-to-day operations and in-depth knowledge and understanding of the Company, he is best positioned to chair regular Board meetings as we discuss key business and strategic issues. This combined structure provides independent oversight while avoiding unnecessary confusion regarding the Board's oversight responsibilities and the day-to-day management of business operations. We do not have a lead independent director.

Risk Oversight

Our Board oversees an enterprise-wide approach to risk management, designed to support the achievement of our strategic and organizational objectives, improve long-term organizational performance and enhance stockholder value. A fundamental part of risk oversight is to understand the risks our Company faces and the steps management is taking to manage those risks and to assess management's overall appetite for risk. It is management's responsibility to manage risk and bring material risks facing our Company to the Board's attention. Our Board receives regular reports from management on matters relating to strategic and operational initiatives, financial performance and legal developments which are each integrated with enterprise-risk exposures. Our Board also approves our CEO's performance goals for each year. In doing so, the Board has an opportunity to ensure that the CEO's goals include responsibility for broad risk management. The involvement of the full Board in setting our strategic plan is a key part of its assessment of the risks inherent in our corporate strategy.

The Committees of the Board are also involved in evaluating and overseeing the management of risks particular to their respective areas of oversight. For example, the Audit Committee focuses on financial risk and internal controls, and receives an annual risk assessment report from our external auditors. The Compensation Committee evaluates and sets compensation programs that encourage decision-making predicated upon a level of risk-taking consistent with our business strategy. The Compensation Committee also reviews compensation and benefit plans and the risks associated with them. The Governance and Nominating Committee oversees governance and succession risk, including Board and CEO succession and evaluates director skills and qualifications to appoint particular directors to our standing committees based upon the needs of that committee. Each Committee reports its activities to the full Board of Directors to ensure that the Board is regularly informed about these risks.

We have adopted a Code of Ethics that applies to all of our employees, executive officers and directors. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on our website into this proxy statement or our Annual Report on Form 10-K.

Since January 1, 2017, we have been party to certain transactions in which the amount involved exceeded the lesser of (i) one percent of the average of our total assets at year end for our last two completed fiscal years; or (ii) \$120,000, and in which any director, executive officer or beneficial holder of more than 5% of any class of our voting securities or members of such person's immediate family had or will have a direct or indirect material interest. EXECUTIVE COMPENSATION

The Summary Compensation Table below summarizes the compensation of the executive officers named therein (our "named executive officers" or "NEOs") during 2018 and 2017. Our NEOs for 2018 were as follows:

- William W. Smith, Jr., President and Chief Executive Officer
- Timothy C. Huffmyer, Vice President, Chief Financial Officer, Treasurer and Secretary
- Gail Redmond, Senior Vice President, Sales Worldwide
- David P. Sperling, Vice President, Chief Technology Officer

The principal elements of our executive compensation program are base salary, cash incentive compensation, long-term equity incentives in the form of restricted stock, and other benefits and perquisites, including certain

reimbursements and matching contributions under our 401(k) savings plan. We view these components of compensation as related but distinct. Although our Compensation Committee does review total compensation, we do not believe that significant compensation derived from one component of compensation should negate or offset compensation from other components. Our executive compensation program is designed to attract, motivate, and retain talented and dedicated executive officers, who are critical to our success. Under this program, a significant portion of our executive officers' overall compensation is tied to the achievement of key strategic financial and operational goals, as measured by metrics such as revenue and adjusted profitability. The following highlights our approach to executive compensation:

Competitive Positioning: We seek to establish the overall compensation of our executive officers at levels that we believe are roughly comparable with the average levels of compensation of executives at other fast-growing technology companies of similar size.

Significant Portion of Executive Officer Compensation Tied to Performance: Our executive compensation program has four primary components: base salary; cash incentive compensation; equity compensation in the form of restricted stock awards; and other benefits and perquisites. Among these components, both cash incentive compensation and equity compensation are tied in whole or in part to the satisfaction of performance criteria. Performance-based incentive compensation constitutes a significant portion of potential compensation for our executive officers.

Limited other Compensation: Consistent with our “pay-for-performance” philosophy, we restrict all other forms of compensation to our executive officers to levels that are consistent with competitive market practices.

Base Salary Compensation

We provide our named executive officers and other executives with base salaries that we believe enable us to hire and retain highly qualified individuals in a competitive environment and to reward individual performance and contributions to our overall business goals, while taking into account the unique circumstances of our company. We review base salaries for our named executive officers annually and increases or decreases, are generally based on Company and individual performance. We also take into account the base compensation paid by companies that we believe to be our competitors and by other public companies with which we believe we generally compete for executives.

Performance-based Cash Bonus Awards

As part of our compensation program and in order to maintain appropriate financial incentives, the Company maintains an annual cash bonus plan in which our named executive officers participate, with the exception of Ms. Redmond who instead participates in a sales compensation plan as detailed below. Pursuant to the cash bonus plan, our participating NEOs and other executives are eligible for cash bonus compensation. Under the plan, cash bonuses are determined and paid each fiscal year on a quarterly basis based upon the achievement of certain performance objectives. Our cash bonus plan is designed to focus our management on achieving key corporate financial objectives, motivate certain desirable behaviors and reward achievement of our key corporate financial objectives and individual goals. Under the terms of the cash bonus plan, the Compensation Committee establishes performance objectives and annual target cash bonus amounts for each named executive officer participating in the plan. In determining the appropriate level of annual target cash bonus for each officer the Compensation Committee considers information provided through independent, third-party surveys and other information collected from public sources for similar positions at peer companies, relative base salary and bonus amounts for each individual and the recommendations of our Chief Executive Officer.

Since the Company has had a turnaround focus for the past several years, the Company has maintained performance-based cash bonus awards to incentivize short-term tactical behavior related to reaching revenue and cost targets on a quarterly basis due to the recent volatility of the business.

Our bonus plan contains performance objectives with a dollar value ascribed to each objective, so that the sum total equals the approved annual target cash bonus for each named executive officer. In each of 2017 and 2018 the objectives for NEOs participating in the plan were related to (1) revenue achievement and (2) operating expense management, which were evenly weighted in terms of target cash bonuses. For each objective, the Compensation Committee applied the percentage by which the objective was achieved (which could exceed 100% in the case of quantitative performance objectives) to the dollar value ascribed to each objective. The dollar values for each objective were then combined to determine the actual cash bonuses paid to each such NEO.

Achievement of the quantitative performance objectives was determined on a quarterly basis based on our financial results for the preceding quarter. As a result, the cash paid in a given fiscal year is the result of the overlap of the

attainment achieved for the fourth quarter of the previous year and the first three quarters of the current year. The total of these payments is equal to the amount of non-equity plan compensation reflected in the Summary Compensation Table. Performance objectives are set by the Compensation Committee by quarter for each fiscal year.

The table below outlines the quantitative performance objectives that were established for each named executive officer participating in the plan and the actual results that correspond with their performance cash bonus payouts during 2018:

(in thousands)	Q4 2017	Q1 2018	Q2 2018	Q3 2018
Revenue – target	\$10,874	\$5,376	\$ 6,363	\$ 7,236
Revenue – actual	\$5,733	\$5,463	\$ 6,945	\$ 7,352
Operating Expenses* - target	\$6,374	\$5,824	\$ 5,249	\$ 3,879
Operating Expenses* - actual	\$5,704	\$6,022	\$ 5,476	\$ 5,379

*excluding stock-based compensation, amortization of intangible assets, impairment of long-lived assets, and other non-recurring charges and before the reclassification of engineering expenses to cost of goods sold

We believe that the performance objectives for our named executive officers participating in the plan were sufficiently challenging to achieve and that performance at a high level, while devoting full time and attention to their responsibilities, is required for our participating named executive officers to earn their respective cash bonuses.

Sales Compensation Plan

As the executive leader of our worldwide sales organization, Ms. Redmond participated in a sales compensation plan during 2018 pursuant to which she was eligible to earn cash compensation for achievement of specified revenue targets. A target commission amount was established for each quarter. The amount of commission actually earned was determined and paid on a quarterly basis following the end of each quarter, and was based on the percentage of target revenue actually achieved. As a result of the timing of calculation and payment of commission amounts earned, the cash actually paid under the sales compensation plan during 2018 is the amount achieved for the fourth quarter of 2017 and the first three quarters of 2018. The total of these payments is equal to the amount of non-equity plan compensation reflected for Ms. Redmond in the Summary Compensation Table.

The table below outlines the revenue objectives that were established under the sales compensation plan for Ms. Redmond and the actual results that correspond with her sales compensation plan payouts during 2018:

(in thousands)	Q4 2017	Q1 2018	Q2 2018	Q3 2018
Revenue* – target	\$10,779	\$5,223	\$ 6,308	\$ 6,532
Revenue* – actual	\$5,718	\$5,458	\$ 6,814	\$ 6,302

*excluding revenue items not within sales executive responsibility

We believe that the revenue and associated commission targets under the sales compensation plan were sufficiently challenging to achieve and that performance at a high level, while devoting full time and attention to her responsibilities, is required for our participating NEO to earn the commission amounts under the plan.

Equity Compensation

We believe that for growth companies in the software technology sector, such as Smith Micro, equity awards are a significant compensation-related motivator in attracting and retaining executive-level employees. Accordingly, we have provided our named executive officers and other executives with long-term equity incentive awards that incentivize those individuals to stay with us for long periods of time, which in turn should provide us with greater stability over such periods than we would experience without such awards. We provided grants of restricted stock to each of our executive officers in 2018. No other restricted stock or other equity awards were granted to our named executive officers during 2018.

Our 2018 restricted stock grants vest over a period of four years from the grant date. Half of each total grant vests on a monthly basis and will be earned based on continuous service by the executive over the vesting period. The remaining half is subject to a performance-based hurdle required for each executive. One quarter of each total grant will be earned if the Company achieves a specific annual revenue target, and an additional one quarter of each total grant will be earned if the Company achieves a specific annual operating expense target (determined on a non-GAAP basis, excluding stock-based compensation, the amortization of intangible assets and before reclassification of engineering COGS), with a proportionate adjustment to the total performance portion of the grant if the targets are not fully met. Shares earned under the performance conditions cannot exceed the total number of performance shares, even if the sum of the revenue attainment and the expense attainment exceed 100%. Once performance against these hurdles is determined, the “earned” shares will vest 25% on the determination (earnings) date and then ratably over the next thirty-six months, based on continuous service by the executive.

Executive Benefits and Perquisites

We provide the opportunity for our named executive officers and other executives to receive certain perquisites and general health and welfare benefits. We also offer participation in our defined contribution 401(k) plan to our named executive officers. We provide a 20% match on all eligible employee contributions to our 401(k) plan. We provide these benefits to create additional incentives for our executives and to remain competitive in the general marketplace for executive talent.

(1) The amounts shown in this column represent the aggregate grant date fair value of Restricted Shares granted in 2017 and 2018 computed in accordance with FASB ASC Topic 718. Generally, the aggregate grant date fair value is the amount that the company expects to expense in its financial statements over the award's vesting schedule. These amounts reflect the Company's accounting expense and do not correspond to the actual value that will be realized by the named executive officers. For Restricted Shares, the fair value is calculated using the closing price of our stock on the date of grant. The assumptions we used with respect to the valuation of stock grants are set forth in Note 10 to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018.

(2) The amounts in this column reflect the cash awards paid pursuant to our bonus plan in 2018 and 2017.

Employment Agreements

Agreement with William W. Smith, Jr.

In June 2005, we agreed to make to William W. Smith, Jr., our Chairman of the Board, President and Chief Executive Officer, a lifetime payment of \$6,000 annually, subject to annual increases of 5%, to commence at the time of his future retirement or resignation from employment. The agreement provides that we may, at our option, discharge our obligations under the agreement by purchasing a single premium annuity for the benefit of Mr. Smith. We estimate that it would cost approximately \$70,000 to purchase such an annuity.

Other than as disclosed above, none of the named executive officers has an employment agreement with us, and the employment of each of the named executive officers may be terminated at any time at the discretion of the Board of Directors.

Potential Payments Upon Termination or Change in Control

The terms of the restricted stock award agreements associated with restricted stock granted under our Plan provide that the shares of restricted stock granted thereunder automatically become fully vested, no longer subject to restrictions and freely transferable upon a “Change of Control” as such term is defined in our Plan. We provide this benefit in order to properly incentivize our executives to support a Change of Control that would be deemed beneficial to our shareholders.

Director Compensation

The following table sets forth compensation that our directors (other than Mr. Smith, who is a named executive officer) earned during 2018 for services as members of our Board of Directors.

(1) The amounts shown represent the grant date fair value computed in accordance with FASB ASC Topic 718. The assumptions we used with respect to the valuation of stock and option grants are set forth in Note 10 to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018.

Summary of Director Compensation

Non-employee members of the Board of Directors receive quarterly fees for Board and committee service, and are reimbursed for their out-of-pocket expenses in connection with service on the Board of Directors. During 2018, the quarterly fee paid to our non-employee directors was \$2,500. In March 2019, the Compensation Committee of the Board approved an increase in the quarterly fee payable to directors to \$3,750. Non-employee members of the Board of Directors are eligible to receive discretionary awards under our Plan. ANNUAL REPORT

Our Annual Report on Form 10-K for the 2018 fiscal year, filed with the Securities and Exchange Commission on March 27, 2019, is being mailed along with this Proxy Statement to all stockholders entitled to notice of and to vote at the Annual Meeting. The Annual Report is not incorporated into this Proxy Statement and is not considered proxy solicitation material. Stockholders may also obtain a copy of the Annual Report, including the financial statements and financial statement schedules, without charge, by writing to Investor Relations at our principal executive offices located at 5800 Corporate Drive, 5th Floor, Pittsburgh, PA 15237. We will furnish upon request any exhibits to the Form 10-K upon the payment by the requesting stockholder of our reasonable expenses in furnishing such exhibits. Our Annual Report on Form 10-K, as well as certain other reports, proxy statements and other information regarding Smith Micro, are also available on our website at <http://www.smithmicro.com> or the Securities and Exchange Commission's public website at <http://www.sec.gov>.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as “householding,” is intended to provide extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Company stockholders will be “householding” our proxy materials. For stockholders requesting paper copies of the proxy statement, a single annual report and proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate proxy statement and annual report, you may (1) if you are not a stockholder of record, notify your broker, or (2) if you are a stockholder of record, direct your written request to Investor Relations, Smith Micro Software, Inc., 5800 Corporate Drive, 5th Floor, Pittsburgh, PA 15237 or your oral request to the Smith Micro at (412) 837-5300. If you currently receive multiple copies of the proxy statement at your address and would like to request “householding” of these communications, please contact your broker if you are not a stockholder of record; or contact our Investor Relations department if you are a stockholder of record, using the contact information provided above.

OTHER MATTERS

We know of no other matters to be brought before the Annual Meeting. If any other matter is properly presented for consideration at the Annual Meeting, it is intended that the proxies will be voted by the persons named therein in accordance with their judgment on such matters. Discretionary authority with respect to such other matters is granted by a stockholder's submission of their proxy.

All stockholders are urged to vote by following the instructions on the Notice or, if printed proxy materials were received, by following the instructions provided with printed proxy materials.
